ITEM 8.01 OTHER EVENTS

On January 7, 2008, the Partnership acquired all the outstanding equity of FrontStreet Hugoton, LLC ("FrontStreet Acquisition") from ASC Hugoton LLC and FrontStreet EnergyOne LLC for the issuance of 4,701,034 Class E common units of the Partnership to ASC and the cash payment of \$11,752,000 to EnergyOne, inclusive of a payment to terminate a management services agreement. The Partnership financed the cash portion of the purchase price out of its revolving credit facility. The Class E common units have the same terms and conditions as the Partnership's common units, except that the Class E common units were not entitled to participate in earnings or distributions of operating surplus by the Partnership. The Class E common units converted into common units on a one-for-one basis on April 24, 2008.

FrontStreet owns a gas gathering system located in Kansas and Oklahoma, which is operated by a third party.

Because the FrontStreet acquisition is a transaction between commonly controlled entities (i.e., the buyer and the sellers were each affiliates of GECC), the Partnership accounted for the acquisition in a manner similar to the pooling of interest method. Under this method of accounting, the Partnership will reflect historical balance sheet data for both the Partnership and FrontStreet instead of reflecting the fair market value of FrontStreet's assets and liabilities. Further, certain transaction costs that would normally be capitalized were expensed.

The Partnership has recast its financial statements to include the operations of FrontStreet from June 18, 2007 (the date upon which common control began) forward in this current report on Form 8-K. The Partnership's financial and operational data for periods ending prior to January 1, 2007 are not different from the information previously disclosed in the Partnership's December 31, 2007 Form 10-K.
