To Our Stockholders:

You are cordially invited to join us at our 2015 Annual Meeting of Stockholders to be held at the Hyatt Morristown at Headquarters Plaza, 3 Speedwell Avenue, Morristown, New Jersey 07960, on June 18, 2015 at 10:00 a.m., local time. For directions to attend the meeting and vote in person, please visit our proxy website at <https://www.iproxydirect.com/PTX>.

The attached Notice of Annual Meeting and Proxy Statement describe the matters proposed by your Board of Directors to be considered and voted upon by our stockholders at the 2015 Annual Meeting.

Once again, we are taking advantage of the Securities and Exchange Commission's Notice and Access proxy rule, which allows companies to furnish proxy materials via the Internet as an alternative to the traditional approach of mailing a printed set to each stockholder. We believe this approach provides you, as our stockholders, the proxy materials you need while reducing printing and postage costs associated with delivery and reducing the environmental impact of our Annual Meeting. In accordance with these rules, we have sent a Notice of Internet Availability of Proxy Materials to those stockholders who have not previously elected to receive a printed set of proxy materials. The Notice contains instructions on how to access our Proxy Statement and Annual Report to Stockholders, as well as how to vote online, by telephone, or in person at the 2015 Annual Meeting.

Your vote is important. Whether you own relatively few or a large number of shares of our stock, it is important that your shares be represented and voted at the Annual Meeting. Please vote your shares online or by telephone or, if you received a printed set of proxy materials by mail, by returning the accompanying proxy card. Further instructions on how to vote your shares can be found in our Proxy Statement.

Thank you for your support of our company.

Sincerely,

Douglas Drysdale
Chairman of the Board and
Chief Executive Officer

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

The 2015 Annual Meeting of the Stockholders of Pernix Therapeutics Holdings, Inc., a Maryland corporation (the “Company”), will be held at the Hyatt Morristown at Headquarters Plaza, 3 Speedwell Avenue, Morristown, New Jersey 07960, on June 18, 2015 at 10:00 a.m., local time, to vote upon the following matters:

to elect four directors for a term of one year;

to approve an amendment to the Company’s Charter increasing the number of authorized shares of capital stock of the Company;

to approve the Company’s 2015 Omnibus Incentive Plan;

to approve, on an advisory basis, our executive compensation as disclosed in the attached proxy statement (“say-on-pay”);

to ratify the selection of Cherry Bekaert L.L.P. as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2015; and

to transact such other business as may properly come before the meeting or any postponement or adjournment thereof.

Only stockholders of record at the close of business on April 20, 2015 are entitled to notice of, and to vote at, the 2015 Annual Meeting.

Once again, instead of mailing a printed copy of our proxy materials (including our annual report) to each stockholder of record, we have decided to provide access to these materials via the Internet. This delivery method reduces the amount of paper necessary to produce these materials, as well as the costs associated with printing and mailing these materials to all stockholders. Accordingly, on May 1, 2015, we began mailing a Notice of Internet Availability of Proxy Materials (the “Notice”) to all stockholders of record as of April 20, 2015 and posted our proxy materials on our website as described in the Notice. As explained in greater detail in the Notice, all stockholders may access our proxy materials on our website or may request a printed set of our proxy materials. In addition, the Notice and website provide information on how to request to receive all future proxy materials in printed form or electronically.

Your vote is important. If you are unable to attend in person and wish to have your shares voted, please vote as soon as possible, whether online, by telephone, or by returning a proxy card sent to you in response to your request for printed proxy materials.

By Order of the Board of Directors

Douglas Drysdale
Chairman of the Board and
Chief Executive Officer

PROXY STATEMENT
QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS,
THE ANNUAL MEETING AND VOTING

Q: Why am I receiving these proxy materials?

A: You are receiving these proxy materials because you owned shares of common stock of our company, Pernix Therapeutics Holdings, Inc. (the “Company”), at the close of business on April 20, 2015, and, therefore, are eligible to vote at the Company’s 2015 annual meeting of stockholders (the “Annual Meeting”). Our board of directors (the “Board”) is soliciting your proxy to vote at the Annual Meeting.

Q: Why did I receive the one-page Notice of Internet Availability of Proxy Materials?

A: Since we are providing proxy materials to you primarily online, instead of mailing printed copies to each owner of our common stock, you received a one-page Notice of Internet Availability of Proxy (the “Notice”). The Notice was mailed to stockholders beginning May , 2015 and it directs you to a website where you can view our proxy materials, including this proxy statement and our annual report. If you would like to obtain a paper copy of the proxy materials, including our annual report, please follow the instructions on the Notice.

Q: On what matters will I be voting?

A: At the Annual Meeting, our stockholders will be asked (1) to elect four directors to each serve a one-year term; (2) to approve an amendment to our Charter to increase the number of authorized shares; (3) to approve the Company’s 2015 Omnibus Incentive Plan; (4) to approve, on an advisory basis, our executive compensation as disclosed in this proxy statement (the “say-on-pay” vote); and (5) to ratify the appointment of Cherry Bekaert L.L.P., an independent registered public accounting firm, as our independent auditor for the fiscal year ending December 31, 2015.

Q: Could other matters be considered and voted upon at the Annual Meeting?

A: Our Board does not expect to bring any other matter before the Annual Meeting and is not aware of any other matter that may be considered at the Annual Meeting. In addition, pursuant to our bylaws, the time has elapsed for any stockholder to properly bring a matter before the Annual Meeting. However, if any other matter does properly come before the Annual Meeting, the proxy holders will vote the proxies as the Board may recommend.

Q: Where and when will the Annual Meeting be held?

A: The Annual Meeting will be held at the Hyatt Morristown at Headquarters Plaza, 3 Speedwell Avenue, Morristown, New Jersey 07960, on June 18, 2015 at 10:00 a.m., local time.

Q: How can I obtain directions to the Annual Meeting?

A: For directions to the location of our Annual Meeting, please visit our proxy website at <https://www.iproxydirect.com/PTX>.

Q: Who is soliciting my proxy?

A: Our Board is soliciting your proxy to vote at the Annual Meeting. By completing and returning a proxy card, you are authorizing the proxy holder to vote your shares at the Annual Meeting as you have instructed.

Q: How many votes may I cast?

A: Each holder of common stock is entitled to one vote, in person or by proxy, for each share of our common stock held of record on the record date.

Q: How many votes can be cast by all stockholders?

A: Our common stock is the only class of security outstanding and entitled to vote at the Annual Meeting. As of the record date, we had 38,872,473 shares of common stock outstanding, each of which is entitled to one vote.

Q: How many shares must be present to hold the Annual Meeting?

A: Our bylaws provide that 50% of the total number of shares of common stock outstanding constitutes a quorum and must be present in person or by proxy to conduct a meeting of our stockholders.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: If your shares are registered directly in your name with our transfer agent, Computershare, you are considered, with respect to those shares, the “stockholder of record.” The Notice has been directly sent to you by us.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the “beneficial owner” of shares held in “street name.” The Notice has been forwarded to you by your broker, bank, or nominee who is considered, with respect to those shares, the stockholder of record. If you are a beneficial owner, you have the right to direct your broker, bank, or nominee how to vote your shares by following the instructions that they have included with these proxy materials.

Q: How do I vote?

A: You may vote using any of the following methods:

In person at the Annual Meeting: You may vote in person at the Annual Meeting, either by attending the Annual Meeting yourself or authorizing a representative to attend the Annual Meeting on your behalf. You may also execute a proper proxy designating that person. If you are a beneficial owner of shares held in street name, you must obtain a proxy from your broker, bank, or nominee naming you as the proxy holder and present it to the inspectors of election with your ballot when you vote at the Annual Meeting.

Other ways to vote: You may also vote online or by telephone as instructed on the Notice, or by returning a proxy card or voting instruction form sent to you in response to your request for printed proxy materials.

Q: Once I deliver my proxy, can I revoke or change my vote?

A: Yes. You may revoke or change your proxy at any time before it is voted by giving a written revocation notice to our corporate secretary, by delivering timely a proxy with a later date, or by voting in person at the Annual Meeting.

Q: Can my shares be voted if I do not return the proxy card and do not attend the Annual Meeting in person?

A:

If you are a stockholder of record and do not vote the shares held in your name, your shares will not be voted. However, the Company may vote your shares if you have returned a blank or incomplete proxy card (see “What happens if I return a proxy card without instructions?” below regarding record holders).

If you are the beneficial owner of shares held in street name and you do not provide voting instructions to your broker, bank, or nominee, your shares will not be voted on any proposal for which your broker does not have discretionary authority to vote (a “broker non-vote”). Brokers generally have discretionary authority to vote shares held in street name on “routine” matters but not on “non-routine” matters. The proposal to ratify the appointment of the independent auditor is generally considered a “routine” matter, while each of the proposal to elect directors, the vote to approve an amendment to the Company’s Charter, the proposal to approve the 2015 Omnibus Incentive Plan, and the say-on-pay vote, is a “non-routine” matter.

Q: What happens if I submit a proxy without voting instructions?

A: Record holders : If you are a stockholder of record and return a proxy card without voting instructions, your shares will be voted (1) FOR each of the four director nominees, (2) FOR approval of an amendment to our Charter; (3) FOR approval of the 2015 Omnibus Incentive Plan, (4) FOR approval of our executive compensation as disclosed in this proxy statement, and (5) FOR the ratification of the appointment of Cherry Bekaert L.L.P. as our independent auditor for the fiscal year ending December 31, 2015.

Street holders : If you are a beneficial owner of shares and do not give voting instructions to your broker, bank, or nominee, they will only be entitled to vote your shares with respect to “routine” items, such as the proposal to ratify the appointment of the independent auditor.

Q: What are my voting options for each proposal? How does the Board of Directors recommend that I vote? How many votes are required to approve each proposal? How are votes counted?

A: The following chart explains what your voting options are with regard to each matter proposed in this proxy statement, how our Board recommends that you vote, and what vote is required for that proposal to be approved:

Proposal	Your Voting Options	Recommendation of the Board of Directors	Vote Required for Approval
Election of Directors	You may vote “FOR” all nominees, “AGAINST” all nominees, or “FOR” all but one or more nominees.	The Board recommends you vote “FOR” all four nominees.	plurality of the votes cast
Approval of Charter Amendment	You may vote “FOR” or “AGAINST” this proposal or you may “ABSTAIN” from voting.	The Board recommends that you vote “FOR” the approval of the Charter Amendment	affirmative vote of two-thirds (66-2/3%) of the votes cast
Approval of 2015 Omnibus Incentive Plan	You may vote “FOR” or “AGAINST” this proposal or you may “ABSTAIN” from voting.	The Board recommends that you vote “FOR” the approval of the 2015 Omnibus Incentive Plan	affirmative vote of a majority of the votes cast
Say-on-Pay (advisory)	You may vote “FOR” or “AGAINST” this proposal or you may “ABSTAIN” from voting.	The Board recommends that you vote “FOR” the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement.	affirmative vote of a majority of the votes cast
Ratification of Selection of Auditors for 2015	You may vote “FOR” or “AGAINST” this proposal or you may “ABSTAIN” from voting.	The Board recommends that you vote “FOR” ratification of our selection of Cherry Bekaert L.L.P. as our independent registered public accounting firm for	affirmative vote of a majority of the votes cast

2015.

Any Other Matters . Any other matters coming before the Annual Meeting will be decided by the affirmative vote of a majority of the votes cast, except as otherwise provided by statute, regulation, or our articles of incorporation or bylaws.

Q: What effect do abstentions and broker non-votes have on each proposal?

A: Because director elections will be decided by plurality vote, abstentions and broker non-votes have no effect on either of those proposals.

Abstentions and broker-non votes are not considered “votes cast.” Therefore, with regard to the approval of the amendment to the Charter, the 2015 Omnibus Incentive Plan, the say-on-pay vote and the ratification of auditors, abstentions and broker non-votes will reduce the number (but not the percentage) of affirmative votes needed to pass the proposal.

Q: Who pays for soliciting proxies?

A: We are paying for all costs of soliciting proxies. Our directors, officers, and employees may request the return of proxies by mail, telephone, Internet, telefax, telegram, or personal interview. We are also requesting that banks, brokerage houses, and other nominees or fiduciaries forward the soliciting material to their principals and that they obtain authorization for the execution of proxies. We will reimburse them for their expenses.

Q: What happens if the Annual Meeting is postponed or adjourned?

A: Your proxy will still be good and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy at any time until it is voted.

Q: How can stockholders present proposals for inclusion in our proxy materials relating to our 2016 annual meeting?

A: Any stockholder who wishes to present a proposal for inclusion in our proxy materials relating to our 2016 annual meeting must give us notice in advance of the meeting in accordance with Rule 14a-8(e) as promulgated by the Securities and Exchange Commission (the "SEC") under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). This rule requires that notice must be received by our corporate secretary at our principal executive offices no later than January 8, 2016, although this date will change if the date of our 2016 annual meeting is 30 calendar days earlier or later than June 18, 2016. Our principal executive offices are located at 10 North Park Place, Suite 201, Morristown, New Jersey 07960.

All stockholder proposals and recommendations for nomination for director must comply with Article III of our bylaws in order to be eligible for consideration at a stockholders' meeting. Any individual recommended by a stockholder as a candidate for director must satisfy the director qualification requirements contained in Article IV of our bylaws in order to serve as a member of our Board.

Stockholders should refer to the bylaws for a complete description of the requirements. Our bylaws are filed with the SEC and also may be obtained as described under "Corporate Governance – Availability of Corporate Governance Documents."

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, as amended, requires our directors and officers, and persons who own more than ten percent of our common stock, to file initial reports of ownership and changes in ownership with the SEC. Directors and officers and stockholders owning more than ten percent of our common stock are required by the SEC to furnish us with copies of all reports filed pursuant to Section 16(a).

Based on our review of Section 16(a) reports filed by or on behalf of our directors, officers, and stockholders owning greater than ten percent of our common stock, or written representations that no filings were required, we believe that all such required reports were filed on a timely basis during fiscal year 2014, except for the following Forms 4 which were filed late: Form 4 of James Smith filed on March 25, 2014 reporting the sale of shares on March 3, 2014; Form 4 of Tracy Clifford filed on July 3, 2014 reporting the exercise of stock options and the sale of shares of common stock on June 30, 2014; Form 4 of Rick Shalaby filed on November 20, 2014 for receipt of stock options on November 6, 2014.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of our common stock as of March 31, 2015, by:

our named executive officers;

each of our directors/director nominees;

all of our current directors and executive officers as a group; and

each stockholder known by us to own beneficially more than five percent of our common stock.

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. Shares of common stock that may be acquired by an individual or group within 60 days of March 31, 2015, pursuant to derivative securities, such as options, warrants or restricted stock units, are deemed to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Percentage of ownership is based on an aggregate of 38,872,473 shares of common stock outstanding as of March 31, 2015.

Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them, based on information provided to us by such stockholders. Unless otherwise indicated, the address for each director and executive officer is: c/o Pernix Therapeutics Holdings, Inc., 10 North Park Place, Suite 201, Morristown, NJ 07960.

ELECTION OF DIRECTORS
(PROPOSAL 1)

General

Our bylaws provide that the number of directors shall be fixed from time to time by resolution of our Board, and by resolution the Board has set the number of directors at four. The current term of office of all four of our directors expires at our Annual Meeting. At the recommendation of our Nominating Committee, our Board has re-nominated each of our current directors to serve a new term of office expiring at our 2016 annual meeting of stockholders or until his successor is duly elected and qualified.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for each of the nominees named below. Each director nominee has indicated that he is willing and able to serve if elected. In the event that any nominee is unable or declines to serve as a director at the time of our meeting, the proxies will be voted for any nominee designated by our current Board to fill the vacancy. Under our bylaws, directors are elected by plurality vote.

Director Nominees

The following table sets forth certain information regarding our nominees for election as directors, including whether each has been determined by our Board to be “independent” as defined by the listing standards of The NASDAQ Stock Market, LLC (“NASDAQ”), his age, and how long he has served as a director of our Company.

Name & Age	Director Since	Independent
Douglas Drysdale, 45	2014	No
Steven A. Elms, 51	2011	Yes
Tasos G. Konidaris, 49	2014	Yes
John A. Sedor, 70	2014	Yes

Biographic information for each director nominee is detailed below under “Biographies of Director Nominees.” Each director nominee’s biography contains information regarding that person’s service as a director, business experience, other directorships held currently or at any time during the last five years, and the experiences, qualifications, attributes, or skills that led the Nominating Committee and our Board to determine that the person should serve as a director for our Company.

Director Nominations and Considerations

The Nominating Committee has established the following minimum qualifications that any prospective director nominee must satisfy before the Committee will recommend his or her nomination to our Board:

Director nominees should have a reputation for integrity, honesty and adherence to high ethical standards.

Director nominees should have experience and the ability to exercise sound judgment in matters that relate to the current and long-term objectives of our Company and should be willing and able to contribute positively to the decision-making process of our Company.

Director nominees should have a commitment to understand our Company and its industry and to regularly attend and participate in meetings of our Board and its committees.

Director nominees should have the interest and ability to understand and consider the sometimes conflicting interests of the various constituencies of our Company, which include stockholders, employees, customers, governmental units, creditors and the general public, while remaining focused on acting in the interests of our stockholders.

Director nominees should not have, nor appear to have, a conflict of interest that would impair the director nominee's ability to represent the interests of our stockholders and to fulfill the responsibilities of a director.

In addition to these minimum qualifications, the Nominating Committee will only recommend a director nominee to our Board if, following the election or appointment of that nominee:

A majority of the Board of Directors will be independent under NASDAQ listing rules.

Each of the Audit, Compensation and Nominating Committees of the Board of Directors will be comprised entirely of independent directors.

At least one member of the Audit Committee will have the experience, education, and other qualifications necessary to qualify as an “audit committee financial expert” as defined by the rules of the SEC.

Please see “The Board of Directors and Board Committees – Director Independence and Board Leadership Structure” for more information regarding the determination of director independence.

Consideration of Candidates Recommended by Stockholders

Our Board is open to suggestions from our stockholders on candidates for election to the Board. All nominations of candidates for election as directors must comply with Article III of our bylaws, which are on file with the SEC and available as described under “Corporate Governance – Availability of Corporate Governance Documents.” To serve as a member of our Board, nominees must satisfy the director qualification requirements detailed in Article IV of our bylaws as well as any established by the Nominating Committee (current qualifications are detailed above under “Director Nominations and Considerations”). The Nominating Committee’s policy is to consider director candidates recommended by stockholders on the same basis and in the same manner as it considers all other director candidates.

A stockholder may nominate a candidate for election as a director by sending the information relating to such person that is required to be disclosed in solicitation of proxies for the election of directors that is required by Regulation 14A promulgated under the Exchange Act, including such person’s written consent to being named in the proxy statement as a nominee and to serving as a director.

The information should be sent to the committee addressed as follows: Corporate Secretary, Pernix Therapeutics Holdings, Inc., 10 North Park Place, Suite 201, Morristown, New Jersey 07960. In accordance with our bylaws, the nomination must be delivered, by personal delivery or first class mail, to this address (our principal executive offices), and must be received no earlier than 120 days prior and no later than 90 days prior to the anniversary date of the previous year’s annual meeting.

Biographies of Director Nominees

In choosing our directors, we have sought persons with the highest personal and professional ethics, integrity, and values, who can commit themselves to representing the long-term interests of our stockholders. Our directors must also have an inquisitive and objective perspective, practical wisdom, and mature judgment. In addition to these attributes, each of our directors has a strong and unique background and experience that led us to conclude that he should serve as a director of our Company. These qualifications are set forth below in each director’s biography. Additionally, in determining the composition of our Board, we consider the director independence and committee requirements of NASDAQ listing rules and all legal requirements.

Required Vote:

Our directors are elected by a plurality of the votes cast by stockholders entitled to vote at the Annual Meeting.

Board Recommendation:

The Board of Directors believes that the election of each of the four nominees listed above is in the best interests of Pernix and the best interests of our stockholders and therefore recommends a vote FOR each of the four nominees listed above.

CORPORATE GOVERNANCE

Our Board and management have adopted corporate governance practices designed to aid in the fulfillment of their respective duties and responsibilities to our stockholders. Together, our articles of incorporation, bylaws, code of business conduct and ethics, and Board committee charters form the framework for the governance of our Company. Copies of these documents are available as described below under “—Availability of Corporate Governance Documents.”

Code of Business Conduct and Ethics

We have a written Code of Conduct and Ethics that applies to the directors, officers, and employees of, and consultants and contractors to, the Company and its subsidiaries, including the Company’s Chief Executive Officer and Chief Financial Officer. The Code of Business Conduct and Ethics is a set of policies on key integrity issues that will encourage representatives of the Company to act ethically and legally. It includes the Company’s policies with respect to conflicts of interest, compliance with laws, insider trading, corporate opportunities, competition and fair dealing, discrimination and harassment, health and safety, record-keeping, confidentiality, protection and proper use of Company assets, payments to government personnel and reports to and communications with the SEC and the public. Any waivers of the Code of Ethics for directors or executive officers must be approved by our Board and disclosed in a Form 8-K filed with the SEC within four days of the waiver.

Availability of Corporate Governance Documents

You may access our articles of incorporation, our bylaws, our Code of Business Conduct and Ethics, all committee charters, and other corporate governance documents under the “About Pernix - Corporate Compliance & Business Practices” and “About Pernix - Corporate Governance” sections of our website at <http://www.pernixtx.com>. You also may request printed copies, which will be mailed to you without charge, by writing to us in care of our Corporate Secretary, Pernix Therapeutics Holdings, Inc., 10 North Park Place, Suite 201, Morristown, New Jersey 07960.

Communications with the Board, Committees, or Individual Directors

Stockholders and other interested parties may communicate with our Board or specific members of our Board, including the members of our various Board committees, by submitting a letter addressed in care of the Board of Directors at the Company’s principal executive offices: Pernix Therapeutics Holdings, Inc., 10 North Park Place, Suite 201, Morristown, New Jersey 07960. Any stockholder communication addressed in this manner will be delivered, unopened, to the director to whom it is addressed, or to the Chairman if addressed to the Board.

Compensation Committee Interlocks and Insider Participation

All members of the Compensation Committee are independent directors, and none of them are present or past employees or officers of ours. No member of the Compensation Committee has had any relationship with us requiring disclosure under Item 404 of Regulation S-K under the Exchange Act. None of our executive officers has served on the board or compensation committee (or other committee serving an equivalent function) of any other entity which has one of their executive officers who served on our Board or Compensation Committee.

The Board's Role in Risk Oversight

The Board’s role in our risk oversight process includes regular discussions and meetings with members of senior management on areas of material risk to the Company, including operational, financial, legal, regulatory, strategic and reputational risks. In addition, several members of the Board are actively involved in several key areas of risk,

namely, regulatory strategy and interactions with the U.S. Food and Drug Administration, and financing matters. Due to the relatively small size of the Board, and our centralized management, senior management is able to frequently interact with the full Board (or the appropriate committee in the case of risks that are under the purview of a particular Committee). This structure enables the Board and committees to be heavily involved in the risk oversight role.

CERTAIN RELATIONSHIPS AND RELATED-PARTY TRANSACTIONS

Related Person Policy

The Board of Directors has adopted a written Related Person Transaction Approval Policy (referred to as the “Related Person Policy”) that is administered by the Audit Committee of the Board of Directors. The Related Person Policy applies to any transaction or series of transactions in which the Company or a subsidiary is a participant, the amount involved exceeds \$120,000 and a “related person” as defined by the SEC (Item 404 of Regulation S-K) has a direct or indirect material interest.

Under the Related Person Policy, the facts and circumstances of the proposed transaction will be provided to senior management, which will determine whether the proposed transaction is a related person transaction that requires further review. Transactions that fall within the definition will be submitted to the Audit Committee for approval, ratification or other action at the next Audit Committee meeting or, in those instances in which senior management determines that it is not practicable or desirable to wait until the next Audit Committee meeting, to the Chairman of the Audit Committee. The Audit Committee or the Chairman, as applicable, may approve, based on good faith consideration of all the relevant facts and circumstances, only those related person transactions that are in, or not inconsistent with, the best interests of the Company and its stockholders.

In addition, senior management will review quarterly reports of amounts paid or payable to, or received or receivable from, any related person and determine if there are any related person transactions that were not previously approved or ratified under the Related Person Policy. The Audit Committee will evaluate all options available, including, but not limited to, ratification, amendment, termination or rescission and, where appropriate, take disciplinary action. The Audit Committee will request that senior management evaluate the Company’s controls to ascertain the reason the transaction was not submitted to the Audit Committee for prior approval.

Certain Relationships and Transactions

There were no transactions or relationships in 2014 for which the board was required to review the Related Person Policy.

THE BOARD OF DIRECTORS AND BOARD COMMITTEES

Our bylaws authorize our Board to appoint one or more committees, each consisting of one or more directors. Our Board has established three standing committees: an Audit Committee, a Compensation Committee and a Nominating Committee. Our Board has adopted a charter for each committee, which describes the authority and responsibilities delegated to that committee by the Board. These charters are available as described under “Corporate Governance – Availability of Corporate Governance Documents.”

Director Independence and Board Leadership Structure

Periodically, and at least annually in connection with its annual recommendation to the Board of a slate of director nominees, the Nominating Committee of our Board reviews the independence of the Board’s current members (and director nominees who are not current members) and reports its findings to the full Board. Our Board then considers all relevant facts and circumstances in making an independence determination, including an analysis from the standpoint of the director and from that of persons or organizations with which the director has an affiliation.

Our Board has determined that, as of the record date, three of our four directors are independent under NASDAQ’s listing rules. Messrs. Elms, Konidaris and Sedor are independent; however, Mr. Drysdale does not qualify as independent as he currently serves as our Chief Executive Officer.

Our Board has determined that the roles of Chief Executive Officer and Chairman are best served by the same person at this time. The structure ensures that the independent directors will have more time to actively participate in board meetings with less time needed for any one independent director to focus on Chairman duties.

Executive Sessions of the Board of Directors

We schedule executive sessions at which our independent directors meet without the presence or participation of management. The Chairs of the Audit Committee, Compensation Committee and Nominating Committee each act as presiding director of such executive sessions on a rotating basis.

Board and Committee Meetings

Our Board met six times in fiscal year 2014. All members of our Board attended at least 75% of the total number of meetings of the Board and of the Board committees of which he was a member during fiscal 2014.

We encourage our directors to attend every annual meeting of stockholders. Our bylaws require that we schedule a meeting of the Board on the same day as our annual meeting of stockholders, which facilitates our directors’ attendance at the annual meeting. Each of our directors who was serving as a director as of the 2014 annual meeting attended that annual meeting.

The current members of each committee are identified in the following table, which also indicates the number of meetings each committee held in fiscal 2014. The role of each committee is discussed in detail below.

Establishing criteria for selecting new directors.

Considering and recruiting candidates to fill new positions on our Board, including any candidate recommended by the stockholders.

Other Committees

AUDIT COMMITTEE REPORT

The Audit Committee reviews our Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the preparation of our consolidated financial statements and our filings, including the design and implementation of our Company's internal controls. Our Audit Committee oversees the integrity of our financial statements, reports, and other financial information, our compliance with legal and regulatory requirements, and the independent registered public accounting firm's qualifications, independence, and performance. Our Audit Committee operates under a written charter, which is available as described under "Corporate Governance – Availability of Corporate Governance Documents."

In this context, the Audit Committee has met and held discussions with management regarding the assessment of our Company's internal controls over financial reporting. The Audit Committee has also met and held discussions with management and the independent registered public accounting firm regarding the fair and complete presentation of our Company's results. The Audit Committee has discussed significant accounting policies applied by the Company in its consolidated financial statements, as well as alternative treatments. Management represented to the Audit Committee that our Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 114.

In addition, the Audit Committee reviewed and discussed with the independent registered public accounting firm the auditor's independence from the Company and its management. As part of that review, the Audit Committee received the written disclosures and letter required by Public Company Accounting Oversight Board, or PCAOB, Rule 3526 (Communication with Audit Committees Concerning Independence) and by all relevant professional and regulatory standards relating to the independent registered public accounting firm's independence from the Company. The Audit Committee also has considered whether the independent registered public accounting firm's provision of non-audit services to our Company is compatible with the auditor's independence. The Audit Committee has concluded that the independent registered public accounting firm is independent from the Company and its management.

The Audit Committee reviewed and discussed Company policies with respect to risk assessment and risk management. The Audit Committee discussed with our independent registered public accounting firm the overall scope and plans for their respective audits.

The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, and the overall quality of the Company's financial reporting. In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the Securities and Exchange Commission.

Publicly available peer group information; and

Independent private surveys of non-executive director compensation in the pharmaceutical industry.

Employee directors do not receive additional compensation for service on the Board or its committees. We reimburse each non-employee director for travel expenses incurred in connection with attendance at board meetings. The cash compensation program for our Board and the current equity compensation program is set forth below.

Annual Cash Compensation (paid in equal quarterly installments):

\$40,000 per director

additional \$40,000 for the non-executive Chairman of the Board

additional \$7,000 for each committee on which the director serves (except as chairman)

We also provide our directors and officers with standard director and officer insurance.

APPROVAL OF AN AMENDMENT TO THE COMPANY'S CHARTER INCREASING THE NUMBER OF
AUTHORIZED SHARES OF CAPITAL STOCK OF THE COMPANY
(PROPOSAL 2)

The Board of Directors unanimously adopted a resolution approving, and declaring advisable, subject to stockholder approval, an amendment to the Company's charter increasing the number of authorized shares of common stock from 90,000,000 shares to 140,000,000 shares and the attendant increase in capital stock of all classes from 100,000,000 to 150,000,000, consisting of 140,000,000 shares of common stock and 10,000,000 shares of preferred stock, which shall include 1,000,000 shares of Series B junior participating stock. No change to the authorized number of shares of preferred stock is being proposed.

The Company is presently authorized to issue up to 100,000,000 shares of capital stock, consisting of 90,000,000 shares of common stock and 10,000,000 shares of preferred stock, which shall include 1,000,000 shares of Series B junior participating stock. As of the Record Date, there were approximately 38,872,473 shares of common stock issued and outstanding and 51,973,534 shares were reserved for issuance under employee equity plans and outstanding equity awards, our outstanding convertible notes and outstanding warrant agreements and other purposes. The amount of shares reserved for future issuance includes shares of common stock issued in connection with our recent acquisition of Zohydro® ER and issuable upon conversion of our recently issued 4.25% Convertible Senior Notes due 2021, both of which occurred after the Record Date. The amount of shares reserved for future issuance also assumes the approval of the Pernix Therapeutics Holdings, Inc. 2015 Omnibus Incentive Plan as more fully described in Proposal 3 of this Proxy Statement. As a result, the Company may not have a sufficient number of authorized shares of capital stock available for issuance in the future for capital raising activities, acquisitions, share splits and other general corporate purposes. Upon the approval of this Proposal 2, there would be approximately 49,153,993 authorized and unreserved shares available for issuance.

The Board of Directors believes that it is in the best interests of the Company to increase the number of authorized shares of capital stock. The increase in authorized shares of capital stock will provide flexibility with respect to future transactions, including acquisitions of other businesses or properties where the Company would have the option to use its capital stock as consideration (rather than cash), financing future growth, financing transactions, repayment of debt, providing equity incentives to employees, officers and directors and other general corporate purposes. The additional shares of capital stock will enable the Company to act quickly as opportunities arise and avoid the time consuming and costly need to hold a special meeting of stockholders in every case. The Board of Directors believes that, in the future, occasions may arise where the time required to obtain stockholder approval might adversely delay the Company's ability to enter into a desirable transaction or deny it the flexibility to facilitate the effective use of its securities. Therefore, the failure to approve the Proposal could, in effect, prevent the Company from continuing the pursuit of effective strategies to access capital in the public and private markets. Authorized but unissued shares of capital stock may be used by the Company from time to time as appropriate and opportune situations arise.

Stockholders of the Company will not have any preemptive rights with respect to the additional shares being authorized. No further approval by stockholders would be necessary prior to the issuance of any additional shares of capital stock, except as may be required by law or applicable NASDAQ rules. In certain circumstances, generally relating to the number of shares to be issued and the identity of the recipient, the rules of NASDAQ require stockholder authorization in connection with the issuance of such additional shares. Subject to Maryland law and the rules of NASDAQ, the Board of Directors has the sole discretion to issue additional shares of capital stock for such consideration as may be determined by the Board of Directors. The issuance of any additional shares of capital stock may have the effect of diluting the percentage of stock ownership of present stockholders of the Company.

The Company has not proposed the increase to its authorized capital stock with the intention of using the additional shares for anti-takeover purposes, although the Company could theoretically use the additional stock in the future to

make it more difficult or to discourage an attempt to acquire control of the Company. As of this date, the Company is unaware of any pending or threatened effort to acquire control of the Company. Further, the submission of this Proposal is not part of any plan by the Board of Directors to engage in any transaction that would require the proposed increase.

If this Proposal is approved by the stockholders, the Company's current charter will be amended to provide that the Company has the authority to issue up to 150,000,000 shares of capital stock, consisting of 140,000,000 shares of common stock and 10,000,000 shares of preferred stock, which shall include 1,000,000 shares of Series B junior participating stock, each with a par value \$0.01 per share.

The full text of the proposed amendment is attached hereto as Appendix A. If the stockholders approve the Proposal, the Articles of Amendment will be filed with the State Department of Assessments and Taxation of Maryland (the "SDAT") and the amendment to the Company's charter as described above will be effective upon the acceptance for record of the Articles of Amendment by the SDAT.

Required Vote:

The affirmative vote of the holders of two-thirds (66-2/3%) of the votes cast by stockholders entitled to vote at the Annual Meeting is required to approve the amendment to the Charter to increase the number of authorized shares of our common stock.

Board Recommendation:

The Board unanimously recommends a vote FOR approval of the amendment to our Charter to increase the number of authorized shares of common stock.

APPROVAL OF 2015 OMNIBUS INCENTIVE PLAN
(PROPOSAL 3)

On April 23, 2015, our Board approved, subject to shareholder approval at the Annual Meeting, a new incentive plan, the Pernix Therapeutics Holdings, Inc. 2015 Omnibus Incentive Plan (the “2015 Plan”).

The purposes of the 2015 Plan are to align the long-term financial interests of employees, members of the Board, consultants, agents and other service providers of the Company (including those that have been providing services to the Company for less than 12 months) with those of the Company’s shareholders, to attract and retain those individuals by providing compensation opportunities that are competitive with other companies and provide incentives to those individuals who contribute significantly to the long-term performance and growth of the Company and its subsidiaries. As of the filing of this Proxy Statement, the number of persons eligible to participate in the 2015 Plan is approximately 265.

The 2015 Plan is intended to permit the grant of performance-based compensation within the meaning of Section 162(m) of the U.S. Internal Revenue Code of 1986 (the “Code”), which generally limits the annual deduction that the Company may take for compensation of its covered officers, which consist of its CEO and three other most highly compensated executive officers (other than its Chief Financial Officer (“CFO”)) who are serving at the end of the year. Under Section 162(m), certain compensation, including compensation based on the attainment of performance goals, will not be subject to this limitation if certain requirements are met. Among these requirements is a requirement that the material terms pursuant to which the performance-based compensation is to be paid be disclosed to and approved by the shareholders. Accordingly, if the 2015 Plan is approved by shareholders and the other conditions of Section 162(m) relating to performance-based compensation are satisfied, qualified performance-based compensation paid to covered officers pursuant to the 2015 Plan will not fail to be deductible due to the operation of Section 162(m).

7,000,000 shares are being requested in connection with the request for approval of the 2015 Plan. The 2015 Plan is being adopted to give the Company increased flexibility to make equity grants in line with the Company’s pay-for-performance philosophy.

The following is a summary of the 2015 Plan and is qualified in its entirety by the full text of the 2015 Plan, a copy of which is included as Appendix B to this Proxy Statement.

Summary of Plan Terms

Shares Subject to the 2015 Plan

The maximum number of shares of Common Stock that may be issued to participants pursuant to awards (all of which may be granted as incentive stock options, discussed below) will be equal to 7,000,000 shares. In determining the number of shares of common stock to be reserved for issuance under the 2015 Plan, the Company’s management and Compensation Committee evaluated the historic share usage and burn rate under the 2009 Plan and the existing terms of outstanding awards under the 2009 Plan.

The number of shares of Common Stock authorized for grant under the 2015 Plan is subject to adjustment, as described below. In addition, the aggregate number of shares of Common Stock that may be granted to any Covered Employee during a calendar year in the form of options, share appreciation rights, and/or share awards intended to qualify as “performance-based compensation” under Section 162(m) of the Code shall not exceed 1,500,000 per fiscal year.

If any shares subject to an award are forfeited, canceled, exchanged or surrendered, or if an award terminates or expires without a distribution of Common Stock to the participant, the shares with respect to the award shall, to the extent of any such forfeiture, cancellation, exchange, surrender, termination or expiration, again be available for awards under the 2015 Plan; however, the shares surrendered or withheld as payment of either the exercise price of an option (including shares otherwise underlying an award of a SAR that are retained by the Company to account for the exercise price of the SAR) and/or withholding taxes in respect of an award will no longer be available for awards under the 2015 Plan. Shares of Common Stock repurchased by the Company on the open market using the proceeds from the exercise of an Award shall not increase the number of shares available for future grant of Awards. The maximum number of shares of Common Stock available for awards under the 2015 Plan shall not be affected by the payment of cash dividends on outstanding awards, the payment of share-denominated awards that must be settled in cash, the granting of cash awards, or, in connection with a transaction with another entity, the granting of awards to individuals who previously received awards from the other entity and are receiving awards under the 2015 Plan as a result of such transaction.

Administration of the 2015 Plan

Except as otherwise required by law, the 2015 Plan will be administered by our Compensation Committee. To the extent required for employees subject to Section 162(m) of the Code, the Compensation Committee will consist of two or more individuals, each of whom, unless otherwise determined by our Board, is an “outside director” to comply with the applicable requirements of Section 162(m) of the Code and Section 16 of the U.S. Securities Act of 1934.

The Compensation Committee will determine which employees, consultants, Directors, members of our sales force and other individuals are eligible to receive awards under the 2015 Plan. In addition, the Compensation Committee will interpret the 2015 Plan and may adopt any administrative rules, regulations, procedures and guidelines governing the 2015 Plan or any awards granted under the 2015 Plan as it deems to be appropriate.

Types of Awards

The following types of awards may be made under the 2015 Plan. All of the awards described below are subject to the conditions, limitations, restrictions, exercise price, vesting and forfeiture provisions determined by the Compensation Committee, in its sole discretion, subject to such limitations as are provided in the 2015 Plan. In addition, subject to the limitations provided in the 2015 Plan and in accordance with applicable law, the Compensation Committee may, in the event of a Participant’s termination of employment, death or disability or upon a Change of Control, accelerate or defer the vesting or payment of awards, cancel or modify outstanding awards, and waive any conditions or restrictions imposed with respect to awards or the shares of common stock issued pursuant to awards.

Non-qualified Stock Options

An award of a non-qualified stock option grants a participant the right to purchase a certain number of shares of common stock during a specified term in the future, after a vesting period, at an exercise price equal to at least 100% of the Market Price (as defined below) of our shares of common stock on the grant date. The “Market Price” of shares of common stock as of a particular date shall generally mean the closing price per share of common stock on the national securities exchange on which the shares of common stock are principally traded, for the last preceding date on which there was a sale of such shares of common stock on such exchange (subject to certain exceptions set forth in 2015 Plan in the event that the Company is no longer traded on a national securities exchange). Unless otherwise determined by the Compensation Committee, Directors shall generally not be eligible to receive options. The term of a non-qualified stock option may not exceed ten years from the date of grant. The exercise price may be paid with cash, shares of common stock already owned by the participant, or with the proceeds from a sale of the shares subject to the option. The Compensation Committee may also provide that an option may be “net exercised”, meaning that the participant would receive the shares of common stock underlying the options exercised less such number of shares of common stock equivalent in value to the exercise price and withholding taxes resulting from the exercise of the options. A non-qualified stock option is an option that does not meet the qualifications of an incentive stock option as described below.

Incentive Stock Options

An incentive stock option is a stock option that meets the requirements of Section 422 of the Code, which include an exercise price of no less than 100% of Market Price on the grant date, a term of no more than ten years, and that the option be granted from a plan that has been approved by shareholders. Notwithstanding the foregoing, if granted to a participant who owns shares representing more than 10% of the voting power of all classes of shares of the Company, its parent or one of its subsidiaries, an incentive stock option must have a term of not more than five years and have an exercise price which is at least 110% of the Market Price. In addition, if the aggregate Market Price of the shares of common stock (as of the grant date) for which incentive stock options are exercisable for the first time by a participant

during any calendar year exceeds \$100,000, such excess will be treated as non-qualified stock options.

Share Appreciation Rights

A share appreciation right (“SAR”) entitles the participant to receive an amount equal to the difference between the Market Price of the Company’s shares of common stock on the exercise date and the exercise price of the SAR (which may not be less than 100% of the Market Price of a share of common stock on the grant date), multiplied by the number of shares subject to the SAR. A SAR may be granted in substitution for a previously granted option, and if so, the exercise price of any such SAR may not be less than 100% of the Market Price of shares of common stock as determined at the time the option for which it is being substituted was granted. Payment to a participant upon the exercise of a SAR may be in cash or shares of common stock (in which case, the number of shares of common stock to be paid will be determined by dividing the amount calculated above by the Market Price of a share of common stock at the time of payment). Unless otherwise determined by the Compensation Committee, Directors shall generally not be eligible to receive SARs.

Restricted Shares

A restricted share award is an award of outstanding shares of common stock that does not vest until after a specified period of time, or satisfaction of other vesting conditions as determined by the Compensation Committee, and which may be forfeited if conditions to vesting are not met. Participants generally receive dividend payments on the shares subject to their award during the vesting period (unless the awards are subject to performance-vesting criteria) and are also generally entitled to provide voting instructions with respect to the shares underlying their awards.

Deferred Shares

A deferred share award is an unfunded, unsecured promise to deliver shares of common stock to the participant in the future, if the participant satisfies the conditions to vesting, as determined by the Compensation Committee. Participants do not have voting rights, but generally receive dividend equivalent payments during the vesting period subject to the same vesting conditions as the underlying award.

Share Units

A share unit is an award denominated in shares of common stock that may be settled either in shares or cash, subject to terms and conditions determined by the Compensation Committee. Participants generally receive dividend equivalent payments during the vesting period subject to the same vesting conditions as the underlying award.

Share Payment

Subject to limits in the 2015 Plan, the Compensation Committee may issue unrestricted shares of common stock, alone or in tandem with other awards, in such amounts and subject to such terms and conditions as the Compensation Committee determines. A share payment may be granted as, or in payment of, a bonus (including, without limitation, any compensation that is intended to qualify as performance-based compensation for purposes of Section 162(m) of the Code), or to provide incentives or recognize special achievements or contributions.

Cash Awards

The Compensation Committee may issue awards that are payable in cash, as deemed by the Compensation Committee to be consistent with the purposes of the 2015 Plan. These cash awards will be subject to the terms, conditions, restrictions and limitations determined by the Compensation Committee from time to time. The payment of cash awards may be subject to the achievement of specified performance criteria. The 2015 Plan provides that the maximum amount of a cash award that may be granted during any annual performance period to any employee subject to Section 162(m) of the Code may not exceed \$10,000,000.

Performance Criteria

Awards granted under the 2015 Plan may be subject to specified performance criteria. Performance criteria are based on the Company's attainment of performance measures pre-established by the Compensation Committee, in its sole discretion, based on one or more of the following:

revenues, income before taxes and extraordinary items, net income, operating income, earnings before income tax, earnings before interest, taxes, depreciation and amortization, cash flow or a combination of any or all of the foregoing;

after-tax or pre-tax profits including, without limitation, those attributable to continuing and/or other operations;

the level of the Company's bank debt or other long-term or short-term public or private debt or other similar financial obligations of the Company either in absolute terms or as it relates to a profitability ratio including operating income or EBITA;

return on capital employed, return on assets, or return on invested capital;

after-tax or pre-tax return on shareholders' equity;

economic value added targets based on a cash flow return on investment formula;

the market price of the shares of common stock;

the market capitalization or enterprise value of the Company, either in amount or relative to industry peers;

the value of an investment in the shares of common stock assuming the reinvestment of dividends;

the achievement of operating margin targets or other measures of improving profitability;

the filing of one or more new drug application(s) (“NDA”) or the approval of one or more NDA(s) by the U.S. Food and Drug Administration;

the achievement of, or progress toward, a launch of one or more new drug(s);

the achievement of research and development milestones;

the achievement of other strategic milestones including, without limitation, the achievement of specific synergy capture and cost savings realization relating to integrations and the successful creation or execution of a restructuring plan for a specific business or function;

the successful completion of clinical trial phases;

licensing or acquiring new products or product platforms;

acquisition or divestiture of products or business;

the entering into new, or exiting from existing, geographic markets or industry segments; or

the attainment of a certain level of, reduction of, or other specified objectives with regard to limiting the level in or increase in, all or a portion of controllable expenses or costs or other expenses or costs.

For purposes of the first item above, “extraordinary items” includes all items of gain, loss or expense for the fiscal year determined to be extraordinary or unusual in nature or infrequent in occurrence or related to a corporate transaction, restructuring, or related to a change in accounting principles. Each financial metric above may be on a business unit, geographic segment, total company, or per-share basis, and on a GAAP or non-GAAP adjusted basis.

The performance criteria may be based upon the attainment of specified levels of performance under one or more of the measures described above relative to the performance of other entities. To the extent permitted under Section 162(m) of the Code or to the extent that an award is not intended to qualify as “performance-based compensation” under Section 162(m) of the Code, the Compensation Committee, in its sole discretion, may designate additional business criteria on which the performance criteria may be based or adjust, modify or amend the previously mentioned business criteria, including to take into account actions approved by the Board or a committee thereof that affect the achievement of the original performance criteria. Performance criteria may include a threshold level of performance below which no award will be earned, a level of performance at which the target amount of an award will be earned and a level of performance at which the maximum amount of the award will be earned. To the extent permitted under Section 162(m) of the Code, the Compensation Committee shall make appropriate equitable adjustments to the performance criteria in recognition of unusual or non-recurring events affecting us or our financial statements, in response to changes in applicable laws or regulations, including changes in generally accepted accounting principles, or to account for items of gain, loss or expense determined to be extraordinary or unusual in nature or infrequent in occurrence or related to the disposal of a segment of a business or related to a change in accounting principles, as applicable.

Deferrals

The Compensation Committee may postpone the exercise of awards, or the issuance or delivery of shares or cash pursuant to any award for such periods and upon such terms and conditions as the Compensation Committee determines. In addition, the Compensation Committee may determine that all or a portion of a payment to a participant, whether in cash and/or shares, will be deferred in order to prevent the Company or any subsidiary from being denied a U.S. federal income tax deduction with respect to an award granted under the 2015 Plan.

Notwithstanding this authority, the Compensation Committee will not postpone the exercise or delivery of shares or cash payable in respect of awards constituting deferred compensation under Section 409A of the Code, where such postponement will cause the imposition of additional taxes under Section 409A of the Code. Section 409A of the Code provides rules that govern the manner in which compensation of various types may be deferred and imposes taxes upon compensation that is improperly deferred or accelerated.

Blackout Periods

The 2015 Plan provides that (i) if the expiration of the term of options or SARs awarded under the 2015 Plan occurs during a period self-imposed by the Company during which a participant is prohibited from trading in the Company's securities (a "Blackout Period") such term will be extended until the tenth business day after the end of such Blackout Period, and (ii) if share units are to be delivered during a Blackout Period, the shares subject to such share units will be delivered as soon as practicable after the end of such Blackout Period.

Dividends and Dividends Equivalents

The Compensation Committee may provide that share awards shall earn dividends or dividend equivalents, as applicable, subject to such terms, conditions, restrictions and limitations as the Compensation Committee may establish.

Adjustments

The 2015 Plan will provide that the Compensation Committee will make appropriate equitable adjustments to the maximum number of shares available for issuance under the 2015 Plan and other limits stated in the 2015 Plan, the number of shares covered by outstanding awards, and the exercise prices and performance measures applicable to outstanding awards. These changes will be made to reflect changes in our capital structure (including a change in the number of shares of common stock outstanding) on account of any share dividend, share split, reverse share split or any similar equity restructuring, or any combination or exchange of equity securities, merger, consolidation, recapitalization, reorganization or similar event, or to the extent necessary to prevent the enlargement or diminution of participants' rights by reason of any such transaction or event or any extraordinary dividend, divestiture or other distribution (other than ordinary cash dividends) of assets to shareholders. These adjustments will be made only to the extent they conform to the requirements of applicable provisions of the Code and other applicable laws and regulations. The Compensation Committee, in its discretion, may decline to adjust an award if it determines that the adjustment would violate applicable law or result in adverse tax consequences to the participant or to the Company. Adjustments described in this paragraph are subject to any applicable regulatory approvals.

Terminations

Unless the applicable award agreement provides otherwise or the Compensation Committee determines otherwise, vesting with respect to an award will cease upon termination of a participant's employment or service with the Company, and unvested awards shall be forfeited upon such termination. In the case of termination for cause, vested awards shall also be forfeited.

Change of Control

The 2015 Plan will provide that, unless otherwise set forth in a participant's award agreement or employment agreement, all awards that are assumed or substituted in connection with a Change of Control transaction (as defined below) will become fully vested, exercisable and free of restrictions, and any performance conditions on those awards will be deemed to be achieved if the participant's employment or service is terminated by the Company without "cause" (as defined in the 2015 Plan) within 12 months following the Change of Control. In addition, the 2015 Plan provides that, unless otherwise set forth in a participant's award agreement, all awards that are not assumed or substituted in connection with the Change of Control transaction will become fully vested, exercisable and free of restrictions and any performance conditions on those awards will be deemed to be achieved immediately upon the occurrence of the Change of Control transaction.

In addition, in the event of a Change of Control transaction, the Compensation Committee may, in its discretion, (i) provide that each option and each SAR which may, by its terms, only be settled in shares, will, immediately upon the occurrence of a Change in Control, be deemed to have been exercised on a “net exercise” basis, and (ii) may, in its discretion, except as would otherwise result in adverse tax consequences under Section 409A of the Code, provide that each award, other than options and SARs will, immediately upon the occurrence of the Change of Control, be cancelled in exchange for a payment in an amount equal to the excess of the consideration paid per share of common stock in the Change of Control over the purchase price (if any) per share of common stock subject to the award, multiplied by the number of shares of common stock subject to the award.

Assignability

Except in specific circumstances described in the 2015 Plan, awards granted under the 2015 Plan may not be sold, pledged, hypothecated, assigned, margined or otherwise transferred in any manner other than by will or the laws of descent and distribution, unless and until the shares underlying such award have been issued, and all restrictions applicable to such shares have lapsed or have been waived by the Compensation Committee.

Amendment and Termination

The 2015 Plan and any award may be amended, suspended or terminated at any time by the Board, provided that no amendment will be made without shareholder approval if such shareholder approval is required in order to comply with applicable law or the rules of the NASDAQ Stock Market or any other securities exchange on which the shares of common stock are traded or quoted. For instance, the Board may, without shareholder approval but subject to applicable law and the provisions of the 2015 Plan, (i) amend the vesting provisions of an award or of the 2015 Plan, (ii) amend the payment provisions of an award, (iii) cancel or modify outstanding awards, (iv) waive any restrictions imposed with respect to awards or the shares of common stock issued pursuant to awards or of the 2015 Plan, (v) amend the provisions of the 2015 Plan in order to ensure its compliance with applicable securities and tax law as well as the NASDAQ rules, (vi) make any amendment of a clerical nature as well as any amendment clarifying any provision of the 2015 Plan, (vii) make any adjustment as described above under the heading “Adjustments”, and (viii) suspend or terminate the 2015 Plan. Except as may be required to comply with applicable tax law, no termination, suspension or amendment of the 2015 Plan may adversely affect the right of any participant with respect to a previously granted award without the participant’s written consent.

The Company will obtain shareholder approval for: (i) subject to the Compensation Committee’s right to make equitable adjustments as mentioned above, a reduction in the exercise price or purchase price of an option or SAR (or the cancellation and re-grant of an option or SAR resulting in a lower exercise price or purchase price or the cancellation of an option or SAR for cash except as otherwise permitted therein); (ii) any amendment to remove or to exceed the participation limits described in the 2015 Plan; (iii) an increase to the maximum number of shares of common stock issuable under the 2015 Plan (other than adjustments in accordance with the 2015 Plan); (iv) amendments to the amendment and termination section of the 2015 Plan other than amendments of a clerical nature; and (v) any amendment that permits Awards to be transferable or assignable other than for normal estate settlement purposes or for other purposes not involving the receipt of monetary consideration.

New 2015 Plan Benefits

The 2015 Plan was designed by the Compensation Committee, as part of a comprehensive compensation strategy to provide long-term broad-based incentives for employees to contribute to the growth of the Company and its subsidiaries.

If approved by the shareholders, participants in the 2015 Plan will be eligible for annual long-term awards which may include performance shares, stock options, restricted stock and share payments (or other awards permitted under the 2015 Plan). The level and types of awards will be fixed by the Compensation Committee in light of the participants’ targeted long-term incentive level. The Compensation Committee may impose additional conditions or restrictions to the vesting of such awards as it deems appropriate, including, but not limited to, the achievement of performance goals based on one or more business criteria.

Awards under the 2015 Plan are made in the discretion of the Compensation Committee and are not determinable at this time. Moreover, the ultimate value of any grants that are made will depend on the value of the underlying shares of common stock at the time of settlement, which likewise is not determinable at this time.

U.S. Federal Income Tax Consequences of 2015 Plan Awards

The following is a brief summary of the principal United States federal income tax consequences of transactions under the 2015 Plan, based on current United States federal income tax laws. This summary is not intended to be exhaustive, does not constitute tax advice and, among other things, does not describe state, local or foreign tax consequences, which may be substantially different.

Non-Qualified Stock Options

Generally, a participant will not recognize taxable income on the grant or vesting of a non-qualified stock option. Upon the exercise of a non-qualified stock option, a participant will recognize ordinary income in an amount equal to the difference between the Market Price of our shares of common stock received on the date of exercise and the option cost (number of shares purchased multiplied by the exercise price per share). The Company will ordinarily be entitled to a deduction on the exercise date equal to the ordinary income recognized by the participant upon exercise.

Incentive Stock Options

No taxable income is recognized by a participant on the grant or vesting of an incentive stock option. If a participant exercises an incentive stock option in accordance with its terms and does not dispose of the shares acquired within two years after the date of the grant of the incentive stock option or within one year after the date of exercise, the participant will be entitled to treat any gain related to the exercise of the incentive stock option as capital gain (instead of ordinary income). In this case, the Company will not be entitled to a deduction by reason of the grant or exercise of the incentive stock option, however the excess of the Market Price over the exercise price of the shares acquired is an item of adjustment in computing alternative minimum tax of the participant. If a participant holds the shares acquired for at least one year from the exercise date and does not sell or otherwise dispose of the shares for at least two years from the grant date, the participant's gain or loss upon a subsequent sale will be long-term capital gain or loss equal to the difference between the amount realized on the sale and the participant's basis in the shares acquired. If a participant sells or otherwise disposes of the shares acquired without satisfying the required minimum holding period, such "disqualifying disposition" will give rise to ordinary income equal to the excess of the Market Price of the shares acquired on the exercise date (or, if less, the amount realized upon disqualifying disposition) over the participant's tax basis in the shares acquired. The Company will ordinarily be entitled to a deduction equal to the amount of the ordinary income resulting from a disqualifying disposition.

Share Appreciation Rights

Generally, a participant will not recognize taxable income upon the grant or vesting of a SAR, but will recognize ordinary income upon the exercise of a SAR in an amount equal to the cash amount received upon exercise (if the SAR is cash-settled) or the difference between the Market Price of our shares of common stock received from the exercise of the SAR and the amount, if any, paid by the participant in connection with the exercise of the SAR. The participant will recognize ordinary income upon the exercise of a SAR regardless of whether our shares of common stock acquired upon the exercise of the SAR are subject to further restrictions on sale or transferability. The participant's basis in the shares will be equal to the ordinary income attributable to the exercise and the amount, if any, paid in connection with the exercise of the SAR. The participant's holding period for shares acquired pursuant to the exercise of a SAR begins on the exercise date. Upon the exercise of a SAR, the Company will ordinarily be entitled to a deduction in the amount of the ordinary income recognized by the participant.

Restricted Shares

A participant generally will not be taxed at the time of a restricted share award but will recognize taxable income when the award vests or otherwise is no longer subject to a substantial risk of forfeiture. The amount of taxable income will be the Market Price of the shares at that time.

Participants may elect to be taxed at the time of grant by making an election under Section 83(b) of the Code within 30 days of the award date. If a restricted share award subject to the Section 83(b) election is subsequently canceled, no deduction will be allowed for the amount previously recognized as income, and no tax previously paid will be refunded. Unless a participant makes a Section 83(b) election, dividends paid to a participant on shares of an unvested restricted share award will be taxable to the participant as ordinary income. If the participant made a Section 83(b) election, the dividends will be taxable to the participant as dividend income.

The Company will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant. Unless a participant has made a Section 83(b) election, the Company will also be entitled to a deduction, for federal income tax purposes, for dividends paid on unvested restricted share awards.

Deferred Shares

A participant will generally not recognize taxable income on a deferred share award until shares subject to the award are distributed. The amount of this ordinary income will be the Market Price of our shares of common stock on the date of distribution. Any dividend equivalents paid on unvested deferred share awards are taxable as ordinary income when paid to the participant.

The Company will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant. The Company will also be entitled to a deduction, for federal income tax purposes, on any dividend equivalent payments made to the participant.

Share Units

Awards of share units are treated, for federal income tax purposes, in substantially the same manner as deferred share awards.

Share Awards

A participant will generally recognize taxable income on the grant of unrestricted shares, in an amount equal to the Market Price of the shares on the grant date. The Company will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant.

Cash Awards

A participant will generally recognize taxable income upon the payment of a cash award, in an amount equal to the amount of the cash received. The Company will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant.

Withholding

To the extent required by law, the Company will withhold from any amount paid in settlement of an award amounts of withholding and other taxes due or take other action as the Company deems advisable to enable the Company and the participant to satisfy withholding and tax obligations related to any awards.

ADVISORY VOTE ON EXECUTIVE COMPENSATION (“SAY-ON-PAY”)
(PROPOSAL 4)

We are seeking stockholder approval of the compensation of our named executive officers as disclosed in this proxy statement. This vote is not intended to address any specific compensation arrangement or amount, but rather the overall compensation of our named executive officers and our compensation philosophy and practices as disclosed under the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this proxy statement. This disclosure includes the compensation tables and the accompanying narrative compensation disclosures.

This non-binding advisory proposal, commonly known as a “say-on-pay” proposal, is required under Section 14A of the Exchange Act, as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act), which was enacted in July 2010. We are asking stockholders to vote on the following resolution:

“RESOLVED, that the compensation paid to the Company’s Named Executive Officers, as disclosed in the Company’s proxy statement for the Company’s 2015 annual meeting of stockholders pursuant to Item 402 of Regulation S-K of the rules of the Securities and Exchange Commission, is hereby APPROVED.”

We understand that our executive compensation practices are important to our stockholders. Our core executive compensation philosophy is based on pay for performance, and we believe that our executive compensation program is strongly aligned with the long-term interests of our stockholders.

We are asking our stockholders to indicate their support for the compensation of our named executive officers as described herein. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our executive compensation philosophy, programs, and practices as described in this proxy statement.

Accordingly, we ask our stockholders to vote "FOR" the approval, on an advisory basis, of the compensation of our named executive officers, as described in this proxy statement.

Required Vote:

Advisory approval of this proposal requires the affirmative vote of the holders of a majority of the votes cast by stockholders entitled to vote at the Annual Meeting. The say-on-pay vote is advisory, and therefore not binding on our Board, the Compensation Committee or Pernix. However, our Board and our Compensation Committee value the opinions of our stockholders, and to the extent there is a significant vote against the compensation of our named executive officers as disclosed in this proxy statement, we will consider our stockholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Board Recommendation:

The Board unanimously recommends a vote FOR approval, on an advisory basis, of the compensation of our named executive officers.

COMPENSATION DISCUSSION & ANALYSIS

General Philosophy

The compensation committee (a) annually reviews and determines salaries, bonuses and other forms of compensation paid to our executive officers and management; (b) selects recipients of awards of stock options, restricted stock awards and other equity awards and establishes the number of shares and other terms applicable to such awards; and (c) construes the provisions of and generally administers our Amended and Restated 2009 Stock Incentive Plan (the "2009 Plan") and any other equity incentive plans currently in effect. Our compensation committee charter is available on our web site.

The compensation committee held three meetings in 2014. The compensation committee of our Board has overall responsibility for the compensation program for our executive officers. Our compensation committee currently consists of three independent directors. The compensation committee is responsible for establishing policies and otherwise discharging the responsibilities of the Board with respect to the compensation of our executive officers, senior management, and other employees. In evaluating executive officer pay, the compensation committee may retain the services of an independent compensation consultant or research firm and consider recommendations from the Chief Executive Officer and persons serving in supervisory positions over a particular officer or executive officer with respect to goals and compensation of the other executive officers. The compensation committee assesses the information it receives in accordance with its business judgment. The compensation committee also periodically is responsible for administering all of our incentive and equity-based plans, including the 2009 Plan.

Change in Circumstances in Fiscal 2014

In February 2014, the Company consummated a recapitalization transaction through the sale of \$65 million in principal amount of 8.00% Senior Convertible Notes due 2019. In connection with this transaction, the Company hired Douglas Drysdale as its Chairman and Chief Executive Officer in place of Michael Pearce, who had served in that role on an interim basis since May 10, 2013. In addition, three of the Company's directors resigned from the board to permit a restructuring of the Company at the board level. Since fiscal 2013 was a year of transition for the Company, the compensation committee treated executive compensation in much the same way. The compensation committee utilized its historical criteria in determining Mr. Pearce's base compensation during the transition period, but the goals for Mr. Pearce were transitional goals to help transition and transform the Company either through a strategic transaction or through organic change. As for the remainder of the management team, the compensation committee placed a moratorium on all salary increases and bonuses for fiscal 2013 and until such time as the Company managed its overhanging liabilities and achieved its goal of transformation. Since the February 2014 recapitalization transaction, the Company has added new board members and executive officers to execute on its strategic plan. As a result, the compensation committee has refocused executive compensation to meet the Company's new strategic direction.

Overview of Compensation and Process

All decisions with respect to executive compensation are first approved by the compensation committee and then submitted, together with the compensation committee's recommendation, to the members of the Board for final approval.

Elements of compensation for our executives generally include:

- Base salary (typically subject to upward adjustment annually based on individual performance);
- Annual cash bonus based on certain performance criteria;

Equity incentive awards; and
Health, disability and life insurance.

Our primary objective with respect to executive compensation is to design a reward system that will align executives' compensation with the Company's overall business strategies and attract and retain highly qualified executives. The principal elements of executive compensation are salary, bonus and will, typically, include stock option grants. We intend to stay competitive in the marketplace with our peers. In considering the elements of compensation, the compensation committee considers the Company's current cash position in determining whether to adjust salaries, bonuses and stock option grants.

Section 162(m) of the Internal Revenue Code of 1986, or the Code, places a \$1 million annual cap on the deductible compensation that can be paid to certain executives of publicly-traded corporations. Amounts that qualify as "performance based" compensation under Section 162(m)(4) of the Code are exempt from the cap and do not count toward the \$1 million limit. Generally, stock options will qualify as performance based compensation. The committee has discussed and considered and will continue to evaluate the potential impact of Section 162(m) on us in making compensation determinations, but has not established a set policy with respect to future compensation determinations.

The Company does not believe that its compensation policies and practices for its employees are reasonably likely to have a material adverse effect on the Company.

Base Salary

Salaries are provided to employees as compensation for basic services and to meet the objective of attracting and retaining talent. The board of directors initially approves the hiring and promotion of any of our executive officers, including their compensation and option package. Compensation for the CEO is normally reviewed on an annual basis by the Compensation Committee. The compensation for the remaining executive officers will be determined by our CEO, and the Compensation Committee will meet with our CEO concerning their compensation and will make its final determination of the appropriate compensation amounts for each of them.

When establishing or reviewing base compensation levels for our CEO, the Compensation Committee, in accordance with its general compensation policy, will consider numerous factors, including:

Responsibilities relevant to the position;

Qualifications of the executive and relevant experience of the individual;

Strategic goals for which the executive has responsibility; and

General compensation in the industry, including information available in surveys and the like.

No pre-determined weights are given to any one of such factors.

The Compensation Committee will continue to review its policies in this regard, given the amount of turnover both at the board and executive management levels and will adjust its determinations accordingly throughout the remainder of fiscal 2015.

Bonus

Our compensation program includes eligibility for an annual performance-based discretionary cash bonus. We believe that annual performance-based discretionary cash bonuses compensate for the achievement of strategic, operational and financial objectives. Our Board of Directors has established cash bonus targets for different positions or ranks of employees within our organization that have a maximum range from 35% to 50% of base salary. Our Board of Directors and Compensation Committee may adjust these targets based upon their evaluation of whether our bonus targets are externally competitive and internally equitable. The amount of the cash bonus paid depends on the level of achievement of the stated corporate, department and individual performance goals. For 2014, the target annual performance-based cash bonus percentage was 50% of base salary for our chief executive officer, 40% of base salary for our chief financial officer and chief operating officer and 35% of base salary for all our other executives who are eligible for a bonus pursuant to the terms of their agreements with the Company. Upon review of 2014 corporate and individual results against the pre-defined metrics and goals, the Compensation Committee may award bonus payments to our executives above or below the target amount, particularly in cases in which goals are not achieved or exceeded.

For a discussion of the cash bonus compensation approved by our Compensation Committee and payable to our executives for the 2014 fiscal year, See "Employment Agreements with Current Executive Officers."

Perquisites

We match employee contributions to a 401(k) on a dollar for dollar basis up to 4% of salary after six months of continued employment with the Company. These contributions are available to all employees. We provide health, dental and life insurance benefits to all of our employees. These benefits are provided to attract and retain talent.

Stock Option and Equity Compensation

All of our employees, including executive officers, are eligible to receive long-term stock-based incentive awards under our Amended and Restated 2009 Stock Incentive Plan as a means of providing such individuals with a continuing proprietary interest. We believe that such grants further the mutuality of interest between our employees and our stockholders by providing significant incentives for such employees to achieve and maintain high levels of performance. Our stock option plan enhances our ability to attract and retain the services of qualified individuals. We consider this plan to be the primary means of providing long-term equity compensation to our employees and officers. The Compensation Committee, which acts as administrator of this plan, considers several factors in determining whether such awards are granted to an executive officer, including the following:

The executive's position and his or her performance and responsibilities;

The amount of equity awards currently held by the officer;

The officer's other compensation; and

Percentages for equivalent officers of similarly situated companies.

While the Compensation Committee does not adhere to any firmly established formulas or schedules for the issuance of awards such as options, the committee will generally tailor the terms of any such grant to achieve its goal as a long-term incentive award by providing for a vesting schedule encompassing several years or tying vesting to particular corporate or job performance milestones.

During 2014, we granted a total of 4,524,300 shares of restricted stock and options to all of our employees and officers, which represented 11.6% of our outstanding common stock at December 31, 2014 and, of such amount, we granted 2,850,000 shares or options to our executive officers, representing 63.0% of the total number of shares granted to our employees and officers.

Each financial metric described in item (i) above may be on a business unit, geographic segment, total company or per-share basis, and on a GAAP or non-GAAP adjusted basis. The Performance Criteria may be based upon the attainment of specified levels of performance under one or more of the measures described above relative to the performance of other entities. To the extent permitted under Section 162(m) of the Code (including, without limitation, compliance with any requirements for shareholder approval) or to the extent that an Award is not intended to qualify as “performance-based compensation” under Section 162(m) of the Code, the Committee in its sole discretion may designate additional business criteria on which the Performance Criteria may be based or adjust, modify or amend the aforementioned business criteria, including to take into account actions approved by the Board or a committee thereof that affect the achievement of the original performance criteria. Performance Criteria may include a threshold level of performance below which no Award will be earned, a level of performance at which the target amount of an Award will be earned and a level of performance at which the maximum amount of the Award will be earned. To the extent permitted under Section 162(m) of the Code, the Committee, in its sole discretion, shall make equitable adjustments to the Performance Criteria in recognition of unusual or non-recurring events affecting the Company or any Subsidiary or the financial statements of the Company or any Subsidiary, in response to changes in applicable laws or regulations, including changes in generally accepted accounting principles, or to account for items of gain, loss or expense determined to be extraordinary or unusual in nature or infrequent in occurrence or related to the disposal of a segment of a business or related to a change in accounting principles, as applicable.

“Section 16(a) Officer” shall mean an Eligible Recipient who is subject to the reporting requirements of Section 16(a) of the Exchange Act.

in the chain (or such lesser percent as is permitted by Section 1.409A-1(b)(5)(iii)(E) of the Treasury Regulations).

“Treasury Regulations” shall mean the regulations promulgated under the Code by the United States Internal Revenue Service, as amended.

4. Administration

- (a) **Committee Authority.** Subject to applicable law, the Committee shall have full and exclusive power to administer and interpret the Plan, to grant Awards and to adopt such administrative rules, regulations, procedures and guidelines governing the Plan and the Awards as it deems appropriate, in its sole discretion, from time to time. The Committee's authority shall include, but not be limited to, the authority to (i) determine the type of Awards to be granted under the Plan; (ii) select Award recipients and determine the extent of their participation; (iii) determine Performance Criteria no later than such time as required to ensure that an underlying Award which is intended to comply with Section 162(m) of the Code so complies; and (iv) establish all other terms, conditions, and limitations applicable to Awards, Award programs and, if applicable, the Common Stock issued pursuant thereto. The Committee may, in the event of a Participant's termination of employment, death or disability or upon a Change of Control, accelerate or defer the vesting or payment of Awards, cancel or modify outstanding Awards, waive any conditions or restrictions imposed with respect to Awards or the Common Stock issued pursuant to Awards and make any and all other determinations that it deems appropriate with respect to the administration of the Plan, subject to (A) the limitations contained in Sections 4(d) and 17 of the Plan and applicable law with respect to all Participants and (B) the provisions of Section 162(m) of the Code with respect to Covered Employees.
- (b) **Administration of the Plan.** The administration of the Plan shall be managed by the Committee. All determinations of the Committee shall be made by a majority of its members either present in person or participating by conference telephone at a meeting or by written consent. The Committee shall have the power to prescribe and modify the forms of Award Agreement, correct any defect, supply any omission or clarify any inconsistency in the Plan and/or in any Award Agreement and take such actions and make such administrative determinations that the Committee deems appropriate in its sole discretion. Any decision of the Committee in the administration of the Plan, as described herein, shall be final, binding and conclusive on all parties concerned, including the Company, its shareholders and Subsidiaries and all Participants.
- (c) **Delegation of Authority.** To the extent permitted by applicable law, the Committee may at any time delegate to one or more officers or directors of the Company some or all of its authority over the administration of the Plan, with respect to individuals who are not Section 16(a) Officers or Covered Employees.
- (d) **Indemnification.** No member of the Committee or any other Person to whom any duty or power relating to the administration or interpretation of the Plan has been delegated shall be personally liable for any action or determination made with respect to the Plan, except for his or her own willful misconduct or as expressly provided by statute. The members of the

Committee and its delegates, including any employee with responsibilities relating to the administration of the Plan, shall be entitled to indemnification and reimbursement from the Company, to the extent permitted by applicable law and the by-laws and policies of the Company. To the fullest extent permitted by the law, in the performance of its functions under the Plan, the Committee (and each member of the Committee and its delegates) shall be entitled to rely upon information and advice furnished by the Company's officers, accountants, counsel and any other party they deem appropriate, and neither the Committee nor any such Person shall be liable for any action taken or not taken in reliance upon any such advice.

5. Participation

- (a) Eligible Recipients. Subject to applicable law and Section 7 hereof, the Committee shall determine, in its sole discretion, which Eligible Recipients shall be granted Awards under the Plan. Unless otherwise determined by the Committee, members of the Board shall generally not be eligible to receive SARs or Options.
- (b) Participation outside of the United States. In order to facilitate the granting of Awards to Employees who are foreign nationals or who are employed outside of the U.S., the Committee may provide for such special terms and conditions, including, without limitation, substitutes for Awards, as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. The Committee may approve any supplements to, or amendments, restatements or alternative versions of, this Plan as it may consider necessary or appropriate for the purposes of this Section 5(b) without thereby affecting the terms of this Plan as in effect for any other purpose, and the appropriate officer of the Company may certify any such documents as having been approved and adopted pursuant to properly delegated authority; provided, that no such supplements, amendments, restatements or alternative versions shall include any provisions that are inconsistent with the intent and purpose of this Plan, as then in effect; and further provided that any such action taken with respect to a Covered Employee shall be taken in compliance with Section 162(m) of the Code and that any such action taken with respect to an Employee who is subject to Section 409A of the Code shall be taken in compliance with Section 409A of the Code.

6. Available Shares of Common Stock

- (a) Shares Subject to the Plan. Subject to the following provisions of this Section 6, the maximum number of Common Stock that may be issued to Participants pursuant to Awards (all of which may be granted as ISOs) shall be equal to 7,000,000 shares. Common Stock issued pursuant to Awards granted under the Plan may be shares that have been authorized but unissued, or have been purchased in open market transactions or otherwise.
- (b) Forfeited and Expired Awards; Repurchases. If any shares subject to an Award are forfeited, canceled, exchanged or surrendered, or if an Award terminates or expires without a distribution of Common Stock to the Participant, the shares with respect to such Award shall, to the extent of any such forfeiture, cancellation, exchange, surrender, termination or expiration, again be available for Awards under the Plan. Notwithstanding the forgoing, the shares surrendered or withheld as payment of either the exercise price of an Option (including shares otherwise underlying an Award of a SAR that are retained by the Company to account for the exercise price of such SAR) and/or withholding taxes in respect of an Award shall no longer be available for Awards under the Plan. Shares of Common Stock repurchased by the Company on the open market using the proceeds from the exercise of an Award shall not increase the number of shares available for future grant of Awards.
- (c) Other Items Not Included in Allocation. The maximum number of Common Stock that may be issued under the Plan as set forth in Section 6(a) shall not be affected by (i) the payment in cash of dividends or dividend equivalents in connection with outstanding Awards; (ii) the granting or payment of share-denominated Awards that by their terms may be settled only in cash, (iii) the granting of Cash Awards; or (iv) Awards that are granted in connection with a transaction between the Company or a Subsidiary and another entity or business in substitution or exchange for, or conversion adjustment, assumption or replacement of, awards previously granted by such other entity to any individuals who have become Eligible Recipients as a result of such transaction.
- (d) Other Limitations on Shares that May be Granted under the Plan. Subject to Section 6(e), the aggregate number of Common Stock that may be granted to any Covered Employee during a calendar year in the form of Options, SARs, and/or Share Awards intended to qualify as “performance-based compensation” under Section 162(m) of the Code shall not exceed 1,500,000 per fiscal year. Determinations made under this Section 6(d) with respect to Covered Employees shall be made in a manner consistent with Section 162(m) of the Code.
- (e) Adjustments. In the event of any change in the Company’s capital structure, including, but not limited to, a change in the number of shares of Common Stock outstanding, on account of (i) any stock dividend, stock split, reverse stock split or any similar equity restructuring or (ii) any combination or

exchange of equity securities, merger, consolidation, recapitalization, reorganization, or divestiture or any other similar event affecting the Company's capital structure, to reflect such change in the Company's capital structure, the Committee shall make appropriate equitable adjustments to the maximum number of Common Stock that may be issued under the Plan as set forth in Section 6(a) and to the maximum number of shares that may be granted to any single individual pursuant to Section 6(d) (but, in each case, only to the extent permitted under Section 162(m) of the Code). In the event of any extraordinary dividend, divestiture or other distribution (other than ordinary cash dividends) of assets to shareholders, or any transaction or event described above, to the extent necessary to prevent the enlargement or diminution of the rights of Participants, the Committee shall make appropriate equitable adjustments to the number or kind of shares subject to an outstanding Award, the exercise price applicable to an outstanding Award, and/or any measure of performance that relates to an outstanding Award, including any applicable Performance Criteria. Any adjustment to ISOs under this Section 6(e) shall be made only to the extent not constituting a "modification" within the meaning of Section 424(h)(3) of the Code. With respect to Awards subject to Section 409A of the Code, any adjustments under this Section 6(e) shall conform to the requirements of Section 409A of the Code. Furthermore, with respect to Awards intended to qualify as "performance-based compensation" under Section 162(m) of the Code, such adjustments shall be made only to the extent that the Committee determines that such adjustments may be made without causing the Company to be denied a tax deduction on account of Section 162(m) of the Code. Notwithstanding anything set forth herein to the contrary, the Committee may, in its discretion, decline to adjust any Award made to a Participant, if it determines that such adjustment would violate applicable law or result in adverse tax consequences to the Participant or to the Company. If, as a result of any adjustment under this Section 6(e), a Participant would become entitled to a fractional Common Stock, the Participant has the right to acquire only the adjusted number of full shares of Common Stock and no payment or other adjustment will be made with respect to the fractional Common Stock so disregarded. Adjustments described under this Section 6(e) are subject to any applicable regulatory approvals.

7. Awards Under The Plan

Awards under the Plan may be granted as Options, SARs, Share Awards or Cash Awards as described below. Awards may be granted singly, in combination or in tandem as determined by the Committee, in its sole discretion.

- (a) Options. Options granted under the Plan shall be designated as Nonqualified Stock Options or ISOs. Options shall expire after such period, not to exceed a maximum of ten years, as may be determined by the Committee (the "Original Term"). If an Option is exercisable in installments, such installments or portions thereof that become exercisable shall remain exercisable until the Option expires or is otherwise canceled pursuant to its terms. Notwithstanding anything to the contrary in this Section 7(a), if the Original Term of an Option held by a Participant expires during a Blackout Period, the term of such Option shall be extended until the tenth Business Day following the end of the Blackout Period, at which time any unexercised portion of the Option shall expire. Except as otherwise provided in this Section 7(a), Options shall be subject to the terms, conditions, restrictions,

and limitations determined by the Committee, in its sole discretion, from time to time.

B-6

- (i) Exercise Price. The Committee shall determine the exercise price per share for each Option, which shall not be less than 100% of the Market Price (as of the date of grant) of the Common Stock subject to the Option.
- (ii) Exercise of Options. Upon satisfaction of the applicable conditions relating to vesting and exercisability, as determined by the Committee, and upon provision for the payment in full of the exercise price and applicable taxes due, the Participant shall be entitled to exercise the Option and receive the number of Common Stock issuable in connection with the Option exercise. The Common Stock issued in connection with the Option exercise may be subject to such conditions and restrictions as the Committee may determine, from time to time. The exercise price of an Option and applicable withholding taxes relating to an Option exercise may be paid by methods permitted by the Committee from time to time including, but not limited to, (1) a cash payment; (2) tendering (either actually or by attestation) Common Stock owned by the Participant (for any minimum period of time that the Committee, in its discretion, may specify), valued at the Market Price at the time of exercise; (3) arranging to have the appropriate number of shares of Common Stock issuable upon the exercise of an Option withheld or sold; or (4) any combination of the above. Additionally, the Committee may provide that a Nonqualified Stock Option may be “net exercised,” meaning that upon the exercise of an Option or any portion thereof, the Company shall deliver the number of whole shares of Common Stock equal to (A) the difference between (x) the aggregate Market Price of the Common Stock subject to the Option (or the portion of such Option then being exercised) and (y) the aggregate exercise price for all such Common Stock under the Option (or the portion thereof then being exercised) plus (to the extent it would not give rise to adverse accounting consequences pursuant to applicable accounting principles or to adverse tax consequences to the Participants) the amount of minimum withholding tax due upon exercise divided by (B) the Market Price of a share of Common Stock on the date of exercise. Any fractional share that would result from such equation shall be canceled.
- (iii) ISOs. The terms and conditions of ISOs granted hereunder shall be subject to the provisions of Section 422 of the Code and the terms, conditions, limitations and administrative procedures established by the Committee from time to time in accordance with the Plan. At the discretion of the Committee, ISOs may be granted only to an employee of the Company, its “parent corporation” (as such term is defined in Section 424(e) of the Code) or a Subsidiary.
 - (1) ISO Grants to 10% Shareholders. Notwithstanding anything to the contrary in this Section 7(a), if an ISO is granted to a Participant who owns shares representing more than ten percent of the voting power of all classes of shares of the Company, its “parent corporation” (as such term is defined in Section 424 (e) of the Code) or a Subsidiary, the term of the Option shall not exceed five years from the time of grant of such Option and the exercise price shall be at least 110 percent of the Market Price (as of the date of grant) of the Common Stock subject to the Option.
 - (2)

\$100,000 Per Year Limitation for ISOs. To the extent the aggregate Market Price (determined as of the date of grant) of the Common Stock for which ISOs are exercisable for the first time by any Participant during any calendar year (under all plans of the Company) exceeds \$100,000, such excess ISOs shall be treated as Nonqualified Stock Options.

- (3) Disqualifying Dispositions. Each Participant awarded an ISO under the Plan shall notify the Company in writing immediately after the date he or she makes a “disqualifying disposition” of any Common Stock acquired pursuant to the exercise of such ISO. A “disqualifying disposition” is any disposition (including any sale) of such Common Stock before the later of (i) two years after the date of grant of the ISO and (ii) one year after the date the Participant acquired the Common Stock by exercising the ISO. The Company may, if determined by the Committee and in accordance with procedures established by it, retain possession of any Common Stock acquired pursuant to the exercise of an ISO as agent for the applicable Participant until the end of the period described in the preceding sentence, subject to complying with any instructions from such Participant as to the sale of such shares.

- (b) Share Appreciation Rights. A SAR represents the right to receive a payment in cash, Common Stock, or a combination thereof, in an amount equal to the product of (1) the excess of the Market Price per share of Common Stock on the date the SAR is exercised over the exercise price per share of Common Stock of such SAR (which exercise price shall be no less than 100% of the Market Price of the Common Stock subject to the SAR as of the date the SAR was granted) and (2) the number of shares of Common Stock subject to the portion of the SAR being exercised. If a SAR is paid in Common Stock, the number of shares of Common Stock to be delivered will equal the amount determined to be payable in accordance with the prior sentence divided by the Market Price of a share of Common Stock at the time of payment. The Committee shall establish the Original Term of a SAR, which shall not exceed a maximum of ten years. Notwithstanding anything to the contrary in this Section 7(b), if the Original Term of a SAR held by the Participant expires during a Blackout Period, the term of such SAR shall be extended until the tenth Business Day following the end of the Blackout Period, at which time any unexercised portion of the SAR shall expire. Except as otherwise provided in this Section 7(b), SARs shall be subject to the terms, conditions, restrictions and limitations determined by the Committee, in its sole discretion, from time to time. A SAR may only be granted to an Eligible Recipient to whom an Option could be granted under the Plan.

- (c) Share Awards.

- (i) Form of Awards. The Committee may grant Awards that are payable in Common Stock or denominated in units equivalent in value to Common Stock or are otherwise based on or related to Common Stock (“Share Awards”), including, but not limited to, Share Payments, Restricted Shares, Deferred Shares, and Share Units. Share Awards shall be subject to such terms, conditions (including, without limitation, service-based and performance-based vesting conditions), restrictions and limitations as the Committee may determine to be applicable to such Share Awards, in its sole discretion, from time to time.

- (ii) Share Payment. If not prohibited by applicable law, the Committee may issue unrestricted Common Stock in such amounts and subject to such terms and conditions as the Committee shall from time to time in its sole discretion determine. A Share Payment may be granted as, or in payment of, a bonus (including, without limitation, any compensation that is intended to qualify as “performance-based compensation” for purposes of Section 162(m) of the Code), or to provide incentives or recognize special achievements or contributions.
 - (iii) Restricted Shares. Restricted Shares shall be subject to the terms, conditions, restrictions, and limitations determined by the Committee, in its sole discretion, from time to time. The number of Restricted Shares allocable to an Award under the Plan shall be determined by the Committee in its sole discretion.
 - (iv) Deferred Shares. Subject to Code Section 409A to the extent applicable, Deferred Shares shall be subject to the terms, conditions, restrictions and limitations determined by the Committee, in its sole discretion, from time to time. A Participant who receives an Award of Deferred Shares shall be entitled to receive the number of shares of Common Stock allocable to his or her Award, as determined by the Committee in its sole discretion, from time to time, at the end of a specified deferral period determined by the Committee. Awards of Deferred Shares represent only an unfunded, unsecured promise to deliver shares in the future and shall not give Participants any greater rights than those of an unsecured general creditor of the Company.
 - (v) Share Units. A Share Unit is an Award denominated in shares of Common Stock that may be settled either in Common Stock or in cash, in the discretion of the Committee, and, subject to Code Section 409A to the extent applicable, shall be subject to such other terms, conditions, restrictions and limitations determined by the Committee from time to time in its sole discretion.
 - (vi) Blackout Period. In the event that any Share Unit is scheduled by its terms to be delivered (the “Original Distribution Date”) during a Blackout Period, then, if the Participant is restricted from selling Shares during the Blackout Period, such shares subject to the Share Unit shall not be delivered on such Original Distribution Date and shall instead be delivered as soon as practicable following the expiration of the Blackout Period; provided, however, that in no event shall the delivery of the shares be delayed pursuant to this provision beyond the latest date on which such delivery could be made without violating Code Section 409A.
- (d) Cash Awards. The Committee may grant Awards that are payable to Participants solely in cash, as deemed by the Committee to be consistent with the purposes of the Plan, and, except as otherwise provided in this Section 7(d), such Cash Awards shall be subject to the terms, conditions, restrictions, and limitations determined by the Committee, in its sole discretion, from time to time. Awards granted pursuant to this Section 7(d) may be granted with value and payment contingent upon the achievement of Performance Criteria. The maximum amount that any Covered Employee may receive with respect to a Cash Award granted pursuant to this Section 7(d) in respect of any annual performance period is \$10,000,000 and for any other performance period, such amount multiplied by a fraction, the numerator of which is the number of months in the performance period and the denominator of which is twelve. Payments earned hereunder may be decreased or, with respect to any Participant who is not a Covered Employee, increased in the sole discretion of the Committee based on such factors as it deems appropriate. No payment shall be made to a Covered Employee under this Section 7(d) prior to the certification by the Committee that the Performance

Criteria have been attained. The Committee may establish such other rules applicable to Cash Awards to the extent not inconsistent with Section 162(m) of the Code.

- (e) Unless the applicable Award Agreement provides otherwise or the Committee determines otherwise, vesting with respect to an Award will cease upon termination of a Participant's employment or service with the Company, and unvested Awards shall be forfeited upon such termination. In the case of termination for Cause, vested Awards shall also be forfeited.

B-7

8. Dividends and Dividend Equivalents

The Committee may, in its sole discretion, provide that Share Awards shall earn dividends or dividend equivalents, as applicable. Such dividends or dividend equivalents may be credited to an account maintained on the books of the Company. Any payment or crediting of dividends or dividend equivalents will be subject to such terms, conditions, restrictions and limitations as the Committee may establish, from time to time, in its sole discretion, including, without limitation, reinvestment in additional Common Stock or common stock equivalents; provided, however, if the payment or crediting of dividends or dividend equivalents is in respect of a Share Award that is subject to Code Section 409A, then the payment or crediting of such dividends or dividend equivalents shall conform to the requirements of Code Section 409A and such requirements shall be specified in writing. Notwithstanding the foregoing, dividends or dividend equivalents may not be paid with respect to any Share Award subject to the achievement of Performance Criteria, unless and until the relevant Performance Criteria have been satisfied, and then only to the extent determined by the Committee, as specified in the Award Agreement.

9. Nontransferability

Awards granted under the Plan, and during any period of restriction on transferability, shares of Common Stock issued in connection with the exercise of an Option or a SAR, may not be sold, pledged, hypothecated, assigned, margined or otherwise transferred in any manner other than by will or the laws of descent and distribution, unless and until the shares underlying such Award have been issued, and all restrictions applicable to such shares have lapsed or have been waived by the Committee. No Award or interest or right therein shall be subject to the debts, contracts or engagements of a Participant or his or her successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law, by judgment, lien, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void, of no effect, and not binding on the Company in any way. Notwithstanding the foregoing, the Committee may, in its sole discretion, permit (on such terms, conditions and limitations as it may establish) Nonqualified Stock Options and/or shares issued in connection with an Option or a SAR exercise that are subject to restrictions on transferability, to be transferred to a member of a Participant's immediate family or to a trust or similar vehicle for the benefit of a Participant's immediate family members and Awards may be transferred to the extent required by a domestic relations order. During the lifetime of a Participant, all rights with respect to Awards shall be exercisable only by such Participant or, if applicable pursuant to the preceding sentence, a permitted transferee.

10. Change of Control

- (a) Unless otherwise determined in an Award Agreement, in the event of a Change of Control:
- (i) With respect to each outstanding Award that is assumed or substituted in connection with a Change of Control, in the event of a termination of a Participant's employment or service without Cause or by the Participant for Good Reason during the 12-month period following such Change of Control, (i) such Award shall become fully vested and exercisable, (ii) the restrictions, payment conditions, and forfeiture conditions applicable to any such Award granted shall lapse, and (iii) any performance conditions imposed with respect to Awards shall be deemed to be achieved at target performance levels.
 - (ii) With respect to each outstanding Award that is not assumed or substituted in connection with a Change of Control, immediately upon the occurrence of the Change of Control, (i) such Award shall become fully vested and exercisable, (ii) the restrictions, payment conditions, and forfeiture conditions applicable to any such Award granted shall lapse, and (iii) any performance conditions imposed with respect to Awards shall be deemed to be achieved at target performance levels.
 - (iii) For purposes of this Section 10, an Award shall be considered assumed or substituted for if, following the Change of Control, the Award remains subject to the same terms and conditions that were applicable to the Award immediately prior to the Change of Control except that, if the Award related to Common Stock, the Award instead confers the right to receive common stock of the acquiring entity.
 - (iv) Notwithstanding any other provision of the Plan, in the event of a Change of Control, the Committee (a) may, in its discretion provide that each Option and each SAR which may, by its terms, only be settled in shares shall, immediately prior to the occurrence of a Change of Control, be deemed to have been exercised on a "net exercise" basis; and (b) may, in its discretion, except as would otherwise result in adverse tax consequences under Code Section 409A, provide that each Award, other than Options and SARs which may, by their terms, only be settled in shares, shall, immediately upon the occurrence of a Change of Control, be cancelled in exchange for a payment in cash or securities in an amount equal to (i) the excess of the consideration paid per share of Common Stock in the

Change of Control over the purchase price (if any) per share of Common Stock subject to the Award multiplied by (ii) the number of shares of Common Stock then outstanding under the Award.

- (b) For purposes of this Agreement and, except to the extent as would result in a violation of Code Section 409A, a “Change of Control” shall be deemed to occur if and when the first of the following occurs:
- (i) the acquisition (other than from the Company), by any person (as such term is defined in Section 13(c) or 14(d) of the Exchange Act) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of fifty percent (50%) or more of the combined voting power of the Company’s then outstanding voting securities;
 - (ii) the individuals who, as of the date hereof, are members of the Board (the “Incumbent Board”), cease for any reason to constitute at least a majority of the Board, unless the election, or nomination for election by the Company’s shareholders, of any new director was approved by a vote of at least a majority of the Incumbent Board, and such new director shall be considered as a member of the Incumbent Board;
 - (iii) the closing of a merger or similar business combination (each, an “Business Combination”) involving the Company if (i) the shareholders of the Company, immediately before such Business Combination, do not, as a result of such Business Combination, own, directly or indirectly, more than fifty percent (50%) of the combined voting power of the then outstanding voting securities of the entity resulting from such Business Combination in substantially the same proportion as their ownership of the combined voting power of the voting securities of the Company outstanding immediately before such Business Combination or (ii) immediately following the Business Combination, the individuals who comprised the Board immediately prior thereto do not constitute at least a majority of the board of directors of the entity resulting from such Business Combination (or, if the entity resulting from such Business Combination is then a subsidiary, the ultimate parent thereof);
 - (iv) a complete liquidation or dissolution of the Company or the closing of an agreement for the sale or other disposition of all or substantially all of the assets of the Company.
- (c) Notwithstanding the foregoing, a Change of Control shall not be deemed to occur solely because fifty percent (50%) or more of the combined voting power of the Company’s then outstanding securities is acquired by (i) a trustee or other fiduciary holding securities under

one or more employee benefit plans maintained by the Company or any of its subsidiaries or (ii) any corporation which, immediately prior to such acquisition, is owned directly or indirectly by the shareholders of the Company in the same proportion as their ownership of shares in the Company immediately prior to such acquisition. In addition, notwithstanding the foregoing, solely to the extent required by Section 409A, a Change of Control shall be deemed to have occurred only if a change in the ownership or effective control of the Company or a change in ownership of a substantial portion of the assets of the Company shall also be deemed to have occurred under Section 409A.

B-9

11. Award Agreements

Each Award under the Plan shall be evidenced by an Award Agreement (as such may be amended from time to time) that sets forth the terms, conditions, restrictions and limitations applicable to the Award, including, but not limited to, the provisions governing vesting, exercisability, payment, forfeiture, and termination of employment, all or some of which may be incorporated by reference into one or more other documents delivered or otherwise made available to a Participant in connection with an Award.

12. Tax Withholding

Participants shall be solely responsible for any applicable taxes (including, without limitation, income, payroll and excise taxes) and penalties, and any interest that accrues thereon, which they incur in connection with the receipt, vesting or exercise of an Award. The Company and its Subsidiaries shall have the right to require payment of, or may deduct from any payment made under the Plan or otherwise to a Participant, or may permit shares to be tendered or sold, including Common Stock delivered or vested in connection with an Award, in an amount sufficient to cover withholding of any federal, state, local, foreign or other governmental taxes or charges required by law and to take such other action as may be necessary to satisfy any such withholding obligations. It shall be a condition to the obligation of the Company to issue Common Stock upon the exercise of an Option, or SAR, or upon settlement of a Share Award, that the Participant pay to the Company, on demand, such amount as may be requested by the Company for the purpose of satisfying any tax withholding liability. If the amount is not paid, the Company may refuse to issue shares.

13. Other Benefit and Compensation Programs

Awards received by Participants under the Plan shall not be deemed a part of a Participant's regular, recurring compensation for purposes of calculating payments or benefits from any Company benefit plan or severance program unless specifically provided for under the plan or program. Unless specifically set forth in an Award Agreement, Awards under the Plan are not intended as payment for compensation that otherwise would have been delivered in cash, and even if so intended, such Awards shall be subject to such vesting requirements and other terms, conditions and restrictions as may be provided in the Award Agreement.

14. Unfunded Plan

The Plan is intended to constitute an "unfunded" plan for incentive and deferred compensation. The Plan shall not establish any fiduciary relationship between the Company and any Participant or other Person. To the extent any Participant holds any rights by virtue of an Award granted under the Plan, such rights shall constitute general unsecured liabilities of the Company and shall not confer upon any Participant or any other Person any right, title, or interest in any assets of the Company.

15. Rights as a Shareholder

Unless the Committee determines otherwise, a Participant shall not have any rights as a shareholder with respect to Common Stock covered by an Award until the date the Participant becomes the holder of record with respect to such shares. No adjustment will be made for dividends or other rights for which the record date is prior to such date, except as provided in Section 8.

16. Future Rights

No Eligible Recipient shall have any claim or right to be granted an Award under the Plan. There shall be no obligation of uniformity of treatment of Eligible Recipients under the Plan. Further, the Company and its Subsidiaries may adopt other compensation programs, plans or arrangements as deemed appropriate or necessary. The adoption of the Plan, or grant of an Award, shall not confer upon any Eligible Recipient any right to continued employment or service in any particular position or at any particular rate of compensation, nor shall it interfere in any way with the right of the Company or a Subsidiary to terminate the employment or service of Eligible Recipients at any time, free from any claim or liability under the Plan.

17. Amendment and Termination

- (a) The Plan and any Award may be amended, suspended or terminated at any time by the Board, provided that no amendment shall be made without shareholder approval if such shareholder approval is required in order to comply with applicable law or the rules of the NASDAQ Global Market or any other securities exchange on which the Common Stock is traded or quoted. Except as otherwise provided in Section 10(a), no termination, suspension or amendment of the Plan or any Award shall adversely affect the right of any Participant with respect to any Award theretofore granted, as determined by the Committee, without such Participant's written consent.
- (b) Notwithstanding Section 17(a), the Company shall obtain shareholder approval for: (i) subject to Section 6(e), a reduction in the exercise price or purchase price of an Option or SAR (or the cancellation and re-grant of an Option or SAR resulting in a lower exercise price or purchase price or the cancellation of an Option or SAR for cash except as permitted by Section 10); (ii) any amendment to remove or to exceed the participation limits described in Section 6(d); (iii) an increase to the maximum number of shares of Common Stock issuable under the Plan pursuant to Section 6(a) (other than adjustments in accordance with Section 6(e)); (iv) amendments to this Section 17 other than amendments of a clerical nature; and (v) any amendment that permits Awards to be transferable or assignable other than for normal estate settlement purposes or for other purposes not involving the receipt of monetary consideration.

18. Successors and Assigns

The Plan and any applicable Award Agreement shall be binding on all successors and assigns of a Participant, including, without limitation, the estate of such Participant and the executor, administrator or trustee of such estate, or any receiver or trustee in bankruptcy or representative of the Participant's creditors.

19. Governing Law

The Plan and all agreements entered into under the Plan shall be governed, construed and administered in accordance with the laws of the State of Maryland.

20. Interpretation

The Plan is designed and intended, to the extent applicable, to comply with Section 162(m) of the Code, and to provide for grants and other transactions which are exempt under Rule 16b-3, and all provisions hereof shall be construed in a manner to so comply. Awards under the Plan are also intended to comply with Code Section 409A to the extent subject thereto, and the Plan and all Awards shall be interpreted in accordance with Code Section 409A and Treasury Regulations and other interpretive guidance issued thereunder, including without limitation any such regulations or other guidance that may be issued after the effective date of the Plan. Notwithstanding any provision in the Plan to the contrary, no payment or distribution under this Plan that constitutes an item of deferred compensation under Code Section 409A and becomes payable by reason of a Participant's termination of employment or service with the Company shall be made to such Participant until such Participant's termination of employment or service constitutes a Separation from Service. For purposes of this Plan, each amount to be paid or benefit to be provided shall be construed as a separate identified payment for purposes of Code Section 409A. If a participant is a Specified Employee, then to the extent necessary to avoid the imposition of taxes under Code Section 409A, such Participant shall not be entitled to any payments upon a termination of his or her employment or service until the earlier of: (i) the expiration of the six (6)-month period measured from the date of such Participant's Separation from Service or (ii) the date of such Participant's death. Upon the expiration of the applicable waiting period set forth in the preceding sentence, all payments and benefits deferred pursuant to this Section 20 (whether they would have otherwise been payable in a single lump sum or in installments in the absence of such deferral) shall be paid to such Participant in a lump sum as soon as practicable, but in no event later than sixty (60) calendar days, following such expired period, and any remaining payments due under this Plan will be paid in accordance with the normal payment dates specified for them herein. Notwithstanding any provision of the Plan to the contrary, in no event shall the Company or any affiliate be liable to a Participant on account of an Award's failure to (i) qualify for favorable U.S. or foreign tax treatment or (ii) avoid adverse tax treatment under U.S. or foreign law, including, without limitation, Section 409A of the Code.
