All the securities being registered hereby are offered for the
(1) account of certain selling shareholders who acquired such
shares in private transactions.

Pursuant to Rule 416 under the Securities Act of 1933 (the
“Securities Act”), as amended, this Registration Statement also
(2) covers such additional number of our ordinary shares, Series C
shares and Series E shares as may be issuable from time to time
as a result of stock splits, stock dividends, capitalizations or
similar events.

Estimated solely for the purposes of calculating the registration
fee. Pursuant to Rule 457(c) under the Securities Act, the
registration fee for the ordinary shares was calculated based
upon the average of the high and low prices, as reported by the
(3) NASDAQ Global Select Market, for our ordinary shares on
October 4, 2017. Because there is no market for the Series C
shares and Series E shares, and since such securities are
economically equivalent to the ordinary shares, the registration
fee for the Series C shares and Series E shares was also
calculated based upon such average.

Includes up to 2,599,672 ordinary shares issuable upon
conversion of our Series C shares, up to 404,771 ordinary
(4) shares issuable upon conversion of our Series E shares and up
to 175,901 ordinary shares issuable upon conversion of our
Series C shares following the exercise of outstanding warrants.

No separate consideration will be received for the ordinary
shares issuable upon conversion of the Series C shares or Series
(5) E shares, and therefore, pursuant to Rule 457(i) under the
Securities Act, no separate registration fee is required in
connection with that portion of the ordinary shares being
registered hereby.

(6) Previously paid.

(7) Includes up to 175,901 Series C shares issuable upon exercise
of outstanding warrants.

The registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effectiveness until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with section 8(a) of the Securities Act of 1933 or until the registration statement shall become effective on such date as the Commission acting pursuant to said section 8(a), may determine.

The information contained in this prospectus is not complete and may be changed. The selling shareholders identified in this prospectus may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

References in this prospectus to “Enstar,” “we,” “us,” “our,” the “Company” or similar references mean Enstar Group Limited and its subsidiaries. References to “ordinary shares” refer to the Company’s ordinary voting shares, par value \$1.00 per share. References to “Series C shares” refer to the Company’s Series C non-voting ordinary shares, par value \$1.00 per share. References to “Series E shares” refer to the Company’s Series E non-voting ordinary shares, par value \$1.00 per share. References to “warrants” refer to the outstanding warrants to acquire 175,901 Series C shares for an exercise price of \$115.00 per share, subject to certain adjustments. Because the warrants may be exercised for cash or on a cashless basis, the number of Series C shares issuable upon exercise of outstanding warrants (and the number of ordinary shares issuable upon conversion of the Series C shares) cannot be determined until the warrants are exercised. Accordingly, for purposes of this prospectus, we have assumed that the warrants are exercised for cash and the maximum number of shares issuable upon exercise have been issued.

Neither we nor the selling shareholders have authorized anyone else to provide you with any information other than the information contained or incorporated by reference in this prospectus and any applicable prospectus supplement. The Securities are not being offered in any jurisdiction where the offer or sale is not permitted. You should not assume that the information contained in this prospectus and any accompanying prospectus supplement is accurate on any date subsequent to the date set forth on the front of the document or that any information we have incorporated by reference is correct on any date subsequent to the date of the document incorporated by reference, even though this prospectus and any accompanying prospectus supplement is delivered or Securities are sold on a later date.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement on Form S-3 that we filed with the Securities and Exchange Commission (the “SEC”) using the “shelf” registration process. Under this shelf registration process, the selling shareholders may, from time to time, sell the offered securities in one or more offerings or resales.

In certain circumstances, we may provide a prospectus supplement that will contain specific information about the terms of a particular offering by one or more of the selling shareholders. We may also provide a prospectus supplement to add information to, or update or change information contained in, this prospectus. To the extent there is a conflict between the information contained in this prospectus and the prospectus supplement, you should rely on the information in the prospectus supplement, provided that if any statement in one of these documents is inconsistent with a statement in another document having a later date - for example, a document incorporated by reference in this prospectus or any prospectus supplement - the statement in the later-dated document modifies or supersedes the earlier statement.

The rules of the SEC allow us to incorporate by reference information into this prospectus. This information incorporated by reference is considered to be a part of this prospectus, and information that we file later with

the SEC, to the extent incorporated by reference, will automatically update and supersede this information. See “Incorporation of Certain Information by Reference.” You should read both this prospectus and any applicable prospectus supplement together with the additional information about our company to which we refer you in the section of this prospectus entitled “Where You Can Find More Information.”

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference herein contain statements that constitute “forward-looking statements” within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), with respect to our financial condition, results of operations, business strategies, operating efficiencies, competitive positions, growth opportunities, plans and objectives of our management, as well as the markets for our securities and the insurance and reinsurance sectors in general. Statements that include words such as “estimate,” “project,” “plan,” “intend,” “expect,” “anticipate,” “believe,” “would,” “should,” “could” and similar statements of a future or forward-looking nature identify forward-looking statements for purposes of the federal securities laws or otherwise. All forward-looking statements are necessarily estimates or expectations, and not statements of historical fact, reflecting the best judgment of our management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward looking statements should, therefore, be considered in light of various important factors, including those set forth in this prospectus and the documents incorporated by reference herein.

Factors that could cause actual results to differ materially from those suggested by the forward looking statements include, but are not limited to, the following:

- risks associated with implementing our business strategies and initiatives;
- risks that we may require additional capital in the future, which may not be available or may be available only on unfavorable terms;
- the adequacy of our loss reserves and the need to adjust such reserves as claims develop over time;
- risks relating to the availability and collectability of our reinsurance;
- changes and uncertainty in economic conditions, including interest rates, inflation, currency exchange rates, equity markets and credit conditions, which could affect our investment portfolio, our ability to finance future acquisitions and our profitability;
- the risk that ongoing or future industry regulatory developments will disrupt our business, affect the ability of our subsidiaries to operate in the ordinary course or to make distributions to us, or mandate changes in industry practices in ways that increase our costs, decrease our revenues or require us to alter aspects of the way we do business;
- losses due to foreign currency exchange rate fluctuations;
- increased competitive pressures, including the consolidation and increased globalization of reinsurance providers;
- emerging claim and coverage issues;
- lengthy and unpredictable litigation affecting assessment of losses and/or coverage issues;
- loss of key personnel;
- the ability of our subsidiaries to distribute funds to us and the resulting impact on our liquidity;
- our ability to comply with covenants in our debt agreements;
- changes in our plans, strategies, objectives, expectations or intentions, which may happen at any time at management’s discretion;

operational risks, including system, data security or human failures and external hazards;
risks relating to our acquisitions, including our ability to continue to grow, successfully price acquisitions, evaluate opportunities, address operational challenges, support our planned growth and assimilate acquired companies into our internal control system in order to maintain effective internal controls, provide reliable financial reports and prevent fraud;
risks relating to our ability to obtain regulatory approvals, including the timing, terms and conditions of any such approvals, and to satisfy other closing conditions in connection with our acquisition and disposition agreements, which could affect our ability to complete acquisitions;
risks relating to our active underwriting businesses, including unpredictability and severity of catastrophic and other major loss events, failure of risk management and loss limitation methods, the risk of a ratings downgrade or withdrawal, cyclical demand and pricing in the insurance and reinsurance markets;
our ability to implement our strategies relating to our active underwriting businesses;
risks relating to our life and annuities business, including mortality and morbidity rates, lapse rates, the performance of assets to support the insured liabilities, and the risk of catastrophic events;
risks relating to our investments in life settlements contracts, including that actual experience may differ from our assumptions regarding longevity, cost projections, and risk of non-payment from the insurance carrier;
risks relating to our subsidiaries with liabilities arising from legacy manufacturing operations;
risks relating to the performance of our investment portfolio and our ability to structure our investments in a manner that recognizes our liquidity needs;
tax, regulatory or legal restrictions or limitations applicable to us or the insurance and reinsurance business generally;
changes in tax laws or regulations applicable to us or our subsidiaries, or the risk that we or one of our non-U.S. subsidiaries become subject to significant, or significantly increased, income taxes in the United States or elsewhere;
changes in Bermuda law or regulation or the political stability of Bermuda; and
changes in accounting policies or practices.

The factors listed above should be not construed as exhaustive and should be read in conjunction with the risks and uncertainties referred to in the "Risk Factors" section below. We undertake no obligation to publicly update or review any forward looking statement, whether to reflect any change in our expectations with regard thereto, or as a result of new information, future developments or otherwise, except as required by law.

PROSPECTUS SUMMARY

This prospectus relates to the offer and possible resale by the selling shareholders identified in this prospectus of up to an aggregate of (i) 8,205,979 of our voting ordinary shares, par value \$1.00 per share (the “ordinary shares”) (including up to 2,599,672 ordinary shares issuable upon conversion of our Series C non-voting ordinary shares, par value \$1.00 per share (the “Series C shares”), up to 404,771 ordinary shares issuable upon conversion of our Series E non-voting ordinary shares, par value \$1.00 per share (the “Series E shares” and, together with the ordinary shares and the Series C shares, the “Securities”), and up to 175,901 ordinary shares issuable upon conversion of our Series C shares following the exercise of outstanding warrants (“warrants”)), (ii) 2,775,573 Series C shares (including up to 175,901 Series C shares issuable upon exercise of outstanding warrants), and (iii) 404,771 Series E shares.

Each of the selling shareholders identified in this prospectus holds piggyback registration rights with respect to the Securities, either as a party to one of our registration rights agreements or by virtue of assignment thereof. The Company has agreed to file this prospectus to register the offer and possible resale of certain of the selling shareholders’ Securities in exchange for the selling shareholders’ waiver of their rights to have such Securities included on any other registration statement filed by the Company, including the “shelf” registration statement on Form S-3 with respect to the Company’s ordinary shares, preference shares, depositary shares, debt securities, purchase contracts and units, warrants, and units filed with the SEC on October 10, 2017, for as long as the registration statement of which this prospectus forms a part is effective.

We are not selling any Securities under this prospectus and will not receive any proceeds from the sale of our Securities by the selling shareholders, although we could receive up to \$20,228,615 upon exercise of outstanding warrants. Any amounts we receive from such exercises will be used for general corporate purposes, including, but not limited to, funding for acquisitions, working capital and other business opportunities. See “Use of Proceeds.”

You should carefully read the entire prospectus, including the information set forth in the section entitled “Risk Factors” and the information that is incorporated by reference into this prospectus before making your investment decision. See the sections entitled “Where You Can Find More Information” for a further discussion on incorporation by reference. Enstar Group Limited, or Enstar, is a Bermuda-based holding company that was formed in 2001. Enstar is a multi-faceted insurance group that offers innovative capital release solutions and specialty underwriting capabilities through its network of group companies in Bermuda, the United States, the United Kingdom, Continental Europe, Australia, and other international locations. Our ordinary shares are listed on the NASDAQ Global Select Market under the ticker symbol “ESGR.” Our principal executive offices are located at Windsor Place, 3rd Floor, 22 Queen Street, Hamilton HM 11, Bermuda, and our telephone number is (441) 292-3645.

RISK FACTORS

Investment in our securities involves risks. Before you invest in the Securities, you should carefully consider the risk factors below and the risk factors (including the risks relating to ownership of our ordinary shares) incorporated into this prospectus by reference to our Annual Report on Form 10-K for the year ended December 31, 2016, our Quarterly Report on Form 10-Q for the quarter ended September 30, 2017, and the other information contained in this prospectus, as updated by our subsequent filings under the Exchange Act, as well as any risk factors and other information contained in any applicable prospectus supplement. The occurrence of any of the events described in the risk factors might cause you to lose all or part of your investment in the Securities. Please also refer to the section above entitled “Cautionary Statement Regarding Forward-Looking Statements.”

Risks Relating to Ownership of our Series C shares and Series E shares

It is unlikely that an active trading market for the Series C shares or Series E shares will develop.

The Series C shares and Series E shares will not be a liquid investment because no public trading market currently exists for such securities and it is unlikely that such a market will develop. The Series C shares and Series E shares are not listed on any securities exchange, and we do not intend to list them on any such exchange. Investors seeking liquidity will generally be limited to selling their Series C shares and Series E shares in the secondary market or selling the underlying ordinary shares, to the extent the conversion mechanic is available. It is unlikely that an active trading market in the Series C shares or Series E shares will develop and, even if it develops, we cannot assure you that it will last.

Holder s of the Series C shares and Series E shares have limited voting rights.

Holder s of the Series C shares will not receive any voting rights, including the right to elect any directors, other than limited voting rights as required by Bermuda law and with respect to matters constituting a variation of class rights.

Holder s of the Series E shares may only vote as required by Bermuda law. This characteristic means that the Series C shares and Series E shares have a limited say in the affairs of the business.

Holder s of Series C shares and Series E shares may not be able to convert such shares into ordinary shares.

Our Series C shares and Series E shares automatically convert at a one-for-one exchange ratio (subject to adjustment for share splits, dividends, recapitalizations, consolidations or similar transactions) into ordinary shares if the registered holder transfers them in a widely dispersed offering, which is defined in our Bye-Laws as (i) a widespread public distribution, (ii) a transfer in which no transferee (or group of associated transferees) would receive 2% or more of any class of voting shares of the Company or (iii) a transfer to a transferee that would control more than 50% of the voting shares of the Company without any transfer from the holder. Therefore, holders do not have the ability to convert Series C shares or Series E shares and maintain ownership over such shares or convert Series C shares or Series E shares in any transfer that is not a widely dispersed offering. Whether any particular sale in this offering constitutes a widely dispersed offering, and thus triggers conversion, will depend on the facts of the particular sale and cannot be determined at this time. To the extent any Series C shares or Series E shares are sold in a transfer that is not a widely dispersed offering, because they are economically equivalent to our ordinary shares, we expect that the price at which such securities are sold will be determined with reference to the market price of our ordinary shares. If such securities are sold at a price other than the market price of our ordinary shares, we will disclose any discount or premium, and any relevant methodology used to determine the offering price, in one or more prospectus supplements.

Shareholders who own our Series C shares or Series E shares may have more difficulty in protecting their interests than shareholders of a U.S. corporation.

The Bermuda Companies Act of 1981 (the “Companies Act”), which applies to us, differs in certain material respects from laws generally applicable to U.S. corporations and their shareholders. As a result of these differences, shareholders who own our shares may have more difficulty protecting their interests than shareholders who own shares of a U.S. corporation. For example, class actions and derivative actions are generally not available to shareholders under Bermuda law. Under Bermuda law, only shareholders holding collectively 5% or more of our outstanding ordinary shares or numbering 100 or more are entitled to propose a resolution at our general meeting. We do not intend to pay cash dividends on the Series C shares or Series E shares.

We do not intend to pay a cash dividend on our Series C shares or Series E shares. Rather, we intend to use any retained earnings to fund the development and growth of our business. From time to time, our board of directors will review our alternatives with respect to our earnings and seek to maximize value for our shareholders. In the future, we may decide to commence a dividend program for the benefit of our shareholders. Any future determination to pay dividends will be at the discretion of our board of directors and will be limited by our position as a holding company that lacks direct operations, the results of operations of our subsidiaries, our financial condition, cash requirements and prospects and other factors that our board of directors deems relevant. In addition, there are significant regulatory and other constraints that could prevent us from paying dividends in any event.

Our board of directors may decline to register a transfer of the Series C shares or Series E shares under certain circumstances.

Our board of directors may decline to register a transfer of Series C shares or Series E shares, including a transfer pursuant to this offering, under certain circumstances, including if it has reason to believe that any non-de minimis adverse tax, regulatory or legal consequences to us, any of our subsidiaries or any of our shareholders may occur as a result of such transfer. Further, our bye-laws provide us with the option to repurchase, or to assign to a third party the right to purchase, the minimum number of shares necessary to eliminate any such non-de minimis adverse tax, regulatory or legal consequence. In addition, our board of directors may decline to approve or register a transfer of shares unless all applicable consents, authorizations, permissions or approvals of any governmental body or agency in Bermuda, the United States, the United Kingdom or any other applicable jurisdiction required to be obtained prior to such transfer shall have been obtained. The proposed transferor of any shares will be deemed to own those shares for dividend, voting and reporting purposes until a transfer of such shares has been registered on our shareholders register. It is our understanding that while the precise form of the restrictions on transfer contained in our bye-laws is untested, as a matter of general principle, restrictions on transfers are enforceable under Bermuda law and are not uncommon. These restrictions on transfer may also have the effect of delaying, deferring or preventing a change in control.

USE OF PROCEEDS

We are not selling any Securities under this prospectus and will not receive any proceeds from the sale of our Securities by the selling shareholders, although we could receive up to \$20,228,615 upon exercise of outstanding warrants. Any amounts we receive from such exercises will be used for general corporate purposes, including, but not limited to, funding for acquisitions, working capital and other business opportunities.

SELLING SHAREHOLDERS

This prospectus relates to the possible resale by the selling shareholders identified in the table below of up to an aggregate of (i) 8,205,979 of our ordinary shares (including up to 2,599,672 ordinary shares issuable upon conversion of our Series C shares, up to 404,771 ordinary shares issuable upon conversion of our Series E shares, and up to 175,901 ordinary shares issuable upon conversion of our Series C shares following the exercise of outstanding warrants), (ii) 2,775,573 Series C shares (including up to 175,901 Series C shares issuable upon the exercise of outstanding warrants), and (iii) 404,771 Series E shares. Each of the selling shareholders identified in this prospectus holds piggyback registration rights with respect to the Securities, either as a party to one of our registration rights agreements or by virtue of assignment thereof. The Company has agreed to file this prospectus to register the offer and possible resale of certain of the selling shareholders' Securities in exchange for the selling shareholders' waiver of their rights to have such Securities included on any other registration statement filed by the Company, including the "shelf" registration statement on Form S-3 with respect to the Company's ordinary shares, preference shares, depository shares, debt securities, purchase contracts and units, warrants, and units filed with the SEC on October 10, 2017, for as long as the registration statement of which this prospectus forms a part is effective.

The Series C shares and Series E shares will automatically convert into ordinary shares upon their transfer in a widely dispersed offering, which includes a widespread public distribution or a transfer in which no transferee (or group of associated transferees) would receive 2% or more of any class of our voting shares. Whether any particular sale in this offering constitutes a widely dispersed offering, and thus triggers conversion, will depend on the facts of the particular sale and cannot be determined at this time. The Series C shares and Series E shares will initially convert at a one-to-one ratio, subject to adjustments for share subdivisions, splits, combinations and similar events. With respect to the Series C shares issuable upon exercise of warrants, there are warrants outstanding to purchase 175,901 Series C shares at an exercise price of \$115.00 per share, subject to certain adjustments. The warrant holders may also, at their election, satisfy the exercise price of the warrants on a cashless basis by surrender of shares otherwise issuable upon exercise of the warrants in accordance with a formula set forth in the warrants. For purposes of this prospectus, we have assumed that all outstanding warrants are exercised for cash. We have also assumed for purposes of calculating the total number of ordinary shares beneficially held and/or offered hereby that all Series C shares and Series E shares, including those Series C shares issuable upon exercise of outstanding warrants, will convert on a one-to-one basis into ordinary shares pursuant to their terms. For a full description of the terms of the warrants, the Series C shares and the Series E shares, see the Form of Warrant and our Bye-Laws, each of which has been filed with the SEC as an exhibit to the registration statement of which this prospectus is a part.

The following tables set forth, as of November 8, 2017:

• The names of the selling shareholders for whom we are registering the Securities;

• The number of ordinary shares that the selling shareholders beneficially owned prior to the offering for resale of the Securities under this prospectus;

• The number of ordinary shares that may be offered for resale for the account of the selling shareholders pursuant to this prospectus (which includes ordinary shares that are issuable upon conversion of our Series C shares and Series E shares, and upon exercise of outstanding warrants);

¶The number of ordinary shares to be beneficially owned by the selling shareholders after the offering of the Securities;
 •The number of Series C shares (including Series C shares issuable upon exercise of outstanding warrants) that the selling shareholders beneficially owned prior to the offering for resale of the Securities under this prospectus;
 ¶The number of Series C shares to be beneficially owned by the selling shareholders after the offering of the Securities;
 •The number of Series E shares that the selling shareholders beneficially owned prior to the offering for resale of the Securities under this prospectus; and
 ¶The number of Series E shares to be beneficially owned by the selling shareholders after the offering of the Securities.

The number of Securities beneficially owned after this offering assumes that all Securities covered by this prospectus will be sold by the selling shareholders and that no additional Securities or securities convertible into or exchangeable for Securities are subsequently bought or sold by the selling shareholders. However, because the selling shareholders may offer from time to time all, some or none of the Securities covered by this prospectus, or in another permitted manner, and because warrant holders may exercise warrants on a cashless basis, no assurances can be given as to the actual number of Securities that will be sold by the selling shareholders or that will be beneficially owned by the selling shareholders after completion of the sales. In addition, we do not know how long the selling shareholders will hold their Securities before selling them. The percent of ordinary shares beneficially owned after this offering is based on 16,423,896 ordinary shares outstanding as of November 8, 2017 .

Beneficial ownership is determined according to the rules of the SEC, which generally provide that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power over that security, including Securities that are currently convertible or exercisable or convertible or exercisable within 60 days of the date of this prospectus.

This table is prepared solely based on information supplied to us by the listed selling shareholders, any Schedules 13D or 13G and other public documents filed with the SEC.

PLAN OF DISTRIBUTION

Additional selling shareholders not named in this prospectus may not be able to use this prospectus for resales until they are named in the selling shareholders table by prospectus supplement or post-effective amendment. Transferees, successors and donees of identified selling shareholders may not be able to use this prospectus for resales until they are named in the selling shareholders table by prospectus supplement or post-effective amendment. If required, we may add transferees, successors and donees by prospectus supplement in instances where the transferee, successor or donee has acquired its Securities from holders named in this prospectus after the effective date of this prospectus. See "Selling Shareholders."

Any or all of the selling shareholders may offer the Securities from time to time, either in increments or in a single transaction. The selling shareholders may also decide not to sell all the Securities they are allowed to sell under this prospectus. The selling shareholders will act independently of us in making decisions with respect to the timing, manner and size of each sale.

The selling shareholders and any of their pledgees, donees, transferees, assignees and successors-in-interest may, from time to time, sell any or all of their Securities on any stock exchange, market or trading facility on which the Securities are traded or quoted, in the over the counter market or in private transactions. These sales may be at market prices prevailing at the time of sale, at prices related to such prevailing market prices, at fixed prices or negotiated prices. The selling shareholders may use any one or more of the following methods when selling the Securities:

- ordinary brokerage transactions and transactions in which a broker-dealer solicits purchasers;
- block trades in which a broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- to cover short sales made after the date that this registration statement becomes effective;
- an agreement with broker-dealers to sell as agent for the selling shareholders a specified number of such shares at a stipulated price per share or otherwise at the prevailing market price;
- through put or call options, including the writing of exchange-traded call options, or other hedging transactions related to ordinary shares;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

Certain of the selling shareholders may enter into hedging transactions from time to time in which a selling shareholder may:

- enter into transactions with a broker-dealer or any other person in connection with which such broker-dealer or other person will engage in short sales of Securities, in which case such broker-dealer or other person may use Securities received from the selling shareholder to close out its short positions;
- sell Securities short and re-deliver Securities offered by this prospectus to close out its short positions or to close out stock loans incurred in connection with its short positions;

enter into option or other types of transactions that require the selling shareholder to deliver Securities to a broker-dealer or any other person, who will then resell or transfer the Securities under this prospectus; or loan or pledge the Securities to a broker-dealer or any other person, who may sell the loaned Securities or, in an event of default in the case of a pledge, sell the pledged Securities under this prospectus.

The selling shareholders may also sell Securities under any available exemption to the registration requirements of the Securities Act, including but not limited to Rule 144 and Regulation S under the Securities Act, rather than under this prospectus.

Resales by selling shareholders may be made directly to investors or through securities firms acting as underwriters, brokers or dealers. Broker-dealers engaged by the selling shareholders may arrange for other broker-dealers to participate in sales. When resales are to be made through a securities firm, the securities firm may be engaged to act as the selling shareholder's agent in the resale of the Securities by the selling shareholder, or the securities firm may purchase Securities from the selling shareholder as principal and thereafter resell those Securities from time to time. Securities firms may, to the extent permissible, receive commissions or discounts from the selling shareholders (or, if any broker-dealer acts as agent for the purchaser of Securities, from the purchaser) in amounts to be negotiated. The selling shareholders do not expect these commissions and discounts, if any, to exceed what is customary in the types of transactions involved.

Certain of the selling shareholders may from time to time pledge or grant a security interest in some or all of the Securities owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell Securities from time to time under this prospectus, or under an amendment to this prospectus or a prospectus supplement to include the pledgee, transferee or other successors in interest as selling shareholders under this prospectus.

The selling shareholders and any broker-dealers or agents that are involved in selling the Securities may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the Securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Discounts, concessions, commissions and similar selling expenses, if any, that can be attributed to the sale of Securities sold hereunder will be paid by the selling shareholder and/or the purchasers.

If a selling shareholder uses this prospectus for any sale of Securities, it will be subject to the prospectus delivery requirements of the Securities Act. The selling shareholders will be responsible for complying with the applicable provisions of the Securities Act and Exchange Act, and the rules and regulations thereunder promulgated, including, without limitation, Regulation M, as applicable to such selling shareholders in connection with resales of their respective Securities under this prospectus.

We have agreed to indemnify the selling shareholders and their affiliates against certain losses, claims, damages and liabilities, including liabilities under the Securities Act. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the Company pursuant to the foregoing provisions, the Company has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

DESCRIPTION OF SECURITIES

The following description of the Securities and the provisions of our memorandum of association and fourth amended and restated bye-laws are only summaries of their material terms and the provisions relating to our share capital and are qualified by reference to the complete text of the memorandum of association and bye-laws, copies of which have been filed with the SEC as exhibits to the registration statement of which this prospectus is a part. For information on how to obtain copies of the memorandum of association and bye-laws, see “Where You Can Find More Information.”

Ordinary Shares

Holders of our ordinary shares have no preemptive, redemption, conversion or sinking fund rights. Subject to the limitation on voting rights described below, holders of our ordinary shares are entitled to one vote per share on all matters submitted to a vote of shareholders.

Most matters to be approved by our shareholders require approval by a simple majority vote, subject to the limitation described below in “-Limitation on Voting Power of Shares.” Under the Companies Act, the holders of at least 75% of our shares voting in person or by proxy at a meeting (including non-voting shares) generally must approve an amalgamation or merger with another company. In addition, the Companies Act provides that a resolution to remove our auditor before the expiration of its term of office must be approved by at least two-thirds of the votes cast at a meeting of our shareholders. The quorum for any meeting of our shareholders is two or more persons present in person throughout the meeting and representing in person or by proxy in excess of 50% of our total issued voting shares.

Our board of directors has the power to approve our discontinuation from Bermuda to another jurisdiction. In accordance with the Companies Act, the rights attached to any class of shares (unless otherwise provided by the terms of issue of the shares of that class) may, whether or not we are being wound-up, be varied with the consent in writing of the holders of 75% of the issued shares of that class or with the sanction of a resolution passed by a majority of the votes cast at a separate general meeting of the holders of the shares of the class at which meeting the necessary quorum shall be two persons at least holding or representing by proxy one-third of the issued shares of the class. In the event of our liquidation, dissolution or winding-up, the holders of our ordinary shares are entitled to share equally and ratably on a pari passu basis with the non-voting convertible ordinary shares and any participating shares in the surplus of our assets, if any, remaining after the payment of all its debts and liabilities and the liquidation preference of any outstanding preference shares. Holders of ordinary shares are entitled to such dividends as our board of directors may from time to time declare on a pari passu basis with the non-voting convertible ordinary shares.

Series C Shares and Series E Shares

Holders of our Series C shares and Series E shares have no pre-emptive, redemption or sinking fund rights and are generally entitled to enjoy all of the rights attaching to ordinary shares, but are not entitled to vote other than in certain limited situations, including the approval of an amalgamation or merger (see “-Ordinary Shares”).

As of November 8, 2017, 2,599,672 Series C shares and 404,771 Series E shares were outstanding. The Series C shares were originally issued in connection with investment transactions in 2011. The Series C shares: (i) have all of the economic rights (including dividend rights) attaching to voting ordinary shares but are non-voting except in certain limited circumstances; (ii) may only vote on certain limited matters that would constitute a variation of class rights and as required under Bermuda law, provided that the aggregate voting power of the Series C shares with respect to any merger, consolidation or amalgamation will not exceed 0.01% of the aggregate voting power of our issued share capital; and (iii) require the registered holders’ written consent in order to vary the rights of the shares in a significant and adverse manner.

Each Series C share and Series E share shall be automatically converted into one ordinary share, subject to any necessary adjustments for any share splits, dividends, recapitalizations, consolidations or similar transactions occurring in respect of our ordinary shares or our non-voting convertible ordinary shares after

the date of the adoption of our bye-laws, only upon the transfer by the registered holder of such non-voting convertible ordinary share, whether or not for value, to a third party in a Widely Dispersed Offering. As used herein, “Widely Dispersed Offering” means (i) a widespread public distribution, (ii) a transfer in which no transferee (or group of associated transferees) would receive 2% or more of any class of voting shares of the Company or (iii) a transfer to a transferee that would control more than 50% of the voting shares of the Company without any transfer from the holder. Whether any particular sale in this offering constitutes a Widely Dispersed Offering, and thus triggers conversion, will depend on the facts of the particular sale and cannot be determined at this time. To the extent any Series C shares or Series E shares are sold in a transfer that is not a Widely Dispersed Offering, because they are economically equivalent to our ordinary shares, we expect that the price at which such securities are sold will be determined with reference to the market price of our ordinary shares. If such securities are sold at a price other than the market price of our ordinary shares, we will disclose any discount or premium, and any relevant methodology used to determine the offering price, in one or more prospectus supplements.

Holders of the Series C shares also have the right to convert such shares, on a share-for-share basis, subject to certain adjustments, into our Series D non-voting convertible ordinary shares at their option. There is no economic difference in Series C or D shares, but there are slight differences in the conversion rights and the limited voting rights of each series.

The Series E shares have substantially the same rights as the Series C shares, except that the Series E shares may only vote as required under Bermuda law. The Series E shares include all other non-voting convertible ordinary shares authorized under our bye-laws but not classified as Series A, B, C or D non-voting convertible ordinary shares. Certain of the Series C shares and ordinary shares we are registering are issuable upon the exercise of outstanding warrants. The warrant holders may acquire Series C shares for an exercise price of \$115.00 per share, subject to certain adjustments. The warrant holders may also, at their election, satisfy the exercise price of the warrants on a cashless basis by surrender of shares otherwise issuable upon exercise of the warrants in accordance with a formula set forth in the warrants.

Change of Control and Related Provisions of Our Memorandum of Association and Bye-Laws

A number of provisions in our memorandum of association and bye-laws and under Bermuda law may make it more difficult to acquire control of the Company. These provisions may have the effect of delaying, deferring, discouraging, preventing or rendering more difficult a future takeover attempt which is not approved by our board of directors but which individual shareholders may deem to be in their best interests or in which our shareholders may receive a substantial premium for their shares over then current market prices. As a result, those of our shareholders who might desire to participate in such a transaction may not have an opportunity to do so. In addition, these provisions may adversely affect the prevailing market price of our ordinary shares and our non-voting convertible ordinary shares.

These provisions are intended to:

- enhance the likelihood of continuity and stability in the composition of our board of directors;
- discourage some types of transactions that may involve an actual or threatened change in control of the Company;
- discourage certain tactics that may be used in proxy fights;
- ensure that our board of directors will have sufficient time to act in what the board believes to be in the best interests of the Company and our shareholders; and
- encourage persons seeking to acquire control of the Company to consult first with our board to negotiate the terms of any proposed business combination or offer.

Limitation on Voting Power of Shares

Holders of our Series C shares and Series E shares are generally not entitled to vote. Except as provided below, each ordinary share has one vote in connection with matters presented to our shareholders. However, pursuant to a mechanism specified in our bye-laws, the voting rights exercisable by a shareholder may be

limited. In any situation in which the “controlled shares” (as defined below) of a “U.S. Person” (as defined in the U.S. Internal Revenue Code of 1986, as amended (the “Code”)) or the ordinary shares held by a “Direct Foreign Shareholder Group” (as defined below) would constitute 9.5% or more of the votes conferred by the issued ordinary shares, the voting rights exercisable by a shareholder with respect to such shares shall be limited so that no U.S. Person or Direct Foreign Shareholder Group is deemed to hold 9.5% or more of the voting power conferred by our ordinary shares. The votes that could be cast by a shareholder but for these restrictions will be effectively allocated to our other shareholders pro rata based on the voting power held by such shareholders, provided that no allocation of any such voting rights may cause a U.S. Person or Direct Foreign Shareholder Group to exceed the 9.5% limitation as a result of such allocation.

In addition, our board of directors may limit a shareholder’s voting rights where the board deems it necessary to do so to avoid non-de minimis adverse tax, legal or regulatory consequences. “Controlled shares” includes, among other things, all ordinary shares that a U.S. Person owns directly, indirectly or constructively (within the meaning of Section 958 of the Code). A “Direct Foreign Shareholder Group” includes a shareholder or group of commonly controlled shareholders that are not United States persons.

We also have the authority under our bye-laws to request information from any shareholder for the purpose of determining whether a shareholder’s voting rights are to be reallocated pursuant to our bye-laws. If a shareholder fails to respond to a request from the Company for information or submits incomplete or inaccurate information in response to such a request, we may, in our sole discretion, eliminate such shareholder’s voting rights.

Under these provisions, certain shareholders may have the right to exercise their voting rights limited to less than one vote per share, while other shareholders may have the right to exercise their voting rights effectively increased to more than one vote per share. Moreover, these provisions could have the effect of reducing the voting power of certain shareholders who would not otherwise be subject to the limitation by virtue of their direct share ownership.

These provisions may discourage those who would otherwise seek to acquire control of us by means of a tender offer, open market purchase, proxy contest or otherwise, even if some or a majority of our shareholders might deem these purchases or acquisition proposals to be in their best interests. To the extent these provisions discourage takeover attempts, they may deprive shareholders of opportunities to realize takeover premiums for their shares or may depress the market price of the shares.

Restrictions on Transfer

Pursuant to our bye-laws, our board of directors may decline to register a transfer of any of our ordinary shares, including pursuant to this offering, under certain circumstances, including if it has reason to believe that any non- de minimis adverse tax, regulatory or legal consequences to the Company, any of its subsidiaries or any of its shareholders may occur as a result of such transfer. Further, our bye-laws provide the Company with the option to repurchase, or to assign to a third party the right to purchase, the minimum number of ordinary shares necessary to eliminate any such non- de minimis adverse tax, regulatory or legal consequence. The price to be paid for such shares will be the fair market value of such shares. In addition, our board of directors may decline to approve or register a transfer of shares unless all applicable consents, authorizations, permissions or approvals of any governmental body or agency in Bermuda, the United States, or any other applicable jurisdiction required to be obtained prior to such transfer shall have been obtained.

Although we believe that the precise form of the restrictions on transfer contained in our bye-laws is untested, as a matter of general principle, restrictions on transfers are enforceable under Bermuda law and are not uncommon. The restrictions on transfer may also have the effect of delaying, deferring or preventing a change in control.

Classified Board of Directors, Vacancies and Removal of Directors

Our bye-laws provide that our board of directors will be divided into three classes of even number or nearly even number, with each class elected for staggered three-year terms expiring in successive years. Any effort to obtain control of our board of directors by causing the election of a majority of the board of directors may require more time than would be required without a staggered election structure. Our shareholders may

remove directors only for cause, and the notice of a meeting of the shareholders convened for the purpose of removing a director is required to contain a statement of the intention to do so and be served on such director not less than fourteen days before the meeting and at such meeting the director is entitled to be heard on the motion for such director's removal. Vacancies (including a vacancy created by increasing the size of the board) in our board of directors may be filled by the shareholders at the meeting at which a director is removed or, in the absence of such election or appointment, by a majority of our directors. Any director elected to fill a vacancy will hold office for the remainder of the full term of the class of directors in which the vacancy occurred (including a vacancy created by increasing the size of the board) and until such director's successor shall have been duly elected and qualified. No decrease in the number of directors will shorten the term of any incumbent director. Our bye-laws provide that the number of directors will be fixed and increased or decreased from time to time by resolution of the board of directors, but the board of directors will at no time consist of fewer than five directors or more than such maximum number of directors, not exceeding fifteen directors, as the board may from time to time determine. A majority of the board is required to consist of directors who are not residents of the United Kingdom or Switzerland. These provisions may have the effect of slowing or impeding a third party from initiating a proxy contest, making a tender offer or otherwise attempting a change in the membership of our board of directors that would effect a change of control.

Other Bye-Law Provisions

The following provisions are a summary of some of the other important provisions of our bye-laws.

Our bye-laws provide certain aspects concerning corporate governance, including the establishment of share rights, modification of those rights, issuance of share certificates, imposition of a lien over shares in respect of unpaid amounts on those shares, calls on shares that are not fully paid, forfeiture of shares, the transfer of shares, alterations of capital, the calling and conduct of general meetings, proxies, the appointment and removal of directors, conduct and power of directors, the payment of dividends, the appointment of an auditor and its winding-up.

Our bye-laws may only be amended by both a resolution of our board of directors and a resolution of our shareholders.

Our bye-laws provide that if any matters regarding the appointment, removal or remuneration of directors of our subsidiaries are required to be submitted to a vote of such subsidiaries' shareholders, those matters to be voted upon are required also to be submitted to our shareholders, and the shareholders of such subsidiaries are required to vote the subsidiaries' shares in accordance with and in proportion to the vote of our shareholders.

Item 15. Indemnification of Directors and Officers.

Section 98 of the Bermuda Companies Act of 1981, as amended (the “Act”), provides generally that a Bermuda company may indemnify its directors, officers and auditors against any liability that by virtue of any rule of law would otherwise be imposed on them in respect of any negligence, default, breach of duty or breach of trust, except in cases where such liability arises from the fraud or dishonesty of which such director, officer or auditor may be guilty in relation to the company. Section 98 further provides that a Bermuda company may indemnify its directors, officers and auditors against any liability incurred by them in defending any proceedings, whether civil or criminal, in which judgment is awarded in their favor or in which they are acquitted or granted relief by the Supreme Court of Bermuda pursuant to Section 281 of the Act.

Section 53 of our Fourth Amended and Restated Bye-laws (our “Bye-laws”) provides that all of our directors and officers will be indemnified and held harmless out of our assets from and against all losses incurred by such persons in connection with the execution of their duties as directors and officers, except that such indemnity will not extend to any matter in which such person is found, in a final judgment or decree not subject to appeal, to have committed fraud or dishonesty. In addition, our Bye-laws provide that each shareholder waives any claim, whether individually or on behalf of Enstar, against any director or officer on account of any action taken by such director or officer, or the failure of such director or officer to take any action in the performance of his duties with or for us or any of our subsidiaries, provided that such waiver shall not extend to any matter in respect of any fraud or dishonesty which may attach to such director or officer.

We also have entered into indemnification agreements with our directors, which provide, among other things, that we will, to the extent permitted by applicable law, indemnify and hold harmless each indemnitee if, by reason of such indemnitee’s status as one of our directors or officers, such indemnitee was, is or is threatened to be made a party or participant in any threatened, pending or completed proceeding, whether of a civil, criminal, administrative, regulatory or investigative nature, against all judgments, penalties, fines, excise taxes, interest and amounts paid in settlement and incurred by such indemnitee in connection with such proceeding. In addition, each indemnification agreement provides for the advancement of expenses incurred by the indemnitee in connection with any proceeding covered by the agreement, subject to certain exceptions. None of the indemnification agreements precludes any other rights to indemnification or advancement of expenses to which the indemnitee may be entitled, including but not limited to, any rights arising under our governing documents, or any other agreement, any vote of our shareholders or any applicable law.

We have entered into employment agreements with our executive officers, which each contain provisions requiring us to indemnify and defend these executive officers to the fullest extent permitted by law and under our governing documents.

Section 98A of the Act permits us to purchase and maintain insurance for the benefit of any officer or director in respect of any loss or liability attaching to him in respect of any negligence, default, breach of duty or trust, whether or not we may otherwise indemnify such officer or director. We have purchased and maintain a directors' and officers' liability policy for such purpose.

From and after January 31, 2007, which was the effective time of our merger with The Enstar Group, Inc., we agreed to indemnify and hold harmless all past and present directors, officers, employees and agents of The Enstar Group, Inc. and its subsidiaries before the consummation of the merger for losses in connection with any action arising out of or pertaining to acts or omissions, or alleged acts or omissions, by them in their capacities as such at or before the effective time of the merger. We will indemnify or advance expenses to such persons to the same extent such persons were indemnified or had the right to advancement of expenses under The Enstar Group, Inc.'s articles of incorporation, by-laws and indemnification agreements, if any, as these documents existed on the date of the merger, and to the fullest extent permitted by law.

Item 16. Exhibits.

See Exhibit Index attached hereto and incorporated by reference.

Item 17. Undertakings.

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(ii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment (2) shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after

(ii) effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that

no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

The undersigned Registrant hereby further undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to (b) Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
