FL Investment Holdings LLC, Thermo Funding II LLC, Globalstar Satellite, L.P. and James Monroe III (including a trust controlled by him) are sometimes collectively referred to as “Thermo” or the “Reporting Persons.” Any disclosures herein with respect to persons other than the Reporting Persons are made on information and belief after making inquiry to the appropriate party. Unless otherwise noted, references to the Company’s Common Stock refers to the Company’s Voting Common Stock.

This filing amends the Schedule 13D Amendment #6 filed February 17, 2015 to amend Items 3 through 5 as follows:

Item 3. Source and Amount of Funds or Other Considerations.

Since the filing of the Reporting Persons’ Schedule 13D Amendment #6 in February 2015, the Reporting Persons acquired and disposed of securities as set forth in Item 5. The source of funding for such purchases was working capital or personal funds.

Item 4. Purpose of Transaction.

Since the Company’s initial public offering in November 2006, Thermo has been the Company’s controlling stockholder and source of a significant portion of funding. In addition, Mr. Monroe has served as the Company’s Chairman since April 2004 and, except from July 2009 to July 2011, Chief Executive Officer since January 2005.

Thermo considered the Common Stock to be an attractive investment at the price levels at which the shares of Common Stock were acquired. Thermo may acquire additional shares of Common Stock in the future.

Thermo began investing in Globalstar in 2004, and has since recapitalized the Company over time throughout the satellite turnaround and FCC licensing process and thus retains both high basis and low basis shares. The Company and Thermo believe there may be some confusion among investors about the reasons for Thermo’s sale of its high basis Globalstar shares in December 2017 as reported in Item 5 below. The Company disclosed in its prospectus supplement during its October 2017 \$115 million financing that Thermo had informed the Company that it may sell these shares by the end of 2017 for tax planning purposes. This was required due to the taxable gain associated with Thermo’s ownership in Level 3 Communications (“LVLT”) and LVLT’s subsequent merger with CenturyLink, Inc., which closed in November 2017. Thermo’s LVLT stake was developed through a series of investments in telecom assets that were acquired by tw telecom inc., which was then acquired by LVLT.

The tax basis of the 38,000,000 shares (approximately 4% of Thermo’s position in the Company on a fully diluted basis) is approximately \$11.00 per share. Therefore, upon sale, this generated a loss of approximately \$9.75 per share. To date, Thermo has invested over \$700 million into Globalstar, including \$75 million in two transactions during 2017.

Except as set forth in this Item 4, Thermo does not have any plans or proposals which related to or would result in:

- (a) The acquisition by any person of additional securities of the issuer, or the disposition of securities of the issuer;
- (b) An extraordinary corporation transaction, such as a merger, reorganization or liquidation, involving the issuer or any of its subsidiaries;
- (c) A sale or transfer of a material amount of assets of the issuer or of any of its subsidiaries;
- (d) Any change in the present board of directors or management of the issuer, including any plans or proposals to change the number or term of directors or to fill any existing vacancies on the board;
- (e) Any material change in the present capitalization or dividend policy of the issuer;

- (f) Any other material change in the issuer's business or corporate structure;
- (g) Changes in the issuer's charter, bylaws or instruments corresponding thereto or other actions which may impede the acquisition of control of the issuer by any person;
- (h) Causing a class of securities of the issuer to be delisted from a national securities exchange or to cease to be authorized to be quoted in an inter-dealer quotation system of a registered national securities association;
- (i) Causing a class of equity securities of the issuer becoming eligible for termination of registration pursuant to Section 12(g)(4) of the Act; or
- (j) Any action similar to any of those enumerated above.

In the ordinary course of strategic planning for the Company, the Board of Directors and the management team have discussed, and in the future may discuss, some or all of the items listed in (a) through (j) above. Mr. Monroe participates in those discussions as Chairman of the Board and Chief Executive Officer.

Item 5. Interest in Securities of Issuer.

The calculations of percentages in this Schedule 13D, Amendment 7 are based on the number of shares of Common Stock (1,260,707,024 shares) outstanding on December 12, 2017, plus the shares that may be issued to Mr. Monroe within 60 days upon the exercise of stock options.
