PROXY STATEMENT

This proxy statement contains information relating to the annual meeting of Equus Total Return, Inc. (“Equus” or the “Company”). The annual meeting of stockholders (the “Meeting”) or any postponement or adjournment thereof will be held on June 26, 2018, beginning at 11:00 a.m., Eastern Daylight Time, at Jenner & Block LLP, 919 Third Avenue, New York, NY 10022-3908. The Board of Directors (sometimes referred to hereinafter as the “Board”) is sending stockholders this proxy statement to solicit proxies to be voted at the annual meeting. It is being mailed to stockholders on or about June 4, 2018.

ABOUT THE MEETING

What is the purpose of the Meeting?

At the Meeting, stockholders will be asked to elect Company directors (see Proposal 1), ratify the selection of the Company’s independent registered public accountant (see Proposal 2), and approve, on a non-binding advisory basis, compensation paid to the Company’s named executive officers in 2017 (see Proposal 3).

Who is entitled to vote at the Meeting?

If you owned shares of the Company on the Record Date, you are entitled to receive notice of and to participate in the Meeting. A list of stockholders on the Record Date will be available for inspection at the Company’s office at 700 Louisiana Street, 48th Floor, Houston, Texas 77002 for ten days before the Meeting.

What are the voting rights of holders of the Company’s common stock?

You may cast one vote per share of the Company's common stock that you held on the Record Date on each proposal considered at the Meeting. These shares are: (a) held directly in your name as the stockholder of record or (b) held for you as the beneficial owner through a stock broker, bank, or other nominee.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Many stockholders of the Company hold their shares in "street name" through a stock broker, bank or other nominee rather than directly in their own name. There are some important distinctions in how Company shares are held.

Stockholder of Record. If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record; therefore, these proxy materials are being sent directly to you by the Company. As the stockholder of record, you have the right to vote in person at the Meeting, or to grant your voting proxy directly to the Company. You may vote online, by phone, or by mail.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name." Your broker or nominee, who is considered the stockholder of record with respect to those shares, has forwarded these proxy materials to you. As the beneficial owner, you have the right to provide your broker with instructions on how to vote and are also invited to attend the Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the Meeting (unless you have a signed proxy from the record holder, as described below). Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee regarding how to vote your shares.

Broker Discretionary Voting. New York Stock Exchange (“NYSE”) rules permit a broker member to vote on certain “routine” matters, including the ratification of independent registered public accountant, without instructions from the beneficial owner of the shares. The election of directors and the non-binding vote concerning compensation of the Company’s named executive officers in 2017 are considered non-routine; therefore, brokers are not permitted to vote in respect of these matters without instructions from the beneficial owners. If you hold your stock in street name and you do not instruct your broker how to vote in the election of directors and these three proposals described in more detail herein, no votes will be cast on your behalf. Therefore, it is important that you cast your vote if you want it to count in respect of these matters.

What constitutes a quorum?

A quorum must be present at the Meeting for any business to be conducted. The presence at the Meeting, in person or by proxy, of a majority of the shares of common stock outstanding on the Record Date, or 6,759,074 shares, will constitute a quorum. As of the Record Date, 13,518,146 shares of the Company’s common stock, representing the same number of votes, were outstanding.

If there are not enough votes for a quorum or to approve a proposal at the Meeting, the stockholders who are represented in person or by proxy may adjourn the Meeting to permit the further solicitation of proxies. The persons named as proxies will vote proxies held by them for such adjournment, unless marked to be voted against any proposal for which an adjournment is sought, to permit the further solicitation of proxies.

What are the Board’s recommendations?

The Board recommends a vote “**For**” the election of the nominated slate of directors (see Proposal 1), “**For**” the ratification of the appointment of BDO USA, LLP (“BDO”) as the Company’s independent registered public accountant (see Proposal 2), and “**For**” the approval, on a non-binding advisory basis, of compensation paid to the Company’s named executive officers in 2017 (see Proposal 3). Unless you give other instructions in your proxy, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board. With respect to any other matter that properly comes before the Meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

What vote is required to approve the proposals?

Election of Directors. A plurality of votes cast at the Meeting at which a quorum is present is required to elect a director. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may not vote uninstructed shares held in street name for this proposal.

Ratification of Independent Registered Public Accountant. The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to ratify the selection of the independent registered public accountant. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may vote uninstructed shares held in street name for this proposal, and their votes will count as present for quorum purposes.

Non-Binding Advisory Vote Approving Executive Compensation in 2017. The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to approve, on a non-binding advisory basis, compensation paid to the Company's named executive officers in 2017. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may not vote uninstructed shares held in street name for this proposal.

How are votes counted?

In the election of directors, you may vote "**For**" all of the nominees or your vote may be "**Withheld**" with respect to one or more of the nominees. If you execute your proxy or provide broker voting instructions without specifying further your preference as to the nominees, your shares will be voted in accordance with the recommendations of the Board. To ratify the selection of the independent registered public accountant, you may vote "**For**" the ratification, "**Against**," or you may "**Abstain**." To cast your vote concerning the non-binding approval of compensation paid to the Company's executive officers in 2017, you may also vote "**For**" or "**Against**" this proposal, or you may "**Abstain**" from voting in respect of this proposal. Please refer to the preceding section in considering the effect of abstentions and "broker non-votes" for Proposal 3.

Who can attend the Meeting?

All stockholders as of the Record Date, or their duly appointed proxies, may attend the Meeting. Each stockholder may be asked to present valid identification. Cameras, recording devices, and other electronic devices will not be permitted at the Meeting.

Please note that if you hold your shares in “street name” (that is, through a broker, bank, or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date.

How can I vote my shares in person at the Meeting?

Shares held directly in your name as the stockholder of record may be voted in person at the Meeting. If you choose to do so, please bring proof of identification. Even if you plan to attend the Meeting, we recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Meeting. Shares held in street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

How can I vote my shares without attending the Meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the Meeting by granting your voting proxy to the Company (if you are the stockholder of record) or by providing voting instructions to your broker or nominee (if you hold shares beneficially in street name). You may vote online, by phone, or by mail. Please refer to the enclosed voting instruction card for details.

Can I change my vote after I execute my proxy?

Yes. You may change your proxy instructions at any time prior to the vote at the Meeting. You may accomplish this by granting a new proxy or new broker voting instructions at a later date (which automatically revokes the earlier proxy instructions) or by attending the Meeting and voting in person. Attendance at the Meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

What does it mean if I receive more than one notice of the Meeting?

It means your shares are registered differently or are in more than one account. Please grant a voting proxy and/or provide voting instructions for all accounts that you hold.

Where can I find the voting results of the Meeting?

We will publish final results of the Meeting in a Company Form 8-K within four business days after the day on which the Meeting ended.

Who can I call if I have a question?

If you have any questions about this proxy statement, please call either of our proxy solicitors Georgeson, LLC toll free at 1-800-561-3947, or Mackenzie Partners, Inc., toll-free at 1-800-322-2885.

Section 16(a) beneficial ownership compliance

Under the federal securities laws, our directors, executive officers, and any persons beneficially owning more than ten percent of our common stock are required to report their ownership of our common stock and any changes in that ownership to the Company and the SEC. Specific due dates for these reports have been established by regulation. Based solely upon a review of reports furnished to the Company and written representations of certain persons that no other reports were required, we believe that all of our directors and executive officers complied during 2017 with the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934 (the “Exchange Act”).

Stock Performance Graph

The following graph compares the cumulative total return on our common stock with the cumulative total return of the S&P 500 Index and the NYSE Composite Index for the five years ended December 31, 2017. This comparison assumes \$100.00 was invested in our common stock at the closing price of our common stock on December 31, 2012 and in the comparison groups and assumes the reinvestment of all cash dividends on the ex-dividend date prior to any tax effect. The stock price performance shown on the graph below is not necessarily indicative of future price performance.

AUDIT COMMITTEE REPORT

The Audit Committee is appointed by the Board of Directors to review financial matters concerning the Company. Each member of the Audit Committee meets the independence requirements established by the Investment Company Act of 1940 (hereafter, the “1940 Act”) and under the applicable listing standards of the New York Stock Exchange. The Audit Committee is responsible for the selection, engagement, compensation, retention and oversight of the Company’s independent registered public accountant. We are also responsible for recommending to the Board of Directors that the Company’s audited financial statements be included in its Annual Report on Form 10-K for the fiscal year.

In making our recommendation that the Company’s financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2017, we have taken the following steps:

We discussed with BDO USA, LLP, the Company’s independent registered public accountant for the year ended December 31, 2017, those matters required to be discussed by Public Company Accounting Oversight Board (“PCAOB”) Auditing Standard 1301, *Communications with Audit Committees*, including information regarding the scope and results of the audit. These communications and discussions are intended to assist us in overseeing the financial reporting and disclosure process.

We conducted periodic executive sessions with BDO with no members of Equus management present during those discussions. BDO did not identify any material audit issues, questions or discrepancies, other than those previously discussed with management, which were resolved to the satisfaction of all parties.

We received and reviewed the written disclosures and the letter from BDO required by the applicable requirements of PCAOB Rule 3526 regarding BDO’s communications with us concerning independence, and we discussed with BDO its independence regarding Equus.

We determined that there were no former BDO employees who previously participated in the Company’s audit, engaged in a financial reporting oversight role at Equus.

We reviewed, and discussed with Equus management and BDO, the Company’s audited balance sheet at December 31, 2017, and statements of operations, changes in net assets and cash flows for the year ended December 31, 2017.

Based on the reviews and actions described above, we recommended to the Board of Directors that the Company’s audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the Securities and Exchange Commission.

COMPENSATION OF NAMED EXECUTIVE OFFICERS

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information about the fiscal year 2017 compensation policy for our named executive officers (“NEOs”). Our Compensation Committee determines the compensation terms for our Chief Executive Officer and the Board determines the fees that may be charged by our Secretary and Chief Compliance Officer for his services. Our Chief Executive Officer also determines compensation for all other NEOs. This section explains how compensation decisions were made for our NEOs during the year. The discussion below also addresses the principal elements of our approach to compensation.

Our NEOs are compensated with a view to satisfying two objectives: (i) compensating the Company’s NEOs appropriately for their contributions to the Company’s growth, profitability and other goals and objectives; and (ii) linking the interests of the Company’s NEOs to the long-term interests of the Company’s equity owners. The compensation terms for our NEOs generally recognize both short-term and long-term success but these compensation arrangements also emphasize rewarding the intermediate and long-term performance of our NEOs, as measured by the Company’s performance and relative shareholder return.

Most of our compensation arrangements with our NEOs consist primarily of two elements: base salary and possible annual cash bonus. In the past year, we have also added equity incentives for certain of our NEOs as more particularly described below. In addition, while our Chief Financial Officer participates in a defined contribution retirement plan, we do not have any supplemental retirement benefits and generally do not provide perquisites to our executive officers. Our Chief Executive Officer and Secretary, for example, receive no health, retirement, or other employment-related benefits. Accordingly, we believe that the total level of compensation is critical to maintaining the competitiveness of our compensation arrangements, particularly given the absence of supplemental benefits and plans.

In view of the foregoing, on April 28, 2016, the Board adopted the Company’s 2016 Equity Incentive Plan (“Incentive Plan”), which is described in more detail herein. On March 17, 2017, the Company granted awards of restricted stock under the Incentive Plan to certain of the NEOs in the aggregate amount of 750,000 shares as particularly set forth under *Grants of Plan-Based Awards* below. The awards are each subject to a vesting requirement over a 3-year period unless the recipient thereof is terminated or removed from their position as a director or executive officer without “cause”, or as a result of constructive termination, as such terms are defined in the respective award agreements entered into by each of the recipients and the Company.

In addition to the awards of restricted stock to our NEOs described above, we also pay base cash compensation to our NEOs, which constitutes the bulk of their total cash remuneration. While the NEOs' initial base compensation is determined by an assessment of competitive market levels, the factors used in determining changes to base compensation include individual performance, changes in role and/or responsibility and changes in the competitive market environment. The Company may pay an annual cash bonus which results in cash payments to our NEOs. The amount of the cash bonus is determined by the individual agreements with our NEOs or by our Chief Executive Officer on a discretionary basis. In the case of our Secretary and Chief Compliance Officer or other members of our Board who provide services to the Company, the Board has determined an hourly rate of \$300 for such services. We have agreements with our Chief Executive Officer and Chief Financial Officer, the terms of which are summarized on page 19 of this proxy statement.

In determining the structure of our executive compensation policies and the appropriate levels of incentive opportunities, the Compensation Committee or our Chief Executive Officer, as appropriate, considers whether the policies reward reasonable risk-taking and whether the incentive opportunities achieve the proper balance between the need to reward employees and the need to protect shareholder returns. We believe that the focus on total compensation provides incentives to create long-term value for shareholders while taking thoughtful and prudent risks to grow the Company.

In addition, at the Company's Annual Meeting of Stockholders held on June 28, 2017, the Company held a non-binding stockholder vote to approve the compensation paid to its named executive officers in 2016, commonly referred to as a "say-on-pay" vote. The Company's shareholders approved such compensation by a non-binding, advisory vote with approximately 88.7% of the votes submitted on the proposal voting in favor of the resolution. The Compensation Committee considered the results of this vote and views this vote as confirmation that the Company's shareholders support the Company's executive compensation policies and decisions.

Summary Compensation Table

The following table summarizes the total compensation that the Company paid during the fiscal years ended December 31, 2017, 2016, and 2015 to the NEOs, who are the Chief Executive Officer and the Chief Financial Officer, and our other most highly compensated executive officers who received more than \$100,000 in annual compensation from the Company.

(2) Reflects the Company's contributions to vested and unvested defined contribution plans of the NEOs.

Reflects legal and compliance services provided during 2017, principally related to our agreement to acquire U.S.

(3) Gas & Electric, Inc., the termination of which is more particularly described in our current report on Form 8-K filed with the SEC via EDGAR on May 31, 2017.

The Company's 2016 Equity Incentive Plan

On April 28, 2016, the Board adopted the Incentive Plan, which was also approved by our stockholders on June 13, 2016. On January 10, 2017, the SEC issued an exemptive order approving the Incentive Plan and certain awards intended to be made thereunder. The Incentive Plan is intended to promote the interests of the Company by encouraging officers, employees, and directors of the Company and its affiliates to acquire or increase their equity

interest in the Company and to provide a means whereby they may develop a proprietary interest in the development and financial success of the Company and to encourage them to remain with and devote their best efforts to the business of the Company, thereby advancing the interests of the Company and its stockholders. The Incentive Plan is also intended to enhance the ability of the Company and its affiliates to attract and retain the services of individuals who are essential for the growth and profitability of the Company. The Incentive Plan permits the award of restricted stock as well as common stock purchase options. The maximum number of shares of common stock that are subject to awards granted under the Incentive Plan is 2,434,728 shares. The term of the Incentive Plan will expire on June 13, 2026.

Since the adoption of the Incentive Plan, we have chosen to utilize shares of our restricted stock, rather than stock options or other equity-based incentive compensation, as long-term incentive compensation. We use restricted stock awards to (i) attract and retain key officers and employees, (ii) enable our officers and employees to participate in our long-term growth and (iii) link these persons' compensation to the long-term interests of our stockholders. Each restricted stock award is for a fixed number of shares as set forth in an award agreement between the grantee and us. Award agreements set forth time and/or performance vesting schedules and other appropriate terms and/or restrictions with respect to awards, including rights to dividends and voting rights.

The Compensation Committee has been delegated responsibility by the Board to administer the Incentive Plan in accordance with an exemptive order granted by the SEC and applicable rules of the NYSE. The Compensation Committee has also been delegated the authority to approve stock-based awards or other equity incentives permitted under the Incentive Plan to our officers and employees. The Compensation Committee is comprised of three independent directors who are independent pursuant to the requirements of the NYSE. The Board may revert its authority to administer or approve awards under the Incentive Plan at any time. At the time of each award granted to each NEO, the Compensation Committee determines the terms of the award, including the performance period (or periods) and the performance objectives, if any, relating to the award.

Grants of Plan-Based Awards in 2017

The Compensation Committee meets from time to time throughout the year to consider, among other matters, compensation to our NEOs. During 2016 and 2017, the Compensation Committee met to consider and determine the amount of restricted stock that should be awarded to our executive officers under the Incentive Plan. Specific performance factors that the Compensation Committee considered in determining the granting of restricted stock in March 2017 included the achievement of financial and operational goals in previous years and individual employee performance during these years in such areas as work ethic, proficiency and overall contribution to the Company. In the case of Mr. Hardy, such considerations also included his waiver of approximately \$2.2 million in bonus payments related to portfolio dispositions in prior years as described under *Executive Compensation Agreements* below. The following table summarizes the relevant information regarding restricted stock awards granted to our NEOs in 2017:

Name	Grant Date	Stock Awards: Number of Shares of Stock ⁽¹⁾	Grant Date Fair Value of
			Stock Awards
John A. Hardy— Chief Executive Officer	March 17, 2017	500,000	\$1,200,000
Kenneth I. Denos— Secretary and CCO	March 17, 2017	250,000	600,000

Restricted stock grants to NEOs under our 2016 Equity Incentive Plan vest as to ¼ of the award on the date of (1) grant, with the remaining ¾ vesting ratably over three years from the grant date, unless vesting of the award has been accelerated pursuant to the terms of the NEO's relevant award agreement.

Based on SEC rules requiring equity awards to be disclosed in the tables for the year during which they are granted, rather than earned, the executive compensation tables in this proxy statement include the restricted stock awards granted to our NEOs in March 2017, even though such awards relate to performance in prior years. No award of restricted stock or other equity incentives has been made to our NEOs prior to the awards granted in March 2017. Restricted stock awards allow the Company to account for our Incentive Plan based on the price of our common stock, fixed at the grant date of such award, resulting in a known maximum cost of such award under our Incentive Plan at the time of grant.

On March 17, 2017, the Compensation Committee approved grants of restricted stock awards to the NEOs as set forth above. All of these restricted shares of stock were valued at \$2.40, the closing price of our common stock on the NYSE on March 17, 2017, the grant date. None of these shares of restricted stock may be sold, assigned, transferred, pledged, hypothecated, or otherwise encumbered or disposed of prior their vesting date, and, if any of the forfeiture conditions occur prior to vesting of any portion of these restricted shares, all rights of the NEO to such shares will terminate, without further obligation on the part of the Company.

Outstanding Equity Awards at Fiscal Year-End

The following table sets forth the awards of restricted stock to our NEOs for which forfeiture provisions have not lapsed and remain outstanding at December 31, 2017.

Mr. Denos was subsequently reappointed to the Board on June 28, 2017.

Potential Payments upon Termination or Change of Control

John A. Hardy – Chief Executive Officer.

In the event that Mr. Hardy's consulting agreement with the Company is terminated without cause or the Company experiences a change of control, each as defined therein, he will be entitled to receive a termination fee of \$400,000; and

In the event that Mr. Hardy's status as an officer or director of the Company is terminated without cause or as a result of "constructive termination" as defined in his Incentive Plan Award Agreement, all of the restricted shares granted to Mr. Hardy under the Incentive Plan shall become immediately vested.

L'Sheryl D. Hudson – Chief Financial Officer.

In the event that Ms. Hudson's employment agreement with the Company is terminated without cause as defined therein, she will be entitled to a severance payment equal to one year's base salary then in effect.

Kenneth I. Denos – Secretary and Chief Compliance Officer.

Excludes accrued vacation pay, sick days, or holidays, any health insurance contributions pursuant to the

(2) Consolidated Omnibus Budget Reconciliation Act (COBRA), or standard payments paid generally to employees of the Company at termination. Messrs. Hardy and Denos are not eligible for vacation pay, sick days, holidays, or health insurance payments.

Mr. Denos does not have a written service agreement with the Company. As noted in the table *Equity Awards*

(3) *Vested in 2017* above, the remainder of Mr. Denos' shares of restricted stock vested on April 28, 2017, the date on which the Company's Nominating and Governance Committee nominated a slate of directors to stand for election, which slate excluded Mr. Denos. Mr. Denos was subsequently reappointed to the Board on June 28, 2017.

As part of our responsibilities, we have reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, which begins on page 8 of this proxy statement. Based on such review and discussions, we have recommended to the Board of Directors the inclusion of the Compensation Discussion and Analysis in this proxy statement.

GOVERNANCE OF THE COMPANY

How is the Company's management structured?

The Board of Directors changed the Company's operations to an internalized management structure on July 1, 2009. This means that, unlike many closed-end funds and business development companies, the Company directly employs its management team and incurs the costs and expenses associated with Company operations. There is no outside investment advisory organization providing services to the Company under a fee-based advisory agreement, or an administrative organization charging the Company for services rendered.

What are the duties of the Board of Directors?

Leadership Structure. The Board provides overall guidance and supervision with respect to the operations of the Company and performs the various duties specified for directors of business development companies under the 1940 Act. Among other things, the Board supervises Company management, the custodial arrangements for portfolio securities, the selection of accountants, fidelity bonding, and transactions with affiliates.

The Board meets in regularly scheduled meetings each year. All Board actions are taken by majority vote unless a higher percentage is required by law or the Company's certificate of incorporation or by-laws require that the actions be approved by a majority of the directors who are not "interested persons" (as defined in the 1940 Act) of the Company—referred to as "independent directors."

The 1940 Act requires that a majority of the Company's directors be independent directors. The Board is currently composed of 5 directors, including 3 independent directors. As discussed below, the Board has established 4 Committees to assist the Board in performing its oversight responsibilities.

The Board has appointed John A. Hardy to serve as the Company's Chief Executive Officer. In addition to being the principal executive officer of the Company, one of the Chief Executive Officer's roles is to set the agenda of the Board and determine what information is provided to the Board with respect to matters to be acted upon by the Board.

The Board has also appointed Robert L. Knauss as its Chairman. The Chairman presides at all meetings of the Board and leads the Board through its various tasks. The Chairman also acts as a liaison with the Company's principal

executive officer in carrying out his functions, as well as with the Company's Chief Compliance Officer. The Chairman may perform such other functions as may be requested by the Board. The designation of Chairman does not impose on such independent director any duties, obligations or liability that is greater than the duties, obligations or liability imposed on such person as a member of the Board, generally.

The Company has determined that the Board's leadership structure is appropriate given the characteristics and circumstances of the Company, including such items as the business development company requirements, net assets of the Company, and the committee structure of the Company.

Risk Oversight. Through the Board's direct oversight role, and indirectly through its Committees, the Board performs a risk oversight function for the Company consisting, among other things, of the following activities:

General Oversight. The Board meets with representatives of management and key service providers, including the custodian and the independent audit firm of the Company, to review and discuss the operational activities of the Company and to provide direction with respect thereto.

Compliance Oversight. The Board reviews and approves, as applicable, the compliance procedures of the Company. The Board is informed how the compliance procedures adhere to the operational requirements through its meeting with, and reports received from, the Chief Compliance Officer. The Board also discusses the adequacy of internal controls and compliance procedures with the Company's Chief Compliance Officer and independent registered public accountant.

Investment Oversight. The Board monitors Company performance during the year through regular performance reports from management with references to appropriate performance measurement indices and the performance of similar funds. The Board receives updates on industry developments and portfolio company matters on a regular basis. The Board also monitors the Company's investment practices and reviews the Company's investment strategies with management.

- *Valuation Oversight.* The Board has approved the valuation methodologies used in establishing the fair value of the Company's assets and monitors the accuracy with which the valuations are carried out. The Board receives regular reports on the use of fair value prices and monitors the effectiveness of the valuation procedures.

What Committees has the Board established?

The Board has four standing committees: an Audit Committee, a Governance and Nominating Committee, a Compensation Committee, and a Committee of Independent Directors.

Who are the current Board members and what are their Committee memberships?

The members of the Board of Directors on the date of this proxy statement and the Board Committees on which they serve are identified in the following table:

Director	Audit Committee	Compensation Committee	Committee of Independent Directors	Governance and Nominating Committee
Robert L. Knauss, Chairman	*	*	Chair	Chair

Audit Committee

The charter of the Audit Committee specifies that the purpose of the Audit Committee is to assist the Board in its oversight of the integrity of:

- The Company's financial statements,
- The Company's compliance with legal and regulatory requirements,
- The independence and qualifications of the Company's independent registered public accountant, and
- The performance of the Company's internal audit function and independent registered public accountant.

In furtherance of the foregoing purpose, the Audit Committee's authority and responsibilities include to:

•Review and oversee the Company's annual and quarterly financial statements;

Discuss with management and the Company's independent registered public accountant, as appropriate, earnings press releases and financial information, as well as financial information and earnings guidance provided to analysts and ratings agencies;

Recommend, for shareholder approval, the appointment of the Company's independent registered public accountant, and oversee the compensation, retention, oversight, and other matters relating to the engagement or discharge of the independent registered public accounting firm;

Review with management and the independent registered public accountant, as appropriate, any audit problems or difficulties the independent registered public accountant encountered in the course of the audit work and management's responses thereto;

- Discuss with management the Company's risk assessment and risk management guidelines and policies, including the Company's major financial risk exposures and steps taken by management to monitor and control such exposures;

- Oversee the Company's financial controls and reporting processes;

- Review the Company's financial reporting and accounting standards and principles;

- Review the performance of the Company's internal audit function and the performance of the independent registered public accountant;

- Review and investigate any matters pertaining to the integrity of management, including conflicts of interest or adherence to standards of business conduct; and

- Establish procedures for handling complaints involving accounting, internal accounting controls, and auditing matters.

The charter of the Audit Committee is available on the Company's website (www.equuscap.com). The Committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its duties. The Committee's meetings include, whenever appropriate, executive sessions with the Company's independent registered public accountant without the presence of management.

Each member of the Audit Committee is an independent director within the meaning of SEC regulations and the listing standards of the New York Stock Exchange ("NYSE"). Fraser Atkinson, the chair of the Audit Committee, is qualified as an audit committee financial expert within the meaning of SEC regulations and the Board has determined that he has accounting and related financial management expertise within the meaning of the listing standards of the NYSE. The Audit Committee met four times during 2017.

Committee of the Independent Directors

The functions of the Committee of the Independent Directors are to: recommend to the full Board approval of any management, advisory, or administration agreements; recommend to the full Board any underwriting or distribution agreements; review the fidelity bond and premium allocation; review any joint insurance policies and premium allocation; review and monitor the Company's compliance with procedures adopted pursuant to certain rules promulgated under the 1940 Act, meet regularly with the Company's Chief Compliance Officer; and carry out such

other duties as the independent directors shall, from time to time, conclude are necessary in the performance of their duties under the 1940 Act.

The Committee of Independent Directors met at regularly scheduled Board Meetings in executive sessions without any members of management present. During 2017, each member of this Committee was considered an independent director within the meaning of SEC regulations and the listing standards of the NYSE.

Compensation Committee

The Compensation Committee is responsible for reviewing and evaluating the compensation of the Company's Chief Executive Officer. In addition, the Compensation Committee periodically reviews independent and interested director compensation and recommends any appropriate changes to the Board. Lastly, the Compensation Committee produces a report on the Company's executive compensation practices and policies for inclusion in the Company's proxy statement if required by applicable proxy rules and regulations and makes recommendations to the Board on the Company's executive compensation practices and policies. The charter of the Compensation Committee is available on the Company's website (www.equuscap.com).

Each member of the Compensation Committee is an independent director within the meaning of SEC regulations and the listing standards of the NYSE. This Committee met four times during 2017.

Governance and Nominating Committee

The Governance and Nominating Committee is responsible for developing and implementing policies and practices relating to corporate governance. The Committee selects individuals for nomination to the Company's Board. In addition, the Governance and Nominating Committee develops and reviews background information on candidates for the Board and makes recommendations to the Board regarding such candidates. The Committee also prepares and supervises the Board's annual review of director independence and the Board's performance self-evaluation. The charter of the Governance and Nominating Committee is available on the Company's website (www.equuscap.com).

All of the members of the Governance and Nominating Committee are independent directors within the meaning of SEC regulations and the listing standards of the NYSE. This Committee met once during 2017.

How does the Board select nominees for the Board?

The Governance and Nominating Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and stockholders. A stockholder who wishes to recommend a prospective nominee for the Board should notify the Company's Secretary or any member of the Governance and Nominating Committee in writing in care of Equus Total Return, Inc., 700 Louisiana Street, 48th Floor, Houston, TX 77002. To be considered by the Governance and Nominating Committee, stockholder nominations must be submitted before our fiscal year-end and must be accompanied by a description of the qualifications of the proposed candidate and a written statement from the proposed candidate that he or she is willing to be nominated and desires to serve if elected. The Governance and Nominating Committee will also consider whether to nominate any person nominated by a stockholder pursuant to the provisions of the Company's by-laws relating to stockholder nominations as described in "*Additional Information—Stockholder Proposals for the 2019 Annual Meeting*," below. Nominees for director who are recommended by stockholders will be evaluated in the same manner as any other nominee for director.

Once the Governance and Nominating Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors considered by the Committee. If the Committee determines, in consultation with the other Board members as appropriate, that additional consideration is warranted, it may gather additional information about the prospective nominee's background and experience. A Committee member will interview a qualified candidate, and a qualified candidate may meet other directors. The Committee then determines, based on the background information and information obtained in interviews, whether to recommend to the Board that a candidate be nominated to the Board.

The Governance and Nominating Committee believes a prospective nominee for director should, at a minimum, satisfy the following standards and qualifications and evaluates prospective nominees accordingly:

- The ability of the prospective nominee to represent the interests of the stockholders of the Company;
- The prospective nominee's standards of integrity, commitment, and independence of thought and judgment;
- The prospective nominee's ability to dedicate sufficient time, energy, and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards; and
- The extent to which the prospective nominee contributes to the range of talent, skill, and expertise appropriate for the Board.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, diversity, and the need for Audit Committee expertise.

In considering diversity, the Committee considers diversity of background and experience as well as ethnic and other forms of diversity. The Committee does not, however, have any formal policy regarding diversity in identifying nominees for a directorship, but rather, considers it among the various factors relevant to any particular nominee. After completing the evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

How does the Board determine which directors are considered independent?

When the Board undertook its annual review of director independence, the Board considered transactions and relationships between each director or any member of his immediate family and the Company. The Board also examined transactions and relationships between directors or their affiliates and members of the Company's senior management or their affiliates. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

As a result of this review, the Board affirmatively determined that all of the directors nominated for election at the Meeting are independent of the Company and its management with the exception of John A. Hardy and Kenneth I. Denos. Mr. Hardy is an interested director because he serves as the Company's Chief Executive Officer, and Mr. Denos is an interested director because he serves as the Company's Secretary and Chief Compliance Officer.

How often did the Board meet during 2017?

During 2017, the Board met eleven times. Each director attended at least 75% of all meetings held by the Board or the committees of the Board on which he served, and all directors attended the Company's annual meeting of stockholders held on June 28, 2017. The Company does not have a policy about directors' attendance at the annual meeting of stockholders.

How are directors compensated?

As compensation for services to the Fund, each Independent Director receives an annual fee of \$40,000 paid quarterly in arrears, a fee of \$2,000 for each meeting of the Board or committee thereof attended in person, a fee of \$1,000 for participation in each telephonic meeting of the Board or committee thereof, and reimbursement of all out-of-pocket expenses relating to attendance at such meetings. The chair of each of our standing committees (audit, compensation, and nominating and governance) also receives an annual fee of \$50,000, payable quarterly in arrears. We may also pay other one-time or recurring fees to members of our Board in special circumstances. In connection with our agreement to acquire U.S. Gas & Electric, Inc. in 2017, we paid a one-time fee of \$10,000 each to Messrs. Knauss, Hankinson, and Denos as members of the Transaction Committee of the Board, in addition to in-person meeting fees of \$3,000, and \$1,500 for each meeting attended telephonically.

Interested directors who are not executive officers of the Company do not receive annual fees for their service on the Board but may receive director fees for each director meeting attended. Interested directors may serve as directors of

portfolio companies and in such capacities may receive and retain directors' fees and other compensation directly from the portfolio companies.

In 2017, we paid Global Energy Associates, LLC ("GEA"), a consulting firm owned by Henry W. Hankinson, \$45,000 pursuant to a consulting agreement with Equus Energy, LLC, in respect of sourcing and reviewing investment opportunities in the energy sector. The agreement with GEA, which was terminated on June 28, 2017, provided for monthly payments of \$6,250 in respect of services rendered in connection with the engagement. Since June 28, 2017, we have had no agreement with Mr. Hankinson or any entity owned or controlled by Mr. Hankinson for separate consulting services to be provided to the Company.

In respect of services provided to the Company by members of the Board not in connection with their roles and duties as directors, the Company pays a rate of \$300 per hour for services rendered. In connection with services rendered by Kenneth I. Denos, Secretary and Chief Compliance Officer of the Company, the Company incurred \$498,450 in such expenses in 2017.

Independent/non-officer directors were paid an aggregate of \$420,750 and \$359,000 as cash compensation for their services for the years ended December 31, 2017 and 2016, respectively, and also issued stock awards to such directors in 2017, the value of the vested portion of which was an aggregate of \$118,800. The following table set forth the cash and other forms of compensation that the Company paid to each person who served as a director during 2017:

Executive Compensation Agreements

John A. Hardy. During 2010, the Company entered into a compensation agreement with John A. Hardy, its Chief Executive Officer. The agreement, which was amended in April 2017, provides for base compensation to Mr. Hardy of \$350,000 per annum. The agreement originally entitled Mr. Hardy to an annual bonus, which has now been eliminated as a result of the April 2017 amendment, based upon achievement of certain criteria, one of which is the disposition of portfolio company investments for cash. Since 2010, Mr. Hardy has voluntarily waived his right to approximately \$2.2 million of earned, but unpaid, bonus since the effective date of the agreement. If the consulting agreement is terminated without cause, as defined therein, Mr. Hardy will be entitled to receive a termination fee of \$400,000. Mr. Hardy is not entitled to participate in any employee-related benefits, including health, life and disability plans, of the Company.

L'Sheryl D. Hudson. In April 2017, the Company entered into an employment agreement (“Employment Agreement”), effective April 1, 2017, with L'Sheryl D. Hudson, the Company's Senior Vice President and Chief Financial Officer. The Employment Agreement is for a two-month term, provides for base salary equal to \$209,615 on an annualized basis and an annual longevity bonus equal to \$5,000 plus \$250 for each year employed by or on behalf of the Company. If the Employment Agreement is terminated by the Company without “cause” or by Ms. Hudson for “good reason”, as defined therein, Ms. Hudson will be entitled to a severance benefit equal to one year's base salary as then in effect.

Grants of Plan-Based Awards

On March 17, 2017, the Company granted awards of restricted stock under the Incentive Plan to certain of its directors and executive officers in the aggregate amount of 844,500 shares. The awards are each subject to a vesting requirement over a 3-year period unless the recipient thereof is terminated or removed from their position as a director or executive officer without “cause”, or as a result of constructive termination, as such terms are defined in the respective award agreements entered into by each of the recipients and the Company.

Outstanding Equity Awards

Other than the awards of restricted stock under the Incentive Plan described under *Grants of Plan-Based Awards* above, the Company had no other equity awards outstanding in 2017.

Options Exercised and Stock Vested

During 2017, 424,500 shares of restricted stock issued to directors and executive officers under the Incentive Plan became vested according to the terms of the award agreements entered into by each of the recipients and the Company. Other than the foregoing, there were no stock options, SARs or similar instruments exercised by any executive officer of the Company and there was no vesting of stock, including restricted stock, restricted stock units or similar instruments by any executive officer of the Company during 2017.

Pension Benefits

The Company does not have any plan that provides for payments or other benefits at, following, or in connection with the retirement of its executive officers.

Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans

During 2017, other than a 401(k) plan for certain employees wherein the Company provides a match of 3% of employee compensation, the Company did not have any defined contribution or other plan that provided for the deferral of compensation by any executive officer of the Company on a basis that was not tax-qualified.

Chief Executive Officer Pay Ratio

Mr. Hardy's total compensation for 2017 was \$638,338, which included \$338,338 in cash and restricted stock awards valued at \$300,000, as reflected in the *Summary Compensation Table* above. The total compensation of our median employee, excluding Mr. Hardy, for 2017 was \$274,507. As a result, Mr. Hardy's total compensation was approximately 2.33 times that of our median employee for 2017. We selected December 31, 2017 as the date used to identify our "median employee" whose annual total compensation was the median of the total annual compensation of all of our officers and employees (other than our Chief Executive Officer) for 2017. As of December 31, 2017, our officer and employee population consisted of 3 individuals (excluding Mr. Hardy), all of whom were continuously employed or engaged by the Company during the year. To identify our median employee, we compared the annual total compensation for each officer and employee of the Company, as determined in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, which included salary, bonus, restricted stock awards, employer contributions to employee accounts in our 401(k) plan, employer contributions to employee accounts in our deferred compensation plan and earnings thereon, and company-paid life insurance premiums.

Benefits and Perquisites.

Except for our Chief Executive Officer and Secretary, we provide the opportunity for certain of our named executive officers and other full-time employees to receive certain perquisites and general health and welfare benefits, which consist of life and health insurance benefits, and reimbursement for certain medical expenses.

PROPOSAL 1—ELECTION OF DIRECTORS

The by-laws of the Company provide for a minimum of three and a maximum of fifteen directors (a majority of whom must be independent directors). There are five director nominees (which include three independent director nominees). The Board is not recommending any other director nominees.

The current term of office of all of the Company's directors expires at the 2018 annual meeting and upon the election and qualification of their successors in office. The Board proposes that the following nominees be elected for a new term of one year and until their respective successors have been duly elected and qualified or until they resign, die, or are removed from office. Each of the nominees has consented to serve if elected. The Board knows of no reason why any nominee for director would be unable to serve as a director. If at the time of the Meeting any nominee is unable or unwilling to serve as a director of the Company, the persons named as proxies will vote for a substitute nominee designated by the Board.

Based on a review of the experience, qualifications, attributes and skills of each nominee, including those enumerated in the table below, the Board has determined that each nominee is qualified to serve as a director of the Company. We invite you to read the summary backgrounds of each of the nominees included in this Proposal section. These qualifications, as well as other qualifications preceding the five-year reporting period in the table below, support the conclusion that each individual should serve as a director in light of the Company's business and structure.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee pre-approves all audit and permitted non-audit services (including the fees and terms thereof) to be performed by any independent registered public accountant engaged by the Company. Certain services may not be provided by the independent registered public accountant to the Company without jeopardizing the independent registered public accountant's independence.

The Audit Committee's procedures require approval of the engagement of the independent registered public accountant for each fiscal year and approval of the engagement by a majority of the Company's independent directors. The procedures permit the Audit Committee to pre-approve the provisions of types or categories of non-audit services for the Company on an annual basis at the time of the firm's engagement and on a project-by-project basis. At the time of the annual engagement of the Company's independent registered public accountant, the Audit Committee is to receive a list of the categories of expected services with a description and an estimated budget of fees. In its pre-approving all audit services and permitted non-audit services, the Audit Committee or a delegated member determines that the provision of the service is consistent with, and will not impair, the ongoing independence of the independent registered public accountant and sets any limits on fees or other conditions it finds appropriate. Non-audit services may also be approved on a project-by-project basis by the Audit Committee consistent with the same standards for determination and information.

The Audit Committee may also designate a member of the Committee to pre-approve non-audit services that have not been pre-approved or changes in non-audit services previously pre-approved. Any actions by the designated member must be ratified by the Audit Committee by the time of its next regularly scheduled meeting. The Company's pre-approval procedures are reviewed annually by the Audit Committee and the Company maintains a record of the decisions made by the Committee pursuant to the procedures.

A representative of BDO will not be attending the Meeting. The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to ratify the selection of BDO. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may vote uninstructed shares held in street name for this proposal, and their votes will count as present for quorum purposes.

PROPOSAL 3—ADVISORY VOTE

ON EXECUTIVE COMPENSATION

The Compensation Discussion and Analysis beginning on page 8 of this proxy statement describes the Company's executive compensation policies and the compensation decisions that the Compensation Committee, Board, and our Chief Executive Officer made in 2017 with respect to the compensation of the Company's named executive officers. The Board is asking shareholders to cast a non-binding, advisory vote FOR the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion included in this proxy statement, is hereby APPROVED.

This proposal, which is sometimes referred to as a "say-on-pay vote," is provided as required pursuant to Section 14A of the Exchange Act.

As described in the Compensation Discussion and Analysis, the Company's executive compensation policies embodies a pay-for-performance philosophy that supports the Company's business strategy and aligns the interests of its executives with those of its shareholders, with the objective of attracting, retaining and motivating the best possible executive talent and avoiding risks that would be reasonably likely to have a material adverse effect on the Company. For these reasons, the Board is asking shareholders to support this proposal. Although the vote the Board is asking you to cast is non-binding, the Compensation Committee and the Board value the views of shareholders and will consider the outcome of the vote when determining future compensation arrangements for the Company's named executive officers.

The affirmative vote of a majority of all of the votes cast at the Meeting at which a quorum is present is required to approve this proposal. Abstentions will not be counted as votes cast and will have no effect on this proposal. Brokers may not vote uninstructed shares held in street name for this proposal.
