However, we retain the right to manufacture and sell turbines and will receive 50% of the gross profit from the sale of all products that are purchased by three clients that we designate as preferred purchasers. In addition, we are entitled to a commission equal to 5% of the purchase price of all products that we sell as a dealer/distributor and a commission equal to 2% of the purchase price of all products that clients purchase as a result of our introducing them to the Vendors.
