EXPLANATORY NOTE

The information in this Quarterly Report on Form 10-Q covers a period of time prior to the consummation of the Merger Agreement dated August 8, 2008, as amended and restated on October 14, 2008 (the "Merger Agreement") by and among the Company, Apollo Solar Energy, Inc., a Delaware corporation ("ASE"), and Apollo Solar Energy, Inc., a Nevada corporation and a wholly owned subsidiary of the Company (the "Merger Sub"), pursuant to which, on October 14, 2008, Merger Sub was merged with and into ASE (the "Merger"). As a result of the completion of the Merger, ASE became a wholly owned subsidiary of the Company. Shortly after completion of the Merger, the Company changed its name to Apollo Solar Energy, Inc.

NOTES TO CONDENSED FINANCIAL STATEMENTS

AS OF SEPTEMBER 30, 2008

(UNAUDITED)

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Interim Statements

The accompanying unaudited financial statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with the audited financial statements and notes thereto included in the registrant's annual Form 10-KSB for the year ended March 31, 2008.

Organization

The Company was organized in May, 1980, as part of a quasi reorganization of Colspan Environmental Systems. On May 18, 1998, the Company amended the Articles of Incorporation to the Company's name to Wincroft, Inc., to effect a 100 for 1 forward stock split to increase the number of shares outstanding without effecting the stated value of the common shares, and to authorize a class of preferred shares.

Effective at close of business on February 1, 2008, the Company, which had been a Colorado corporation, reincorporated in the State of Nevada by merging into its subsidiary, a Nevada corporation. As a result of this change in domicile, the Company is now governed by Nevada law, and the articles of incorporation and bylaws of the Nevada corporation became the Company's governing instruments. The change in domicile had no effect on the Company's financial condition or its business.

In connection with the reincorporation merger, one new share of the Nevada corporation was exchanged for every eight shares of the Colorado corporation that had been outstanding, with any resulting fractional shares of the Nevada corporation being rounded up to one whole share. The effect of this exchange was a 1-for-8 reverse split of the Company's common stock. In addition, the authorized common stock was increased from 75,000,000 shares to 100,000,000 shares.

Capital Stock

At September 30, 2008, the Company was authorized to issue 25,000,000 shares of \$0.001 par value preferred stock and 100,000,000 shares of \$0.001 par value common stock. As of September 30, 2008 there were no preferred shares issued and outstanding and there were 555,131 common shares issued and outstanding.

The holders of the Company's stock are entitled to receive dividends at such time and in such amounts as may be determined by the Company's Board of Directors. All shares of the Company's common stock have equal voting

rights, each share being entitled to one vote per share for the election of directors and for all other purposes. All shares of the Company's preferred stock have a preference over the common stock in the event of liquidation or similar action. The Board of Directors of the Company is authorized to create a series of preferred shares designating the rights of the holders of the series. The preferred shares have no voting rights.

APOLLO SOLAR ENERGY, INC.  
(FORMERLY KNOWN AS WINCROFT, INC)

NOTES TO CONDENSED FINANCIAL STATEMENTS

AS OF SEPTEMBER 30, 2008

(UNAUDITED)

NOTE A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results differ from the estimates.

Reclassifications

Certain previously reported amounts have been reclassified to conform to classifications adopted in the quarter ended September 30, 2008.

Recently issued accounting pronouncements

In December 2007, the Financial Accounting Standards Board ("FASB") revised Statement of Financial Accounting Standards ("SFAS") No. 141, "Business Combinations" ("SFAS No. 141(R)"). SFAS No. 141(R) requires an acquirer to measure the identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in the acquired entity at their fair values on the acquisition date, with goodwill being the excess value over the net identifiable assets acquired. SFAS No. 141(R) is effective as of the beginning of the Company's first fiscal year beginning on or after December 15, 2008. The Company does not expect application of SFAS No. 141 (R) to have a material effect on its financial statements.

In December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements – an amendment of ARB No. 51" ("SFAS No. 160"). SFAS No. 160 clarifies that a noncontrolling interest in a subsidiary should be reported as equity in consolidated financial statements. The calculation of earnings per share will continue to be based on income amounts attributable to the parent. SFAS No. 160 is effective as of the beginning of the Company's first fiscal year that begins on or after December 15, 2008. The Company does not expect application of SFAS No. 160 to have a material effect on its financial statements.

In February of 2007, the FASB issued SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities—including an amendment of FASB Statement No. 115" ("SFAS 159"). SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by providing entities with the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. The fair value option established by SFAS 159 permits all entities to choose to measure eligible items at fair value at specified election dates. A business entity shall report unrealized gains and losses on items for which the fair value option has been elected in earnings (or another performance indicator if the business entity does not report earnings) at each

subsequent reporting date. This requirement is effective for the fiscal year ended March 31, 2009. The Company is currently reviewing this pronouncement, but believes it will not have a material impact on the financial statements.

APOLLO SOLAR ENERGY, INC.  
(FORMERLY KNOWN AS WINCROFT, INC)

NOTES TO CONDENSED FINANCIAL STATEMENTS

AS OF SEPTEMBER 30, 2008

(UNAUDITED)

NOTE B: RELATED PARTY TRANSACTIONS

The Company's President has advanced funds to pay creditors of the company. During the six months ended September 30, 2008 a total of \$18,669 was advanced. As a result, the Company owed \$24,289 to its President at September 30, 2008.

NOTE C: GOING CONCERN

Since its inception, the Company has incurred an accumulated deficit of \$1,242,249. Since April 2000, the Company has been dependent upon receipt of capital investment or other financing to fund its continuing activities. These factors indicate substantial doubt that the Company will be able to continue as a going concern. The accompanying financial statements have been presented on the basis of the continuation of the Company as a going concern and do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

APOLLO SOLAR ENERGY, INC.  
(FORMERLY KNOWN AS WINCROFT, INC)

NOTES TO CONDENSED FINANCIAL STATEMENTS

AS OF SEPTEMBER 30, 2008

(UNAUDITED)

NOTE D: SUBSEQUENT EVENT

On August 18, 2008, the Company entered into a Merger Agreement dated August 8, 2008, as amended and restated on October 14, 2008, with Apollo Solar Energy, Inc., a Delaware corporation (“ASE”) and Apollo Solar Energy, Inc., a Nevada corporation and a wholly owned subsidiary of the Company (“Merger Sub”).

Pursuant to this Merger Agreement, on October 14, 2008, Merger Sub was merged with and into ASE. Each share of ASE common stock outstanding immediately prior to the closing of the Merger was converted into the right to receive Four Thousand (4,000) shares of the Company's common stock. After the consummation of the Merger, and prior to any issuance of shares pursuant to the Entrusted Management Agreement, the former stockholders of ASE owned approximately 96.87% of the outstanding common stock of the Company. As a result of the completion of the Merger, ASE became a wholly owned subsidiary of the Company.

On October 20, 2008, the Company entered into an Entrusted Management Agreement with the Apollo Managers. Pursuant to the terms of the Entrusted Management Agreement, the Company will issue the Apollo Managers an aggregate of 26.8 million newly issued shares of common stock of the Company with the result that the Apollo Managers will own approximately 60.15% of the common stock of the Company, after giving effect to such issuance. A copy of the Entrusted Management Agreement can be found on the Company's Current Report on Form 8-K, filed with the SEC on October 20, 2008.

Item 2. Management Discussion and Analysis of Financial Condition and Results of Operations

Results of Operations

We currently have no assets and no operations. During the three months that ended on September 30, 2008, we realized no revenue and incurred \$14,606 in operating expenses. Our operating expenses consist of fees to lawyers and accountants necessary to maintain our standing as a fully-reporting public company and other administration expenses attendant to the trading of our common stock.

Our operating expenses in the three months ended September 30, 2007 were lower than in the three months ended September 30, 2008 because majority ownership and management of our Company changed during the 2007 period. This resulted in expenses for reporting and for implementation of new management systems. We do not expect the level of our operating expenses to change in the future until we commence business operations or acquire an operating business.

On August 18, 2008, we entered into a Merger Agreement dated August 8, 2008, as amended and restated on October 14, 2008, with Apollo Solar Energy, Inc., a Delaware corporation (“ASE”) and Apollo Solar Energy, Inc., a Nevada corporation and a wholly owned subsidiary of the Company (“Merger Sub”).

Pursuant to this Merger Agreement, on October 14, 2008, Merger Sub was merged with and into ASE. Each share of ASE common stock outstanding immediately prior to the closing of the Merger was converted into the right to receive Four Thousand (4,000) shares of our common stock. After the consummation of the Merger, and prior to any issuance of shares pursuant to the Entrusted Management Agreement, the former stockholders of ASE owned approximately 96.87% of our outstanding common stock. As a result of the completion of the Merger, ASE became a wholly owned subsidiary of the Company.

On October 20, 2008, we entered into an Entrusted Management Agreement with the Apollo Managers. Pursuant to the terms of the Entrusted Management Agreement, we will issue the Apollo Managers an aggregate of our 26.8 million newly issued shares of common stock with the result that the Apollo Managers will own approximately 60.15% of the our common stock, after giving effect to such issuance. A copy of the Entrusted Management Agreement can be found on our Current Report on Form 8-K, filed with the SEC on October 20, 2008.

Liquidity and Capital Resources

At September 30, 2008 we had a working capital deficit of (\$33,582), due to the fact that we had no assets and owed \$33,582. Our liabilities are owed primarily to our President, who has financed our ongoing operations. Our remaining liabilities, our accounts payable, are owed primarily to our professional advisors.

Our operations consumed no cash during the three months ended September 30, 2008, as our management paid our ongoing expenses, increasing our amounts due to related parties. In the future, as long as we remain a shell corporation, it is likely that we will continue to rely on loans and capital contributions to sustain our operations.

To date we have supplied our cash needs by making private placements of securities and obtaining loans from management and shareholders. We expect that our President will fund our operations until we have completed an acquisition of an operating company and that we will, therefore, have sufficient cash to maintain our existence as a shell company for the next twelve months, if necessary.

The acquisition of Apollo Solar Energy, Inc. mentioned above has resulted in a complete change to our capital structure. This change will be reflected in annual report for the year ended June 30, 2009. A Current Report on Form 8-K has been filed dated October 16, 2008 containing a discussion of the liquidity and capital resources of Apollo and its subsidiaries.

#### Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition or results of operations.

#### Item 3 Quantitative and Qualitative Disclosures About Market Risk

Not applicable.

#### Item 4. Controls and Procedures

As of the end of the period covered by this quarterly report, our Chief Executive Officer and Chief Financial Officer (the "Certifying Officer") conducted evaluations of our disclosure controls and procedures. As defined under Sections 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 Act, as amended (the "Exchange Act") the term "disclosure controls and procedures" means controls and other procedures of an issuer that are designed to ensure that information required to be disclosed by the issuer in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Exchange Act is accumulated and communicated to the issuer's management, including the Certifying Officer, to allow timely decisions regarding required disclosure. Based on this evaluation, the Certifying Officer has concluded that our disclosure controls and procedures were effective to ensure that material information is recorded, processed, summarized and reported by our management on a timely basis in order to comply with our disclosure obligations under the Exchange Act, and the rules and regulations promulgated thereunder.

There was no change in internal controls over financial reporting (as defined in Rule 13a-15(f) promulgated under the Securities Exchange Act or 1934) identified in connection with the evaluation described in the preceding paragraph that occurred during the Company's first fiscal quarter that has materially affected or is reasonably likely to materially affect the Company's internal control over financial reporting.
