ARMOUR RESIDENTIAL REIT, INC.

Overview

We are an externally managed Maryland corporation incorporated in 2008, managed by ACM, an investment advisor registered with the SEC. We invest in mortgage backed securities issued or guaranteed by a U.S. GSE, such as Fannie Mae, Freddie Mac or a government agency such as Ginnie Mae (collectively, "Agency Securities"). We also may invest in other securities backed by residential mortgages for which the payment of principal and interest is not guaranteed by a GSE or government agency (collectively, "Non-Agency Securities"). We also invest in Interest-Only Securities, which are the interest portion of Agency Securities, that is separated and sold individually from the principal portion of the same payment. Other securities backed by residential mortgages in which we invest, for which the payment of principal and interest is not guaranteed by a GSE or government agency (collectively, "Credit Risk and Non-Agency Securities" and together with Agency Securities and Interest-Only Securities, "MBS"), may benefit from credit enhancement derived from structural elements such as subordination, over collateralization or insurance. Our MBS securities portfolio consists primarily of Agency Securities backed by fixed rate home loans. From time to time, a portion of our assets may be invested in Agency Securities backed by hybrid adjustable rate and adjustable rate home loans as well as unsecured notes and bonds issued by GSEs, U.S. Treasuries and money market instruments, subject to certain income tests we must satisfy for our qualification as a REIT.

We earn returns on the spread between the yield on our assets and our costs, including the interest cost of the funds we borrow, after giving effect to our hedges. We identify and acquire MBS, finance our acquisitions with borrowings under a series of short-term repurchase agreements at the most competitive interest rates available to us and then cost-effectively hedge our interest rate and other risks based on our entire portfolio of assets, liabilities and derivatives and our management's view of the market. Successful implementation of this approach requires us to address interest rate risk, maintain adequate liquidity and effectively hedge interest rate risks. We believe that the residential mortgage market will undergo significant changes in the coming years as the role of GSEs, such as Fannie Mae and Freddie Mac, is diminished, which we expect will create attractive investment opportunities for us. We execute our business plan in a manner consistent with our intention of qualifying as a REIT under the Code and avoiding regulation as an investment company under the 1940 Act.

We have elected to be taxed as a REIT under the Internal Revenue Code of 1986 (the "Code"). Our qualification as a REIT depends on our ability to meet, on a continuing basis, various complex requirements under the Code relating to, among other things, the sources of our gross income, the composition and values of our assets, our distribution levels and the concentration of ownership of our capital stock. We believe that we are organized in conformity with the requirements for qualification as a REIT under the Code and our manner of operations enables us to meet the requirements for taxation as a REIT for federal income tax purposes.

As a REIT, we will generally not be subject to federal income tax on the REIT taxable income that we currently distribute to our stockholders. If we fail to qualify as a REIT in any taxable year and do not qualify for certain statutory relief provisions, we will be subject to federal income tax at the regular corporate rate. Even if we qualify as a REIT for federal income tax purposes, we may still be subject to some federal, state and local taxes on our income.

Our Strategies

We seek to create shareholder value through thoughtful investment and risk management that produces current yield and superior risk adjusted returns over the long term. Our focus on residential real estate finance supports home ownership for a broad and diverse spectrum of Americans by bringing private capital into the mortgage markets.

Our Assets

Since our formation, our assets have been invested in MBS or money market instruments, primarily deposits at federally chartered banks.

Our Borrowings

We borrow against our MBS using repurchase agreements. Our borrowings generally have maturities that may range from one month or less, up to one year, although occasionally we may enter into longer dated borrowing agreements to more closely match the rate adjustment period of our MBS. Depending on market conditions, we may enter into additional repurchase arrangements with similar maturities or a committed borrowing facility. Our borrowings (on a recourse basis) are generally between six and ten times the amount of our total stockholders' equity, but we are not limited to that range. The leve

1 of our borrowings may vary periodically depending on market conditions. In addition, certain of our master repurchase agreements and master swap agreements contain a restriction that prohibits our leverage from exceeding twelve times our stockholders' equity as well as termination events in the case of significant reductions in equity capital.

Our Hedging

We use derivatives in the normal course of our business to reduce the impact of interest rate fluctuations on our cost of funding consistent with our REIT tax requirements. These techniques primarily consist of entering into interest rate swap contracts, swaptions and purchasing or selling Eurodollar futures contracts and may also include entering into interest rate cap or floor agreements, purchasing put and call options on securities or securities underlying Eurodollar futures contracts, or entering into forward rate agreements. Although we are not legally limited to our use of hedging, we intend to limit our use of derivative instruments to only those techniques described above and to enter into derivative transactions only with counterparties that we believe have a strong credit rating to help limit the risk of counterparty default or insolvency. These transactions are not entered into for speculative purposes.

To the extent that changes in the swap and futures rates correlate with changes in mortgage rates, changes in the fair values of our derivatives will tend to offset changes in the fair values of our MBS. The actual extent of such offset will depend on the relative size of our portfolios of derivatives and MBS and the actual correlation of rate changes.

However, changes in the fair value of our derivatives are reported in net income, while changes in the fair values of our Agency Securities are reported directly in our total stockholders' equity. Therefore, earnings reported in accordance with GAAP will fluctuate even in situations where our derivatives are operating as intended. As a result of this mark-to-market accounting treatment, our reported results of operations are likely to fluctuate far more than if we used cash flow hedge accounting. Comparisons with companies that use cash flow hedge accounting for all or part of their derivative activities may not be meaningful.

Our Manager

We are externally managed by ACM, pursuant to the Management Agreements between us and ACM and JAVELIN and ACM. All of our executive officers are also employees of ACM. ACM manages our day-to-day operations, subject to the direction and oversight of the board of directors. The ARMOUR Management Agreement runs through June 18, 2024 and is thereafter automatically renewed for an additional five-year term unless terminated under certain circumstances. ACM is entitled to receive a termination fee from us under certain circumstances. The JAVELIN Management Agreement renewed on October 5, 2017, for a one-year period, with the base management fee thereunder reduced to one dollar for the entirety of the renewal term. It will be automatically renewed annually for successive one-year terms unless terminated under certain circumstances. Either party must provide 180 days prior written notice of any such termination.

Pursuant to the Management Agreements, ACM is entitled to receive a management fee payable monthly in arrears. Currently, the monthly management fee is 1/12th of the sum of (a) 1.5% of gross equity raised up to \$1.0 billion plus (b) 0.75% of gross equity raised in excess of \$1.0 billion. The cost of repurchased stock and liquidating distributions as approved and so designated by a majority of the board of directors will reduce the amount of gross equity raised used to calculate the monthly management fee. ACM is entitled to receive a monthly management fee regardless of the performance of our securities portfolio. Accordingly, the payment of our monthly management fee may not decline in the event of a decline in our earnings or realized losses and may cause us to incur losses.

We are required to take actions as may be reasonably required to enable ACM to carry out its duties and obligations. We are also responsible for any costs and expenses that ACM incurred solely on our behalf other than the various overhead expenses specified in the terms of the Management Agreement.

2012 DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN SUMMARY

The Plan provides holders of record of our common stock an opportunity to automatically reinvest all or a portion of their cash distributions received on common stock in additional shares of our common stock as well as to make optional cash payments to purchase shares of our common stock. Persons who are not already stockholders may also purchase our common stock under the Plan through optional cash payments.

The Plan will be administered by Continental Stock Transfer & Trust Co., or the Administrator, or any successor bank or trust company that we may from time to time designate. Certain of the administrative support to the Administrator may be performed by its designated affiliates.

The Administrator will buy, at our option, newly issued common stock directly from us or common stock in the open market or in negotiated transactions with third parties. Our common stock purchased directly from us under the Plan may be priced at a discount from market prices at the time of the investment (determined in accordance with the Plan) ranging from 0% to 3% in connection with optional cash purchases in excess of \$10,000 per month. We refer to the date on which the Administrator purchases whole and fractional shares from your cash dividend or initial and subsequent additional cash purchases as being the "Investment Date." Any discount established by us for any Investment Date may be adjusted or suspended for any subsequent Investment Date. Please see "Description of the 2012 Dividend Reinvestment and Stock Purchase Plan" beginning on page S-7 of this prospectus supplement.

RISK FACTORS

Investing in our common stock involves risks. You should carefully consider the risks described or referred to in this prospectus supplement and the accompanying prospectus, our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q (which descriptions are incorporated by reference herein), as well as the other information contained or incorporated by reference in this prospectus supplement hereto and the accompanying prospectus before making a decision to invest in our common stock. See "Where You Can Find More Information" and "Incorporation of Certain Documents by Reference" below.

USE OF PROCEEDS

We plan to use all the net proceeds from this offering to acquire additional target assets in accordance with our objectives and strategies described in this prospectus supplement and the accompanying prospectus. Our focus will be on purchasing MBS and other mortgage-related investments, subject to our investment guidelines and REIT qualification requirements. ACM will make determinations as to the percentage of our assets that will be invested in each of our target assets. Its decisions will depend on prevailing market conditions and may change over time in response to opportunities available in different interest rate, economic and credit environments. Until appropriate assets can be identified, ACM may invest the net proceeds from this offering in unsecured notes and bonds issued by GSEs, U.S. Treasuries and money market instruments, including funds that are consistent with our qualification as a REIT. These investments are expected to provide a lower net return than we will seek to achieve from our target assets. We may also use a portion of the net proceeds for general corporate purposes. Although we currently have no intention of doing so, prior to the time we have fully used the net proceeds of this offering to acquire our target assets, we may fund our monthly cash dividends out of such net proceeds.

DESCRIPTION OF THE 2012 DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN

The Plan offers a variety of convenient, low-cost services to make it easier for you to invest in our common stock. The Plan, which is described in this section, has various features and you can choose the Plan features that meet your investment needs. The Plan is designed for long-term investors who wish to invest and build their share ownership over time. The Plan offers a convenient and economical means to own shares. Unlike an individual stock brokerage account, the timing of purchases and sales is subject to the provisions of the Plan, as discussed below. In addition, the Plan will provide us with a means of raising additional capital for general corporate purposes through the sale of common stock under the Plan.

You can participate in the Plan if you are a registered holder of our common stock. If you do not own our common stock, you can become a participant by making your initial purchase directly through the Plan. The Plan offers you the opportunity to reinvest dividends and provides an alternative to traditional methods of buying, holding and selling our common stock. The Administrator administers the Plan, and certain administrative support will be provided by its designated affiliate.

Key Features of the Plan

Anyone can participate

If you currently own our common stock registered in your name you may participate in the Plan. If you do not own any of our common stock, you can participate in the Plan by making your initial investment in our common stock through the Plan with an initial investment of at least \$250 and not more than \$10,000. If you wish to make an optional cash purchase in excess of \$10,000 (or other maximum amount established by us), you must submit a request for our prior written approval, or a Request for Waiver, and a copy of our written approval must accompany any such optional cash purchase. Alternatively, you may authorize the automatic monthly investment feature and initiate your investment with only \$50 and a commitment for at least five sequential purchases. We may change these minimum and maximum amounts at any time in our sole discretion.

Automatic dividend reinvestment

You can reinvest your dividends in additional shares of our common stock. Your dividends will be used to buy additional shares of our common stock at the prevailing market price on the dividend reinvestment date (determined by taking the unsolicited weighted average price, rounded to four decimal places, of our common stock as reported on the NYSE).

Minimum Dividend Reinvestment

The Internal Revenue Service, or IRS, pursuant to regulations on broker reporting of sales of securities and on the cost basis of securities, now requires administrators of dividend reinvestment plans to retain and accurately report cost basis information to shareholders and to the IRS. The common reporting method applicable to dividend investment plans is the average basis method. In order to use this method, the Plan requires reinvestment of a minimum of 10% of the cash dividends payable on each share of ARMOUR common stock be credited to a participant's Plan account.

Optional cash purchases up to \$10,000

You can buy shares of our common stock if you are a participant in the Plan. You can make monthly investments of as little as \$50 (or \$250 in the case of your initial investment), or as much as \$10,000, and you can pay either by check or have your payment automatically deducted from your bank account. We may change these minimum and maximum amounts at any time in our sole discretion or we may suspend the right to make optional cash purchases for any monthly period or periods.

Optional cash purchases in excess of \$10,000

Optional cash purchases in excess of \$10,000 per month may be made pursuant to a written request and are not subject to a predetermined maximum limit on the amount of the investment. The discount, if any, on optional cash purchases in excess of \$10,000 per month made pursuant to such requests will range from 0% to 3% and will be established at our discretion, along with any other terms, after a review of current market conditions, the level of participation and our current and projected capital needs.

Convenient share sales

You can sell our common stock acquired through the Plan through the Administrator and pay fees that may be lower than those typically charged by stockbrokers for small transactions.

Full investment

Full investment of your funds is possible because you will be credited with both whole shares and fractional shares. Dividends will be paid not only on whole shares but also proportionately on fractional shares.

Share safekeeping

You can deposit your common stock certificates with the Administrator for safekeeping, at no cost to you. You can request withdrawal of any or all of your whole shares of our common stock. A certificate for those shares will be sent to you, free of charge.

Gifts and other share transfers

You can make gifts to others of our common stock in your Plan account.

Transaction reporting

You will receive a notice after each transaction showing the details and the share balance in your Plan account.

Questions and Answers Describing Terms and Conditions of the Plan

1. Can I participate in the Plan?

If you already own our common stock and the shares are registered in your name, you may participate immediately. If your shares are held for you in a brokerage account, you may make arrangements with your stockbroker to have some or all of the shares of our common stock registered directly in your name. Please note that participation will only apply to the number of shares registered in your name. If you do not currently own any of our common stock, you can participate by making an initial investment in our common stock through the Plan. Please see Question 8 for details regarding an initial investment. If you live outside the U.S., you should first determine if there are any laws or governmental regulations that would prohibit your participation in the Plan. We reserve the right to terminate participation of any stockholder if we deem it advisable under any foreign laws or regulations.

2. How do I get started?

Enrollment is available on-line through www.continentalstock.com. Alternatively, you can get started in the Plan by completing an enrollment form along with the items required and mailing them to the Administrator. Your participation will begin promptly after your authorization is received. Once you have enrolled, your participation continues automatically, until you notify us otherwise.

3. How do I reinvest dividends?

You can choose to reinvest all or a portion of the cash dividends paid on shares of our common stock you own in additional shares of our common stock. To be effective with respect to a particular dividend, notice of your election must be received on or before the first business day prior to the record date for that dividend. A record date for a dividend normally precedes the payment of the dividend by approximately two weeks. You may change your election at any time by notifying the Administrator. To be effective with respect to a particular dividend, any such change must be received by the Administrator on or before the business day preceding the record date for that dividend. If you elect to reinvest your dividends, you must choose one of the following options:

Full dividend reinvestment. You may purchase additional shares of our common stock by reinvesting all of your cash dividends.

Partial dividend reinvestment. You may purchase additional shares of our common stock by reinvesting some of your dividends. If you select this option, a portion of your cash dividends will be paid to you in cash, and the remaining portion of your dividends will be automatically reinvested to purchase additional

shares of our common stock. If you choose partial reinvestment, you must specify on the enrollment form the number of whole shares on which you wish to continue to receive cash dividends by check or to have directly deposited into your designated bank account. The remaining dividends will be automatically reinvested.

4. When are dividends reinvested?

If you have chosen the dividend reinvestment feature and notice of such change has been received by the Administrator on or before the first business day preceding the record date for that dividend, the Administrator will generally invest dividends in additional shares of our common stock purchased on the open market or directly from us on the dividend payment date. If the dividend payment date falls on a day that is not an NYSE trading day, then the Investment Date will be the next trading day. If the Administrator acquires shares from parties other than us through open market transactions, such purchases will occur during a period beginning on the dividend payment date, and continue on any succeeding trading days necessary to complete the order. In the unlikely event that, due to unusual market conditions, the Administrator is unable to invest the funds within 30 days, the Administrator will remit the funds to you by check. No interest will be paid on funds held by the Administrator pending investment.

5. What is the source of shares to be purchased under the Plan?

All dividends reinvested through the Plan and all optional cash purchases will be used to purchase, in our sole discretion, either newly-issued shares directly from us or shares on the open market or a combination thereof. Shares purchased directly from us will consist of authorized but unissued shares of common stock.

6. At what price will shares be purchased?

The price of shares for dividend reinvestment and optional cash purchases of less than \$10,000 will be determined as follows:

• If the shares are purchased in the open market, the purchase price will be the average price per share of shares purchased.

• If the shares are purchased from us, the purchase price will be the volume weighted average price, rounded to four decimal places, of our common stock as reported on the NYSE on the date the shares are purchased.

The purchase price for optional cash purchases in excess of \$10,000 per month is discussed in response to Question 10.

7. When will shares be purchased under the plan?

The Investment Date is the date or dates on which the Administrator purchases shares of our common stock for the Plan, as described below.

Dividend Reinvestments. If the Administrator acquires shares directly from us, it will combine the dividend funds of all Plan participants whose dividends are automatically reinvested and will generally invest such dividend funds on the dividend payment date. If the dividend payment date falls on a day that is not an NYSE trading day, then the Investment Date will be the next trading day. If the Administrator acquires shares from parties other than us through open market transactions, such purchases will occur during a period beginning on the dividend payment date, and continue on any succeeding trading days necessary to complete the order. To be effective with respect to a particular dividend, notice of your election must be received on or before the first business day prior to the record date for that dividend. A record date for a dividend normally precedes the payment of the dividend by approximately two weeks.

Initial and Optional Cash Purchases up to \$10,000. If the Administrator acquires shares directly from us, then the Investment Date for optional cash purchases up to \$10,000 will be on the twenty-fifth calendar day of each month, or the next trading day if the twenty-fifth day is not a trading day. If the Administrator acquires shares from third parties other than us through open market transactions, it will attempt to buy our common stock in the open market through a registered broker-dealer. Such purchases will begin on the twenty-fifth calendar day of each month, or the next trading day if the twenty-fifth day is not a trading day, and will be completed no later than 35 days following such date, except where completion at a later date is necessary or advisable under any applicable federal or state securities laws or regulations.

For automatic monthly purchases, the amounts you have authorized will be withdrawn from your bank account on the twenty-third day of each month, or on the next succeeding business day if the twenty-third falls on a weekend or a holiday.

In the unlikely event that, due to unusual market conditions, the Administrator is unable to invest the funds within 35 days, the Administrator will return the funds to you by check. No interest will be paid on funds held by the Administrator pending investment.

To be effective with respect to a particular Investment Date, initial investments and optional cash purchases must be received by the Administrator prior to the applicable Investment Date.

Initial and Optional Cash Purchases in Excess of \$10,000. The Investment Dates for optional cash purchases in excess of \$10,000 per month are discussed in response to Question 10.

8. How do I make an initial investment?

If you do not own our common stock in a Plan account, you can make an initial cash purchase for as little as \$250, but your initial cash purchase cannot exceed \$10,000 unless we approve a Request for Waiver. Your initial cash purchase can be made:

Via on-line enrollment by:

✦ Authorizing one deduction (minimum of \$250) from your bank account; or

✦ Authorizing a minimum of five monthly automatic deductions of at least \$50 each from your bank account.

Using the Enrollment Form and:

✦ Making one payment (minimum of \$250) by check payable to ARMOUR Residential REIT, Inc./Continental Stock Transfer & Trust Co.; or

✦ Authorizing a minimum of five monthly automatic deductions of at least \$50 each from your bank account.

We may change these minimum and maximum amounts at any time in our sole discretion or we may suspend the right to make optional cash payment or payments for any monthly period. In addition, in certain instances, we may permit optional cash purchases in excess of the maximum amount established by us.

All Plan accounts that we believe to be under common control or management or to have common ultimate beneficial ownership may be aggregated for purposes of determining compliance with the maximum purchase requirement limit. Unless we have determined that reinvestment of dividends and optional cash purchases for each such account would be consistent with the purposes of the Plan, we will have the right to aggregate all such accounts and to return, without interest, within 30 days of receipt, any amounts in excess of the investment limitations applicable to a single account received in respect of all such accounts.

9. How do I make optional cash purchases of less than \$10,000?

If you already own our common stock and are enrolled in the Plan and want to make additional purchases, you can authorize an individual automatic deduction from your bank account or send a check to the Administrator for each purchase. If you choose to submit a check, please be sure to include the contribution form from your Plan statement and mail it to the address specified on the statement. Or, if you wish to make regular monthly purchases, you may authorize automatic monthly deductions from your bank account. This feature enables you to make ongoing investments in an amount that is comfortable for you, without having to write a check. Additional cash purchases are subject to a minimum purchase requirement of \$50 per investment and a maximum of \$10,000.

10. How do I make optional cash purchases in excess of \$10,000?

You may inquire into whether we are accepting requests to make optional cash purchases in excess of \$10,000 in any given month, and certain other important information, by telephoning the Administrator at (212) 509-4000. You should generally contact the Administrator on the first business day of the month to determine whether we are accepting such requests.

Request for Waiver. If you wish to make an optional cash purchase in excess of \$10,000 (or other maximum amount established by us), you must submit a request for our prior written approval, or a Request for Waiver, and a copy of such written approval must accompany any such optional cash purchase. We have sole discretion to grant any approval for optional cash purchases in excess of the allowable maximum amount. Unless you have complied with these procedures, any amount you submit for investment over \$10,000 will be returned to you without interest.

If we grant your request to purchase shares pursuant to a Request for Waiver, an equal proportion of your optional cash purchase will be invested on each trading day, or Investment Date, during a span of one to fourteen days during which trading of our common stock is reported on the NYSE, or Pricing Period.

You may make a Request for Waiver by contacting the Administrator at (212) 509-4000. Completed Request for Waiver forms should be submitted to the Administrator via facsimile at (212) 616-7612 no later than two business days prior to the applicable Pricing Period.

The Administrator will notify you as to whether your Request for Waiver has been granted or denied, either in whole or in part, within one business day of the receipt of your request. If your Request for Waiver is granted in part, the Administrator will advise you of the maximum amount that will be accepted from you in connection with your purchase. If your request is approved, the Administrator must receive the funds for your purchase prior to or on the applicable date specified by the Administrator for the relevant Pricing Period (which typically will be one business day prior to the applicable Pricing Period). If you do not receive a response from the Administrator in connection with your Request for Waiver, you should assume that we have denied your request.

We may alter, amend, supplement or waive, in our sole discretion, the time periods and/or other parameters relating to optional cash purchases in excess of \$10,000 made by one or more participants in the Plan or new investors, at any time and from time to time, prior to the granting of any Request for Waiver. For more information regarding a particular Pricing Period (including applicable Pricing Period start dates), please contact the Administrator at (212) 509-4000.

Purchase Price of Shares for Optional Cash Purchases in Excess of \$10,000. Shares purchased pursuant to an approved Request for Waiver will be purchased directly from us as described herein. If we grant your request to purchase shares pursuant to a Request for Waiver, an equal proportion of your optional cash purchase will be invested on each Investment Date during the applicable Pricing Period, subject to the qualifications listed below. The purchase price for shares acquired on a particular Investment Date will be equal to 100% (subject to change as provided below) of the unsolicited volume weighted average price, rounded to four decimal places, of our common stock as reported by the NYSE only, obtained from Bloomberg, LP for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time, for that Investment Date (including the last trade on the NYSE even if reported after 4:00 p.m.). With respect to optional cash purchases in excess of \$10,000, we will not set an Investment Date to be the same date as a dividend payment date.

The Administrator will apply all optional cash purchases made pursuant to a Request for Waiver for which good funds are received on or before the first business day before the Pricing Period to the purchase of shares of our common stock on each Investment Date of the applicable Pricing Period.

Threshold Price. We may establish for a Pricing Period a minimum price, or Threshold Price, applicable to optional cash purchases made pursuant to a Request for Waiver. At least three business days prior to the first day of the applicable Pricing Period, we will determine whether to establish a Threshold Price, and if the Threshold Price is established, its amount, and will so notify the Administrator. This determination will be made by us in our discretion after a review of current market conditions, the level of participation in the Plan, and current and projected capital needs.

If established for any Pricing Period, the Threshold Price will be stated as a dollar amount that the unsolicited volume weighted average price, rounded to four decimal places, of our common stock as reported on the NYSE obtained from Bloomberg, LP for the trading hours from 9:30 a.m. to 4:00 p.m., Eastern time, for each trading day of such Pricing Period (not adjusted for discounts, if any) must equal or exceed. Except as provided below, we will exclude from the Pricing Period any trading day that the unsolicited volume weighted average price is less than the Threshold Price. We also will exclude from the Pricing Period and from the determination of the purchase price any day in which no trades of common stock are made on the NYSE. For example, if the Threshold Price is not met for two of the trading days in a 10-day Pricing Period, then we will return 20% of the funds you submitted in connection with your Request for

Waiver unless we have activated the pricing period extension feature for the Pricing Period which is described below.

S-11

Pricing Period Extension Feature. We may elect to activate for any particular Pricing Period the pricing period extension feature which will provide that the initial Pricing Period will be extended by the number of days that the Threshold Price is not satisfied, or on which there are no trades of our common stock reported by the NYSE subject to a maximum of five trading days. If we elect to activate the pricing period extension feature and the Threshold Price is satisfied for any additional day that has been added to the initial Pricing Period, that day will be included as one of the trading days for the Pricing Period in lieu of the day on which the Threshold Price was not met or trades of our common stock were not reported. For example, if the determined Pricing Period is 10 days, and the Threshold Price is not satisfied for three out of those 10 days in the initial Pricing Period, and we had previously announced at the time of the Request for Waiver acceptance that the pricing period extension feature was activated, then the Pricing Period will automatically be extended, and if the Threshold Price is satisfied on the next three trading days (or a subset thereof), then those three days (or a subset thereof) will become Investment Days in lieu of the three days on which the Threshold Price was not met. As a result, because there were 10 trading days during the initial and extended Pricing Period on which the Threshold Price was satisfied, all of the optional cash purchase will be invested.

Return of Unsubscribed Funds. We will return a portion of each optional cash purchase in excess of \$10,000 for each trading day of a Pricing Period or extended Pricing Period, if applicable, for which the Threshold Price is not met or for each day in which no trades of common stock are reported on the NYSE, referred to as the Unsubscribed Funds. Any Unsubscribed Funds will be returned within five business days after the last day of the Pricing Period, or if applicable, the extended Pricing Period, without interest. The amount returned will be based on the number of days during which the Threshold Price was not met with compared to the number of days in the Pricing Period or extended Pricing Period. For example, the returned amount in a 10 day Pricing Period will equal one-tenth (1/10) of the total amount of such optional cash purchase (not just the amount exceeding \$10,000) for each trading day that the Threshold Price is not met or for each trading day in which sales are not reported.

The establishment of the Threshold Price and the possible return of a portion of the investment applies only to optional cash purchases in excess of \$10,000. Setting a Threshold Price for a Pricing Period will not affect the setting of a Threshold Price for any other Pricing Period. We may waive our right to set a Threshold Price for any particular Pricing Period. Neither we nor the Administrator is required to give you notice of the Threshold Price for any Pricing Period.

Waiver Discount. At least one business day prior to the first day of the applicable Pricing Period, the same time the Threshold Price is determined, we may establish discounts from the market price, or Waiver Discounts, applicable to optional cash purchases made pursuant to a Request for Waiver. These Waiver Discounts may be between 0% and 3% of the purchase price, and may vary for each Pricing Period and for each purchaser. However, no Waiver Discounts will be available for common stock purchased in the open market or in privately negotiated transactions.

The Waiver Discounts will be established at our sole discretion after a review of current market conditions, the level of participation in the Plan, the attractiveness of obtaining such additional funds through the sale of common stock as compared to other sources of funds and current and projected capital needs. You may obtain the Waiver Discounts applicable to the next Pricing Period by contacting the Administrator at (212) 509-4000.

Setting Waiver Discounts for a particular Pricing Period shall not affect the setting of Waiver Discounts for any subsequent Pricing Period. The Waiver Discounts will apply only to optional cash purchases of more than \$10,000 (or other applicable maximum monthly amount). The Waiver Discounts will apply to the entire optional cash purchase and not just the portion of the optional cash purchase that exceeds \$10,000.

Settlement. Newly issued shares purchased pursuant to a Request for Waiver will be posted to your account within three business days following the end of the applicable Pricing Period. Alternatively, we may elect to activate the continuous settlement feature, pursuant to which shares will be posted to your account within three business days of each separate Investment Date beginning on the first Investment Date in the relevant Pricing Period and ending on the final Investment Date in the relevant Pricing Period, with an equal amount being invested on each day, subject to the qualifications set forth above. Anytime we propose to grant Requests for Waiver for one or more investments, we may elect to activate the continuous settlement feature for such investments by announcing in the bid-waiver form that we will be doing so. Under the continuous settlement feature, we would have a separate settlement of each Investment Dates' purchases, each based on the volume-weighted average price for the trading day (as described above) relating to each of the Investment Dates during the Pricing Period.

11. Will I receive certificates for shares purchased?

No, because the Plan provides for share safekeeping. For your convenience, the Administrator will maintain shares purchased under the Plan in your name in uncertificated form. You may, however, request a stock certificate from the Administrator at any time, free of charge.

12. What is safekeeping?

Shares of our common stock that you buy under the Plan will be maintained in your Plan account in uncertificated form for safekeeping. Safekeeping protects your shares against loss, theft or accidental destruction and also provides a convenient way for you to keep track of your shares. Only shares held in safekeeping may be sold through the Plan.

13. Can I get stock certificates if I want them?

Yes. If you should ever want a stock certificate for all or a portion of the whole shares of our common stock in your Plan account, the Administrator will send one to you, upon your written request, within two days of the receipt of your instructions.

14. How do I sell shares?

You can sell some or all your Plan shares by submitting your request to the Plan Administrator either by fax, mail or internet. In order to sell via internet, you will need to obtain a PIN number by visiting www.continentalstock.com. The Plan Administrator, will, as soon as practicable after receipt of a written request, sell such plan shares and deliver to you the proceeds of such sale, less any brokerage commissions and any other cost of sale. Any full shares and fractional interests in shares may be aggregated and sold with those of other selling participants. All sale instructions are final when the Administrator receives them. Your sale instructions cannot be stopped or cancelled.

The price fluctuates on a daily basis. The price may rise or fall after you submit your request to sell and prior to the ultimate sale of your shares. The price risk will be borne solely by you.

15. What are the costs for participation in the Plan?

There is no fee for enrolling in the Plan. Participation is voluntary and you may discontinue your participation at any time. However, there are fees associated with some of the Plan's services. Please see "Plan Service Fees" below.

16. How can I vote my shares?

You will receive proxy material for all whole shares in your Plan account. Fractional shares may not be voted. The proxy will be voted in accordance with your direction. The Administrator may vote your shares in certain cases if you do not return a proxy to the Administrator.

17. If there is a rights offering related to the common stock, how will my entitlement be computed?

Your entitlement in a rights offering related to the common stock will be based upon the number of whole shares credited to your Plan account. Rights based on a fraction of a share credited to your Plan account will be sold for that account and the net proceeds will be invested as an optional cash purchase on the next Investment Date. In the event of a rights offering, transaction processing may be curtailed or suspended by the Administrator for a short period of time following the record date for such action to permit the Administrator to calculate the rights allocable to each account.

18. How will I keep track of my investments?

The Administrator will send you a transaction notice confirming the details of each transaction you make. If you continue to participate in the Plan, but have no transactions, the Administrator will send you an annual statement after the end of the year detailing the status of your holdings of our common stock in your Plan account.

19. How would I terminate my participation in the Plan?

You may discontinue the reinvestment of your dividends at any time by giving notice to the Administrator. Notice may be made in writing or by changing your dividend election under the account management service when you access your account on-line at www.continentalstock.com. To be effective for a given dividend payment, the Administrator must receive notice before the record date of that dividend. The Administrator will continue to hold your shares unless you request a certificate for any full shares and a check for any fractional share. You may also request the sale of all or part of any such shares or have the Administrator transfer your shares to your brokerage account. See Question 14 for information on selling shares. If your Plan account balance falls below one full share, the Administrator reserves the right to liquidate the fraction and remit the proceeds, less any applicable fees, to you at your address of record.

20. Are there any risks associated with the Plan?

Your investment in shares purchased under the Plan is no different from any investment in shares you hold directly. Neither we nor the Administrator can assure a profit or protect you against a loss on shares purchased. You bear the risk of loss and enjoy the benefits of any gain from market price changes with respect to shares purchased under the Plan. See "Risk Factors" above.

21. Can the Plan be amended, modified, suspended or terminated?

We reserve the right to amend, modify, suspend or terminate the Plan at any time and in any manner. You will receive written notice of any such amendment, modification, suspension or termination. We and the Administrator also reserve the right to change any administrative procedures of the Plan.

22. What are the responsibilities of ARMOUR Residential REIT, Inc. and the Administrator?

Neither we nor the Administrator will be liable for any act we or it does in good faith or for any good faith omission to act including, in the case of the Administrator, liability arising out of (i) failure to terminate a participant's account upon such participant's death or adjudicated incompetence, prior to the receipt of notice in writing of such death or adjudicated incompetence, (ii) the prices at which shares are purchased for the participant's account, (iii) the times when purchases are made, or (iv) fluctuations in the market value of our common stock. The payment of dividends is at the discretion of our board of directors and will depend upon future earnings, our financial condition and other factors. Our board of directors may change the amount and timing of dividends at any time without notice.

24. Will interest be paid on Plan accounts?

No. Interest will not be paid on Plan accounts or on any amounts held pending investment.

25. What other risks will I face through my participation in the Plan?

The following summary identifies several of the most important risks that you may face by virtue of your participation in the Plan. There may be additional risks that are not listed below, and you should consult your financial, tax, legal and other advisors prior to determining whether to participate in the Plan.

There is no price protection for your shares in the Plan. Your investment in the shares held in the Plan will be exposed to changes in market conditions and changes in the market value of the shares. Your ability to liquidate or otherwise dispose of shares in the Plan is subject to the terms of the Plan and the withdrawal procedures thereunder. You may not be able to withdraw or sell your shares in the Plan in time to react to market conditions. Plan accounts are not insured or protected by the Securities Investor Protection Corporation or any other entity and are not guaranteed by the Federal Deposit Insurance Corporation or any government agency.

The Purchase Price for shares purchased or sold under the Plan will vary. The Purchase Price for any shares that you purchase or sell under the Plan will vary and cannot be predicted. You may purchase or sell shares at a Purchase Price that is different from (more or less than) the price that you would face if you acquired or sold shares on the open market on the related dividend payment date or the date or dates on which the Administrator purchases shares of our common stock for the Plan, or sale date, as appropriate.

We may not be able to pay dividends. In order to qualify as a REIT, we generally must distribute to our stockholders at least 90% of our REIT taxable income each year. This distribution requirement limits our ability to maintain future dividend payments if earnings decline. The requirements to qualify for REIT tax status are complex and technical, and we may not be able to qualify for reasons beyond our control. If we are unable to qualify for REIT tax status, then we may not be able to make distributions to our stockholders.

No discount may be available for any or all initial investments or optional cash investments. While a discount from market prices of up to 3% may be established from time to time, at our sole discretion, for purchases in excess of \$10,000, a discount for one month will not ensure the availability of a discount or the same discount in future months. Each month, we may change or eliminate the discount without giving you prior notice.

The market price for our common stock varies, and you should purchase shares for long-term investment only. Although our common stock currently is traded on the NYSE we cannot assure you that there will, at any time in the future, be an active trading market for our common stock. Even if there is an active trading market for our common stock, we cannot assure you that you will be able to sell all of your shares at one time or at a favorable price, if at all. As a result, you should participate in the Plan only if you are capable of, and seeking, to make a long-term investment in our common stock.

Please see “Risk Factors” in the prospectus included herein for other important factors and risks. You are encouraged to review these risk factors carefully.

26. What are the U.S. federal income tax consequences of participation in the Plan?

The discussion below is a supplement to, and is intended to be read together with and subject to the qualifications and limitations set forth in, the discussion in the accompanying prospectus under the heading “U.S. Federal Income Tax Considerations.”

In general, if you enroll in the Plan, as of the date of this prospectus supplement, you will have the same federal income tax obligations with respect to reinvested dividends or distributions as you would with dividends or distributions not reinvested under this Plan. See the discussion of distributions in the accompanying prospectus under “U.S. Federal Income Tax Considerations.”

You will be treated for federal income tax purposes as having received, on each Investment Date, a cash distribution equal to the full amount of the cash dividend payable on that date on the shares of our common stock. The Internal Revenue Code requires this treatment even though you never actually receive the reinvested dividends in cash because your dividends are used instead to purchase shares of common stock. In the case of reinvested dividends, you will be treated as having received a distribution for federal income tax purposes equal to the fair market value of the shares that you acquire through the Plan. This distribution may create a liability for the payment of income tax without providing you with immediate cash to pay this tax when it becomes due. Your tax basis in common stock acquired through dividend reinvestment will equal the amount treated as a distribution for federal income tax purposes.

All costs of administering the Plan, except for processing fees when shares are purchased in the open market and costs related to your voluntary selling of shares and/or withdrawal from the Plan, will be paid by us. Consistent with the conclusion reached by the IRS in a private letter ruling issued to another REIT, we intend to take the position that these administrative costs do not constitute a distribution which is either taxable to you or which would reduce your basis in your shares of common stock. However, because the private letter ruling was not issued to us, we have no

legal right to rely on its

S-16

conclusions. Thus, it is possible that the IRS might view your share of the costs as constituting a taxable distribution to you and/or a distribution which reduces the basis in your shares. For this or other reasons, we may in the future take a different position with respect to these costs. With respect to shares of common stock purchased in open market transactions or in negotiated transactions with third parties, the IRS has indicated that the amount of the distribution received by you would include a pro rata share of any brokerage commission or other related charges paid by us in connection with the Administrator's purchase of shares on our behalf.

If you make optional cash investments, without any discount, you will not recognize income for federal income tax purposes by virtue of the purchase of common stock with the optional cash purchase. However, in the event we decide to offer shares at a discount, you will be treated as receiving a taxable dividend to the extent of any discount you receive. The tax cost and basis of shares purchased with optional cash investments is the amount you paid for such shares.

The holding period for shares purchased under the Plan generally will begin on the day following the date on which common shares are credited to your Plan account.

Tax consequences will vary depending on your specific circumstances. You should discuss specific tax questions regarding your participation in the Plan with your own tax advisor.

If you are a non-U.S. stockholder participant whose dividends or distributions are subject to U.S. income tax withholding, or a domestic shareholder whose dividends or distributions are subject to backup withholding taxes, the Administrator will reinvest an amount equal to the dividend or distribution less the amount of any tax required to be withheld. The respective participants will be advised of the amounts withheld.

Non-U.S. stockholder participants who elect to make optional cash investments only will receive cash dividends or distributions on shares registered in their names in the same manner as if they were not participating in this Plan. Funds for optional cash investments must be in U.S. dollars and will be invested in the same way as payments from other participants.

PLAN OF DISTRIBUTION

In connection with the administration of the Plan, we may be requested to approve investments made pursuant to Requests for Waiver by or on behalf of participants or other investors who may be engaged in the securities business. Persons who acquire shares of our common stock through the Plan and resell them shortly after acquiring them, including coverage of short positions, under certain circumstances, may be participating in a distribution of securities that would require compliance with Regulation M under the Securities Exchange Act of 1934, or the Exchange Act, and may be considered to be underwriters within the meaning of the Securities Act of 1933, or the Securities Act. We will not extend to any such person any rights or privileges other than those to which they would be entitled as a participant, nor will we enter into any agreement with any such person regarding the resale or distribution by any such person of the shares of our common stock so purchased.

Our common stock may not be available under the Plan in all states or jurisdictions. We are not making an offer to sell our common stock in any jurisdiction where the offer or sale is not permitted.

PROSPECTUS SUMMARY

Overview

We are an externally managed Maryland corporation incorporated in 2008, managed by ACM, an investment advisor registered with the SEC. We invest in MBS issued or guaranteed by a U.S. GSE, such as Fannie Mae, Freddie Mac or a government agency such as Ginnie Mae. We also may invest in Non-Agency Securities. We also invest in Interest-Only Securities, which are the interest portion of Agency Securities, that is separated and sold individually from the principal portion of the same payment. Other securities backed by residential mortgages in which we invest, for which the payment of principal and interest is not guaranteed by a GSE or government agency (collectively, “Credit Risk and Non-Agency Securities” and together with Agency Securities and Interest-Only Securities, “MBS”), may benefit from credit enhancement derived from structural elements such as subordination, over collateralization or insurance. Our MBS portfolio consists primarily of Agency Securities backed by fixed rate home loans. From time to time, a portion of our assets may be invested in Agency Securities backed by hybrid adjustable rate and adjustable rate home loans as well as unsecured notes and bonds issued by GSEs, U.S. Treasuries and money market instruments, subject to certain income tests we must satisfy for our qualification as a REIT.

Our Manager

We are externally managed by ACM, pursuant to management agreements between us and ACM and JAVELIN and ACM. ACM manages our day-to-day operations, subject to the direction and oversight of the Board. The ARMOUR Management Agreement runs through June 18, 2024 and is thereafter automatically renewed for successive five-year terms unless terminated under certain circumstances. The JAVELIN Management Agreement renewed on October 5, 2017, for a one-year period, with the base management fee thereunder reduced to one dollar for the entirety of the renewal term. It will be automatically renewed annually for successive one-year terms unless terminated under certain circumstances. Either party must provide 180 days prior written notice of any such termination. We do not have any employees whom we compensate directly with salaries or other compensation. All of our executive officers are also employees of ACM.

The management agreements entitle ACM to receive management fees payable monthly in arrears. Currently, the monthly ARMOUR management fee is 1/12th of the sum of (a) 1.5% of gross equity raised up to \$1.0 billion plus (b) 0.75% of gross equity raised in excess of \$1.0 billion. The cost of repurchased stock and liquidation distributions as approved and so designated by a majority of the Board will reduce the amount of gross equity raised used to calculate the monthly management fee. The ACM monthly management fees are not calculated based on the performance of our assets. Accordingly, the payment of our monthly management fees may not decline in the event of a decline in our earnings and may cause us to incur losses. We are also responsible for any costs and expenses that ACM incurred solely on our behalf other than the various overhead expenses specified in the terms of the management agreements. ACM is further entitled to receive termination fees under certain circumstances. We are required to take actions as may be reasonably required to permit and enable ACM to carry out its duties and obligations. We are also responsible for any costs and expenses that ACM incurred solely on our behalf other than the various overhead expenses specified in the terms of the management agreements.

Operating and Regulatory Structure

REIT Qualification

We have elected to qualify and be taxed as a REIT under the Code. We believe that we are organized in conformity with the requirements for qualification as a REIT under the Code relating to, among other things, the sources of our gross income, the composition and values of our assets, our distribution levels and the concentration of ownership of our capital stock, and that our manner of operations and corporate structure and stockholder ownership enables us to meet on a continuing basis the requirements for taxation as a REIT for federal income tax purposes.

As a REIT, we are generally not subject to federal income tax on the REIT taxable income that we distribute to our stockholders currently. If we fail to qualify as a REIT in any taxable year and do not qualify for certain statutory relief provisions, we will be subject to federal income tax at the regular corporate rate. Even if we qualify as a REIT for federal income tax purposes, we may still be subject to some federal, state and local taxes on our income.

Investment Company Act of 1940 Exclusion

We conduct our business so as not to become regulated as an investment company under the 1940 Act. We rely on the exclusion provided by Section 3(c)(5)(C) of the 1940 Act as interpreted by the staff of the SEC. To qualify for this exclusion we must invest at least 55% of our assets in “mortgages and other liens on and interest in real estate” or “qualifying real estate interests” and at least 80% of our assets in qualifying real estate interests and “real estate related assets.” In

4

satisfying this 55% requirement we treat Agency Securities issued with respect to an underlying pool of mortgage loans in which we hold all of the certificates issued by the pool (“whole pool” securities) as qualifying real estate interests. We currently treat MBS in which we hold less than all of the certificates issued by the pool (“partial pool” securities) as real estate related assets and not qualifying real estate interests.

There can be no assurance that the laws and regulations governing the 1940 Act status of REITs, including guidance and interpretations from the SEC staff regarding the Section 3(c)(5)(C) exclusion, will not change in a manner that adversely affects our operations or business. For example, such changes might require us to employ less leverage in financing certain of our mortgage related investments and we may be precluded from acquiring certain types of higher yielding securities. The net effect of these factors would be to lower our net interest income. If we fail to qualify for an exclusion from registration as an investment company or an exclusion from the definition of an investment company, we may be required to register as an investment company under the 1940 Act and our ability to use leverage would be substantially reduced and we would be unable to conduct our business as planned. Either of these factors could materially and adversely affect us and could reduce the value of shares of our capital stock and our ability to make distributions to our stockholders.

Restrictions on Ownership of our Capital Stock

To assist us in complying with the REIT limitations on the concentration of ownership imposed by the Code, among other purposes, our charter prohibits, with certain exceptions, any stockholder from beneficially or constructively owning, applying certain attribution rules under the Code (including deemed ownership of shares underlying warrants or options to purchase stock), more than 9.8% by value or number, whichever is more restrictive, of our outstanding shares of common stock and capital stock in the aggregate. Our board of directors may, in its sole discretion, waive the 9.8% ownership limit in certain circumstances. We have in the past granted waivers from the 9.8% charter restriction for holders where, based on representations, covenants and agreements received from such holders, we determined that such waivers would not jeopardize our status as a REIT.

Policy With Respect to Dividends and Distributions

As required in order to maintain our qualification as a REIT for U.S. federal income tax purposes, we intend to distribute with respect to each year at least 90% of our REIT taxable income, determined without regard to the deduction for dividends paid and excluding any net capital gain. To satisfy the requirements to qualify as a REIT and generally not be subject to U.S. federal income and excise tax, we intend to continue to make regular cash distributions of all or substantially all of our taxable income to holders of our capital stock out of assets legally available for such purposes. We are not restricted from using the proceeds of equity or debt offerings to pay dividends, but we do not intend to do so. The timing and amount of any dividends we pay to holders of our capital stock will be at the discretion of our board of directors and will depend upon various factors, including our earnings and financial condition, maintenance of REIT status, applicable provisions of the MGCL and such other factors as our board of directors deems relevant.
