Those stockholders who do not receive such a Notice, including stockholders who have previously requested to receive paper copies of proxy materials, will receive a copy of this Proxy Statement, the proxy card, and the Annual Report by mail. This Notice also contains instructions on how you can (i) receive a paper copy of the Proxy Statement, proxy card and Annual Report if you only received a Notice by mail, or (ii) elect to receive your Proxy Statement, proxy card and Annual Report over the internet next year if you received them by mail this year.

GENERAL INFORMATION ABOUT THE MEETING AND VOTING

Who may vote?

The Company has one class of voting shares outstanding. Only stockholders of record of our common stock at the close of business on March 17, 2014, the Record Date, are entitled to receive notice of the Annual Meeting and to vote the shares of common stock that they held on the Record Date. At the close of business on March 17, 2014, the Company had 14,139,462 shares of outstanding common stock, all of which are entitled to vote at the Annual Meeting. Each share of common stock will have one vote on each matter to be voted on. The shares of common stock held in treasury will not be voted.

What is the purpose of the Annual Meeting?

At the Company's Annual Meeting, stockholders will act upon the matters described in the accompanying notice of meeting. In addition, management will report on Ballantyne's performance during fiscal 2013 and respond to questions from stockholders.

Who may attend the Annual Meeting?

All stockholders as of the Record Date, or their duly appointed proxies, may attend the Annual Meeting.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the Company's common stock outstanding on the Record Date will constitute a quorum, permitting the meeting to conduct its business. As of the Record Date, 14,139,462 shares of common stock were outstanding. Broker non-votes, abstentions and proxies marked "withheld" for the election of directors, will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of votes cast with respect to a proposal.

May I vote by proxy card, by telephone or through the internet?

You may vote by proxy card, by telephone or through the internet. Voting by any of these methods will ensure that you are represented at the Annual Meeting even if you are not there in person.

May I vote confidentially?

Yes. The Company's policy is to treat all stockholder meeting proxies, ballots and voting tabulations of a stockholder confidentially, if the stockholder has requested confidentiality on the proxy or ballot. Please refer to the proxy card for instructions.

If you so request, your proxy will not be available for examination and your vote will not be disclosed prior to the tabulation of the final vote at the Annual Meeting, except (i) to meet applicable legal requirements, (ii) to allow the independent election inspectors to count and certify the results of the vote or (iii) if there is a proxy solicitation in opposition to the Board of Directors, based upon an opposition proxy statement filed with the Securities and Exchange Commission. The independent election inspectors may at any time inform us whether or not a stockholder has voted.

May I change my vote?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. You may change your vote on the internet or by telephone (only your latest internet or telephone proxy submitted prior to the Annual Meeting will be counted), or by signing and returning a new proxy card with a later date, or by attending the meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the meeting or specifically request in writing that your prior proxy be revoked.

How does the Board recommend I vote?

Unless you give instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth in the description of each proposal in this Proxy Statement. With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

How many votes are required to approve each Proposal?

Election of Directors. The election of a director requires the affirmative vote of a plurality of the shares present or represented by proxy at the meeting and entitled to vote. Consequently, votes to withhold and broker non-votes will have no impact on the election of directors. A properly executed proxy marked "Withhold" with respect to the election of a director nominee will be counted for purposes of determining whether there is a quorum, but will not be considered to have been voted for or against the director nominee ***Your broker will not be able to vote your shares with respect to the election of directors if you have not provided directions to your broker. We strongly encourage you to submit your proxy card and exercise your right to vote as a stockholder.***

Advisory Vote on Executive Compensation. The affirmative vote of a majority of the shares present or represented by proxy at the meeting or entitled to vote will be deemed by the Board to constitute the advisory vote on executive

compensation.

2014 Non-Employee Directors' Restricted Stock Plan. The affirmative vote of a majority of the shares present or represented by proxy at the meeting or entitled to vote is required to approve Proposal 3, ratification of the Ballantyne Strong, Inc. 2014 Non-Employee Directors' Restricted Stock Plan.

2010 Long-Term Incentive Plan. The affirmative vote of a majority of the shares present or represented by proxy at the meeting or entitled to vote is required to approve Proposal 4, 2010 Long-Term Incentive Plan amendment and Section 162(m) material terms for payment of performance-based compensation.

Ratification of Independent Auditors. The affirmative vote of a majority of the shares present or represented by proxy at the meeting or entitled to vote is required to approve Proposal 5, ratification of the appointment of KPMG LLP as the Company's independent auditors for the fiscal year ended December 31, 2014.

What is a broker non-vote?

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote. In this situation, a "broker non-vote" occurs. Shares constituting broker non-votes are not counted or deemed to be present or represented for the purpose of determining whether stockholders have approved a matter, but they are counted as present for the purpose of determining a quorum at the Annual Meeting.

Who pays the expenses incurred in connection with the solicitation of proxies?

The Company will bear the cost of solicitation of proxies, including the charges and expenses of brokers and others for forwarding solicitation materials to beneficial owners of stock. In addition to the use of mail, proxies may be solicited by personal interview, telephone or facsimile. Computershare, Inc., the Company's Transfer Agent, is prepared to assist the Company to solicit proxies, if necessary.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a Current Report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an amendment to the Form 8-K to publish the final results.

PROPOSAL ONE

ELECTION OF DIRECTORS

Ballantyne's Certificate of Incorporation, as amended, and Bylaws, as amended, provide for the annual election of all directors. The Bylaws allow the Board to set the number of directors from time to time and to appoint directors between Annual Meetings. For purposes of this 2014 Annual Meeting the Board of Directors has set the number of directors at seven (7).

At the 2013 Annual Meeting stockholders elected seven (7) directors namely William F. Welsh, II, Gary L. Cavey, Marc E. LeBaron, Mark D. Hasebroock, Donde Plowman, Samuel C. Freitag and James C. Shay. All seven (7) of the presently-serving directors have been nominated for re-election. Information on these current directors and Ballantyne's corporate governance disclosures follow this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE

“FOR” THE ELECTION OF ALL THE NOMINEES.

BOARD OF DIRECTORS

Set forth below is a list of the seven (7) current directors and certain information regarding them. The chart below also sets forth the year in which each current director became a director of the Company. Each of these individuals has been nominated for election at the 2014 Annual Meeting.

William F. Welsh, II, age 72, was Chairman/CEO of Election Systems & Software from 1993 until his retirement in October 2003. He has served as a director of Lindsay Corporation (NYSE: LNN) since 2001. Mr. Welsh has served as a director of Ballantyne since 2000. The Nominating and Corporate Governance Committee believes that Mr. Welsh's prior executive level leadership and experience as a Chief Executive Officer give him the operational expertise and breadth of knowledge to understand Ballantyne's business operations. His service on other boards of directors also provides a high level of expertise in strategic matters and corporate governance. All of these qualities are supportive of the Nominating and Corporate Governance Committee's selection of Mr. Welsh as a director.

Gary L. Cavey, age 64, has been the Company's President, CEO and a director since November 2010. From 2009 until joining the Company, Mr. Cavey served as COO of Midland Radio Corporation, an international industry leader in the manufacture and sale of two-way wireless communications systems for consumer and industrial applications. From 1999 until 2008, Mr. Cavey was President/CEO and Chairman of MAC Equipment, Inc., a leading manufacturer and marketer of pneumatic conveying and air filtration systems serving numerous industries. In selecting Mr. Cavey to serve as a director, the Nominating and Corporate Governance Committee considered his 15-plus years' experience serving as a senior executive with his previous employers, his prior and current service on other corporate boards and the Company's history of having its CEO serve on the Board.

Marc E. LeBaron, age 59, has served as Chairman/CEO of Lincoln Industries from 2001 to present. He previously served as President of Lincoln Industries from 1982 until becoming Chairman/CEO. He is also a director of Assurity Life Insurance Company. Mr. LeBaron has served as a director of Ballantyne since 2005. The Nominating and Corporate Governance Committee believes that Mr. LeBaron's 30-plus years of organizational leadership experience, his ability to identify and implement business strategy and knowledge of corporate governance give him the operational expertise and breadth of knowledge which qualify him to serve as a director.

Mark D. Hasebroock, age 54, is the founder of Dundee Venture Capital (which was founded in 2010), a venture capital firm investing in growth companies with an e-commerce and web services focus. He is also Co-founder, Director and Secretary of Hayneedle.com (formerly Netshops, Inc.) from 2002 to present. Prior to co-founding Hayneedle, he served as an investment banker with McCarthy & Co., for approximately 13 years. Mr. Hasebroock has served as a director of Ballantyne since 2003. The Nominating and Corporate Governance Committee believes that Mr. Hasebroock's executive level leadership, technology experience and financial background give him the operational expertise and breadth of knowledge which qualify him to serve as a director.

Samuel C. Freitag, age 58, has been an independent private investor since January of 2004. From July 2002 to December 2003, he was President of McCarthy Capital Corporation, a private equity fund manager of approximately \$300 million in capital. From 1986 until 1997; he held various positions with George K. Baum Merchant Bank, LLC, including serving as Senior Managing Director and Director, Investment Banking. Mr. Freitag has served as a director of Ballantyne since June 2011. The Nominating and Corporate Governance Committee believes that Mr. Freitag's investment banking experience and service on other boards of directors provide him the executive experience and knowledge to qualify him to serve as a director.

Donde Plowman, age 61, has been the Dean of the University of Nebraska-Lincoln's College of Business Administration and a Professor of Management since July 2010. She was previously the head of the Department of Management at the University of Tennessee from 2007 to 2010. She previously held the position of Professor of Management at the University of Texas in San Antonio from 2007 to 2010, and Associate Dean for graduate programs and research and director of the Ph.D. program at the College of Business from 2000 to 2003. Dr. Plowman has published more than 40 articles and book chapters on management topics and has served as a management training consultant. Dr. Plowman has served as a director of Ballantyne since June 2011. The Nominating and Corporate Governance Committee believes that Dr. Plowman's experience in business management academics, senior level academic leadership and management experience qualify her to serve as a director.

James C. Shay, age 50, is the Senior Vice President--Finance and Strategic Planning and Chief Financial Officer for Great Plains Energy, Inc. (NYSE: GXP) and Kansas City Power & Light Company, a position he has held since July 2010. Previously, Mr. Shay served as Chief Financial Officer for Northern Power Systems from 2009 to 2010, Managing Director of Frontier Investment Banc Corporation from 2007 to 2009, Chief Financial Officer for Machine Laboratory, LLC (after its acquisition from BOA) from 2006 to 2007, Chief Financial Officer of General Electric Company's Environmental Services in Kansas City from 2004 to 2006, and Senior Vice President and Chief Financial Officer for BHA from 1992 to 2003. Mr. Shay is a Certified Public Accountant. Mr. Shay has served as a director of Ballantyne since May 2012. The Nominating and Corporate Governance Committee believes that Mr. Shay's extensive background in finance and accounting as well as his executive experience qualify him to serve as a director.

CORPORATE GOVERNANCE

The Board of Directors operates pursuant to the provisions of the Company's Certificate of Incorporation (as amended) and Bylaws (as amended) and has also adopted several corporate governance policies to address significant corporate governance issues. The Board of Directors has adopted the following governance documents:

- Code of Ethics

- Corporate Governance Principles including procedures for bringing concerns or complaints to the attention of the Board, any Committee or individual director

These corporate governance documents are available on the Company's website at www.strong-world.com.

Board Leadership Structure and Role of the Board in Risk Oversight

The Chairman of our Board and the Chief Executive Officer are not the same person. Since 2001, our Board has separated these duties, operating under the belief that a Board comprised of a majority of independent directors should be chaired by an independent director. It is also our Board's belief that separation of these roles is appropriate for Ballantyne so as to create a distinction between strategic and operational leadership of our business. That said, it has also been the Board's belief that our Chief Executive Officer, as the central operational and hands-on decision maker and the officer charged with implementing and overseeing the policies set by the Board, should serve as a director. Accordingly, Mr. Cavey serves as a director, as did his predecessor.

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, the Board is responsible for monitoring and assessing strategic and operational risk

exposure. The Audit Committee has the responsibility to consider and discuss major financial risk exposures and the steps management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also provides oversight of the performance of the internal audit function. The Nominating and Corporate Governance Committee monitors the effectiveness of the Company's corporate governance guidelines and the selection of prospective Board members and their qualifications. The Compensation Committee, in conjunction with the Audit Committee, assesses and monitors whether any of the Company's compensation policies and programs have the potential to encourage excessive risk-taking. Typically, the entire Board meets with management and the applicable Board committees at least annually to evaluate and monitor respective areas of oversight. Both the Board as a whole and the various standing committees receive periodic reports from individuals responsible for risk management, as well as incidental reports as matters may arise. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible.

Board Independence

The Board of Directors is composed of a majority of independent directors as defined by the listing requirements of the NYSE MKT. The Board of Directors has determined that each of Messrs. Welsh, LeBaron, Hasebroock, Freitag, Shay and Dr. Plowman are all independent directors of the Company under the listing standards adopted by the NYSE MKT. It is the policy of the Board that the independent directors meet in executive session (i.e. without management present) at each regular Board Meeting as well as when they as a group deem such meeting appropriate or necessary. During 2013, the independent directors met four (4) times in person. All independent directors attended at least seventy-five percent of the aggregate number of meetings held.

Communication to the Board

Stockholders wishing to communicate with the Board of Directors should address written correspondence to the Secretary of the Company who will present the communication to the Board.

Board Meeting Attendance

Stock Ownership Guidelines for Directors and Officers

The Company's Corporate Governance Principles state that directors are expected to own the number of shares of common stock equal to the value of three times their annual retainer. New directors have three years in which to meet this expectation. The Compensation Committee annually reviews the status of this expectation. The Chief Executive Officer is expected to own shares equal to the value of 75% of his annual base salary. Other officers are expected to own shares in an amount indexed to that of the CEO based upon their respective base salaries. Officers have three years from the date of their appointment to satisfy this expectation. The Compensation Committee annually reviews the status of this expectation.

Audit Committee

The Audit Committee of the Company's Board of Directors consists of directors Shay (Chair), Hasebroock, LeBaron, Freitag and Plowman, who are independent directors, as defined by NYSE MKT listing requirements. The Audit Committee acts under a written charter adopted by the Board of Directors. All Audit Committee members are financially literate. The Board of Directors has determined that Mr. Shay is an "audit committee financial expert" as defined by Item 407(d)(5)(ii) of Regulation S-K of the Securities and Exchange Commission. The Audit Committee assists the Board of Directors in fulfilling its responsibilities for oversight of the quality and integrity of the accounting, auditing and reporting practices of the Company, and performs such other duties as are directed by the Board. The Committee's role includes a particular focus on the qualitative aspects of financial reporting to stockholders, and on the Company's processes to manage business and financial risk, and for compliance with significant applicable legal, ethical and regulatory requirements. At least annually and generally on a quarterly basis, the Committee reviews and discusses matters separately with management of the Company and with the Company's independent auditors.

The Committee is directly responsible for the appointment of the independent registered public accounting firm engaged to prepare and issue an audit report on the financial statements and internal controls of the Company and periodically reviews and evaluates their performance and independence from management. All audit and permitted non-audit services are pre-approved by the Committee. Any services not covered by prior pre-approval or services exceeding the pre-approved cost levels, must be approved in advance by the Committee. The Committee has delegated the responsibility of approving proposed non-audit services that arise between Committee meetings to the Chairman, provided that the decision to approve the services is presented for ratification at the next scheduled

Committee meeting. During 2013, the Committee held 2 meetings in person. In addition, the Committee held 3 meetings via teleconference. All Committee members attended at least seventy-five percent of the aggregate number of meetings held.

Compensation Committee

The Compensation Committee of the Company's Board of Directors consists of directors LeBaron (Chair), Welsh, Hasebroock and Freitag. All members of the Committee are independent as defined by the NYSE MKT listing requirements. The Compensation Committee acts under a written charter adopted by the Board of Directors. The Committee functions include, but are not limited to:

- Determining the compensation of the Chief Executive Officer.

- Overseeing all other executive officers' compensation, including salary and payments under the Company's incentive and stock plans.

- Administering the Company's stock compensation plans including approving all individual grants and awards under these plans.
 - Reviewing compensation for non-employee directors and recommending changes to the Board.

The Compensation Committee has engaged Compensation Strategies, Inc. as the Committee's independent executive compensation consultant as needed. Compensation Strategies reports directly to the Committee and provides advice on the structure and amounts of executive and director compensation. In addition, they also assisted with the development of the 2010 Long-Term Incentive Plan as well as the decision to add unrestricted new shares of Company common stock to this Plan included for stockholder approval as set forth in Proposal Four.

The Committee held 2 meetings in person during 2013. In addition, the Committee held 2 meetings via teleconference. All Committee members attended at least seventy-five percent of the aggregate number of meetings held.

Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are directors Welsh (Chair), LeBaron, Hasebroock, Freitag, Plowman and Shay. All members of the Nominating and Corporate Governance Committee are independent as defined by the NYSE MKT listing requirements. The Nominating and Corporate Governance Committee acts under a written charter adopted by the Board of Directors. The functions of the Committee include, among other items, overseeing all aspects of the Company's corporate governance functions including compliance with significant legal, ethical and regulatory requirements. The Nominating and Corporate Governance Committee also reports to, and assists, the Board of Directors in identifying individuals for membership to the Board and recommends to the Board the director nominees for the next Annual Meeting of Stockholders. The Nominating and Corporate Governance Committee held two (2) meetings in person during 2013. All Committee members attended at least seventy-five percent of the aggregate number of meetings held, with the exception of Mr. Welsh who was absent from one (1) meeting due to illness.

Director Nomination Process—The Nominating and Corporate Governance Committee believes that the Company is well-served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Committee will re-nominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election or if a vacancy occurs between annual stockholder meetings, the Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based upon input from the members of the Board, senior management of the Company and, if the Committee deems appropriate, a third-party search firm.

Candidates will be chosen for their ability to represent all of the stockholders, and for their character, judgment, fairness and overall ability. As a group, they are expected to set the appropriate policy for the Company, and to bring to the Board of Directors broad experience in business matters and an insight and awareness of the appropriate and ever-changing role that corporations should have in society. Because the advice of those facing similar issues is of particular value, executive officers of other corporations are desirable candidates. Ballantyne does not have a set policy or process for considering "diversity", however that term may be defined, in identifying nominees. However, Ballantyne's corporate governance principles provide that the Nominating and Governance Committee shall strive to identify and recruit individuals whose diverse talents, experiences and backgrounds enhance the inclusive environment in which the Board currently functions. The Committee relies upon its judgment of the foregoing general criteria and the following personal criteria in selecting candidates for nomination to the Board of Directors:

- Independence and absence of conflicts of interest
- Honesty, integrity and accountability
- Substantial business experience with a practical application to the Company's needs
- Willingness to ask tough questions in a constructive manner that adds to the decision making process of the Board
- Demonstrated ability to think strategically and make decisions with a forward looking focus
- Ability to assimilate relative information on a broad range of topics
- Willingness to express independent thought
- Team player
- Willingness to make a strong commitment of time and attention to the Board's processes and affairs
- Ability to commit to Company stock ownership

The Nominating and Corporate Governance Committee evaluated Messrs. William F. Welsh, II, Gary L. Cavey, Marc E. LeBaron, Mark D. Hasebroock, Samuel C. Freitag, James C. Shay, and Dr. Donde P. Plowman, all of whom are incumbent directors, and recommended their nomination to the Board of Directors. The Board, in turn, nominated these seven persons for re-election as directors at the 2014 Annual Meeting of Stockholders.

The Nominating and Corporate Governance Committee will also consider proposals for nominees for director from stockholders which are made in writing to the Secretary of the Company and comply with Bylaw requirements. The recommendation must contain sufficient background information concerning the nominee to enable a proper judgment to be made as to his or her qualifications. Recommendations must also include a written statement from the candidate expressing a willingness to serve.

Compensation Discussion and Analysis

Compensation Philosophy

Decisions with respect to executive compensation are made by the Compensation Committee on an individual basis based upon a number of factors, including, but not limited to, the provisions of any existing employment contract with an executive officer, evaluation of the executive officer's performance, the level of responsibility associated with the executive officer's office, recruitment requirements and the performance of the Company. The Compensation Committee periodically utilizes Compensation Strategies, Inc. as its independent executive compensation consultant.

Compensation Strategies reports directly to the Committee and provides advice from time to time to the Committee on the structure and amounts of executive and director compensation. Compensation Strategies provides no other services to the Company.

Compensation of the executive officers of the Company has historically been structured to motivate, reward and retain the executive officers consistent with the needs of the Company from time to time. The major elements of the executive officers' compensation are base salary, short-term incentives in the forms of cash, restricted and unrestricted stock, and long-term incentives in the forms of stock options, restricted stock and units, stock appreciation rights and performance shares and units.

The overall goal of the Company's compensation policy is to maximize stockholder value by attracting, retaining and motivating the executive officers that are critical to its long-term success. To that end, the Board of Directors adopted, and the stockholders approved, the Ballantyne Strong, Inc. 2010 Long-Term Incentive Plan. The Board of Directors believes that the 2010 Plan, coupled with the addition of new shares of Company common stock to the Plan set forth in Proposal Four of this Proxy Statement, is essential to recruit, motivate and retain a high caliber management team and is expected to advance the long-term success of the Company by rewarding executive officers and key employees for the achievement of certain performance goals designed to increase stockholder value over a multi-year period.

Compensation Recoupment Policy

The Board has adopted as part of its Corporate Governance Principles a policy on recoupment of executive compensation. If the Board learns of any misconduct by an officer that damages the Company's operation, reputation, or standing, or that causes the Company to have to restate its financial statements, the Board may among other actions, and to the extent permitted by governing law, require the surrender, forfeiture and cancellation of all restricted stock awards, options or other non-cash compensation previously granted to the officer. The Board may also require reimbursement of any performance-based cash compensation received by the officer and which award was influenced by the misconduct in question.

Say on Pay Vote

The Company conducted its first advisory vote on executive compensation in May 2011. The resolution passed with 96% of the vote. The Company's stockholders in May 2011 also cast 89% of their votes in favor of an annual say-on-pay vote. In May 2012 the resolution passed with 98% of the vote. In May 2013 the resolution passed with 97% of the vote. The Board of Directors and the Compensation Committee considered these results in determining compensation policies and decisions for the remainder of 2013 and for 2014. The Board and the Committee also determined to hold annual say-on-pay votes and, based on the significant level of stockholder support, to continue the current compensation objectives, strategies, processes and practices described below.

Base Salary

The base salaries of executive officers have historically reflected, and will continue to reflect their individual contribution to the Company. Base salaries have historically been reviewed annually and may be changed based on the individual's performance or a change in competitive pay levels in the marketplace.

The Compensation Committee reviews and establishes the base salary of the Chief Executive Officer based on independent competitive data, his leadership in establishing performance standards in the conduct of the Company's business, and its expectation as to his future contributions in directing the long-term success of the Company and its business.

Cash and Restricted Stock Bonuses

The Committee believes that the annual bonus of key employees, including executive officers, should be based on optimizing profits and prudent management of the capital employed in the business. Annual incentive compensation is determined and paid pursuant to the Company's Short-Term Incentive Plan ("STI Plan"). The STI Plan is an annual incentive program that provides the executive officers and key management bonuses if the Company achieves certain goals. Each payout is further subject to the achievement of certain individual goals, as defined. The STI Plan provides for a bonus payout in the form of cash, restricted and unrestricted stock or some combination thereof based on certain criteria. The bonuses paid for fiscal 2013 performance were in the form of cash. For the 2013 STI Plan, the Compensation Committee established certain target award percentages of base salary to determine the target award for the named executive officers and certain key employees. The target award for Mr. Cavey was set at 50% of his base salary while the target awards for the remaining named executive officers were set at 35% of their base salaries.

The Compensation Committee set three universal tactical goals that comprised 85% of the entire target award that applied to each of the participants of the STI Plan. The first universal goal was that fiscal year 2013 pre-tax income exceeds certain thresholds as set forth in the Plan. The pre-tax income goal excluded revenue and costs associated with acquisitions and represented 45% of the target award. The second universal goal was fiscal year 2013 operating cash flows exceeding certain thresholds as set forth in the Plan. This goal represented 20% of the target award. The final universal tactical goal was fiscal year 2013 Strong Technical Services revenue exceeding certain thresholds set forth in that Plan. This goal represented 20% of the target award. The Committee also set certain goals specific to each participant's area of responsibility and represented the final 15% of the target award.

The Committee deemed all the goals described above to be effective in focusing management on continued profitability even with the challenges of operating under the Company's transition from being a film projector manufacturing company to one based on providing end-to-end technology solutions.

In 2013, two of the three of the universal tactical goals were achieved. Not all participants achieved their individual goals. The payout for the target awards are reflected in the Summary Compensation Table and were paid in cash in the first quarter of 2014.

Stock Plans

During 2005, the Committee adopted, and the stockholders subsequently approved, the 2005 Restricted Stock Plan. The Committee believed the Plan provided a mechanism to align executive and stockholder interests and assists the Company in attracting and retaining key executives. In January 2012, 28,210 shares of common stock were granted to key employees under the Plan as partial payment for goals met under the STI Plan for fiscal 2011. In March 2013, 41,000 shares of common stock were granted to executives and key employees. The shares granted to executives are reflected in the Summary Compensation Table. The Plan expired in September of 2013. The Compensation Committee and Board of Directors elected not to renew the Plan and will rely on the 2010 Long-Term Incentive Plan to incent and reward Company executives and key employees.

The Company's Employee Stock Purchase Plan expired in October of 2013. Given the lack of employee participation, the Board of Directors chose not to renew this Plan.

2010 Long-Term Incentive Plan

The long-term incentive component is designed to incent and reward the achievement of longer-term strategic objectives and align the financial interests of the Company's executive officers with those of the Company's stockholders. The 2010 Plan is administered by the Compensation Committee. The 2010 Plan provides the Committee with the flexibility to design compensatory awards that are responsive to the Company's needs. Subject to the terms of the 2010 Plan, the Committee has the discretion to determine the terms of each award, including which award, if any, may be subject to vesting upon a "change in control" of the Company, as such term is defined in the 2010 Plan. In general, all awards under the 2010 Plan to Company executive officers and other key employees will be made by the Committee. However, the Committee may delegate to one or more officers of the Company the day-to-day administration of the Plan. Awards under the 2010 Plan may be in the form of stock options, stock appreciation rights, restricted shares, restricted units, performance shares or performance units. The Company expects that executive officers and key employees may receive awards from time to time under the 2010 Plan. The benefits or awards that may be received by or allocated to participants will be determined at the discretion of the Committee based on the development of a series of long-term strategic goals that the Board of Directors believes will significantly enhance stockholder value if achieved. The maximum number of shares as to which stock awards may be granted under the 2010 Plan is 600,000 shares, subject to adjustments by the Committee for stock splits, stock dividends, recapitalizations, acquisitions and other similar transactions or events. In January 2012 and February 2013, the Committee decided to grant a combination of performance units ("PRUs"), restricted stock awards ("RSAs") and nonqualified stock options awards to provide the Company's executive officers with long-term incentive compensation. The PRUs, RSAs and stock options were granted pursuant to the Company's 2010 Plan which was approved by the stockholders at the Company's annual stockholder meeting in May 2010. The Committee included stock options in order to enhance the long-term incentive plan's perceived value and to reduce pressure on goal-setting for the PRUs which can be difficult given the transitional nature of the Company's business. The Committee believes that the mix of RSAs, PRUs and stock options will continue to promote sustained long-term performance, goal alignment and retention.

161,500 options, 65,000 RSAs and 603,667 PRUs have been awarded to executive officers under the Plan, the details of which are reflected in the Summary Compensation Table. As of December 31, 2013, a total of 373,500 shares remain available for issuance pursuant to this Plan which will terminate on May 19, 2020.

Performance Units. Each PRU has a value of \$1.00 and represents a right to receive a cash payment at a specified time in the future if certain performance objectives have been met during the specified performance periods leading up to the payout of the PRU. PRUs are, therefore, designed to reward achievement of specific performance objectives over these periods. In addition to requiring satisfaction of the applicable threshold performance levels, PRUs are only payable if the recipient remains employed with the Company until payout occurs after the end of the performance periods.

Restricted Stock Awards. RSAs represent a right to receive ownership of a certain number of shares of the Company's common stock at a specified time in the future, but are not conditioned upon achieving any specific performance objectives, and are only issuable if the recipient remains employed by the Company at the end of the vesting period leading up to the issuance of the RSAs. RSAs are designed primarily to encourage retention of executive officers and key employees.

Nonqualified Stock Options. Nonqualified stock options represent an option to purchase shares of the Company's common stock at an option price equal to the closing price on the New York Stock Exchange of the Company's common stock on the grant date. The stock options are designed to motivate executives to increase stockholder value as the stock options will only have value if our stockholders also benefit from increasing stock prices.

The PRUs have a three-year vesting period for Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner and two-year vesting period for Mr. Anderson. The RSAs and stock options have four-year vesting periods for Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner and a three-year vesting period for Mr. Anderson. The PRUs awarded during fiscal 2012 and 2013 will not become payable until after December 31, 2015, but not later than March 15, 2016. The Company will pay a cash lump sum for the PRUs which have been earned. As of January 11, 2014, a total of two-thirds of the number of PRUs originally granted to Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner have vested at a payout of 114% of target. As of February 13, 2014, one half of the PRU's granted to Mr. Anderson in 2013 have vested at a payout of 105% of target. See Summary Compensation Table. The Committee also felt that a three-year period was commonly used by similar companies. The RSAs originally awarded during fiscal 2012 to Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner vest ratably over a four-year period commencing on January 11, 2013, and the RSAs awarded to Mr. Anderson during fiscal 2013 vest ratably over a three-year period commencing February 13, 2014, provided that the executive officer continues her or his employment with the Company during the vesting period. Nonqualified stock options originally granted in 2012 to Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner vest ratably over a four-year period commencing January 11, 2013 and the nonqualified stock options granted to Mr. Anderson in 2013 vest ratably over a three-year period commencing February 13, 2014, provided that the executive officer continues her or his employment with the Company during the vesting period, and expire 10 years after the grant date. The Committee intends that annual grants of long-term incentive awards will provide constant motivation and alignment of executive and stockholder interests extending into the future and will support executive retention.

PRU Awards. For the previously discussed reasons, the Committee determined that a part of the long-term incentive award granted to each executive officer would consist of PRUs. Each PRU awarded in fiscal 2012 is comprised of three performance periods running through the end of fiscal 2014 and for the PRU's granted to Mr. Anderson in 2013, two performance periods running through the end of fiscal 2014. The Committee determined to choose performance measures on an annual basis for each of the 2012, 2013 and 2014 performance periods. For the 2013 performance period, the Committee chose completing acquisitions and net income as the performance measures to be used to determine PRU payouts for that performance period. For 2014 performance periods, the Committee may consider several performance measures, including measures that are tied to the accomplishment of specific performance objectives. In 2012 and 2013, the Compensation Committee awarded PRUs with a threshold payout of 50% of the target number and a maximum payout of 150% of the target number.

For 2013, the Committee chose to correlate PRU payouts to acquisitions and net income because it determined that there was a connection between these performance measures and stockholder value. Additionally, these performance measures could be easily quantified and calculated for the purposes of determining whether the Company had met the necessary performance requirements. The Committee assigned 75% weighting to acquisitions and 25% weighting to net income for purposes of determining PRU payouts in order to drive profitable growth and focus on appropriate expense management. Although the Committee feels that acquisitions and net income reasonably approximate the connection between executive performance and stockholder value, the Committee has the authority to make subsequent PRU awards according to different performance measures.

For the purpose of calculating net income, any acquisitions made by the Company and revenues, expenses or assets associated with such acquisitions are excluded in the fiscal year of the acquisition, but will be fully included during

every year thereafter.

The Committee established the following performance measures for acquisitions (revenues of acquired companies for the preceding 12 months prior to acquisition) and net income for the PRUs awarded in fiscal 2013:

Acquisitions Net Income

Target – 100%	\$40M	\$1.4M
Stretch – 125%	\$60M	\$2.1M
Maximum – 150%	\$80M	\$2.8M

The Committee attempted to establish maximum and target performance levels that would reward the executive officers for exceptional performance. A partial PRU is earned if the Company achieved at least target performance for one of the performance factors even if the Company did not achieve target performance for the other performance factor.

For 2013, the acquisitions and net income performance measures were independently calculated and earned once the defined target for such performance measure is achieved, even if the target for the other performance measure was not achieved. The 2013 PRUs were earned by determining the actual performance measured against the performance goals for each performance measure. At the target level for both performance measures each PRU is paid at \$1.00, and payments increase to \$1.25 if the stretch level is achieved for both performance measures and payment increases to \$1.50 if the maximum level is achieved for both performance measures. Payout factors are interpolated on a linear basis when actual performance results fall between the target, stretch and maximum levels. For 2013, PRUs were earned at 105% of target, calculated as follows: acquisitions of \$40M were completed which was 100% of target and net income which was 119% of target. Weighing acquisitions at 75% and net income at 25% yielded a final payout percentage of 105% of target.

In the event of a change in control of the Company while the executive officer is employed by the Company and on or before December 31, 2015, the executive officer is entitled to receive cash payment for PRUs which is equal to the sum of:

(i) the amount of the PRU, if any, that has been earned, based on the attainment of the applicable performance objectives set by the Committee, during such of the 2012, 2013, and 2014 performance Periods which have been completed on or prior to the date of the Change in Control; plus

(ii) the amount of the PRU that could have been earned, based on the deemed attainment of performance targets set by the Committee and actual performance through the date of the Change in Control (as determined by the Committee) for the performance period in which such Change in Control occurs and any performance periods that had not yet commenced by the date of the Change in Control.

The amounts of PRUs so determined vest as of December 31, 2015, provided that executive officer has been continuously employed by the Company (or its successor) through such date.

Restricted Stock Awards. For the previously discussed reasons, the Committee determined that each executive officer's long-term incentive award should consist of RSAs. The RSAs awarded in fiscal 2012 to Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner vest according to a four-year schedule, with one-fourth of the RSUs vesting commencing on January 11, 2013, and the RSA's granted to Mr. Anderson in 2013 vest according to a three-year schedule, with one-third of the RSUs vesting on February 13, 2014, contingent upon the named executive officer's continued employment with the Company during the vesting period. Accordingly, if a named executive officer received 12,000 RSAs in fiscal 2012 and remains employed with the Company, 3,000 of those RSAs vested on January 11, 2013, another 3,000 RSAs would vest on January 11, 2014, another 3,000 RSAs would vest on January 11, 2015 and then the final 3,000 RSAs would vest on January 11, 2016. All RSAs granted in fiscal 2012 and 2013 fully vest upon a change in control of the Company.

Non-qualified Stock Options. For the previously discussed reasons, the Committee determined that each executive officer's long-term incentive award should consist of nonqualified stock options. The nonqualified stock options awarded in fiscal 2012 to Mr. Cavey, Ms. Carstens, Mr. Stark and Mr. Boegner have an option price of \$4.70 (which is equal to the closing price on the New York Stock Exchange of the Company's common stock on the grant date of January 11, 2012) and vest ratably (one-fourth each year) on January 11th of the next four calendar years following the grant date. The non-qualified stock options awarded to Mr. Anderson in 2013 have an option price of \$3.55 (which is equal to the closing price of the Company's common stock on the New York Stock Exchange on the grant date of February 13, 2013) and vest ratably (one-third each year) on February 13th of the next three calendar years following the grant date. Vesting is contingent upon the executive officer's continued employment with the Company during the vesting period. No stock option may be exercised more than 10 years from the date of grant. All stock options granted in fiscal 2012 and 2013 fully vest upon a change in control of the Company.

401(k) Retirement Plan

The Company has adopted a Retirement and Savings 401(k) Plan (the “Plan”), which is a combination savings and profit sharing plan designed to qualify under Section 401 of the United States Internal Revenue Code of 1986, as amended (the “Code”), including the provisions of Section 401(k). In 2013, all employees of Ballantyne who were at least eighteen years old were eligible to participate in the Plan on the first of the month following thirty (30) days from the date of hire. Each participant may defer up to 100% of their compensation. The Company will match 50% of the amount deferred up to 6% of their compensation. In addition, the Company may elect, at the discretion of the Board, to contribute an additional amount. All contributions to the Plan are non-forfeitable. For 2013, no participant could contribute more than \$17,000 to the Plan and receive a deduction for federal income tax purposes while certain participants age 50 or older could contribute up to \$22,500. Benefits may be distributed to participants or their beneficiaries, as the case may be, in the event of a participant’s death, retirement or other termination of service, or, if the participant so requests, on reaching age 59^{1/2}. Participants may be eligible to withdraw benefits in case of hardship.

Contributions to the Plan made by the Company on behalf of the named executive officers of the Company are included in the Summary Compensation Table.

Other Employee Benefits

The Company also provides its executives with certain benefits which are generally available to all employees of the Company, such as excess life and disability insurance. These benefits for the named executive officers of the Company are included in the Summary Compensation Table.

Employment Contracts

During fiscal 2013, the Company had written employment agreements with each of Mr. Cavey, Ms. Carstens, Mr. Boegner, Mr. Stark and Mr. Anderson. The material provisions of each of these agreements are discussed below.

Mr. Cavey's agreement provides for a base salary, which is subject to annual review and adjustment based upon his performance. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in Ballantyne's 2010 Long-Term Incentive Plan. He is eligible to participate in and/or receive other benefits provided to other employees of the Company. He was also granted 50,000 non-qualified stock options, the details of which are reflected in the Summary Compensation Table. The agreement obligates Mr. Cavey to acquire and maintain holdings of Ballantyne's common stock equivalent to at least 75% of his base salary within three years of his hiring, which is consistent with the Company's stock ownership requirements set forth in the Company's Corporate Governance Principles. In the event his employment is terminated by Ballantyne without good cause or by Mr. Cavey for good reason, as these terms are defined in the agreement, then he will receive his base salary for nine months after the date his employment is terminated. In addition, Ballantyne will pay for or reimburse Mr. Cavey for the cost of health insurance during this same period. The agreement with Mr. Cavey provides that in the event of a change-in-control (as defined in the agreement) the agreement will continue in effect and any termination of the agreement will be treated as being without cause, entitling Mr. Cavey to the severance benefit discussed above. Assuming a termination date of December 31, 2013, as required by SEC rules, the approximate value of the severance benefits would have been \$292,043 for Mr. Cavey. In addition, the terms of the stock options, RSAs and PRUs granted to Mr. Cavey all provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2013, as required by SEC rules, the approximate value of the vesting stock options would have been zero as the exercise price to be paid by Mr. Cavey exceeded the Company's stock price at December 31, 2013.

Ms. Carstens' employment agreement with the Company provides for a base salary. She is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in the 2010 Long-Term Incentive Plan. She received relocation reimbursement and six-months of temporary living expense reimbursement and a stock option grant of 2,200 non-qualified stock options, the details of which are reflected in the Summary Compensation Table. The agreement requires Ms. Carstens to acquire and maintain holdings of Ballantyne's Common Stock equivalent to 50% of her base salary within three years of her hiring, which is consistent with the Company's stock ownership requirements set forth in the Company's Corporate Governance Principles. In the event that her employment is terminated by Ballantyne without good cause or by Ms. Carstens with good reason, as these terms are defined in the agreement, then she will receive her base salary for a period of six (6) months after the date her employment is terminated. In addition, Ballantyne will pay for or reimburse Ms. Carstens for the cost of health insurance during this same period. She is eligible to participate in and/or receive other benefits provided to other employees of the Company. The agreement with Ms. Carstens provides that in the event of a change-in-control (as defined in the agreement) the agreement will continue in effect and any termination of the agreement will be treated as being without cause, entitling Ms. Carstens to the severance benefits discussed above. Assuming a termination date of December 31, 2013, as required by SEC rules, the approximate value of the severance benefits would have been \$125,804 for Ms. Carstens. In addition, the terms of the stock options, RSAs and PRUs granted to Ms. Carstens all provide for accelerated vesting in the event of a change-in-control.

Assuming that a change-in-control occurred at December 31, 2013, as required by SEC rules, the approximate value of the vesting stock options would have been zero as the exercise price to be paid by Ms. Carstens exceeded the Company's stock price at December 31, 2013.

Mr. Boegner's employment agreement with the Company provides for a base salary. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in the 2010 Long-Term Incentive Plan. The agreement requires Mr. Boegner to acquire and maintain holdings of Ballantyne's Common Stock in accordance with the Company's stock ownership and retention policies as set forth in the Company's Corporate Governance Principles. In the event that his employment is terminated by Ballantyne without good cause or by Mr. Boegner for good reason, as these terms are defined in the agreement, then he will receive his base salary for period equal to three (3) weeks for each year that he has been employed by the Company. In addition, Ballantyne will pay for or reimburse Mr. Boegner for the cost of health insurance during this same period. He is eligible to participate in and/or receive other benefits provided to other employees of the Company including an automobile allowance. Assuming a termination date of December 31, 2013, as required by SEC rules, the approximate value of the severance benefits would have been \$365,525 for Mr. Boegner. In addition, the terms of the stock options, RSAs and PRUs granted to Mr. Boegner all provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2013, as required by SEC rules, the approximate value of the vesting stock options would have been zero as the exercise price to be paid by Mr. Boegner exceeded the Company's stock price at December 31, 2013.

Mr. Stark's employment agreement with the Company provides for a base salary. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in the 2010 Long-Term Incentive Plan. The agreement requires Mr. Stark to acquire and maintain holdings of Ballantyne's Common Stock in accordance with the Company's stock ownership requirements set forth in the Company's Corporate Governance Principles. In the event that his employment is terminated by Ballantyne without good cause or by Mr. Stark with good reason, as these terms are defined in the agreement, then he will receive his base salary for a period of six (6) months after the date his employment is terminated. In addition, Ballantyne will pay for or reimburse Mr. Stark for the cost of health insurance during this same period. He is eligible to participate in and/or receive other benefits provided to other employees of the Company. The agreement with Mr. Stark provides that in the event of a change-in-control (as defined in the agreement) the agreement will continue in effect and any termination of the agreement will be treated as being without cause, entitling Mr. Stark to the severance benefits discussed above. Assuming a termination date of December 31, 2013, as required by SEC rules, the approximate value of the severance benefits would have been \$117,909 for Mr. Stark. In addition, the terms of the stock options, RSAs and PRUs granted to Mr. Stark all provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2013, as required by SEC rules, the approximate value of the vesting stock options would have been zero as the exercise price to be paid by Mr. Stark exceeded the Company's stock price at December 31, 2013.

Mr. Anderson's employment agreement with the Company provides for a base salary. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in the 2010 Long-Term Incentive Plan. Assuming a termination date of December 31, 2013, as required by SEC rules, the approximate value of the severance benefits would have been \$94,064 for Mr. Anderson. In addition, the terms of the stock options, RSAs and PRUs granted to Mr. Anderson all provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2013, as required by SEC rules, the approximate value of the vesting stock options would be \$24,300.

Background

At the 2012 Annual Meeting, the stockholders' approved, by advisory vote, annual frequency for future advisory votes on executive compensation ("say-on-pay vote"). This advisory vote was accepted by the Board of Directors.

The annual advisory say-on-pay vote on executive compensation is a non-binding vote on the compensation of the Company's Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules promulgated by the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure. The advisory say-on-pay vote is not a vote on the Company's general compensation policies, compensation of the Board, or the Company's compensation policies as they relate to risk management.

The Compensation Committee believes the Company's executive compensation program reflects a strong philosophy that rewards performance and is closely aligned with stockholders' long-term interests. The Compensation Discussion and Analysis section of this Proxy Statement provides a more detailed discussion of the Company's executive compensation policies and practices.

Non-Binding Advisory Resolution

We are asking our stockholders to indicate their support for the Company's executive compensation program as described in this Proxy Statement. This proposal gives our stockholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we will ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion

and Analysis, the compensation tables and any related materials disclosed in this Proxy Statement is hereby APPROVED.”

This advisory say-on-pay vote on executive compensation is not binding on the Board. However, the Board values the opinion of our stockholders and will take into account the result of the vote when making future decisions regarding executive compensation.

Required Vote

If a quorum is present, the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve this resolution.

Our Board recommends a vote FOR adoption of the advisory resolution approving the compensation of the Company’s Named Executive Officers.

PROPOSAL THREE

APPROVAL OF THE 2014 BALLANTYNE STRONG, INC. 2014 NON-EMPLOYEE DIRECTORS' RESTRICTED STOCK PLAN

At the meeting, we will present a proposal to adopt the 2014 Non-employee Directors Restricted Stock Plan (the "2014 Directors Plan"). This plan is intended to replace the Directors Plan which expired in 2013.

The 2014 Directors Plan is intended to assist us in attracting and retaining qualified members of our Board of Directors. The 2014 Directors Plan provides for equity ownership opportunities for members of our Board of Directors who do not serve as employees of Ballantyne ("non-employee directors") in order to encourage and enable them to participate in our future prosperity and growth and to match the interests of the non-employee directors with those of our stockholders. These objectives will be promoted through the granting of equity-based awards. The awards that may be granted under the 2014 Directors Plan are grants of restricted shares. The Company believes this approach, which was used in the plan which expired in 2013, has been successful. The Company Compensation Committee, in consultation with Compensation Strategies, Inc., its independent compensation consultant, determined that 200,000 shares of Company common stock will be sufficient for market-based awards to the non-employee directors over the three (3) year term of the proposed 2014 Director's Plan.

The primary aspects of the proposed 2014 Directors Plan are as follows, and are subject to the terms of the proposed 2014 Directors Plan, which is set forth in [Appendix A](#) to this Proxy Statement:

Plan Term	Effective on approval by our stockholders. If our stockholders approve the 2014 Directors Plan at the 2014 Annual Meeting to be held on May 14, 2014, such plan will terminate on May 14, 2017 unless terminated earlier by the Board of Directors or extended by the Board with the approval of the stockholders. However, the term and exercise of awards granted before then may extend beyond that date.
Eligibility	Non-employee directors of Ballantyne. Assuming re-election of all directors at the 2014 Annual Meeting, there will be six (6) non-employee directors.
Shares Authorized	200,000, subject to adjustments as described below, which may be newly issued shares or treasury shares. In the event any award is forfeited, cancelled, terminated, exchanged or surrendered, or settled in cash or otherwise terminated or settled without a distribution of shares to the participating director, then such shares, to the extent of the forfeiture, cancellation, termination, exchange, surrender or other settlement, shall be available under for future issuance.

Plan Administrator Our Compensation Committee will administer the 2014 Directors Plan.

Restricted Shares Restricted shares may be granted to a non-employee director on the terms and conditions and as the Compensation Committee may prescribe from time to time. All restricted shares will be subject to a restriction period, during which the non-employee director is not permitted to sell, transfer, pledge, assign or otherwise encumber the restricted shares.

Other Information

Adjustments. In the event of a change in the capital structure of our shares (such as a stock dividend, stock split, reverse stock split, share combination, or recapitalization) the Compensation Committee will make adjustments as it deems appropriate and equitable, including adjustments to the aggregate number of shares reserved for issuance under the 2014 Directors Plan and the number of shares subject to outstanding restricted share awards.

Amendments. The Board has broad authority to amend the 2014 Directors Plan, except that, other than as described above under “Adjustments,” no such amendment (i) may impair the rights of the holder of a then-outstanding award without such holder’s consent, unless such amendment is required to comply with applicable law or stock exchange or accounting rules; (ii) unless approved by stockholders, may increase the maximum aggregate number of shares available under the 2014 Directors Plan or (iii) may be effected without stockholder approval otherwise required under applicable law, regulation or stock exchange rule.

Federal Income Tax Consequences. The grant of restricted shares will not result in income for the non-employee director or in a deduction for Ballantyne during the restricted period. On the lapse of such restrictions, the non-employee director will recognize ordinary income and Ballantyne will recognize a deduction measured by the fair market value of the common shares when the restrictions lapse.

Non-employee directors are compensated for their services as directors. For a description of such compensation, see “Director Compensation” of page [#] of this proxy statement.

We have not approved any awards that are conditioned upon stockholder approval of the 2014 Directors Plan proposal.

Vote Required for Approval and Board of Directors Recommendation

The proposal to approve the 2014 Non-Directors Restricted Stock Plan requires the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes will not be considered votes cast for or against the approval of the proposal.

PROPOSAL FOUR

APPROVAL OF 2010 LONG-TERM INCENTIVE PLAN AMENDMENT AND SECTION 162(m) MATERIAL TERMS FOR PAYMENT OF PERFORMANCE-BASED COMPENSATION

General Information

Stockholders approved the Ballantyne Strong, Inc. 2010 Long-Term Incentive Plan (the "2010 Plan") at the 2010 Annual Meeting. The Board of Directors adopted this plan in order to recruit, motivate and retain a high caliber management team and to advance the long-term success of the Company by rewarding executive officers and key employees for the achievement of certain performance goals designed to increase stockholder value over a multi-year period. The 2010 Plan had an initial authorization of 600,000 shares. Stockholders are being asked to consider and vote upon a proposal to approve (1) an amendment to the 2010 Plan to add 1,000,000 shares of Company common stock to the total number of shares of common stock currently available for issuance under the 2010 Plan, and (2) the materials terms for payment of performance-based compensation under the 2010 Plan as required by Section 162(m) of the Internal Revenue Code ("Code"). The Board of Directors recommends the stockholders approve this proposal.

Long-term incentives are a critical component of the Company's compensation philosophy, as discussed more fully under "Compensation Discussion and Analysis" found earlier in this Proxy Statement. The Compensation Committee (the "Committee") believes that the performance-based compensation authorized under the 2010 Plan closely aligns the interests of the Company's executive officers and key employees with those of its stockholders. The 2010 Plan provides the Committee with multiple stock compensation vehicles to reward the achievement of long-term strategic objectives. Further, the Plan provides flexibility for the Committee to tie awards or shares earned to established performance goals that are expected to increase stockholder value of the Company over the long-term.

Since the 2010 Plan was approved, the Company has granted 226,500 shares of restricted stock and stock options to its employees, leaving 373,500 shares available for issuance under the 2010 Plan prior to the proposed amendment. The 1,000,000 additional shares represent approximately 7% of our outstanding shares as of March 17, 2014. The 226,500 shares used under the 2010 Plan since 2010 represent a total usage rate (or annual burn rate) of less than 1% (calculated as shares underlying awards granted as a percentage of shares outstanding). These results demonstrate that the Committee is committed to using dilutive stock compensation in a very judicious manner and is committed to achieving a balance between dilution and providing the necessary incentives to executive officers and key employees to create long-term stockholder value.

When adopted in 2010 the Company expected that the initial authorization of 600,000 shares under the 2010 Plan would last three to five years. As of the date of the Annual Meeting, the initial authorization will have lasted in excess

of four years. It is anticipated that the additional shares provided by the proposed amendment would last an additional three to five years. The Committee, in consultation with Compensation Strategies, Inc., its independent Compensation Consultant, determined the additional 1,000,000 shares of Company common stock will be sufficient for market-based awards to be granted by the Committee over the next three to five years.

The Company is seeking approval of the amendment to the 2010 Plan to comply with NYSE stockholder approval requirements applicable to equity plans that are incorporated into the 2010 Plan. The Company is also seeking approval of the material terms of the Section 162(m) performance-based compensation terms in the 2010 Plan to enable the Company to deduct compensation attributable to certain performance-based awards for federal income tax purposes if the requirements of Section 162(m) of the Code in addition to stockholder approval are satisfied. Section 162(m) requires stockholder approval of the material performance-based compensation terms no later than the first shareholder meeting that occurs in the fifth year following the year in which shareholders previously approved those terms. Stockholders last approved the Section 162(m) performance-based compensation terms under the 2010 Plan at our 2010 annual meeting of stockholders when they initially approved the 2010 Plan.

Stockholder approval of this proposal is intended to permit certain awards made to the Company's executive officers under the 2010 Plan to constitute qualified performance-based compensation for purposes of Section 162(m) of the Code and the rules and regulations issued under that Section, and to enable the Company to deduct such compensation for federal income tax purposes if the requirements of Section 162(m) in addition to stockholder approval are satisfied. Because of the uncertainties associated with the application and interpretation of Section 162(m) and the regulations issued thereunder, there can be no assurance that the compensation intended to satisfy the requirements for deductibility under Section 162(m) will in fact be deductible. Moreover, our Board or Compensation Committee may elect to grant performance-based awards that are not intended to satisfy all of the conditions necessary for awards granted under the Plan to qualify as performance-based compensation under Section 162(m), even if all or less than all of the compensation resulting from the exercise, vesting or settlement of such awards is non-deductible.

Stockholder approval of this Proposal 4 will constitute approval of the Section 162(m) performance-based compensation terms described below, including specifically (1) the persons eligible to receive performance-based compensation under the 2010 Plan, (2) the maximum amount of performance-based compensation that may be paid under the Plan during a specified period to any eligible person, and (3) the performance criteria that may be used under the Plan to establish performance goals as a condition to the payment of the performance-based awards.

Eligible Class

All employees, including executive officers, of the Company are eligible to receive awards under the Plan. As of March 17, 2014, the five (5) named executive officers were eligible to participate in the 2010 Plan and additional employees may be eligible for awards as determined by the Committee.

Performance Criteria

The performance criteria that may be used with respect to performance awards granted under the Plan are limited to specified levels of or increases or decreases in the Company's or affiliate's:

o return on equity;

o earnings measures/ratios (including but not limited to, operating income or profit, net earnings, earnings per share, total earnings, earnings growth and earnings before interest, taxes, depreciation and/or amortization);

o return measures (including but not limited to, return on equity, total return to shareholders, financial return ratios, return on capital, return on assets sales and return on investment);

o sales growth;

o gross margin;

o increase in the fair market value of the Company's common stock;

o share price (including but not limited to, growth measures and total stockholder return);

o cash flow measures (including, but not limited to, operating cash flow and free cash flow and cash flow return on investment (which equals net cash flow divided by total capital));

o inventory turns;

o market share;

oeconomic or incremental value added and economic profit;

o balance sheet measurements such as receivable turnover, internal rate of return, increase in net present value or expense targets;

oworking capital measurements (such as average working capital divided by sales); and

ocustomer or dealer satisfaction surveys and productivity.

These performance criteria may be described in terms of Company-wide objectives or objectives that are related to the performance of the individual participant or the subsidiary, division, department or function within the Company or subsidiary in which the participant is employed. Performance criteria may be measured on an absolute or relative basis. Relative performance may be measured by a group of peer companies or by a financial market index. Any performance goal may provide for adjustments to exclude the impact of any significant acquisitions or dispositions of businesses by the Company, one-time non-operating charges, or accounting changes (including the early adoption of any accounting change mandated by any governing body, organization or authority). Prior to the payment of any compensation based on the achievement of performance goals, the Committee must certify in writing that applicable performance goals and any of the material terms thereof were, in fact, satisfied.

Maximum Number of Shares Granted in Single Taxable Year; Maximum Annual Earnings on Cash Awards

No participant may be granted (i) options or SARs during any year of more than 100,000 shares, or (ii) restricted stock or restricted stock units during any year of more than 60,000 shares, or (iii) performance awards in any rolling performance period denominated in shares with respect to more than 60,000 shares. (These maximum limitations are automatically adjusted in the event of certain corporate transaction such as a stock split or stock dividend with respect to our stock.) The maximum dollar value that may be earned by any participant in any 12-month period with respect to performance awards that are denominated in cash is \$500,000.

If approved by stockholders at the Annual Meeting, the increase in shares authorized under the 2010 Plan will become available for grant on the date of the Annual Meeting and will be used for future grants to executive officers and key employees. The approval of the material terms for payment of performance-based compensation for purposes of Section 162(m) of the Code will be effective at the time of stockholder approval.

Summary of 2010 Plan

The following is a summary of the terms of the 2010 Plan as proposed to be amended. This summary is not a complete description of all provisions of the 2010 Plan as proposed to be amended, and is subject to the actual terms of the 2010 Plan as proposed to be amended. A copy of the 2010 Plan in the form reflecting the proposed amendment is attached hereto as Appendix B to this Proxy Statement.

Administration. The 2010 Plan is administered by the Committee. The 2010 Plan provides the Committee with the flexibility to design compensatory awards that are responsive to the Company's needs. Subject to the terms of the 2010 Plan, the Committee has the discretion to determine the terms of each award, including which award, if any, may be subject to vesting upon a "change in control" of the Company, as such term is defined in the 2010 Plan. In general, all awards under the 2010 Plan to Company executive officers and other key employees will be made by the Committee. However, the Committee may delegate to one or more officers of the Company the day-to-day administration of the 2010 Plan.

Awards and Eligibility. Awards under the 2010 Plan may be in the form of stock options; stock appreciation rights, restricted shares, restricted units, performance shares or performance units. The Company expects that executive officers and key employees may receive awards from time to time under the 2010 Plan. The benefits or awards that may be received by or allocated to participants will be determined at the discretion of the Committee based on goals that the Board of Directors believes will significantly enhance stockholder value if achieved. As of March 17, 2014, the five (5) named executive officers were eligible to participate in the 2010 Plan. Additional employees may be eligible for awards as determined by the Committee.

Shares Available for Issuance. The maximum number of shares as to which stock awards may be granted under the 2010 Plan, assuming the proposed amendment is approved by stockholders, is 1,600,000 shares. This share amount is subject to adjustments by the Committee as provided in the 2010 Plan for stock splits, stock dividends, recapitalizations, acquisitions and other similar transactions or events. Shares of common stock issued under the 2010 Plan may be shares of original issuance, shares held in Treasury or shares that have been reacquired by the Company. Shares returned to the Company upon exercise of an option or retained by the Company for tax withholding are not considered issued under the 2010 Plan and are available for future issuance under the 2010 Plan.

Expired, Forfeited or Unexercised Awards. If any award granted under the 2010 Plan expires, is forfeited, or becomes unexercisable without having been exercised or paid in full, the shares subject thereto will be available for future awards under the 2010 Plan. An award of performance shares will be treated as not having been paid in full whenever less than the target number of performance shares is issued in satisfaction of such award and the difference will be added to the number of shares available for future awards under the 2010 Plan.

Limitations on Awards. The 2010 Plan limited the total number of shares issued upon the exercise of Incentive Stock Options to 600,000 shares. No participant may be granted (i) options or SARs during any year of more than 100,000 shares, or (ii) restricted stock or restricted stock units during any year of more than 60,000 shares, or (iii) performance awards in any rolling performance period denominated in shares with respect to more than 60,000 shares. The maximum dollar value that may be earned by any participant in any 12-month period with respect to performance awards that are denominated in cash is \$500,000. If an award is cancelled, the cancelled award continues to be counted toward the applicable limitation.

Transferability of Awards. Except as provided below, no award under the 2010 Plan may be transferred by a participant other than upon death by will or the laws of descent and distribution or designation of a beneficiary in a form acceptable to the Committee. Stock options may be exercised during the participant's lifetime only by the participant or, in the event of the participant's legal incapacity, the guardian or legal representative acting on behalf of the participant. Any award made under the 2010 Plan may be transferred as necessary to fulfill any domestic relations order as defined in Code Section 414(p)(1)(B).

Termination. The 2010 Plan will terminate on May 19, 2020 and no award will be granted under the 2010 Plan after that date. However, awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and the 2010 Plan's terms and conditions.

Plan Amendment. The 2010 Plan may be amended by the Board of Directors, from time to time. No material amendment of the 2010 Plan shall be made without stockholder approval if such stockholder approval is required by law, regulation or stock exchange rules.

Types of Awards Allowed Under the 2010 Plan

Options. Stock options entitle the optionee to purchase shares of common stock at a price equal to or greater than the fair market value on the date of grant. Options may be either incentive stock options or nonqualified stock options. The option may specify that the option price is payable in cash, or in the sole discretion of the Committee either by: (i) the transfer to the Company of unrestricted stock, (ii) a cashless exercise through a "same-day sale" commitment, (iii) any combination of (i) and (ii), or (iv) any other method approved or accepted by the Committee. No stock option may be exercised more than ten (10) years from the date of grant. Each grant may specify a period of continuous employment or service with the Company or any affiliate that is necessary before the stock option or any portion thereof will become exercisable and may provide for the earlier exercise of the option in the event of a change in control of the Company or similar event. The 2010 Plan prohibits option repricing as well as exchange of underwater options for cash or other awards without stockholder approval. Options granted under the 2010 Plan may either be ISOs or nonqualified stock options which are not intended to qualify as ISOs, or "NQSOs."

Stock Appreciation Rights. Stock appreciation rights represent the right to receive an amount determined by the Committee and expressed as a percentage not exceeding 100% of the difference between the grant price of the stock appreciation right which shall be not less than 100% of the fair market value of one share of stock on the date of the grant of the stock appreciation right and the fair market value of the Company's common stock on the date the rights are exercised. The grant may specify that the amount payable upon exercise of the stock appreciation right may be paid by the Company in cash, in shares of the Company's common stock, or any combination of the foregoing. The Committee may grant "tandem" stock appreciation rights in connection with an option or "free-standing" stock appreciation rights when unrelated to an option. No stock appreciation right may be exercised more than ten years from the grant date.

Restricted Shares. An award of restricted shares involves the immediate transfer by the Company to a participant of ownership of a specific number of shares of common stock in return for the performance of services. The transfer may be made without additional consideration from the participant. The participant is entitled immediately to voting, dividend and other ownership rights in such shares, subject to the discretion of the Committee. Restricted shares must be subject to a "substantial risk of forfeiture" within the meaning of Code Section 83 for a period to be determined by the Committee on the grant date, and any grant may provide for the earlier termination of such risk of forfeiture in the event of a change in control of the Company or similar event.

Restricted Stock Units. An award of restricted stock units granted under the 2010 Plan represents the right to receive a specific number of units at the end of the specified period. Each recipient of restricted stock units shall have no rights as a stockholder with respect to the participant's restricted stock units. Payments under a restricted stock unit award shall be made in either cash, shares of stock or some combination thereof, as specified in the applicable award agreement.

Performance Shares and Units. An award of performance shares and/or units entitles a participant to receive performance shares or performance units of the Company based upon the degree of achievement of pre-established performance goals over the performance period. Each grant will specify one or more performance goals to be met within the performance period, which may be subject to earlier termination in the event of a change of control or a similar event. If by the end of the performance period the participant has achieved the specified performance goals, the participant will be deemed to have fully earned the performance shares and/or performance units. If the participant has not achieved the level of acceptable achievement, the participant may be deemed to have partly earned the performance shares and/or performance units in accordance with a predetermined formula. To the extent earned, the performance shares and/or performance units will be paid to the participant at the time and in the manner specified in the grant or determined by the Committee in either cash, shares of the Company's common stock or some combination thereof.

Performance Goals

The 2010 Plan provides that grants of performance shares may be made based upon "performance goals." Performance goals applicable to awards are set forth in the 2010 Plan and described above. Prior to the payment of any compensation based on the achievement of performance goals, the Committee must certify in writing that applicable performance goals and any of the material terms thereof were, in fact, satisfied.

Section 162(m) Exemption

Code Section 162(m) prevents a publicly held corporation from claiming income tax deductions for compensation in excess of \$1,000,000 paid to certain senior executives. Compensation is exempt from this limitation if it is "qualified performance-based compensation." Stock options are an example of performance-based compensation. Other types of awards, such as restricted stock, and performance shares, that are granted pursuant to pre-established objective performance formulas, may also qualify as performance-based compensation, so long as certain requirements are met. Because of the uncertainties associated with the application and interpretation of Section 162(m) and the regulations issued thereunder, there can be no assurance that the compensation intended to satisfy the requirements for deductibility under Section 162(m) will in fact be deductible.

Tax Consequences

The following is a brief summary of certain of the federal income tax consequences of certain transactions under the 2010 Plan. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

In general, an optionee will not recognize income at the time a *nonqualified stock option* is granted. At the time of exercise, the optionee will recognize ordinary income in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares on the date of exercise. At the time of sale of shares acquired pursuant to the exercise of a nonqualified stock option, any appreciation (or depreciation) in the value of the shares after the date of exercise generally will be treated as capital gain (or loss).

An optionee generally will not recognize income upon the grant or exercise of an *incentive stock option*. If shares issued to an optionee upon the exercise of an incentive stock option are not disposed of in a disqualifying disposition within two years after the date of grant or within one year after the transfer of the shares to the optionee, then upon the sale of the shares any amount realized in excess of the option price generally will be taxed to the optionee as long-term capital gain and any loss sustained will be a long-term capital loss. If shares acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares) over the option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period. Subject to certain exceptions for death or disability, if an optionee exercises an *incentive stock option* more than three months after termination of employment, the exercise of the option will be taxed as the exercise of a nonqualified stock option. In addition, if an optionee is subject to federal "alternative minimum tax," the exercise of an incentive stock option will be treated essentially the same as a nonqualified stock option for purposes of the alternative minimum tax.

A recipient of *restricted stock* generally will be subject to tax at ordinary income rates on the fair market value of the restricted stock (reduced by any amount paid by the recipient) at such time as the shares are no longer subject to a risk of forfeiture or restrictions on transfer for purposes of Code Section 83. However, a recipient who so elects under Code Section 83(b) within 30 days of the date of transfer of the restricted stock will recognize ordinary income on the date of transfer of the shares equal to the excess of the fair market value of the restricted stock (determined without regard to the risk of forfeiture or restrictions on transfer) over any purchase price paid for the shares. If a Section 83(b) election has not been made, any dividends received with respect to restricted stock that are subject at that time to a risk of forfeiture or restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient.

A participant generally will not recognize income upon the grant of *performance shares*. Upon payment, with respect to performance shares, the participant generally will recognize as ordinary income an amount equal to the amount of

cash received and the fair market value of any unrestricted stock received.

To the extent that a participant recognizes ordinary income in the circumstances described above, the Company or subsidiary for which the participant performs services will be entitled to a corresponding deduction, provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Code Section 280G and is not disallowed by the \$1,000,000 limitation on certain executive compensation under Code Section 162(m).

Plan Benefits

Future benefits under the 2010 Plan are not currently determinable. Moreover, the benefits to any director, officer, employee or consultant from future equity awards will not increase by reason of approval of this proposal. Whether future awards will be made will depend on Committee action and the value of any future equity awards will ultimately depend on the future price of the Company's common stock, among other factors, and will be subject to such vesting conditions as the Committee determines from time to time.

The following persons and groups have received grants of stock options to purchase the following number of shares under the 2010 Plan since its inception through March 17, 2014: (a) the Named Executive Officers: Gary L. Cavey—options to purchase 49,000 shares; Mary C. Carstens—options to purchase 30,000 shares; Christopher D. Stark—options to purchase 30,000 shares, Ray Boegner—options to purchase 30,000 shares; and David G. Anderson—options to purchase 22,500 shares; and (b) all current executive officers as a group (5 persons)—options to purchase 161,500 shares. The amounts shown include shares subject to options that may have been forfeited in whole or in part.

Abstentions and broker non-votes will not be considered votes cast for or against the approval of the proposal.

The Board unanimously recommends a vote FOR this proposal.

KPMG LLP has been appointed by the Audit Committee as the Company's independent auditors for the fiscal year ending December 31, 2014. This appointment is being presented to the stockholders for ratification. The ratification of the appointment of the independent auditor requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote.

If stockholders fail to ratify the appointment of KPMG LLP as the Company's independent auditors, the Audit Committee will reconsider whether to retain KPMG LLP, but may ultimately decide to retain them. Any decision to retain KPMG LLP or another independent registered public accounting firm will be made by the Audit Committee and will not be resubmitted to stockholders. In addition, even if stockholders ratify the appointment of KPMG LLP, the Audit Committee retains the right to appoint a different independent registered public accounting firm for fiscal 2014 if the Audit Committee determines that it would be in the Company's best interests to do so.

Our Board recommends a vote FOR ratification of the appointment of KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2014.

Representatives of KPMG LLP are expected to be present at the Annual Meeting and will be provided an opportunity to make a statement and to respond to appropriate inquiries from stockholders.

Shares distributed in connection with a Share split or dividend in Shares, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Shares with respect to which such Shares or other property has been distributed.

A-5

(c) *Noncompetition.* The Committee may, by way of the Award Agreements or otherwise, establish such other terms, conditions, restrictions and/or limitations, if any, of any Award provided they are not inconsistent with the Plan, including, without limitation, the requirement that the Participant not engage in competition with the Company.

(g) *Non-exclusivity of the Plan.* Neither the adoption of the Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, and such arrangements may be either applicable generally or only in specific cases.

(h) *Not Compensation for Benefit Plans.* No Award payable under this Plan shall be deemed salary or compensation for the purpose of computing benefits under any benefit plan or other arrangement of the Company for the benefit of its employees unless the Company shall determine otherwise.

ARTICLE 3

ADMINISTRATION

3.1 Administration of the Plan. The Plan shall be administered by the Committee. Any power of the Committee may also be exercised by the Board, except to the extent that the grant or exercise of such authority would cause any Award, intended to be performance based, not to qualify for treatment as "Performance Based Compensation" under §162(m) of the Code. To the extent that any permitted action taken by the Board conflicts with any action taken by the Committee, the Board action shall control. The Committee may delegate any and all aspects of the day-to-day administration of the Plan to one or more officers of the Company or any Affiliate, and/or to one or more agents.

3.2 Powers of the Committee. Subject to the expressed provisions of this Plan, the Committee shall be authorized and empowered to take all actions that it determines to be necessary or appropriate in connection with the administration of the Plan, including, without limitation: (i) to prescribe, amend and rescind rules and regulations relating to this Plan and to define terms not otherwise defined herein; (ii) to determine which persons are eligible to be granted Awards, to which of such persons, if any, Awards shall be granted hereunder and the timing of any such Awards; (iii) to grant Awards to Participants and determine the terms and conditions of Awards, including the number of Shares subject to Awards, the exercise or purchase price of such Shares, and the circumstances under which Awards can be exercised or vested or are forfeited or expire, which terms may but need not be conditioned upon the passage of time, continued employment, the satisfaction of performance criteria, the occurrence of certain events, or other factors; (iv) to establish and certify the extent of satisfaction of any Performance Goals or other conditions applicable to the grant, issuance, exercise ability, vesting and/or ability to retain any Award; (v) to prescribe and amend the terms of Award Agreements or other communications evidencing Awards made under this Plan (which need not be identical) and the terms or form of any document or notice required to be delivered to the Company by Participants under this Plan; (vi) to determine whether, and the extent to which, adjustments are required pursuant to Section 5.3; (vii) to interpret and construe this Plan, any rule and regulations under this Plan, and the terms and conditions of any Award granted hereunder, and to make any exceptions to such provisions in good faith and for the benefit of the Company; and (viii) to make all other determinations deemed necessary and advisable for the administration of the Plan.

B-8

All decisions, determinations and interpretations by the Committee regarding the Plan, any rules and regulations, and the terms and conditions of or operation of any Award granted hereunder shall be final and binding on all Participants, beneficiaries, heirs, assigns or other persons holding or claiming rights under the Plan or any Award. The Committee shall consider such factors as it deems relevant in its sole and absolute discretion, to making such decisions, determinations and interpretations including, without limitations, the recommendation or advice of any officer or other employee of the Company and such attorneys, consultants, accountants as it may select. No member of the Committee shall be liable for any action that he has taken or has failed to take in good faith with respect to the Plan, or any Award under the Plan.

ARTICLE 4

ELIGIBILITY AND PARTICIPATION

4.1 General Rule. Subject to the terms and conditions set forth below, individuals eligible to participate in this Plan include all Employees of the Company or an Affiliate.

4.2 Actual Participation. Subject to the provisions of this Plan, the Committee may, from time to time, select from all eligible individuals, those individuals to whom Awards shall be granted and shall determine, in its sole discretion, the nature of, any and all terms permissible by law, and the amount of each Award.

4.3 Ten-Percent Shareholders. An Employee who holds more than ten percent (10%) of the total combined voting power of all classes of Stock of the Company, its parent or subsidiaries, is not eligible to receive an Incentive Stock Option pursuant to this Plan unless the exercise price of the Incentive Stock Option is at least 10% of the Fair Market Value of the underlying Shares' on the date of the grant and the term of the Option does not exceed five (5) years. For purposes of this Section 4.3, stock ownership of an Employee shall be determined pursuant to Section 424(d) of the Code.

ARTICLE 5

SHARES AVAILABLE UNDER THE PLAN; LIMITATION ON AWARDS

5.1 Number of Shares Available for Awards. Subject to adjustments provided for in Section 5.3, the maximum number of Shares available for issuance to Participants under the Plan (the "Share Authorization") shall be 1,600,000 Shares.

5.2 Share Usage. Shares governed by an Award shall only be counted as used to the extent they are actually issued. Any Shares related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise, without the issuance of such Shares will be available again for grant under the Plan. Moreover, if the option price of any option granted under this Plan or the tax withholding requirements with respect to an Award granted under this Plan are satisfied by tendering Shares to the Company (by their actual delivery or by attestation) only the number of Shares issued (net of Shares tendered), if any, will be deemed delivered for purposes of the determining the maximum number of Shares available for delivery under this Plan. The Shares available for issuance under this Plan may be authorized and unissued Shares or treasury Shares.

B-9

5.3 Adjustment. In the event that the Committee, in its sole discretion, shall determine that any dividend or other distribution (whether in the form of cash, stock, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, spin-off, combination, repurchase, or share exchange, or other similar corporate transaction or event, affects the Common Stock such that an adjustment is appropriate in order to preserve (but not increase) the rights of Participants under the Plan, then the Committee shall make such equitable changes or adjustments as it deems necessary or appropriate to any or all of (i) the number and kind of Shares which may thereafter be issued in connection with respect to Awards pursuant to Articles 6, 7, 8, 9 and 10, (ii) the number and kind of Shares issued in respect of outstanding Awards, and (iii) the Exercise Price relating to any Options.

5.4 Non-Transferability. Except as specified in the applicable Award Agreement or in domestic relations court orders, an Award shall not be transferrable by the Participant other than by will or under the laws of descent and distribution, and shall be exercisable during the Participant's lifetime only by him or in the event of the Participant's legal incapacity, by his guardian or legal representative acting in a fiduciary capacity on behalf of the Participant under State law. Any attempted assignment of an Award in violation of this Section shall be null and void. In the discretion of the Committee, any attempt to transfer an Award other than under the terms of the Plan and the applicable Award Agreement, may terminate the Award.

5.5 ISO Maximum. In no event shall the number of Shares issued upon the exercise of Incentive Stock Options exceed 1,600,000 Shares, subject to adjustment as provided in Section 5.3.

5.6 Limitations on Awards to Individual Participants. Subject to adjustment as provided in Section 5.3, no Participant may be granted (i) Options or SARs during any term of the Plan of more than 100,000 Shares or (ii) Restricted Stock or Restricted Stock Units during any year of the Plan of more than 60,000 Shares or (iii) Performance Awards in any rolling Performance Period that are intended to comply with the performance based exception under Code Section 162(m) and are denominated in Shares with respect to more than 60,000 Shares (the "Limitations"). In addition to the foregoing, the maximum dollar value that may be earned by any Participant in any 12-month period with respect to Performance Awards that are intended to comply with the performance based exception under Code Section 162(m) and are denominated in cash is \$500,000.00. If an Award is cancelled, the cancelled Award shall continue to be counted toward the applicable Limitation.

ARTICLE 6

STOCK OPTIONS

6.1 Grant of Options. Subject to the terms and provisions of this Plan, Options may be granted to eligible persons in such number, and upon such terms, and at such time and from time to time as shall be determined by the Committee, in its sole discretion, provided that ISOs may be granted only to eligible Employees of the Company or any Affiliate (as permitted under Sections 422 and 424 of the Code).

B-10

6.2 Award Agreement. Each Option shall be evidenced by an Award Agreement that shall specify the Exercise Price, the maximum duration of the Option, the number of Shares to which the Option pertains, the conditions upon which an Option shall become vested and exercisable, and such other provisions as the Committee shall determine which are not inconsistent with the terms of this Plan. The Award Agreement also shall specify whether the Option is intended to be an ISO or an NQSO.

6.3 Exercise Price. The Exercise Price for each grant of an Option under the Plan, shall be determined by the Committee, in its sole discretion, and shall be specified in the Award Agreement; provided, however, that the Exercise Price on the day of the grant must be at least equal to 100% of the Fair Market Value of the Shares as determined on the date of the grant. Notwithstanding the foregoing, the price at which Shares may be purchased under an ISO granted to a Participant who is a Ten-Percent Shareholder shall not be less than 110% of the Fair Market Value of the Shares as determined on the date of the grant.

6.4 Term of Options. Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of the grant, provided, however, no Option shall be exercisable later than the 10th anniversary date of its grant. Notwithstanding the foregoing, the period during which an ISO may be exercised by a Ten-Percent Shareholder shall expire not later than five (5) years after the date the ISO is granted.

6.5 Exercise of Options. Vested Options granted under this Article 6 shall be exercisable on such terms and be subject to such restrictions and conditions as the Committee shall in each instance approve, which terms and restrictions may not be the same for each grant or for each Participant.

6.6 Payment. Options granted under this Article 6 shall be exercised by the delivery of a notice of exercise to the Company or an agent designated by the Company in a form specified or accepted by the Committee, or by complying with any alternative procedures which may be authorized by the Committee, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

A condition of the issuance of the Shares as to which an Option shall be exercised shall be the payment of the Exercise Price. The Exercise Price of any Option shall be payable to the Company in full in cash or its equivalent or in the sole discretion of the Committee, either: (a) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate Fair Market Value at the time of the exercise equal to the Exercise Price prior to their tender to satisfy the Exercise Price if acquired under this Plan or any other compensation plan maintained by the Company or have been purchased on the open market; (b) by a cashless exercise (broker-assisted exercise) through a "same-day sale" commitment; (c) by a combination of (a) and (b); or (d) by any other method approved or accepted by the Committee.

B-11

Subject to any government rules or regulations, as soon as practicable after receipt of written notification of exercise and full payment (including satisfaction of the applicable tax withholding) the Company shall deliver to the Participant evidence of book entry Shares, or upon Participant's request of share certificates in an appropriate amount based upon the number of Shares purchased under the Option(s).

Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

6.7 Restriction to Insure Transferability. The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, minimum holding requirements, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, or under any blue sky or state securities laws applicable to such Shares.

6.8 Termination of Employment. Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the light to exercise the Option following termination of the Participant's employment with the Company. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination.

6.9 Limitation on ISOs. To the extent that the aggregate Fair Market Value of Shares with respect to which ISOs first become exercisable by a Participant in any calendar year exceeds \$100,000, taking into account both Shares subject to ISOs under the Plan and Shares subject to ISOs under all other plans of the Company, such Options shall be treated as NQSOs. For this purpose, the "Fair Market Value" of the Shares subject to Options shall be determined as of the date the Options were awarded. In reducing the number of Options treated as ISOs to meet the \$100,000 limit, the most recently granted Options shall be reduced first. To the extent a reduction of simultaneously granted Options is necessary to meet the \$100,000 limit, the Committee may, in the manner and to the extent permitted by law, designate which Shares are to be treated as Shares acquired pursuant to the exercise of an ISO.

ARTICLE 7

STOCK APPRECIATION RIGHTS

7.1 Authority to Grant Stock Appreciation Rights. Subject to the terms and provisions of the Plan, the Committee, at any time, and from time to time, may grant SARs under the Plan to eligible persons in such number and upon such terms as the Committee shall determine. The Committee may impose such additional conditions or restrictions on the exercise of a SAR as it may deem appropriate.

7.5 Term of SAR. The term of a SAR granted under the Plan shall be determined by the Committee, in its sole discretion, provided no SAR shall be exercisable on or after the tenth (10th) anniversary date of its grant. Notwithstanding any other provision of this Plan to the

contrary, with respect to a Tandem SAR granted in connection with an ISO; (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR may be for no more than 100% of the excess of the Fair Market Value of the Shares of stock subject to the underlying ISO at the time the Tandem SAR is exercised over the Exercise Price of the underlying ISO; and (c) the Tandem SAR may be exercised only when the Fair Market Value of the Shares of stock subject to the ISO exceeds the Exercise Price of the ISO.

7.6 Exercise of Free-Standing SARs. Subject to the terms and provisions of the Plan and the applicable Award Agreement, Free-Standing SARs may be exercised in whole or part from time to time by the delivery of written notice in the manner designated by the Committee stating (a) that the Participant wishes to exercise such SAR on the date such notice is so delivered, (b) the number of Shares of stock with respect to which the SAR is to be exercised and (c) the address to which the payment due under such SAR should be mailed. In accordance with applicable law, Free-Standing SARs may be exercised upon whatever additional terms and conditions the Committee, in its sole discretion, imposes.

7.7 Exercise of Tandem SARs. Subject to the terms and provisions of the Plan and the applicable Award Agreement, Tandem SARs may be exercised for all or part of the Shares of stock subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option and by delivery of written notice in the manner designated by the Committee stating (a) that the Participant wishes to exercise such SAR on the date such notice is so delivered, (b) the number of Shares of stock with respect to which the SAR is to be exercised and (c) the address to which the payment due under such SAR should be mailed. A Tandem SAR may be exercised only with respect to the Shares of stock for which its related Option is then exercisable. In accordance with applicable law, a Tandem SAR may be exercised upon whatever additional terms and conditions the Committee, in its sole discretion, imposes.

7.8 Payment of SAR Amount. Upon the exercise of a SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying the excess of the Fair Market Value of a Share of stock on the date of exercise over the grant price of the SAR by the number of Shares of stock with respect to which the SAR is

exercised. At the discretion of the Committee, the payment upon SAR exercise may be in cash, in stock of equivalent value, or some combination thereof or in any other manner approved by the Committee in its sole discretion. The Committee's determination regarding the form of SAR payout shall be set forth in the Award Agreement pertaining to the grant of the SAR.

B-13

7.9 Termination of Employment. Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following the Participant's termination of employment. Such provision shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with the Participant, need not be uniform among all SARs issued pursuant to the this Article 7.9, and may reflect distinctions based upon the reason for termination.

7.10 Non-Transferability of SARs. Except as otherwise provided in a Participant's Award Agreement, no SAR granted under the Plan may be sold, transferred, pledged, assigned or otherwise alienated or hypothecated, other than by will or by the laws of dissent and distribution. Further, except as otherwise provided in a Participant's Award Agreement, all SARs granted to a Participant under the Plan shall be exercisable in his or her lifetime only by the Participant, and after that time, by Participant's heirs or estate. Any attempt at assignment of an SAR in violation of this Section 7.10 shall be null and void.

7.11 Participant's Rights as a Stockholder. Each recipient of a SAR Award shall have no rights as a stockholder.

7.12 Restrictions on Stock Received. The Committee may impose such conditions and/or restrictions on any Shares of stock received upon exercise of an SAR granted pursuant to the Plan as it may deem advisable or desirable. These restrictions may include, but shall not be limited to, requirements that the Participant holds the Shares of stock received upon exercise of a SAR for a specified period of time.

ARTICLE 8

Subject to the terms and provisions of the Plan, the Committee, at any time, and from time to time, may make Awards of Restricted Stock under the Plan to eligible persons in such number and upon such terms as the Committee shall determine. The amount of, the vesting and the transferability restrictions applicable to any Restricted Stock Award shall be determined by the Committee in its sole discretion. If the Committee imposes vesting or transferability restrictions on a Participant's right and with respect to Restricted Stock, the Committee may issue such instructions to the Company's share transfer agent in connection therewith as it deems appropriate. The Committee may also cause the certificate for shares of Stock issued pursuant to a Restricted Stock Award to be imprinted with any legend which counsel for the Company considers advisable with respect to the restrictions or, should the shares of Stock be represented by book or electronic entry rather than a certificate, the Company may take such steps to restrict transfer of the shares of Stock as counsel for the Company considers necessary or advisable to comply with applicable law.

B-14

8.2 Restricted Stock Award Agreement. Each Restricted Stock Award shall be evidenced by an Award Agreement that contains any vesting, transferability restrictions and other provisions not inconsistent with the Plan as the Committee may specify.

Subject to the terms and conditions of the Plan, each recipient of a Restricted Stock Award shall have all the rights of a stockholder with respect to the shares of Restricted Stock included in the Restricted Stock Award during the Period of Restriction established for the Restricted Stock Award. Dividends paid with respect to Restricted Stock shall be added to and become a part of the Restricted Stock. During the Period of Restriction, certificates representing the Restricted Stock shall be registered in the Participant's name and bear a restrictive legend to the effect that ownership of such Restricted Stock, and the enjoyment of all rights appurtenant thereto, are subject to the restrictions, terms, and conditions provided in the Plan and the applicable Award Agreement. Such certificates shall be deposited by the recipient with the Secretary of the Company or such other officer of the Company as may be designated by the Committee, together with all stock powers or other instruments of assignment, each endorsed in blank, which will permit transfer to the Company of all or any portion of the Restricted Stock which shall be forfeited in accordance with the Plan and the applicable Award Agreement.

ARTICLE 9

ARTICLE 10

PERFORMANCE AWARDS

10.1 Authority to Grant Performance Shares/Performance Units. Subject to the terms and conditions of the Plan, the Committee, at any time, and from time to time, may grant performance awards in the form of Performance Shares and/or Performance Units to eligible persons in such amounts and upon such terms and conditions as the Committee shall determine. The amount of, the vesting and the transferability restrictions applicable to any Award of Performance Shares and/or Performance Units shall be based upon the attainment of such Performance Goals as the Committee may determine. If the Committee imposes vesting and transferability restrictions on a Participant's rights with respect to an Award of Performance Shares and/or Performance Units, the Committee may issue such restrictions to the Company's share transfer agent in connection therewith as it deems appropriate. The Committee may also cause the certificate for Shares of stock issued pursuant to a Performance Share Award or Performance Unit Award to be imprinted with any legend which counsel for the Company considers advisable with respect to the restrictions or, should the Shares of stock be represented by book or electronic entry rather than a certificate, the Company may take such steps to restrict transfer of the Shares of stock as counsel for the Company considers necessary or advisable to comply with applicable law.

10.2 Performance Goals. Subject to the terms of the Plan and any applicable Award Agreement, the Committee shall determine the Performance Goals to be achieved during any Performance Period, the length of the Performance Period, the amount of the Award of Performance Shares and/or Performance Units, and the amount and kind of any payment or transfer to be made pursuant to any Award of Performance Shares and/or Performance Units. A Performance Goal must be objective such that a third party having knowledge of the relevant facts could determine whether the goal is met. The Performance Goals upon which the payment or vesting of an Award to a Participant that is intended to qualify as Performance Based Compensation shall be limited to one or more of the following Performance Goals: return on equity, earnings per share, total earnings, earnings growth, return on capital, return on assets, earnings before interest, taxes, depreciation and/or amortization, sales, sales growth, gross margin, return on investment, increase in the fair market value of the Company's common stock, share price (including but not limited to, growth measures and total stockholder return), operating income or profit, net earnings, cash flow (including, but not limited to, operating cash flow and free cash flow), cash flow return on investment (which equals net cash flow divided by total capital), inventory terms, financial return ratios, total return to stockholders, market share, earnings measures/ratios, economic or incremental value added, economic profit, balance sheet measurements such as receivable turnover, internal rate of return, increase in net present value or expense targets, working capital measurements (such as average working capital divided by sales), customer or dealer satisfaction surveys and productivity. Such goal will be measured by excluding the negative impact of one-time, isolated, non-recurring events. Performance objectives may be described in terms of Company-wide objectives or objectives that are related to the Performance of the individual participant or the subsidiary, division, department or function within the Company or subsidiary in which the participant is employed. Performance Criteria may be measured on an absolute or relative basis. Relative performance may be measured by a group of peer companies or by a financial market index. In interpreting Plan provisions applicable to Performance Goals, Performance Shares and/or Performance Units, it is intended that the Plan will conform with the standards of section 162(m) of the Code and Treasury Regulations Section 1.162-27(e)(2)(i), and the Committee in establishing such goals and interpreting the Plan shall be guided by such provisions. Prior to the payment of any compensation based on the achievement of Performance Goals, the Committee must certify in writing that applicable Performance Goals and any of the material terms thereof were, in

fact, satisfied. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Performance Shares and/or Performance Units to be issued pursuant to the Plan shall be determined by the Committee.

B-16

10.3 Adjustment of Performance Goals. If provided in the terms of the Award, the Committee may adjust Performance Goals and the related minimum acceptable levels of achievement if, in the sole judgment of the Committee, events or transactions have occurred after the grant date of an Award of Performance Shares that are unrelated to the performance of the Participant and result in distortion of the Performance Goals or the related minimum acceptable level of achievement; provided, however, that any such modification may not increase the amount payable under such Award.

10.4 Written Agreement. Each Award of Performance Shares or Performance Units shall be evidenced by an Award Agreement that contains any vesting, transferability restrictions and other provisions not inconsistent with the Plan as the Committee may specify.

10.5 Termination of Employment. Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain Performance Shares and/or Performance Units following termination of the Participant's employment with the Company. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, and need not be uniform on all Awards of Performance Shares and/or Performance Units issued pursuant to this Plan, and may reflect distinctions based on the reasons for termination.

10.6 Form of Payment Under a Performance Award. Payment under a Performance Award shall be made either in cash, Shares of stock, or some combination thereof, as specified in the Participant's Award Agreement.

ARTICLE 11

RIGHTS OF PARTICIPANTS

11.1 Employment. Nothing in this Plan or in an Award Agreement shall interfere with or limit in any way the right of the Company to determine any Participant's employment or service to the Company at any time or for any reason not prohibited by law, nor confer upon any Participant any right to continue his employment or service for a specified period of time.

Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company and, accordingly, subject to Article 3 and Article 11, this Plan and the benefits hereunder may be terminated at any time at the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company.

11.2 Participation. No individual shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

B-17

ARTICLE 12

An Award may be subject to additional acceleration of vesting and exercisability upon or after a Change in Control as may be provided in the applicable Award Agreement and determined by the Committee on a grant-by-grant basis or as may be provided in an after written agreement between the Company and the Participant; provided, however, that in the absence of such a provision, no such acceleration shall occur.

ARTICLE 13

AMENDMENT, MODIFICATION, SUSPENSION AND TERMINATION

13.1 Amendment, Modification, Suspension and Termination. Subject to Article 3, the Committee may, at any time, and from time to time, alter, amend, modify, suspend or terminate this Plan and any Award Agreement with the Participant's agreement, in whole or in part; provided, however, that without the prior approval of the Company's Stockholders except as provided in Section 5.3, Options or SARs issued under this Plan will not be re-priced, replaced or re-granted through cancelation, or by lowering the Exercise Price of a previously granted Option or SAR, and no material amendment of this Plan shall be made without Stockholder approval if such Stockholder approval is required by law, regulation or stock exchange rule.

13.2 Adjustment of Awards Upon the Occurrence of Certain Unusual or Non-Recurring Events.
