PROXY STATEMENT

FOR THE

ANNUAL MEETING OF SHAREHOLDERS

Giga-tronics Incorporated

4650 Norris Canyon Road

San Ramon, California 94583

This proxy statement is submitted by the board of directors (the “Board”) of Giga-tronics Incorporated (“Giga-tronics” or the “Company”), a California corporation, in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders (the “Annual Meeting”) to be held at 9:30 a.m. on Wednesday, September 2, 2015, at the Giga-tronics executive office, 4650 Norris Canyon Road, San Ramon, California, in accordance with the notice to shareholders, and at any adjournment thereof.

Our Board has fixed July 13, 2015 as the record date for the Annual Meeting. Only shareholders of record at the close of business on the record date are entitled to notice of and to vote at this meeting. A majority of the shares of common stock and preferred stock on an as-converted basis will constitute a quorum for the transaction of business at the Annual Meeting. On the record date, there were 6,725,281 shares of Giga-tronics common stock and 18,534 shares of Giga-tronics preferred stock (which have 100 votes per share) issued and outstanding. Each common share outstanding on the record date is entitled to one vote as to each matter to be acted on at this meeting; each preferred share outstanding on the record date is entitled to 100 votes as to each matter to be acted on at the meeting. However, each shareholder will be entitled to cumulate his votes in the election of directors provided that notice of an intention to cumulate votes is given at this meeting by such shareholder before voting for the election of directors. Under cumulative voting, a shareholder is allowed one vote per share multiplied by the number of directors to be elected and may cast the total number of votes for one nominee or may distribute the total number of votes among as many nominees as the shareholder chooses. Seven directors will be elected at this meeting.

Shares represented by properly executed proxies received by Giga-tronics will be voted at the Annual Meeting according to the instructions on the proxies. It is intended that shares represented by proxies received by Giga-tronics which are not marked to the contrary will be voted **FOR** all proposals included in the notice of this meeting.

Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before its exercise. A shareholder giving a proxy may revoke it before its exercise by filing with the Secretary of Giga-tronics either an instrument revoking the proxy or a duly executed proxy bearing a later date. A proxy will be revoked automatically if the shareholder who executed it is present at the Annual Meeting and votes in person. Attendance at this meeting will not, in and of itself, constitute the revocation of a proxy. The granting of a proxy will give the proxy holder authority to cumulate votes if cumulative voting is elected.

The approximate date on which this Proxy Statement and the accompanying form of proxy will be sent to Giga-tronics shareholders is July 25, 2015.

Alliance Advisors will be using an automated system for the tabulation of shareholder votes for Giga-tronics. Abstentions and "broker non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

In the election of directors, the candidates receiving the highest number of affirmative votes of the shares entitled to be voted for them up to the number of directors to be elected by such shares are elected. Abstentions and broker “non-votes” will have no effect on the voting outcome with respect to the election of directors. The affirmative vote of the holders of a majority of shares of common stock, present in person or represented by proxy and entitled to vote, is required with respect to the (i) ratification of our Independent Registered Public Accounting Firm, (ii) the advisory vote to approve the named executive officer compensation and (iii) approval of an amendment to the 2005 Equity Incentive Plan increasing the number of shares available for grant awards. An abstention is treated as present and entitled to vote and therefore has the effect of a vote against ratification of the selection of the Independent Registered Public Accounting Firm, against the approval of executive compensation and against the amendment of the Plan. A non-vote will have no effect on the vote for these matters unless the number of shares voted in favor is less than a majority of the required quorum, in which case a non-vote would have the effect of a vote against these matters.

The Annual Report of Giga-tronics for its fiscal year ended March 28, 2015 is being mailed with this mailing of the Notice of Annual Meeting and Proxy Statement to all shareholders entitled to notice of and to vote at the Annual Meeting.

The costs of solicitation of proxies, including the printing, handling and mailing of the proxy material, will be paid by Giga-tronics. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to beneficial owners of shares held in their names, and Giga-tronics will reimburse them for their expenses. The solicitation of proxies through this proxy statement may be supplemented by telephone, email or personal solicitation by directors, officers or other regular employees of Giga-tronics and by Alliance Advisors. Giga-tronics has retained Alliance Advisors to solicit proxies for a fee of approximately \$5,000, which includes the estimated fees for related printing services. No additional compensation will be paid to directors, officers or other employees for such services.

The executive office of Giga-tronics is located at 4650 Norris Canyon Road, San Ramon, California 94583, and the telephone number at that location is (925) 328-4650. Emails can be addressed to investors@gigatronics.com.

**INFORMATION ABOUT THE BOARD
AND COMMITTEES OF THE BOARD**

Meetings

There were fourteen meetings of the Board during the last fiscal year. All of the directors attended all the regularly scheduled meetings of the Board, except for a director missing four meetings, and two directors missing one meeting. Directors are expected to attend the Annual Meeting except for good cause, and all of the directors attended the Annual Meeting in 2014.

Committees

The Giga-tronics Board has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee.

Audit Committee: During fiscal 2015, the Audit Committee consisted of directors Gordon L. Almquist (Chairman), James A. Cole, Kenneth A. Harvey and William J. Thompson, all of whom were independent under the director independence standards of NASDAQ. The Audit Committee serves to monitor the effectiveness of the independent audit, as well as the Company's accounting, financial controls and financial reports. The Audit Committee must approve all non-audit services provided by the Independent Registered Public Accounting Firm. The Audit Committee held four meetings during the past fiscal year. All directors who serve on the Audit Committee attended all of the scheduled committee meetings, except one director, who missed two committee meetings. For fiscal 2015 the board has determined that Gordon L. Almquist as the financial expert had:

(i) an understanding of generally accepted accounting principles and financial statements;

(ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves;

(iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can

reasonably be expected to be raised by the registrant's financial statements, or experience actively supervising one or more persons engaged in such activities;

(iv) an understanding of internal control over financial reporting; and

(v) an understanding of audit committee functions.

Therefore, the Board determined that Mr. Almquist is the Audit Committee's financial expert for purposes of NASDAQ rules and requirements of the Sarbanes-Oxley Act of 2002.

The charter of the Audit Committee is available on the Company's website at <http://investor.gigatronics.com/governance.cfm>.

Compensation Committee: During fiscal year 2015, the Compensation Committee consisted of directors Lutz P. Henckels (Chairman), Gordon L. Almquist, James A. Cole, and Garrett A. Garrettson, all of whom were independent under the director independence standards of NASDAQ. The Compensation Committee formulates recommendations to the Board regarding levels of compensation for management. In addition, in order to recognize the expected future contributions of key employees and provide an additional incentive for them to remain with Giga-tronics over the long-term, the Compensation Committee awards options to purchase shares of our common stock and other forms of equity awards. The Compensation Committee reviews and approves all stock options and executive compensation.

The Compensation Committee did not engage any compensation consultants in determining or recommending executive officer compensation for fiscal 2015. The Compensation Committee met three times during the last fiscal year. All directors who serve on the Compensation Committee attended all of the scheduled committee meetings.

The Compensation Committee charter is available on the Company's website at <http://investor.gigatronics.com/governance.cfm>.

Nominating and Governance Committee: During fiscal 2015 the Nominating and Governance Committee ("NG Committee") is comprised of directors William J. Thompson (Chairman), Garrett A. Garrettson, Kenneth A. Harvey, and Lutz P. Henckels, all of whom are independent under the director independence standards of NASDAQ. The purpose of the NG Committee is to recommend persons for membership on the Board, to establish criteria and procedures for the selection of new directors, and to evaluate and recommend to our Board any revisions to our corporate governance guidelines. The NG Committee met one time during the last fiscal year. All directors who serve on the NG Committee attended the scheduled committee meeting.

The NG Committee has no formal process for identifying and evaluating candidates. Existing directors identify suitable candidates as the need arises. The Board's policy is to consider any director candidate nominated or recommended by a shareholder in the same manner that it would consider a candidate nominated by the Board or NG Committee. In the past year, the Company did not receive any recommendations for director candidates from any shareholders. Shareholder recommendations should be submitted in writing to the Company by mail at its main office at least 120 days in advance of the anniversary date of the mailing of notice of the previous year's annual meeting and should include sufficient biographical information (including all information that would be required to be disclosed in a proxy statement for a shareholder meeting at which directors are to be elected) for the committee to make an initial evaluation of the candidate's qualifications. The Company has never engaged or paid a fee to a third party search firm in connection with the nomination of a candidate for director.

The NG Committee considers the following criteria in proposing nominations for director to the full Board: independence; high personal and professional ethics and integrity; ability to devote sufficient time to fulfilling duties as a director; impact on diversity of the Board, including skills and other factors relevant to the Company's business; overall experience in business, education, and other factors relevant to the Company's business. At a minimum, the NG Committee must be satisfied that each nominee, both those recommended by the NG Committee and any recommended by shareholders, meets the following minimum qualifications:

The nominee should have a reputation for integrity and honesty.

The nominee should have demonstrated business experience and the ability to exercise sound judgment.

The nominee should have an understanding of the Company and its industry.

The nominee should have the ability and willingness to act in the interests of the Company and its shareholders.

The nominee should not have a conflict of interest that would impair the nominee's ability to fulfill the responsibilities of a director.

The NG Committee has adopted a Code of Ethics applicable to all directors, officers and employees. The Company will provide to any person without charge, upon request, a copy of such Code of Ethics upon written request mailed to the Company at its main office, to the attention of the Corporate Secretary. The NG Committee has no formal policy on the consideration to be given to diversity in the nomination process, other than to seek candidates who have skills and experience that are appropriate to the position and complementary to those of the other board members or candidates.

The Nominating Committee charter is available on the Company's website at <http://investor.gigatronics.com/governance.cfm>.

Board Leadership Structure

The positions of Chairman of the Board and Chief Executive Officer are currently held by different persons. The Board believes that having a separate chairman will help enable the board to maintain an independent perspective on the activities of the Company and executive management. Periodically, the Board assesses the roles and the Board leadership structure to ensure the interests of the Company and the shareholders are best served.

Board Risk Oversight

The Company's senior management manages the risks facing the Company under the oversight and supervision of the Board. While the full Board is ultimately responsible for risk oversight at the Company, the Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to risk in the areas of financial reporting and internal controls. Other general business risks such as economic and regulatory risks are monitored by the full Board.

COMPENSATION COMMITTEE REPORT

General Compensation Policy

Giga-tronics' executive compensation philosophy rests on two fundamental principles. First, the program is intended to provide fully competitive levels of compensation - at expected levels of performance - in order to attract, motivate and retain talented executives. Second, the program is intended to create an alignment of interest between Giga-tronics' executives and its shareholders such that a significant portion of each executive's compensation is linked directly to the creation of shareholder value.

The executive compensation program is intended to place heavy emphasis on variable pay, which is pay that varies with performance, and less focus on a fixed base salary. The incentive pay programs are intended to reward performance that is directly relevant to the Company's short term and long term success. The three primary components of the program include base salary, annual incentive, which is a performance-based bonus, and long-term incentives such as stock options.

Factors

The process involved and the factors considered in the executive compensation determination for fiscal year 2015 are summarized below. It is expected that this process will remain the same in fiscal year 2016. However, the Compensation Committee may, at its discretion, apply a different set of factors in setting executive compensation in the future in order to further enhance the basic concept of "pay-for-performance".

Base Salary

Base salaries are based primarily on individual performance, and each individual's role within Giga-tronics. Employees with higher levels of sustained performance over time and/or those assuming greater responsibilities will be paid correspondingly higher salaries.

On the basis of its knowledge of the industry, and after reviewing published compensation surveys, this Committee believes that the base salary levels in effect for Giga-tronics' executive officers after giving effect to recent increases are competitive with comparable companies within and outside its industry with which Giga-tronics competes for

executive talent. However, the Compensation Committee did not engage an independent third party to confirm the specific percentiles at which the base salary levels in effect for Giga-tronics' executive officers stood in relation to other comparable companies in its industry.

Salaries are reviewed annually based on individual performance, overall financial results and the general level of increases in the marketplace. Salary increases are granted within a pay-for-performance framework.

Annual Performance (Non-Stock) Based Incentive Compensation

Giga-tronics' annual incentive bonus plan is intended to:

reward key employees based upon company and individual performance;
motivate; and
provide competitive cash compensation opportunities.

Incentive awards are paid annually in cash based upon achievement of individual performance objectives for the most recently completed fiscal year.

Other than sales incentive bonuses, there were no bonus payments earned in fiscal year 2015.

Long-Term (Stock Based) Incentive Compensation

Giga-tronics has always believed that stock ownership or stock option participation is the most effective way of aligning its management and shareholder interests. Options are generally issued with an exercise price at 100% of market value, for ten year terms, exercisable for 20% of the total grant per year after the first year. The right to exercise options granted from the Giga-tronics Incorporated 2005 Stock Option Plan (the “2005 Plan”), unless otherwise specified in the option grant, expires 90 days after termination of employment, and in case of death an optionee’s estate would have twelve months to exercise. No option or stock appreciation right shall be exercised after its expiration date in accordance with its terms.

CEO Compensation

The CEO compensation is based on the same considerations as any other senior executive. Other compensation factors, including salary increases, incentive bonus and option participation are performance-based.

In fiscal year 2015 the Compensation Committee established a \$225,000 annual base salary for the CEO, effective April 1, 2015, the annual salary for John R. Regazzi increased to \$250,000.

Deduction Limit for Executive Compensation

Effective January 1, 1994, Section 162(m) of the Internal Revenue Code limits federal income tax deductions for compensation paid to the chief executive officer and the four other most highly compensated officers of a public company to \$1 million per individual per year, but contains an exception for performance-based compensation that satisfies certain conditions.

The 2005 Plan restricts the maximum number of shares of common stock for which any one participant may be granted stock options and awards, and the stockholders approved this plan. As a result, stock options granted to Giga-tronics’ executive officers with an exercise price not less than the fair market value of the underlying shares on the grant date will generally qualify as performance-based compensation which is not subject to the \$1 million limitation.

The Audit Committee has re-appointed the firm of Crowe Horwath LLP as Giga-tronics’ Independent Registered Public Accounting Firm for the fiscal year ending March 26, 2016 and to perform other appropriate services. We are seeking ratification by the shareholders for this appointment. In case of a negative vote, the appointment will be reconsidered.

Representatives of Crowe Horwath LLP are expected to be present at Giga-tronics’ Annual Meeting with the opportunity to make a statement, if they desire to do so, and they are expected to be available to respond to appropriate questions.

The following table presents aggregate fees billed for professional services rendered by Crowe Horwath LLP in fiscal year 2015 and in fiscal year 2014 in the following categories:

	2015	2014
Audit fees (1)	\$ 170,500	\$ 174,000
Audit-related fees	\$ —	\$ —
Tax fees	\$—	\$—
All other fees	\$—	\$—

(1) Audit fees consist of fees for professional services rendered for the audit of the Company’s consolidated financial statements, review of consolidated financial statements included in the Company’s quarterly reports (including the amended 10-K and 10-Q filings) and services normally provided by the independent auditor in connection with statutory and regulatory filings or engagements.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” RATIFICATION OF THE APPOINTMENT OF CROWE HORWATH LLP AS GIGA-TRONICS’ INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM. THE PROXIES SOLICITED BY THE BOARD WILL BE SO VOTED IN THE ABSENCE OF INSTRUCTIONS TO THE CONTRARY.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our shareholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this proxy statement. This advisory vote is commonly referred to as a “say on pay” proposal.

Our Compensation Committee, which is responsible for designing and administering the Company’s executive compensation program, has designed our executive compensation program to provide a competitive yet equitable compensation and benefits package that reflects the Company’s performance and size, job complexity, and strategic value of the position while enabling long-term retention and motivation consistent with the long-term interests of our shareholders. We encourage you to carefully review the section entitled “General Compensation Policy” beginning on page 20 of this proxy statement for details on Giga-tronics’s executive compensation, including Giga-tronics’s compensation philosophy and objectives, as well as the reasons and processes for how our Compensation Committee determined the structure and amounts of the fiscal year 2015 compensation of our executives.

We are asking our shareholders to support our executive compensation program. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our executives and the philosophy, policies and practices described in this proxy statement.

Accordingly, we are asking our shareholders to approve the following resolution:

RESOLVED, that the shareholders approve the compensation of Giga-tronics’s named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which includes the compensation tables and related narrative discussion).

The results of this advisory vote are not binding on Giga-tronics. However, our Compensation Committee values the opinions expressed by shareholders in their vote, and will consider the outcome of the vote when making future compensation decisions for named executive officers.

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” PROPOSAL NO. 3. THE PROXIES SOLICITED BY THE BOARD WILL BE SO VOTED IN THE ABSENCE OF INSTRUCTIONS TO THE CONTRARY.

PROPOSAL 4

APPROVAL OF AMENDMENT INCREASING THE NUMBER OF SHARES AVAILABLE UNDER THE 2005 EQUITY INCENTIVE PLAN

The Proposal

The Board of Directors has approved an amendment to our 2005 Equity Incentive Plan (the “Plan”) increasing the number of shares of common stock available for awards under the Plan by 600,000 shares. At the meeting, shareholders will be asked to approve the amendment.

The Plan is intended to encourage ownership of the Company’s stock by the Company’s employees and directors and to provide additional incentive for them to promote the success of the Company’s business. The Company’s shareholders first approved the Plan in 2005.

The Plan currently provides that up to 2,250,000 shares of the Company’s common stock are available for awards. If the shareholders approve the proposed amendment, the Plan will be amended to increase the total number of shares available for grants under the Plan to a total of 2,850,000 shares. These awards include stock options, including incentive stock options, restricted stock, stock awards and stock appreciation rights, including grants of performance-based awards intended to qualify as “performance-based compensation” under Section 162(m) of the Internal Revenue Code in order to preserve the deductibility of these awards for federal income tax purposes.

As of the date of this Proxy Statement, options to purchase 1,398,975 common shares have been granted by the Board of Directors and were outstanding, and options to purchase an additional 258,323 shares have been exercised by option holders and 245,000 restricted shares have been granted and not forfeited, leaving 347,702 shares of the 2,250,000 shares previously authorized currently available for further grants of options, including shares returned to the Plan upon cancelation of options. The Company has not granted awards under the Plan other than stock options and restricted share awards. If the shareholders approve Proposal 4, the number of shares available for further grants under the Plan will be 947,702.

The Plan and Types of Awards

The Plan is administered by the Compensation Committee of the Board of Directors (the “Committee”), which is presently composed of four members, all of whom are independent directors as defined by the regulations of the SEC

and NASDAQ. Any of the employees including officers and directors may be selected by the Committee to participate in the Plan. As of June 27, 2015, there were approximately 80 persons who are eligible to participate in the Plan.

The Board may at any time exercise any of the powers and responsibilities assigned to the Committee under the Incentive Plan. Subject to the provisions of the Incentive Plan, the Committee has complete authority to make all determinations with respect to awards to be granted, including the form of award and the recipient of the award. Subject to the provisions of the Incentive Plan, the Committee also has complete authority to interpret the Incentive Plan, to prescribe, amend and rescind rules and regulations relating to the Incentive Plan, to determine the terms and provisions of any agreements concerning the terms of an award, and to make all other determinations necessary or advisable for the administration of the Incentive Plan. All decisions, interpretations and other actions of the Committee are final and binding.

The Plan authorizes the Company to grant equity-based awards to participants. These awards include options that qualify as incentive stock options (“Incentive Options”) under the Internal Revenue Code of 1986 (the “Code”) and nonqualified stock options (“Nonstatutory Options”), restricted stock awards, stock grants and stock appreciation rights. Only employees of the Company are eligible for grants of Incentive Options. In addition, if an Incentive Option is granted to an officer or employee of the Company who, at the time of the grant, owns more than 10 percent of the Company’s common stock, the exercise price of the options must be not less than 110 percent of the fair market value of the Company’s common stock at the time the option is granted. All options granted generally expire not later than ten years from the date of grant except that incentive stock options granted to 10 percent shareholders will expire not later than five years from the date of grant. Unless the Committee specifically determines otherwise at the time of the grant of the option, options vest and become exercisable in installments as to 20% of the underlying stock at the first anniversary of the grant date and 20% per year thereafter. The Committee may allow an optionee to exercise before an installment vests, subject to the Company’s right to repurchase the shares or any other restriction the Committee imposes. The vesting of any awards granted under the Incentive Plan may be accelerated in full in the event of a merger or sale of the company if the acquiring entity does not assume or replace the awards with comparable awards. In addition, the Committee may accelerate the exercisability of options (unless restricted by the Code in the case of incentive options) and any grant of restricted stock even if restrictions have not expired. To the extent that the aggregate fair market value of stock with respect to which Incentive Options are exercisable for the first time by any individual during any calendar year exceeds \$100,000, such excess options will be treated as Nonstatutory Options.

Options granted must have an exercise price that is not less than the fair market value of the Company’s common stock on the date of grant. As of June 27, 2015, the last closing sale price for the Company’s common stock as reported by NASDAQ was \$1.82 per share.

Upon the exercise of a stock option, the purchase price must be paid in full in either cash or its equivalent. The Committee may allow the optionee to make payment by tendering shares of our common stock having a fair market value equal to the exercise price. The Committee may also allow broker-assisted cashless exercises under which the Company issues shares on exercise of the option and is paid the purchase price from the sale of the shares by the optionee’s broker. The Committee may also authorize loans for the purpose of exercise to the extent permitted by law and may withhold shares on option exercise in payment of the exercise price and tax withholding.

Options continue to be exercisable for up to twelve months after an optionee's association with the Company terminates due to death or disability and up to 90 days after an optionee's association ends for other reasons for the Plan. These periods may be extended at the Committee's discretion.

Performance-based awards

Grants of performance-based awards under the Incentive Plan are intended to qualify as "performance-based compensation" under Section 162(m) of the Code and preserve the deductibility of these awards for federal income tax purposes. Section 162(m) of the Code denies a tax deduction to public companies for compensation paid to certain "covered employees" in a taxable year to the extent the compensation paid to a covered employee exceeds \$1,000,000, unless the plan contains certain features that qualify the compensation as "performance-based compensation." Because Section 162(m) of the Code only applies to those employees who are "covered employees" as defined in Section 162(m) of the Code, only covered employees and those likely to become covered employees are eligible to receive performance-based awards. "Covered employees" means the Company's chief executive officer or any of its other four highest compensated officers.

Participants are only entitled to receive payment for a performance-based award for any given performance period to the extent that pre-established performance goals set by the Committee during the first 90 days of the year for the period are satisfied. These pre-established performance goals must be based on one or more of the following performance criteria which are set forth in Section 2.23 of the Incentive plan:

2.23 Performance Criteria means the criteria that the Committee selects for purposes of establishing the Performance Goal or Performance Goals for a Participant for a Performance Period. The Performance Criteria used to establish Performance Goals are limited to: pre- or after-tax net earnings, sales growth, operating earnings, operating cash flow, return on net assets, return on shareholders' equity, return on assets, return on capital, Stock price growth, shareholder returns, gross or net profit margin, earnings per share, price per share of Stock, and market share, any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group.

These performance criteria may be measured in absolute terms or as compared to any incremental increase or as compared to results of a peer group, and may be calculated in any manner chosen by the Committee. With regard to a particular performance period, the Committee will have the discretion to select the length of the performance period, the type of performance-based awards to be granted, and the goals that will be used to measure the performance for the period. In determining the actual size of an individual performance-based award for a performance period, the Committee may reduce or eliminate (but not increase) the award. Generally, a participant would have to be employed on the date the performance-based award is paid to be eligible for a performance-based award for that period.

United Stated Income Tax Implications

The Company is generally entitled to a tax deduction in connection with an option or award under the Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, upon the exercise of a Nonstatutory Option). Special rules limit the deductibility of compensation paid to the Chief Executive Officer and to each of the named executive officers. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met with respect to awards. These conditions include shareholder approval of the Plan and performance criteria under the Plan, setting individual annual limits on each type of award, and certain other requirements. The Plan has been designed to permit the Committee to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to receive a federal income tax deduction in connection with such awards if the Company should make them.

The grant of Incentive Options will not result in taxable income to the recipient. With respect Nonstatutory Options, the recipient will realize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the shares acquired over the exercise price for those shares and the Company will be entitled to a corresponding deduction. Generally, gains or losses realized by the participant upon disposition of such shares will generally be treated as capital gains and losses, with the basis in such shares equal to the fair market value of the shares at the time of exercise. In the case of a disqualifying disposition of Incentive Option stock, however, some or all of the gain will be ordinary income and the Company will be entitled to a corresponding deduction.

The grant of restricted stock should not result in income for the recipient or in a deduction for the Company for federal income tax purposes if the shares transferred are subject to restrictions resulting in a “substantial risk of forfeiture.” If there are no such restrictions, the recipient would recognize ordinary income upon receipt of the shares. Any dividends paid to the recipient while the stock remained subject to restriction would be treated as compensation for federal income tax purposes. At the time the restrictions lapse, the recipient would receive ordinary income and the Company would be entitled to a deduction measured by the fair market value of the shares at the time of lapse. Income tax withholding would be required.

The grant of a performance-based award will not result in income to the recipient. Upon the receipt of shares or cash under a performance-based award, the recipient would recognize ordinary income and the Company would be entitled to a deduction measured by the fair market value of the shares plus any cash received. Income tax withholding would be required.

The preceding discussion is based on U.S. tax laws and regulations presently in effect, which are subject to change, and the discussion does not purport to be a complete description of the U.S. income tax aspects of the Plan. A participant may also be subject to state and local taxes in connection with the grant of awards under the Plan. The Company suggests that participants consult with their individual tax advisors to determine the applicability of the tax rules to the awards granted to them in their personal circumstances.

Reasons for Amending the Plan

As of June 27, 2015, there were only 347,702 shares available to award. The Board of Directors believes that the availability of stock based compensation for officers and employees will be a key factor in the ability of the Company to attract qualified individuals to fill certain positions. The Company also anticipates granting more options to its employees for performance incentives as well as director compensation to conserve the cash needed for the growth of the Company's new Advanced Signal Generator Product Line. It is also anticipated that additional equity awards may be needed to retain existing officers and staff. The Company has not made any determination as to specific grants to be made under the Plan upon approval of the amendment by shareholders.

Accordingly, the Board of Directors is seeking shareholder approval to increase the number of shares authorized under the Plan in order to ensure that shares will be available to adequately compensate the Company's employees and directors as the Company expands its business and adds additional employees.

Shareholder Approval

Approval of the amendment to the Plan requires the affirmative vote of a majority of the outstanding shares represented and entitled to vote at the Meeting.
