**BRYN MAWR BANK CORPORATION AND SUBSIDIARIES****Notes to Consolidated Financial Statements****(Unaudited)****Note 1 - Basis of Presentation**

The unaudited consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”). In the opinion of Bryn Mawr Bank Corporation’s (the “Corporation”) management, all adjustments necessary for a fair presentation of the consolidated financial position and the results of operations for the interim periods presented have been included. These unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto in the Corporation’s Annual Report on Form 10-K for the twelve months ended December 31, 2014 (the “2014 Annual Report”).

The results of operations for the three and six months ended June 30, 2015 are not necessarily indicative of the results to be expected for the full year.

**Note 2 - Earnings per Common Share**

Basic earnings per common share excludes dilution and is computed by dividing income available to common shareholders by the weighted-average common shares outstanding during the period. Diluted earnings per common share takes into account the potential dilution computed pursuant to the treasury stock method that could occur if stock options were exercised and converted into common stock, as well as the effect of restricted and performance shares becoming unrestricted common stock. The effects of stock options are excluded from the computation of diluted earnings per share in periods in which the effect would be anti-dilutive. All weighted average shares, actual shares and per share information in the financial statements have been adjusted retroactively for the effect of stock dividends and splits.

**Note 3 - Business Combinations****Robert J. McAllister Agency, Inc. (“RJM”)**

The acquisition of RJM, an insurance brokerage headquartered in Rosemont, Pennsylvania, was completed on April 1, 2015. The consideration paid by the Corporation was \$1.0 million, of which \$500 thousand was paid at closing and five contingent cash payments, not to exceed \$100 thousand each, will be payable on each of March 31, 2016, March 31, 2017, March 31, 2018, March 31, 2019, and March 31, 2020, subject to the attainment of certain revenue targets during the related periods. The acquisition will enhance the Corporation’s ability to offer comprehensive insurance solutions to both individual and business clients.

In connection with the RJM acquisition, the consideration paid and the fair value of identifiable assets acquired and liabilities assumed as of the date of acquisition are summarized in the following table:

*(dollars in thousands)*

**Consideration paid:**

Cash paid at closing	\$500
Contingent payment liability	500
Value of consideration	1,000

**Assets acquired:**

Cash operating accounts	20
Intangible assets – customer relationships	424
Intangible assets – non-competition agreements	257
Intangible assets – trade name	129
Other assets	4
Total assets	834

**Liabilities assumed:**

Deferred tax liability	336
Other liabilities	46
Total liabilities	382

**Net assets acquired** 452

**Goodwill resulting from acquisition of RJM** \$548

The fair values of the assets acquired and liabilities assumed are preliminary estimates.

**Continental Bank Holdings, Inc.**

On January 1, 2015, the previously announced merger (the “Merger”) of Continental Bank Holdings, Inc. (“CBH”) with and into the Corporation, and the merger of Continental Bank with and into The Bryn Mawr Trust Company, the wholly-owned subsidiary of the Corporation (the “Bank”), as contemplated by the Agreement and Plan of Merger, by and between CBH and the Corporation, dated as of May 5, 2014 (as amended by the Amendment to Agreement and Plan of Merger, dated as of October 23, 2014, the “Agreement”), were completed. In accordance with the Agreement, the aggregate share consideration paid to CBH shareholders consisted of 3,878,383 shares (which included fractional shares paid in cash) of the Corporation’s common stock. Shareholders of CBH received 0.45 shares of Corporation common stock for each share of CBH common stock they owned as of the effective date of the Merger. Holders of options to purchase shares of CBH common stock received options to purchase shares of Corporation common stock, converted at the same ratio of 0.45. In addition, \$1,323,000 was paid to certain warrant holders to cash-out certain warrants. In accordance with the acquisition method of accounting, assets acquired and liabilities assumed were preliminarily adjusted to their fair values as of the date of the Merger. The excess of consideration paid above the fair value of net assets acquired was recorded as goodwill. This goodwill is not amortizable nor is it deductible for income tax purposes.

In connection with the Merger, the consideration paid and the estimated fair value of identifiable assets acquired and liabilities assumed as of the date of the Merger are summarized in the following table:

*(dollars in thousands)*

**Consideration paid:**

**Pro Forma Income Statements**

The following pro forma income statements for the three and six months ended June 30, 2014 and 2015 present the pro forma results of operations of the combined institution (CBH and the Corporation) had the merger occurred on January 1, 2014 and January 1, 2015, respectively. The pro forma income statement adjustments are limited to the effects of fair value mark amortization and accretion and intangible asset amortization. No cost savings or additional merger expenses have been included in the pro forma results of operations for the three or six months ended June 30, 2014.

The merger conversion of 8,618,629 shares of CBH common stock equals 3,878,304 shares of Corporation common stock (8,618,629 times 0.45 minus 79 fractional shares paid in cash).

**Powers Craft Parker and Beard, Inc. (“PCPB”)**

The acquisition of PCPB, an insurance brokerage headquartered in Rosemont, Pennsylvania, was completed on October 1, 2014. The consideration paid by the Corporation was \$7.0 million, of which \$5.4 million was paid at closing and three contingent cash payments, not to exceed \$542 thousand each, will be payable on each of September 30, 2015, September 30, 2016 and September 30, 2017, subject to the attainment of certain revenue targets during the related periods. As of June 30, 2015, it is anticipated that the revenue target for the September 30, 2015 payment will be met. The acquisition will enable the Corporation to offer a comprehensive line of insurance solutions to both individual and business clients.

In connection with the PCPB acquisition, the consideration paid and the fair value of identifiable assets acquired and liabilities assumed as of the date of acquisition are summarized in the following table:

*(dollars in thousands)*

Management evaluates the Corporation's investment securities available for sale that are in an unrealized loss position in order to determine if the decline in fair value is other than temporary. The available for sale investment portfolio includes debt securities issued by U.S. government agencies, U.S. government-sponsored agencies, state and local municipalities and other issuers. All fixed income investment securities in the Corporation's available for sale investment portfolio are rated as investment grade. Factors considered in the evaluation include the current economic climate, the length of time and the extent to which the fair value has been below cost, interest rates and the bond rating of each security. The unrealized losses presented in the tables above are temporary in nature and are primarily related to market interest rates rather than the underlying credit quality of the issuers. The Corporation does not believe that these unrealized losses are other-than-temporary. The Corporation does not have the intent to sell these securities prior to their maturity or the recovery of their cost bases and believes that it is more likely than not that it will not have to sell these securities prior to their maturity or the recovery of their cost bases.

As of June 30, 2015 and December 31, 2014, securities having fair values of \$160.8 million and \$91.9 million, respectively, were specifically pledged as collateral for public funds, trust deposits, the Federal Reserve Bank of Philadelphia discount window program, Federal Home Loan Bank of Pittsburgh ("FHLB") borrowings and other purposes. The FHLB has a blanket lien on non-pledged, mortgage-related loans and securities as part of the Corporation's borrowing agreement with the FHLB.

The amortized cost and fair value of investment securities available for sale as of June 30, 2015 and December 31, 2014, by contractual maturity, are shown below:

<sup>1</sup> Included in the investment portfolio, but not in the table above, are mutual funds with a fair value, as of both June 30, 2015 and December 31, 2014, of \$15.6 million which have no stated maturity.

<sup>2</sup> Expected maturities of mortgage-related securities may differ from contractual maturities as borrowers may have the right to call or prepay obligations with or without call or prepayment penalties.

As of June 30, 2015 and December 31, 2014, the Corporation's investment securities held in trading accounts were comprised of a deferred compensation trust which is invested in marketable securities whose diversification is at the discretion of the deferred compensation plan participants.

**Note 5 - Loans and Leases**

The loan and lease portfolio consists of loans and leases originated by the Corporation, as well as loans acquired in mergers and acquisitions. These mergers and acquisitions include the January 2015 acquisition of CBH, the November 2012 transaction with First Bank of Delaware and the July 2010 acquisition of First Keystone Financial, Inc. Many of the tables in this footnote are presented for all loans as well as supplemental tables for *originated* and *acquired* loans.

<sup>(1)</sup> *Purchased credit-impaired loans are evaluated for impairment on an individual basis.*

As part of the process of determining the Allowance for the different segments of the loan and lease portfolio, Management considers certain credit quality indicators. For the commercial mortgage, construction and commercial and industrial loan segments, periodic reviews of the individual loans are performed by both in-house staff as well as external loan reviewers. The results of these reviews is reflected in the risk grade assigned to each loan. These internally assigned grades are as follows:

**Pass** – Loans considered satisfactory with no indications of deterioration.

**Special mention** - Loans classified as special mention have a potential weakness that deserves management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the loan or of the institution's credit position at some future date.

Substandard - Loans classified as substandard are inadequately protected by the current net worth and payment capacity of the obligor or of the collateral pledged, if any. Substandard loans have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. They are characterized by the distinct possibility that the institution will sustain some loss if the deficiencies are not corrected.

Doubtful - Loans classified as doubtful have all the weaknesses inherent in those classified as substandard, with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable.

In addition, for the remaining segments of the loan and lease portfolio, which include residential mortgage, home equity lines and loans, consumer, and leases, the credit quality indicator used to determine this component of the Allowance is based on performance status.

The following tables detail the carrying value of *all* portfolio loans and leases by portfolio segment based on the credit quality indicators used to determine the Allowance as of June 30, 2015 and December 31, 2014:

**G. Troubled Debt Restructurings (“TDRs”):**

The restructuring of a loan is considered a “troubled debt restructuring” if both of the following conditions are met: (i) the borrower is experiencing financial difficulties, and (ii) the creditor has granted a concession. The most common concessions granted include one or more modifications to the terms of the debt, such as (a) a reduction in the interest rate for the remaining life of the debt, (b) an extension of the maturity date at an interest rate lower than the current market rate for new debt with similar risk, (c) a temporary period of interest-only payments, (d) a reduction in the contractual payment amount for either a short period or remaining term of the loan, and (e) for leases, a reduced lease payment. A less common concession granted is the forgiveness of a portion of the principal.

The determination of whether a borrower is experiencing financial difficulties takes into account not only the current financial condition of the borrower, but also the potential financial condition of the borrower, were a concession not granted. Similarly, the determination of whether a concession has been granted is very subjective in nature. For example, simply extending the term of a loan at its original interest rate or even at a higher interest rate could be interpreted as a concession unless the borrower could readily obtain similar credit terms from a different lender.

The following table presents the balance of TDRs as of the indicated dates:

	<b>June 30,</b>	<b>December 31,</b>
	<b>2015</b>	<b>2014</b>
<i>(dollars in thousands)</i>
