**Notes to Financial Statements**

**June 30, 2017**

**(Unaudited)**

Note 1: Basis of Presentation

The accompanying unaudited financial statements of CKX Lands, Inc. (“Company”) have been prepared in accordance with United States generally accepted accounting principles for interim financial information. They do not include all information and footnotes required by United States generally accepted accounting principles for complete financial statements. Except as described herein, there has been no material change in the information disclosed in the notes to the financial statements included in our financial statements as of and for the year ended December 31, 2016. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included in the accompanying financial statements. Certain amounts have been reclassified to conform to the current period’s presentation, including oil and gas, timber, and surface, from general and administrative costs and expenses on the statements of income.

Interim results are not necessarily indicative of results for a full year. These financial statements and accompanying notes should be read in conjunction with the Company’s Form 10-K for the year ended December 31, 2016 and Form 10-Q for the quarter period ended June 30, 2017.

Note 2: Income Taxes

In accordance with generally accepted accounting principles, the Company has analyzed its filing positions in federal and state income tax returns for the tax years that remain subject to examination, generally three years after filing. The Company believes that all filing positions are highly certain and that all income tax filing positions and deductions would be sustained upon a taxing jurisdiction’s audit. Therefore, no reserve for uncertain tax positions is required. No interest or penalties have been levied against the Company and none are anticipated.

Note 3. Company Operations

The Company’s operations are classified into three principal operating segments that are all located in the United States: oil and gas, timber and surface. The Company’s reportable business segments are strategic business units that offer income from different products all of which are derived from the Company lands. They are managed separately

due to the unique aspects of each area.

Following is a summary of segmented operations information for the six months ended June 30, 2017 and 2016, respectively:

	2017	2016
Revenues:		
Oil and Gas	\$333,362	\$208,199

There are no intersegment sales reported in the accompanying income statements. The accounting policies of the segments are the same as those described in the summary of significant accounting policies in the Company's Form 10-K for the year ended December 31, 2016. The Company evaluates performance based on income or loss from operations before income taxes excluding any nonrecurring gains and losses on securities held available-for-sale. Income before income tax represents net revenues less costs and expenses less other income and expenses of a general corporate nature. Identifiable assets by segment are those assets used solely in the Company's operations within that segment.

Note 4. Related Party Transactions

On April 17, 2017, the Company entered into an option to lease agreement (“OTL”) with Stream Wetlands Services, LLC (“Stream”). Under the terms of the OTL, Stream paid the Company \$38,333 for an exclusive right to evaluate and market certain lands owned by the Company to their client for beneficial use purposes to compensate for wetlands impact through February 28, 2018. Stream may extend the OTL for up to three (3) successive periods of twelve (12) months. If Stream is chosen to perform their client’s project, the Company has agreed to put forth its best efforts to negotiate and enter into a mutually acceptable lease form. Due to the uncertainty of the contract award and project scope, we are unable to estimate the potential financial benefit, if any, to the Company. William Gray Stream, Company Director, is the president of Stream Wetlands Services, LLC.

Note 5: Subsequent Event – Agreement to Purchase and Sell Real Estate

On July 13, 2017, the Company entered into an Agreement to Purchase and Sell Real Estate (“Agreement”) to purchase approximate 44,000 square feet of rentable commercial real estate located in Sulphur, Louisiana from MAJ of Sulphur, L.L.C. for \$2,725,000. The commercial real estate consists of three separate buildings located on two separate parcels of land. The Agreement’s terms and conditions include, but are not limited to:

90-day feasibility period for the Company to determine, at its sole discretion, that these properties are suitable for its intended use.

Allows for an IRS 1031 Exchange, if elected, and

Final approval of the transaction by the Company’s board of directors.

**Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

**Results of Operations**

**Revenue**

Comparison of revenues for the six months ended June 30, 2017 and 2016 follows:

	2017	2016	\$ Change	% Change
Oil and Gas	333,362	208,199	125,163	60.12 %
Timber	8,966	120,868	(111,902)	(92.58 %)
Surface	253,448	98,889	154,559	156.30 %
Total	595,776	427,956	167,820	39.21 %

**Oil and Gas**

CKX leases its property to oil and gas operators and collects income through its land ownership in the form of oil and gas royalties and lease rentals revenues. A breakdown of oil and gas revenues follows:

	2017	2016	\$ Change	% Change
Oil	245,441	151,935	93,506	61.54 %
Gas	80,254	53,942	26,312	48.78 %
Lease	7,667	2,322	5,345	230.19 %
Total	333,362	208,199	125,163	60.12 %

CKX received oil and/or gas revenues from 95 and 99 wells during the six months ended June 30, 2017 and 2016, respectively.

The following schedule summarizes barrels and MCF produced and average price per barrel and per MCF.

	2017	2016
Net oil produced (Bbl) <sup>(2)</sup>	4,305	4,090
Average oil sales price (per Bbl) <sup>(1,2)</sup>	\$50.40	\$34.33
Net gas produced (MCF)	23,746	23,982
Average gas sales price (per MCF) <sup>(1)</sup>	\$3.38	\$2.25

Notes to above schedule:

<sup>(1)</sup> Before deduction of production and severance taxes.

<sup>(2)</sup> Excludes plant products.

Oil and gas revenues increased by \$125,163 from 2016 revenues. As indicated in the schedule above, the increase was due to an increase in oil production as well as an increase in the average sales prices for both oil and gas and lower gas production. Increased mineral lease activity resulted in increased lease revenue. Oil and gas revenues are dependent on oil and gas producers' activities, are not predictable and can vary significantly from year to year and quarter to quarter.

**Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)**

Management believes oil and gas activity is driven by current and forecasted commodity prices, demand for oil and gas, and upstream and downstream industry activity. Based on available public information, management believes that oil and gas activity which includes oil and gas production as well as lease rentals will continue to be improved when compared to 2016 reported amounts.

Timber revenues are down due to no harvesting activities by timber companies on outstanding stumpage agreements. We believe that due to heavy rains during the quarter, timber harvesting activities have not occurred. Timber revenues are dependent on timber companies' activities, are not predictable and can vary significantly from year to year and quarter to quarter.

Surface revenue increase over 2016 revenues primarily due to a pipeline right of way and an option to lease agreement. As previously noted, these types of agreements are not unusual for the Company; however, revenue from these types of agreements are not predictable and can vary significantly from year to year and quarter to quarter.

**Costs and Expenses**

Oil and gas costs and expenses, increased by \$7,795 in 2017. With the increase in revenues from oil and gas, and lease, the increased costs were expected.

Timber costs and expenses decreased by \$12,555. With the decrease in timber revenues, this decrease was expected. The remaining timber costs and expenses relate to recurring timber and timberland maintenance.

Surface costs and expenses decreased by \$13,677. This decrease is due to the change in how the Company obtains property management services.

General and administrative costs and expenses increased by \$20,618 primarily due to increased legal fees related to SEC reporting, increased officer salaries, and increased director fees.

## **Financial Condition**

Current assets totaled \$4,109,222 and total current liabilities equaled \$143,735 at June 30, 2017.

In the opinion of management, cash and certificates of deposit are adequate for projected operations and possible land acquisitions.

The Company declared and paid a ten cents per common share dividend during the quarter ended March 31, 2017. During the first quarter of each future calendar year, the Company anticipates determining if a dividend will be declared. In determining whether a dividend will be declared, the board of directors will take into account the Company's prior fiscal year's cash flows from operations and current economic conditions among other information deemed relevant.

## **Issues and Uncertainties**

This quarterly report contains forward-looking statements. These statements are based on current expectations and assumptions that are subject to risks and uncertainties. Actual results could differ materially because of issues and uncertainties such as those discussed below, which, among others, should be considered in evaluating the Company's financial outlook.

Revenues from oil and gas provide a significant portion of the Company's net income and cash flows. These revenues come from wells operated by other companies which CKX Lands, Inc. owns a royalty interest. Consequently, these revenues fluctuate due to changes in oil and gas prices and changes in the operations of these other companies.

**Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (continued)**

**Item 3. Not applicable.**

**Item 4. CONTROLS AND PROCEDURES**

**Evaluation of Disclosure Controls and Procedures**

The Company has evaluated the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 as of the period covered by this report. Based on the evaluation, performed under the supervision and with the participation of the Company's management, including the President, concluded that the Company's disclosure controls and procedures were effective as of the end of the period covered by the report.

**Changes in Internal Control Over Financial Reporting**

There were no significant changes with respect to the Company's internal control over financial reporting or in other factors that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting during the quarter covered by this report.
