EXPLANATORY NOTE

This post-effective amendment no. 1 to the Registration Statement on Form S-3 (File No. 333-212676) (this “post-effective amendment”), is being filed pursuant to Rule 414 under the Securities Act of 1933, as amended (the “Securities Act”), by Sensata Technologies Holding plc, a public limited company incorporated under the laws of England and Wales (“Sensata-UK”), as the successor issuer to Sensata Technologies Holding N.V., a Dutch company (“Sensata-Netherlands”), following a merger transaction (the “Merger”) that became effective on March 28, 2018. The Merger was effected through the common draft terms of the cross-border legal merger between Sensata-Netherlands and Sensata-UK, dated as of October 26, 2017 (the “Merger Proposal”), pursuant to which Sensata-Netherlands merged with and into Sensata-UK with Sensata-UK being the surviving entity. The Merger Proposal was approved by the stockholders of Sensata-Netherlands at an extraordinary meeting of shareholders on February 16, 2018.

Pursuant to the Merger Proposal, each registered share of Sensata-Netherlands (each, a “Sensata-Netherlands Share”), excluding shares held by Sensata-Netherlands, was exchanged for one ordinary share in Sensata-UK, €0.01 nominal value per share (each, a “Sensata-UK Share”). As a result of the Merger, each shareholder of Sensata-Netherlands became a holder of Sensata-UK Shares evidencing the same proportional interests in Sensata-UK that such shareholder held in Sensata-Netherlands.

Sensata-UK hereby expressly adopts the Registration Statement on Form S-3 (File No. 333-212676) filed by Sensata-Netherlands with the Securities and Exchange Commission (the “SEC”) as its own Registration Statement for all purposes of the Securities Act and the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

PROSPECTUS

Ordinary Shares

Sensata Technologies Holding plc

We may offer and sell from time to time ordinary shares covered by this prospectus in amounts, at prices, and on terms determined at the time of offering. This prospectus describes the general manner in which these ordinary shares will be offered. We may sell the ordinary shares covered by this prospectus, on a continuous or delayed basis, directly, through agents, dealers, or underwriters as designated from time to time, or through a combination of these methods. For additional information on the methods of sale, you should refer to the section entitled "Plan of Distribution."

We will provide specific terms of any offering, including the price to the public of the ordinary shares, in supplements to this prospectus. The prospectus supplements will also describe the specific manner in which these ordinary shares will be offered and may also supplement, update or amend information contained in this document. You should carefully read this prospectus and any applicable prospectus supplement and free writing prospectus, together with any documents we incorporate by reference, before you invest.

We reserve the sole right to accept, and together with any agents, dealers and underwriters, reserve the right to reject, in whole or in part, any proposed purchase of ordinary shares. If any agents, dealers, or underwriters are involved in the sale of any ordinary shares, the applicable prospectus supplement will set forth any applicable commissions or discounts. The net proceeds to us from the sale of ordinary shares will also be set forth in the applicable prospectus supplement. This prospectus may not be used to sell ordinary shares unless accompanied by a prospectus supplement. Our registration of the ordinary shares covered by this prospectus does not mean that we will offer or sell any shares. Our ordinary shares are listed on the New York Stock Exchange under the symbol "ST." The last reported sale price of our ordinary shares on the New York Stock Exchange on March 26, 2018 was \$51.49 per share.

Investing in our ordinary shares involves risks. Before investing in our ordinary shares, you should read and consider the risk factors referred to on page 5 of this prospectus, in any applicable prospectus supplement, and in the documents incorporated by reference in this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is March 28, 2018

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the U.S. Securities and Exchange Commission, or “SEC,” utilizing a “shelf” registration process. Under this shelf registration process, we may from time to time sell ordinary shares in one or more offerings. Each time our ordinary shares are offered under this prospectus, we will provide a prospectus supplement that will contain specific information about the terms of that offering.

This prospectus does not contain all of the information included in the registration statement. The prospectus supplement may also add, update, or change information contained in this prospectus. You should read both this prospectus and the applicable prospectus supplement together with all exhibits and additional information under the heading “Where You Can Find More Information.” To the extent there are inconsistencies between any prospectus supplement, this prospectus, and any documents incorporated by reference, the document with the most recent date will control.

You should rely only on information contained in, or incorporated by reference into, this prospectus and any prospectus supplement. We have not authorized anyone to provide you with information different from that contained in, or incorporated by reference into, this prospectus or any prospectus supplement. We are not making offers to sell our ordinary shares in any jurisdiction in which such an offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation.

The information contained in this prospectus, in any prospectus supplement, or in any document incorporated by reference herein or therein is accurate only as of the date of the relevant document. You should not assume that the information contained in, or incorporated by reference into, this prospectus or any prospectus supplement is accurate as of any other date.

Unless the context specifically indicates otherwise, references in this prospectus to “we,” “us,” “our,” the “Company,” and “Sensata” refer collectively to Sensata Technologies Holding plc, a public limited liability company incorporated under the laws of the England and Wales, successor to Sensata Technologies Holding N.V., and its consolidated subsidiaries.

OUR COMPANY

Sensata, a global industrial technology company, engages in the development, manufacture, and sale of sensors and controls. We produce a wide range of sensors and controls for applications such as pressure, temperature, and speed and position sensors in automotive systems, thermal circuit breakers in aircraft, and bimetal current and temperature control devices in electric motors. We can trace our origins back to entities that have been engaged in the sensors and controls business since 1916.

Our sensors are customized devices that translate a physical phenomenon, such as pressure, temperature, or position, into electronic signals that microprocessors or computer-based control systems can act upon. Our controls are customized devices embedded within systems to protect them from excessive heat or current. Underlying these sensors and controls are core technology platforms—thermal and magnetic-hydraulic circuit protection, micro electromechanical systems, ceramic capacitance, Microfused Silicon Strain Gage, and wireless communication protocol—that we leverage across multiple products and applications, enabling us to optimize our research, development, and engineering investments and achieve economies of scale.

Our primary products include low-, medium-, and high-pressure sensors, speed and position sensors, bimetal electromechanical controls, temperature sensors, power conversion and control products, thermal and magnetic-hydraulic circuit breakers, pressure switches, and interconnection products. We develop customized, innovative solutions for specific customer requirements or applications across a variety of end markets, including automotive, heavy vehicle off-road ("HVOR"), appliance and heating, ventilation, and air conditioning, industrial, and aerospace, among others.

Our Performance Sensing business supplies automotive and HVOR sensors, including pressure sensors, speed and position sensors, temperature sensors, and pressure switches. Our Sensing Solutions business supplies bimetal electromechanical controls, industrial and aerospace sensors, power conversion and control products, thermal and magnetic-hydraulic circuit breakers, and interconnection products.

We have long-standing relationships with a geographically diverse base of leading global original equipment manufacturers and other multinational companies.

We develop products that address increasingly complex engineering requirements by investing substantially in research, development, and application engineering. By locating our global engineering teams in close proximity to key customers in regional business centers, we are exposed to many development opportunities at an early stage and work closely with our customers to deliver solutions that meet their needs. As a result of the long development lead times and embedded nature of our products, we collaborate closely with our customers throughout the design and development phase of their products. Systems development by our customers typically requires significant multi-year investment for certification and qualification, which are often government or customer mandated. We believe the capital commitment and time required for this process significantly increases the switching costs once a customer has designed and installed a particular sensor or control into a system.

Table of Contents

**RISK FACTORS**

Our business is subject to significant risks. You should carefully consider the risks and uncertainties described in this prospectus, any prospectus supplement, and any documents incorporated by reference in this prospectus, including the risks and uncertainties described in Sensata Technologies Holding N.V.'s Annual Report on Form 10-K for the fiscal year ended December 31, 2017, which was filed with the SEC on February 1, 2018, which is incorporated by reference in this prospectus, and which may be amended, supplemented, or superseded from time to time by other reports we file with the SEC in the future. The risks and uncertainties described in this prospectus and the documents incorporated by reference in this prospectus are not the only risks that we face. Additional risks and uncertainties that we do not presently know about or that we currently believe are not material may also adversely affect our business. If any of the risks and uncertainties described in this prospectus, any prospectus supplement, or in any of the documents incorporated by reference in this prospectus actually occurs, our business, financial condition and results of operations could be adversely affected in a material way. This could cause the trading price of our ordinary shares to decline, perhaps significantly, and you may lose part or all of your investment.

**FORWARD LOOKING STATEMENTS**

This prospectus (including any prospectus supplement and the information incorporated by reference in this prospectus) and any free writing prospectus that we may provide to you in connection with an offering of our ordinary shares contains "forward-looking statements" within the meaning of Section 27A of the Securities Act. These forward-looking statements relate to analyses and other information that are based on forecasts of future results and estimates of amounts not yet determinable. These forward-looking statements also relate to our future prospects, developments, and business strategies. These forward-looking statements may be identified by terminology such as "may," "will," "could," "should," "expect," "anticipate," "believe," "estimate," "predict," "project," "forecast," "continue," "in," "may be," "could be," "should be," "expect to," "anticipate to," "believe to," "estimate to," "predict to," "project to," "forecast to," "continue to," "in to," similar terms or phrases, or the negative of such terminology, including references to assumptions. However, these terms are not the exclusive means of identifying such statements.

Forward-looking statements included in this prospectus (including any prospectus supplement and the information incorporated by reference in this prospectus), or in other statements made by us, are not historical facts, are based on management's expectations and beliefs concerning future events impacting us, and are subject to uncertainties and other important factors relating to our operations and business environment, all of which are difficult to predict, and many of which are beyond our control, that could cause our actual results to differ materially from those matters expressed or implied by forward-looking statements. Although we believe that our plans, intentions, and expectations reflected in, or suggested by, such forward-looking statements are reasonable, we can give no assurances that any of the events anticipated by these forward-looking statements will occur or, if any of them do, what impact they will have on our results of operations and financial condition.

We believe that the following important factors, among others (including those incorporated by reference and set forth in this prospectus under the heading "Risk Factors"), could affect our future performance and the liquidity and value of our securities and cause our actual results to differ materially from those expressed or implied by forward-looking statements made by us or on our behalf:

- instability and changes in the global markets, including regulatory, political, economic, and military matters;
- changes to current policies by the U.S. government;
- adverse conditions in the automotive industry;
- competition in our industry;
  - pressure from customers to reduce prices;
- supplier interruption or non-performance limiting our access to manufactured components or raw materials;
- business disruptions due to natural disasters or other disasters outside our control;
- labor disruptions or increased labor costs;
- difficulties or failures to integrate businesses we acquire;
- disruptions from any future acquisitions and joint ventures or dispositions that require significant resources and/or result in significant unanticipated losses, costs, or liabilities;
- market acceptance of new product introductions and product innovations;

Table of Contents

changes in, or inability to comply with, various regulations, including tax laws, import/export regulations, anti-bribery laws, environmental and safety laws, and other governmental regulations;

foreign currency risks and changes in socio-economic conditions and/or monetary and fiscal policies, including as a result of the impending exit of the U.K. from the European Union;

losses and costs as a result of intellectual property, product liability, warranty, and recall claims that may be brought against us;

taxing authorities challenging our historical and future tax positions or our allocation of taxable income among our subsidiaries;

our level of indebtedness or inability to meet our debt service obligations or comply with the covenants contained in the credit agreements;

security breaches and other disruptions to our information technology infrastructure; and

various other risks and uncertainties, including those discussed in this prospectus and those set forth under the heading "Risk Factors" in the documents incorporated by reference in this prospectus.

All forward-looking statements attributable to us or persons acting on our behalf speak only as of the date on which the statements were made and are expressly qualified in their entirety by the cautionary statements contained in this prospectus, any prospectus supplement, and any document incorporated by reference in this prospectus. We undertake no obligation to update or revise forward-looking statements that may be made to reflect events or circumstances that arise after the date made or to reflect the occurrence of unanticipated events.

**USE OF PROCEEDS**

We will describe the use of the net proceeds of any offering of our ordinary shares in the applicable prospectus supplement.

Table of Contents

PLAN OF DISTRIBUTION

We may offer and sell the ordinary shares offered in this prospectus in and outside the United States through underwriters or dealers, directly to purchasers, including our affiliates, through agents, in privately negotiated transactions, or through a combination of any of these methods. Each prospectus supplement will describe the applicable method of distribution of our ordinary shares and set forth the terms and conditions of the offering of such shares.

Sale through Underwriters or Dealers

If underwriters are used in the sale of any of the ordinary shares, the underwriters will acquire the ordinary shares for their own account. The underwriters may resell the ordinary shares from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer ordinary shares to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in any prospectus supplement, the obligations of the underwriters to purchase the ordinary shares will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered shares if they purchase any of them. The underwriters may change from time to time any public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

During and after an offering through underwriters, the underwriters may purchase and sell the shares in the open market. These transactions may include overallotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, which means that selling concessions allowed to syndicate members or other broker-dealers for the offered shares sold for their account may be reclaimed by the syndicate if the offered shares are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain, or otherwise affect the market price of the offered shares, which may be higher than the price that might otherwise prevail in the open market. If commenced, the underwriters may discontinue these activities at any time.

If dealers are used in the sale of shares, we will sell the shares to them as principals. They may then resell those shares to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

Direct Sales and Sales Through Agents

We may sell the ordinary shares directly, and not through underwriters or agents. Ordinary shares may also be sold through agents designated from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered shares, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the ordinary shares directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those shares. We will describe the terms of any such sales in the prospectus supplement.

Delayed Delivery Contracts

If we so indicate in the prospectus supplement, we may authorize agents, underwriters, or dealers to solicit offers from certain types of institutions to purchase ordinary shares from us, if applicable, at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

General Information

We may have agreements with the agents, dealers, and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the agents, dealers, or underwriters may be required to make. Agents, dealers, and underwriters may be customers of, engage in transactions with, or perform services for, us in the ordinary course of their businesses.

LEGAL MATTERS

Unless we state otherwise in the applicable prospectus supplement, the validity of any ordinary shares that we may offer by the prospectus will be passed upon for us by Clifford Chance LLP, London, England.

EXPERTS

The consolidated financial statements of Sensata Technologies Holding N.V. appearing in Sensata Technologies Holding N.V.'s Annual Report on Form 10-K for the year ended December 31, 2017, including schedules appearing therein, and the effectiveness of Sensata Technologies Holding N.V.'s internal control over financial reporting as of December 31, 2017, have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their reports thereon included therein, and incorporated herein by reference. Such financial statements are, and audited financial statements to be included in subsequently filed documents will be, incorporated herein in reliance upon the reports of Ernst & Young LLP pertaining to such financial statements and the effectiveness of our internal control over financial reporting as of the respective dates (to the extent covered by consents filed with the Securities and Exchange Commission) given on the authority of such firm as experts in accounting and auditing.

INCORPORATION OF CERTAIN INFORMATION BY REFERENCE

The SEC allows us to “incorporate by reference” information into this prospectus, which means that we can disclose important information about us by referring you to another document filed separately with the SEC. The information incorporated by reference is considered to be a part of this prospectus. The following documents, which have been filed with the SEC by us, are incorporated by reference in this prospectus (other than portions of these documents that are either (1) described in paragraph (e) of Item 201 of Registration S-K or paragraphs (d)(1)-(3) and (e)(5) of Item 407 of Regulation S-K promulgated by the SEC or (2) furnished under Item 2.02 or Item 7.01 of a Current Report on Form 8-K):

• Sensata Technologies Holding N.V.'s Annual Report on Form 10-K for the year ended December 31, 2017;  
• Sensata Technologies Holding N.V.'s Current Reports on Form 8-K filed on January 5, 2018, February 16, 2018 and February 27, 2018;

• Our Current Report on Form 8-K filed on March 28, 2018; and

Sensata Technologies Holding N.V.'s registration statement on Form 8-A filed on March 8, 2010 pursuant to Section 42(b) of the Securities Act, including any amendments or supplements thereto, as updated by the description of our ordinary shares contained in our Current Report on Form 8-K (File No. 001-34652) filed on March 28, 2018.

We also incorporate by reference the information contained in all other documents we file with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act (other than portions of these documents that are either (1) described in paragraph (e) of Item 201 of Registration S-K or paragraphs (d)(1)-(3) and (e)(5) of Item 407 of Regulation S-K promulgated by the SEC or (2) furnished under Item 2.02 or Item 7.01 of a Current Report on Form 8-K, unless otherwise indicated therein) after the date of this prospectus and prior to the termination of this offering. The information contained in any such document will be considered part of this prospectus from the date the document is filed with the SEC.

Any statement contained in a document incorporated or deemed to be incorporated by reference in this prospectus will be deemed to be modified or superseded to the extent that a statement contained herein or in any other subsequently filed document which also is or is deemed to be incorporated by reference in this prospectus modifies or supersedes that statement. Any statement so modified or superseded will not be deemed, except as so modified or superseded, to constitute a part of this prospectus.

## PART II

## INFORMATION NOT REQUIRED IN PROSPECTUS

## Item 14. Other Expenses of Issuance and Distribution.

The following is a statement of estimated expenses, to be paid solely by Sensata Technologies Holding plc (“we,” “us,” “our,” or the “Company”), of the issuance and distribution of the securities being registered hereby:

SEC registration fee	(1)
FINRA filing fee	(1)
Blue Sky fees	(1)
Printing expenses	(1)
Accounting fees and expenses	(1)
Legal fees and expenses	(1)
Miscellaneous expenses	(1)

Total	(1)
-------	-----

Estimated expenses are not presently known. The foregoing sets forth the general categories of expenses (other than underwriting discounts and commissions) that the Company anticipates it will incur in connection with the (1) offering of ordinary shares under this Registration Statement. An estimate of the aggregate expenses in connection with the issuance and distribution of the ordinary shares being offered will be included in the applicable prospectus supplement.

## Item 15. Indemnification of Directors and Officers.

Our articles of association of (the “Articles”) enable us to indemnify our directors and officers and to advance expenses to defend claims against our directors and officers to the full extent of English law. Subject to exceptions described below, English law does not permit a company to exempt a director or certain officers from, or indemnify him or her against, liability in connection with any negligence, default, breach of duty or breach of trust by him or her in relation to the company. Indemnification is permitted for liabilities incurred in proceedings in which judgment is entered in favor of the director or officer and the director or officer is acquitted, or the director or officer is held liable, but the court finds that he or she acted honestly or reasonably and the relief should be granted.

The exceptions under the English Companies Act of 2006 allow a company to (and the Articles provide that we may): purchase and maintain director and officer insurance “D&O Insurance” against any liability arising in connection with any negligence, default, breach of duty or breach of trust owed to the company. D&O Insurance generally covers costs incurred in defending allegations and compensatory damages that are awarded. D&O Insurance will not cover damages awarded in relation to criminal acts, intentional malfeasance or other forms of dishonesty, regulatory offences or excluded matters such as environmental liabilities. In relation to these matters, D&O Insurance generally only covers defense costs, subject to the obligation of the director or officer to repay the costs if an allegation of criminality, dishonesty or intentional malfeasance is subsequently admitted or found to be true; provide a qualifying third party indemnity provision, or “QTPIP.” This permits a company to indemnify its directors and certain officers (and directors and certain officers of an associated company) in respect of proceedings brought by third parties (covering both legal costs and the amount of any adverse judgment, except for: the legal costs of an unsuccessful defense of criminal proceedings or civil proceedings brought by the company itself, fines imposed in criminal proceedings and penalties imposed by regulatory bodies). We can therefore indemnify directors and certain officers against such third party actions as class actions or

Table of Contents

actions following mergers and acquisitions or share issues; and

make a loan to a director or certain officers in respect of defense costs in relation to civil and criminal proceedings against him or her (even if the action is brought by the company itself). This is subject to the requirement for the director or officer to reimburse the company if the defense is unsuccessful. However, if the company has a QTPIP in place whereby the director or officer is indemnified in respect of legal costs in civil proceedings brought by third parties, then the director or officer will not be required to reimburse the company as the cost of the loan can be paid under the QTPIP.

We maintain directors' and officers' liability insurance for the members of the board of directors and certain of our officers.

Item 16. Exhibits.

The agreements and other documents filed as exhibits to this Registration Statement on Form S-3 are not intended to provide factual information or other disclosure other than with respect to the terms of the agreements or other documents themselves, and you should not rely on them for that purpose. In particular, any representations and warranties made by the registrant in these agreements or other documents were made solely within the specific context of the relevant agreement or document and may not describe the actual state of affairs as of the date they were made or at any other time.

To be filed, if necessary, subsequent to the effectiveness of this registration statement by an amendment to the \*registration statement or incorporated by reference to a Current Report on Form 8-K filed in connection with an underwritten offering of the shares offered hereunder.

\*\* Filed herewith.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a

fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule

424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective (2) amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the (ii) registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities (5) of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser. The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of the securities at that time shall be deemed to be the initial bona fide offering thereof. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim
- (b) for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
