At the meeting you will be asked:

- (i)
to elect eight directors to the Company’s Board of Directors;

- (ii)
to ratify the appointment of BDO USA, LLP as our independent registered public accounting firm for the 2015 fiscal year; and

Internet Availability of Proxy Materials

In addition to mailing paper copies of the Company’s proxy statement, annual report on Form 10-K for the fiscal year ended June 30, 2014 and quarterly report on Form 10-Q for the period ending March 31, 2015, Astrotech is making these materials available to its shareholders via the Internet. The proxy statement, annual report on Form 10-K for the fiscal year ended June 30, 2014 and quarterly report on Form 10-Q for the period ending March 31, 2015 are available at [http:// www.astrotech.com/ investors](http://www.astrotech.com/investors).

Record Date and Voting Securities

The Board of Directors has fixed the close of business on May 7, 2015 as the record date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting. As of the record date, there were 21,290,263 outstanding shares of Astrotech’s common stock, no par value, including 285,761 shares of restricted stock with voting rights. Holders of common stock and restricted stock with voting rights are entitled to notice of the Annual Meeting and to one vote per share of common stock owned and restricted stock with voting rights granted as of the record date at the Annual Meeting. No shareholder will be allowed to cumulate votes.

Proxies

The Board of Directors is soliciting a proxy in the form accompanying this proxy statement for use at the Annual Meeting and will not vote the proxy at any other meeting. Mr. Thomas B. Pickens III is the person named as proxy on the proxy card accompanying this proxy statement and is who the Board of Directors has selected to serve in such capacity. Mr. Pickens is Chairman of the Board of Directors and Chief Executive Officer. In the event that Mr. Pickens cannot serve in such capacity, Mr. Eric N. Stober will be named as proxy. Mr. Stober is Chief Financial Officer, Treasurer and Secretary of the Company.

Revocation of Proxies

Each shareholder giving a proxy has the power to revoke it at any time before the shares represented by that proxy are voted. Revocation of a proxy is effective when the Secretary of the Company receives either (i) an instrument revoking the proxy or (ii) a duly executed proxy bearing a later date. Additionally, a shareholder may change or revoke a previously executed proxy by voting in person at the Annual Meeting.

Voting of Proxies

Because many Astrotech shareholders are unable to attend the Annual Meeting, the Board of Directors solicits proxies to give each shareholder an opportunity to vote on all matters scheduled to come before the meeting as set forth in this proxy statement. Shareholders are urged to read carefully the material in this proxy statement and vote through one of the following methods:

- i. Fully completing, signing, dating and timely mailing the proxy card;

1

ii.

Calling 1-888-457-2959 and following the instructions provided on the phone line; or

iii.

Accessing the internet voting site at www.proxyvoting.com/ASTC and following the instructions provided on the website.

Please keep your proxy card with you when voting via the telephone or internet. All votes via the telephone or internet must be submitted by 11:59 p.m. (Eastern Time) on June 25, 2015 in order to be counted. Each proxy card that is (i) properly executed, (ii) timely received by the Company before or at the Annual Meeting and (iii) not properly revoked by the shareholder pursuant to the instructions above will be voted in accordance with the directions specified on the proxy and otherwise in accordance with the judgment of the persons designated therein as proxies. If no choice is specified and the proxy is properly signed and returned, the shares will be voted by the Board appointed proxy in accordance with the recommendations of the Board of Directors.

Vote Required for Quorum

The holders of at least a majority of all issued and outstanding shares of common stock entitled to vote at the Annual Meeting, whether present in person or represented by proxy, will constitute a quorum.

Vote Required for Director Elections

The election of the eight directors requires the vote of a plurality of the shares of common stock represented at the meeting. Abstentions will have no effect on the election of directors since only votes “For” or “Against” a nominee will be counted.

Vote Required for Auditor Ratification

The ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for 2015 requires the affirmative vote of a majority of the total number of votes cast at the Annual Meeting by the holders of shares of our common stock. Abstentions will have no effect on Proposal 2.

Method of Tabulation and Broker Voting

One or more inspectors of election appointed for the meeting will tabulate the votes cast in person or by proxy at the Annual Meeting, and will determine whether or not a quorum is present. The inspectors of election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum and for purposes of determining the approval of any matter submitted to the shareholders for a vote.

Many of the Company’s shares of common stock are held in “street name,” meaning that a depository, broker-dealer or other financial institution holds the shares in its name, but such shares are beneficially owned by another person.

Generally, a street name holder must receive direction from the beneficial owner of the shares to vote on issues other than routine shareholder matters such as the ratification of auditors. If a broker indicates on a proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered present and entitled to vote at the Annual Meeting for such matter. For Proposal 1, only votes “For” or “Against” such proposal will be counted, so broker non-votes will have no effect on determinations of plurality for that proposal.

Proposal 2 is considered a “routine” matter, so brokers will be able to vote uninstructed shares on that proposal.

In accordance with Section 806 of the Sarbanes-Oxley Act of 2002, these procedures prohibit the Company from taking adverse action against any person submitting a good faith complaint, report or concern.

The Board of Directors Role in Risk Oversight

The Board has determined that the combined role of Chairman and CEO is appropriate for the Company as it promotes unified leadership and direction for the Company, allowing for a single, clear focus for management to execute the Company's strategy and business plans. This structure also avoids the added costs and inefficiencies that would result by mandating an independent Chairman. The Board believes that the governance structure allows the Board to effectively work with the combined role of Chairman and CEO.

The Board of Directors strives to balance the risk and return ratio for all Astrotech stakeholders. In doing so, management maintains regular communication with the Board of Directors, both on a formal and informal basis. This includes conversations on the state of the business, the industry and the overall economic environment with Astrotech management during formal Board of Directors meetings, formal Committee meetings and in more frequent informal conversations. Additionally, the Board of Directors utilizes its Committees to consider specific topics which require further focus, skill sets and/or independence. The Audit Committee coordinates the Board of Directors' oversight of the Company's internal control over financial reporting, disclosure controls and procedures and code of conduct.

Management regularly reports to the Audit Committee on these areas. The Compensation Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating and Corporate Governance Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks associated with Board of Directors' organization, membership and structure, succession planning for our directors and corporate governance.

Committees of the Board of Directors

During fiscal year 2014, the Board of Directors had three standing committees: a Corporate Governance and Nominating Committee, an Audit Committee and a Compensation Committee.

Each such committee currently consists of three persons and each member of the Audit, Compensation and Corporate Governance and Nominating Committees is required at the minimum to meet the independence requirements of the NASDAQ's Listing Rules.

The Company periodically reviews, both internally and with the Board of Directors, the provisions of the Sarbanes-Oxley Act of 2002, and the rules of the SEC and NASDAQ regarding corporate governance policies, processes and listing standards. In conformity with the requirement of such rules and listing standards, we have adopted a written Audit Committee Charter, a Compensation Committee Charter and a Corporate Governance and Nominating Committee Charter, each of which may be found on the Company's website at [http:// www.astrotechcorp.com/investors](http://www.astrotechcorp.com/investors) or by writing to Astrotech Corporation, 401 Congress Avenue, Suite 1650, Austin, Texas 78701, Attention "Investor Relations" and requesting copies.

The Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee was created by the Board of Directors. The Corporate Governance and Nominating Committee is comprised solely of independent directors that meet the requirements of NASDAQ and SEC rules and operates under a written charter adopted by the Corporate Governance and Nominating Committee and approved by the Board of Directors. The charter is

available in the “For Investors” section of the Company’s website at www.astrotechcorp.com. The primary purpose of the Corporate Governance and Nominating Committee is to provide oversight on the broad range of issues surrounding the composition and operation of the Board of Directors, including identifying individuals qualified to become Board of Directors members and recommending director nominees for the next Annual Meeting of Shareholders. As of the end of fiscal year 2014, the Corporate Governance and Nominating Committee consisted of Mr. Adams (Chairman), Ms. Manning and Mr. Oliva. During fiscal year 2014, the Corporate Governance and Nominating Committee did not meet.

Director Nomination Process

Astrotech’s eight director nominees were approved by the Board of Directors in March 2015 after considering the recommendation of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee also gave consideration to the full board to three other individuals. The Company’s Articles of Incorporation provide that, with respect to any vacancies or newly created directorships, the Board of Directors will nominate individuals who receive a majority vote of the then sitting directors.

Regarding nominations for directors, the Corporate Governance and Nominating Committee identifies nominees in various ways. The Corporate Governance and Nominating Committee considers the current directors that have expressed interest in, and that continue to satisfy, the criteria for serving on the Board of Directors. Other nominees may be proposed by current directors, members of management or by shareholders. From time to time, the Corporate Governance and Nominating Committee may engage a professional firm to identify and evaluate potential director nominees. Regarding the skills of the director candidate, the Corporate Governance and Nominating Committee considers individuals with industry and professional experience that complements the Company’s goals and strategic direction. The Corporate Governance and Nominating Committee has established certain criteria it considers as guidelines in considering nominations for the Board of Directors. The criteria include:

- the candidate’s independence;
- the candidate’s depth of business experience;
- the candidate’s availability to serve;
- the candidate’s integrity and personal and professional ethics;
- the diversity of experience and background relative to the Board of Directors as a whole; and
- the need for specific expertise on the Board of Directors.

The above criteria are not exhaustive and the Corporate Governance and Nominating Committee may consider other qualifications and attributes which they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. In order to ensure that the Board of Directors consists of members with a variety of perspectives and skills, the Corporate Governance and Nominating Committee has not set any minimum qualifications and also considers candidates with appropriate non-business backgrounds. Other than ensuring that at least one member of the Board of Directors is a financial expert and a majority of the Board of Directors meet all applicable independence requirements, the Corporate Governance and Nominating Committee looks for how the candidate can adequately address his or her fiduciary requirements and contribute to building shareholder value. With regards to diversity, the Company does not have a formal policy for the consideration of diversity in Board of Director candidates, but Company practice has historically considered this in director nominees and the Company expects to

continue to in future nomination and review processes.

The Corporate Governance and Nominating Committee will consider, for possible Board endorsement, director candidates recommended by shareholders. For purposes of the 2015 Annual Meeting, the Governance and Nominating Committee will consider any nominations received by the Secretary from a shareholder of record on or before February 26, 2015 (the 120th calendar day before the one-year anniversary date of the release of these proxy materials to shareholders). Any such nomination must be made in writing, must be accompanied by all nominee information that is required under the federal securities laws and must include the nominee's written consent to be named in the Proxy Statement.

5

The nominee must be willing to allow the Company to complete a background check. The nominating shareholder must submit their name and address, as well as that of the beneficial owner, if applicable, and the class and number of shares of Astrotech common stock that are owned beneficially and of record by such shareholder and such beneficial owner. Finally, the nominating shareholder must discuss the nominee's qualifications to serve as a director.

The Audit Committee

The Audit Committee is composed solely of independent directors that meet the requirements of NASDAQ and SEC rules and operates under a written charter adopted by the Audit Committee and approved by the Board of Directors. The charter is available on the Company's website, which is www.astrotechcorp.com/investors. The Audit Committee is responsible for appointing and compensating a firm of independent auditors to audit the Company's financial statements, as well as oversight of the performance and review of the scope of the audit performed by the Company's independent auditors. The Audit Committee also reviews audit plans and procedures, changes in accounting policies and the use of the independent auditors for non-audit services. As of the end of fiscal year 2014, the Audit Committee consisted of Mr. Oliva (Chairman), Mr. Russler and Ms. Manning. During fiscal year 2014, the Audit Committee met seven times. The Board of Directors has determined that John A. Oliva, Daniel T. Russler Jr. and Sha-Chelle Manning met the qualification guidelines as "audit committee financial experts" as such term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated by the SEC.

Audit Committee Pre-Approval Policy and Procedures

The Audit Committee is responsible for appointing, setting compensation for and overseeing the work of BDO, the Company's independent auditors. Audit Committee policy requires the pre-approval of all audit and permissible non-audit services to be provided by independent auditors in order to assure that the provision of such services does not impair the auditors' independence. The policy, as amended, provides for the general pre-approval of specific types of services and gives detailed guidance to Management as to the specific audit, audit-related and tax services that are eligible for general pre-approval. For both audit and non-audit pre-approvals, the Audit Committee will consider whether such services are consistent with applicable law and SEC rules and regulations concerning auditor independence.

The policy delegates to the Chairman of the Audit Committee the authority to grant certain specific pre-approvals, however the Chairman of the Audit Committee is required to report the granting of any pre-approvals to the Audit Committee at its next regularly scheduled meeting. The policy prohibits the Audit Committee from delegating to Management the Audit Committee's responsibility to pre-approve services performed by the independent auditors. Requests for pre-approval of services must be detailed as to the particular services proposed to be provided and are to be submitted by the CFO. Each request generally must include a detailed description of the type and scope of services, a proposed staffing plan, a budget of the proposed fees for such services and a general timetable for the performance of such services.

The Report of the Audit Committee can be found in this proxy statement following the Proposal 2 description.

The Compensation Committee

The Compensation Committee is composed solely of independent directors that meet the requirements of NASDAQ and SEC rules and operates under a written charter adopted by the Compensation Committee, approved by the Board of Directors in May 2004 and amended in May 2005. The charter is available on the Company's website, which is www.astrotechcorp.com/investors. The Compensation Committee is responsible for determining the compensation and benefits of all executive officers of the Company and establishing general policies relating to compensation and benefits of employees of the Company. The Compensation Committee is delegated all authority of the Board of Directors as may be required or advisable to fulfill the purposes of the Compensation Committee. Meetings may, at the discretion of the Compensation Committee, include members of the Company's management, other members of the Board of Directors, consultants or advisors and such other persons as the Compensation Committee or its chairperson may determine in an informational or advisory capacity.

The Board of Directors annually considers the performance of our Chief Executive Officer. Meetings to determine the compensation of the Chief Executive Officer must be held in executive session. Meetings to determine the compensation of any officer of the Company, other than the Chief Executive Officer, may be attended by the Chief Executive Officer, but the Chief Executive Officer may not vote on these matters.

The Compensation Committee also administers the Company's 2011 Stock Incentive Plan and 2008 Stock Incentive Plan in accordance with the terms and conditions set forth in those plans. As of the end of fiscal year 2014, the Compensation Committee consisted of Mr. Russler (Chairman), Mr. Readdy and Mr. Oliva. During fiscal year 2014, the Compensation Committee met four times.

Director Attendance at Annual Shareholder Meetings

The Board of Directors members are expected to attend our Annual Shareholder Meetings. All of our then six directors attended our 2013 Annual Meeting of Shareholders held on June 26, 2014.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who beneficially own more than 10% of the Company's common stock to file reports of ownership and changes in ownership with the SEC. Such directors, executive officers and greater than 10% shareholders are required by SEC regulation to furnish to the Company copies of all Section 16(a) forms they file. Due dates for the reports are specified by those laws, and the Company is required to disclose in this document any failure in the past fiscal year to file by the required dates. Based solely on written representations of the Company's directors and executive officers and on copies of the reports that they have filed with the SEC, the Company's belief is that all of Astrotech's directors and executive officers complied with all filing requirements applicable to them with respect to transactions in the Company's equity securities during fiscal year 2014.

PROPOSAL 1 — ELECTION OF DIRECTORS

The Corporate Governance and Nominating Committee, which is comprised entirely of independent directors, has carefully considered all director nominees. Upon the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors has nominated Thomas B. Pickens III, Mark Adams, John A. Oliva, William F. Readdy, Sha-Chelle Manning, Daniel T. Russler, Jr., Ronald W. Cantwell and Michael R. Humphrey to the Board of Directors to serve as directors until the 2016 Annual Meeting of Shareholders. Each nominee has agreed to serve if elected.

All members of the Board of Directors are expected to be elected at the Annual Meeting. All directors shall hold office until the next Annual Meeting of Shareholders and until their successors are duly elected and qualified, or their earlier removal or resignation from office. The Company’s Articles of Incorporation authorize the Board of Directors from time to time to determine the number of its members. Vacancies in unexpired terms and any additional director positions created by Board action may be filled by action of the existing Board of Directors at that time, and any director who is appointed in this fashion will serve until the next Annual Meeting of Shareholders and until a successor is duly elected and qualified, or their earlier removal or resignation from office.

The Board of Directors has determined that seven of the eight director nominees (indicated by asterisk in the following Table of “Information About Directors, Nominees and Executive Officers”) have no relationship that, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and are “independent directors” as defined by Rule 5605(a)(2) of the NASDAQ’s Listing Rules.

Not less than annually, the Board of Directors undertakes the review and approval of all related-party transactions. Related-party transactions include transactions valued at greater than \$120,000 between the Company and any of the Company’s executive officers, directors, nominees for director, holders of greater than 5% of Astrotech’s shares and any of such parties’ immediate family members. The purpose of this review is to ensure that such transactions, if any, were approved in accordance with our Code of Ethics and Business Conduct and for the purpose of determining whether any of such transactions impacted the independence of such directors. There were no such transactions in fiscal year 2014. The Board has affirmatively determined that none of the independent directors is an officer or employee of the Company or any of Astrotech’s subsidiaries and none of such persons have any relationships which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Ownership of a significant amount of our stock, by itself, does not constitute a material relationship.

The Board of Directors held twenty-one meetings during the fiscal year ended June 30, 2014 and all directors attended at least 76% of the meetings of the Board of Directors. The members of each committee and the chairman of each committee are appointed annually by the Board of Directors.

Information about the number of shares of common stock beneficially owned by each director appears later in this proxy statement under the heading “Security Ownership of Directors, Executive Officers and Principal Shareholders.”

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THE FOLLOWING NOMINEES:

Thomas B. Pickens III	Mark Adams
John A. Oliva	William F. Readdy
Sha-Chelle Manning	Daniel T. Russler, Jr.

Director Independence and Financial Experts

The Corporate Governance and Nominating Committee, the Audit Committee and the Compensation Committee charters require that each member meet: (i) all applicable criteria defining "independence" that may be prescribed from time to time under NASDAQ Listing Rule 5605(a)(2), Rule 10A-(3) under the Securities Exchange Act of 1934 and other related rules and listing standards, (ii) the criteria for a "non-employee director" within the meaning of Rule 16b-3 promulgated by the SEC under the Securities Exchange Act of 1934 and (iii) the criteria for an "outside director" within the meaning of Section 162(m)(4)(C) of the Internal Revenue Code.

The Company's Board of Directors also annually makes an affirmative determination that all such "independence" standards have been and continue to be met by the independent directors and members of each of the three committees, that each director qualifying as independent is neither an officer nor an employee of Astrotech or any of its subsidiaries nor an individual that has any relationship with Astrotech or any of its subsidiaries, or with Management (either directly or as a partner, shareholder, or officer of an entity that has such a relationship) which, in the Board of Director's opinion, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In addition, a director is presumptively considered not independent if:

- The director, at any time within the past three years, was employed by Astrotech or any of its subsidiaries;

- The director or a family member received payments from Astrotech or any of its subsidiaries in excess of \$120,000 during any period of twelve consecutive months within the preceding three years (other than for Board or Committee service, from investments in the Company's securities or from certain other qualifying exceptions);

- The director is, or has a family member who is a partner in, an executive officer or controlling shareholder of any entity to which Astrotech made to or received from payments for property or services in the current or in any of the prior three years that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more (other than, with other minor exceptions, payments arising solely from investments in the Company's securities);

- The director is a family member of a person who is, or at any time during the three prior years was, employed as an executive officer by Astrotech or any of its subsidiaries;

- The director is, or has a family member who is, employed as an executive officer of another entity where at any time within the prior three years any of Astrotech's officers served on the compensation committee of the other entity; or

- The director is, or has a family member who is, a current partner of Astrotech Corporation's independent auditing firm, or was a partner or employee of that firm who worked on the Company's audit at any time during the prior three years.

The Board of Directors has determined each of the following directors and director nominees to be an "independent director" as such term is defined by Rule 5605(a)(2) of the NASDAQ Listing Rules: Mark Adams; John A. Oliva, William F. Readdy, Sha-Chelle Manning, Daniel T. Russler, Jr., Ronald W. Cantwell and Michael R. Humphrey. In determining Sha-Chelle Manning's status as an "independent director," the Board of Directors specifically considered Ms. Manning's appointment in September 2012 as a volunteer member of the Texas Emerging Technology Advisory Committee. The Texas Emerging Technology Advisory Committee recommends proposals eligible for funding through the Texas Emerging Technology Fund. As previously disclosed, 1st Detect, a subsidiary of the Company, was the recipient of funding through the Texas Emerging Technology Fund in 2010.

The Board of Directors has also determined that each member of the Corporate Governance and Nominating Committee, the Audit Committee, and the Compensation Committee during the past fiscal year and the proposed nominees for the upcoming fiscal year meets the independence requirements applicable to those Committees prescribed by NASDAQ and SEC rules.

Employment Agreements

fifty percent (50%) of his Base Salary for each year during the Employment Period. The Compensation Committee has established a policy for bonuses in excess of the targeted annual bonus for extraordinary service.

Awards

The Compensation Committee awarded bonuses to the Company's NEOs, and employees in September 2014, in recognition of the employee's performance during the previous fiscal year, as follows:

- Mr. White was awarded a cash bonus in the amount of \$100,000, representing 39.3% of his annual base salary.

Performance Based Compensation

We believe that a substantial portion of each NEO's compensation should be in the form of performance based awards, particularly equity based awards, which align the interests of management with that of the shareholders. Providing long-term compensation such as equity awards allows the Company to attract and incentivize qualified executives with less cash outlay, and to retain the executives over a longer period. There was no issuance of performance based awards during fiscal year 2014.

Potential Payments Upon Termination or Change in Control

As noted above, the Company has entered into employment agreements with Mr. Pickens and Mr. White that provide for payments and other benefits in connection with the officer's termination for a qualifying event or circumstance and for enhanced payments in connection with such termination after a Change in Control (as defined in the applicable agreement). A description of the terms with respect to each of these types of terminations follows.

Termination Other Than After a Change in Control

The employment agreements provide for payments of certain benefits upon the termination of the employment of the NEO. The NEO's rights upon termination of his or her employment depend upon the circumstances of the termination. Central to an understanding of the rights of each NEO under the employment agreements is an understanding of the definitions of "Cause" and "Good Reason" as those terms are used in those agreements. For purposes of the employment agreements, the Term of Employment may be terminated at any time by the Company upon any of the following:

- Death of the NEO;
- In the event of physical or mental disability where the NEO is unable to perform his/her duties;
- For Cause or Material Breach where Cause is defined as conviction of certain crimes and/or felonies, and Material Breach is defined to include certain specified failures to perform duties or uphold fiduciary responsibilities; or
- Otherwise at the discretion of the Company and subject to the termination obligations set forth in the employment agreement.

The NEO may terminate the Term of Employment at any time upon any of the following:

- Upon the death of the NEO;
- In the event of physical or mental disability where the NEO is unable to perform his/her duties;
- Upon the Company's material reduction in the NEO's authority, perquisites, position, title or responsibilities or other actions that would give the NEO the right to resign for "Good Reason;" or
- Otherwise at the discretion of the NEO and subject to the termination obligations set forth in the employment agreement.

The benefits to be provided to the NEO in each of these situations are described in the tables below, which assume that the termination had taken place in fiscal year 2014.

Termination after a Change in Control

A termination after a Change in Control is similar to the severance provisions described above, except that the NEO becomes entitled to benefits under these provisions only if his employment is terminated within twelve months following a Change in Control. A Change in Control for this purpose is defined to mean (i) the acquisition by any person or entity of the beneficial ownership of securities representing 50% or more of the outstanding securities of the Company having the right under ordinary circumstances to vote at an election of the Board of Directors of the Company, (ii) the date on which the majority of the members of the Board of Directors of the Company consists of persons other than directors nominated by a majority of the directors on the Board of Directors at the time of their

election, and (iii) the consummation of certain types of transactions, including mergers and the sale or other disposition of all, or substantially all, of the Company's assets.

As with the severance provisions described above, the rights to which the NEO is entitled under the Change in Control provisions upon a termination of employment are dependent on the circumstances of the termination. The definitions of Cause and other reasons for termination are the same in this termination scenario as in a termination other than after a Change in Control.

DIRECTOR COMPENSATION

Overview

Astrotech's director compensation program consists of cash-based, as well as equity-based, compensation. The Board of Directors recognizes that cash compensation is an integral part of the compensation program and has instituted a fixed and variable fee structure to provide compensation relative to the required time commitment of each director. The equity component of Astrotech's director compensation program is designed to build an ownership stake in the Company while conveying an incentive to directors relative to the returns recognized by our Shareholders.

Cash-Based Compensation

Company directors, other than the Chairman of the Audit Committee and Chairman of the Compensation Committee, receive an annual stipend of \$30,000 paid upon the annual election of each non-employee director or upon joining the Board of Directors. The Chairman of the Audit Committee receives an annual stipend of \$40,000, and the Chairman of the Compensation Committee and the Governance and Nominated Committee receive an annual stipend of \$35,000, recognizing the additional duties and responsibilities of those roles. In addition, each non-employee director receives a meeting fee of \$3,000 for each meeting of the Board of Directors attended in person and \$1,000 for each such meeting attended by conference call.

Audit Committee members received \$750 for attendance to meetings in person or by conference call, while the Compensation Committee and the Governance and Nominating Committee members received \$500 for attendance to meetings in person or by conference call. All directors are reimbursed ordinary and reasonable expenses incurred in exercising their responsibilities in accordance with Travel and Entertainment Expense Reimbursement policy applicable to all employees of the Company.

Equity-Based Compensation

Under provisions adopted by the Board of Directors, each non-employee director may receive shares of restricted common stock issued upon his first election to the Board of Directors, subject to board discretion. Restricted stock and stock options granted typically have a vesting period to be determined upon grant date and terminate in 10 years. Already vested shares do not expire upon termination of the director's term on the Board of Directors.

Pension and Benefits

The non-employee directors are not eligible to participate in the Company's benefits plans, including the 401(k) plan.

Indemnification Agreements

The Company is party to indemnification agreements with each of its directors and officers that require the Company to indemnify the directors and officers to the fullest extent permitted by Washington state law. The Company's Certificate of Incorporation also requires the Company to indemnify both the directors and officers of the Company to the fullest extent permitted by Washington state law.

PROPOSAL 2 — APPOINTMENT OF INDEPENDENT AUDITORS

On January 17, 2014, the Astrotech Audit Committee engaged Ernst & Young, LLP as independent auditor for the fiscal year ending June 30, 2014. On April 1, 2015 the audit committee dismissed Ernst & Young, LLP and appointed BDO USA, LLP as the new auditors of the Company. With regards to this proposal, the Board of Directors is requesting the shareholders to ratify the appointment of BDO USA, LLP as the Company's independent auditor for the fiscal year ending June 30, 2015. The ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for fiscal year 2015 requires the affirmative vote of a majority of the total number of votes cast at the Annual Meeting by the holders of shares of our common stock.

Ratification Requirements and Governance

There is no requirement that the Company submit the appointment of independent auditors to shareholders for ratification or for the appointed auditors to be terminated if the ratification fails, but Astrotech believes that it is sound corporate governance to submit the matter to shareholder vote. The Sarbanes-Oxley Act of 2002 states the Audit Committee is solely responsible for the appointment, compensation and oversight of the independent auditor. As such, the Audit Committee may consider the appointment of other independent auditors if the shareholders choose not to ratify the appointment of BDO USA, LLP. Additionally, the Audit Committee may terminate the appointment of BDO USA, LLP as the Company's independent auditors without the approval of the shareholders whenever the Audit Committee deems such termination appropriate.

Independence

In making its recommendation to ratify the appointment of BDO USA, LLP as the Company's independent auditors for the fiscal year ending June 30, 2015, the Audit Committee has considered whether the provision of non-audit services by BDO USA, LLP is compatible with maintaining the independence of BDO USA, LLP. Although BDO USA, LLP is engaged to provide tax preparation work, the Audit Committee believes these non-audit services does not hinder their independence to Astrotech.

Annual Meeting Representation

Representatives of BDO USA, LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. They are also expected to be available to respond to appropriate questions from the shareholders present.

Audit Committee Pre-Approval Policy

The Audit Committee is responsible for appointing, setting compensation for and overseeing the work of BDO USA, LLP, the Company's independent auditors. Audit Committee policy requires the pre-approval of all audit and permissible non-audit services to be provided by independent auditors in order to assure that the provision of such services does not impair the auditors' independence. The policy, as amended, provides for the general pre-approval of specific types of services and gives detailed guidance to Management as to the specific audit, audit-related and tax services that are eligible for general pre-approval. For both audit and non-audit pre-approvals, the Audit Committee will consider whether such services are consistent with applicable law and SEC rules and regulations concerning auditor independence.

The policy delegates to the Chairman of the Audit Committee the authority to grant certain specific pre-approvals, however the Chairman of the Audit Committee is required to report the granting of any pre-approvals to the Audit Committee at its next regularly scheduled meeting. The policy prohibits the Audit Committee from delegating to Management the Audit Committee's responsibility to pre-approve services performed by the independent auditors. Requests for pre-approval of services must be detailed as to the particular services proposed to be provided and are to be submitted by the CFO. Each request generally must include a detailed description of the type and scope of services, a proposed staffing plan, a budget of the proposed fees for such services and a general timetable for the performance of such services.

April 2015 Change in Principal Accountant

On April 1, 2015, the Audit Committee notified Ernst & Young, LLP (“E&Y”) that it had determined to dismiss E&Y as the Company’s independent registered public accounting firm, effective as of that same date. On and effective as of that same date, the Company appointed BDO USA, LLP as the Company’s independent registered public accounting firm for the fiscal year ending June 30, 2015. The appointment of BDO USA, LLP as the Company’s independent registered public accountant was approved by the Committee.

E&Y’s reports on the Company’s consolidated financial statements for the fiscal years ended June 30, 2014 and June 30, 2013 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company’s two most recent fiscal years and the subsequent interim period preceding E&Y’s dismissal, there were: (i) no “disagreements” (within the meaning of Item 304(a) of Regulation S-K) with E&Y on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of E&Y, would have caused it to make reference to the subject matter of the disagreements in its reports on the consolidated financial statements of the Company; and (ii) no “reportable events” (as such term is defined in Item 304(a)(1)(v)(A)-(D) of Regulation S-K).

During the Company’s two most recent fiscal years and the subsequent interim period up to the date of BDO USA, LLP’s engagement, neither the Company nor anyone on the Company’s behalf consulted with BDO USA, LLP regarding: (i) the application of accounting principles to a specified transaction, either completed or proposed; (ii) the type of audit opinion that might be rendered on the Company’s financial statements; (iii) the provision of written or oral advice that would be an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issues; or (iv) any matter that was the subject of a “disagreement” or a “reportable event” (within the meaning of Item 304(a)(1)(iv) of Regulation S-K and Item 304(a)(1)(v) of Regulation S-K, respectively). The Company provided E&Y with a copy of the disclosures the Company made in a Current Report on Form 8-K (the “Report”) filed with the SEC on April 7, 2015 prior to the time the Report was filed with the SEC. The Company requested that E&Y furnish a letter addressed to the SEC stating whether or not it agrees with the statements made therein. A copy of E&Y’s letter dated April 7, 2015 was attached as Exhibit 16.1 to the Report.

Audit Fees

The aggregate fees expensed for each of the last two fiscal years for professional services rendered by Ernst & Young, LLP for the audit of the Company’s annual financials and review of financials contained in the Company’s quarterly reports were \$267,860 for fiscal year ended June 30, 2014 and \$227,500 for fiscal year ended June 30, 2013.

Audit-Related Fees

There were no audit-related fees billed by or to be billed by Ernst & Young, LLP for fiscal years ended June 30, 2014 or 2013.

Tax Fees

Ernst & Young, LLP did not provide tax related services to the Company during fiscal years 2014 or 2013.

All Other Fees

The Company paid no other fees to Ernst & Young, LLP during fiscal year 2014 or 2013.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF BDO USA, LLP AS INDEPENDENT AUDITORS OF THE COMPANY FOR THE FISCAL YEAR ENDING JUNE 30, 2015

Report of the Audit Committee

The Board of Directors has established an Audit Committee of independent directors which operates under a written charter adopted by the Board of Directors. The charter was amended and restated in May 2004. Astrotech's management is responsible for establishing a system of internal controls and for preparing the Company's consolidated financial statements in accordance with generally accepted accounting principles. Astrotech's independent auditors are responsible for auditing the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and issuing their report based on that audit. Under the Audit Committee's charter, the primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities as to (i) the integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements and the Company's Code of Business Conduct and Ethics, (iii) the independent auditors' qualifications and independence and (iv) the performance of the independent auditors. The Audit Committee is also directly responsible for selecting and evaluating the independent auditors, reviewing, with the independent auditors, the plans and scope of the audit engagement, and reviewing with the independent auditors their objectivity and independence.

The members of the Audit Committee are not professional accountants or auditors and, in performing their oversight role, rely without independent verification on the information and representations provided to them by Management and Astrotech's independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to certify that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with accounting principles generally accepted in the United States or that Astrotech's independent auditors are in fact "independent" for fiscal year 2014. The Board of Directors has determined that for fiscal year 2014, John A. Oliva, Daniel T. Russler, Jr. and Sha-Chelle Manning were audit committee financial experts and such persons are independent as defined under the federal securities laws.

In connection with the preparation of the audited financial statements included in Astrotech's Annual Report on Form 10-K for the year ended June 30, 2014:

- The Audit Committee reviewed and discussed the audited financial statements with the independent auditors and management.

- The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended. In general, these auditing standards require the auditors to communicate to the Audit Committee certain matters that are incidental to the audit, such as any initiation of, or changes to, significant accounting policies, management judgments, accounting estimates and audit adjustments; disagreements with management; and the auditors' judgment about the quality of the Company's accounting principles.

- The Audit Committee received from the independent auditors written disclosures and the letter regarding their independence required by Independence Standards Board Standard No. 1 Independence Discussions with Audit Committees as adopted by the Public Company Accounting Oversight Board in Rule 3600T and discussed with the auditors their independence. In general, Independence Standards Board Standard No. 1 requires the auditors to disclose to the Audit Committee any relationship between the auditors and its related entities and Astrotech that in the auditors' professional judgment may reasonably be thought to bear on independence. The Audit Committee also considered whether the independent auditors' provision of non-audit services to Astrotech was compatible with maintaining their independence.

Based on the review and discussions noted above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the year ended June 30, 2014 be included in Astrotech's Annual Report on Form 10-K filed with the SEC.

This report is submitted by the members of the Audit Committee of the Board of Directors:

John A. Oliva (Chairman)

Daniel T. Russler, Jr.

Sha-Chelle Manning

The foregoing Audit Committee Report shall not be deemed to be incorporated by reference in any previous or future documents filed by the Company with the Securities and Exchange Commission under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates the report by reference in any such document.

In addition to solicitation by mail, directors, officers and employees of the Company, without receiving any additional compensation, may solicit proxies personally or by telephone or facsimile. In addition, we retained Morrow & Co. to request brokerage houses, banks and other custodians or nominees holding stock in their names for others to forward proxy materials to their customers or principals who are the beneficial owners of shares and will reimburse them for their expenses in doing so.
