Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year

On June 20, 2016, U.S. Energy Corp. (the “Company”) filed Articles of Amendment to Restated Articles of Incorporation (the “Amendment”) with the Secretary of State of Wyoming to effect a six shares for one share reverse stock split of the shares of the Company’s common stock, par value \$0.01 per share (the “Common Stock”), effective on June 20, 2016 (the “Reverse Stock Split”). As reported below under Item 5.07 of this Current Report on Form 8-K, the Company held its annual meeting of shareholders on June 20, 2016, at which meeting the Company’s shareholders, by an affirmative vote of a majority of the Company’s shares of Common Stock present in person or by proxy at the meeting, approved the Amendment.

As a result of the Reverse Stock Split, every six shares of issued and outstanding Common Stock will be automatically combined into one issued and outstanding share of Common Stock, without any change in the par value per share or the number of shares of Common Stock authorized. No fractional shares will be issued as a result of the Reverse Stock Split. Any fractional shares that would otherwise have resulted from the Reverse Stock Split will be paid in a proportionate amount based on the average closing price of the Common Stock as reported by The NASDAQ Capital Market for the five trading days immediately preceding the date of the Reverse Stock Split; provided that the Company is also authorized (i) to issue fractional shares to some or all registered holders who would otherwise be eliminated as a result of the Reverse Stock Split or (ii) to round up fractional shares to the nearest whole share of Common Stock for some or all of such registered holders, if the Board of Directors of the Company determines that doing so would be in the best interests of the Company. Certificates that immediately prior to the effective time for the Reverse Stock Split represented shares of Common Stock (“Old Certificates”), shall thereafter represent that number of shares of Common Stock into which the shares of Common Stock represented by the Old Certificate shall have been combined, subject to the treatment of fractional shares as described above.

The Reverse Stock Split will reduce the number of shares of Common Stock outstanding from 28.2 million shares to approximately 4.7 million shares, subject to adjustment for the payment of cash in lieu of fractional shares. On June 21, 2016, NASDAQ informed the Company that the Reverse Stock Split would be effective for trading of the Company’s Common Stock beginning on June 22, 2016.

Item 5.07. Submission of Matters to a Vote of Shareholders
