INVITATION TO SHAREHOLDERS

On behalf of the Board of Directors of Methanex Corporation, I would like to invite you to join us at our Annual General Meeting of shareholders. The meeting will be held at the Vancouver Convention Centre - East Building in Vancouver, British Columbia on Thursday, April 28, 2016 at 11:00 a.m.

The Annual General Meeting is a great opportunity to learn about our strategy for the future and review our 2015 performance. Attending the meeting also provides you with an excellent opportunity to meet our directors and senior management and ask them any questions you may have.

We hope that you will attend this Annual General Meeting and we look forward to seeing you there. If you are unable to attend, the meeting will also be webcast live on the Investor Relations section of our website: www.methanex.com.

Sincerely,

John Floren
President and Chief Executive Officer

METHANEX CORPORATION
NOTICE OF ANNUAL GENERAL MEETING OF SHAREHOLDERS

The Annual General Meeting (the “Meeting”) of the shareholders of Methanex Corporation (the “Company”) will be held at the following time and place:

DATE: Thursday, April 28, 2016

TIME: 11:00 a.m. (Pacific Time)

PLACE: East Meeting Room 1
Vancouver Convention Centre - East Building
999 Canada Place
Vancouver, British Columbia

The Meeting is being held for the following purposes:

1. to receive the Consolidated Financial Statements of the Company for the financial year ended December 31, 2015 and the Auditors’ Report on such statements;
2. to elect directors;
3. to reappoint the auditors and authorize the Board of Directors to fix the remuneration of the auditors;
4. to consider and approve, on an advisory basis, a resolution to accept the Company’s approach to executive compensation disclosed in the accompanying Information Circular; and
5. to transact such other business as may properly come before the Meeting.

If you hold common shares of the Company and do not expect to attend the Meeting in person, please complete the enclosed proxy form and either fax it to 1 416 368 2502 or toll-free in North America to 1 866 781 3111 or forward it to CST Trust Company using the envelope provided with these materials. Proxies must be received no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time fixed for commencement of the Meeting or any postponement or adjournment thereof.

DATED at the City of Vancouver, in the Province of British Columbia, this 4th day of March, 2016.

BY ORDER OF THE BOARD OF DIRECTORS

Kevin Price

General Counsel & Corporate Secretary

METHANEX CORPORATION
INFORMATION CIRCULAR

Information contained in this Information Circular is given as at March 4, 2016 unless otherwise stated.

PART I VOTING

Solicitation of proxies

This Information Circular is provided in connection with the solicitation of proxies by or on behalf of the management and Board of Directors (the "Board") of Methanex Corporation (the "Company", "we" or "our", as applicable) for use at the Annual General Meeting (the "Meeting") of the shareholders of the Company to be held at the time and place (including any adjournment or postponement thereof) and for the purposes described in the accompanying Notice of Annual General Meeting of Shareholders.

It is anticipated that this Information Circular and the accompanying proxy form will be mailed on or about March 17, 2016 to holders of common shares of the Company ("Common Shares").

What will be voted on at the Meeting?

Shareholders will be voting on those matters that are described in the accompanying Notice of Annual General Meeting of Shareholders. The Notice includes all the matters to be presented at the Meeting that are presently known to management. A simple majority (that is, greater than 50%) of the votes cast, in person or by proxy, will constitute approval of these matters, other than the election of directors and the appointment of auditors.

Who is entitled to vote?

Only registered holders of Common Shares ("Registered Shareholders") at the close of business on February 29, 2016 (the "Record Date") are entitled to vote at the Meeting or at any adjournment or postponement thereof. Each Registered Shareholder will have one vote for each Common Share held at the close of business on the Record Date. As of March 4, 2016, there were 89,784,738 Common Shares outstanding. To the knowledge of the directors and senior officers of the Company, the only persons who beneficially owned, directly or indirectly, or exercised control or direction over, Common Shares carrying 10% or more of the voting rights of the Company were M&G Investment Management Limited ("M&G"), Wellington Management Group LLP ("Wellington") and Fidelity Management & Research Company ("FMR")⁽¹⁾. Based on information filed by M&G on February 8, 2016, M&G held 17,463,118 Common Shares as at December 31, 2015 representing approximately 19.44% of the voting rights attached to the Company's voting securities. Based on information filed by Wellington on February 16, 2016, Wellington held 12,550,095 Common Shares as at December 31, 2015 representing approximately 13.98% of the voting rights attached to the Company's voting securities. Based on information filed by FMR on February 12, 2016, FMR held 10,515,773 Common Shares as at December 31, 2015 representing approximately 11.71% of the voting rights attached to the Company's voting securities.

Can I vote Common Shares that I acquired after the Record Date (February 29, 2016)?

No. Only Common Shares that are held by a shareholder at the close of business on the Record Date are entitled to be voted at the Meeting.

How do I vote?

If you are a Registered Shareholder, there are two ways in which you can vote your Common Shares. You can either vote by proxy or vote in person at the Meeting.

(1) This information was obtained by the Company from Schedule 13G filings available at www.sec.gov. Shares owned by M&G, Wellington and FMR may include shares owned by certain of their affiliates and associates.

Voting by proxy

If you do not plan to come to the Meeting, you can have your vote counted by appointing someone who will attend the Meeting as your proxyholder. In the proxy, you can either direct your proxyholder as to how you want your Common Shares to be voted or let your proxyholder choose for you. You can always revoke your proxy if you decide to attend the Meeting and wish to vote your Common Shares in person.

Voting in person

Registered Shareholders who will attend the Meeting and wish to vote their Common Shares in person should not complete a proxy form. Your vote will be taken and counted at the Meeting. Please register with the transfer agent, CST Trust Company, when you arrive at the Meeting.

What if I am not a Registered Shareholder?

Many shareholders are “non-registered shareholders.” Non-registered shareholders are shareholders whose shares are registered in the name of an intermediary (such as a bank, trust company, securities broker, trustee or custodian). Unless you have previously informed your intermediary that you do not wish to receive materials relating to the Meeting, you should receive or have already received from your intermediary either a request for voting instructions or a proxy form.

Intermediaries have their own mailing procedures and provide their own instructions to shareholders. These procedures may allow you to provide your voting instructions by telephone, on the Internet, by mail or by fax. You should carefully follow the directions and instructions received from your intermediary to ensure that your Common Shares are voted at the Meeting.

If you wish to vote in person at the Meeting, you should follow the procedure in the directions and instructions provided by or on behalf of your intermediary. You will not need to complete any voting or proxy form as your vote will be taken at the Meeting. Please register with the transfer agent, CST Trust Company, when you arrive at the Meeting.

What is a proxy?

A proxy is a document that authorizes someone else to attend the Meeting and cast your votes for you. Registered Shareholders may use the enclosed proxy form, or any other valid proxy form, to appoint a proxyholder. The enclosed proxy form authorizes the proxyholder to vote and otherwise act for you at the Meeting, including any continuation after the adjournment or postponement of the Meeting.

If you are a Registered Shareholder and you complete the enclosed proxy, your Common Shares will be voted as instructed. If you do not mark any boxes, your proxyholder can vote your shares at his or her discretion. See “How will my Common Shares be voted if I give my proxy?” below.

How do I appoint a proxyholder?

Your proxyholder is the person you appoint and name on the proxy form to cast your votes for you. You can choose anyone you want to be your proxyholder. Your proxyholder does not have to be another shareholder. Just fill in the person’s name in the blank space provided on the enclosed proxy form or complete any other valid proxy form and deliver it to CST Trust Company within the time specified below for receipt of proxies.

If you leave the space on the proxy form blank, either Thomas Hamilton or John Floren, both of whom are named in the form, are appointed to act as your proxyholder. Mr. Hamilton is Chairman of the Board and Mr. Floren is the President and Chief Executive Officer of the Company.

For the proxy to be valid, it must be completed, dated and signed by the Registered Shareholder (or the Registered Shareholder’s attorney as authorized in writing) and then delivered to the Company’s transfer agent, CST Trust Company, in the envelope provided or by fax to 1 416 368 2502 or toll-free in North America to 1 866 781 3111 and received no later than 48 hours (excluding Saturdays, Sundays and holidays) prior to the Meeting or any adjournment or postponement thereof.

How will my Common Shares be voted if I give my proxy?

If you have properly filled out, signed and delivered your proxy, then your proxyholder can vote your shares for you at the Meeting. If you have specified on the proxy form how you want to vote on a particular issue (by marking FOR, AGAINST or WITHHOLD), then your proxyholder must vote your Common Shares accordingly.

If you have not specified how to vote on a particular issue, then your proxyholder will vote your Common Shares as he or she sees fit. However, if you have not specified how to vote on a particular issue and Mr. Hamilton or Mr. Floren has been appointed as proxyholder, your Common Shares will be voted in favour of all resolutions proposed by management. For more information on these resolutions, see "Part II BUSINESS OF THE MEETING." The enclosed form of proxy confers discretionary authority upon the proxyholder you name with respect to amendments or variations to the matters identified in the accompanying Notice of Annual General Meeting of Shareholders and any other matters that may properly come before the Meeting. If any such amendments or variations are proposed to the matters described in the Notice, or if any other matters properly come before the Meeting, your proxyholder may vote your Common Shares as he or she considers best.

How do I revoke a proxy?

Only Registered Shareholders have the right to revoke a proxy. Non-registered shareholders who wish to change their voting instructions must, in sufficient time in advance of the Meeting, arrange for their intermediaries to change their vote and if necessary revoke their proxy.

If you are a Registered Shareholder and you wish to revoke your proxy after you have delivered it, you can do so at any time before it is used. You or your authorized attorney may revoke a proxy by (i) clearly stating in writing that you want to revoke your proxy and delivering this revocation by mail to Proxy Department, CST Trust Company, P.O. Box 721, Agincourt, ON M1S 0A1, Canada or by fax to 1 416 368 2502 or toll-free in North America to 1 866 781 3111, or by mail to the registered office of the Company, Suite 1800, 200 Burrard Street, Vancouver, BC V6C 3M1, Canada, Attention: Corporate Secretary, or by fax to the Company to 1 604 661 2602, at any time up to and including the last business day preceding the day of the Meeting or any adjournment or postponement thereof or (ii) in any other manner permitted by law. Revocations may also be hand-delivered to the Chairman of the Meeting on the day of the Meeting or any adjournment or postponement thereof. Such revocation will have effect only in respect of those matters upon which a vote has not already been cast pursuant to the authority confirmed by the proxy. If you revoke your proxy and do not replace it with another in the manner described in "How do I appoint a proxyholder?" above, you will be able to vote your Common Shares in person at the Meeting.

Who pays for this solicitation of proxies?

The cost of this solicitation of proxies is paid by the Company. It is expected that the solicitation will be primarily by mail, but proxies may also be solicited personally or by telephone or other means of communication by directors and regular employees of the Company without special compensation. In addition, the Company may retain the services of agents to solicit proxies on behalf of its management. In that event, the Company will compensate any such agents for such services, including reimbursement for reasonable out-of-pocket expenses, and will indemnify them in respect of certain liabilities that may be incurred by them in performing their services. The Company may also reimburse brokers or other persons holding Common Shares in their names, or in the names of nominees, for their reasonable expenses in sending proxies and proxy material to beneficial owners and obtaining their proxies.

Who counts the votes?

The Company's transfer agent, CST Trust Company, counts and tabulates the proxies. This is done independently of the Company to preserve confidentiality in the voting process. Proxies are referred to the Company only in cases where a shareholder clearly intends to communicate with management or when it is necessary to do so to meet legal requirements.

How do I contact the transfer agent?

If you have any inquiries, you can contact the Company's principal registrar and transfer agent, CST Trust Company, as follows:

Email: inquiries@canstockta.com

Toll-free: 1 800 387 0825

Telephone: 1 416 682 3860

CST Trust Company

Mail: PO Box 700

Station B

Montreal, Quebec H3B 3K3

The Company's co-registrar and co-transfer agent in the United States is American Stock Transfer & Trust Company LLC; however, all shareholder inquiries should be directed to CST Trust Company.

**PART II BUSINESS OF THE MEETING
RECEIVE THE FINANCIAL STATEMENTS**

The Company's consolidated financial statements for the year ended December 31, 2015 will be received by shareholders of the Company at the Meeting and are included in the Annual Report, which has been mailed to Registered Shareholders as required under the Canada Business Corporations Act ("CBCA") and to non-registered shareholders who have requested such financial statements.

ELECTION OF DIRECTORS

The directors of the Company are elected each year at the Annual General Meeting of the Company and hold office until the close of the next Annual General Meeting or until their successors are elected or appointed in accordance with applicable law. The Company has a majority voting policy for election of directors that is described on page 24. The articles of the Company provide that the Company must have a minimum of 3 and a maximum of 15 directors. The by-laws of the Company state that, when the articles of the Company provide for a minimum and maximum number of directors, the number of directors within the range may be determined from time to time by resolution of the Board. The Board, on an annual basis, considers the size of the Board. On March 4, 2016, the directors resolved that the Board shall consist of 11 directors, such size being consistent with effective decision-making.

The Corporate Governance Committee recommends to the Board nominees for election as directors through a process described on page 22, under the heading "Nominating Committee and Nomination Process." The persons listed below are being proposed for nomination for election at the Meeting. The persons named as proxyholders in the accompanying proxy, if not expressly directed otherwise, will vote the Common Shares for which they have been appointed proxyholder in favour of electing those persons listed below as nominees for directors.

The following table sets out the names, ages and places of residence of all the persons to be nominated for election as directors of the Board, along with other relevant information, including the number and market value of Common Shares, Deferred Share Units ("DSUs") and Restricted Share Units ("RSUs") held by each of them as at the date of this Information Circular and which standing committees (each a "Committee") of the Board directors are members. In the case of Mr. Floren, who was appointed President & CEO of the Company effective January 1, 2013, the table also includes the number of Performance Share Units ("PSUs") that he holds. Information regarding Mr. Floren's stock options and other holdings can be found in the "Outstanding Option-Based Awards and Share-Based Awards" table on page 54. The following table also sets out whether a nominee is independent or not independent. All amounts are in Canadian dollars.

BRUCE AITKEN
 Mr. Aitken is a corporate director. He was President & CEO of the Company from May 2004 until his retirement at the end of 2012. Prior to this, Mr. Aitken was President & Chief Operating Officer of the Company from September 2003 and prior to that he was Senior Vice President, Asia Pacific of the Company (based in New Zealand). He has also held the position of Vice President, Corporate Development (based in Vancouver). He was an employee of the Company and its predecessor methanol companies for approximately 22 years. Prior to joining the Company, Mr. Aitken worked in various executive roles for Fletcher Challenge Ltd. in New Zealand.

Age: 61

Auckland, New Zealand

Director since: July 2004

Independent

Committee memberships as at the date of the Information Circular:

- Public Policy Committee
 - Responsible Care Committee

Mr. Aitken has a Bachelor of Commerce degree from the University of Auckland and is a member of the New Zealand Institute of Chartered Accountants, ACA (Associate Chartered Accountant).

BENITA WARMBOLD⁽¹³⁾

Age: 57
 Toronto, Ontario, Canada
 Director since: February 2016
 Independent
 Committee memberships as at the date of the Information Circular:
 - Audit, Finance & Risk Committee
 - Responsible Care Committee

Ms. Warmbold has been Senior Managing Director & Chief Financial Officer of the Canada Pension Plan Investment Board (“CPPIB”) since 2013. Prior to this and from 2008, Ms. Warmbold was the Senior Vice President & Chief Operations Officer of CPPIB. CPPIB is a professional investment management organization responsible for investing funds on behalf of the Canada Pension Plan. From 1997 to 2008, Ms. Warmbold was the Managing Director & CFO for Northwater Capital Management Inc., and prior to that she held senior positions with Canada Development Investment Corporation and KPMG.

Ms. Warmbold holds an Honours Bachelor of Commerce degree from Queen’s University, is a Fellow of the Institute of Chartered Accountants of Ontario and has been granted the ICD.D designation by the Institute of Corporate Directors.

Share and Share Equivalents Held as of March 4, 2016:

Common Shares ⁽¹⁾ (#)	Total DSUs and RSUs ⁽²⁾⁽³⁾ (#)	Total of Common Shares, DSUs and RSUs (#)	Total Market Value of Common Shares, DSUs and RSUs ⁽⁵⁾ (\$)	Minimum Shareholding Requirements (\$)	Meets Share Ownership Requirements? ⁽⁶⁾
Nil	Nil	Nil	Nil	360,000	No

(1) The number of Common Shares held includes Common Shares directly or indirectly beneficially owned or under the control or direction of such nominee.

(2) For information on Deferred Share Units, see “Deferred Share Unit Plan (Director DSUs)”.

(3) For information on Restricted Share Units, see “Share-Based Awards - Restricted Share Unit Plan for Directors”.

(4) For information on Performance Share Units, see “Performance Share Unit Plan”. Non-management directors are not eligible to participate in this plan.

(5) This value is calculated using \$39.99, being the weighted average closing price of the Common Shares on the Toronto Stock Exchange (“TSX”) for the 90-day period ending March 4, 2016.

(6) See page 33 for more information on director share ownership requirements. See page 52 for more information on Mr. Floren’s share ownership requirements as President & CEO of the Company.

Mr. Balloch was a director of Ivanhoe Energy Inc., an oil exploration and development company, from 2002 to (7) May 2015. Effective June 1, 2015, Ivanhoe Energy Inc. was deemed bankrupt under the Bankruptcy and Insolvency Act (Canada).

(8) Mr. Floren is not a member of any Committee, but attends Committee meetings in his capacity as President & CEO of the Company.

(9) Mr. Hamilton is not a member of any Committee, but attends Committee meetings on an ex-officio basis in his capacity as Chairman of the Board.

Mr. Mahaffy was a director of Stelco Inc., a Canadian steel producer, from 1993 to March 2006. In January 2004, Stelco Inc. announced that it had obtained an Order of the Ontario Superior Court of Justice to initiate a (10) court-supervised restructuring under the Companies' Creditors Arrangement Act (Canada) (the "CCAA"). Stelco Inc. emerged from the protection of the CCAA in April 2006 and was acquired in October 2007 by a wholly-owned subsidiary of the United States Steel Corporation.

(11) Mr. Poole resigned as a director of the Company in June 2003 and was reappointed in September 2003.

(12) Mr. Poole has been designated as the "audit committee financial expert."

(13) Ms. Warmbold was appointed a director effective as of February 1, 2016 and therefore did not attend any Board or Committee meetings in 2015.

Voting Results

From the 2015 Annual and Special Meeting of Shareholders

Director	For	%	Withheld	%
Bruce Aitken	75,302,394	99.68	238,655	0.32

Total		99			100		99

(1) In April 2015, Mr. Cook ceased being the Chair and a member of the Responsible Care Committee and became Chair and a member of the Corporate Governance Committee.

(2) Mr. Floren attended all Committee meetings in his capacity as President & CEO of the Company in 2015.

(3) Mr. Hamilton attended all Committee meetings on an ex-officio basis in his capacity as Chairman of the Board in 2015.

(4) In April 2015, Mr. Kostelnik became Chair of the Responsible Care Committee.

(5) Mr. Reid is not standing for re-election at the Meeting.

(6) In April 2015, Ms. Sloan ceased being Chair of the Corporate Governance Committee, but remained a member thereof. Ms. Sloan is not standing for re-election at the Meeting.

(7) Ms. Walker was elected a director in April 2015 and attended all Board and Committee meetings after that time.

(8) Ms. Warmbold was appointed a director effective as of February 1, 2016 and therefore did not attend any Board or Committee meetings in 2015.

REAPPOINTMENT AND REMUNERATION OF AUDITORS

The directors of the Company recommend the reappointment of KPMG LLP, Chartered Professional Accountants, Vancouver, as the auditors of the Company to hold office until the termination of the next annual meeting of the Company. KPMG LLP has served as the auditors of the Company for more than five years. As in past years, it is also recommended that the remuneration to be paid to the auditors be determined by the directors of the Company.

The persons named as proxyholders in the accompanying proxy, if not expressly directed to the contrary, will vote the Common Shares for which they have been appointed proxyholder to reappoint KPMG LLP as the auditors of the Company and to authorize the directors to determine the remuneration to be paid to the auditors.

Principal Accountant Fees and Services

Pre-Approval Policies and Procedures

The Company's Audit, Finance and Risk Committee (the "Audit Committee") annually reviews and approves the terms and scope of the external auditors' engagement. The Audit Committee oversees the Audit and Non-Audit Pre-Approval Policy, which sets forth the procedures and the conditions by which permissible services proposed to be performed by KPMG LLP are pre-approved. The Audit Committee has delegated to the Chair of the Audit Committee pre-approval authority for any services not previously approved by the Audit Committee. All such services approved by the Chair of the Audit Committee are subsequently reviewed by the Audit Committee.

All non-audit service engagements, regardless of the cost estimate, must be coordinated and approved by the Chief Financial Officer of the Company to further ensure that adherence to this policy is monitored.

Audit and Non-Audit Fees Billed by the Independent Auditors

KPMG LLP's global fees relating to the years ended December 31, 2015 and December 31, 2014 are as follows:

US\$000s	2015	2014
Audit Fees	1,381	1,594
Audit-Related Fees	50	58
Tax Fees	63	91
Total	1,494	1,743

Each fee category is described below.

Audit Fees

Audit fees for professional services rendered by the external auditors for the audit of the Company's consolidated financial statements; statutory audits of the financial statements of the Company's subsidiaries; quarterly reviews of the Company's financial statements; consultations as to the accounting or disclosure treatment of transactions reflected in the financial statements; and services associated with registration statements, prospectuses, periodic reports and other documents filed with securities regulators.

Audit fees for professional services rendered by the external auditors for the audit of the Company's consolidated financial statements were in respect of an "integrated audit" performed by KPMG LLP globally. The integrated audit encompasses an opinion on the fairness of presentation of the Company's financial statements as well as an opinion on the effectiveness of the Company's internal controls over financial reporting.

Audit-Related Fees

Audit-related fees for professional services rendered by the auditors for financial audits of employee benefit plans; procedures and audit or attest services not required by statute or regulation; and consultations related to the accounting or disclosure treatment of other transactions.

Tax Fees

Tax fees for professional services rendered for tax compliance and tax advice. These services consisted of: tax compliance, including the review of tax returns; assistance in completing routine tax schedules and calculations; and advisory services relating to domestic and international taxation.

ADVISORY “SAY ON PAY” VOTE ON APPROACH TO EXECUTIVE COMPENSATION

A detailed discussion of our approach to executive compensation is provided in the "Executive Compensation Discussion and Analysis" that begins on page 36 of this Information Circular. As stated there, the main objective of our executive compensation program is to attract, retain and engage high-quality and high-performance executives with relevant experience who have the ability to successfully execute our strategy and deliver long-term value to our shareholders.

Important elements of our executive compensation program are designed to be dependent upon measures that align with returns to shareholders. For the executive officers, a significant percentage of the short-term incentive award is dependent on achieving certain levels of “Modified Return on Capital Employed” but also on a broad variety of measures that we believe drive our share price. In the case of the long-term incentive plan, the value of PSUs is dependent upon the compounded shareholder return calculated over a three-year period and stock options/Stock Appreciation Rights (“SARs”) (which vest over a three-year period) have no value if the underlying share price does not increase.

We also believe in the importance of executives owning Common Shares to more fully align management with the interests of shareholders and focus activities on developing and implementing strategies that create and deliver long-term value for shareholders. Therefore, the CEO and all other executive officers have significant share ownership requirements.

At the 2011 annual meeting, we held our first annual advisory vote on executive compensation (commonly referred to as a “say on pay vote”) and 98.8% of shares were voted in favour of accepting the Company’s approach to executive compensation. At each subsequent annual meeting of shareholders, over 98% of shares were voted in favour. It is the Board’s intention that the say on pay vote will be only one part of the ongoing process of engagement between shareholders and the Board on compensation. The Board has also put in place a web-based survey to enable shareholders to give feedback on our approach to executive compensation.

This is an advisory vote and the results will not be binding upon the Board. However, the Board will take the results of the vote into account, together with any feedback received from shareholders through the web-based survey, when considering future compensation policies, procedures and decisions. Shareholders will be asked at the Meeting to consider and, if deemed advisable, to adopt the following resolution that is based on the model say on pay resolution formulated by the Canadian Coalition for Good Governance:

RESOLVED THAT:

On an advisory basis and not to diminish the role and responsibilities of the Board of Directors, the shareholders accept the approach to executive compensation disclosed in the Company’s Information Circular delivered in advance of the 2016 annual general meeting of shareholders.

The Board unanimously recommends that shareholders vote FOR the resolution. Unless instructed otherwise, the persons named in our form of proxy will vote FOR the resolution.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

None of the directors or officers of the Company, no proposed nominee for election as a director of the Company, none of the persons who have been directors or officers of the Company at any time since the beginning of the Company’s last completed financial year and no associate or affiliate of any of the foregoing has any material interest, direct or indirect, by way of beneficial ownership of securities of the Company or otherwise, in any matter to be acted upon at the Meeting, other than the election of directors.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

None of the directors or officers of the Company, no director or officer of a body corporate that is itself an insider or a subsidiary of the Company, no person or company who beneficially owns, directly or indirectly, voting securities of the Company or who exercised control or direction over voting securities of the Company or a combination of both carrying more than 10% of the voting rights attached to any class of outstanding voting securities of the Company entitled to vote in connection with any matters being proposed for consideration at the Meeting, no proposed director or nominee for election as a director of the Company and no associate or affiliate of any of the foregoing has or had any material interest, direct or indirect, in any transaction or proposed transaction since the beginning of the Company's last financial year that has materially affected or would or could materially affect the Company or any of its subsidiaries.

PART III CORPORATE GOVERNANCE

Statement of Corporate Governance Practices

Corporate governance is a key priority for the Company. We define corporate governance as having the appropriate processes and structures in place to ensure that our business is managed in the best interests of our shareholders while keeping in mind the interests of all stakeholders. We believe good corporate governance is critical to the Company's effective, efficient and prudent operation.

The Company is a Canadian reporting issuer with its Common Shares listed on the TSX and the NASDAQ Global Market. In Canada, we are subject to securities regulations that impose on us a requirement to disclose certain corporate governance practices that we have adopted. Canadian regulations also provide guidance on various corporate governance practices that companies like ours should adopt. The Company also monitors corporate governance developments in Canada and adopts best practices where such practices are aligned with our values and our goal of continuous improvement. A brief description of our corporate governance practices follows.

1. Board of Directors

The Board has adopted a set of Corporate Governance Principles to provide for a system of principled goal-setting, effective decision-making and ethical actions. A copy of the Corporate Governance Principles can be found in Schedule A attached to this Information Circular and on our website.

2016 Board Objectives

Every year the Board establishes a set of "Board Objectives" which are dominant themes that the Board wishes to focus particular attention on during the year. In late 2015, the Board established several key objectives for 2016 including:

- continue to focus on Responsible Care;
- provide close stewardship of cash and balance sheet management;
- provide close stewardship of the key aspects of the Company's growth strategy;
- maintain focus around plant reliability, maintenance and turnaround issues;
- provide close stewardship of natural gas feedstock issues;
- develop a better understanding of the impact of China on global methanol supply and demand and economic growth;
- and
- maintain focus on talent management and management succession.

The status of each objective is discussed at each Board meeting.

Committees of the Board of Directors

The Board has established five standing Committees with written mandates defining their responsibilities and a requirement to report regularly to the Board. In addition, from time to time the Board may establish an ad hoc committee for discussing matters of a special nature.

All current Committee members have been determined to be independent in accordance with NASDAQ rules and Canadian securities regulations and no Committee member was during 2015, or is currently, an officer or employee of the Company or any of its subsidiaries. The following table lists each of our standing Committees, its members and a summary of its key responsibilities.

Committee	Members	Meetings in 2015 (#)	Overall Attendance (%)	Summary of Key Responsibilities

Phillip Cook		x	
John Floren	x		x
Thomas Hamilton		x	
Robert Kostelnik		x	
Douglas Mahaffy		x	
A. Terence Poole		x	
Janice Rennie		x	
Margaret Walker		x	
Benita Warmbold		x	

Ten of the 11 nominees (91%) who are standing for election to the Board have been determined by the Board to be independent in accordance with NASDAQ rules and Canadian securities regulations. Mr. Floren is the President & CEO of the Company and is therefore not independent. Commencing in 2016, Mr. Aitken is considered independent as it has been three years since his retirement as President & CEO of the Company at the end of 2012.

In accordance with our Corporate Governance Principles, the Board must be composed of a substantial majority of independent directors. The mandates of the Audit, Finance and Risk Committee, the Corporate Governance Committee and the Human Resources Committee state that these Committees must be composed wholly of independent directors. In addition, our Corporate Governance Principles provide that, if the Chairman of the Board is not independent, the independent directors on the Board shall select from among themselves a Lead Independent Director.

In 2015, all Committees were constituted exclusively of independent directors with the exception of the Public Policy and Responsible Care Committees. Mr. Aitken is a member of these two Committees and in 2015 he was not considered independent as three years had not passed since the date of his retirement as President & CEO of the Company at the end of 2012. Commencing in 2016, Mr. Aitken is considered independent and therefore currently all Committees are constituted of independent directors. Mr. Floren, in his capacity as President & CEO of the Company, and Mr. Hamilton, in his capacity as Chairman of the Board, attend Committee meetings.

Other Directorships and Interlocking Relationships

Several of the nominees are directors of other reporting issuers. For details, please refer to the biographies for each nominee under "Election of Directors".

There are currently no nominees who serve together as directors on the boards of other corporations or acted together as trustees for other entities.

In Camera Sessions

Following each in-person meeting of the Board, an "in camera" session is held at which non-management directors are in attendance as provided in our Corporate Governance Principles. In addition, an in camera session is usually held following each in-person Committee meeting. In 2015, there was an in camera session after every Board and Committee meeting, with the exception of one Committee telephone meeting.

Meeting Attendance Records

The combined Board and Committee meeting attendance rate for all directors in 2015 was 99%. For information concerning the number of Board and Committee meetings held in 2015, as well as the attendance record of each director for those meetings, see the chart on page 13.

2. Board Mandate

Section 3 of the Company's Corporate Governance Principles contains the Board mandate that describes the Board's responsibilities. A copy of the Corporate Governance Principles can be found in Schedule A attached to this Information Circular and on our website.

Board Strategy Oversight

The Board oversees the annual strategic planning process to develop and monitor our strategic direction. Each July, the Board and management hold a full day strategy session that provides detailed information on the business environment and trends affecting the Company and identifies foreseeable opportunities and risks. Comprehensive action items and follow-up are agreed during this session. The strategy is then revised accordingly and submitted to the Board for final review and endorsement at the September Board meeting.

The Board is provided with a strategy update at each regularly scheduled Board meeting throughout the year which tracks the progress of each strategic initiative.

3. Position Descriptions

Board Chairman and Committee Chairs

The Board has developed written position descriptions (which we call "Terms of Reference") for the Chairman of the Board, each Committee Chair and for Individual Directors. These Terms of Reference can be found on our website.

Section 4 of the Corporate Governance Principles also sets out the responsibilities of each director.

President & Chief Executive Officer

The President & CEO has a written position description that sets out the position's key responsibilities. In addition, the President & CEO has specific annual corporate and personal performance objectives that he is responsible for meeting. These objectives are reviewed, approved and tracked during the year by the Board through the Human Resources Committee. See "Short-Term Incentive Plan" on page 42 for more complete information on these objectives.

4. Orientation and Continuing Education

To familiarize directors with the role of the Board, its Committees, the directors and the nature and operation of the Company's business, all directors are provided with information covering a wide range of topics including:

- duties of directors and directors' liabilities
- board and committee governance documents
- the Company's Code of Business Conduct
- strategic plans, operational reports and budgets
- important corporate policies
- recent regulatory filings and analyst reports
- our corporate and organizational structure

Updated information is available to all directors on an ongoing basis. In addition, the Company encourages directors to meet with senior management and to visit our operations and plant locations.

The Board recognizes the importance of ongoing education for directors. The Company's Corporate Governance Principles state that directors are encouraged to attend seminars, conferences and other continuing education programs to help ensure that they stay current on relevant issues such as corporate governance, financial and accounting practices and corporate ethics. The Company and all of our directors are members of the Institute of Corporate Directors ("ICD") and the Company pays the cost of this membership. A number of our directors have attended courses and programs offered by ICD. The Company also encourages directors to attend other appropriate continuing education programs and the Company contributes to the cost of attending such programs. As well, written materials likely to be of interest to directors that have been published in periodicals, newspapers or by

legal or accounting firms are routinely forwarded to directors or included in a “supplemental reading” section in Board and Committee meeting materials. Furthermore, the Company also believes that serving on other corporate and not-for-profit boards is a valuable source for ongoing education.

The Corporate Governance Committee is responsible for overseeing the director education program and, based on feedback from all directors, the program focuses primarily on providing the directors with more in-depth information about key aspects of our business, including the material risks and opportunities facing the Company. Directors provide input into the agenda for the education program and management schedules presentations and seminars covering these areas, some of which are presented by management and others by external consultants or experts. The Board and its Committees received a number of presentations in 2015 focused on deepening the Board’s knowledge of the business, the industry and the key risks and opportunities facing the Company. Presentation topics included cyber security, several global energy updates, methanol as a marine fuel and the impact of oil prices on methanol markets.

In addition, Board meetings are periodically held at a location where the Company has methanol production operations or significant commercial activities. In November 2015, the Board met in Geismar, Louisiana, USA where the Company has its newest methanol plants. This site visit gave directors an opportunity to receive various presentations focused on these facilities, particularly with respect to the build-up of the Geismar organization and the successful start-up of Geismar 1. The visit also gave directors an extended opportunity to interact with employees, business associates, government officials and community members as well as tour the methanol production facilities. In 2015, directors attended either all or the majority of internal Board education sessions.

5. Ethical Business Conduct

Code of Business Conduct

The Company has a written Code of Business Conduct (the “Code”) that applies to all employees, officers and directors. It provides a set of standards to help them avoid wrongdoing and to promote honest and ethical behaviour while conducting the Company’s business. The Code also establishes a confidential “whistle-blower” hotline for reporting suspected violations of the Code. The Code is reviewed annually by the Board. A copy of the Code can be found on our website and on SEDAR at www.sedar.com. A printed version is also available upon request to the Corporate Secretary of the Company.

The Board monitors compliance with the Code primarily through the Audit, Finance and Risk Committee and the Corporate Governance Committee. These Committees receive regular updates on matters relating to the Code, including an annual report on the activities undertaken by management to maintain and increase Code awareness throughout the organization and the results of surveys designed to determine employee understanding and awareness of the Code.

The Code states that suspected Code violations, whether received through the whistle-blower hotline or otherwise, are to be reported to the legal department and that the Vice President, Legal shall investigate the matter. The Corporate Governance Committee is made aware of all such reports. Furthermore, the Chairman of the Board and the Chair of the Audit, Finance and Risk Committee are advised of all reports that concern accounting or audit matters and the Chair of that Committee and the Vice President, Legal together determine how such matters should be investigated. In addition, the Audit, Finance and Risk Committee receives quarterly notices from the Vice President, Legal of any concerns received regarding accounting, internal accounting controls, and auditing matters.

No material change report has been filed since the beginning of the Company’s most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the Code.

Transactions Involving Directors or Officers

The Code contains a specific provision relating to the need for directors, officers and all employees to avoid conflicts of interest with the Company. Furthermore, the Corporate Governance Committee is mandated to consider questions of independence and possible conflicts of interest of directors and officers. To that end, each director and officer completes an annual questionnaire in which they report on all transactions material to the Company in which they have a material interest. A report of all transactions involving the Company and the directors and executive officers is provided to the Corporate Governance Committee.

Recoupment Policy

The Company has a Recoupment Policy that provides for the forfeiture of options, shares or share units or repayment of cash compensation received by employees in certain circumstances where the employee is involved in wrongdoing. For more information on this policy, please see page 38.

Other Measures

The Board takes other steps to encourage and promote a culture of ethical business conduct. First, under the Company's Corporate Governance Principles, the Board has an obligation to satisfy itself as to the integrity of the CEO and other executive officers and that they are creating a culture of integrity throughout the organization. On an annual basis, the Corporate Governance Committee considers and reports to the Board on this issue. In addition, Company employees are surveyed annually on issues concerning the Code, including whether they are satisfied that the senior leadership at their sites consistently conducts itself ethically and honestly.

In addition to the Code, the Company has several other policies governing ethical business conduct, including the following:

Competition Law Policy – provides employees with an understanding of the Company's policy of compliance with all competition laws and information concerning the activities that are permitted and prohibited when dealing with competitors, customers and other parties.

Confidential Information and Trading in Securities Policy – provides guidelines to employees with respect to the treatment of confidential information and advises Company insiders when it is permissible to trade securities of the Company. This policy also prohibits insiders from purchasing financial instruments designed to hedge or offset a decrease in the market value of the Company's shares that they hold. Furthermore, insiders are prohibited from engaging in short selling of the Company's securities, trading in put or call options on the Company's securities or entering into equity monetization arrangements related to the Company's securities.

Corporate Gifts and Entertainment Policy – provides guidelines to Company employees on the appropriateness of gifts, gratuities or entertainment that may be offered to or accepted from third parties with whom the Company has commercial relations.

Corrupt Payments Prevention Policy – prohibits the payment or receipt of bribes and kickbacks by the Company's employees and agents. Facilitation payments are also prohibited.

Political Donation Policy – prohibits all political donations by the Company.

The Company's employees regularly receive either web-based or in-person compliance training that focuses on ethical business conduct and the foregoing policies. In addition, employees and directors who are considered "insiders" under Canadian securities laws have been provided with training concerning their obligations and responsibilities under Canadian securities laws.

6. Nomination of Directors

Nominating Committee and Nomination Process

The Board has established the Corporate Governance Committee as its nominating committee. The Committee is composed entirely of independent directors. A summary of the key responsibilities of the Corporate Governance Committee can be found under "Committees of the Board of Directors".

The Corporate Governance Committee is responsible for identifying new candidates to stand as nominees for election or appointment as directors to the Board. The Corporate Governance Committee uses a skills matrix to assist in this process. On an annual basis, the Corporate Governance Committee reviews a matrix that sets out the various skills and experience considered to be desirable for the Board to possess in the context of the Company's strategic direction. The Corporate Governance Committee then assesses the skills and experience of each current Board member against this matrix. When completed, the matrix helps the Corporate Governance Committee identify any skills or experience gaps and provides the basis for a search to be conducted for new directors to fill any gaps. In January 2014, the Corporate Governance Committee completed a thorough review of the Board skills matrix to ensure alignment with the Company's corporate strategy. Following is a summary of the agreed skills matrix that sets out the various skills and experience categories and the Corporate Governance Committee's determination as to how many directors on the

Board should possess those skills and experience.

Skills and Experience	Target Number of Non-Management Directors
Leadership	4
Industry knowledge and experience	6
Finance	2
Government and public affairs	2
Board experience	7
Health, safety and environment issues	1
International perspective	5
Energy	2-3
Understanding of North American natural gas feedstock issues	3-4
Experience growing a foreign company's presence in China	1-2
Ambitious business growth – large capital projects execution	1
Ambitious business growth – strategies and risks	2-3

In identifying potential director candidates, the Corporate Governance Committee takes into account a broad variety of factors it considers appropriate, including skills, independence, financial acumen, board dynamics and personal characteristics. In addition, diversity (as described more fully below) is considered when identifying potential director candidates. Desirable individual characteristics include integrity, credibility, the ability to generate public confidence and maintain the goodwill and confidence of our shareholders, sound and independent business judgment, general good health and the capability and willingness to travel to, attend and contribute at Board functions on a regular basis. Background checks, as appropriate, are completed prior to nomination.

Suitable director candidates have, over the past several years, been identified through the use of an executive search firm retained under the authority of the Corporate Governance Committee. The selection process is led by the Chair of the Corporate Governance Committee and all Committee members and the Chairman of the Board are routinely updated on the process and the individuals being considered. The Chair of the Corporate Governance Committee, the Chairman of the Board, the CEO and, where appropriate, other directors or senior executives meet in person with the candidate to discuss his or her interest and ability to devote the time and resources required to meet the Company's expectations for directors. The recommended candidate is then formally considered by the Corporate Governance Committee and, if approved, the candidate is recommended to the Board.

Diversity

The Company has a Diversity Policy applicable to both employees and directors of the Company. The full text of the Diversity Policy can be found on the Company's website.

A summary of our Diversity Policy is as follows:

The Company recognizes the importance of diversity, including gender diversity, at all levels of the Company including the Board and the executive team. We believe that diversity is important for both Board and organizational effectiveness. We have identified three key diversity attributes:

- (a) Experiential (education, business and functional experience);
- (b) Demographic (age, gender, ethnicity, nationality, geography); and
- (c) Personal (personality, interests, values).

These attributes are essential for creating an appropriate balance of skills, experience, independence and knowledge required for the Board, the senior management team and the Company as a whole.

These diversity attributes, which specifically include gender diversity, are factored into the recruitment and decision making process when new Board and executive appointments are made. When engaging external search consultants to identify future candidates for Board or executive roles, such consultants are requested to take full account of all aspects of diversity in preparing their candidate list to provide a diverse and balanced slate where possible. Ultimately, appointments are based on merit, measured against objective criteria.

Although we are committed to continue increasing the proportion of women on the Board and in senior management, no targets have been adopted. The Corporate Governance Committee and management's foremost priority is to ensure the Company has the best possible leadership. Accordingly, appointments will continue to be made on merit measured against objective criteria to select the best candidate for Board and executive officer positions. However, as noted above, we have processes in place to promote the presentation of a diverse slate of candidates during any new director and senior management search process.

The current number and proportion (in percentage) of directors on the Board who are women are four of 13 members, or 31%. The current number and proportion (in percentage) of executive officers of the Company who are women are two of six members, or 33%.

The Board will measure the effectiveness of the Diversity Policy by monitoring the initiatives undertaken by the Company to promote diversity within the organization, and ensuring that balanced slates of candidates are presented for board searches where possible.

In 2015, the Company piloted a formal women's networking program in the Vancouver office. Networking events and workshops were held quarterly with a dedicated theme and guest speakers at each event. Topics included building business acumen, the importance of sponsorship and mentorship, the imposter syndrome, and the exploration of different career paths to leadership. This pilot has been very successful and we are considering piloting this type of program in other regions.

In 2016, we will review our employee recruitment strategies and employment experience to determine if there are aspects that could be shifted or refocused in order to attract and retain a broader and more diverse slate of candidates, particularly in our manufacturing facilities. As part of this review, we will investigate best practices at other organizations, develop more targeted recruitment strategies at the key universities in the regions where we operate, and explore flexible work options and mentoring programs as a way of tapping into a broader talent pool.

Majority Voting for Directors

The Board has a policy that states that any nominee for election as a director at an annual general meeting for whom the number of votes withheld exceeds the number of votes cast in his or her favour will be deemed not to have received the support of shareholders. A director elected in such circumstances will tender his or her resignation to the Chair of the Corporate Governance Committee and that Committee will review the matter and make a recommendation to the Board. The Board will accept the resignation unless there are exceptional circumstances. The Board will, within 90 days of the annual general meeting, issue a public release either announcing the resignation of the director or justifying its decision not to accept the resignation.

If the resignation is accepted, the Board may appoint a new director to fill the vacancy created by the resignation. This policy applies only to uncontested director elections, meaning elections where the number of nominees for director is equal to the number of directors to be elected.

Following the annual general meeting, voting results for directors are issued in a press release and filed on SEDAR at www.sedar.com.

7. Director and Officer Compensation

Director and officer compensation is determined by the Board. The process followed for determining director compensation is described commencing on page 27 and the process followed for executive compensation is described commencing on page 36.

8. Shareholder Survey on Executive Compensation

The Board appreciates the importance that shareholders place on executive compensation and believes that it is important to engage shareholders on this topic. With this in mind, the Company has again put in place a web-based survey to enable our shareholders to provide feedback on our approach to executive compensation as disclosed in this Information Circular. We intend to run this web-based survey on an annual basis. This year, the survey is accessible to shareholders at the Investor Relations section of our website from March 17, 2016 (the date this Information Circular is anticipated to be filed with securities regulators) until June 30, 2016. In order to submit comments, you are asked to provide your name and confirm that you are a current shareholder. Shareholders may comment generally or on specific aspects of our executive compensation and may provide as much detail as they wish. Shareholders who choose to provide an e-mail address may be contacted in order for the Board to better understand their particular

concerns. All comments will be provided to the Chair of the Human Resources Committee and discussed at the July 2016 Human Resources Committee meeting to determine whether any actions should be taken to address concerns raised.

We will provide a report on this process in our annual disclosure documents next year. In 2015, we did not receive any feedback from shareholders on our shareholder survey on executive compensation.

9. Assessments

The Company's Corporate Governance Principles state as follows:

Performance as a director is the main criterion for determining a director's ongoing service on the Board. To assist in determining performance, each director will take part in an annual performance evaluation process that shall include both a peer and self-evaluation and a confidential discussion with the Chairman.

Our Board conducts an annual performance evaluation and the Corporate Governance Committee oversees the process. The process is designed to evaluate the effectiveness and contribution of the Board, its Committees and individual directors. Results of the process are reported to the Board. In 2015, the process included the following:

Evaluation of the Chairman of the Board

Directors were provided with an opportunity to evaluate the Chairman of the Board's performance and to make suggestions for improvement. Directors provided comments on issues that addressed the conduct of Board meetings, leadership issues and the Chairman's ability to facilitate positive contributions from other directors. Results were tabulated by the Corporate Secretary and were provided to the Chair of the Corporate Governance Committee who then had a private conversation with the Chairman. The content of that conversation was reported by the Chair of the Corporate Governance Committee to the full committee at its September 2015 meeting.

Evaluation of the Board as a Whole

Directors were asked to comment on the general operation and organization of the Board, based on a number of particular elements, and rate the effectiveness of the Board. They were also asked to identify the most significant Board accomplishments over the past year, areas for improvement and particular practices that should be considered for adoption by the Board in order to increase its effectiveness.

Results were tabulated and comments were consolidated by the Corporate Secretary, provided to the Chairman of the Board and then presented to both the Corporate Governance Committee and the Board at their September 2015 meetings.

Evaluation of Committees

Directors were asked to evaluate the Committees in general, as well as the specific Committees on which they sit. Directors provided comments on a number of criteria including the appropriateness of the Committee structure and the reporting of Committee activities to the Board, as well as the operation of the Committees on which they sit based on a number of particular elements, and how the effectiveness of those Committees could be improved.

Comments were consolidated by the Corporate Secretary, provided to the Chairman of the Board and then presented to both the Corporate Governance Committee and the Board at their September 2015 meetings. Each Committee also reviewed the results of its individual Committee evaluation.

Evaluation of Individual Directors

Directors were provided with an opportunity to evaluate their own effectiveness, comment on their peers' effectiveness and have a private conversation with the Chairman of the Board regarding their performance and the performance of their fellow directors. Directors evaluated themselves and their peers based on a number of criteria, including their understanding of our business, contribution on strategic issues, interaction with management and areas of personal strength. The Corporate Secretary received all questionnaires and each director was provided with an individualized report that included the comments received regarding that director's performance from peers (on an anonymous basis). These reports were also provided to the Chairman of the Board who then conducted a confidential discussion with each director. The Chairman of the Board reported to the Corporate Governance Committee at its September 2015 meeting regarding this process.

10. Director Tenure

On March 6, 2015, the Board approved a Director Tenure Policy. The Board is committed to maintaining an appropriate balance between director retention and renewal. The Company believes that continuity on the Board is an asset and is essential to an effective and well-functioning Board. As it takes a number of years to acquire sufficient Company-specific knowledge and the nature of the chemical industry has historically had long market cycles, the Company places great value on longer serving directors for their experience and organizational memory.

However, we also value board renewal and believe it is critical to ensuring that we have a high performing board over the long term. Turnover in Board membership provides an opportunity to enhance diversity of perspectives and adds significant value through the ongoing input of fresh ideas and new knowledge.

The Director Tenure Policy does not include term limits for directors nor mandatory retirement age provisions. Instead, the Policy outlines other processes that the Board has adopted to effectively manage board renewal, including:

- annual evaluations of individual directors to monitor the effectiveness of each director's contribution (discussed in more detail under the heading "Evaluation of Individual Directors" above);
- the Corporate Governance Committee and the Chairman of the Board annually review the membership of the Board to enable the Board to manage its overall composition and maintain a balance of directors to ensure long-term continuity and effectiveness; and
- the Chairman of the Board and the Chair of the Governance Committee are responsible for developing a long-term board succession plan which incorporates input from one-on-one discussions between the Chairman of the Board and each Board member, including discussions regarding estimated future retirement dates for each Board member. This plan is reviewed and updated on an annual basis after the Chairman of the Board completes his one-on-one evaluation meeting with each Board member.

11. Management Succession Planning

The Company has detailed succession plans for each executive officer and each of such officer's direct reports. For more information on the Company's succession planning process, please see page 38.

12. Board's Role in Risk Management Process

The Board's mandate provides that the Board is responsible for identifying and overseeing the implementation of systems to manage the principal risks of the Company's business. The Audit, Finance and Risk Committee's mandate also states that the Audit, Finance and Risk Committee is responsible for reviewing with management, at least annually, the Company's processes to identify, monitor, evaluate and address important enterprise-wide strategic and business risks.

Management annually undertakes a formal risk review process that includes identifying the principal strategic risks of the Company, assessing the Company's strategy to mitigate each risk and determining accountability. The results of this process are documented, reviewed and discussed by the Audit, Finance and Risk Committee and the Board. Notwithstanding these formal processes, the Board recognizes that risk management and oversight is a dynamic and continuous process.

In addition, the Board, through the Audit, Finance and Risk Committee, oversees the Company's risk management strategies and programs, including insurance programs, related to the Company's key operational risks such as health and safety, shipping and financial risks. As well, the Human Resources Committee annually reviews the Company's compensation policies and practices to confirm their alignment with the Company's risk management principles and that they do not encourage inappropriate or excessive risk-taking nor are they reasonably likely to have material adverse effect on the Company.

PART IV COMPENSATION

COMPENSATION OF DIRECTORS

All amounts in this section “Compensation of Directors” are shown in Canadian dollars except where otherwise noted.

Objective and Design of the Director Compensation Program

We are the world’s largest producer and supplier of methanol with sales and operations around the globe and revenues of approximately USD \$2.2 billion in 2015. As such, the main objective of the Company’s director compensation program is to attract and retain directors with international experience, a broad range of relevant skills and knowledge and the ability to successfully carry out the Board’s mandate. The Board’s mandate can be found in section 3 of our Corporate Governance Principles which are attached to this Information Circular as Schedule A and can also be found on our website.

Directors of the Company are required to devote significant time and energy to the performance of their duties. The Terms of Reference for Individual Directors and the Corporate Governance Principles set forth an extensive list of responsibilities and expectations for the Board as a whole and for each individual director. Directors are expected to prepare for and attend an average of six Board meetings per year, participate on Committees and ensure that they stay informed about the Company’s business and the rapidly changing global business environment. Therefore, to attract and retain experienced, skilled and knowledgeable directors who are willing and able to meet these expectations, the Board believes that the Company must offer a competitive compensation package.

Our director compensation program is designed primarily to:

- compensate directors for applying their knowledge, skills and experience in the performance of their duties;
- align the actions and economic interests of the directors with the interests of long-term shareholders; and
- encourage directors to stay on the Board for a significant period of time.

Director compensation is paid only to non-management directors and is comprised primarily of cash fees (including an annual retainer) and a share-based award. Non-management directors are not eligible to receive stock options under the terms of the Company’s Stock Option Plan. The “Directors’ Total Compensation” table on page 30 sets out the total compensation earned by the directors in 2015.

As part of this compensation program, the directors also have share ownership requirements. See “Directors’ Share Ownership Requirements” on page 33 for more details. The Board believes that share ownership requirements further promote the objectives of director retention and alignment with long-term shareholders.

Process for Determining Director Compensation

The Corporate Governance Committee, composed entirely of independent directors, is responsible for annually recommending to the Board for approval the target compensation for the independent directors, including the appropriate compensation elements and the target compensation for each element.

The Corporate Governance Committee reviews director compensation at least every two years and did so in 2015, retaining an independent consultant, Willis Towers Watson, to conduct a review of director compensation. The Corporate Governance Committee has determined that the target compensation level for directors should be competitive with the 50th percentile of a comparator group. The comparator group of companies used for the purposes of reviewing and determining executive compensation was updated by the Human Resources Committee in 2015 to consist of North American-based companies in the chemicals, mining and oil and gas industries with global operations which, where possible, operate in a commodity-based or cyclical business. This same comparator group was used by the Corporate Governance Committee for reviewing and determining director compensation. The current comparator group is listed below.

Agrium*	Chemtura Corp.	
Albemarle Corp.	Cytec Industries Inc.	
Ashland Inc.	FMC Corp.	PolyOne Corp.
Axiall Corp. (prev Georgia Gulf)	Goldcorp Inc.*	Potash Corp. of Saskatchewan*
Baytex Energy Corp.*	IAMGOLD Corp.*	Sherritt International Corp.*
Cabot Corp.	International Flavors & Fragrances Inc.	The Valspar Corp.
Celanese Corp.	Koppers Holdings Inc.	Westlake Chemical Corp.
Centerra Gold*	Olin Corp.	

* denotes Canadian companies

The 2015 Willis Towers Watson report concluded that there has been a significant change in the market data of the comparator group such that the total compensation of the Company's directors (excluding the Chair) is now 23% below the 50th percentile on a currency converted basis. However, to be consistent with prudent cash and cost management efforts made by the Company, the directors determined that no change should be made to director compensation at this time.

Elements of Director Compensation

Director compensation is comprised of two elements, namely (i) annual retainer and other fees and (ii) share-based awards. Each element is described in detail below.

Annual Retainer and Other Fees

During the year ended December 31, 2015, annual retainer and other fees were paid to non-management members of the Board on the following basis:

Annual retainer for a non-management director (excluding the Chairman of the Board)	\$90,000	annual
Annual retainer for the Chairman of the Board	\$180,000	annual
Annual retainer for Committee Chairs (with the exception of the Chair of the Audit, Finance and Risk Committee)	\$10,000	annual
Annual retainer for the Chair of the Audit, Finance and Risk Committee	\$20,000	annual
Annual retainer for members of the Audit, Finance and Risk Committee, including the Chair	\$10,000	annual
Cross-country or intercontinental travel fee to attend Board or Committee meetings	\$2,500	per trip
Travel fee for site visits undertaken separate and apart from attendance at Board or Committee meetings (and not for orientation purposes upon joining the Board)	\$2,500	per day

Notwithstanding that directors do not receive meeting attendance fees, if over 10 Board meetings are held in a year, the Corporate Governance Committee has the discretion to determine whether any meeting fees are appropriate.

In 2015, the Chairman of the Board received a flat fee annual retainer and did not receive any additional fees; however, he is eligible to receive the travel fee for site visits undertaken separate and apart from attendance at Board or Committee meetings.

Share-Based Awards - Restricted Share Unit Plan for Directors

Directors are awarded RSUs under the Company's Restricted Share Unit Plan for Directors as part of the share-based component of their compensation. Directors may elect to receive their RSU award in the form of DSUs, which are more fully described in the following section. In addition, commencing in 2014, directors who are in compliance with their share ownership requirements may elect to receive the cash equivalent of their RSU award. In 2015, four directors elected to receive the cash equivalent of their share-based award and in 2016 five directors have elected to receive the cash equivalent of their share-based award. The table below summarizes the share-based awards granted to directors in 2016 and 2015:

	2016	2015
Chairman of the Board	4,600 RSUs or DSUs	3,200 RSUs or DSUs
All other non-management directors	2,300 RSUs or DSUs	1,600 RSUs or DSUs

RSUs are notional shares credited to an “RSU Account.” When dividends are paid on Common Shares, an equivalent value of additional RSUs is calculated and credited to each individual’s RSU Account. RSUs granted in any year, together with applicable dividend equivalents, will vest on December 1, in the 24th month following the end of the year in which the award was made. Following vesting, directors are entitled to receive a cash payment based on the weighted average closing price of the Common Shares on the TSX during the last 15 days prior to the vesting date, net of applicable withholding tax. RSUs do not entitle participants to any voting or other shareholder rights and are non-dilutive to shareholders.

The Board believes that share-based awards granted to directors both compensate the directors for the performance of their duties and also promote director retention and alignment with the interests of long-term shareholders. The target dollar value of such award (“Target Dollar Value”) is determined by the Corporate Governance Committee during its review of director compensation and is targeted to be similar to the awards granted to non-management directors in the 50th percentile of the comparator group as discussed under “Process for Determining Director Compensation.” In 2015 and 2016, the Target Dollar Value was \$90,000 for each non-management director and \$180,000 for the Chairman of the Board. In 2015, each non-management director received the number of RSUs (or DSUs) determined by dividing the Target Dollar Value by the weighted average closing price of the Common Shares on the TSX for the 90-day period ending on January 31 of the applicable year, and then rounded. In 2016, each non-management director received the number of RSUs (or DSUs) determined by dividing the Target Dollar Value by the weighted average closing price of the Common Shares on the TSX for the 30-day period ending on the date prior to the date of the grant, and then rounded. The grant date is March 4, 2016. This date was used to allow for alignment between target values and actual grant values.

Deferred Share Unit Plan (Director DSUs)

Under the Company’s Deferred Share Unit Plan (the “DSU Plan”), each non-management director elects annually to receive 100%, 50% or 0% of his or her retainer and other fees as DSUs. The actual number of DSUs granted to a director is calculated at the end of each quarter by dividing the dollar amount elected to the DSU Plan by the five-day average closing price of the Common Shares on the TSX during the last five trading days of that quarter. Additional DSUs are credited corresponding to dividends declared on the Common Shares. Under the terms of the DSU Plan, directors must elect to become a member of the DSU Plan by December 31 in any year in order to be eligible to receive DSUs in the following calendar year. Directors may also elect to receive their share-based award in the form of DSUs. See the section above “Share-Based Awards – Restricted Share Unit Plan for Directors”.

DSUs held by a director are redeemable only after the date on which the director retires as a director of the Company or upon death (“Termination Date”), and a lump-sum cash payment, net of any withholdings, is made after the director chooses a valuation date. For DSUs granted on or after March 2, 2007, a director may choose a valuation date falling between the Termination Date and December 1 of the first calendar year beginning after the Termination Date, but the director cannot choose a date retroactively. For DSUs granted prior to March 2, 2007, the valuation date chosen may fall on any date within a period beginning one year before the Termination Date and ending on December 1 of the first calendar year beginning after the Termination Date. The lump-sum amount is calculated by multiplying the number of DSUs held in the account by the closing price of the Common Shares on the TSX on the valuation date.

The Board believes that providing directors with the alternative of receiving their cash fees and share-based awards in the form of DSUs, which may not be redeemed until retirement or death, further promotes director retention and alignment with the interests of long-term shareholders.

Stock Options

Non-management directors ceased being granted stock options in 2003. No non-management director currently holds any stock options. However, Mr. Aitken currently has outstanding stock options with tandem SARs that he acquired prior to his retirement as President & CEO of the Company at the end of 2012.

Perquisites

Certain minor out-of-pocket expenses incurred by directors are paid for by the Company. All such expenses, if any, are included in the “All Other Compensation” column found in the Directors’ Total Compensation table.

Directors' Total Compensation

The following table sets out what each director earned by way of annual retainer, other fees and share-based awards for 2015. Ms. Warmbold is not included in the table as she was not a director in 2015.

Director	Annual Retainer (\$)	Annual Retainer for Committee Chairs (\$)	Annual Retainer for Audit Committee Chair (\$)	Annual Retainer for Audit Committee Members (\$)	Travel Fees & Ad hoc site visit fees ⁽¹⁾ (\$)	Total Fees Earned ⁽²⁾ (\$)	Share-Based Award ⁽³⁾ (\$)	All Other Compensation ⁽⁴⁾ (\$)	Total (\$)
Bruce Aitken	90,000	—	—	—	10,000	100,000	90,000	5,226	195,226
Howard Balloch	90,000	10,000	—	10,000	17,500	127,500	90,000	63,334	280,834

Travel fees are paid per trip for cross-country or intercontinental travel to attend Board or Committee meetings or (1) for site visits undertaken separate and apart from attendance at Board or Committee meetings (and not for orientation purposes upon joining the Board).

This column includes all retainers and travel fees earned during 2015, including any paid in DSUs. Under the DSU Plan, non-management directors may elect to receive 100%, 50% or 0% of their retainer and meeting fees as DSUs. The DSU Plan is more fully described under "Deferred Share Unit Plan (Director DSUs)". In 2015, Mr. Poole (2) elected to receive 100% of his cash retainer as DSUs (2,396 DSUs). The number and value of the DSUs received by Mr. Poole in lieu of fees are reflected in the "Directors' Share-Based Awards - Value Vested During the Year" table on page 33.

This column reflects the grant date fair value of the share-based compensation (RSUs and DSUs) received by directors in 2015. The value shown is calculated by multiplying the number of RSUs or DSUs awarded in 2015 by the closing price of the Common Shares on the TSX on March 5, 2015, the day before such share units were granted, being \$69.51. The grant date fair value shown in this column is the same as the accounting fair value. (3)

Directors can elect to receive their share-based compensation award as RSUs or DSUs. Commencing in 2014, if share ownership requirements are met, directors can elect to receive the value of their share-based award as cash, being \$90,000. Please see "Share-Based Awards - Restricted Share Unit Plan for Directors" for more information. In 2015, Messrs. Aitken, Balloch and Mahaffy and Ms. Rennie made such election and it was paid quarterly. (4)

This column is made up of the value of additional share units earned by directors in 2015 (RSUs and/or DSUs as applicable) corresponding to dividends being declared on Common Shares during 2015. See “Share-Based Awards – Restricted Share Unit Plan for Directors” and “Deferred Share Unit Plan (Director DSUs)” for more information on dividend equivalents. With respect to dividend equivalent DSUs, the value of dividend equivalent additional DSUs is calculated by multiplying the number of such units by the Canadian dollar closing price of the Common Shares of the TSX on the day that such units were credited. With respect to dividend equivalent RSUs, the value of dividend equivalent additional RSUs is calculated by multiplying the number of such units by the weighted average Canadian dollar closing price of the Common Shares of the TSX for the 15 trading days prior to the day that such units were credited. No other prerequisites were paid in 2015.

(5) Mr. Floren is President & CEO of the Company and therefore did not receive any compensation as a director. See “Statement of Executive Compensation” for information on Mr. Floren’s compensation in 2015.

In April 2015, Mr. Kostelnik became Chair of the Responsible Care Committee (replacing Mr. Cook) and Ms. Sloan ceased being Chair of the Corporate Governance Committee (replaced by Mr. Cook) and accordingly, the (6) quarterly committee chair fee was pro-rated for the second quarter for Mr. Kostelnik and Ms. Sloan. As Mr. Cook continued to be a committee chair, he continued to receive the full committee chair retainer.

(7) Mr. Reid is not standing for re-election at the Meeting.

(8) Ms. Sloan is not standing for re-election at the Meeting.

(9) Ms. Walker was elected a director in April 2015 and did not receive any share-based awards in 2015.

Directors' Outstanding Share-Based Awards

The following table shows the number of share-based awards held by each director as at December 31, 2015.

Directors do not receive option-based awards. Ms. Warmbold is not included in the table as she was not a director in 2015.

Director	Outstanding Share-Based Awards as at December 31, 2015		
	Shares or Units of Shares that Have Not Vested ⁽¹⁾ (#)	Market or Payout Value of Share-Based Awards that Have Not Vested ⁽¹⁾ (\$)	Market or Payout Value of Vested Share-Based Awards Not Paid Out or Distributed ⁽²⁾ (\$)
Bruce Aitken	1,460	66,722	—
Howard Balloch	—	—	1,106,397
Phillip Cook	1,642	75,039	—
John Floren ⁽³⁾	—	—	—
Thomas Hamilton	6,202	283,431	—
Robert Kostelnik	3,101	141,716	—
Douglas Mahaffy	—	—	1,280,286
A. Terence Poole	—	—	2,272,341
John Reid ⁽⁴⁾	—	—	1,198,528
Janice Rennie	1,460	66,722	552,650
Monica Sloan ⁽⁵⁾	—	—	1,173,713
Margaret Walker ⁽⁶⁾	—	—	—

(1) These columns reflect the number and value of outstanding unvested RSUs as at December 31, 2015 and include dividend equivalent RSUs credited since the date of the original RSU grants. The value of the RSUs outstanding is calculated by multiplying the number of RSUs outstanding by the closing price of the Common Shares on the TSX on December 31, 2015, being \$45.70.

(2) This column reflects the value of vested DSUs received as their annual share-based award (“Annual DSUs”) held by each director as at December 31, 2015, and includes dividend equivalent Annual DSUs credited since the date of the original Annual DSU grants. The value of the Annual DSUs is calculated by multiplying the number of Annual DSUs outstanding by the closing price of the Common Shares on the TSX on December 31, 2015, being \$45.70.

(3) Mr. Floren was President & CEO during 2015 and therefore did not receive any compensation as a director. See “Statement of Executive Compensation” for information on Mr. Floren’s compensation in 2015.

(4) Mr. Reid is not standing for re-election at the Meeting.

(5) Ms. Sloan is not standing for re-election at the Meeting.

(6) Ms. Walker was elected a director in April 2015 and did not receive any share-based awards in 2015.

The following table shows the total number and value of DSUs, including both DSUs received in lieu of fees and received as annual share-based awards (“Outstanding DSUs”), held by each non-management director as at December 31, 2015 and includes dividend equivalent Outstanding DSUs credited since the date of the original Outstanding DSU grants. The value is calculated by multiplying the number of Outstanding DSUs by the closing price of the Common Shares on the TSX on December 31, 2015, being \$45.70. The actual amount paid to a director on settlement of Outstanding DSUs depends on the valuation date chosen by the director, and the valuation date may be retroactive in the case of Outstanding DSUs granted prior to March 2, 2007. See “Deferred Share Unit Plan (Director DSUs)” for more detailed information regarding the DSU Plan and the valuation date that directors may choose. Ms. Warmbold is not included in the table as she was not a director in 2015.

Director	Number of Outstanding DSUs as at Dec. 31, 2015			Value of Outstanding DSUs as at Dec. 31, 2015
	Granted prior to Mar. 2, 2007	Granted on or after Mar. 2, 2007	Total DSUs Held	(\$)
Bruce Aitken	—	—	—	—
Howard Balloch	—	45,751	45,751	2,090,821
Phillip Cook	—	—	—	—
John Floren ⁽¹⁾	—	—	—	—
Thomas Hamilton	—	—	—	—
Robert Kostelnik	—	—	—	—
Douglas Mahaffy	—	43,613	43,613	1,993,114
A. Terence Poole	18,604	33,539	52,143	2,382,935
John Reid ⁽²⁾	19,297	23,102	42,399	1,937,634
Janice Rennie	—	12,093	12,093	552,650
Monica Sloan ⁽³⁾	21,849	24,077 ⁽³⁾	45,926	2,098,818
Margaret Walker ⁽⁴⁾	—	—	—	—

Mr. Floren was President & CEO during 2015 and therefore did not receive any compensation as a director. See (1) "Statement of Executive Compensation" for information on Mr. Floren's compensation in 2015.

(2) Mr. Reid is not standing for re-election at the Meeting.

(3) Ms. Sloan is not standing for re-election at the Meeting.

(4) Ms. Walker was elected a director in April 2015 and did not receive any share-based awards in 2015.

Directors' Share-Based Awards – Value Vested during the Year

The following table shows the aggregate dollar value realized by each director upon vesting of share-based awards during 2015. Directors do not receive stock options and do not receive any non-equity incentive plan compensation. Ms. Warmbold is not included in the table as she was not a director in 2015.

Director	Share-Based Awards – Value Vested during the Year									
	Number Vested during 2015					Value Vested during 2015

Monica Sloan ⁽⁹⁾	3,154	—	1,600	1,186	5,940	164,273	—	111,216	63,577	339,066
Margaret Walker ⁽¹⁰⁾	—	—	—	—	—	—	—	—	—	—

This column represents RSUs that were awarded in 2013 and vested on December 1, 2015, together with dividend (1) equivalent RSUs credited in respect thereof. See “Share-Based Awards – Restricted Share Unit Plan for Directors” for more information.

DSUs vest immediately upon grant; however, they may not be redeemed by a director until retirement or upon death. Directors may elect to receive 100%, 50% or 0% of their annual retainer and other fees as DSUs. Directors (2) may also elect to receive their share-based award in the form of DSUs. Additional DSUs are credited each quarter corresponding to dividends declared on Common Shares. See “Deferred Share Unit Plan (Director DSUs)” for more information.

The value of the RSUs shown in this column reflects the amount actually paid to directors for RSUs that vested on (3) December 1, 2015, calculated in accordance with the terms of the RSU Plan by multiplying the number of vested units (including fractional units) by the weighted average closing price of the Common Shares on the TSX during the 15 trading days prior to the vesting date, being \$52.07.

These columns reflect the number and value of DSUs received in lieu of fees earned in 2015, as elected by non-management directors. The value is equal to the Total Fees Earned column in the Directors' Total (4) Compensation table on page 30. DSUs are granted in lieu of fees on a quarterly basis and the number of DSUs granted at the end of each quarter is calculated by dividing one-quarter of the annual fees elected to be received as DSUs by the average closing price of the Common Shares on the TSX on the last five trading days of the preceding fiscal quarter. In 2015, Mr. Poole elected to receive 100% of his cash retainer as DSUs.

These columns reflect the number and value of DSUs granted to directors in 2015 as share-based awards. The value shown is the grant date fair value (which is the same as accounting fair value) and is calculated by (5) multiplying the number of DSUs awarded in 2015 by the closing price of the Common Shares on the TSX on March 5, 2015, the day before such share units were granted, being \$69.51. Directors can elect to receive their share-based award as RSUs or DSUs, or the cash equivalent. See “Share-Based Awards—Restricted Share Unit Plan for Directors” for more information.

(6)

These columns reflect dividend equivalent additional DSUs credited on outstanding DSUs in 2015, and the value is calculated by multiplying the number of such additional DSUs by the closing price of the Common Shares on the TSX on the day that such DSUs were credited.

- (7) Mr. Floren was President & CEO during 2015 and therefore did not receive any compensation as a director. See “Statement of Executive Compensation” for information on Mr. Floren’s compensation in 2015.
- (8) Mr. Reid is not standing for re-election at the Meeting.
- (9) Ms. Sloan is not standing for re-election at the Meeting.
- (10) Ms. Walker was elected a director in April 2015 and did not receive any share-based awards in 2015.

Directors’ Share Ownership Requirements

Since 1998, the Company has had share ownership guidelines for directors to promote shareholder alignment and, in early 2011, these became a requirement. Following the director compensation review in 2013, it was determined that, commencing in 2014, each non-management director must own Common Shares having a value equal to at least 2 times his or her total retainer, which includes both the cash and equity components of the retainer. In the event a share price change results in a director falling below the minimum shareholding requirement, that director has one year in which to meet the requirement. RSUs, DSUs and 50% of PSUs held by a director are considered when determining whether the individual is meeting the share ownership requirements. All new directors have a reasonable period of time within which to meet their share ownership requirement.

Edgar Filing: METHANEX CORP - Form 6-K

The following table shows, among other things, the number of Common Shares, RSUs and DSUs held by each director as at March 4, 2016 compared to the number of Common Shares, RSUs and DSUs held as at March 6, 2015 and the percentage of the requirement achieved for each director based on their holdings as at March 4, 2016.

Director	Director Since	As At	Share Units Held (#)			Total Common Shares and Share Units Held (#)	Total At-Risk Value of Common Shares and Share Units ⁽²⁾ (\$)	Value of Common Shares and Share Units Required to Meet Requirement ⁽³⁾ (\$)	Percentage of Requirement Achieved (%)	Amount at Risk as a Multiple of Annual Retainer	Meets Requirement

(1) This column includes all Common Shares directly or indirectly beneficially owned or over which control or direction is exercised by each director.

(2) For 2016, this value is calculated using \$39.99 per share, being the weighted average closing price of the Common Shares on the TSX for the 90-day period ending March 4, 2016. For 2015, this value is calculated using \$57.60 per share, being the weighted average closing price of the Common Shares on the TSX for the 90-day period ending March 6, 2015.

(3) Commencing in 2014, the director share ownership requirements state that non-management directors are to hold Common Shares and/or share units equal to at least two times their total retainer, which includes both the cash and equity components of the retainer.

(4) As at March 6, 2015, Mr. Aitken held 33,348 PSUs which are excluded from this table. These PSUs were acquired when he was President & CEO of the Company, prior to retiring at the end of 2012. Mr. Aitken does not currently own any PSUs.

(5) Mr. Floren is President & CEO and therefore does not receive any compensation as a director. See “Share Ownership Requirements” for information regarding Mr. Floren’s holdings and ownership requirements.

(6) Mr. Hamilton is Chairman of the Board and his share ownership requirement is \$720,000 being two times his total retainer of \$360,000.

(7) Mr. Poole resigned as a director in June 2003 and was reappointed in September 2003.

(8) Mr. Reid is not standing for re-election at the Meeting.

(9) Ms. Sloan is not standing for re-election at the Meeting.

(10) Ms. Walker was elected a director in April 2015 and has a reasonable period of time to meet director share ownership guidelines.

(11) Ms. Warmbold was appointed a director effective as of February 1, 2016 and has a reasonable period of time to meet director share ownership guidelines.

LETTER TO SHAREHOLDERS

Dear Fellow Shareholders,

Compensation Highlights

We believe in pay-for-performance, which is why approximately 80% of the President & CEO's target compensation and approximately 70% of the other NEO's target compensation is at risk and linked to the achievement of a combination of corporate (financial) and personal (strategic and operational) performance goals.

The Company's overarching performance goal is to sustainably increase returns to shareholders. In a capital-intensive, long-cycle business, achieving this goal requires that we operate our assets efficiently and cost-effectively, optimize our overall asset portfolio and deploy capital wisely over the medium and long term. We strive to align executive pay to performance against these targets and, over time, through a mix of short- and long-term incentive programs. With this in mind, significant elements of executive compensation are designed to be dependent on measures that align with these targets, such as Total Shareholder Return and Modified Return on Capital Employed.

All of our employees, including each of our executive officers, also set yearly personal performance goals that are aligned with the Company's overall strategic goals. Personal performance goals are designed to be challenging yet attainable. The annual personal performance goals of the CEO are approved by the Board and the CEO approves the annual personal performance goals for the Company's other executive officers.

In 2015, total direct compensation for President & CEO John Floren was \$5.7 million, compared to \$6.4 million in 2014, a decrease of 11%. The Board awarded Mr. Floren a short-term incentive plan payout of 79% of target \$751,000, a decline of 50% compared to 2014 (\$1.5 million). This reflects the Company's below-target performance for Modified Return on Capital Employed in 2015, which is the key corporate financial measure for our short-term incentive plan.

We believe the compensation awarded in 2015 appropriately reflects the Company's performance and is aligned with shareholder interests.

Compensation Governance

The Human Resources Committee annually reviews and recommends to the Board the remuneration of all executive officers. The Committee and the Board strive to ensure that our executive compensation practices align with good governance practices, as evidenced by the following:

- a significant portion of pay is at risk and subject to performance;
- long-term incentives provide rewards that are linked to the creation of shareholder value;
- the Board has the discretion to adjust payouts to ensure appropriate pay-for-performance outcomes;
- our executives have significant share ownership requirements;
- a recoupment policy for all employees allows the Company to recoup incentive awards in the event of misconduct resulting in a material restatement or error in the financial statements;
- our hedging policy prohibits insiders, including all executive officers, from hedging their common shares and equity compensation; and
- a thorough annual risk assessment of executive compensation practices and policies.

Conclusion

The Human Resources Committee and the Board believe that our decisions related to executive compensation in 2015 continue to demonstrate a strong link between pay and long-term shareholder value.

Tom Hamilton
Chairman of the Board

John M. Reid
Chair, Human Resources Committee

EXECUTIVE COMPENSATION DISCUSSION AND ANALYSIS

Objectives and Design of the Executive Compensation Program

We are committed to operational excellence as part of our business strategy and this commitment extends to our search for, and retention of, executive talent. As such, the main objective of our executive compensation program is to attract, retain and engage high-quality, high-performance executives with relevant experience who have the ability to successfully execute our strategy and deliver long-term value to our shareholders.

To achieve this objective, our executive compensation program is based on the following principles:

Alignment with shareholder interests. Our performance-based incentive plans align the interests of executives with shareholders and the total compensation earned by the NEOs (as defined below), including the realized and unrealized value of previously granted long-term incentive awards, aligns with cumulative total shareholder return over time.

Pay-for-performance. We believe in pay-for-performance. Accordingly, approximately 80% of the President & CEO's target compensation and approximately 70% of other NEO's target compensation is at risk and linked to a combination of personal and corporate performance goals, compounded total shareholder return and share price performance.

Effective risk management. Compensation policies and practices are designed with features that mitigate risk without diminishing the incentive nature of the compensation. We believe our compensation policies and practices encourage and reward prudent business judgment and appropriate risk-taking over the long term to increase shareholder value.

Pay competitively. Our executive compensation program is designed to be competitive with the 50th percentile of a comparator group of North American-based chemical, mining and oil and gas companies with global operations in order to attract, retain and engage high-quality executive talent.

Executive compensation at the Company includes base salary, short-term incentives, long-term incentives, and non-direct compensation, including benefits, perquisites and pensions, as described in more detail in the table below.

Element	Description
Base Salary	Fixed compensation that is intended to compensate executives competitively for leadership, specific skills, knowledge and experience required to perform their duties.
Short-Term Incentive Plan	Variable compensation that is designed to recognize and reward the achievement of strategic performance goals with an annual cash reward. Amounts are based on an assessment of corporate financial performance ("Modified Return on Capital Employed") and personal performance over the year.
Long-Term Incentive Plan	Variable compensation that is designed to retain talented executives, reward them for their contribution to the long-term success of the Company and align their interests with shareholders. Consists of performance share units ("PSUs") and stock options/stock appreciation rights ("SARs")/tandem stock appreciation rights ("TSARs") that deliver value based on the Company's share price performance and compounded total shareholder return over varying periods of time.
Non-Direct Compensation	Fixed compensation that is intended to support the health, wellness and financial wellbeing of executives and their families. Executives are provided a single, fixed amount, taxable perquisite allowance. Executives participate in group benefit and registered defined contribution retirement programs on the same terms as other employees. Canadian-based executives also participate in a defined contribution supplemental retirement plan due to Canadian tax limits.

The Executive Compensation Discussion and Analysis describes our approach to compensation for the Company's President & CEO, Chief Financial Officer and its three other executive officers who had the highest total compensation during 2015 (collectively the "Named Executive Officers" or "NEOs").

Named Executive Officer	Office Held	Principal Occupations and Positions During Last Five Years
John Floren	President & CEO	President & CEO since January 1, 2013; prior thereto Senior Vice President, Global Marketing & Logistics since June 2005.
Ian Cameron	Senior Vice President, Finance & Chief Financial Officer	Senior Vice President, Finance & Chief Financial Officer since January 1, 2003; in addition, acted as the Senior Vice President, Corporate Development & Chief Financial Officer of the Company from November 2010 to December 31, 2012.
Mike Herz	Senior Vice President, Corporate Development	Senior Vice President, Corporate Development since January 1, 2013; prior thereto Vice President, Marketing and Logistics, Asia Pacific since August 2008.
Vanessa James	Senior Vice President, Marketing & Logistics	Senior Vice President, Marketing & Logistics since January 1, 2013; prior thereto Vice President, Marketing & Logistics, North America since August 2008.
Harvey Weake	Senior Vice President, Manufacturing	Senior Vice President, Manufacturing since January 1, 2014; prior thereto Senior Vice President, Asia Pacific since October 2005.

Compensation Policies and Practices Risk Review

The mandate of the Human Resources Committee requires an annual review of the Company's compensation policies and practices to confirm that they align with the Company's risk management principles and that they do not encourage inappropriate or excessive risk-taking nor are they reasonably likely to have a material adverse effect on the Company. The Company's compensation policies and practices are designed with features that mitigate risk without diminishing the incentive nature of the compensation. We believe our compensation policies and practices encourage and reward prudent business judgment and appropriate risk-taking over the long-term to increase shareholder value. The Human Resources Committee and the Board have concluded that any risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In its deliberations, the Human Resources Committee considered, among other things, the following key features of such policies and practices:

Program Structure

Our short-term incentive and PSU awards have maximum limits, based on pre-defined plan provisions and calculation formula;

- There is a proportionately greater award opportunity derived from the long-term incentive plan compared to the short-term incentive plan, creating a greater focus on sustained performance over time;

The application of a Modified ROCE (as defined below) metric that aligns employees with the balanced objectives of increasing revenues, reducing costs and managing net assets is a significant component of the short-term incentive award;

We use two distinct long-term incentive vehicles - PSUs and stock options/SARs/TSARs - that vest over a number of years, thereby providing strong incentives for sustained operational and financial performance; and

Our long-term incentive plan awards are made annually and have overlapping vesting and performance periods, such that at any one time multiple potential awards are affected by current year performance, thereby encouraging and rewarding sustained high levels of performance and maintaining executives' exposure to the risks of their decisions in the long term.

Share Ownership Requirements

We believe in the importance of our management team owning Common Shares to more fully align management with shareholder interests and we have significant share ownership requirements for all executive officers and share ownership guidelines for all management employees that are eligible to receive long-term incentives, which are monitored annually by the Human Resources Committee.

Committee Discretion

The Human Resources Committee and Board have discretion to adjust payouts under both the short-term incentive plan and the long-term incentive plan to reflect the core operating performance of the business; and The incorporation of a personal performance rating, ranging from 0% to 200%, as a factor in the short-term incentive calculation enables the Human Resources Committee to direct a zero payout to any executive in any year if the individual executive is deemed to have sufficiently poor performance or is found to have engaged in activities that pose a financial, operational or other undue risk to the Company.

Recoupment Policy

Under the Company's Recoupment Policy, if the Board determines that, as a result of any gross negligence, fraud or other illegal behaviour: (1) the Company has had to restate its financial results; or (2) it later becomes clear that metrics used and which formed the basis of any employee incentive compensation were not in fact achieved, then the Board, in its sole discretion, can take such action as it deems to be in the best interests of the Company and necessary to remedy the misconduct and prevent its recurrence. Among other actions that it may take, the Board may, to the fullest extent permitted by law, seek to recover or require reimbursement of incentive performance and equity awards under any plan providing for incentive compensation, equity compensation or performance-based compensation. Recovery or reimbursement may include recoupment of money or shares, immediate forfeiture of unvested awards and cancellation of outstanding vested awards and may also apply to profits that may have been realized from the sale of securities.

Hedging Policy

The Company's Confidential Information and Trading in Securities Policy provides guidelines to employees with respect to the treatment of confidential information and advises insiders of the Company when it is permissible to trade securities of the Company. This policy also prohibits insiders, which include all of the Company's executive officers and directors, from purchasing financial instruments designed to hedge or offset a decrease in the market value of the Common Shares or equity based incentive awards that they hold. Furthermore, insiders are prohibited from engaging in short selling of the Company's securities, trading in put or call options on the Company's securities or entering into equity monetization arrangements related to the Company's securities.

Succession Planning and Leadership Development

Developing talent is a strategic priority for the organization. In order to support our business strategy, we need a strong bench of internal candidates for every key leadership position. We have a robust succession and talent management program designed to build and preserve organizational capability and to minimize succession risk by proactively assessing, identifying and developing leadership talent at all leadership levels, including the executive level, within the organization. The executive team discusses organizational talent on a regular basis and also conducts an in-depth talent review session each year where members of the global management team and other key talent from all levels in the organization are discussed and assessed. Development plans are put in place and tracked for all key talent and succession candidates from year-to-year.

We offer an integrated suite of customized global leadership development programs for all levels of leaders in the organization. The objectives of these various programs include developing leadership and management skills, commercial and business acumen, global business knowledge and cultural fluency. These programs range in length from customized two-day workshops for our frontline leaders to cohort style programs for senior leaders delivered over an eight-month period. We also support meaningful and varied on-the-job experiences and assignments to optimize both business performance and individual development. Every year, the Human Resources Committee reviews the progress made in developing current and future leaders through the succession and talent management program and leadership development programs, with particular focus on the executive officers and potential successors to executive officer roles. Management also conducts a talent management session with the Board annually to review the development plans of all potential succession candidates for executive roles. The Human Resources

Committee and the Board are satisfied that well-qualified internal candidates exist or are being developed for all executive positions, including the President & CEO position.

Process for Determining Executive Compensation

The Human Resources Committee is responsible for compensation matters with respect to executive officers, including the NEOs. The Human Resources Committee, as of the date of this Information Circular, consists of four members (Mr. Reid, Mr. Mahaffy, Ms. Rennie and Ms. Walker), all of whom are independent directors. None of the members of the Human Resources Committee is, or was during the most recently completed financial year, an officer or employee of the Company or any of its subsidiaries; was formerly an officer of the Company or any of its subsidiaries; has any indebtedness to the Company or any of its subsidiaries; or has any material interest, or any associates or affiliates that have a material interest, direct or indirect, in any actual or proposed transaction since the beginning of the Company's most recently completed financial year that has materially affected or would materially affect the Company or any of its subsidiaries.

Three of the four members of the Human Resources Committee have direct experience with executive compensation through their previous executive positions and/or their service on human resources/compensation committees at other organizations. In their executive positions, members participated in compensation, benefits and related decisions; implemented or evaluated the design of the Company's executive compensation programs; and gained experience in other areas of human resources, such as talent management, succession planning, performance management and performance-based compensation. The Human Resources Committee receives an annual update from Meridian Compensation Partners ("Meridian") on recent trends, regulatory changes and key issues regarding executive compensation and compensation governance and how they relate to the Company.

Committee Members

Mr. Reid, the Chair of the Human Resources Committee, was the Chief Executive Officer of BC Gas/Terasen between 1997 and 2005. Mr. Reid has been a member of the Human Resources Committee at Finning International since 2009 and has chaired that committee since 2010.

Mr. Mahaffy was the Chief Executive Officer of McLean Budden between 1989 and 2008. Mr. Mahaffy has been a member of the Human Resources and Compensation Committee of the Canada Pension Plan Investment Board since 2009, was a member of the Human Resources Committee at Stelco between 1994 and 2006 and chaired that committee between 1997 and 2001.

Ms. Rennie was Senior Vice President, Human Resources & Organizational Effectiveness at EPCOR between 2004 and 2005. Ms. Rennie was a member of the Compensation Committee at Teck Resources from 2008 to 2015 and chaired that committee from 2008 to 2015. She has been a member of the People and Compensation Committee at WestJet since 2011, a member of the Compensation Committee of West Fraser Timber since 2012, and was a member of the Corporate Governance, Compensation and Nominating Committee at Capital Power between 2009 and 2012.

Ms. Walker was the Vice President, Engineering & Technology for Dow Chemical between 2004 and 2010. Prior to that role, Ms. Walker held other senior positions with Dow Chemical and served on various management committees related to human resources programs.

As part of its mandate, the Human Resources Committee annually reviews and recommends to the Board for approval the remuneration of the Company's executive officers. The Human Resources Committee periodically reviews the levels of compensation for executive officers and obtains advice from independent consultants in that regard. A thorough competitive assessment was conducted by Willis Towers Watson in May 2015, with the previous assessment in June 2013. The competitive assessment was based on our comparator group companies (see next page). The Human Resources Committee relied on information provided in that report to inform their decisions related to 2016 compensation for the Named Executive Officers.

The Human Resources Committee also obtains the advice and recommendations of the CEO with respect to compensation matters pertaining to the Company's other executive officers. Willis Towers Watson and Meridian, from time to time, are retained to advise the Human Resources Committee on specific executive compensation matters raised by the Committee. However, the Human Resources Committee is ultimately responsible for its decisions and may employ factors and considerations other than the information and advice provided by compensation advisors. Both the Human Resources Committee and the Board have the ability to exercise discretion in awarding

compensation. As an example, owing to the sharp but short-lived decline in the Company's share price in late 2008 and early 2009 as a result of the global financial crisis, the Board exercised this discretion in 2009 with respect to the annual stock option and PSU grants. The Board determined that the 2009 stock option and PSU grant sizes be based on the average stock price over the entire 2008 year rather than over the last 90 days of the year as was the usual practice. This resulted in smaller stock option and PSU grants than otherwise would have been determined, since the Board wanted to ensure the 2009 grants would not be excessive if the stock price quickly returned to pre-financial crisis levels.

Total compensation for executive officers includes base salary, short-term incentives, long-term incentives, perquisites and benefits. Total compensation is established to be competitive with the 50th percentile of the aggregate total compensation of organizations in a comparator group of companies. Base salaries only for executives located outside of North America may be adjusted based on local base salary data. The Human Resources Committee reviews the comparator group used to establish total compensation for executive officers. Given that the Company has no publicly traded peers in the methanol industry only, with input from Meridian in 2013, the Human Resources Committee selected a larger comparator group of 23 companies (compared with the previous group of 12 used since 2007) comprised of North American-based companies in the chemicals, mining and oil and gas industries with global operations, and, where possible, that operate in a commodity-based or cyclical business. Two companies (Rockwood Holdings and Talisman Energy) were removed in 2015 due to acquisition and subsequent delisting from their respective stock exchanges. Our current comparator group includes the following companies of similar size, complexity and industry:

Agrium*	Chemtura Corp.	
Albemarle Corp.	Cytec Industries Inc.	
Ashland Inc.	FMC Corp.	PolyOne Corp.
Axiall Corp. (prev Georgia Gulf)	Goldcorp Inc.*	Potash Corp. of Saskatchewan*
Baytex Energy Corp.*	IAMGOLD Corp.*	Sherritt International Corp.*
Cabot Corp.	International Flavors & Fragrances Inc.	The Valspar Corp.
Celanese Corp.	Koppers Holdings Inc.	Westlake Chemical Corp.
Centerra Gold*	Olin Corp.	

* denotes Canadian companies

Compensation Consultants

The Chair of the Human Resources Committee approves the scope of all executive compensation work by independent consultants. The Human Resources Committee also has the responsibility under its mandate to consider independence factors before selecting such advisors.

The Human Resources Committee first retained Willis Towers Watson (formerly Towers Watson and Towers Perrin) in 2007. Willis Towers Watson's mandate for executive compensation in 2015 included three items:

1. A compensation review and recommendations related to compensation mix and compensation levels for the CEO and other executive officers;
2. An independent review of the Company's current compensation policies and practices to identify any risks related to such policies and practices; and
3. General executive compensation assistance.

Other services that Willis Towers Watson provides to the management of the Company include ongoing consulting and third-party administration services for executive supplemental retirement plans and employee pension plans and occasional non-executive compensation data and assistance. The Human Resources Committee and the Board are aware of, but do not pre-approve, these non-executive services requested by management. Willis Towers Watson's written mandate to the Human Resources Committee outlines Willis Towers Watson's role and terms of reference as the independent consultant to the Human Resources Committee, and this includes confirmation that Willis Towers Watson has well-established safeguards to maintain the independence of its executive compensation consultants, which include compensation protocols, internal reporting relationships and formal policies to prevent any potential conflict of interest.

During 2015, the Human Resources Committee also retained Meridian to conduct a simulation to determine whether the Company would likely meet proxy advisor performance threshold tests. Meridian provided an update to the Human Resources Committee at its July 2015 meeting on recent trends related to executive compensation in North America, particularly with regard to compensation governance oversight, issues and processes. Meridian provides

consulting services only to the Human Resources Committee and only with respect to executive compensation, with approximate fees to the Company during 2015 of CAD \$13,400 and during 2014 of CAD \$20,700. Total fees paid to Willis Towers Watson and Meridian over the past two years are listed in the table below. All amounts in the following table are in Canadian dollars.

40

	Executive Compensation Related Fees (\$)	All Other Fees	Consulting and Third Party Administration Services Fees for Employee Pension Plans (\$)	Consulting and Third-Party Administration Services Fees for Executive Supplemental Retirement Plans	Non-Executive Compensation Related Fees	Total All Other Fees	Total Fees
2015	135,405	(1)	186,088	51,090	-	237,178	372,583
2014	98,000		120,600	47,100	-	167,700	265,700

(1) The Executive Compensation-Related Fees for 2015 include \$23,285 related to fees for the review of director compensation.

Elements of Executive Compensation

All amounts in this section “Elements of Executive Compensation” are in Canadian dollars except where otherwise noted.

The 2015 target executive compensation mix is illustrated in the table below.

	Percentage of Target Total Direct Compensation							
	Base Salary	Short-Term Incentive Award	Total Cash Compensation	Stock Options/SARs/TSARs	PSUs	Total Equity	Total Compensation "At Risk"	Total Direct Compensation
CEO	20%	20%	40%	30%	30%	60%	80%	100%
All Other NEOs	31%	19%	50%	25%	25%	50%	69%	100%

All of the elements of executive compensation are summarized in the following table and described in more detail below.

Total Direct Compensation			Indirect Compensation		
Base Salary	Short-Term Incentive Award	Long-Term Incentives	+	Benefits	Retirement Plans
Pay for role and capability	Pay for achievement of annual strategic performance goals “At-Risk” Awards	Pay for future performance and retention “At-Risk” Payouts		Investment in employee health and well-being as well as perquisites	Investment in financial security after retirement

Base Salary

Base salaries are intended to compensate executives competitively for leadership, specific skills, knowledge and experience required to perform their duties. Base salaries for executive officers are established within a salary range, the midpoint of which is targeted to be at the 50th percentile of the comparator group of companies as discussed under “Process for Determining Executive Compensation” on page 39. Base salaries for executives located outside of North America may be adjusted based on local base salary data. Initial placement into the salary range is based on qualifications and experience and salaries are reviewed annually. The initial placement and annual base salary review for the CEO is conducted by the Human Resources Committee. The Human Resources Committee may retain an external consultant to assist with this process. The CEO recommends to the Human Resources Committee for its approval the initial placement and annual salary reviews for all other executive officers, including the other NEOs. Over time, base salary can approach and may exceed the midpoint of the salary range based on an executive’s experience, long term performance and the scope of the executive’s role.

Short-Term Incentive Plan

The Company’s short-term incentive plan is designed to recognize and reward the achievement of strategic performance goals by executive officers with an annual cash award. The Board has determined that the short-term incentive award should be based on two components – corporate performance and personal performance – and that each component should be quantified and weighted for calculation purposes. The purpose of the corporate performance component is to align the interests of executive officers with an overall corporate performance measure to focus their efforts on achieving annual strategic corporate targets. The purpose of the personal performance component is to recognize each executive officer’s personal contribution to certain annual operational and strategic business activities and initiatives.

For 2015, the target award was 100% of annual base salary for the CEO and 60% of annual base salary for the other four NEOs. The target award percentage for all NEOs is determined by the Board each year. The corporate performance component is

70% of the potential overall award and the personal component represents 30% of the potential award. Short-term incentive awards can range from 0% to 200% of the target award based on a combination of personal performance and corporate performance.

a) Corporate Performance Component

The corporate performance component is 70% of the potential overall award for all NEOs. For 2015, the Board determined that the corporate performance component should be based on profitability, as measured by the Company's return on capital employed, modified to eliminate the distortion of accounting depreciation on new and depreciated assets ("Modified ROCE").

The short-term incentive plan provides for the following payout levels based on corporate performance results:

Corporate Performance Level	Corporate Factor Payout Level
Minimum performance is not achieved	0%
Minimum performance is achieved or exceeded, but target performance is not achieved	Less than 100%
Target performance is achieved or exceeded, but maximum performance is not achieved	Equal to or greater than 100%, but less than 200%
Maximum performance is achieved or exceeded	200%

The factor by which the incentive compensation award is calculated is pro-rated between the minimum, target and maximum award depending on actual performance under each of the components.

Modified ROCE

The Board has reviewed a number of measures of profitability and has determined that Modified ROCE is a good measure to be used for evaluating corporate performance. Investing in large capital assets designed to run for long periods of time is a core element of our long-term business strategy. As a measure of the quality of returns to shareholders, Modified ROCE has a level of simplicity that allows for ease of understanding by employees. The Board reviews the use of Modified ROCE each year, and in 2015 established 13% Modified ROCE as the performance target, with break-even net income as the performance minimum and 19% as the performance maximum. Refer to the "Financial Highlights" section of our 2015 Annual Report for a more detailed definition of Modified ROCE. The Company's actual Modified ROCE in 2015 was 6%, resulting in a payout level of 48%, which is between minimum and target.

The Company uses an enduring standard for setting the Modified ROCE target based on achieving a long-term return above the Company's weighted average cost of capital ("WACC"), thus ensuring that a target payout is achieved only when returns exceed the WACC. We believe that this is aligned with long-term shareholder value creation and reflects our shareholders' long-term performance expectations.

The enduring standard we set for Modified ROCE does not take into account anticipated annual changes in commodity price or broader economic factors, which results in greater variability of payouts. We do not decrease our targets when Modified ROCE is expected to be lower in a given year, nor do we raise them when Modified ROCE is expected to be higher in a given year. We believe that our performance standards and payout levels should align with an appropriate level of return for shareholders, regardless of the shorter term economic conditions. This means that payouts will be low when our return is low, even if management has outperformed budget expectations. We think this aligns the interests of our management with the interests of our shareholders.

The Board reviews the threshold, target and maximum ROCE targets each year to ensure that they remain appropriate, primarily in light of our WACC, historical Modified ROCE results and the ROCE of our peer companies.

The Modified ROCE target is set independently of our annual budgeting process, which allows the budget to focus on expected results in the particular conditions, while incentives focus on long-term shareholder value creation.

The Board understands we are in a cyclical business and that our shareholders take a longer term view of their share ownership. The use of an enduring standard ensures that our management similarly takes a long-term view - they understand that payouts will be low when commodity prices are low, but that if they remain with the Company over the long-term, their annual incentives will likely average out to an appropriate level.

From 2011 to 2015, we have paid out below target once, at target once, and above target three times, with Modified ROCE and payouts as follows:

Year	Modified ROCE	Payout ⁽¹⁾
2006	31%	163%
2007	25%	167%
2008	14%	132%
2009	1%	56%
2010	8%	47%
2011	14%	136%
2012	12%	100%
2013	23%	200%
2014	16%	154%
2015	6%	48%

Up to and including 2011, modified ROCE performance reflected 40% of the potential overall award. From (1)2012-2013, modified ROCE performance reflected 60% of the potential overall award. Since 2015 modified ROCE performance reflects 70% of the potential overall award for all NEOs.

b) Personal Performance Component

The personal performance component is 30% of the potential overall award for all NEOs. All of our employees, including each of our executive officers, set yearly personal performance goals that are aligned with the Company's overall strategic goals. The personal performance goals are designed to be challenging yet attainable. The annual personal performance goals of the CEO are approved by the Board and the CEO approves the annual personal performance goals for the Company's executive officers, including the other NEOs.

The Human Resources Committee assigns the CEO's personal performance rating, which is subsequently reviewed and approved by the Board. With respect to all other NEOs, the CEO assigns their personal performance ratings and such ratings are reviewed by the Human Resources Committee and approved by the Board. The personal performance component of the short-term incentive award is based on a number of measures for each executive, as summarized below.

John Floren, President & CEO

Under Mr. Floren's leadership in 2015, the Company achieved sales of 8.5 million tonnes and completed construction and startup of the Geismar 2 plant in December 2015, which was completed approximately three months earlier than planned. In 2015, the Company also achieved strong product stewardship performance and environmental performance; restarted our Chile operation; monetized value from the termination of a terminal services agreement; secured natural gas to underpin a substantial portion of our Geismar and Trinidad operations; and completed the refurbishment of our Medicine Hat facility.

Based on the corporate and personal performance achieved in 2015, the Board awarded the CEO a short-term incentive award. The Human Resources Committee considered his overall personal performance for 2015 and assigned him a personal performance rating of 150%, which was approved at the March 4, 2016 Board meeting. The calculation of the short-term incentive award for the CEO is detailed in the table below.

Named Executive Officer	Corporate Performance Assessment (a)	Corporate Performance Weighting (b)	Personal Performance Assessment (c)	Personal Performance Weighting (d)	Overall Performance Result (a x b) + (c x d)	Short-Term Incentive Award Calculation ⁽¹⁾ (\$)
John Floren	48%	70%	150%	30%	79%	951,000 x 100% x 79% = \$751,000

(1) The short-term incentive award calculation is (salary at December 31, 2015) × (short-term incentive target percentage) × (overall performance result), rounded to the nearest thousand dollars.

Ian Cameron, Senior Vice President, Finance & Chief Financial Officer

Mr. Cameron is responsible for the global finance function, as well as oversight of our operations in Trinidad. Key achievements for Mr. Cameron and his team in 2015 included support of natural gas hedges for Geismar 2 and above target production in our Trinidad operations coupled with excellent Responsible Care performance. In addition, the Company has a strong balance sheet and continues to be well-managed financially, allowing the Company to pursue its growth strategy in the years ahead.

Mike Herz, Senior Vice President, Corporate Development

Mr. Herz is responsible for all corporate development and new project activities, as well as oversight of our operations in Egypt. He and his team worked diligently in 2015 to progress various options for growth, including a potential Medicine Hat II plant, a possible third plant in Geismar, as well as other potential growth opportunities elsewhere in the world. Mr. Herz's team monetized value from the termination of a terminal services agreement for \$65 million. His team also led an update and review of the Company's corporate strategy and worked in partnership with our marketing team to continue to deepen and enhance key relationships in China, a major growth market for methanol from both a supply and demand perspective.

Vanessa James, Senior Vice President, Marketing & Logistics

Ms. James is responsible for global marketing and logistics activities, as well as oversight of our operations in New Zealand. Together with her team, Ms. James continued to produce excellent results in achieving record sales of Methanex-produced methanol, enhancing Responsible Care practices and education programs in marketing and logistics and continuing the ongoing renewal of natural gas supply contracts to enable the continued operation of the New Zealand plants for years to come.

Harvey Weake, Senior Vice President, Manufacturing

Mr. Weake is responsible for global manufacturing operations, as well as oversight of North American operations. Mr. Weake and his team led successful start ups of both the Geismar 1 and Geismar 2 plants and led a major refurbishment of the Medicine Hat plant. Mr. Weake has driven a strong focus on reliability and enhancement of process safety management across all manufacturing sites.

Based on the corporate and personal performance achieved in 2015, the Board awarded each NEO a short-term incentive award. The personal performance results for each of the NEOs either met or exceeded expectations and the CEO assigned performance ratings for each of them in early 2016 that were subsequently reviewed by the Human Resources Committee and approved at the March 4, 2016 Board meeting. The same formula as shown earlier for the CEO is used to calculate incentives for the remaining NEOs, with the exception that the target award is 100% for the CEO and 60% for the remaining NEOs.

Long-Term Incentive Plan

The Company's long-term incentive plan is designed to retain talented executives, reward them for their contribution to the long-term successful performance of the Company and align their interests with those of long-term shareholders. All executive officers receive 50% of the value of their long-term incentive awards in stock options/SARs/TSARs and 50% in PSUs. In addition, each executive officer who is a Canadian tax resident may elect annually to receive 100%, 50% or 0% of his or her short-term incentive award as deferred share units (DSUs).

The long-term incentive plan was modified in 2010 to replace most stock options with either non-dilutive stand-alone SARs or TSARs. Shareholders approved this amendment to the stock option plan at the 2010 Annual General Meeting. Due to a potential adverse personal tax impact for employees in some jurisdictions, employees in Belgium and Trinidad continue to receive stock options and employees in Canada receive TSARs. Employees in all other jurisdictions receive stand-alone SARs.

The Company operates within a cyclical industry and there are no publicly traded peer companies that operate in the methanol industry only. The Board is focused on ensuring a strong linkage between pay and actual company performance, and has determined that grants of stock options/SARs/TSARs and PSUs for NEOs will be unaffected by relative performance to a peer group of companies which are not subject to methanol commodity price fluctuations because such a metric would tend to impact executive compensation based primarily on increases or decreases in methanol price when compared to non-methanol peers.

The annual grant of stock options/SARs/TSARs and PSUs is established at the February/March Board meeting and the grant date is the date of that Board meeting. The number of stock options/SARs/TSARs and PSUs granted to each eligible employee in any year is related to responsibility level and may be adjusted to retain key talent and for employees with longer-term potential for upward mobility. All management personnel of the Company who are eligible for annual long-term incentive awards are subject to the share ownership requirements or guidelines.

For 2015, the target award for the CEO was 300% of the salary range midpoint and 160% of the applicable salary range midpoint for all other NEOs. The target award percentage for all NEOs is determined by the Board each year. The 2015 long-term incentive plan has three components: stock options/SARs/TSARs, PSUs and deferred share units (DSUs).

a) Stock Option/SARs/TSARs Plans

Under the stock option/SARs/TSARs plans, executive officers are eligible for grants of Company stock options/SARs/TSARs. Stock options/SARs/TSARs are granted by the Board on the recommendation of the Human Resources Committee. The grant price is set equal to the closing price of the Common Shares on the TSX on the day before the date of the grant and converted to US dollars using the Bank of Canada daily noon rate on the day that the closing price is established. Stock options and all SARs and TSARs expire seven years after their date of grant. The plan expressly prohibits the re-pricing of options or the exchange of underwater options for cash or other awards. As mentioned above, all executive officers have received 50% of the value of their long-term incentive awards in stock options/SARs/TSARs and 50% in PSUs. In 2015, Mr. Floren received 120,000 TSARs, while the other NEOs individually received either 33,000 TSARs or stand-alone SARs. Mr. Floren's 2015 TSAR grant represented less than 20% of the total stock options/SARs/TSARs granted in 2015. The table below shows the number of stock options/SARs/TSARs granted in 2015 and 2014 and their ratio to outstanding shares as at December 31, 2015 and 2014, respectively.

Employee Group	Stock Options/SARs/TSARs Granted in 2015 (#)	Number of Stock Options/SARs/TSARs Granted in 2015 as a	Stock Options/SARs/TSARs Granted in 2014 (#)	Number of Stock Options/SARs/TSARs Granted in 2014 as
		Percentage of Outstanding Common Shares at Dec. 31, 2015 ⁽¹⁾ (%)		Percentage of Outstanding Common Shares at Dec. 31, 2014 ⁽²⁾ (%)
CEO	120,000	0.134	99,000	0.107
Executive Officer (5 individuals, excluding CEO)	165,000	0.184	120,000	0.130
All other managers (approximately 145 individuals)	471,795	0.526	369,140	0.400
Total	756,795	0.844	588,140	0.637

(1) The Company had 89,671,198 Common Shares outstanding as at December 31, 2015. This number assumes that all shares purchased through the Normal Course Issuer Bid as at December 31, 2015 were cancelled.

(2) The Company had 92,326,487 Common Shares outstanding as at December 31, 2014.

b) Performance Share Unit Plan

PSUs are notional shares credited to a "PSU Account." Additional PSUs corresponding to dividends declared on the Common Shares are also credited to the PSU Account. PSUs granted in any year will normally vest on December 31 in the 24th month following the end of the year in which the award was made. For example, PSUs awarded in March 2015 will vest on December 31, 2017, and at the time of vesting, a minimum of 25% to a maximum of 150% of total PSUs granted will vest depending on the Company's performance against predetermined criteria. All of the executive officers and other key management personnel are eligible to participate in the PSU Plan.

For PSUs, we currently use one performance measure, absolute Total Shareholder Return Compound Annual Growth Rate ("TSR CAGR") which aligns with shareholder expectations and maintains a strong line of sight for employees. While a majority of our comparator group do include a relative metric that can help moderate the influence of the commodity price, the challenge for the Company is that it does not have a peer group of companies whose share prices are similarly closely correlated with the price of methanol.

Methanol prices move in cycles and impact the share price on a basis that may not be related to the operational performance of the Company. The Company has no peer companies that have the same exposure to the price of methanol that it does. Measuring total shareholder return relative to companies that do not have this commodity price exposure would not achieve the desired result of rewarding industry out-performance, rather it would reward management for increases in commodity price and penalize them

46

for decreases in commodity price, without regard for operational performance. Accordingly, the Company has determined that a relative total shareholder return metric is not an effective metric for its PSUs.

For PSUs granted in 2015, the performance criterion is TSR CAGR over the period from January 1, 2015 to December 31, 2017 (the "Measurement Period"). TSR CAGR is calculated as the change (if any) in value of an initial hypothetical investment of USD \$100 in shares expressed as a percentage and determined on an annual and compounded basis over the Measurement Period, with dividends assumed to be reinvested.

The following table shows the TSR CAGR performance levels used to determine the number of PSUs that will actually vest based on the degree to which the TSR CAGR was achieved during the applicable Measurement Period.

Performance Measure TSR CAGR ⁽¹⁾	Vesting Scale Percentage of PSUs Vesting ⁽²⁾
Equal to or less than 8%	25%
12%	100%
Equal to or greater than 16%	150%

(1) Prior to 2014, the performance measure TSR CAGR was 6%, 8% and 10%, respectively.

(2) Prior to 2014, the vesting scale was 50%, 100% and 120% as discussed in the paragraph immediately below.

The factor by which the vested PSUs are calculated is pro-rated between the minimum, target and maximum TSR CAGR depending on actual performance. The Company operates within a cyclical industry. PSUs are designed to both focus management efforts on performance while retaining employees in down cycles. To more fully align with the interests of shareholders and to increase the percentage of performance-based pay, commencing in 2014, the payout range for the PSUs that will vest at the end of the Measurement Period broadened to a minimum of 25% and a maximum of 150% of PSUs granted.

The following table shows the actual vesting levels of PSUs that have vested since the PSU Plan was implemented.

PSU Grant Date (Feb/March)	PSU Vesting Date (December 31)	Actual Percentage of PSUs Vested
2006	2008	50%
2007	2009	50%
2008	2010	50%
2009	2011	120%
2010	2012	120%
2011	2013	120%
2012	2014	120%
2013	2015	120%

In 2015, Mr. Floren received 26,000 PSUs and the other NEOs each received 6,000 PSUs as part of their 2015 long-term incentive awards. In 2015, the CEO's PSU grant represented less than 20% of the total PSUs granted in that year.

In general, following the vesting of the PSUs, an employee receives an amount of cash equal to one-half of the value of their vested PSUs (less withholding tax) and a number of Common Shares equal to one-half of the number of vested PSUs. These Common Shares are purchased on behalf of employees in the open market. Half of the outstanding PSUs held by an employee are considered when determining whether the individual is meeting share ownership requirements. PSUs do not entitle participants to any voting or other shareholder rights.

c) Deferred Share Unit Plan

Under the DSU Plan, each executive officer who is a Canadian tax resident may elect annually to receive 100%, 50% or 0% of his or her short-term incentive award as DSUs. Such election must be made by the officer in mid-December of the fiscal year to which the award relates. The actual number of DSUs granted to an executive officer with respect to an executive officer's short-term incentive award is calculated in March of the following calendar year by dividing the dollar amount elected to the DSU Plan by the average daily closing price of the Common Shares on the TSX on

the last 90 days of the prior calendar year.

47

A DSU account is credited with notional grants of DSUs received by each DSU Plan member. Additional DSUs are credited to DSU Plan members corresponding to dividends declared on the Common Shares. DSUs do not entitle a DSU Plan member to any voting or other shareholder rights. DSUs count towards the achievement of share ownership requirements.

DSUs held by executive officers are redeemable only after the date on which the executive officer's employment with the Company ceases or upon death ("Termination Date") and a lump-sum cash payment, net of any withholdings, is made after the executive officer chooses a valuation date. For DSUs granted after January 1, 2008, executive officers may choose a valuation date falling between the Termination Date and December 1 of the first calendar year beginning after the Termination Date, but the executive officer cannot choose a retroactive date. For DSUs granted prior to January 1, 2008, the valuation date chosen may fall on any date within a period beginning one year before the Termination Date and ending on December 1 of the first calendar year beginning after the Termination Date. The lump-sum amount is calculated by multiplying the number of DSUs held in the account by the closing price of the Common Shares on the TSX on the valuation date.

Benefits and Perquisites

Benefits and perquisites for executive officers include participation in retirement plans, as well as benefits such as extended health and dental care, life insurance and disability benefits that are extended to all employees. Executive officers may also participate in the Company's Employee Share Purchase Plan, in which all employees are eligible to participate. The Employee Share Purchase Plan allows all employees to regularly contribute up to 15% of their base salary into an account to purchase Common Shares. The Company contributes into the account an amount of cash equal to one-half of the employee's cash contribution to a maximum of 5% of base salary. The combined funds in the account are, on a semi-monthly basis, used to purchase Common Shares in the open market. Since 2008, the Company has provided a single, fixed amount, taxable perquisite allowance for executives for financial planning, automobile, social club, health, fitness and household security in lieu of individual allowances for each perquisite.

Total Compensation Expense

The total compensation expense as disclosed in the Summary Compensation Table attributable to the NEOs was not a significant percentage (less than 1%) of the Company's revenue in 2015.

Total Shareholder Return Comparison

The following graph compares the total cumulative shareholder return for \$100 invested in Common Shares on December 31, 2010 with the cumulative total return of the S&P/TSX Composite Index, for the five most recently completed financial years. All amounts in the following graph and table are in Canadian dollars.

	Dec. 31, 2011	Dec. 31, 2012	Dec. 31, 2013	Dec. 31, 2014	Dec 31, 2015
Methanex Total Return ⁽¹⁾	\$79	\$110	\$222	\$192	\$168
S&P/TSX Composite Index Total Return	\$91	\$98	\$111	\$122	\$112

(1) For Total Return calculations, dividends declared on Common Shares are assumed to be reinvested at the closing price on the dividend payment date.

Trend in Total Shareholder Return Compared to Trend in Executive Compensation

Aggregate NEO total compensation over the last five years is shown in the table below. NEO total compensation in 2015 (as disclosed in the Summary Compensation Table) is approximately 3% more than it was in 2011. Aggregate NEO total compensation increased by approximately 13% from 2011 to 2012, increased by less than 1% from 2012 to 2013, increased by approximately 2% from 2013 to 2014 and decreased by 11% from 2014 to 2015.

	2011	2012	2013	2014	2015
NEO Total Compensation (millions)	\$12.1	\$13.7	\$13.8	\$14.1	\$12.5

However, a comparison of NEO total compensation to the total cumulative shareholder return over a period of time does not accurately illustrate the linkages between NEO total compensation and total shareholder return. A more useful comparison is based on total compensation earned by the NEOs, including the impact of the change in value of previously granted stock options/SARs/TSARs and PSUs. The value of outstanding stock options/SARs/TSARs and PSUs varies based on the share price at the time of valuation.

The following graph illustrates the annual change in cumulative total shareholder return on a \$100 investment in the Company's Common Shares compared with the Aggregate Annual NEO Compensation (defined in footnote (1) below) of NEOs in each year of the five-year period ending on December 31, 2015 and demonstrates the close link between the two.

(1) Aggregate Annual NEO Compensation for each year is calculated by adding the realized compensation for all NEOs in such year to the total change in NEO unrealized compensation year over year.

Realized compensation is calculated by adding base salary, plus annual incentive earned in that year (and paid in the following year) as reported in the Summary Compensation Table plus the realized value for exercised stock options/SARs/TSARs and settled PSUs in that year.

The total change in unrealized compensation is the difference between the value of all outstanding stock options/SARs/TSARs and PSUs at December 31 of the current year and the value of all outstanding stock options/SARs/TSARs and PSUs at December 31 of the previous year. This also includes the difference between the actual proceeds the NEO received from exercised stock options/SARs/TSARs and/or settled PSUs in the current year and the value of those stock options/SARs/TSARs and PSUs at December 31 of the previous year.

Aggregate Annual NEO Compensation does not include changes in the value of Common Shares held. All executive officers are subject to share ownership requirements. See "Share Ownership Requirements" for more information.

(2) Annual Change in Cumulative TSR reflects the annual change in total cumulative shareholder return for \$100 invested in Common Shares over the five-year period beginning on December 31, 2010 as set out in the table under the heading "Total Shareholder Return Comparison" on page 48.

For the purposes of this graph, the values for outstanding stock options/SARs/TSARs and PSUs are calculated using the Canadian dollar closing price of the Common Shares on the TSX on December 31 for each of the years included in this graph. The value of all outstanding stock options/SARs/TSARs at December 31 is calculated using the difference between the closing price of the Common Shares on the TSX on that date and the exercise price and number of outstanding stock options/SARs/TSARs on that date for each grant. The value of all outstanding PSUs at December 31 is calculated using the closing price of the Common Shares on the TSX on that date and the number of outstanding PSUs on that date.

The following tables detail the President & CEO's and all other NEOs' total realized compensation plus total unrealized compensation for each of the last five years as depicted in the above graph and as described in the footnotes to that graph.

CEO	2011	2012	2013 ⁽¹⁾	2014 ⁽²⁾	2015
Realized Compensation					
Base Salary	1,220,250	1,281,500	750,250	844,750	932,000
Annual Incentive	1,250,000	1,070,000	1,508,000	1,470,000	751,000
Stock Options/SARs/TSARs: Value Realized on Exercise	72,801	4,277,129	1,372,052	1,691,888	2,330,903
PSUs: Value Realized on Settlement	1,022,430	2,171,519	583,967	703,359	762,442
Total Realized Compensation	3,565,481	8,800,148	4,214,269	4,709,997	4,776,345
Unrealized Compensation					
Outstanding Stock					
Options/SARs/TSARs: Unrealized Change at December 31 of each year	(6,852,790)	4,076,911	9,034,153	(5,243,624)	(4,802,034)
Outstanding PSUs: Unrealized Change at December 31 of each year	(1,745,782)	1,384,313	3,191,764	134,297	130,991
Total Change in Unrealized Compensation	(8,598,572)	5,461,224	12,225,917	(5,109,327)	(4,671,043)
Total Realized Compensation + Total Change in Unrealized Compensation	(5,033,091)	14,261,372	16,440,186	(399,330)	105,302
All Other NEOs - Aggregate	2011	2012	2013⁽¹⁾	2014⁽²⁾	2015
Realized Compensation					
Base Salary	1,896,000	1,984,741	1,717,750	1,751,000	1,791,500
Annual Incentive	1,319,000	1,107,000	1,656,000	1,570,000	746,000
Stock Options/SARs/TSARs: Value Realized on Exercise	1,326,762	1,436,258	7,287,752	1,918,480	3,713,489
PSUs: Value Realized on Settlement	749,780	1,590,408	1,422,246	1,834,300	1,948,781
Total Realized Compensation	5,291,542	6,118,407	12,083,748	7,073,780	8,199,770
Unrealized Compensation					
Outstanding Stock					
Options/SARs/TSARs: Unrealized Change at December 31 of each year	(5,496,307)	4,588,110	12,378,566	(7,495,217)	(7,905,691)
Outstanding PSUs: Unrealized Change at December 31 of each year	(1,334,006)	963,117	3,075,378	(837,727)	(898,880)
Total Change in Unrealized Compensation	(6,830,313)	5,551,227	15,453,944	(8,332,944)	(8,804,571)
Total Realized Compensation + Total Change in Unrealized Compensation	(1,538,771)	11,669,634	27,537,692	(1,259,164)	(604,801)

(1) The increase in total realized and unrealized compensation from 2012 to 2013 was predominately attributable to the increase in share price and increase in numbers of vested and unvested long-term incentive units.

(2) The decrease in total realized and unrealized compensation from 2013 to 2014 was mainly attributable to the decrease in share price.

(3) The decrease in unrealized compensation from 2014 to 2015 was mainly attributable to the decrease in share price.

Stress-Testing CEO Compensation

While annual compensation awards made to the CEO are based on current year corporate and personal performance, the ultimate value from long-term incentive plan awards is linked to, and dependent upon, the Company's ability to replicate and sustain successful annual performance over the longer term. In July 2012, the Human Resources Committee reviewed a seven-year look-back total take analysis for the former CEO that confirmed that there were appropriate performance linkages and found that there was a reasonable relationship between the CEO's total compensation relative to total shareholder return. We anticipate conducting a four-year look-back total take analysis for the current CEO in 2017, reflecting the four year period from his appointment on January 1, 2013 to December 31, 2016. In 2014, Willis Towers Watson conducted a five-year look forward total take analysis for the current CEO which found that, compared to other mid-cap companies in their database and considering the Company's size and target compensation, the relationship between shareholder value created and the CEO's total-take was reasonable.

Share Ownership Requirements

Each executive officer is required to own Common Shares having a value equal to at least, in the case of the CEO, five times annual base salary and, in the case of each of the other executive officers, three times annual base salary. Half of the value of PSUs and the full value of DSUs held by an executive officer are considered when determining whether executives are meeting their share ownership requirements. Executive officers are expected to use the cash proceeds (if any) from the exercise of stock options/SARs/TSARs or the vesting of PSUs to achieve their share ownership requirement. Executive officers are expected to make steady progress toward meeting these requirements and the full requirements must be met within five years from the date that each individual became an executive officer. All other management personnel of the Company that are eligible to receive long-term incentives are subject to share ownership guidelines appropriate to the level of their position.

The following table summarizes the relationship between the share ownership position of each of the NEOs and the share ownership requirement applicable to each of them as at December 31, 2015.

Named Executive Officer	Minimum Ownership Requirement (as Multiple of Base Salary)	Common Shares Beneficially Owned or over Which Control or Direction is Exercised (Units)	Value of Shares (\$)	PSUs Held (50% of Balance) (Units)	Value of PSUs (\$)	DSUs Held (Units)	Value of DSUs (\$)	Total Holdings (Units)	Value of Total Holdings (incl 50% of PSUs Held) (\$)	Ownership Requirement Achieved (as Multiple of Base Salary) ⁽¹⁾
John	5 times	80,601	\$4,138,055	50,242
