Item 8.01. Other Events

Ion Geophysical Corporation (the “Company”) is filing this Current Report on Form 8-K to recast certain previously reported amounts to reflect a change in segment reporting with respect to financial information contained in the Company’s Annual Report on Form 10-K for the year ended December 31, 2015 filed on February 11, 2016 (the “2015 Form 10-K”). The information included in this Current Report on Form 8-K does not in any way restate or revise the financial position, results of operations, cash flow or stockholders’ equity in any previously reported Consolidated Balance Sheet, Consolidated Statements of Operations, Consolidated Statement of Comprehensive Loss, Consolidated Statements of Stockholders’ Equity or Consolidated Statements of Cash Flows for the Company. Neither this Form 8-K nor the Exhibit hereto reflect any events occurring after February 11, 2016 or modify or update the disclosures in the 2015 Form 10-K that may be affected by subsequent events except for the change in segment reporting described below. Accordingly, this Form 8-K should be read in conjunction with the 2015 Form 10-K and the Company’s subsequent filings made with the Securities and Exchange Commission.

In August 2016, the Company announced its plans to realign its four business segments into three. Beginning in the third quarter of 2016, the Company changed its reportable segments as described below:

- E&P Technology & Services, formerly referred to as Solutions, continues to be comprised of the groups that support the Company’s New Venture and Data Library (together multi-client) revenues and Imaging Services group.
- E&P Operations Optimization is comprised of Devices, formerly referred to as Systems, and Optimization Software & Services, formerly referred to as Software. The manufacturing, engineering, research and development of ocean bottom systems is no longer a part of Devices, and are now within Ocean Bottom Services as noted below.
- Ocean Bottom Services is comprised of OceanGeo, an ocean bottom data acquisition services company along with the manufacturing, engineering, research and development of ocean bottom systems.
