Item 8.01 Results of Operations and Financial Condition

On November 5, 2018, the Company's Board of Directors announced the completion of its previously announced share repurchase plan of approximately 2% of common shares outstanding. The Company also announced the authorization of a new repurchase plan of up to 2,765,000 shares of the Company's outstanding common stock. The repurchase authorization equates to approximately 5% of the total shares outstanding. Stock repurchases under the new program will be made from time to time, on the open market or in privately negotiated transactions, at the discretion of the management of the Company and in accordance with the limitations set forth in Rule 10b-18 of the Securities and Exchange Commission and other applicable legal requirements. The timing of these repurchases will depend on market conditions and other requirements. The Company currently anticipates the share repurchase program will extend over a two-year time frame, or earlier if the shares have been repurchased. The share repurchase program does not obligate the Company to repurchase any dollar amount or number of shares, and the program may be extended, modified, suspended, or discontinued at any time.
