PROXY STATEMENT

The enclosed proxy is solicited on behalf of the Board of Directors (“Board”) of VistaGen Therapeutics, Inc., a Nevada corporation (the “Company”), for use at the Company’s 2017 Annual Meeting of Stockholders (“Annual Meeting”) to be held on September 15, 2017, at 10:00 a.m. local time, and at any adjournment or postponement thereof, at the San Francisco Airport Marriott Waterfront Hotel, located at 1800 Old Bayshore Highway, Burlingame, California 94010.

We have elected to provide access to the proxy materials for the Annual Meeting primarily over the Internet in accordance with the U.S. Securities and Exchange Commission’s (“SEC”) “notice and access” rules. On or about August 4, 2017, we mailed a Notice of Internet Availability of Proxy Materials (the “Notice”) to each of our stockholders entitled to notice of and to vote at our Annual Meeting. The Notice contained instructions for accessing this Proxy Statement, our Annual Report on SEC Form 10—K for our fiscal year ended March 31, 2017 (“Annual Report”) and Annual Meeting voting instructions. The Notice also included instructions on how you can receive a paper copy of your proxy materials. This Proxy Statement and our Annual Report both are available on the Internet at: www.envisionreports.com/VTGN

Voting

The specific proposals to be considered and acted upon at our Annual Meeting are each described in this Proxy Statement. Only holders of our common stock as of the close of business on Monday, July 17, 2017 (the “Record Date”) are entitled to notice of and to vote at the Annual Meeting. On the Record Date, there were 9,351,472 shares of common stock issued and outstanding. Each holder of common stock is entitled to one vote for each share held as of the Record Date.

Quorum

In order for any business to be conducted at the Annual Meeting, the holders of more than 50% of the shares entitled to vote must be represented at the Annual Meeting, either in person or by properly executed proxy. If a quorum is not present at the scheduled time of the Annual Meeting, the stockholders who are present may adjourn the Annual Meeting until a quorum is present. The time and place of the adjourned Annual Meeting will be announced at the time the adjournment is taken, and no other notice will be given. An adjournment will have no effect on the business that may be conducted at the Annual Meeting.

Required Vote for Approval

Proposal No. 1: Election of Directors. The five nominees who receive the greatest number of votes cast at the Annual Meeting by the shares present, either in person or by proxy and entitled to vote, will be elected to serve on our Board of Directors until our next annual meeting of stockholders, or until his successor is duly elected and qualified.

Proposal No. 2: Approval of an Amendment to the Company's Restated and Amended Articles of Incorporation to Increase the Company’s Authorized Common Stock. On June 22, 2017, our Board of Directors unanimously approved an amendment to our Restated and Amended Articles of Incorporation to increase the number authorized shares of

common stock from thereunder 30.0 million to 100.0 million (the “Charter Amendment”). Pursuant to our Restated and Amended Articles of Incorporation, our Amended and Restated Bylaws and the Nevada Revised Statutes, the Charter Amendment must be approved by the Company’s stockholders before taking effect. A copy of the Charter Amendment is attached to this Proxy Statement as Appendix A. The affirmative “FOR” vote by a majority of our outstanding shares of common stock entitled to vote as of the Record Date is required to approve this proposal.

Proposal No. 3: Approval of an Amendment to the Company’s Amended and Restated 2016 Stock Incentive Plan to Increase the Number of Shares Authorized for Issuance. Our Board of Directors unanimously approved an amendment to the Company’s Amended and Restated 2016 Stock Incentive Plan (the “2016 Plan”) on June 22, 2017 to increase the number of shares of the Company’s common stock authorized for potential issuance under the 2016 Plan from 3.0 million to 10.0 million, which amendment must be approved by the Company’s stockholders before taking effect (the “Plan Amendment”). A copy of the Plan Amendment is attached to this Proxy Statement as Appendix B. The affirmative “FOR” vote of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote is necessary for the approval of this proposal.

Proposal No. 4: Ratification of Appointment of our Independent Registered Public Accounting Firm. The affirmative “FOR” vote of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote is required for the ratification of the selection of OUM & Co. LLP as our independent registered public accounting firm for our current fiscal year.

Abstentions and Broker Non-Votes

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. An abstention is the voluntary act of not voting by a stockholder who is present at a meeting and entitled to vote. A broker “non-vote” occurs when a broker nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary power for that particular item and has not received instructions from the beneficial owner. If you hold your shares in “street name” through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. If you do not give your broker or nominee specific instructions regarding such matters, your proxy will be deemed a “broker non-vote.”

As noted above, the five director nominees identified under Proposal No. 1 who receive the most votes at the Annual Meeting will be elected, thus abstentions and broker non-votes will have no effect on the outcome of Proposal No. 1.

Pursuant to the Nevada Revised Statutes, Proposal No. 2 must be approved by the affirmative vote of a majority of the outstanding shares of our common stock entitled to vote as of the Record Date. Abstentions and any broker non-votes cast with respect to Proposal No. 2 will have the same effect as a vote against Proposal No. 2.

Under Nevada law and our Amended and Restated Bylaws, Proposal Nos. 3 and 4 will be determined by the vote of the holders of a majority of the voting power present or represented by proxy at the Annual Meeting. For these matters, abstentions and any broker non-votes cast will not be counted as votes in favor of such proposals, and will also not be counted as shares voting on such matter.

Voting and Revocation of Proxies

If your proxy is properly returned to the Company, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If you return your proxy without specifying how the shares represented thereby are to be voted, the proxy will be voted in the manner unanimously approved by our Board of Directors, as follows: (i) FOR the election of the director nominees proposed by our Board; (ii) FOR the approval of the Charter Amendment; (iii) FOR the approval of the Plan Amendment; (iv) FOR ratification of the appointment of OUM & Co. LLP as our independent registered public accounting firm for our current fiscal year; and (v) at the discretion of the proxy holders on any other matter that may properly come before the Annual Meeting or any adjournment or postponement thereof.

You may revoke or change your proxy at any time before the Annual Meeting by filing, with our Corporate Secretary at our principal executive offices, located at 343 Allerton Avenue, South San Francisco, California 94080, a notice of revocation or another signed proxy with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting alone will not revoke your proxy. If you are a stockholder whose shares are not registered in your own name, you will need additional documentation from your broker or record holder to vote personally at the Annual Meeting.

Solicitation

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of the Notice, as well as the preparation and posting on the Internet of this Proxy Statement and any additional solicitation materials furnished to the stockholders. Copies of any solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation materials to such beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies may be

supplemented by a solicitation, by telephone, e-mail or other means, by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services. Except as described above, we do not presently intend to solicit proxies other than by the Internet, telephone and postal mail.

Director Compensation

We adopted a director compensation policy for the independent directors of our board, as "independent" is defined by NASDAQ Stock Market rules, which became effective for our fiscal year beginning April 1, 2014. Under the independent director compensation policy, our independent directors are entitled to receive a \$25,000 annual retainer, payable in cash or shares of our common stock. For service on a committee of the Board, an independent director is entitled to receive an additional annual cash retainer of \$7,500 for Audit and Compensation Committee members and \$5,000 for Corporate Governance and Nominating Committee members. In lieu of the annual cash retainer for committee participation, each independent director serving as a chair of a Board committee shall receive an annual

cash retainer of \$15,000 for Audit and Compensation Committee chairs and \$10,000 for the Corporate Governance and Nominating Committee chair. In addition, each independent director will also receive an annual grant of an option or warrant to purchase a minimum of 12,000 shares of our common stock, which will vest monthly over a one –year period from the date of grant. Prorated grants will be made for partial years of service.

We paid our independent directors cash compensation consistent with the policy noted above during our fiscal year ended March 31, 2017. To conserve cash for our operations, we had accrued, but had not paid, our independent directors any cash compensation during the period January 1, 2012 through March 31, 2016. We paid all such unpaid amounts, aggregating \$278,500, during fiscal 2017.

During the year ended March 31, 2017, we granted options to purchase 25,000 shares of our common stock at \$3.49 per share to each of our three independent directors in June 2016, and in November 2016 we granted options to purchase an additional 25,000 shares of our common stock at \$3.80 to each of our three independent directors. Subsequent to March 31, 2017, we granted options to purchase 35,000 shares of our common stock at \$1.96 per share to each of our three independent directors.

The following table sets forth a summary of the compensation earned by our independent, non-employee directors in our fiscal year ended March 31, 2017.

Board Attendance at Board of Directors, Committee and Stockholder Meetings

Our Board met four times and acted by unanimous written consent six times during our fiscal year ended March 31, 2017. Our Audit Committee met four times. Our Compensation Committee requested action by the entire Board for grants of various equity securities and for amendments of certain executive employment agreements. Our Corporate Governance and Nominating Committee requested action by the entire Board with respect to resolutions to be presented to our stockholders at the annual meeting of stockholders and Board committee assignments. With the exception of Dr. Underdown, who was unable to attend one Board meeting due to international travel, each director serving during Fiscal 2017 attended all of the meetings of the Board and the committees of the Board upon which such director served that were held during the term of his service.

We do not have a formal policy regarding attendance by members of the Board at our Annual Meeting of Stockholders, but directors are encouraged to attend. With the exception of Dr. Underdown, each of our directors attended our 2016 Annual Meeting of Stockholders in person.

Independent Directors

Our securities are currently listed on the NASDAQ Capital Market, which requires that a majority of our directors be independent. Accordingly, we evaluate director independence under the standards established by the SEC and the NASDAQ Stock Market.

Subject to some exceptions, these standards generally provide that a director will not be independent if (a) the director is, or in the past three years has been, an employee of ours; (b) a member of the director's immediate family is, or in the past three years has been, an executive officer of ours; (c) the director or a member of the director's immediate family has received more than \$120,000 per year in direct compensation from us other than for service as a director (or for a family member, as a non-executive employee); (d) the director or a member of the director's immediate family is, or in the past three years has been, employed in a professional capacity by our independent public accountants, or has worked for such firm in any capacity on our audit; (e) the director or a member of the director's immediate family is, or in the past three years has been, employed as an executive officer of a company where one of our executive officers serves on the compensation committee; or (f) the director or a member of the director's immediate family is an executive officer of a company that makes payments to, or receives payments from, us in an amount which, in any twelve-month period during the past three years, exceeds the greater of \$1,000,000 or two percent of that other company's consolidated gross revenues.

Our Board has undertaken a review of its composition, the composition of its committees and the independence of each director. Based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships, our Board has determined that Mr. Saxe, Dr. Underdown and Dr. Gin are each "independent" as that term is defined by the rules of the NASDAQ Stock Market. Our Board has also determined that Mr. Saxe, Dr. Underdown and Dr. Gin, who together comprise our Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee, satisfy the independence standards set forth in the NASDAQ Stock Market rules. In making these determinations, our Board considered the current and prior relationships that each non-employee director has with the Company and all other facts and circumstances that our Board deemed relevant.

Board Committees and Charters

Our Board has established an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. The composition and responsibilities of each committee are described below. Members serve on these committees until their resignation or until otherwise determined by our Board. Effective on April 1, 2017,

only our independent directors, Mr. Saxe, Dr. Underdown and Dr. Gin, serve as members of each of these committees.

-7-

The Audit Committee of our Board is comprised of Mr. Saxe, who serves as the committee chairman, Dr. Underdown and Dr. Gin. Mr. Saxe is also our Audit Committee financial expert, as that term is defined under SEC rules implementing Section 407 of the Sarbanes Oxley Act of 2002, and possesses the requisite financial sophistication, as defined under applicable rules. The Audit Committee operates under a written charter. Our Audit Committee charter is available on our website. Under its charter, our Audit Committee is primarily responsible for, among other things, the following:

overseeing our accounting and financial reporting process;

selecting, retaining and replacing our independent auditors and evaluating their qualifications, independence and performance;

reviewing and approving scope of the annual audit and audit fees;

monitoring rotation of partners of independent auditors on engagement team as required by law;

discussing with management and independent auditors the results of annual audit and review of quarterly financial statements;

reviewing adequacy and effectiveness of internal control policies and procedures;

approving retention of independent auditors to perform any proposed permissible non-audit services;

overseeing internal audit functions and annually reviewing audit committee charter and committee performance; and

preparing the audit committee report that the SEC requires in our annual proxy statement.

Compensation Committee

The Compensation Committee of our Board is comprised of Dr. Underdown, who serves as the committee chairman, Mr. Saxe, and Dr. Gin. Our Compensation Committee charter is available on our website. Under its charter, the Compensation Committee is primarily responsible for, among other things, the following:

reviewing and approving our compensation programs and arrangements applicable to our executive officers (as defined in Rule I 6a-I (f) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), including all employment-related agreements or arrangements under which compensatory benefits are awarded or paid to, or earned or received by, our executive officers, including, without limitation, employment, severance, change of control and similar agreements or arrangements;

determining the objectives of our executive officer compensation programs;

ensuring corporate performance measures and goals regarding executive officer compensation are set and determining the extent to which they are achieved and any related compensation earned;

establishing goals and objectives relevant to Chief Executive Officer compensation, evaluating Chief Executive Officer performance in light of such goals and objectives, and determining Chief Executive Officer compensation based on the evaluation;

endeavoring to ensure that our executive compensation programs are effective in attracting and retaining key employees and reinforcing business strategies and objectives for enhancing stockholder value, monitoring the administration of incentive-compensation plans and equity-based incentive plans as in effect and as adopted from time to time by the Board;

reviewing and approving any new equity compensation plan or any material change to an existing plan; and

reviewing and approving any stock option award or any other type of award as may be required for complying with any tax, securities, or other regulatory requirement, or otherwise determined to be appropriate or desirable by the committee or Board.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee of our Board is comprised of Dr. Gin, who serves as the committee chairman, Mr. Saxe and Dr. Underdown. Our Corporate Governance and Nominating Committee charter is available on our website. Under its charter, the Corporate Governance and Nominating Committee is primarily responsible for, among other things, the following:

monitoring the size and composition of the Board;

making recommendations to the board with respect to the nominations or elections of our directors;

reviewing the adequacy of our corporate governance policies and procedures and our Code of Business Conduct and Ethics, and recommending any proposed changes to the board for approval; and

considering any requests for waivers from our Code of Business Conduct and Ethics and ensure that we disclose such waivers as may be required by the exchange on which we are listed, if any, and rules and regulations of the SEC.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of our Board consists of Dr. Underdown, Mr. Saxe and Dr. Gin, each of whom is an independent, non-employee director. None of the members of the Compensation Committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Board Leadership Structure

The Board currently separates the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. Our Chief Executive Officer, who is also a member of our Board, is responsible for setting the strategic direction of the Company and the day-to-day leadership and performance of the Company, while the Chairman of the Board provides guidance to the Chief Executive Officer and sets the agenda for the Board meetings and presides over meetings of the Board. Although these roles are currently separate, the Board believes it should be able to freely select the Chairman of the Board based on criteria that it deems to be in the best interest of the Company and its stockholders, and therefore one person may, in the future, serve as both the Chief Executive Officer and Chairman of the Board.

Board Role in Risk Assessment

Management, in consultation with outside professionals, as applicable, identifies risks associated with the Company's operations, strategies and financial statements. Risk assessment is also performed through periodic reports received by the Audit Committee from management, counsel and the Company's independent registered public accountants relating to risk assessment and management. Audit Committee members meet privately in executive sessions with representatives of the Company's independent registered public accountants. The Board also provides risk oversight through its periodic reviews of the financial and operational performance of the Company.

Code of Ethics

We have adopted a Code of Business Conduct and Ethics applicable to our employees, officers and directors. Our Code of Business Conduct and Ethics is available on our website at www.vistagen.com. We intend to disclose any future amendments to certain provisions of our Code of Business Conduct and Ethics, or waivers of these provisions, on our website or in filings with the SEC under the Exchange Act.

Stockholder Communications

If you wish to communicate with the Board, you may send your communication in writing to:

VistaGen Therapeutics, Inc.

South San Francisco, California 94080
Attn: Corporate Secretary

You must include your name and address in the written communication and indicate whether you are a stockholder of the Company. The Secretary will review any communication received from a stockholder, and all material and appropriate communications from stockholders will be forwarded to the appropriate director or directors or committee of the Board based on the subject matter.

PROPOSAL NO. 2

APPROVAL OF AN AMENDMENT TO THE COMPANY'S RESTATED AND AMENDED ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK AUTHORIZED FOR POTENTIAL FUTURE ISSUANCE FROM 30,000,000 TO 100,000,000

On June 22, 2017, our Board unanimously approved an amendment to our Restated and Amended Articles of Incorporation to increase the number of shares of common stock authorized for potential future issuance from 30.0 million to 100.0 million (the "Charter Amendment"). Our stockholders are being asked to approve the Charter Amendment in the form attached hereto as Appendix A.

Purpose of the Charter Amendment

On July 17, 2017, we had 9,351,472 shares of common stock issued and outstanding, 8,116,075 shares of common stock that were authorized but unissued, and 12,532,453 shares reserved for future issuance, consisting of (i) 750,000 shares issuable upon conversion of the 500,000 outstanding shares of our Series A Preferred Stock, (ii) 1,160,240 shares issuable upon conversion of the 1,160,240 outstanding shares of our Series B Convertible Preferred Stock ("Series B Preferred"), (iii) 663,460 shares reserved for issuance as payment of accrued but unpaid dividends on outstanding shares of Series B Preferred, (iv) 2,318,012 shares issuable upon conversion of the 2,318,012 outstanding shares of our Series C Convertible Preferred Stock, (v) 4,796,506 shares issuable upon exercise of outstanding warrants, and (vi) 2,844,235 shares issuable upon exercise of outstanding stock options or reserved for future stock option grants under our stock option plans.

The Board believes that the availability of additional authorized shares of common stock will provide the Company with necessary flexibility to issue common stock for a variety of corporate finance and general corporate purposes as the Board may determine from time to time in the future to be desirable including, without limitation, raising operating capital for research and development and general corporate purposes in connection with registered public offering and/or private placement transactions with accredited investors, future financing activities related to strategic partnering transactions, investment in pipeline-enabling product candidate and technology licensing and acquisition opportunities or other distributions to advance our corporate objectives intended to generate value for our stockholders. In addition, in the event stockholders approve the Plan Amendment under Proposal No. 3 below, the shares of common stock made available by the Charter Amendment will also allow the Company to reserve shares of common stock authorized for issuance by the Plan Amendment.

Without the proposed increase in the number of authorized shares of common stock, the Board believes that number of remaining common shares currently authorized under our Restated and Amended Articles of Incorporation may be insufficient to accomplish our corporate objectives intended to generate value for our stockholders, which may include utilizing the Company's shelf registration statement on SEC Form S-3 (File No. 333-215671), when and if the Board determines it is advisable and in the best interests of the Company's stockholders to do so. Further, if the Plan Amendment, but not the Charter Amendment, is approved by stockholders, we may not have sufficient shares of common stock available to issue under the 2016 Plan. We believe that having the additional authorized shares available to the Company for issuance, upon approval of the Board, will be beneficial to us and our stockholders by allowing us the opportunity to accomplish our corporate objectives and to promptly consider and respond to future business opportunities as they may arise, including in relation to capital raising activities to fund our ongoing clinical and non-clinical development of AV--101, our new generation oral central nervous system prodrug candidate in Phase 2 clinical development for treatment of Major Depressive Disorder, or to conduct other clinical trials or other studies. The delay involved in calling and holding a stockholders' meeting to approve an increase in authorized shares at the time a business opportunity presents itself may prevent us from timely pursuing and realizing that opportunity,

and may significantly adversely affect the economic or strategic value of that opportunity to the Company and our stockholders.

The Board has not authorized the Company to take any action with respect to any of the additional shares of common stock that would be authorized under this Proposal No. 2, and the Company currently does not have any definitive plan, arrangement or understanding with respect to the issuance of any of the additional shares of common stock that would be authorized by the proposed Charter Amendment.

Anti-Takeover Effects

The proposed Charter Amendment could, under certain circumstances, have an anti-takeover effect or delay or prevent a change in control of the Company by providing the Company the capability to engage in actions that would be dilutive to a potential acquirer, to pursue alternative transactions, or to otherwise increase the potential cost to acquire control of the Company. Thus, while the Company currently has no intent to employ the additional unissued authorized shares as an anti-takeover device, the proposed Charter Amendment may have the effect of discouraging future unsolicited takeover attempts. The Board is not aware of any such attempt to take control of the Company, and would act in the best interest of shareholders if any attempt was made. The proposed amendment has been prompted by business and financial considerations.

Effect of Charter Amendment

The proposed increase in the number of authorized shares of the Company's common stock pursuant to the Charter Amendment will not change the number of shares of the Company's common stock outstanding, nor will it have any immediate dilutive effect or change the rights of current holders of the Company's common stock. However, the issuance of additional shares of common stock authorized by the Charter Amendment may occur at times or under circumstances in the future so as to have a dilutive effect on earnings per share, book value per share or the percentage voting or ownership interest of the present holders of the Company's common stock.

If this Proposal No. 2 is approved, no further action by the stockholders will be necessary prior to the issuance of additional shares of common stock unless required by law, the NASDAQ Stock Market, or the rules of any stock exchange or national securities association on which the common stock is then listed or quoted. Under the proposed Charter Amendment, each of the newly authorized shares of common stock will have the same rights and privileges as currently authorized common stock. Adoption of the Charter Amendment will not affect the rights of the holders of currently outstanding common stock of the Company nor will it change the par value of the common stock, which will remain \$0.001 per share. If the proposed Charter amendment is adopted, it will become effective upon filing of an amendment to the Company's Restated and Amended Articles of Incorporation with the Nevada Secretary of State.

Vote Required and Recommendation

The affirmative vote of a majority of the outstanding shares of our common stock entitled to vote as of the Record Date is required to approve this Proposal No. 2 to increase the number of shares of common stock authorized under our Restated and Amended Articles of Incorporation from 30.0 million to 100.0 million.

The Board unanimously recommends that stockholders vote "FOR" approval of the Charter Amendment to increase the number of shares authorized under the Company's Restated and Amended Articles of Incorporation from 30.0 million to 100.0 million.

PROPOSAL NO. 3

APPROVAL OF AN AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED 2016 STOCK INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES AUTHORIZED FOR POTENTIAL ISSUANCE

General

Our Board unanimously approved the Company's Amended and Restated 2016 Stock Incentive Plan, formerly titled the 2008 Stock Incentive Plan (the "2016 Plan"), on July 26, 2016, and the 2016 Plan was approved by our stockholders at our 2016 Annual Meeting of Stockholders on September 26, 2016. A total of 3.0 million shares of our common stock is currently authorized for issuance under the 2016 Plan. As of the date of this proxy statement, 317,065 shares remained available for future equity grants under our 2016 Plan. Accordingly, on June 22, 2017, at the recommendation of the Compensation Committee of our Board, our Board unanimously approved an amendment to increase the authorized shares of common stock under the 2016 Plan from 3.0 million to 10.0 million (the "Plan Amendment"). Our stockholders are being asked to approve the Plan Amendment in the form attached hereto as Appendix B.

In the event stockholders approve this Proposal No. 3, but not the Charter Amendment described under Proposal No. 2 above, our Board may elect to delay the effectiveness of the Plan Amendment until such time that there are sufficient shares of authorized but unissued common stock available under our Restated and Amended Articles of Incorporation.

Below is a summary of the terms and conditions of the 2016 Plan. Unless otherwise indicated, all capitalized terms shall have the same meaning as defined in the 2016 Plan. A copy of the 2016 Plan is attached to our Annual Report on SEC Form 10--K for our fiscal year ended March 31, 2017, filed with the SEC on June 29, 2017.

Description of the 2016 Plan

The 2016 Plan provides for the grant of stock options, restricted shares of common stock, stock appreciation rights and dividend equivalent rights, collectively referred to as "Awards". Stock options granted under the 2016 Plan may be either incentive stock options under the provisions of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or non-qualified stock options. We may grant incentive stock options only to employees of the Company or any parent or subsidiary of the Company. Awards other than incentive stock options may be granted to employees, directors and consultants.

The Compensation Committee of our Board, referred to in the 2016 Plan as the "Committee", administers the 2016 Plan, including selecting the Award recipients, determining the number of shares to be subject to each Award, the exercise or purchase price of each Award and the vesting and exercise periods of each Award.

The exercise price of all incentive stock options granted under the 2016 Plan must be at least equal to 100% of the fair market value of the shares on the date of grant. If, however, incentive stock options are granted to an employee who owns stock possessing more than 10% of the voting power of all classes of our stock or the stock of any of our subsidiaries, the exercise price of any incentive stock option granted may not be less than 110% of the fair market value on the grant date. The maximum term of incentive stock options granted to employees who own stock possessing more than 10% of the voting power of all classes of our stock or the stock of any of our subsidiaries may not exceed five years. The maximum term of an incentive stock option granted to any other participant may not exceed 10 years. The Committee determines the term and exercise or purchase price of all other Awards granted under the 2016 Plan.

Under the 2016 Plan, incentive stock options may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the participant, only by the participant. Other Awards shall be transferable:

by will and by the laws of descent and distribution; and

during the lifetime of the participant, to the extent and in the manner authorized by the Committee by gift or pursuant to a domestic relations order to members of the participant's Immediate Family (as defined in the 2016 Plan).

-11-

The 2016 Plan permits the designation of beneficiaries by holders of Awards, including incentive stock options. In the event of termination of a participant's service for any reason other than disability or death, such participant may, but only during the period specified in the Award agreement of not less than 30 days (generally 90 days) commencing on the date of termination (but in no event later than the expiration date of the term of such Award as set forth in the Award agreement), exercise the portion of the grantee's Award that was vested at the date of such termination or such other portion of the grantee's Award as may be determined by the Committee. The grantee's Award agreement may provide that upon the termination of the participant's service for cause, the participant's right to exercise the Award shall terminate concurrently with the termination of the participant's service. In the event of a participant's change of status from employee to consultant, an employee's incentive stock option shall convert automatically into a non-qualified stock option on the day three months and one day following such change in status. To the extent that the grantee's Award was unvested at the date of termination, or if the participant does not exercise the vested portion of the grantee's Award within the period specified in the Award agreement of not less than 30 days commencing on the date of termination, the Award shall terminate. If termination was caused by death or disability, any options that have become exercisable prior to the time of termination, will remain exercisable for twelve months from the date of termination (unless a shorter or longer period of time is determined by the Committee).

The maximum number of shares with respect to which options and stock appreciation rights may be granted to any participant in any calendar year will be 300,000 shares of common stock. In connection with a participant's commencement of service with the Company, a participant may be granted options and stock appreciation rights for up to an additional 50,000 shares that will not count against the foregoing limitation. In addition, for Awards of restricted stock and restricted shares of common stock that are intended to be "performance-based compensation" (within the meaning of Section 162(m) of the Code), the maximum number of shares with respect to which such Awards may be granted to any participant in any calendar year will be 300,000 shares of common stock. The limits described in this paragraph are subject to adjustment in the event of any change in our capital structure as described below.

The terms and conditions of Awards are determined by the Committee, including the vesting schedule and any forfeiture provisions. Awards under the 2016 Plan may vest upon the passage of time or upon the attainment of certain performance criteria. Although we do not currently have any Awards outstanding that vest upon the attainment of performance criteria, the Committee may establish criteria based on any one of, or combination of, the following:

increase in share price;

earnings per share;

total stockholder return;

operating margin;

gross margin;

return on equity;

return on assets;

return on investment;

operating income;

net operating income;

pre-tax profit;

cash flow;

revenue;

expenses;

earnings before interest, taxes and depreciation;

economic value added; and

market share.

Subject to any required action by our stockholders, the number of shares of common stock covered by outstanding Awards, the number of shares of common stock that have been authorized for issuance under the 2016 Plan, the exercise or purchase price of each outstanding Award, the maximum number of shares of common stock that may be granted subject to Awards to any participant in a calendar year, and the like, shall be proportionally adjusted by the Committee in the event of any increase or decrease in the number of issued shares of common stock resulting from certain changes in our capital structure as described in the 2016 Plan.

-12-

Effective upon the consummation of a Corporate Transaction (as defined below), all outstanding Awards under the 2016 Plan will terminate unless the acquirer assumes or replaces such Awards. The Committee has the authority, exercisable either in advance of any actual or anticipated Corporate Transaction or Change in Control (as defined below) or at the time of an actual Corporate Transaction or Change in Control and exercisable at the time of the grant of an Award under the 2016 Plan or any time while an Award remains outstanding, to provide for the full or partial automatic vesting and exercisability of one or more outstanding unvested Awards under the 2016 Plan and the release from restrictions on transfer and repurchase or forfeiture rights of such Awards in connection with a Corporate Transaction or Change in Control, on such terms and conditions as the Committee may specify. The Committee also has the authority to condition any such Award vesting and exercisability or release from such limitations upon the subsequent termination of the service of the grantee within a specified period following the effective date of the Corporate Transaction or Change in Control. The Committee may provide that any Awards so vested or released from such limitations in connection with a Change in Control, shall remain fully exercisable until the expiration or sooner termination of the Award.

Under the 2016 Plan, a Corporate Transaction is generally defined as:

an acquisition of securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities but excluding any such transaction or series of related transactions that the Committee determines shall not be a Corporate Transaction;

a reverse merger in which we remain the surviving entity but: (i) the shares of common stock outstanding immediately prior to such merger are converted or exchanged by virtue of the merger into other property, whether in the form of securities, cash or otherwise; or (ii) in which securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities are transferred to a person or persons different from those who held such securities immediately prior to such merger;

a sale, transfer or other disposition of all or substantially all of the assets of the Company;

a merger or consolidation in which the Company is not the surviving entity; or

a complete liquidation or dissolution.

Under the 2016 Plan, a Change in Control is generally defined as: (i) the acquisition of more than 50% of the total combined voting power of our stock by any individual or entity which a majority of our Board of Directors (who have served on our board for at least 12 months) do not recommend our stockholders accept; (ii) or a change in the composition of our Board of Directors over a period of 12 months or less.

Unless terminated sooner, the 2016 Plan will automatically terminate in 2026. Our Board of Directors may at any time amend, suspend or terminate the 2016 Plan. To the extent necessary to comply with applicable provisions of U.S. federal securities laws, state corporate and securities laws, the Code, the rules of any applicable stock exchange or national market system, and the rules of any non-U.S. jurisdiction applicable to Awards granted to residents therein, we will obtain stockholder approval of any such amendment to the 2016 Plan in such a manner and to such a degree as required.

U.S. Federal Income Tax Consequences

The 2016 Plan is, in part, is a qualified plan for federal income tax purposes. As such, the Company is entitled to (i) withhold and deduct from future wages of any Grantee, or make other arrangements for the collection of, all legally required amounts necessary to satisfy any and all federal, state and local withholding and employment-related tax requirements attributable to an Award, including, without limitation, the grant, exercise or vesting of, or payment of dividends with respect to, an Award or a disqualifying disposition of stock received upon exercise of an Award, or (ii) require the Grantee promptly to remit the amount of such withholding to the Company before taking any action, including issuing any shares of common stock, with respect to an Award.

Plan Benefits

Participation in the 2016 Plan is entirely within the discretion of the Committee. Because we cannot predict the rate at which the Committee will issue Awards or the terms of Awards granted under the 2016 Plan, it is not possible to determine the number of shares that will be purchased or the value of benefits that may be obtained by executive officers and other employees under the 2016 Plan in the future.

The following table discloses all awards granted to the persons or groups specified below under the 2016 Plan during our fiscal year ended March 31, 2017:

Name and Position	Issuances under the Amended and Restated 2016 Stock Incentive Plan No. of Shares

Our Compensation Objectives

Our compensation practices are designed to attract key employees and to retain, motivate and reward our executive officers for their performance and contribution to our long-term success. Our Board, through the Compensation Committee, seeks to compensate our executive officers by combining short and long-term cash and equity-based incentives. It also seeks to reward the achievement of corporate and individual performance objectives, and to align executive officers' incentives with stockholder value creation. When possible, the Compensation Committee seeks to tie individual goals to the area of the executive officer's primary responsibility. These goals may include the achievement of specific financial or business development goals. Also, when possible and appropriate taking into account the Company's financial condition and other related facts and circumstances, the Compensation Committee seeks to set performance goals that reach across all business areas and include achievements in finance/business development and corporate development.

The Compensation Committee makes decisions regarding salaries, annual bonuses, if any, and equity-based incentive compensation for our executive officers, approves corporate goals and objectives relevant to the compensation of the Chief Executive Officer and our other executive officers. The Compensation Committee solicits input from our Chief Executive Officer regarding the performance of our other executive officers. Finally, the Compensation Committee also administers our incentive compensation and benefit plans, including the 2016 Plan.

Although we have no formal policy for a specific allocation between current and long-term compensation, or cash and non-cash equity-based compensation, when possible and appropriate taking into account the Company's financial condition and other related facts and circumstances, we seek to implement a pay mix for our officers with a relatively equal balance of both, providing a competitive salary with a significant portion of compensation awarded on both corporate and personal performance.

Compensation Components

As a general rule, and when possible and appropriate taking into account the Company's financial condition and other related facts and circumstances, our compensation consists primarily of three elements: base salary, annual bonus and equity-based incentives. We describe each element of compensation in more detail below.

Base Salary

Base salaries for our executive officers are established based on the scope of their responsibilities and their prior relevant experience, taking into account competitive market compensation paid by other companies in our industry for similar positions and the overall market demand for such executives, both initially at the time of hire and thereafter, to ensure that we retain our executive management team. An executive officer's base salary is also determined by reviewing the executive officer's other compensation to ensure that the executive officer's total compensation is in line with our overall compensation philosophy.

Base salaries are reviewed periodically as deemed necessary by the Compensation Committee and increased for merit reasons, based on the executive officer's success in meeting or exceeding individual objectives. Additionally, we may adjust base salaries as warranted throughout the year for promotions or other changes in the scope or breadth of an executive officer's role or responsibilities.

Annual Bonus

The Compensation Committee assesses the level of the executive officer's achievement of meeting individual goals, as well as that executive officer's contribution towards our corporate-wide goals. The amount of the cash bonus depends

on the level of achievement of the individual performance goals, with a target bonus generally set as a percentage of base salary and based on the achievement of pre-determined milestones. To conserve our cash resources, our management team voluntarily decided to not seek and, in accordance with our management team's election, our Compensation Committee did not award any cash bonuses in any fiscal year from Fiscal 2012 through Fiscal 2015. The Compensation Committee authorized cash bonuses to officers who served during Fiscal 2016, which bonuses were paid in July 2016.

Equity-Based Incentives

The Compensation Committee believes that to attract and retain management, key employees and non-management directors the compensation paid to these persons should include, in addition to base salary and potential annual cash incentives, equity based compensation that is competitive with peer companies. The Compensation Committee determines the amount and terms of equity-based compensation granted under our stock option plans or pursuant to other awards made to our executives and key employees.

such amounts required to reimburse him for COBRA payments for continuation of his medical health benefits for such twelve-month period.

In addition, in the event Dr. Snodgrass terminates his employment with "good reason" (as defined below), he is entitled to twelve months of his then-current base salary payable in the form of salary continuation.

-23-

Change of Control Provisions

Pursuant to each of their respective employment agreements, Dr. Snodgrass is entitled to severance if he terminates his employment at any time for “good reason” (as defined below), while Mr. Singh is entitled to severance if he terminates his employment for good reason after a change of control. Under their respective agreements, “good reason” means any of the following events, if we affect the event without the executive’s consent (subject to our right to cure):

a material reduction in the executive’s responsibility; or

a material reduction in the executive’s base salary except for reductions that are comparable to reductions generally applicable to similarly situated executives of VistaGen.

Furthermore, pursuant to their respective employment agreements and their stock option award agreements, as amended, in the event we terminate the executive without cause within twelve months of a change of control, the executive’s remaining unvested option shares become fully vested and exercisable. Upon a change of control in which the successor corporation does not assume the executive’s stock options, the stock options granted to the executive become fully vested and exercisable.

Pursuant to their respective employment agreements, a change of control occurs when: (i) any “person” as such term is used in Sections 13(d) and 14(d) of the Exchange Act (other than VistaGen, a subsidiary, an affiliate, or a VistaGen employee benefit plan, including any trustee of such plan acting as trustee) becoming the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of VistaGen representing 50% or more of the combined voting power of VistaGen’s then outstanding securities; (ii) a sale of substantially all of VistaGen’s assets; or (iii) any merger or reorganization of VistaGen whether or not another entity is the survivor, pursuant to which the holders of all the shares of capital stock of VistaGen outstanding prior to the transaction hold, as a group, fewer than 50% of the shares of capital stock of VistaGen outstanding after the transaction.

In the event that, following termination of employment, amounts are payable to an executive pursuant to his employment agreement, the executive’s eligibility for severance is conditioned on executive having first signed a release agreement.

Pursuant to their respective employment agreements, the estimated amount that could be paid by us assuming that a change of control occurred on the last business day of our current fiscal year, is \$395,000 for Mr. Singh and \$350,000 for Dr. Snodgrass, excluding the imputed value of accelerated vesting of incentive stock options, if any.

Amended and Restated 2016 Stock Incentive Plan

See Proposal No. 3 beginning on page 11 of this Proxy Statement for a description of the 2016 Plan.

1999 Stock Incentive Plan

The VistaGen Therapeutics, Inc., a California corporation ("VistaGen California"), Board of Directors adopted the VistaGen California 1999 Stock Incentive Plan on December 6, 1999 ("1999 Plan"). The 1999 Plan terminated under its own terms in December 2009, and as a result, no awards may currently be granted under the 1999 Plan. However, the options and awards that have been granted pursuant to the 1999 Plan prior to its expiration remain operative.

The 1999 Plan permitted VistaGen California to make grants of incentive stock options, non-qualified stock options and restricted stock awards. VistaGen California initially reserved 45,000 restricted shares of its common stock for the issuance of awards under the 1999 Plan, which number was subject to adjustment in the event of a stock split, stock dividend or other change in capitalization. Prior to the 1999 Plan's expiration, shares that were forfeited or cancelled from awards under the 1999 Plan were generally available for future awards.

The 1999 Plan could be administered by either VistaGen California's Board of Directors or a committee designated by its Board of Directors. VistaGen California's Board of Directors designated its Compensation Committee as the committee with full power and authority to select the participants to whom awards were granted, to make any

combination of awards to participants, to accelerate the exercisability or vesting of any award and to determine the specific terms and conditions of each award, subject to the provisions of the 1999 Plan. All directors, executive officers, and certain other key persons (including employees, consultants and advisors) of VistaGen California were eligible to participate in the 1999 Plan.

-27-

The exercise price of incentive stock options awarded under the 1999 Plan could not be less than the fair market value of the common stock on the date of the option grant and could not be less than 110% of the fair market value of the common stock to persons owning stock representing more than 10% of the voting power of all classes of our stock. The exercise price of non-qualified stock options could not be less than 85% of the fair market value of the common stock. The term of each option granted under the 1999 Plan could not exceed ten years (or five years, in the case of an incentive stock option granted to a 10% stockholder) from the date of grant. VistaGen California's Compensation Committee determined at what time or times each option might be exercised (provided that in no event could it exceed ten years from the date of grant) and, subject to the provisions of the 1999 Plan, the period of time, if any, after retirement, death, disability or other termination of employment during which options could be exercised.

The 1999 Plan also permitted the issuance of restricted stock awards. Restricted stock awards issued by VistaGen California were shares of common stock that vest in accordance with terms and conditions established by VistaGen California's Compensation Committee. The Compensation Committee could impose conditions to vesting that it determined to be appropriate. Shares of restricted stock that did not vest were subject to our right of repurchase or forfeiture. VistaGen California's Compensation Committee determined the number of shares of restricted stock granted to any employee. Our 1999 Plan also gave VistaGen California's Compensation Committee discretion to grant stock awards free of any restrictions.

Unless the Compensation Committee provided otherwise, the 1999 Plan did not generally allow for the transfer of incentive stock options and other awards and only the recipient of an award could exercise an award during his or her lifetime. Non-qualified stock options were transferable only to the extent provided in the award agreement, in a manner consistent with the applicable law, and by will and by the laws of descent and distribution. In the event of a change in control of the Company, as defined in the 1999 Plan, the outstanding options will automatically vest unless our Board of Directors and the Board of Directors of the surviving or acquiring entity make appropriate provisions for the continuation or assumption of any outstanding awards under the 1999 Plan.

As of July 17, 2017, we have options outstanding under the 1999 Plan to purchase an aggregate of 4,658 shares of our common stock, the last of which, if not exercised before, expire in March 2018.

Certain Relationships and Related Transactions

Sales of Securities to Cato Holding Company

Cato Holding Company ("CHC"), doing business as Cato BioVentures ("CBV"), the parent of Cato Research Ltd. ("CRL"), was one of our largest institutional common stockholders at March 31, 2017, holding approximately 7% of our outstanding common stock. Shawn Singh, our Chief Executive Officer and member of our Board, served as Managing Principal of CBV and Chief Business Officer, and General Counsel of CRL from February 2001 until August 2009. In October 2012, we issued to CHC an unsecured promissory note in the principal amount of \$310,443 (the "2012 CHC Note") and a five-year warrant to purchase 12,500 restricted shares of the Company's common stock at a price of \$30.00 per share (the "CHC Warrant").

Also in October 2012, we issued to CRL: (i) an unsecured promissory note in the initial principal amount of \$1,009,000, which was payable solely in restricted shares of our common stock and which accrued interest at the rate of 7.5% per annum, compounded monthly (the "CRL Note"), as payment in full for all contract research and development services and regulatory advice rendered to us by CRL through December 31, 2012 with respect to the preclinical and clinical development of AV-101, and (ii) a five-year warrant to purchase, at a price of \$20.00 per share, 50,450 restricted shares of our common stock (the "CRL Warrant"). Each of the CRL Note and 2012 CHC Note were scheduled to mature on March 31, 2016. In June 2015, the outstanding balance of the 2012 CHC Note, the CRL Note and all other outstanding amounts owed to CRL for CRO services were converted into 328,571 shares of our

Series B Preferred, and the exercise prices of the CHC Warrant and the CRL Warrant were each reduced to \$7.00 per share. CHC participated in the February 2016 warrant exchange for common stock, exchanging the CHC Warrant and the CRL Warrant, as adjusted to reflect accrued interest, for an aggregate of 54,894 shares of our unregistered common stock. In May 2016, subsequent to our consummation of the May 2016 Public Offering, all of the shares of Series B Preferred held by CHC were automatically converted into registered shares of our common stock.

-28-

Contract Research and Development Agreement with Cato Research Ltd.

During 2007, we entered into a contract research organization master services agreement with CRL related to the development of and regulatory services related to AV-101. Under work orders related to such agreement, we incurred expenses of \$254,600 and \$52,600 for the fiscal years ended March 31, 2017 and 2016, respectively.

Section 16 Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our officers, directors and persons who beneficially own more than ten percent of our common stock (collectively, "Reporting Persons") to file reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the SEC. The Reporting Persons are also required by SEC rules to furnish us with copies of all reports that they file pursuant to Section 16(a). We believe that during our fiscal year ended March 31, 2017, all Reporting Persons, other than PLTG and/or its affiliate, Montsant Partners LLC, and Cato Holding Company complied with all applicable reporting requirements.

ADDITIONAL INFORMATION

Deadline for Receipt of Stockholder Proposals for the 2018 Annual Meeting

Stockholder proposals that are intended to be presented by stockholders at the Company's 2018 Annual Meeting of Stockholders must be received by the Secretary of the Company no later than June 5, 2018 in order that they may be included, if appropriate, in the Company's proxy statement and form of proxy relating to that meeting. A stockholder proposal not included in the Company's proxy statement for the 2018 Annual Meeting of Stockholders will be ineligible for presentation at the meeting unless the stockholder gives timely notice of the proposal in writing to the Secretary of the Company at the principal executive offices of the Company and otherwise complies with the provisions of the Company's Bylaws. To be timely, the Bylaws provide that the Company must have received the stockholder's notice not less than 60 days nor more than 90 days in advance of the date the proxy statement was released to stockholders in connection with the previous year's annual meeting of stockholders. However, if the date of the 2018 Annual Meeting of Stockholders is changed by more than 30 days from the date of this year's Annual Meeting, the Company must receive the stockholder's notice no later than the close of business on (i) the 90th day prior to such annual meeting and (ii) the later of 60 days prior to such annual meeting, or, in the event the Company makes a public announcement of the date of such annual meeting less than 70 days before the meeting, 10 days after the Company's public announcement.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

A number of brokers with account holders who are stockholders of the Company will be "householding" the Company's proxy materials. A single set of the Company's proxy materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate set of the Company's proxy materials, please notify your broker or direct a written request to the Company at 343 Allerton Avenue, South San Francisco, California 94080, or contact us

at (650) 577-3600. The Company undertakes to deliver promptly, upon any such oral or written request, a separate copy of its proxy materials to a stockholder at a shared address to which a single copy of these documents was delivered. Stockholders who currently receive multiple copies of the Company's proxy materials at their address and would like to request "householding" of their communications should contact their broker, bank or other nominee, or contact the Company at the above address or phone number.

Other Matters

At the date of this Proxy Statement, the Company knows of no other matters, other than those described above, that will be presented for consideration at the Annual Meeting. If any other business should come before the Annual Meeting, it is intended that the proxy holders will vote all proxies using their best judgment in the interest of the Company and the stockholders.

The Notice, mailed to stockholders on or about August 4, 2017, contains instructions on how to access the Company's Annual Report on SEC Form 10-K for our fiscal year ended March 31, 2017. The Annual Report, which includes audited financial statements, does not form any part of the material for the solicitation of proxies.

The Board invites you to attend the Annual Meeting in person. Whether or not you expect to attend the Annual Meeting in person, please submit your vote by Internet, telephone or mail as promptly as possible so that your shares will be represented at the Annual Meeting.

REGARDLESS OF WHETHER YOU PLAN TO ATTEND THE ANNUAL MEETING IN PERSON, PLEASE READ THE ACCOMPANYING PROXY STATEMENT AND THEN VOTE BY INTERNET, TELEPHONE OR MAIL AS PROMPTLY AS POSSIBLE. VOTING PROMPTLY WILL SAVE US ADDITIONAL EXPENSE IN SOLICITING PROXIES AND WILL ENSURE THAT YOUR SHARES ARE REPRESENTED AT THE ANNUAL MEETING.
