PART I - FINANCIAL INFORMATION

Item 1. Financial Statements

Our consolidated financial statements included in this Form 10-Q are as follows:

F-1 Consolidated Balance Sheets as of June 30, 2017 and December 31, 2016 (unaudited);

F-2 Consolidated Statements of Operations for the three and six months ended June 30, 2017 and 2016 (unaudited);

F-3 Consolidated Statements of Cash Flow for the six months ended June 30, 2017 and 2016 (unaudited);

F-4 Notes to Consolidated Financial Statements.

These consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the SEC instructions to Form 10-Q. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the interim period ended June 30, 2017 are not necessarily indicative of the results that can be expected for the full year.

SKINVISIBLE, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

1. DESCRIPTION OF BUSINESS AND HISTORY

Description of business – Skinvisible, Inc., (referred to as the “Company”) is focused on the development and manufacture and sales of innovative topical, transdermal and mucosal polymer-based delivery system technologies and formulations incorporating its patent-pending formula/process for combining hydrophilic and hydrophobic polymer emulsions. The technologies and formulations have broad industry applications within the pharmaceutical, over-the-counter, personal skincare and cosmetic arenas. Additionally, the Company’s non-dermatological formulations, offer solutions for a broad spectrum of markets women’s health, pain management, and others. The Company maintains executive and sales offices in Las Vegas, Nevada.

History – The Company was incorporated in Nevada on March 6, 1998, under the name of Microbial Solutions, Inc. The Company underwent a name change on February 26, 1999, when it changed its name to Skinvisible, Inc. The Company’s subsidiary’s name of Manloe Labs, Inc. was also changed to Skinvisible Pharmaceuticals, Inc.

On September 9, 2014, the Company formed Kinatri USA Inc., a wholly-owned subsidiary, to market a premium line of scientifically formulated skincare products powered by our patented Invisicare® technology. As part of its strategic focus on revenue generation and creating shareholder value, Kintari USA Inc. products will be sold via network marketing.

The Kintari product portfolio consists of anti-aging products to help fight the signs of aging. These products have been developed using proven anti-aging ingredients with scientific evidence of their effectiveness at reducing the look of fine lines and wrinkles resulting in youthful looking skin. These potent ingredients will be powered by patented Invisicare technology, providing consumers with unique, effective products which the Company believes cannot be duplicated. Additional products will be added to enhance this product line as the Company grows and expands.

Skinvisible, Inc., together with its subsidiaries, shall herein be collectively referred to as the “Company.”

2. BASIS OF PRESENTATION AND GOING CONCERN

Basis of presentation – The accompanying unaudited interim financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the Securities and Exchange Commission, and should be read in conjunction with the audited financial statements and notes thereto contained in the Company’s most recent Annual Financial Statements filed with the SEC on Form 10-K. In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim period presented have been reflected herein. The results of operations for the interim period are not necessarily indicative of the results to be expected for the full year. Notes to the financial statements which would substantially duplicate the disclosures contained in the audited financial statements for the most recent fiscal period, as reported in the Form 10-K, have been omitted.

Going concern – The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has incurred cumulative net losses of \$31,033,439 since its inception and requires capital for its contemplated operational and marketing activities to take place. The Company’s ability to raise additional capital through the future issuances of common stock is unknown. The obtainment of additional financing, the successful development of the Company’s contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. The ability to successfully resolve these factors raise substantial doubt about the Company’s ability to continue as a going concern. The consolidated financial statements of the Company do not include any adjustments that may result from the outcome of these aforementioned uncertainties.

3. SUMMARY OF SIGNIFICANT POLICIES

This summary of significant accounting policies of Skinvisible Inc. is presented to assist in understanding the Company’s consolidated financial statements. The consolidated financial statements and notes are representations of the Company’s management, who are responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America, and have been consistently applied in the preparation of the consolidated financial statements.

Table of Contents

SKINVISIBLE, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

Principles of consolidation – The consolidated financial statements include the accounts of the Company and its subsidiaries. All significant intercompany balances and transactions have been eliminated.

Use of estimates – The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include estimates used to review the Company's goodwill, impairments and estimations of long-lived assets, revenue recognition on percentage of completion type contracts, allowances for uncollectible accounts, inventory valuation, and the valuations of non-cash capital stock issuances. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable in the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Cash and cash equivalents – For purposes of the statement of cash flows, the Company considers all highly liquid investments and short-term instruments with original maturities of three months or less to be cash equivalents. There are \$5,247 and \$3,019 in cash and cash equivalents as of June 30, 2017 and December 31, 2016 respectively.

Fair Value of Financial Instruments – The carrying amounts reflected in the balance sheets for cash, accounts payable and accrued expenses approximate the respective fair values due to the short maturities of these items.

As required by the Fair Value Measurements and Disclosures Topic of the FASB ASC, fair value is measured based on a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows: (Level 1) observable inputs such as quoted prices in active markets; (Level 2) inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and (Level 3) unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not active, or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability;

Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (supported by little or no market activity).

Revenue recognition

Product sales – Revenues from the sale of products (Invisicare® polymers) are recognized when title to the products are transferred to the customer and only when no further contingencies or material performance obligations are warranted, and thereby have earned the right to receive reasonably assured payments for products sold and delivered.

Royalty sales – The Company also recognizes royalty revenue from licensing its patented product formulations only when earned, when no further contingencies or material performance obligations are warranted, and thereby have earned the right to receive and retain reasonably assured payments.

Distribution and license rights sales – The Company also recognizes revenue from distribution and license rights only when earned (and are amortized over a five year period), when no further contingencies or material performance obligations are warranted, and thereby have earned the right to receive and retain reasonably assured payments.

Costs of Revenue – Cost of revenue includes raw materials, component parts, and shipping supplies. Shipping and handling costs is not a significant portion of the cost of revenue.

Table of Contents

SKINVISIBLE, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

Accounts Receivable – Accounts receivable is comprised of uncollateralized customer obligations due under normal trade terms requiring payment within 30 days from the invoice date. The carrying amount of accounts receivable is reviewed periodically for collectability. If management determines that collection is unlikely, an allowance that reflects management’s best estimate of the amounts that will not be collected is recorded. Management reviews each accounts receivable balance that exceeds 30 days from the invoice date and, based on an assessment of creditworthiness, estimates the portion, if any, of the balance that will not be collected. As of June 30, 2017, the Company had not recorded a reserve for doubtful accounts. The Company has \$1,135,000 in convertible notes payable which are secured by the accounts receivable of a license agreement the Company has with Women's Choice Pharmaceuticals, LLC on its proprietary prescription product, ProCort®.

Inventory – Substantially all inventory consists of finished goods and are valued based upon first-in first-out ("FIFO") cost, not in excess of market. The determination of whether the carrying amount of inventory requires a write-down is based on an evaluation of inventory.

Goodwill and intangible assets – The Company follows Financial Accounting Standard Board’s (FASB) Codification Topic 350-10 (“ASC 350-10”), “*Intangibles – Goodwill and Other*”. According to this statement, goodwill and intangible assets with indefinite lives are no longer subject to amortization, but rather an annual assessment of impairment by applying a fair-value based test. Fair value for goodwill is based on discounted cash flows, market multiples and/or appraised values as appropriate. Under ASC 350-10, the carrying value of assets are calculated at the lowest level for which there are identifiable cash flows.

Income taxes – The Company accounts for its income taxes in accordance with FASB Codification Topic ASC 740-10, “*Income Taxes*”, which requires recognition of deferred tax assets and liabilities for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

Stock-based compensation – The Company follows the guidelines in FASB Codification Topic ASC 718-10 “*Compensation-Stock Compensation*”, which requires the measurement and recognition of compensation expense for all share-based payment awards made to employees and directors including employee stock options and employee stock purchases related to an Employee Stock Purchase Plan based on the estimated fair values.

Stock based compensation expense recognized under ASC 718-10 for the six months ended June 30, 2017 and 2016 totaled \$115,332 and \$133,445, respectively.

Earnings (loss) per share – The Company reports earnings (loss) per share in accordance with FASB Codification Topic ASC 260-10 “*Earnings Per Share*”, Basic earnings (loss) per share is computed by dividing income (loss) available to common shareholders by the weighted average number of common shares available. Diluted earnings (loss) per share is computed similar to basic earnings (loss) per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. Diluted earnings (loss) per share has not been presented since the effect of the assumed exercise of options and warrants to purchase common shares (common stock equivalents) would have an anti-dilutive effect.

Recently issued accounting pronouncements – The Company has evaluated the all recent accounting pronouncements through ASU 2017-11, and believes that none of them will have a material effect on the Company's financial position, results of operations or cash flows.

Table of Contents

SKINVISIBLE, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

4. FIXED ASSETS

Fixed assets consist of the following as of June 30, 2017 and December 31, 2016:

	June 30, 2017	December 31, 2016
Machinery and equipment	\$48,163	\$48,163
Furniture and fixtures	113,635	113,635
Computers, equipment and software	39,722	39,722
Leasehold improvements	12,569	12,569
Lab equipment	113,461	113,461
Total	327,550	327,550
Less: accumulated depreciation	(327,029)	(326,867)
Fixed assets, net of accumulated depreciation	\$521	\$683

Depreciation expense for the six months ended June 30, 2017 and 2016 was \$162 and \$790, respectively.

5. INVENTORY

Inventory consist of the following as of June 30, 2017 and December 31, 2016:

	June 30, 2017	December 31, 2016
Shipping and Packing materials	\$10,247	\$10,274
Marketing Supplies	17,136	17,139
Finished Goods	17,155	32,998
Raw Materials	19,283	19,283
Total	\$63,821	\$79,694

6. INTANGIBLE AND OTHER ASSETS

Patents and trademarks are capitalized at their historical cost and are amortized over their estimated useful lives. As of June 30, 2017, patents and trademarks total \$659,181, net of \$429,204 of accumulated amortization. Amortization expense for the six months ended June 30, 2017 and 2016 was \$28,117 and \$28,164, respectively.

License and distributor rights (“agreement”) were acquired by the Company in January 1999 and provide exclusive use distribution of polymers and polymer based products. The Company has a non-expiring term on the license and distribution rights. Accordingly, the Company annually assesses this license and distribution rights for impairment and has determined that no impairment write-down is considered necessary as of June 30, 2017.

7. STOCK OPTIONS AND WARRANTS

The following is a summary of option activity during six months ended June 30, 2017.

	Number of Shares	Weighted Average Exercise Price
Balance, December 31, 2016	11,250,000	\$ 0.03
Options granted and assumed	1,600,000	\$ 0.03
Options expired	200,000	\$ 0.03
Options canceled	—	—
Options exercised	—	—
Balance, June 30, 2017	12,650,000	\$ 0.03

As of June 30, 2017, all stock options outstanding are exercisable.

Table of Contents

SKINVISIBLE, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

On March 1, 2017, the Company granted stock options for 400,000 options to purchase shares of its common stock to two consultants. The options have a strike price of \$0.03. The stock options were exercisable upon grant and have a life of 5 years. The stock options were valued at \$14,000 using the Black-Scholes option pricing model. The Company recorded an expense of \$14,000 for the six months ended June 30, 2017.

On March 22, 2017, the Company granted stock options for 200,000 options to purchase shares of its common stock to a consultant. The options have a strike price of \$0.03. The stock options were exercisable upon grant and have a life of 5 years. The stock options were valued at \$6,000 using the Black-Scholes option pricing model. The Company recorded an expense of \$6,000 for the six months ended June 30, 2017.

The stock options were exercisable upon grant and have a life of 5 years. The stock options were valued at \$24,999 using the Black-Scholes option pricing model. The Company recorded an expense of \$24,999 for the six months ended June 30, 2017.

Stock warrants -

The following is a summary of warrants activity during the six months ended June 30, 2017.

	Number of Shares	Weighted Average Exercise Price
Balance, December 31, 2016	4,952,675	\$ 0.03
Warrants granted and assumed	400,000	\$ 0.03
Warrants expired	1,000,000	\$ 0.07
Warrants canceled	—	—
Warrants exercised	—	—

Balance, June 30, 2017	4,352,675	\$ 0.03
------------------------	-----------	---------

All warrants outstanding as of June 30, 2017 are exercisable.

8. NOTES PAYABLE

On May 22, 2013, the Company approved a financing plan to offer accredited investors up to \$1,000,000 in secured promissory notes. During the year ended December 31, 2013, the Company entered into twenty-four 9% notes payable to investors and received total proceeds of \$1,000,000. The notes are due two years from the anniversary date of execution. The Notes are secured by the US Patent rights granted for the Company's Sunscreen Products: US patent number #8,128,913: "Sunscreen Composition with Enhanced UV-A Absorber Stability and Methods." During the six months ending June 30, 2017 the Company made principal payments of \$0.

On May 19, 2014, the Company approved a financing plan to offer accredited investors up to an additional \$1,000,000 in secured promissory notes. During the period from May 19, 2014 to March 31, 2015 the Company entered into twenty-seven 9% notes payable to investors and received total proceeds of \$1,000,000. The notes are due two years from the anniversary date of execution. The Notes are secured by the US Patent rights granted for the Company's Sunscreen Products: US patent number #8,128,913: "Sunscreen Composition with Enhanced UV-A Absorber Stability and Methods." \$1,000,000 in notes have reached their initial maturity date.

During the period from April 1, 2015 and September 30, 2015, the Company entered into thirteen additional 9% notes payable to investors and received total proceeds of \$326,000. The notes are due two years from the anniversary date of execution. The Notes are secured by the US Patent rights granted for the Company's Sunscreen Products: US patent number #8,128,913: "Sunscreen Composition with Enhanced UV-A Absorber Stability and Methods".

On January 27, 2016, the Company entered into a 12% unsecured note payable to an investor and received total proceeds of \$33,000. The note was due on May 30, 2016. As of June 30, 2017, no payments had been made towards the principal balance.

On March 31, 2017, the Company entered into a promissory note pursuant to which we borrowed \$15,000. Interest under the note is at 0% per annum, and the principal is due on Demand. The note was paid in full on April, 11, 2017.

investor's option until the repayment date, the note may be converted to shares of the Company's common stock at a fixed price of \$0.01 per share along with additional warrants to purchase one share for every two shares issued at the exercise price of \$0.02 per share for three years after the conversion date. The Company has determined the value associated with the beneficial conversion feature in connection with the notes to be \$42,924. The aggregate beneficial conversion feature has been accreted and charged to interest expenses as a financing expense in the amount of \$4,254 during the six month ended June 30, 2017. The beneficial conversion feature is valued under the intrinsic value method.

Unamortized debt discount	(36,954)	(41,208)
---------------------------	-----------	-----------

On December 30, 2016, the Company re-negotiated accrued salaries and interest for three employees. Under the terms of the agreements, \$186,375 of accrued salaries not previously converted were converted to promissory notes convertible into common stock with a warrant feature. The \$186,375 face value promissory notes are unsecured, due five years from issuance, and bear an interest rate of 10%. At the investor's option until the repayment date, the note may be converted to shares of the Company's common stock at a fixed price of \$0.01 per share along with additional warrants to purchase one share for every two shares issued at the exercise price of \$0.02 per share for three years after the conversion date. The Company has determined the value associated with the beneficial conversion feature in connection with the notes to be \$186,375. The aggregate beneficial conversion feature has been accreted and charged to interest expenses as a financing expense in the amount of \$18,475 during the six months ended June 30, 2017. The beneficial conversion feature is valued under the intrinsic value method.

SKINVISIBLE, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

12. STOCKHOLDERS' DEFICIT

The Company is authorized to issue 200,000,000 shares of \$0.001 par value common stock. The Company had 132,561,325 and 123,835,319 issued and outstanding shares of common stock as of June 30, 2017 and December 31, 2017, respectively.

On February 23, 2017, 100,000 shares of the Company's common stock were issued to a consultant for services. The shares were fair valued at \$4,000 or \$0.04 per share.

On May 1, 2017, the Company entered into a consulting agreement and agreed to issue 1,154,000 shares of the Company's common stock in exchange for three months of services. The shares were valued at \$0.025 or \$28,850.

On April 7, 2017, the Company entered into a convertible promissory note pursuant to which it borrowed \$160,000. In accordance with the terms of the agreement the Company issued 400,000 share as a commitment fee, the shares were valued at \$14,600 and expenses as stock based compensation. An additional 5,772,006 shares were issued as refundable shares, the shares will only be returned if the Company pays the note and accrued interest in full within 180 days of April 7, 2017. These shares were valued at \$210,678 and recorded as collateral deposit. (See Note 10 for additional details)

On June 19, 2017, the Company entered into a termination agreement with CannaSkin. Per the agreement the Company issued 1,300,000 shares of the Company's as a termination fee. The shares were valued at \$0.025 or \$32,500.

13. COMMITMENTS AND CONTINGENCIES

Lease obligations – The Company has operating leases for its offices. Future minimum lease payments under the operating leases for the facilities as of June 30, 2017, are as follows:

2017 20,842
2018 10,790

Rental expense, resulting from operating lease agreements, approximated \$21,275 and \$21,572 for the six months ended June 30, 2017 and 2016, respectively.

Previously on April 1, 2016, Skinvisible licensed to Kintari Int. Inc. the exclusive rights to our existing line of cosmeceutical products plus the exclusive rights to any future cosmeceutical products developed by Skinvisible plus the right-of-first-refusal on our existing OTC products plus the right-of-first-refusal to any future OTC products developed by us in exchange for a 100% equity position in Kintari Int. Inc. This inter-company agreement has now been dissolved and all rights still remain with Skinvisible Pharmaceuticals, Inc., as the original intent was for Kintari to operate as its own company; however, this did not transpire. There is no change to the ownership as Skinvisible continues to own 100% of Kintari Int. Inc. and all rights thereof. Kintari USA Inc. and Kintari Canada Inc. both continue to sell Kintari branded products through direct sales and online.

14. SUBSEQUENT EVENTS

On August 4, 2017, Skinvisible, Inc. (the “Company”), entered into a Securities Purchase Agreement (the “Securities Purchase Agreement”) with Labrys Fund, LP (the “Purchaser”), pursuant to which the Company issued to the Purchaser a Convertible Promissory Note (the “Note”) in the aggregate principal amount of \$35,000. The Note has a maturity date of February 4, 2018 and the Company has agreed to pay interest on the unpaid principal balance of the Note at the rate of ten percent (10%) per annum from the date on which the Note is issued (the “Issue Date”) until the same becomes due and payable, whether at maturity or upon acceleration or by prepayment or otherwise.

The Company has the right to prepay the Note, provided it makes a payment to the Purchaser as set forth in the Note within 180 days of its Issue Date. In connection with the issuance of the Note, the Company issued to the Purchaser, as a commitment fee, 87,500 shares of its common stock (the “Non-Returnable Shares”). The Non-Returnable Shares are earned on the Initial Date.

The outstanding principal amount of the Note (if any) is convertible at any time and from time to time at the election of the Purchaser during the period beginning on the date that is 180 days following the Issue Date into shares of the Company’s common stock, par value \$0.001 per share (the “Common Stock”) at a conversion price set forth in the Note, subject to adjustment as set forth in the Note. In addition, upon the occurrence and during the continuation of an Event of Default (as defined in the Note), the Note will become immediately due and payable and the Company has agreed to pay to the Purchaser, in full satisfaction of its obligations thereunder, additional amounts as set forth in the Note.

The Note contains certain covenants, such as restrictions on: (i) distributions on capital stock, (ii) stock repurchases, (iii) certain loans, and (iii) sales and the transfer of assets. The Note also contains certain anti-dilution provisions that apply in connection with any stock split, stock dividend, stock combination, recapitalization or similar transactions. In addition, subject to limited exceptions, the Purchaser will not have the right to convert any portion of the Note if the Purchaser, together with its affiliates, would beneficially own in excess of 4.99% of the number of shares of the Company’s Common Stock outstanding immediately after giving effect to its conversion.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Certain statements, other than purely historical information, including estimates, projections, statements relating to our business plans, objectives, and expected operating results, and the assumptions upon which those statements are based, are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements generally are identified by the words “believes,” “project,” “expects,” “anticipates,” “estimates,” “intends,” “strategy,” “plan,” “may,” “will,” “would,” “will be,” “will continue,” “will likely result,” and similar expressions. Such forward-looking statements to be covered by the safe-harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and are including this statement for purposes of complying with those safe-harbor provisions. Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from the forward-looking statements. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse effect on our operations and future prospects on a consolidated basis include, but are not limited to: changes in economic conditions, legislative/regulatory changes, availability of capital, interest rates, competition, and generally accepted accounting principles. These risks and uncertainties should also be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise. Further information concerning our business, including additional factors that could materially affect our financial results, is included herein and in our other filings with the SEC.

Company Overview

We, through our wholly owned subsidiary Skinvisible Pharmaceuticals Inc., are a pharmaceutical research and development (“R&D”) company that has developed and patented an innovative polymer delivery system, Invisicare® and formulated over forty topical skin products, which we out-license globally. We were incorporated in 1998, and target an estimated \$80 billion global skincare and dermatology market and a \$30 billion global over-the-counter market as well as other healthcare / medical and consumer goods markets.

With the research and development complete on forty products and numerous patents issued (technology and product patents), we are ready to monetize our investment. Our business model will continue to be to out-license our patented prescription and over-the-counter (“OTC”) products featuring Invisicare to established manufacturers and marketers of brands internationally and to maximize profits from the products we have already out-licensed. We have also formed a commercial subsidiary, Kintari Int. Inc. with subsidiaries Kintari USA Inc. and Kintari Canada Inc., in order to take

our cosmeceutical and select OTC products with Invisicare to market.

The opportunity for us to license our products continues to be a viable model as the need for pharmaceutical companies to access external R&D companies for new products due to their own down-sizing or elimination of internal R&D departments. The demand for our products is enhanced due to the granting of key US and international patents and the completed development of a number of unique products.

Table of Contents

Strategic Growth Opportunities

Our growth strategy is to:

1. Generate revenue from direct sales of our cosmeceutical/OTC product line;
2. Generate revenue from online sales and private label / bulk orders of our Kintari branded products;
3. Capitalize on the success of current licensees;
4. Increase the value of our current pipeline; and
5. Boost licensing revenues by securing additional licensees globally and develop a robust royalty revenue stream that will finance our future growth.

Our Cosmeceutical/OTC Product Line

Kintari Int. Inc.

Kintari Int. Inc. was incorporated in the Province of Alberta, Canada. The company was formed to develop, market and sell Skinvisible Pharmaceuticals, Inc.'s patented skincare products initially in the United States. Kintari Int. Inc. is our wholly-owned subsidiary.

Skinvisible continues to own 100% of Kintari Int. Inc. and all rights thereof. Kintari USA Inc. and Kintari Canada Inc. both continue to sell Kintari branded products through direct sales and online and through strategic alliances.

DermSafe®, our hand sanitizer formulated with Invisicare® and chlorhexidine gluconate has been launched in Canada by our subsidiary Kintari Canada Inc. where it has Health Canada approval. We launched DermSafe in August, 2016 in Canada through our Kintari Canadian website for retail customers only. DermSafe is an alcohol free hand sanitizer that products against 99% of all germs. We are currently seeking licensees and/or distributors to begin the sale of

DermSafe in South America and in the EU.

Kintari Products in China:

In June 2017, Skinvisible announced it had completed its first international sale of DermSafe® hand sanitizer through its agent InterSpace Global, Inc. (“InterSpace”). InterSpace is an exporter of “made in USA” products with offices in Salt Lake City, Utah and Shenzhen, China. InterSpace has completed its first sale of DermSafe® with a direct sales company in Shanghai, China. This agreement with InterSpace provides for an efficient export of Skinvisible’s products from the USA and Canada into Greater China (Includes China, Hong Kong, Macau, Taiwan, Singapore, Malaysia and Thailand). It also includes Korea. China with a population of over 1.4 billion people is one of the fastest growing economies in the world and represents a huge market for Skinvisible products, not only for our DermSafe hand sanitizer but also our OTC line of products including our anti-aging skincare line. According to the agreement, InterSpace Global Inc. will sell Kintari products to Chinese consumers through a network of online shopping malls and other channels.

In addition to DermSafe, Skinvisible will supply its Kintari –branded portfolio of globally patented skincare products made with its Invisicare® delivery technology.

Table of Contents

The Kintari product portfolio consists of two anti-aging products to help fight the signs of aging, a broad spectrum sunscreen along with our latest Hand & Body Lotion products. All products are made with our patented Invisicare technology.

Our anti-aging products have been developed using proven anti-aging ingredients with scientific evidence of their effectiveness at reducing the look of fine lines and wrinkles resulting in youthful looking skin. These potent ingredients will be powered by patented Invisicare technology, providing consumers with unique, effective products, which we believe cannot be duplicated.

Our sunscreen is a broad spectrum SPF 30 known as Skinbrella®. We completed independent testing in early 2014 to validate our broad spectrum sunscreen claims according to the labeling guidelines of the FDA, which are designed to help reduce the incidents of skin cancer in the U.S. Our claims are as follows:

- Claim # 1 – Broad-Spectrum: According to the FDA, in order for a sunscreen to be labeled “broad spectrum” it must prove it protects against both UVA and UVB rays by having an SPF (Sun Protection Factor) of at least 15 and a critical wave length of at least 370 nm. Our sunscreen has surpassed both of these criteria, allowing our broad spectrum sunscreen label to also state “prevents sunburn, skin cancer and aging due to the sun.”
- Claim # 2 – Water-Resistant 80 Minutes: The FDA sunscreen water resistant claim requires that a sunscreen must have the same SPF after being in water or sweating for 40 or 80 minutes. Our testing was conducted at an independent laboratory specializing in sunscreen testing. The test involved human subjects that applied sunscreen to their arm, followed by the immersion of the arm into a Jacuzzi for 80 minutes (10 minutes in / 10 minutes out). Our sunscreen successfully completed this testing and is allowed to use “Water-resistant for 80 Minutes” on its sunscreen label, the longest length of time allowed by the FDA.
- Claim # 3 – Unique Patented Technology / Eight-Hour Photostability: As previously announced, we were granted a patent from the United States Patent and Trademark Office entitled “Sunscreen Composition with Enhanced UVA Absorber Stability and Methods”, which provides protection until November 2029. Skinvisible successfully formulated a unique Invisicare® delivery system specifically for stabilizing avobenzone; the key sunscreen used in the USA. Data submitted to the US patent office proved that our sunscreen provides a minimum of eight hours of photostability.

Our Hand & Body Lotion is formulated with five moisturizers including aloe, shea butter, glycerin, coconut oil and jojoba oil, and to help smooth your skin the powerful antioxidant Vitamin E. These ingredients restore and nourish your skin from head to toe.

Topical and Transdermal Cannabis:

Skinvisible has successfully formulated high-quality topical and transdermal cannabinoid products containing CBD and in the near future will add THC. CBD has proven to have many therapeutic effects and it does not produce the "high" associated with THC. Cannabinoids have been used for pain management and to treat many skin conditions, from acne, eczema, psoriasis, skin cancer, to anti-aging, due to their anti-oxidant and anti-inflammatory properties. Our Invisicare technology allows for the superior binding of these products to the skin, a controlled release of the cannabinoids both topically and transdermally, as well as providing patent protection.

The business model for our cannabis product line is two-fold: In the United States Skinvisible will seek a licensee in each of the twenty-nine states where cannabis is legalized. Outside of the United States the distribution rules differ. In Canada cannabis is currently legal for medical use only however it is expected to pass recreational / adult use by July 2018. Skinvisible is targeting key cannabis producers to license the exclusive rights for all of Canada. Negotiations are underway in both the United States and Canada for these licenses. It should be noted that Skinvisible is an auxiliary industry to the cannabis market as we do not produce or sell any products ourselves with cannabis. We will be licensing our patented Invisicare technology and formulations to potential licensees.

Table of Contents

Capitalize On Current Licensees:

We have: Avon Products globally and Women's Choice Pharmaceuticals in the United States.

We continue to work diligently with our licensees to ensure they have a smooth manufacturing process, ongoing R&D support and marketing feedback.

Avon Products, Inc.

Product: We have a long-term contract with Avon globally for over ten years to provide Invisicare polymer for their long-lasting lipsticks.

Sales: Invisicare polymers are purchased directly from Skinvisible.

Women's Choice Pharmaceuticals

Product: ProCort®, long lasting prescription hemorrhoid cream launched in the United States August 2011. Sales and Royalties: Skinvisible receives a royalty based on net sales of ProCort. This past year Women's Choice Pharmaceuticals LLC partnered with Advanced Medical Enterprises, LLC to market ProCort® in Puerto Rico. With over thirty pharmaceutical sales reps calling on OBGYNs in the US, Women's Choice has been successfully growing their sales of ProCort® and we look forward to continued increased growth in 2017. Women's Choice is seeking to form other strategic alliances in order to increase its sales efforts by targeting new territories and targeting medical specialists which previously were not called upon

Additional Skinvisible Products

Sunless Tanning Products

We have developed a new sunless tanning mousse / foam which uses a unique foam with Invisicare®, developed specifically for its foaming properties. This adds to Skinvisible's line of sunless tanning products which includes sunless tanning lotions (light, medium and dark), pre-sun moisturizer and after-sun moisturizer along with sunless tanning spray products for commercial use. The addition of a sunless tanning mousse enhances this line of products.

Sunscreen Products

We have developed 3 broad spectrum sunscreens, with SPF 15, 30 and 50 (the highest SPF allowed by the FDA). All are formulated with Avobenzone, the only UVA sun filter allowed under the US FDA monograph. This UVA/UVB sunscreen was granted a patent from the United States patent office in 2013. Avobenzone is known for breaking down in the sun after only two hours – thus the requirement to reapply every 2 hours. Skinvisible's patent was granted based on Invisicare's® minimum 8 hour photo stability. For countries outside the United States, Skinvisible has additionally patented UVA/UVB sunscreens formulated with Tinosorb S.

Increasing The Value of Skinvisible's Pipeline:

We have a pipeline of over forty products which are available for licensing. Testing is conducted in-house generating proof of concept including release of the active ingredient as well as long term shelf life (stability). Additional studies conducted on specific products including skin sensitivity, toxicity and product efficacy are outsourced to FDA compliant laboratories. These studies are critical in attracting potential licensees. Our clinical strategy is to:

- Launch of our DermSafe® hand sanitizer in Canada either under Kintari or a licensee. An independent laboratory analyzed the long-term effectiveness of DermSafe® when put in contact with two bacteria; the “super bug” MRSA and E. coli, the “restaurant bug” since it is often transmitted by food and food handlers. The long-term effectiveness of two bacteria; Methicillin-resistant Staphylococcus aureus or MRSA (ATCC #33591) and Escherichia coli or E. coli (ATCC #43888") were tested up to four hours after application. The results showed that the individual arms of subjects which had DermSafe® applied and were even rinsed prior to each bacteria challenge, showed a 95.83% reduction at the 4 hour time point for MRSA and 99.38% for E. coli. In 2013, we obtained the registration rights for DermSafe® in Belgium. This designation allows for the sale and/ or registration of DermSafe in most EU countries. A strategy is being developed along with a larger global strategy to bring DermSafe to the EU and. Skinvisible has also commissioned further testing of DermSafe against the (Middle East Respiratory Syndrome Coronavirus (MERS-CoV); a SARS-like virus and the avian influenza A virus, H7N9.

Table of Contents

- We have developed two cannabis-based products with CBD from imported hemp (non-psychoactive) and will continue to develop an entire line of cannabis-based products which will include CBD and THC from marijuana. The cannabis market that Skinvisible has entered is vast and one of the fastest growing markets. There is a growing positive public opinion regarding the cannabis industry due to the increasing amount of encouraging scientific research proving the benefits and the increasingly supportive cannabis laws. The legal marijuana industry (medical and recreational) in the USA has reached over \$6 billion in annual sales and is expected to increase to over \$20 billion by 2020. In Canada, where the entire country is primed to add recreational marijuana nationally this year, the market is projected to reach \$2.5 billion, with some future estimates at a staggering \$10 to \$22 billion annually. Skinvisible is poised to be a part of this expanding market by providing ancillary products (Invisicare) and services. It is part of the ancillary cannabis market as Skinvisible does not sell or touch cannabis; it sells its proprietary Invisicare polymers coupled with proven product formulations and services to its licensees. Skinvisible will help bring science-based, patent protected products into this emerging industry.

Secure Additional Licensees:

We are in discussions and undergoing internal discussions with various pharmaceutical companies for licenses including a significant potential partnership / joint venture for our prescription products:

- **Prescription Bundle:** Our strategy is to find a pharmaceutical company that has a strong track record with seeking FDA approval for dermatology products. Our intent is to form a joint-venture with such as company and contribute our entire prescription product portfolio to that joint-venture. Our plan is that the partner/licensee will pay all costs associated in getting FDA approval. This would allow for a partner to seek FDA approval using the 505.b.2 pathway for one or more of our products and we would share in the increased value of these products once they are approved and licensed. We have multiple interested parties with which we are in discussions, but no agreement for a partnership is yet in place.

Results of Operations for the Three and Six Months Ended June 30, 2017 and 2016

Revenues

Our revenue from product sales, royalties on patent licenses and license fees for the three months ended June 30, 2017 was \$41,744 an increase from \$38,114 for the same period ended June 30, 2016. Our revenue from product sales, royalties on patent licenses and license fees for the six months ended June 30, 2017 was \$54,256, a decrease from \$66,451 for the same period ended June 30, 2016.

The decrease in revenue for the six months ended June 30, 2017 was mainly due to a reduction in product sales. However, we increased our revenues in the three months ended June 30, 2017 as compared with the same period in 2016. We hope to achieve increased quarter over quarter revenues for the rest of 2017, as a result of our distribution agreement with Interspace Global, along with our direct and online sales of Kintari products.

Cost of Revenues

Our cost of revenues for the three months ended June 30, 2017 increased to \$41,900 from the prior year period when cost of revenues was \$9,385. Our cost of revenues for the six months ended June 30, 2017 increased to \$43,461 from the prior year period when cost of revenues was \$14,012.

Our cost of revenues increased for the three and six months ended June 30, 2017 over the prior year periods as a result of cost of freight and commissions. These costs are associated with our distribution agreement with Interspace Global, along with our direct and online sales of Kintari products. We are hopeful that our revenues will exceed these costs in future quarters.

Table of Contents

Gross Profit (Loss)

Gross loss for the three months ended June 30, 2017 was \$156, or approximately 0.3% of sales. Gross profit for the three months ended June 30, 2016 was \$28,729, or approximately 75% of sales.

Gross profit for the six months ended June 30, 2017 was \$10,795, or approximately 20% of sales. Gross profit for the six months ended June 30, 2016 was \$52,439, or approximately 79% of sales.

Operating Expenses

Operating expenses increased to \$313,549 for the three months ended June 30, 2017 from \$201,509 for the same period ended June 30, 2016. Operating expenses decreased to \$478,726 for the six months ended June 30, 2017 from \$539,296 for the same period ended June 30, 2016.

Our operating expenses for the six months ended June 30, 2017 consisted mainly of accrued salaries and wages of \$192,357, consulting fees of \$124,985, depreciation and amortization expenses of \$28,278, rent of \$21,275 and insurance of \$10,332. In comparison, our operating expenses for the six months ended June 30, 2016 consisted mainly of accrued salaries and wages of \$187,352, consulting fees of \$195,143, depreciation and amortization expenses of \$28,953, accounting and audit expenses of \$24,046, salaries and wages of \$14,333 and rent of \$21,572.

Interest Expense

We had interest expense of \$358,552 for the three months ended June 30, 2017, compared with interest expense of \$291,152 for the three months ended June 30, 2016. We had interest expense of \$683,313 for the six months ended June 30, 2017, compared with other expenses of \$606,428 for the six months ended June 30, 2016.

We expect to continue to experience high interest payments in the future as a result of our outstanding liabilities. Moreover, as of the date of this report, there are a number of secured promissory notes with an aggregate principal amount of approximately \$3,430,985 that have matured. In addition, we also have a number of unsecured promissory notes with an aggregate principal amount of \$117,880 that have matured. If we are unable to generate sufficient revenues and/or additional financing to service this debt, there is a risk the lenders will call the notes, secure our

assets, as to those applicable secured notes, and demand payment. If this happens, we could go out of business.

Net Loss

We recorded a net loss of \$672,256 for the three months ended June 30, 2017, as compared with a net loss of \$463,932 for the three months ended June 30, 2016. We recorded a net loss of \$1,151,240 for the six months ended June 30, 2017, as compared with a net loss of \$1,093,285 for the six months ended June 30, 2016.

Liquidity and Capital Resources

As of June 30, 2017, we had total current assets of \$300,042 and total assets in the amount of \$530,540. Our total current liabilities as of June 30, 2017 were \$7,294,360. We had a working capital deficit of \$6,994,318 as of June 30, 2017.

Operating activities used \$128,265 in cash for the six months ended June 30, 2017, as compared with \$92,246 for the six months ended June 30, 2016. Our net loss of \$1,151,240 was the main component of our negative operating cash flow for the six months ended June 30, 2017, offset mainly by an increase in accounts payable and accrued liabilities of \$334,171, amortization of debt discount of \$376,895, an increase in accrued interest of \$151,985 and stock based compensation of \$115,332. Our net loss of \$1,093,285 was the main component of our negative operating cash flow for the six months ended June 30, 2016, offset mainly by an increase in accounts payable and accrued liabilities of \$426,354, amortization of debt discount of \$292,516 and stock based compensation of \$133,445.

Table of Contents

Investing activities used \$13,012 in cash for the six months ended June 30, 2017 for the purchase of fixed and intangible assets, compared to no cash used for the same period ended June 30, 2016.

Cash flows provided by financing activities during the six months ended June 30, 2017 amounted to \$143,505, as compared with \$92,246 for the six months ended June 30, 2017. Our cash flows for the six months ended June 30, 2017 consisted of \$170,000 in proceeds from convertible notes payable and \$15,000 in proceeds from notes payable, offset by \$28,025 in payments on notes payable, \$2,000 in payments on convertible notes payable and \$11,470 in payments on related party debt. Our cash flows for the six months ended June 30, 2016 consisted of \$83,000 in proceeds from convertible notes payable, \$57,000 in proceeds from notes payable and \$23,746 in related party debt, offset by \$47,500 in payments on convertible debt and \$24,000 in payments on notes payable.

The features of the debt instruments and payables concerning our financing activities are detailed in the footnotes to our financial statements.

Based upon our current financial condition, we do not have sufficient cash to operate our business at the current level for the next twelve months. We intend to fund operations through increased sales and debt and/or equity financing arrangements, which may be insufficient to fund expenditures or other cash requirements. We plan to seek additional financing in a private equity offering to secure funding for operations. There can be no assurance that we will be successful in raising additional funding. If we are not able to secure additional funding, the implementation of our business plan will be impaired. There can be no assurance that such additional financing will be available to us on acceptable terms or at all.

Off Balance Sheet Arrangements

As of June 30, 2017, there were no off balance sheet arrangements.

Critical Accounting Policies

In December 2001, the SEC requested that all registrants list their most “critical accounting policies” in the Management Discussion and Analysis. The SEC indicated that a “critical accounting policy” is one which is both important to the portrayal of a company’s financial condition and results, and requires management’s most difficult, subjective or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain.

Going concern – The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. We have incurred cumulative net losses of \$31,033,439 since our inception and require capital for our contemplated operational and marketing activities to take place. Our ability to raise additional capital through the future issuances of common stock is unknown. The obtainment of additional financing, the successful development of our contemplated plan of operations, and our transition, ultimately, to the attainment of profitable operations are necessary for us to continue operations. The ability to successfully resolve these factors raise substantial doubt about our ability to continue as a going concern. These consolidated financial statements do not include any adjustments that may result from the outcome of these aforementioned uncertainties.

Product sales – Revenues from the sale of products (Invisicare® polymers) are recognized when title to the products are transferred to the customer and only when no further contingencies or material performance obligations are warranted, and thereby have earned the right to receive reasonably assured payments for products sold and delivered.

Royalty sales – We also recognize royalty revenue from licensing our patented product formulations only when earned, with no further contingencies or material performance obligations are warranted, and thereby have earned the right to receive and retain reasonably assured payments.

Table of Contents

Distribution and license rights sales – We also recognize revenue from distribution and license rights only when earned (and are amortized over a five year period), with no further contingencies or material performance obligations are warranted, and thereby have earned the right to receive and retain reasonably assured payments.

Costs of Revenue – Cost of revenue includes raw materials, component parts, and shipping supplies. Shipping and handling costs is not a significant portion of the cost of revenue.

Accounts Receivable – Accounts receivable is comprised of uncollateralized customer obligations due under normal trade terms requiring payment within 30 days from the invoice date. The carrying amount of accounts receivable is reviewed periodically for collectability. If management determines that collection is unlikely, an allowance that reflects management’s best estimate of the amounts that will not be collected is recorded. Management reviews each accounts receivable balance that exceeds 30 days from the invoice date and, based on an assessment of creditworthiness, estimates the portion, if any, of the balance that will not be collected. As of June 30, 2017, the Company had not recorded a reserve for doubtful accounts. The Company has \$1,000,000 in convertible notes payable which are secured by the accounts receivable of a license agreement the Company has with Women's Choice Pharmaceuticals, LLC on its proprietary prescription product, ProCort®.

Recently Issued Accounting Pronouncements

We do not expect the adoption of recently issued accounting pronouncements to have a significant impact on our results of operations, financial position or cash flow.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

A smaller reporting company is not required to provide the information required by this Item.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

We carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of June 30, 2017. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer and our Chief Financial Officer. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of June 30, 2017, our disclosure controls and procedures were not effective due to the presence of material weaknesses in internal control over financial reporting.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis. Management has identified the following material weaknesses which have caused management to conclude that, as of June 30, 2017, our disclosure controls and procedures were not effective: (i) inadequate segregation of duties and effective risk assessment; and (ii) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of both US GAAP and SEC guidelines.

Remediation Plan to Address the Material Weaknesses in Internal Control over Financial Reporting

Our company plans to take steps to enhance and improve the design of our internal controls over financial reporting. During the period covered by this quarterly report on Form 10-Q, we have not been able to remediate the material weaknesses identified above. To remediate such weaknesses, we plan to implement the following changes during our fiscal year ending December 31, 2017: (i) appoint additional qualified personnel to address inadequate segregation of duties and ineffective risk management; and (ii) adopt sufficient written policies and procedures for accounting and financial reporting. The remediation efforts set out are largely dependent upon our securing additional financing to cover the costs of implementing the changes required. If we are unsuccessful in securing such funds, remediation efforts may be adversely affected in a material manner.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the three months ended June 30, 2017 that have materially affected, or are reasonable likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

We are not a party to any pending legal proceeding. We are not aware of any pending legal proceeding to which any of our officers, directors, or any beneficial holders of 5% or more of our voting securities are adverse to us or have a material interest adverse to us.

Item 1A. Risk Factors

See risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2016 filed on April 17, 2017.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

The information set forth below relates to our issuances of securities without registration under the Securities Act of 1933 during the reporting period which were not previously included in a an Annual Report on Form 10-K, Quarterly Report on Form 10-Q or Current Report on Form 8-K.

On May 18, 2017, we granted options to purchase 1,000,000 shares of our common stock to a consultant. The options have a strike price of \$0.03. The stock options were exercisable upon grant and have a life of 5 years.

On May 1, 2017, we entered into a consulting agreement and agreed to issue 1,154,000 shares of our common stock in exchange for three months of services.

These securities were issued pursuant to Section 4(2) of the Securities Act and/or Rule 506 promulgated thereunder. The holders represented their intention to acquire the securities for investment only and not with a view towards distribution. The investors were given adequate information about us to make an informed investment decision. We did not engage in any general solicitation or advertising. We directed our transfer agent to issue the stock certificates with the appropriate restrictive legend affixed to the restricted stock.

Item 3. Defaults upon Senior Securities

None

Item 4. Mine Safety Disclosures

Not applicable.
