Item 1.01.

Entry into a Material Definitive Agreement.

Note Purchase Agreement—Senior Notes

On June 26, 2017, Pacific Ethanol, Inc., a Delaware corporation (the “**Company**”) entered into a Note Purchase Agreement (the “**Note Purchase Agreement**”) with five accredited investors (the “**Investors**”) and a related Consent of Holders and Amendment of Senior Secured Notes (“**Consent**”) with the Investors and the holders of the Company’s senior secured notes issued on December 15, 2016 (“**Prior Senior Notes**”). On June 30, 2017, under the terms of the Note Purchase Agreement, the Company sold \$13,948,078 in aggregate principal amount of its senior secured notes (the “**Senior Notes**”) to the Investors in a private offering for aggregate gross proceeds of 97% of the principal amount of the Senior Notes sold.

The Senior Notes will mature on December 15, 2019 (the “**Maturity Date**”). Interest on the Senior Notes will accrue at a rate equal to (i) the greater of 1% and the three-month London Interbank Offered Rate (“**LIBOR**”), plus 7.0% from the closing through December 14, 2017, (ii) the greater of 1% and LIBOR, plus 9% between December 15, 2017 and December 14, 2018, and (iii) the greater of 1% and LIBOR plus 11% between December 15, 2018 and the Maturity Date. The interest rate will increase by an additional 2% per annum above the interest rate otherwise applicable upon the occurrence, and during the continuance, of an event of default until such event of default has been cured. Interest is payable in cash in arrears on the 15th calendar day of each March, June, September and December beginning on September 15, 2017. The Company is required to pay all outstanding principal and any accrued and unpaid interest on the Senior Notes on the Maturity Date. The Company may, at its option, prepay the Senior Notes at any time without premium or penalty. The Senior Notes contain a variety of events of default which are typical for transactions of this type. Payments due under the Senior Notes will rank *pari passu* with the Prior Senior Notes and senior to all other indebtedness of the Company, other than permitted senior indebtedness.

The Senior Notes contain a variety of obligations on the part of the Company not to engage in certain activities, which are typical for transactions of this type, including that (i) the Company and certain of its subsidiaries will not incur other indebtedness, except for certain permitted indebtedness, (ii) the Company and certain of its subsidiaries will not redeem, repurchase or pay any dividend or distribution on their respective capital stock without the prior consent of the holders of the Senior Notes and Prior Senior Notes holding 66-2/3% of the aggregate principal amount of the Senior Notes and the Prior Senior Notes, collectively, other than certain permitted distributions, (iii) the Company and certain of its subsidiaries will not sell, lease, assign, transfer or otherwise dispose of any assets of the Company or any such subsidiary, except for certain permitted dispositions (including the sales of inventory or receivables in the ordinary course of business), and (iv) the Company and certain of its subsidiaries will not issue any capital stock or membership interests for any purpose other than to pay down a portion of all of the amounts owed under the Senior Notes and Prior Senior Notes and in connection with the Company’s stock incentive plans.

The Senior Notes are secured by a first-priority security interest in the Company’s ownership interest in its wholly-owned subsidiary, PE Op. Co., pursuant to the terms of an amendment to an existing Security Agreement with

respect to the Prior Senior Notes. The amendment was entered into on June 30, 2017 by and among the Company, the Investors, the holders of the Prior Senior Notes and Cortland Capital Market Services LLC, as collateral agent (the “**First Amendment**”). The First Amendment amends a Security Agreement dated December 15, 2016 by and among the Company, the holders of the Prior Senior Notes and Cortland Capital Market Services LLC, as collateral agent (“**Security Agreement**”).

The foregoing description of the Note Purchase Agreement, Consent, Senior Notes, Security Agreement and the First Amendment and the transactions contemplated thereby is only a summary, does not purport to be complete, and is qualified in its entirety by reference to the full text of the Note Purchase Agreement, Consent, form of Senior Note, Security Agreement and First Amendment, copies of which are attached to this Current Report on Form 8-K as Exhibits 10.1, 10.2, 10.3, 10.4 and 10.5, respectively. The Note Purchase Agreement, Consent, form of Senior Note, Security Agreement and First Amendment have been attached as exhibits to provide investors with information regarding their terms. They are not intended to provide any other factual information about the Company or the Investors (or any of their respective subsidiaries or affiliates) or any other parties. The representations, warranties and covenants contained in the Note Purchase Agreement, form of Senior Note, Security Agreement and the First Amendment were made solely for the purposes of the Note Purchase Agreement and the benefit of the parties to those agreements and may be subject to limitations agreed upon by the contracting parties. Certain of the representations and warranties have been made for the purposes of allocating contractual risk between the parties to the agreement instead of establishing these matters as facts. The Company’s investors are not third-party beneficiaries under the Note Purchase Agreement. In addition, the representations and warranties contained in the Note Purchase Agreement, Security Agreement and the First Amendment (i) were made only as of the dates specified in the Note Purchase Agreement, Security Agreement and the First Amendment, respectively, and (ii) in some cases are subject to qualifications with respect to materiality, knowledge and/or other matters, including standards of materiality applicable to the contracting parties that differ from those applicable to investors. Moreover, information concerning the subject matter of the representations and warranties may change after the dates of the Note Purchase Agreement, Senior Notes, Security Agreement and the First Amendment which subsequent information may or may not be fully reflected in the Company’s public disclosures. Accordingly, investors should not rely on the representations and warranties as characterizations of the actual state of facts or condition of the Company or the Investors (or any of their respective subsidiaries or affiliates) or any other parties.

All outstanding principal and accrued interest shall be payable on demand upon the occurrence, and during the continuance, of an event of default.
