## Report of Independent Auditors

To the Plan Administrator of the  
Georgia-Pacific Corporation  
Salaried 401(k) Plan

We have audited the accompanying statement of net assets available for benefits of Georgia-Pacific Corporation Salaried 401(k) Plan as of December 31, 2002, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Georgia-Pacific Corporation Salaried 401(k) Plan at December 31, 2002, and the changes in its net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2002, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

To the Participants of the Georgia-Pacific Corporation Salaried 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Georgia-Pacific Corporation Salaried 401(k) Plan as of December 31, 2001 and 2000 and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements and the schedule referred to below are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Georgia-Pacific Corporation Salaried 401(k) Plan as of December 31, 2001 and 2000 and the changes in its net assets available for benefits for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule of assets (held at end of year) as of December 31, 2001 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Georgia-Pacific Corporation  
Salaried 401(k) Plan

Notes to Financial Statements

December 31, 2002

1. Plan Description

The following brief description of the Georgia-Pacific Corporation Salaried 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for more complete information.

#### General

The Plan is a defined contribution plan covering certain groups of salaried employees of Georgia-Pacific Corporation (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Vanguard Fiduciary Trust Company (the "Trustee") is the trustee and custodian of the Plan.

In conjunction with the Company's sale of Unisource Worldwide, Inc. effective November 2002, the Plan was amended to cease the participation of certain participants in the Plan in accordance with the human resources agreement by and among the Company and Unisource Worldwide, Inc. As such, the net assets of the affected participants were transferred out of the Plan to a plan established by Unisource Worldwide, Inc.

Effective December 31, 2002, the net assets of the Color-Box, LLC Salaried 401(k) Plan were merged into the Plan. In addition, on December 31, 2002, the net assets of the Color-Box, LLC Hourly 401(k) Plan, attributable to participants other than those participants whose conditions of employment are governed by a collective bargaining contract were merged into the Plan.

In 2002, certain employees participating in the Plan were transferred out of or into the Georgia-Pacific Corporation Salaried 401(k) Plan due their employment status changing from hourly employees to salaried employees or from salaried employees to hourly employees, respectively.

## Georgia-Pacific Corporation Salaried 401(k) Plan

Notes to Financial Statements (continued)

### 1. Plan Description (continued)

#### Eligibility

An employee is eligible to participate in the Plan if he/she is a salaried employee of the Company who is employed in the United States, or who is a United States citizen working abroad at a Company facility and who is paid on a United States payroll. Eligible employees may elect to participate in the Plan upon date of hire.

#### Contributions and Vesting

The Plan allows participants to contribute up to 15% of their eligible compensation on a before-tax basis subject to the annual limitation specified by the Internal Revenue Code (the "Code"). Effective January 1, 2002, participants who have attained age 50 or older during the Plan year are eligible to make additional contributions to the Plan beyond the maximum allowable under the Code, which is \$11,000 for 2002. The maximum catch-up contribution for the 2002 plan year is \$1,000 per participant. The Company matching contribution is 100% of pre-tax contributions for the first 3% of compensation and \$.50 for every \$1 of pre-tax contributions for the next 5% of compensation.

Participants are 100% vested in their contributions. Company matching contributions become 100% vested upon completion of three years of service, attainment of age 59½, death, or disability. Termination of employment for reasons other than retirement, disability, or death results in forfeiture of the nonvested portion of the Company matching contributions. Forfeitures are used to reduce future Company matching contributions.

#### Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's earnings (losses), the Company's contributions, and the participant's contributions. Allocation of earnings (losses) is based on relative account balances and investment elections.

---

### Georgia-Pacific Corporation Salaried 401(k) Plan

Notes to Financial Statements (continued)

1. Plan Description (continued)

Withdrawals and Termination

Withdrawals from participant accounts may be made only for the following reasons: termination of employment, financial hardship, retirement, death, disability, or attainment of age 59½. Upon occurrence of one of these events and upon election of the participant, if the vested balance is over \$5,000, the Plan will distribute to the participant 100% of the participant's vested account balance in a lump-sum payment.

Hardship withdrawals are permitted if certain criteria are met, as defined by the Plan, and are subject to taxes in the year received. Hardship withdrawals (either full or partial) are paid in cash and result in a suspension of the right to make participant contributions to the Plan for a period of at least 6 months.

Participant Loans

The Plan allows participants currently employed by the Company to obtain loans equal to the lesser of \$50,000 or 50% of their vested account balances. Loans bear interest at a rate equal to the prime lending rate plus one percent at the date of origination of the loan. Loan repayments are generally made through payroll deductions and normally must be repaid within a five-year term unless the loan was used to purchase a primary residence, which could extend the term to 15 years. Loans become due and payable in full once a participant terminates employment.

Plan Termination

The Company has reserved the right to amend, modify, suspend, or terminate the Plan at any time, subject to provisions of ERISA. In the event the Company terminates the Plan, each participant's account balance would be fully vested.

Administrative Expenses

Substantially all costs of administering the Plan are paid by the Company.

## 2. Summary of Significant Accounting Policies

### Basis of Presentation

The accompanying financial statements have been presented on the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

### Investment Valuation

Investments are presented at fair value, as determined by the Trustee, based upon quotations as reported on various securities exchanges.

## 3. Significant Investments

Individual investments that represent 5% or more of the fair value of net assets available for benefits as of December 31, 2002 and 2001 are as follows:

	2002	2001
Vanguard Short-Term Treasury Fund	\$245,515,584	\$216,120,180
Vanguard LifeStrategy Growth Fund	127,689,411	167,475,688
Vanguard LifeStrategy Moderate Growth Fund	255,416,107	317,597,186
Vanguard 500 Index Fund	304,412,174	444,415,767
Vanguard Treasury Money Market Fund	220,926,949	278,421,927
Vanguard Total Bond Market Index Fund	110,413,127	N/A

#### **Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service, dated October 24, 2002, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore, the related trusts are exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan is qualified and the related trusts are tax-exempt.

#### **5. Financial Information of the Master Trusts**

Effective June 8, 1994, the assets of the Georgia-Pacific Stock Fund were transferred into the Georgia-Pacific Stock Fund Master Trust (the "Master Trust"). The Master Trust was established to hold, administer, and invest the assets of the Georgia-Pacific Stock Fund in certain defined contribution plans qualified under Code Section 401(k) and are administered by the Company.

On December 16, 1997, the shareholders of the Company approved the conversion of all Georgia-Pacific Common Stock into Georgia-Pacific Corporation--Georgia-Pacific Group Common Stock and to distribute one share of a new class of Common Stock, Georgia-Pacific Corporation--Timber Group Common Stock. As a result, the assets of the Master Trust were transferred on a pro rata basis into the newly created Georgia-Pacific Group Stock Fund Master Trust ("Group Master Trust") and the Georgia-Pacific Timber Stock Fund Master Trust ("Timber Master Trust"). On August 15, 2001, shareholders of Georgia-Pacific Corporation Timber Company ("G-P Timber") and Plum Creek Timber Company, Inc. ("Plum Creek") approved the merger of the two companies. Effective October 6, 2001, G-P Timber shareholders received 1.37 shares of Plum Creek Common Stock in exchange for each share of G-P Timber Common Stock. Also, on October 6, 2001, the Timber Master Trust converted into the Plum Creek Stock Fund Master Trust ("Plum Creek Master Trust"). Effective October 2002, this investment option was eliminated.
