Item Regulation FD Disclosure
7.01

On March 11, 2015, American Express Company (the “Company”) was informed that the Board of Governors of the Federal Reserve System (the “Federal Reserve”) did not object to the Company’s plans to return capital to shareholders through share repurchases of up to \$6.6 billion during the period beginning the second quarter of 2015 through and including the second quarter of 2016, as well as an increase in the Company’s quarterly dividend to \$0.29 per share from \$0.26 per share, beginning with the second quarter 2015 dividend declaration, subject to approval by the Company’s Board of Directors. The timing and amount of common shares purchased under the Company’s authorized capital plan will depend on various factors, including the Company’s business plans, financial performance and market conditions. To facilitate repurchases, the Company may, from time to time, make purchases pursuant to one or more trading plans under Rule 10b5-1 under the Securities Exchange Act of 1934, as amended, which allows the Company to repurchase common shares during periods when the Company might otherwise be prevented from doing so under applicable law or because of self-imposed trading blackout periods.

The Company is furnishing a press release, dated March 11, 2015, relating to the above, which is attached as Exhibit 99.1 to this Current Report on Form 8-K and incorporated herein by reference. In addition, a summary of the results of the Company-run stress tests under the Federal Reserve’s Regulation YY can be found on the Company’s Investor Relations website at ir.americanexpress.com.
