Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))

Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 7.01 Regulation FD Disclosure

American Express Company (the "Company") is hereby furnishing below delinquency and write-off statistics for the lending portfolio of its U.S. Card Services ("USCS") operating segment for the months ended March 31, April 30 and May 31, 2015.

American Express Company
U.S. Card Services
Delinquency and Write-off Rate Statistics

As of and for the months ended March 31, April 30 and May 31, 2015

(Billions, except percentages)

	March 31, 2015	April 30, 2015	May 31, 2015
Card Member lending:			
Total loans	\$ 59.9	\$ 60.3	\$ 61.8
30 days past due loans as a % of total	1.0 %	0.9 %	0.9 %
Average loans	\$ 59.2	\$ 60.1	\$ 61.1
Net write-off rate – principal only ^(a)	1.5 %	1.5 %	1.3 %

^(a)Net write-off rate based on principal only (i.e., excluding interest and /or fees).

Note: The statistics presented above are based on the USCS operating segment's total portfolio of Card Member loans determined in accordance with U.S. generally accepted accounting principles, which includes all securitized and non-securitized Card Member loans.

The statistics presented above provide information that is additional to the data reported by the American Express Credit Account Master Trust (the "Lending Trust") in its monthly Form 10-D report filed with the Securities and Exchange Commission (the "Commission"). The Card Member loans that have been securitized through the Lending Trust do not possess identical characteristics with those of the total portfolio of USCS loans, which reflects the aggregate of securitized and non-securitized loans. Thus, the reported credit performance of the Lending Trust may, on a month-to-month basis, be better or worse than the credit performance of the total portfolio. Reported differences may arise as a result of, among other things, differences in the mix and vintage of loans between the Lending Trust and the total portfolio (including, among other things, the larger proportion of small business loans in the non-securitized portion of the total portfolio), the use of end-of-period principal loan balances to calculate write-off statistics in the Lending Trust compared to the use of average loan balances over the reporting period used in the total portfolio statistics, as well as other mechanics of the calculation for the lending trust net write-off rate, which is impacted by any additions to the securitization trust within a particular period.

-2-

Set forth below is certain information regarding the credit performance of the Lending Trust for its three most recent monthly reporting periods, as reported in its Form 10-D report filed with respect to each such period.

American Express Credit Account Master Trust

(Billions, except percentages)

		February 23, 2015 through March 25, 2015	March 26, 2015 through April 30, 2015 ^(a)	May 1, 2015 through May 31, 2015
Ending total principal balance	\$ 27.0	\$ 27.2	\$ 27.6	
Defaulted amount	\$ 0.05	\$ 0.06	\$ 0.05	
Annualized default rate, net of recoveries	1.4 %	1.3 %	1.1 %	
Total 30+ days delinquent	\$ 0.3	\$ 0.2	\$ 0.2	

Effective April 16, 2015, the monthly reporting period for the Lending Trust was amended. As a result, the reporting period of March 26, 2015 through April 30, 2015 included additional days of activity. Therefore, the information reported for such reporting period is not directly comparable to the information for other reporting periods.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
