USE OF PROCEEDS

We anticipate our net proceeds from the sale of the bonds will be approximately \$ _____ million after deducting underwriting discounts and commissions and estimated offering expenses. We will use the net proceeds we receive from the issuance and sale of the bonds: (i) to repay debt incurred under our \$35 million revolving credit facility that expires in May 2010 (at June 5, 2009, we had \$30 million of debt outstanding under this credit facility bearing interest on such date at the rate of 2.104% per year); (ii) to repay debt incurred under our \$20 million revolving credit facility that expires on June 30, 2009 which we expect to renew prior to such date (at June 5, 2009, we had \$20 million of debt outstanding under this credit facility bearing interest on such date at the rate of 2.104% per year); (iii) to repay short-term borrowings under the Entergy System money pool (at June 5, 2009, we had approximately \$21 million of outstanding money pool obligations bearing interest on such date at the rate of 0.59% per year); (iv) for working capital; and (v) for general corporate purposes. Pending the application of the net proceeds, we may invest them in short-term, highly liquid, high-rated money market instruments and/or the Entergy System money pool.

DESCRIPTION OF THE BONDS

Interest, Maturity and Payment

We are offering \$ _____ million of our First Mortgage Bonds, _____ % Series due _____. We will pay interest on the bonds on _____ and _____ of each year, beginning on _____, 2009. Interest will accrue at the rate of _____ % per year and will start to accrue from the date that the bonds are issued. As long as the bonds are registered in the name of The Depository Trust Company ("DTC") or its nominee, the record date for interest payable on any interest payment date shall be the close of business on the Business Day immediately preceding such interest payment date. We have agreed to pay interest on any overdue principal and, if such payment is enforceable under applicable law, on any overdue installment of interest on the bonds at a rate of _____ % per year to holders of record at the close of business on the Business Day immediately preceding our payment of such interest.

Interest on the bonds will be computed on the basis of a 360-day year of twelve 30-day months. If any interest payment date or the maturity date falls on a day that is not a Business Day, the payment due on that interest payment date or the maturity date will be made on the next Business Day, and without any interest or other payment in respect of such delay.

Form and Denomination

The bonds will be issued in denominations of \$1,000 and integral multiples thereof. The bonds will be represented by a global certificate without coupons registered in the name of a nominee of DTC. As long as the bonds are registered in the name of DTC or its nominee, we will pay principal, any premium and interest due on the bonds to DTC. DTC will then make payment to its participants for disbursement to the beneficial owners of the bonds as described in the accompanying prospectus under the heading "Description of the New Bonds Book-Entry Only Securities."

Optional Redemption

We may redeem the bonds, in whole or in part, at our option, on not less than 30 days nor more than 60 days notice, at any time prior to maturity, at a redemption price equal to the greater of (a) 100% of the principal amount of the bonds being redeemed and (b) as determined by the Independent Investment Banker, the sum of the present values of the remaining scheduled payments of principal of and interest on the bonds being redeemed (excluding the portion of any such interest accrued to the redemption date), discounted (for purposes of determining such present values) to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate plus _____ % plus accrued interest thereon to the redemption date.

Table of Contents

If, at the time notice of redemption is given, the redemption monies are not held by the corporate trustee, the redemption may be made subject to receipt of such monies before the date fixed for redemption, and such notice shall be of no effect unless such monies are so received.

We may apply cash we deposit under any provision of the mortgage, with certain exceptions, to the redemption or purchase, including the purchase from us, of first mortgage bonds of any series under our mortgage including the bonds.

Certain Definitions

Adjusted Treasury Rate means, with respect to any redemption date:

(1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H.15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the remaining term of the bonds, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month); or

(2) if such release (or any successor release) is not published during the week preceding the calculation date for the Adjusted Treasury Rate or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

The Adjusted Treasury Rate shall be calculated on the third Business Day preceding the redemption date.

Business Day means any day other than a Saturday or a Sunday or a day on which banking institutions in The City of New York are authorized or required by law or executive order to remain closed or a day on which the corporate trust office of the corporate trustee is closed for business.

Comparable Treasury Issue means the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term of the bonds that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the bonds.

Comparable Treasury Price means, with respect to any redemption date, (1) the average of five Reference Treasury Dealer Quotations for such redemption date after excluding the highest and lowest such Reference Treasury Dealer Quotations or (2) if the Independent Investment Banker obtains fewer than five such Reference Treasury Dealer Quotations, the average of all such Reference Treasury Dealer Quotations.

Independent Investment Banker means one of the Reference Treasury Dealers that we appoint to act as the Independent Investment Banker from time to time or, if any of such firms is unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing appointed by us.

Reference Treasury Dealer means (1) Goldman, Sachs & Co. and BNY Mellon Capital Markets, LLC and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a Primary Treasury Dealer), we will substitute therefore another Primary Treasury Dealer, and (2) any other Primary Treasury Dealer selected by the Independent Investment Banker after consultation with us.

Table of Contents

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 5:00 p.m. on the third Business Day preceding such redemption date.

Dividend Covenant

We will not enter into a dividend covenant with respect to the bonds; however, so long as the first mortgage bonds we have issued prior to the date hereof remain outstanding, holders of the bonds offered herein will indirectly benefit from our covenant relating to those outstanding first mortgage bonds to restrict our payment of cash dividends on our common stock in certain circumstances.

Issuance of First Mortgage Bonds

The bonds will be issued on the basis of retired bond credits. As of March 31, 2009, approximately \$671 million of first mortgage bonds could have been issued under our mortgage on the basis of net property additions, and approximately \$285 million of first mortgage bonds could have been issued under our mortgage on the basis of retired bond credits.

Trustee

The Bank of New York Mellon is the corporate trustee under the mortgage. BNY Mellon Capital Markets, LLC, one of the underwriters, is an affiliate of the corporate trustee under the mortgage.

Effective prior to the issuance of the bonds, the co-trustee shall resign, be discharged and cease to be our co-trustee; all of his powers as co-trustee as well as his right, title and interest in the trust estate shall terminate; and his resignation shall be accepted. The corporate trustee shall not be required to appoint a co-trustee unless and until we or the corporate trustee determines that it is necessary to do so.

Sinking or Improvement Fund

The bonds are not subject to redemption under any sinking or improvement fund.

Additional Information

For additional information about the bonds, see "Description of the New Bonds" in the accompanying prospectus, including:

1. additional information about the terms of the bonds, including security,
2. general information about our mortgage and the corporate trustee,
3. a description of certain restrictions contained in our mortgage, and
4. a description of events of default under our mortgage.

Table of Contents**UNDERWRITING**

Under the terms and conditions set forth in the underwriting agreement, dated the date of this prospectus supplement, we have agreed to sell each of the underwriters named below, and each of the underwriters has severally agreed to purchase, the principal amounts of bonds set forth opposite its name below:

Name	Principal Amount of Bonds
Goldman, Sachs & Co.	\$
Scotia Capital (USA) Inc.	
BNY Mellon Capital Markets, LLC	
 Total	 \$

Under the terms and conditions of the underwriting agreement, the underwriters have committed, subject to the terms and conditions set forth therein, to take and pay for all of the bonds if any are taken, provided, that under certain circumstances involving a default of an underwriter, less than all of the bonds may be purchased.

The underwriters initially propose to offer all or part of the bonds directly to the public at the price to public set forth on the cover page hereof and to certain securities dealers at such price less a concession not in excess of % of the principal amount of the bonds. The underwriters may allow, and such dealers may reallow certain brokers and dealers, a concession not in excess of % of the principal amount of the bonds. After the initial offering of the bonds, the offering price and other selling terms may from time to time be varied by the underwriters.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

We estimate that our total expenses for this offering will be \$442,000, excluding underwriting discounts and commissions.

The bonds will constitute a new class of securities with no established trading market. We cannot assure you as to (1) the liquidity of any such market that may develop, (2) the ability of holders of bonds to sell their bonds or (3) the price at which the holders of bonds would be able to sell their bonds. If such a market develops, the bonds could trade at prices that may be higher or lower than their principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar debt securities and our business, results of operations, financial condition or prospects. We do not intend to apply for listing of the bonds on any securities exchange or for inclusion of the bonds in any automated quotation system.

In order to facilitate the offering of the bonds, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the bonds. Specifically, they may over-allot in connection with the offering, creating a short position in the bonds for their own accounts. In addition, to cover over-allotments or to stabilize the price of the bonds, the underwriters may bid for, and purchase, the bonds in the open market. Finally, the underwriters may reclaim selling concessions allowed to dealers for distributing the bonds in the offering, if they repurchase previously distributed bonds in transactions to cover short positions established by them, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the bonds above independent market levels. The underwriters are not required to engage in these activities and may end any of these activities at any time.

In the ordinary course of their respective businesses, the underwriters and certain of their affiliates have in the past and may in the future engage in investment banking, commercial banking or other transactions of a

financial nature with us and our affiliates, for which they have received, or may receive, customary compensation. The underwriters, either directly or through affiliates, are lenders under certain Entergy System credit facilities.

DESCRIPTION OF THE NEW BONDS***General***

All first mortgage bonds issued or to be issued under the mortgage, including the New Bonds offered by this prospectus, are referred to herein as bonds.

3. automobiles, vehicles and aircraft, timber, minerals, mineral rights and royalties; and
4. receivables, contracts, leases and operating agreements.

The mortgage contains provisions that impose the lien of the mortgage on property that we acquire after the date of the mortgage, other than the excepted property, subject to pre-existing liens. However, if we consolidate or merge with, or sell substantially all of our assets to, another corporation, the lien created by the mortgage will generally not cover the property of the successor company, other than the property it acquires from us and improvements, replacements and additions to that property.

The mortgage also provides that the trustees have a lien on the mortgaged property to ensure the payment of their reasonable compensation, expenses and disbursements and for indemnity against certain liabilities. This lien takes priority over the lien securing the New Bonds.

Issuance of Additional Bonds

There is no limit to the amount of bonds that we can issue under the mortgage. Bonds of any series may be issued from time to time on the following bases:

1. 70% of property additions after adjustments to offset retirements;
2. retirements of first mortgage bonds; or
3. deposit of cash with the trustees.

Property additions generally include, among other things, electric, gas, steam or hot water property acquired after December 31, 1987. Securities, automobiles, vehicles or aircraft, or property used principally for the production or gathering of natural gas, are not included as property additions. Deposited cash may be withdrawn upon the bases stated in clause (1) or (2) above.

As of March 31, 2009, we could have issued approximately \$671 million of additional bonds on the basis of net property additions and approximately \$285 million on the basis of retired bond credits.

With certain exceptions in the case of clause (2) above, the issuance of bonds must meet an earnings test. The adjusted net earnings, before income taxes, for 12 consecutive months of the preceding 18 months, must be at least twice the annual interest requirements on all bonds outstanding at the time, including the additional bonds to be issued, plus all indebtedness, if any, of prior rank. In general, interest on variable interest rate bonds, if any, is calculated using the average rate in effect during such 12-month period.

The mortgage contains restrictions on the issuance of bonds against property subject to liens.

Other than the security afforded by the lien of the mortgage and restrictions on the issuance of additional bonds described above, there are no provisions of the mortgage that grant the holders of the bonds protection in the event of a highly leveraged transaction involving us.

Table of Contents

Release and Substitution of Property

We may release property from the lien of the mortgage, without applying an earnings test, on the following bases:

1. the deposit of cash or, to a limited extent, purchase money mortgages;
2. property additions, after adjustments in certain cases to offset retirements and after making adjustments for certain prior lien bonds, if any, outstanding against property additions; and
3. a waiver of the right to issue bonds.

We can withdraw cash upon the bases stated in clauses (2) and/or (3) above. Property we owned on December 31, 1987 may be released on the basis of its depreciated book value while all other property may be released on the basis of its cost, as defined in the mortgage.

We may release unfunded property if after such release at least one dollar in unfunded property remains subject to the lien of the mortgage.

Dividend Covenant

The terms of outstanding series of our bonds include our covenant to restrict our payment of cash dividends on our common stock in certain circumstances. Any dividend covenant applicable to a series of New Bonds issued and sold under this prospectus will be described in the prospectus supplement relating to that series of New Bonds. There is no assurance that the terms of future dividend covenants, if any, will be the same as those applicable to our outstanding bonds.

Modification

Your rights as a bondholder may be modified with the consent of the holders of a majority in aggregate principal amount of the bonds, or, if less than all series of bonds are adversely affected, with the consent of the holders of a majority in aggregate principal amount of the bonds adversely affected. In general, no modification is effective against any bondholder without that bondholder's consent if it:

1. affects the terms of payment of principal, premium, if any, or interest;
2. affects the lien of the mortgage; or
3. reduces the percentage required for modification.

Defaults and Notices Thereof

Defaults under the mortgage include:

1. default in the payment of principal;
2. default for 30 days in the payment of interest;
3. certain events of bankruptcy, insolvency or reorganization;
4. defaults under a supplemental indenture; and
5. default in other covenants for 90 days after notice (unless we have in good faith commenced efforts to perform the covenant).

The trustees may withhold notice of default, except in payment of principal, interest or funds for purchase or redemption of bonds, if they in good faith determine it is in the interests of the holders of bonds.

Table of Contents

The corporate trustee or the holders of 25% of the bonds may declare the principal and interest due and payable on default. However, a majority of the holders may annul such declaration if the default has been cured. No holder of bonds may enforce the lien of the mortgage without giving the trustees written notice of a default and unless

1. the holders of 25% of the bonds have requested the trustees in writing to act, offered them reasonable opportunity to act and indemnity satisfactory to them against the costs, expenses and liabilities to be incurred thereby; and
2. the trustees shall have failed to act within 60 days of such request.

The holders of a majority in aggregate principal amount of the bonds may direct the time, method and place of conducting any proceedings for any remedy available to the trustees or exercising any trust or power conferred on the trustees. The trustees are not required to risk their funds or incur personal liability if there is reasonable ground for believing that repayment is not reasonably assured.

Evidence to be Furnished to the Corporate Trustee

Compliance with the mortgage provisions is evidenced by written statements of our officers or persons we select or pay. In certain cases, opinions of counsel and certifications of an engineer, accountant, appraiser or other expert (who in some cases must be independent) must be furnished. We must give the corporate trustee an annual certificate as to whether or not we have fulfilled our obligations under the mortgage throughout the preceding year.

Satisfaction and Discharge of Mortgage

After we provide for the payment of all of the bonds (including the New Bonds offered by this prospectus) and after paying all other sums due under the mortgage, the mortgage may be satisfied and discharged. The bonds will be deemed to have been paid when money or Eligible Obligations (as defined below) sufficient to pay the bonds (in the opinion of an independent accountant in the case of Eligible Obligations) at maturity or upon redemption have been irrevocably set apart or deposited with the corporate trustee, provided that the corporate trustee shall have received an opinion of counsel to the effect that the setting apart or deposit does not require registration under the Investment Company Act of 1940, does not violate any applicable laws and does not result in a taxable event with respect to the holders of the bonds prior to the time of their right to receive payment. Eligible Obligations means obligations of the United States of America that do not permit the redemption thereof at the issuer's option.

Book-Entry Only Securities

The New Bonds will be issued in book-entry only form and will be represented by one or more registered global securities that will be deposited with, or on behalf of, The Depository Trust Company (DTC) (or another depository which may replace DTC as depository for the book-entry New Bonds) and registered in the name of the depository or a nominee of the depository. The following is based solely on information furnished by DTC:

Unless otherwise specified in the applicable prospectus supplement, DTC, New York, NY, will act as securities depository for the New Bonds. The New Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered New Bond certificate will be issued for each issue of the New Bonds, in the aggregate principal amount of such issue, and will be deposited with DTC or its custodian.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of

the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants (Direct Participants) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTC is owned by the users of its regulated subsidiaries. Access to the DTCC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (Indirect Participants). DTC has Standard & Poor's highest rating: AAA. The DTC rules applicable to its Direct and Indirect Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of New Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the New Bonds on DTC's records. The ownership interest of each actual purchaser of each New Bond (Beneficial Owner) is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the New Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in New Bonds, except in the event that use of the book-entry system for the New Bonds is discontinued.

To facilitate subsequent transfers, all New Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of New Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the New Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such New Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the first mortgage bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the first mortgage bonds, such as redemptions, tenders, defaults, and proposed amendments to the mortgage. For example, Beneficial Owners of first mortgage bonds may wish to ascertain that the nominee holding the first mortgage bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the trustee and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all the first mortgage bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to New Bonds unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC

mails an Omnibus Proxy to us as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts New Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, principal payments, interest payments, and any premium payments on the New Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or the trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of such Participant and not of DTC or its nominee, the trustee, any underwriters or dealers or agents, or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, principal payments, interest payments, and any premium payments on the New Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of either the trustee or us, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the New Bonds at any time by giving reasonable notice to the trustee or us. Under such circumstances, in the event that a successor depository is not obtained, certificates representing the New Bonds are required to be printed and delivered.

We may decide to discontinue use of the system of book-entry only transfers through DTC (or a successor securities depository). In that event, certificates representing the New Bonds will be printed and delivered to DTC.

Except as provided in the applicable prospectus supplement, a Beneficial Owner will not be entitled to receive physical delivery of the New Bonds. Accordingly, each Beneficial Owner must rely on the procedures of DTC to exercise any rights under the New Bonds.

PLAN OF DISTRIBUTION

Methods and Terms of Sale

We may use a variety of methods to sell the New Bonds including:

1. through one or more underwriters or dealers;
2. directly to one or more purchasers;
3. through one or more agents; or
4. through a combination of any such methods of sale.

The prospectus supplement relating to a particular series of the New Bonds will set forth the terms of the offering of the New Bonds, including:

1. the name or names of any underwriters, dealers or agents and any syndicate of underwriters;
2. the initial public offering price;
3. any underwriting discounts and other items constituting underwriters' compensation;
4. the proceeds we receive from that sale; and
5. any discounts or concessions allowed or reallocated or paid by any underwriters to dealers.

Table of Contents

Underwriters

If we sell the New Bonds through underwriters, they will acquire the New Bonds for their own account and may resell them from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The underwriters for a particular underwritten offering of New Bonds will be named in the applicable prospectus supplement and, if an underwriting syndicate is used, the managing underwriter or underwriters will be named on the cover page of the applicable prospectus supplement. In connection with the sale of New Bonds, the underwriters may receive compensation from us or from purchasers in the form of discounts, concessions or commissions. The obligations of the underwriters to purchase New Bonds will be subject to certain conditions. The underwriters will be obligated to purchase all of the New Bonds of a particular series if any are purchased. However, the underwriters may purchase less than all of the New Bonds of a particular series should certain circumstances involving a default of one or more underwriters occur.

The initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers by any underwriters may be changed from time to time.

Stabilizing Transactions

Underwriters may engage in stabilizing transactions and syndicate covering transactions in accordance with Rule 104 under the Exchange Act. Stabilizing transactions permit bids to purchase the underlying New Bond so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the New Bonds in the open market after the distribution has been completed in order to cover syndicate short positions. These stabilizing transactions and syndicate covering transactions may cause the price of the New Bonds to be higher than it would otherwise be if such transactions had not occurred.

Agents

If we sell the New Bonds through agents, the applicable prospectus supplement will set forth the name of any agent involved in the offer or sale of the New Bonds as well as any commissions we will pay to them. Unless otherwise indicated in the applicable prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment.

Related Transactions

Underwriters, dealers and agents (or their affiliates) may engage in transactions with, or perform services for, us or our affiliates in the ordinary course of business.

Indemnification

We will agree to indemnify any underwriters, dealers, agents or purchasers and their controlling persons against certain civil liabilities, including liabilities under the Securities Act.

Listing

Unless otherwise specified in the applicable prospectus supplement, the New Bonds will not be listed on a national securities exchange or the Nasdaq Stock Market. No assurance can be given that any broker-dealer will make a market in any series of the New Bonds and, in any event, no assurance can be given as to the liquidity of the trading market for any of the New Bonds.
