Table of Contents

Stock Ownership by Executive Officers

On December 28, 2006, the Board adopted a resolution stating that it believes that an officer of the Company who has reached the level of Executive Vice President or above (an “Executive Officer”) should be a shareholder and should have a financial stake in the Company and that while the Board does not believe it appropriate to specify the level of stock ownership for Executive Officers, the Board encourages Executive Officers to either purchase stock in the open market or use their equity grants to acquire and retain, during their employment, shares of our common stock in an amount that the Executive Officer deems appropriate.

Stock Ownership by Directors

On August 29, 2006, the Board adopted a resolution stating that it believes that Directors should be shareholders and have a financial stake in the Company in an amount that a Director deems appropriate and that while the Board does not believe it appropriate to specify the level of stock ownership for individual Directors, each Director must develop and maintain a stock position in the Company with an original investment of at least four times the Annual Retainer, which is currently \$30,000 for Independent Directors (the “Original Investment”), by the later of (i) three years of the date of the Director’s initial election to the Board, or (ii) August 29, 2009. In determining whether the Director has achieved the Original Investment, the Director can include (i) a Director’s tax basis in any stock acquired by the Director in open market purchases, and (ii) the amount of any Director fees which the Director has designated to be used for the acquisition of restricted stock or Deferred Stock Units under our 2003 Non-Employee Director Equity Compensation Plan.

INFORMATION RELATING TO THE BOARD OF DIRECTORS AND COMMITTEES

In General

Our business is managed under the direction of our Board of Directors. Members of our Board are kept informed of our business through discussions with our Chairman and Chief Executive Officer and other officers, by reviewing materials provided to them, by visiting our offices and by participating in meetings of the Board and its Committees.

Our Board currently consists of nine Directors. Scott Davido, a Director since August 24, 2001, is not standing for reelection. On January 3, 2006, the Board retained the services of Spencer Stuart to assist it in the recruitment of a new Director as Walter Salmon retired from the Board effective June 1, 2006. Several potential candidates were identified by Spencer Stuart. On January 15, 2007, Mr. Barocas accepted the Board’s offer and was appointed to the Board.

Corporate Governance

Corporate Governance Guidelines. The Board has adopted written Corporate Governance Guidelines (the “Governance Guidelines”) to assist it in the exercise of its corporate governance responsibilities. The purpose of the Governance Guidelines is to provide a structure within which our Directors and our management can monitor the effectiveness of policy and decision making both at the Board and management level, with a view to enhancing shareholder value over the long term. The Governance Guidelines are available on our website at www.stagestoresinc.com. They can be accessed by clicking “Investor Relations”, then “Corporate Governance”, then “Corporate Governance Guidelines.”

Director Independence. Seven of our nine Directors are Independent Directors, as independence is defined by the New York Stock Exchange, and two are not Independent Directors by virtue of the fact that they are our Chief Executive Officer and Chief Financial Officer, respectively. All members of the Board’s Audit, Compensation, and

Corporate Governance and Nominating Committees are Independent Directors. Members of the Audit Committee must also satisfy, and they do satisfy, the additional independence requirement of Exchange Act Rule 10A-3, which provides that they may not accept directly or indirectly any consulting, advisory, or other compensatory fee from the Company or any of its subsidiaries other than compensation for their service as a Director.

Table of Contents

Lead Independent Director. The Governance Guidelines provide that if the Chairman of the Board is not an Independent Director, the Independent Directors must appoint a Lead Independent Director. Since Mr. Scarborough, the Chairman of the Board, is not an Independent Director, the Independent Directors have appointed Mr. Montgoris as the Lead Independent Director. The Lead Independent Director is required to perform the following duties:

- Coordinate the activities of the Independent Directors;
- Provide the Chairman of the Board with input on agendas for the Board and Board committee meetings;
- Coordinate and develop the agenda for, and chair executive sessions and other meetings of, the Independent Directors;
- Facilitate communications between the Chairman of the Board and the other members of the Board, including communicating other members' requests to call special meetings of the Board;
- Discuss the results of the Chief Executive Officer's performance evaluation with the Chairman of the Compensation Committee;
- Convey to the Chief Executive Officer, together with the Chairman of the Compensation Committee, the results of the Chief Executive Officer's performance evaluation; and
- Preside at regularly scheduled executive sessions of the Independent Directors.

Code of Ethics for Senior Officers. In order to promote ethical conduct in the practice of financial management throughout the Company, the Board has adopted a Code of Ethics for Senior Officers (the "Code"). The Company believes that, in addition to the Chief Executive Officer, the Chief Financial Officer and the Controller each holds an important and elevated role in corporate governance. The Code is designed to deter wrongdoing and provides principles to which the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions are expected to adhere and advocate. These principles embody rules regarding individual and peer responsibilities, as well as responsibilities to the shareholders, the public and others who have a stake in the Company's continued success. The Code is available on the Company's website at www.stagestoresinc.com. It can be accessed by clicking "Investor Relations", then "Corporate Governance", then "Code of Ethics for Senior Officers." The Company intends to disclose future amendments to certain provisions of the Code, or waivers of such provisions granted to Directors and executive officers, if any, on its website within four business days following the date of such amendment or waiver or as otherwise may be required by the SEC.

Code of Ethics and Business Conduct. The Board has also adopted a Code of Ethics and Business Conduct (the "Code of Ethics"), which is the basic set of policies and procedures governing the behavior of all Directors, executive officers, and other employees of the Company (each employee an "Associate" and collectively the "Associates") in conformance with Section 303A.10 of the NYSE Listed Company Manual. It is the Company's policy to adhere to the highest standards of business ethics in all of its business activities. When Associates are engaged in any activity concerning the Company, its customers, competitors, suppliers, other Associates, shareholders or the general public, they must maintain standards of uncompromising integrity and conduct themselves in a professional manner with a positive, supportive attitude about the Company. The Code of Ethics is available on the Company's website at www.stagestoresinc.com. It can be accessed by clicking "Investor Relations", then "Corporate Governance", then "Code of Ethics and Business Conduct." The Company intends to disclose future amendments to certain provisions of the Code of Ethics, or waivers of such provisions granted to Directors and executive officers, if any, on its website within four business days following the date of such amendment or waiver or as otherwise may be required by the NYSE or the SEC.

Table of Contents

Non-Accounting Complaints. The Company has established procedures to enable anyone who has a concern about a violation of the Code of Ethics and Business Conduct or any other Company policy to report that concern through normal Company channels or anonymously. An Anonymous Ethics Hotline is maintained by an independent third party and is available 24 hours a day, 7 days a week.

Accounting Complaints. The Audit Committee has established procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters. These procedures, which are incorporated into the Company's Code of Ethics and Business Conduct, (i) set forth a statement about the Company's commitment to comply with the laws; (ii) encourage employees to inform the Company of conduct amounting to a violation of the applicable standards; (iii) describe prohibited conduct; (iv) set forth compliance procedures that employees can easily use, including making anonymous complaints, and (v) provide assurances that there will be no retaliation for reporting suspected violations.

Policy on Poison Pills. The term "Poison Pill" refers to a type of shareholder rights plan that some companies adopt to provide an opportunity for negotiation during a hostile takeover attempt. The Board has not adopted a Poison Pill. However, as the Company is a Nevada corporation, our Articles of Incorporation provide that the Company has expressly elected to be governed by Chapter 78 of the Nevada Revised Statutes ("NRS") with respect to the acquisition of a controlling interest in the Company. NRS 78 provides that a person who seeks to acquire a "Controlling Interest" (20% or greater) in the Company will only obtain such voting rights in the shares acquired (the "Control Shares") as are granted by a vote of the holders of a majority of the remaining voting power of the Company at a special or annual meeting of the shareholders. In addition, NRS 78 provides that the Company may redeem not less than all of the Control Shares at the average price of the Control Shares if the Control Shares are not granted full voting rights by the shareholders.

Attendance at Board, Committee and Annual Meetings

Board Meetings. The Board held four regular and one special meeting during 2006. During 2006, no current Director attended fewer than 75% of the aggregate of the total number of meetings of the Board and of meetings held by Committees of the Board on which he or she was a member. In addition to regularly scheduled meetings, a number of Directors were involved in numerous informal meetings with management, offering valuable advice and suggestions on a broad range of corporate matters.

Executive Sessions. As described in the Governance Guidelines, the Independent Directors meet in regularly scheduled executive sessions without members of the Company's management.

Annual Meeting. It is the Board's policy that Directors should attend the Company's annual meeting of the shareholders absent exceptional cause. Last year, all Directors attended the annual meeting of shareholders with the exception of Mr. Barocas, who was not a Director at that time.

Standing Committees

Corporate Governance and Nominating Committee

In General. The members of the Corporate Governance and Nominating Committee are John Mentzer (Chairman), Alan Barocas, Scott Davido, Michael Glazer, Margaret Monaco and William Montgoris, all of whom are Independent Directors. The Committee's primary functions are (i) to maintain and review the Governance Guidelines and propose changes to the Governance Guidelines as corporate governance developments warrant, (ii) to consider any Director candidates recommended by shareholders, (iii) to identify, recruit and recommend potential candidates for nomination as Directors to the Board and to nominate Directors for membership on Board committees, (iv) to evaluate the overall performance of the Board, and (v) to report annually to the Board on the status of the Chief Executive Officer's succession plan. The Committee assists the Board in fulfilling its corporate governance and oversight responsibilities by reviewing corporate governance issues that may be brought before the Board, by exercising oversight over the Governance Guidelines, by nominating qualified individuals as Directors and reviewing their performance, and by reviewing applicable laws and regulations related to corporate governance matters. Annually, the Committee evaluates the overall performance of the Board and the Governance Guidelines. Periodically, the Committee reviews the compensation paid to the Directors. The Committee met four times during 2006.

Corporate Governance and Nominating Committee Charter. The Corporate Governance and Nominating Committee's Charter is posted on the Company's website at www.stagestoresinc.com. It can be accessed by clicking "Investor Relations", then "Corporate Governance", then "CG&NC Charter".

Evaluation of the Chairman, the Board and Individual Directors. The Corporate Governance and Nominating Committee is responsible for establishing the evaluation criteria and implementing the process for the annual evaluation of the Chairman, the Board and the individual Directors. Each Director evaluates the Chairman, the Board and the other Directors. With respect to the Chairman and the Board, the evaluations are of the Chairman and the Board's overall performance as a whole and specifically review areas in which the Board believes a better contribution could be made. The results of the evaluations of the Board and the Chairman are reported to the entire Board by the

Lead Independent Director. With respect to the evaluation of individual Directors, the purpose of the evaluation is to increase the corporate governance effectiveness of the Board, not to target individual Directors. The results of the individual Director evaluations are communicated to the respective Directors by the Lead Independent Director and, in the case of the Lead Independent Director, by outside counsel.

Evaluation of the Guidelines, Committee Charters, Corporate Governance Policies and Related Party Transactions. With input from the other Directors, the Corporate Governance and Nominating Committee reports annually to the Board on its evaluation of the Governance Guidelines, the committee charters, any other corporate governance policies, and any related party transactions (transactions involving the Company and any executive officer, Director, employee or their affiliates and immediate family members).

Director Qualifications; Process for Identifying and Evaluating Nominees. Nominees for Director must possess the following minimum qualifications: broad experience, wisdom, integrity, the ability to make independent analytical inquiries, an understanding of our business environment, and a willingness to devote adequate time to Board duties. The Corporate Governance and Nominating Committee is responsible for assessing the appropriate balance of skills and qualifications required of Directors. In identifying and evaluating nominees for Director, including nominees recommended by shareholders, the Committee will implement such process as it deems appropriate including, in its sole discretion, retaining a third party or third parties to identify or evaluate or assist in identifying or evaluating potential nominees. However, at a minimum, each nominee for Director must (i) meet the minimum qualifications set forth above, (ii) have at least one interview with the Committee and with any other Board member who requests an interview, and (iii) complete and sign the Company's Director and Executive Officer Questionnaire in a form deemed appropriate by the Board prior to his or her nomination to the Board. Each Director must no less than annually complete and sign a Director and Executive Officer Questionnaire in a form deemed appropriate by the Board. In the event any information contained on a Director's most recent Director and Executive Officer Questionnaire becomes incomplete or inaccurate, it is the responsibility of the Director to provide complete and accurate information to the Committee within thirty days. When formulating its Director recommendations, the Committee will also consider any advice and recommendations offered by the Company's Chief Executive Officer and any other members of the Board.

Consideration of Shareholder Nominees. When formulating its Director recommendations, the Corporate Governance and Nominating Committee will also consider any written recommendations received from shareholders of the Company identifying the nominee and stating his or her qualifications. The Committee evaluates all nominees for Director in the same manner regardless of the source of the recommendation. For the Annual Meeting of Shareholders in 2008, recommendations for Director nominees must be submitted in writing by January 4, 2008 to the Corporate Governance and Nominating Committee, c/o Michael E. McCreery, Secretary, Stage Stores, Inc., 10201 Main Street, Houston, Texas 77025, and must include the names of such nominees, together with their qualifications for service as a Director of the Company.

Succession Planning. The Governance Guidelines require (i) the Corporate Governance and Nominating Committee to make an annual report to the Board on emergency as well as expected Chief Executive Officer succession planning and (ii) the Chief Executive Officer to prepare, on a continuing basis, a short-term succession plan which delineates a temporary delegation of authority to certain officers of the Company, if all or a portion of the executive officers of the Company should unexpectedly become unable to perform their duties. The short-term succession plan will be in effect until the Board has the opportunity to consider the situation and take action, when necessary.

Audit Committee

In General. The members of the Audit Committee are Scott Davido (Chairman), Alan Barocas, Tom Mentzer and William Montgoris, all of whom are Independent Directors. It is expected that Mr. Montgoris will assume the role of Chairman following the expiration of Mr. Davido's term on June 7, 2007. The primary function of the Committee is to oversee the accounting and financial reporting processes of the Company and the audits of the financial statements and internal controls of the Company. The Committee's primary responsibilities and duties are (i) to monitor the integrity of the Company's financial process and systems of internal controls regarding finance, accounting and legal compliance, (ii) to select, retain, terminate, determine compensation and oversee the work of the Company's independent registered public accounting firm, (iii) to ensure the independence and monitor the performance of the

Company's independent registered public accounting firm and the performance of the Company's internal auditing department, (iv) to provide an avenue of communication between the independent registered public accounting firm and the Company's internal auditing department, and (v) to provide an avenue of communication among the independent registered public accounting firm, management, the Company's internal auditing department and the Board. The Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities and duties, and it has direct access to the independent registered public accounting firm as well as anyone in the Company. The Committee has the ability to engage, at the Company's expense, independent counsel and other advisers as it determines necessary to carry out its duties. The Committee met eighteen times in 2006.

In General. The members of the Compensation Committee are Michael Glazer (Chairman), John Mentzer, Margaret Monaco, and Sharon Mosse, all of whom are Independent Directors. The primary function of the Committee is to administer the cash salary, bonus and other incentive compensation programs for the executive officers of the Company. The Committee met three times in 2006.

Compensation and Compensation Principles. For a discussion of executive officer and Director compensation and compensation principles, please see "Compensation Discussion and Analysis" and the compensation tables and narrative discussions that follow beginning on page 13 of this Proxy Statement.

Processes and Procedures for Executive Officer Compensation. The primary responsibilities of the Compensation Committee include (i) reviewing the performance and approving the compensation of the Company's executive officers, (ii) reviewing and approving the terms and conditions of written employment agreements for executive officers, (iii) providing oversight of all cash compensation, equity compensation, benefits and perquisites for the entire officer population, and (iv) reviewing and monitoring equity incentive stock option plans as well as any pension, profit sharing, and benefit plans.

The Committee meets as frequently as circumstances require, but typically meets at least three times per year. Each meeting held in-person allows time for an executive session in which the Committee and outside advisor, if requested, have an opportunity to directly discuss all executive compensation issues. The Committee reviews compensation strategies proposed by management and assesses program design and recommendations for individual executives against these strategies. The Committee determines the Chief Executive Officer's ("CEO's) compensation and reviews and discusses recommendations for other senior executives with the CEO and approves final pay packages. The Committee also reviews overall program design and total costs compared to approved strategies.

The Committee believes that having the input of management is important to the overall effectiveness of the Company's executive compensation program. The CEO and the Company's Executive Vice President, Human Resources ("EVP Human Relations") are the primary representatives of management who interact with the Compensation Committee. The Committee seeks input from the CEO and the EVP Human Resources regarding the performance of the executive team and individual compensation levels (within parameters approved by the Committee) and also recommendations on various executive compensation awards (e.g., new hire equity grants). In addition, the CEO and the EVP Human Relations regularly attend Committee meetings (except for executive sessions) to participate in the presentation of materials and discussion of management's point of view regarding compensation

issues.

The CEO may not be present during deliberations and voting regarding his or her compensation. While the CEO may be present during deliberations and voting on the compensation of other Executive Officers, the CEO may not vote on their compensation. The Committee meets at least once each year in Executive Session, without the CEO. Only Committee members and others specifically requested by the Committee (such as the outside consultants) participate in the Committee's executive sessions.

The Committee has delegated authority to the CEO to grant equity awards to employees at the Vice President level and below, with a maximum number of 5,000 shares to any one person at any one time. All equity awards, regardless of the number of shares, at the Senior Vice President level and above must be approved by the Board. In addition, the CEO has authority to manage employee compensation at the Vice President level and below within the compensation guidelines approved by the Committee.

Engagement and Use of Independent Executive Pay Consultant-Executive Officer Compensation. The Compensation Committee has the authority to retain, from time to time and at the Company's expense, a professional compensation consulting firm to review our executive officer compensation program. The Committee has selected and engaged Hay Group, a leading human resource and compensation consulting firm, as its independent advisor to advise it on executive compensation. The decision to retain an advisor is at the sole discretion of the Committee and the consultants work at the direction of the Committee.

The Chairman of the Committee works directly with the consultants to determine the scope of the work needed to assist the Committee in its decision making processes. For example, the consultants meet with the Chairman to review issues and gain input on plan design and alternatives. In this process, the consultants interact with the members of the Committee, the CEO, and other senior management to facilitate the development of our executive compensation strategy and approach to determining compensation levels.

Hay Group prepares competitive pay analyses regarding both a peer group and the broader market, provides information on the Company's performance compared to the peer group, and advises the Committee on the level and design of compensation programs for executives. The consultants attend Committee meetings and the Committee's executive sessions to present and discuss market data, program design alternatives, and to provide advice and counsel regarding decisions facing the Committee. In addition, with the agreement and approval of the Committee, Hay Group works with the management team on broad-based compensation design and issues and links them to overall executive compensation strategy.

Processes and Procedures for Director Compensation. It is the responsibility of the Corporate Governance and Nominating Committee to recommend to the Board alternative forms of Director compensation. The Company's management reports at least once a year to the Committee on the status of our Directors' compensation in relation to the compensation of directors of our peer companies. With the assistance of our compensation consultants, the Committee periodically evaluates Director compensation to ensure that our Directors are compensated in a manner consistent with those of the Company's peer group. Changes in Board compensation, if any, are recommended by the Committee, but must be approved by the Board after a full discussion.

Engagement and Use of Independent Executive Pay Consultant-Director Compensation. As with the Compensation Committee, the Corporate Governance and Nominating Committee (i) has the authority to retain, from time to time and at the Company's expense, a professional compensation consulting firm to review our Director compensation program, and (ii) has selected and engaged Hay Group as its independent advisor to advise it on Director compensation. Likewise, the decision to retain an advisor is at the sole discretion of the Committee and the consultants work at the direction of the Committee. The nature and scope of advisor's assignment with respect to Director compensation, and its interaction with the Chairman of the Committee, is essentially the same as it is with the Compensation Committee in the case of executive officer compensation. However, the advisor only attends meetings

of the Corporate and Governance Committee that involve Director compensation, which is generally one meeting a year.

As used in the Governance Guidelines and this Proxy Statement, "Executive Officer" means the Company's Chief Executive Officer, President, Chief Operating Officer, Chief Financial Officer, any Vice President in charge of a principal business unit, division or function (such as sales, administration or finance), or any other officer who performs a policy making function or any other person who performs similar policy making functions.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis ("CD&A") describes the material objectives and principles underlying our compensation policies and decisions and the material elements of the compensation of our executive officers identified in the Summary Compensation Table on page 27 (the "Named Executive Officers"). The CD&A should be read in conjunction with the compensation tables beginning on page 27. As used in this CD&A, references to "post split" amounts reflect the effects of the three-for-two split of outstanding common stock on January 31, 2007, which applies as well to awards granted under our Amended and Restated 2001 Equity Incentive Plan.

Overview of Compensation Program

The Compensation Committee of our Board of Directors (for purposes of this discussion, the “Committee”) administers the base salary, bonus, long term incentive and other compensation and benefits programs with regard to our Named Executive Officers as well as our other executive officers. Its specific responsibilities and duties are listed on page 10 of this Proxy Statement. The Committee ensures that the total compensation paid to the Named Executive Officers is fair, reasonable and competitive in relation to our peer group of companies, as identified below (the “Peer Group”). The Committee’s recommendations for the total compensation of the Named Executive Officers are subject to the approval of our Board of Directors.

Table of Contents

Compensation Objectives and Principles

The objectives of our compensation program are as follows:

- to enable us to recruit, motivate and retain the executive talent required to successfully manage and grow our business and to achieve our short and long-term business objectives;
- to maximize the long-term commitment of our executive officers to our success by providing compensation elements that align their interests and our shareholders in that the compensation elements are directly related to our stock performance and other financial metrics that the Committee believes influence the creation of long-term shareholder value; and
- to reward our executive officers upon the achievement of short-term and long-term business objectives and enhanced shareholder value.

The principles of our compensation program are as follows:

- Compensation arrangements shall emphasize pay-for-performance and encourage retention of those executive officers who enhance the Company's performance;
- Compensation arrangements shall maintain an appropriate balance between base salary and annual and long-term incentive compensation;
- Cash incentive compensation plans for executive officers shall link pay to achievement of goals set in advance by the Committee;
- The Committee shall set annual and long-term performance goals for the Chief Executive Officer and evaluate his or her performance against those goals related to the performance of the Company's Peer Group and the Company's Performance Group, as the case may be;
- Compensation arrangements shall align the interests of executive officers and shareholders;
- In the event minimum thresholds for annual and long-term performance goals are not met, incentive compensation related to those goals shall not be paid;
- It is the policy of the Board that the Company should not reprice or swap stock options granted to executive officers, Directors and employees.
 - The Committee shall meet at least once each year in executive session, without the Chief Executive Officer;
- The Chief Executive Officer may not be present during deliberations and voting regarding his or her compensation. While the Chief Executive Officer may be present during deliberations and voting on the other executive officers' compensation, the Chief Executive Officer makes recommendations, but does not vote on their compensation;
- The compensation of the Chief Executive Officer and other executive officers shall be recommended to the Board for final approval by the Committee comprised solely of Independent Directors; and
- In approving compensation, the recent compensation history of the executive officer, including special or unusual compensation payments, and all forms of compensation to which the executive officer may be entitled, shall be

taken into consideration using tally sheets or other comparable tools the Committee deems appropriate.

Table of Contents

Role of Executive Officers in Compensation Decisions

The Committee believes that having the input of management is important to the overall effectiveness of the Company's executive compensation program. Our Chief Executive Officer and Executive Vice President, Human Resources regularly attend Committee meetings (except for executive sessions) to participate in the presentation of materials and discussion of management's point of view regarding compensation issues. The Committee receives input from our Chief Executive Officer with respect to the compensation of the other Named Executive Officers. However, as stated in our principles, our Chief Executive Officer may not be present during deliberations and voting regarding his or her compensation. While the Chief Executive Officer may be present during deliberations and voting on the other executive officers' compensation, the Chief Executive Officer makes recommendations, but does not vote on their compensation.

Setting Compensation

In General

Based on the foregoing objectives and principles, the Committee has structured our compensation programs to motivate our Named Executive Officers to achieve the business goals set by the Board and to reward them for achieving those goals.

The Committee has selected and engaged Hay Group as its independent advisor to advise it on executive compensation. Hay Group prepares competitive pay analyses regarding both the Peer Group and the broader market, provides information on the Company's performance compared to the Peer Group, and advises the Committee on the level and design of compensation programs for executive officers. The Chairman of the Committee works directly with Hay Group to determine the scope of the work needed to assist the Committee in its decision making processes.

Our 2006 Peer Group

In making overall compensation decisions, the Committee compares each element of total compensation against the Peer Group. The Peer Group that the Committee uses to benchmark the compensation of our Named Executive Officers was developed in August 2005. The Committee selected this Peer Group because it is representative of companies that the Company competes with for business and talent and because the Company's annual sales fall within the range of the companies in the Peer Group. The Peer Group and the Performance Group, as described later in this Proxy Statement, are reviewed annually and updated as needed for certain business reasons, such as mergers, acquisitions, etc. In general, the criteria for selecting the companies in the Peer Group are as follows:

- U.S. based, publicly traded companies in the retail industry;
- Annual sales generally between one-half and two times the Company's annual sales;
- Primarily do business in apparel and/or accessories;
- Companies that target a middle income customer segment; and
- Companies from which key talent may be recruited.

Table of Contents

All of the companies in the Company's current 21-member Peer Group meet a majority of those criteria. The members of the Peer Group are as follows:

- Abercrombie & Fitch Co.
- American Eagle Outfitters, Inc.
- AnnTaylor Stores Corporation
- Burlington Coat Factory Investments Holdings, Inc.
- The Cato Corporation
- Charming Shoppes, Inc.
- Chico's FAS, Inc.
- The Children's Place Retail Stores, Inc.
- Christopher & Banks Corporation
- The Dress Barn, Inc.
- Goody's Family Clothing, Inc.
- The Gymboree Corporation
- Hot Topic, Inc.
- The Men's Wearhouse, Inc.
- New York & Company, Inc.
- Pacific Sunwear of California, Inc.
- Payless ShoeSource, Inc.
- Stein Mart, Inc.
- The Talbots, Inc.
- Tween Brands, Inc.
- Urban Outfitters, Inc.

The Peer Group provides direct incumbent information on a job title match basis (e.g., Chief Executive Officer, Chief Financial Officer) for key competitors. Hay Group's 2006 Retail Industry Total Remuneration Survey (the "Hay Group Survey") is used to provide an additional benchmark for the Named Executive Officers' base salary and annual variable pay target levels (both cash and equity). The Hay Group Survey provides compensation data on the broader retail market place (covering over 70 organizations, a majority of which are specialty stores). It provides market data by job, controlling for differences in responsibility and revenue size. The data from both the Peer Group and the Hay Group Survey includes base salary, annual incentive bonus and equity incentive compensation for the named executive officers of those companies.

Our Current Performance Group

While the Committee uses the Peer Group and the Hay Group Survey to benchmark the compensation of our Named Executive Officers, it uses a separate performance group of companies, as identified below (the "Performance Group"), to measure the Company's performance with respect to comparable store sales for purposes of the Senior Executive Incentive Bonus Plan and the Company's total shareholder return for the purpose of performance shares. The Performance Group was developed in 2004. As with the Peer Group, the Committee selected the Performance Group because it is representative of companies that the Company competes with for business and talent. However, unlike the Peer Group, the annual sales of the Performance Group are not limited to between one-half and two times the Company's annual sales. In general, the criteria for selecting the companies in the Performance Group are as follows:

- U.S. based, publicly traded companies in the retail industry;
- Annual sales generally \$500 million or greater;
- Primarily do business in apparel and/or accessories;
- Companies that target a middle income customer segment; and
- Companies from which key talent may be recruited.

Table of Contents

All of the companies in the Company's current 26-member Performance Group meet a majority of those criteria. The members of the Performance Group are as follows:

- Abercrombie & Fitch Co.
- American Eagle Outfitters, Inc.
- AnnTaylor Stores Corporation
- The Cato Corporation
- Chico's FAS, Inc.
- The Children's Place Retail Stores, Inc.
- Christopher & Banks Corporation
- Dillard's, Inc.
- The Dress Barn, Inc.
- Federated Department Stores Inc.
- The Gap, Inc.
- Genesco Inc.
- The Gymboree Corporation
- Hot Topic, Inc.
- J.C. Penney Corporation, Inc.
- Kohl's Corporation
- Limited Brands, Inc.
- The Men's Wearhouse, Inc.
- Nordstrom, Inc.
- Pacific Sunwear of California, Inc.
- Payless ShoeSource, Inc.
- SAKS Incorporated
- Stein Mart, Inc.
- Tween Brands, Inc.
- The Wet Seal, Inc.
- Urban Outfitters, Inc.

The following six companies are in the Peer Group, but are not in the Performance Group: Burlington Coat Factory Investments Holdings, Inc., Charming Shoppes, Inc., Goody's Family Clothing, Inc., New York & Company, Inc. and The Talbots, Inc. The following ten companies are in the Performance Group, but are not in the Peer Group: Dillard's, Inc., Federated Department Stores, Inc., The Gap, Inc., Genesco Inc., J.C. Penney Corporation, Inc., Kohl's Corporation, Limited Brands, Inc., Nordstrom, Inc., SAKS Incorporated and The Wet Seal, Inc.

Compensation Elements

In General

All of the compensation and benefits programs for our Named Executive Officers described below meet our primary purpose to recruit and retain the executive talent required to successfully manage and grow our business and to achieve our short and long-term business objectives. Beyond that, different elements are designed for different purposes. The elements of compensation for our Named Executive Officers are as follows:

- Base salary, perquisites and other benefits, which are designed to attract and retain executives over time;
- Annual incentive (bonus) compensation, which is designed to focus executives on the business objectives established by the Board for a particular year;
- Long-term Incentive Compensation, which consists of stock appreciation rights ("SARs"), restricted stock, performance shares, and stock options, is designed to focus executives on the long-term success of the Company, as reflected in increases to the Company's stock prices, growth in its earnings per share and other elements; and
- Termination and change in control compensation and benefits, which are designed to facilitate our ability to attract and retain executives as we compete for talented employees in a marketplace where those types of compensatory protections are commonly offered. Termination compensation and benefits are designed to ease an employee's transition due to an unexpected employment termination, while change in control compensation and benefits are designed to encourage employees to remain focused on our business in the event of rumored or actual fundamental corporate changes.

The Committee establishes the amount and mix of base salary and variable compensation by referencing Peer Group practices for each element. The Committee does not have any specific formula for this determination, but rather targets fixed compensation (base salary) around the median of the market and variable compensation (both short and

long-term) to be above the median of the market when the Company has superior performance. In considering the total package of compensation, the Committee also considers the internal relationship of pay across all executive positions.

Table of Contents

Base Salary

The Committee views a competitive base salary as an important component to attract and retain executive talent. Base salaries also serve as the foundation for the annual incentive (bonus) plan, which expresses the bonus opportunity as a percent of base salary.

The Committee considers both internal equity and external competitiveness in determining the base salary of our Named Executive Officers. Base salaries for our Named Executive Officers are targeted in a range around the median of the Peer Group. After considering input from our Chief Executive Officer regarding the performance of the other Named Executive Officers, the Committee uses its judgment regarding individual performance, market competitiveness, length of service and other factors to determine the appropriate base salary for each Named Executive Officer.

Annual Incentive (Bonus) Compensation

Annual incentive (bonus) compensation for our Named Executive Officers is determined each year according to the Senior Executive Incentive Bonus Plan (the “Bonus Plan”). The current Bonus Plan establishes an annual cash bonus amount and is paid based on the following two metrics: (i) the Company’s pre-tax earnings and (ii) comparable store sales relative to the Performance Group.

In March of each year, the Committee evaluates the Company’s annual and long-term strategic plan to determine if these financial metrics are appropriate to measure achievement of the Company’s objectives and to motivate executives. Based on discussions with our Chief Executive Officer and Chief Financial Officer, the Committee approves the financial metrics to be included in the Bonus Plan. This final approval typically occurs at the March Committee meeting.

The incentive matrix establishes threshold (minimum), target, and maximum performance levels for each metric based on the level of difficulty in achieving the business plan as well as the risks associated with the Bonus Plan. The incentive matrix clearly outlines a minimum level of performance below which no bonus will be paid and the relationship between the two metrics that will generate payouts at or above the three target levels.

Annual incentive compensation targets under the Bonus Plan are expressed as a percentage of base salary and targets increase with job scope and complexity. If the pre-tax earnings achievement level is less than the threshold amount, then no bonus will be paid for either of the metrics (i.e., total bonus will be zero).

For additional detail on the 2006 Senior Executive Incentive Bonus Plan and examples of how the payout is calculated, please see “Committee Action in 2006 Concerning Named Executive Officer Compensation-Annual Incentive Compensation” beginning on page 21.

At its March meeting, the Committee also reviews the Company’s stated financial results for the recently completed fiscal year, certifies the calculation of proposed bonus amounts, and reports them to the full Board.

Long-term Incentive Compensation

In General. The Committee considers long-term incentive compensation (“LTI”) critical to the alignment of executive compensation with the creation of shareholder value. The Company’s long-term equity incentive compensation awards are granted pursuant to our Amended and Restated 2001 Equity Incentive Plan (the “Equity Incentive Plan”), which was approved by our shareholders at our 2004 Annual Meeting.

Table of Contents

At its March meeting, the Committee reviews the portfolio of long-term incentive vehicles, the targeted award size and the performance measures associated with any awards. The Committee also reviews recommendations provided by management and the Hay Group regarding LTI design. The Board's practice is to make annual grants of equity awards, including SARs, performance shares and stock options, upon recommendation of the Committee at that time. The Committee believes that the use of multiple equity vehicles balances a focus on equity-driven growth with the retention and performance aspects of restricted stock. The grant date is the same date that the Board approves the awards. The equity award is priced at fair market value of the shares on that date. From time to time, the Board will consider making grants under other special circumstances, such as, recruiting new executive talent, upon the promotion of an executive, and to retain key individuals. Any and all other grants (other than the March grants) are effective as of the date of the event (e.g., new hire or promotion date) and are priced at fair market value of our common stock on that date.

Stock Options. Stock options represent the right to purchase a share of Company stock at a fixed price (the exercise price) for a specified period of time (the option term). The exercise price is determined on the date of grant. The employee benefits only if the stock's value appreciates from the grant date through the exercise date. In 2006, the Company did not grant stock options to any executives, but it has granted them in past years.

Most of the stock options the Company has awarded its Named Executive Officers vest at the rate of 25% per year over the first four years following the date of grant and some stock options vest at the end of three years following the date of grant. Options issued prior to January 29, 2005 will generally expire if not exercised ten years from the date of grant while options granted after January 29, 2005 generally expire if not exercised seven years from the date of grant. If an executive officer dies, the executive officer's estate will have one year from the date of death to exercise all vested stock options. If an executive officer retires or voluntarily terminates employment, he or she will have 60 days from the date of termination to exercise all vested stock options.

Stock Appreciation Rights ("SARs") A stock appreciation right is similar to a stock option in that it allows the recipient to benefit from any appreciation in the Company's stock price from the grant date through the exercise date. However, with a SAR, the executive officer is not required to actually purchase all of the exercised shares (as with a stock option), but rather just receives the amount of the increase in cash or in shares of our stock. Because the value that may be earned through SARs is dependent upon an increase in our stock price, the Committee views SAR grants as a critical link between management wealth accumulation and the creation of shareholder value. The Equity Incentive Plan provides that SARs may not be granted at less than 100% of fair market value.

SARs have a seven-year term and vest one-fourth (25%) on each of the first, second, third and fourth anniversaries of the date of the grant. If an executive officer dies, unvested SARs are immediately vested and the executive officer's estate will have one year from the date of death to exercise all SARs. If an executive officer retires or voluntarily terminates employment, he or she will have 60 days from the date of termination to exercise all vested SARs.

Restricted Stock. Restricted stock is a share of our common stock that has vesting restrictions tied to continued employment. Restricted stock provides executive officers with the opportunity to earn full value shares of our common stock. Depending on the agreement, restricted stock grants may either cliff-vest, which means they vest all at once, at the end of two or three years, or step vest, which means they vest in pro rata increments, over a two or three year period. If the executive officer leaves for any reason other than death, disability or retirement before vesting, the unvested portion of the restricted stock award is forfeited. If the executive officer dies, becomes disabled or retires, the Committee may, in its sole discretion, determine to cancel any or all restrictions and vest any or all of the restricted stock award.

Performance Shares. As with restricted stock, performance shares provide executive officers with the opportunity to earn full value shares of our stock. However, a three-year performance cycle (the "Performance Cycle") is established at

the beginning of each grant and the amount of the award is determined by the Company's performance on total shareholder return relative to the then current Performance Group over the Performance Cycle. If an executive officer leaves for any reason other than death, disability or retirement before the end of the Performance Cycle, the performance share award is forfeited. An executive officer that dies, becomes disabled or retires during the Performance Cycle will be eligible to receive a prorated number of shares corresponding to the period of the Performance Cycle that they remained employed.

Table of Contents

Benefits and Perquisites

The Committee supports a compensation philosophy for our Named Executive Officers that is more heavily weighted toward annual and long-term performance-based compensation rather than toward benefits and perquisites.

The perquisites and other benefits we provide our Named Executive Officers are summarized in the Summary Compensation Table, the All Other Compensation Table and the Nonqualified Deferred Compensation Table, including footnotes. In addition, we provide our executive officers with core benefits available to all full-time employees (e.g., coverage for medical, dental, prescription drugs, basic life insurance and long term disability coverage) as well as a supplemental Executive Officer Medical Plan. The supplemental Executive Medical Plan is an insured plan which provides officers at the Executive Vice President level and above reimbursement for medical and dental out of pocket expenses which are not covered by the underlying Company medical plan. Typical payments are for deductibles, co-pays and similar expenses.

Retirement Plans

The Company does not provide a qualified retirement program for our Named Executive Officers nor is there a supplemental executive retirement plan or any other retirement plan available other than the our 401(k) Plan and our Nonqualified Deferred Compensation Plan. The Committee provides our Named Executive Officers a nonqualified deferred compensation plan to “make whole” for the retirement plan limits applicable under the Internal Revenue Code (the “Code”). The Company provides a dollar-for-dollar matching amount on the executive officer’s deferral up to the first 10% of the executive officer’s base salary, and up to 10% of any earned bonus amounts.

Termination and Change In Control Arrangements

In General. Pursuant to their employment agreements, our Named Executive Officers are entitled to compensation and other benefits if their employment terminates or if there is a change in control, as described on page 33 under “Potential Payments upon Termination or Change in Control”. Termination and change in control compensation and other benefits are established at the time a Named Executive Officer signs an employment agreement with the Company.

Termination. Our Named Executive Officers are entitled to compensation and other benefits in an amount the Committee believes is appropriate, taking into account the time it is expected to take a terminated employee to find another job. Compensation and other benefits upon termination are intended to ease the consequences to an employee of an unexpected termination of employment. The Company benefits in that the employment agreements contain a covenant not to compete, solicit or disparage provision that continues for a period of up to three years following termination.

Change in Control. The Committee and the Board recognize the importance to the Company and our shareholders of avoiding the distraction and loss of key management personnel that may occur in connection with any rumored or actual change in control of the Company. To that end, properly designed change in control provisions in our Named Executive Officer employment contracts protect shareholder interests by enhancing executive focus during rumored or actual change in control activity through:

- Incentives to remain with the Company despite uncertainties while a transaction is under consideration or pending;
- Assurances of severance and other benefits in the event of termination; and
- Immediate vesting of equity elements of total compensation after a change in control.

To diminish the potential distraction due to personal uncertainties and risks that inevitably arise when a change in control is threatened or pending, the Committee and the Board have provided our Named Executive Officers with what the Committee and the Board determined to be competitive change in control compensation and benefit provisions in their employment agreements. The employment agreements of our Named Executive Officers provide for specific enhanced payments and benefits in the event of a change in control.

Table of Contents

The enhanced termination benefits payable in connection with a change in control require a “double trigger” which means that (a) if a change in control occurs, and (b) during the period beginning three (3) months before the change of control and ending twenty-four (24) months after the change in control (at any time in the case of Mr. Abramczyk and Ms. Murray), (i) an executive officer’s employment agreement is terminated by the Company or its successor without good cause, or (ii) the executive officer’s employment agreement is terminated by the executive officer with good reason, the executive officer will be eligible for the change in control compensation and benefits. A double trigger was selected in order to enhance the likelihood that an executive officer will remain with the Company after a change in control, since the executive officer will not receive the change in control compensation payments and benefits if he or she voluntarily resigns after the change in control event. Thus, the executive officer is protected from actual or constructive dismissal after a change of control while any new controlling party or group is better able to retain the services of a key corporate asset.

Gross-Up Payments

In General. A gross-up payment is a payment to an executive officer to compensate the executive officer for the amount of the taxes payable by him or her related to his or her receipt of compensation or other cash benefit from the Company. We would generally apply a gross-up payment to Named Executive Officers in only the three following situations:

- Relocation expenses, which are taxable under the Code and qualify for reimbursement under our relocation policy, are grossed up for Federal, FICA, state and local tax rates, where applicable, on the executive’s reimbursement payments;
- Payments for estate planning allowances are grossed up for Federal, FICA, state and local tax rates, where applicable; and
- As further discussed below, any payment made due to a change of control, which is subject to an excise tax, will be grossed-up to compensate the executive for the amount of the tax.

Termination or Change in Control. As shown on page 33 under “Potential Payments Upon Termination or Change in Control-Gross-Up Payments”, if any payments made to a Named Executive Officer due to termination or change in control subjects the Named Executive Officer to any taxes due under Section 4999 of the Code (excise tax), the Company will pay to the Named Executive Officer a gross-up payment to compensate the executive officer for the amount of the taxes. The effects of Section 4999 generally are unpredictable and can have widely divergent and unexpected effects based on an executive officer’s personal compensation history. Therefore, to provide an equal level of benefit across individuals without regard to the effect of the excise tax, the Committee and the Board have determined that Section 4999 gross-up payments are appropriate for our Named Executive Officers.

Committee Actions in 2006 Concerning Named Executive Officer Compensation

In General

In February 2006, the Committee approved the terms of Mr. Hall’s employment as our President and Chief Operating Officer effective February 20, 2006.

At its March, 2006 meeting, the Committee reviewed the market data and analyses provided by Hay Group and determined that the Company’s compensation is reasonably competitive and consistent with the Committee’s compensation objectives. In determining compensation for our Named Executive Officers for our 2006 fiscal year, the Committee considered many factors, including:

· The Board's judgment and satisfaction with the Company's performance;

· Assessment of the individual executive officer's performance;

· The nature and scope of the executive officer's responsibilities and his or her effectiveness in leading the Company's initiatives to successfully increase customer satisfaction, enhance Company growth, and propose, implement and ensure compliance with Company policies;

· Desired competitive positioning of compensation;

· Future potential for the executive officer; and

· Retention needs.

Table of Contents

The Committee also considered the compensation practices and performances of the Company's Peer Group and Performance Group.

Base Salaries

Among the Named Executive Officers, there were no base salary increases for James Scarborough, our Chief Executive Officer, or Andrew Hall, our President and Chief Operating Officer (due to his hire on February 20, 2006). Dennis Abramczyk, our Executive Vice President and Chief Operating Officer Peebles Division, received a base salary increase from \$335,000 to \$430,000 and Cynthia Murray, our Executive Vice President and Chief Merchandising Officer, received a base salary increase from \$390,000 to \$425,000, in both cases due to promotions. The base salary for Michael McCreery, our Chief Financial Officer, was increased from \$445,000 to \$460,000.

Annual Incentive Compensation

Over the past three years (2004, 2005, 2006), the Company has achieved performance in excess of the threshold level three times and in excess of the target level one time, but has not achieved the maximum level. The payout percentage over the past three years has been between 68.3% and 103.1% of the Named Executive Officers' target award opportunity with an average approximate payout percentage over the past three years of 81.8% of the target award opportunity. Generally, the Committee sets the threshold, target and maximum levels such that the relative difficulty of achieving the target level is consistent from year to year.

With the exception of Mr. Hall, who did not receive a bonus for fiscal 2005 as he did not join the Company until February 20, 2006, each of the Named Executive Officers received the following bonus in 2006 for performance under the 2005 Senior Executive Incentive Bonus Plan (the "2005 Bonus Plan"):

2005 Senior Executive Incentive Bonus Plan Awards

Name	2005 Bonus Plan Award
Mr. Scarborough	\$772,950
Mr. McCreery	\$298,101
Mr. Abramczyk	\$172,625
Ms. Murray	\$200,967

On average, bonuses paid to the Named Executive Officers under the 2005 Bonus Plan were paid at 103% of target.

At their March 2006 meetings, the Committee recommended, and the Board approved, the parameters for the 2006 Senior Executive Incentive Bonus Plan (the "2006 Bonus Plan") and approved the annual cash incentive opportunities for the Named Executive Officers as set forth in the table below. Mr. Scarborough's bonus target was increased from 75% to 90% of base salary; Mr. Hall's bonus target was set at 65% of base salary; Mr. McCreery's bonus target remained unchanged at 65%; and the bonus targets for Mr. Abramczyk and Ms. Murray were raised from 50% to 60% of base salary. The 2006 Bonus Plan design was as follows:

Table of Contents**2006 Senior Executive Incentive Bonus Plan**

Executive Officer	FY06 Incentive - Percent of Salary			Weightings of Metrics	
	Threshold	Target	Maximum	Pre-Tax Earnings	Comparable Store Sales
Mr. Scarborough, CEO	22.5% (\$225,000)	90% (\$900,000)	180% (\$1,800,000)	75%	25%
Mr. Hall, President & COO	16.25% (\$89,375)	65% (\$357,500)	130% (\$715,000)	75%	25%
Mr. McCreery, CFO	16.25% (\$74,750)	65% (\$299,000)	130% (\$598,000)	75%	25%
Mr. Abramczyk, EVP	15% (\$64,500)	60% (\$258,000)	120% (\$516,000)	75%	25%
Ms. Murray, EVP	15% (\$63,750)	60% (\$255,000)	120% (\$510,000)	75%	25%

At their March 2006 meetings, the Committee also recommended, and the Board approved, Pre-Tax Earnings and Comparable Store Sales as the metrics for determining payouts under the 2006 Bonus Plan. The Pre-Tax Earnings amounts were approved as follows: Threshold (\$82.9 million), Target (\$97.5 million) and Maximum (\$112.2 million). The Comparable Store Sales levels were approved as set forth in the table below. However, for the reasons given in footnote (1) to the following table, the Pre-Tax Earnings amounts were subsequently adjusted on June 1, 2006 and March 28, 2007. The following table reflects the Comparable Store Sales levels approved by the Board on March 28, 2007 and the Pre-Tax Earnings amounts approved by the Board on March 28, 2007:

Performance Level	Pre-Tax Earnings (75% of bonus opportunity)	Comparable Store Sales (25% of bonus opportunity)
Threshold	\$79.1 million (1)	If Company's ranking of total year-end comparable store sales change is at the 25th percentile of a select group of companies
Target	\$93.1 million (1)	If Company's ranking of total year-end comparable store sales change is at the 50th percentile of a select group of companies
Maximum	\$107.0 million (1)	If Company's ranking of total year-end comparable store sales change is at the 100th percentile (i.e., highest) of a select group of companies

Table of Contents

(1) The Pre-Tax Earnings amounts for fiscal 2006 were adjusted at the June 1, 2006 Board meeting in order to incorporate the expected impact on fiscal 2006 of the integration and operation of the B.C. Moore stores acquired by the Company on February 27, 2006. The original Pre-Tax earnings amounts established by the Board at the March 17, 2006 meeting had not contemplated the effects of the B.C. Moore acquisition on fiscal 2006 operations as that transaction had just been consummated. The Board made these adjustments as incentive for executive management to achieve the expected results in fiscal 2006 from making the acquisition.

The Pre-Tax Earnings amounts for fiscal 2006 were adjusted again by the Board at its meeting on March 28, 2007 for the impact that certain changes in accounting methods that occurred during fiscal 2006. Those changes included changing from the retail method of accounting to the cost method including the capitalization of distribution center operating expenses, the deferral of vendor credits received for distribution handling allowances, and the recognition of breakage income associated with customer gift cards and merchandise credits which the Company believes will never be redeemed. The Board's reasoning in making these adjustments for these accounting method changes was that these changes had no impact on the trend of business operations which were the focus of the incentive program and had the effects of these changes been known at the time the original Pre-Tax Earnings amounts were established, the Pre-Tax Earnings amounts would have been established with these increases or decreases as the case might be.

If the Committee and the Board had been aware of these adjustments at the time the Pre-Tax Earnings amounts were established, they would have been included in the design of the 2006 Bonus Plan and these adjustments would not have been necessary. Notwithstanding, the net effect of the adjustments was a decrease in the Pre-Tax Earnings amounts.

Using Mr. Scarborough's bonus opportunity under the 2006 Bonus Plan as set forth in the table, the following are examples of how the bonus payouts to him under the 2006 Bonus Plan would be calculated:

- If the Company's Pre-Tax Earnings did not meet the threshold performance level of \$79.1 million, Mr. Scarborough would not have received a bonus regardless of the Company's ranking of total year-end comparable store sales change; and
- If the Company's Pre-Tax Earnings met the target performance level of \$93.1 million and if the Company's ranking of total year-end comparable store sales change is at the 50th percentile, Mr. Scarborough will be entitled to a bonus of \$900,000 calculated using the following formula: \$1,000,000 Base Salary X 67.5% (75% of 90%) + \$1,000,000 X 22.5% (25% of 90%) = \$900,000.

Long-Term Incentive Compensation

On February 20, 2006 and as a condition to his employment, the Committee approved the long-term incentive grant for Andy Hall, our President and Chief Operating Officer. The grant consisted of 30,000 (45,000 post split) shares of restricted stock (with 3-year step vesting) and 100,000 (150,000 post split) SARs at a grant price of \$28.11 (\$18.74 post split) per common share (with 4-year ratable vesting). To determine the size of the equity award, the Committee reviewed market data, Company LTI practices, and the value of compensation and benefits that Mr. Hall was surrendering at his former employer, Federated Department Stores Inc.

Table of Contents

On March 17, 2006, the Board awarded LTI compensation for fiscal year 2006 to the Named Executive Officers other than Mr. Hall, since he was hired on February 20, 2006. The annual equity grants were a combination of SARs and performance shares. Award values were split equally between the number of SARs and performance shares as follows:

2006 LTI Awards Table

	SARs (#)	Target Performance Shares
	Actual/Post Split	(#) Actual/Post Split
Mr. Scarborough	55,500/83,250	19,500/29,250
Mr. McCreery	17,000/25,500	6,000/9,000
Mr. Abramczyk	15,000/22,500	5,000/7,500
Ms. Murray	15,000/22,500	5,000/7,500

The SARs have a grant price of \$28.77 (\$19.18 post split) and vest ratably over a four-year period (i.e., 25% per year).

The Performance Shares cliff vest after a three-year measurement performance cycle (the “Performance Cycle”), which begins on the first business day of the fiscal year of the date of grant. The number of Performance Shares earned is based on the Company’s total shareholder return relative to the Performance Group. The “Target Performance Shares” in the table above refers to the number of shares of our common stock the Named Executive Officer will earn (and receive) at the end of the Performance Cycle if the Company’s results are in the middle (fiftieth percentile) of the Performance Group. On a sliding scale, the shares earned can vary as set forth in the following table:

Percentile Ranking of Performance Group	Performance Shares Earned (1)
100%	200%
75%	150%
50%	100%
25%	25%
< 25%	0%

(1) As a percentage of Target Performance Shares shown in the 2006 LTI Awards Table above.

Continuation of Medical Coverage for Senior Executive Officers

During its December, 2006 meeting and based upon the recommendation of the Committee, the Board determined that a member of the Company’s management who is 56 years old or older and has served at the level of Executive Vice President or higher should be allowed to continue medical coverage for himself or herself, and his or her eligible dependents in the Company’s regular medical plan until he or she reaches the age of eligibility for Medicare coverage (currently age 65) provided that (i) he or she must have six or more years continuous service at the Company, (ii) he or she must continue to be available to the Company, (iii) he or she must pay the regular employee rate in effect for such coverage at that time, and (iv) this medical coverage must comply with applicable IRS rules and ERISA guidelines.

Committee Actions in 2007 Concerning Named Executive Officer Compensation

For the reasons set forth in footnote (1) to the table on page 24 of this Proxy Statement and at the recommendation of the Committee, the Pre-Tax Earnings amounts for the 2006 Senior Executive Bonus Plan were adjusted by the Board on March 28, 2007.

Tax, Accounting and Other Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to a company's chief executive officer or any of the company's four other most highly compensated executive officers who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by shareholders.) The Committee's policy is to design compensation programs that further the best interests of the Company and its shareholders and that preserve the tax deductibility of compensation expenses. Incentive bonuses paid to executive officers under the Senior Executive Incentive Bonus Incentive Plan and awards granted under the Amended and Restated 2001 Equity Incentive Plan are designed to qualify as performance-based compensation. The Committee also believes, however, that it must maintain the flexibility to take actions which it deems to be in the best interests of the Company but which may not qualify for tax deductibility under Section 162(m). In this regard, if the amount of base salary for any of our executive officers exceeds \$1 million, which is not anticipated to be the case, any amounts over \$1 million will not be deductible for federal income tax purposes.

As required under the tax rules, the Company must obtain shareholder approval of the material terms of the performance goals for qualifying performance-based compensation every five years. We last requested and received shareholder approval in 2004.

Accounting for Stock-Based Compensation

Beginning in the first quarter of 2006, we began accounting for stock-based payments made under our Amended and Restated 2001 Equity Plan in accordance with the requirements of FAS 123(R).

Committee Considerations

The Committee considered (i) the impact of the \$1 million limit on the deductibility of non-performance based compensation imposed by Code Section 162(m), (ii) the accounting treatment of various types of equity-based compensation under Financial Accounting Standard FAS 123(R), and (iii) the non-deductibility of excess parachute tax payments under Code Section 280G (and the related excise tax imposed on covered employees under Code Section 4999 as described on page 39 in "Potential Payments on Termination and Change in Control - Gross-Up Payments") in its design of executive compensation programs. In addition, the Committee considered other tax and accounting provisions in developing the compensation programs for our Named Executive Officers. These included the special rules applicable to non-qualified deferred compensation arrangements under Code Section 409A as well as the overall income tax rules applicable to various forms of compensation. While the Committee strove to compensate our Named Executive Officers in a manner that produced favorable tax and accounting treatment, its main objective was to develop fair and equitable compensation arrangements that appropriately motivate, reward and retain those executives.

Compensation for Independent Directors in 2006

The compensation of our Independent Directors is set by the Board at the recommendation of the Corporate Governance and Nominating Committee (the “CGNC”). In developing its recommendations, the CGNC, is guided by the following objectives: compensation should fairly pay Independent Directors for work required in a company our size and compensation should align the Independent Directors’ interests with the long-term interest of shareholders. Hay Group prepares competitive compensation analyses regarding both the Peer Group and the broader market and advises the CGNC on the level and design of compensation programs for the Independent Directors. The Chairman of the CGNC works directly with Hay Group to determine the scope of the work needed to assist the CGNC in its decision making processes. The compensation of our Independent Directors is described in the Director Compensation Table on page 41.

(1) These columns reflect Performance Shares that vest over time in an amount depending on performance criteria. The Performance Shares will vest after a three-year Performance Cycle based on the Company's total shareholder return relative to the Performance Group, as described in the CD&A.

· The "Threshold" number of shares refers to the lowest number of shares of our common stock the Named Executive Officer can earn (and receive) at the end of the Performance Cycle if the results are at the twenty-fifth percentile of the Performance Group. Performance results below the 25th percentile at the end of the performance cycle will result in the executives earning no shares under this equity grant.

· The "Target" number of shares refers to the number of shares of our common stock the Named Executive Officer can earn (and receive) at the end of the Performance Cycle if the results are at the fiftieth percentile of the Performance Group.

· The "Maximum" number of shares refers to the number of shares of our common stock the Named Executive Officer can earn (and receive) at the end of the Performance Cycle if the results are at the one hundredth percentile of the Performance Group, which is twice the Target number of shares.

(2) Reflects grant of 30,000 (45,000 post split) shares of Restricted Stock with 3-year step vesting (i.e., 33% per year).

(3) This column reflects stock appreciation rights (“SARs”). The SARs vest ratably over a four-year period (i.e., 25% per year).

Retirement Benefits

Deferred Compensation Plan. The Company provides a deferred compensation plan (the “Deferred Compensation Plan”) which provide executives, certain officers and key employees of the Company with the opportunity to participate in unfunded, deferred compensation programs that are not qualified under the Internal Revenue Code of 1986, as amended (the “Code”). Generally, the Code and the Employee Retirement Income Security Act of 1974, as amended, restrict contributions to a 401(k) plan by highly compensated employees. The Deferred Compensation Plan is intended to allow participants to defer income on a pre-tax basis. Under the Deferred Compensation Plan, participants may defer up to 50% of their base salary and up to 100% of their bonus and earn a rate of return based on actual investments chosen by each participant. The Company has established grantor trusts for the purposes of holding assets to provide benefits to the participants. For the plan involving the executive officers and certain other officers, the Company will match 100% of each participant’s contributions, up to 10% of the sum of their base salary and bonus.

401(k) Savings Plans. The Company has a contributory 401(k) savings plan (the “401(k) Plan”) covering substantially all qualifying employees. Under the 401(k) Plan, participants may contribute up to 25% of their qualifying earnings, subject to certain restrictions. The Company currently matches 50% of each participant’s contributions, limited up to 6% of each participant’s compensation under the Plan. The Company may make discretionary bi-weekly matching contributions during the year.

Continuation of Medical Coverage. A member of the Company’s management who is 56 years old or older and has served at the level of Executive Vice President or higher will be allowed to continue medical coverage for himself or herself and his or her eligible dependants in the Company’s regular medical plan until he or she reaches the age of eligibility for Medicare Coverage (currently 65) provided that (i) he or she must have six or more years continuous service at the Company, (ii) he or she must continue to be available to the Company, (iii) he or she must pay the regular employee rate in effect for such coverage at the time, and (iv) this medical coverage must comply with applicable IRS rules and ERISA guidelines.
