Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the Molycorp, Inc. 401 (k) Retirement Savings Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Molycorp, Inc. 401 (k) Retirement Savings Plan (the "Plan") at December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions as of and for the year ended December 31, 2004 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for

Edgar Filing: UNOCAL CORP - Form 11-K

Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

General

The Molycorp, Inc. 401(k) Retirement Savings Plan (the "Plan") is sponsored by Molycorp, Inc. (the "Company"), an indirect wholly owned subsidiary of Unocal Corporation ("Unocal" or the "Company"). The Plan provides for voluntary pre-tax contributions by participants, who are employees represented by collective bargaining agents at certain facilities operated by the Company and for matching contributions by the Company. The Plan's trustee and administrator is Putnam Fiduciary Trust Company (the "Trustee"). Each participant is allowed to choose how funds are invested from a range of investment fund options made available through Putnam investments and Unocal common stock. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") as a defined contribution plan.

The Plan booklets dated April 1, 1999, and December 1, 1996, constitute part of a prospectus covering securities that has been registered under the Securities Act of 1933. The April 1, 1999, and December 1, 1996, booklets can be referenced for other information about the Plan.

Participation

Regular, full-time employees are eligible to participate in the Plan upon completion of six months of service.

Contributions

Participant Contributions -- Participant contributions are voluntary and are pre-tax. A participant's total annual pre-tax contribution limit is 75 percent of the participant's annual base pay. The pre-tax contributions are also known as "401(k) contributions".

Company Matching Contributions -- The Company matches employee pre-tax 401(k) contributions at the rate of 25 cents per dollar up to 6 percent of the employee's total annual wage (base pay plus overtime pay).

At its discretion, the Company directs the Trustee to purchase shares attributable to Company matching contributions either on the open market or by private purchases directly from the Company. During 2004, all purchases were on

Edgar Filing: UNOCAL CORP - Form 11-K

the open market.

Participant Accounts

Each participant's account is credited with the participant's contributions and increased or decreased by the respective investment earnings or losses of the individual investments as governed by the participant's investment selections.

Vesting

Participants are always 100 percent vested in participant contributions and in the dividends and interest on those contributions. Vesting in the Company contributions portion of participants' accounts and the dividends thereon is based on years of vesting service. Participants are 100 percent vested in Company contributions and dividends thereon after two years of vesting service. Special vesting rules also apply to certain participants depending on the date of and reason for termination of employment.

-3-

Payment of Benefits

On termination of employment or at such time that participants become eligible to receive benefits, participants may elect to receive their account balances or defer their distributions until a later date, but no later than 60 days after the end of the plan year in which the latest of the following occurs: April 1 after the close of the calendar year in which the participant attains age 70 1/2, or two years after the participant's employment terminates. If a participant continues to work after age 70 1/2, distribution of a portion of the participant's account balance is required by April 1 of the calendar year following the calendar year in which the participant attains age 70 1/2.

Federal Income Tax Status

On May 30, 2002, the Company received a ruling, from the Internal Revenue Service that the Plan meets the requirements of Section 401(a) of the Internal Revenue Code (the "Code") of 1986, as amended, and that the Trust established thereunder is entitled to exemption under the provisions of the Code. The Plan has been amended since receiving the Internal Revenue Service ruling. However, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The maximum employee pay eligible for benefit purposes under a qualified plan was \$205,000 per year for 2004. If an employee's pay exceeded \$205,000, only the first \$205,000 of pay was eligible for calculating employee and Company contributions.

Federal regulations place an annual dollar limit on the amount of employee pre-tax contributions. The limit was \$13,000 for 2004 and \$12,000 for 2003. "Catch-up" contributions allow employees who were at least age 50 to contribute an additional pre-tax contribution of \$3,000. These limits are subject to adjustment in future years, in accordance with federal regulations. If pre-tax contributions reach the annual limit before year-end, they are suspended for the balance of the year. The Company matching contributions are also suspended if the annual limit is reached before year-end.

Withdrawals from the Plan are generally subject to federal income tax. Also, withdrawals following termination of employment prior to age 55 may be subject to an additional 10 percent federal penalty tax.

Edgar Filing: UNOCAL CORP - Form 11-K

Plan Termination

The Company expects to continue the Plan indefinitely, but, as future conditions cannot be foreseen, the Company may at any time or from time to time amend or terminate the Plan in whole or in part, subject to the requirements of ERISA and other applicable laws. An amendment may affect present, as well as future participants, but may not diminish the account of any participant existing on the effective date of such amendment. The Company has no present intent to terminate the Plan.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. In addition, the following accounting policies are applied:

- a. Purchases and sales of securities are recorded on a trade-date basis.
- b. Dividends are recorded on an ex-dividend date basis.
- c. Interest income is recorded on the accrual basis.
- d. Benefits are recorded when paid.

-4-

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consist of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Valuation of Investments

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year-end. Shares of Unocal common stock are valued at the closing price as reported for the New York Stock Exchange Composite Transactions at December 31, 2004 and 2003. Investments in common trust funds are valued based on information provided by the Plan's investment custodian at fair value. The financial statements of the common trust funds are audited annually by independent auditors.

Use of Estimates in Preparation of the Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment

Edgar Filing: UNOCAL CORP - Form 11-K

securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

	=====	=====

The Company matches employee pre-tax 401(k) contributions at the rate of 25 cents per dollar up to 6 percent of the employee's total annual wage (base pay plus overtime pay) in Unocal common stock. Once the Company purchases the shares attributable to its matching contributions, the participant has the option to sell and transfer that portion out of Unocal common stock into any other investment offered in the Plan.

NOTE 4 - Parties-in-interest

Certain of the Plan's investments are shares of mutual funds managed by the Trustee, as defined by the Plan Agreement. Therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists.

Unocal, which also qualifies as a party-in-interest, absorbs substantially all of the administrative expenses of the Plan, which were nominal for the year ended December 31, 2003. Such transactions with the Company qualify for a statutory exemption. The Company did not pay any such expenses in 2004.

NOTE 5 - Subsequent Events

On April 4, 2005, Unocal entered into a merger agreement with Chevron Corporation ("Chevron") and Blue Merger Sub Inc., a direct wholly-owned subsidiary of Chevron. The merger agreement provides that, upon the terms and subject to the conditions set forth in the merger agreement, Unocal will merge with and into Blue Merger Sub, with Blue Merger Sub continuing as the surviving corporation and a wholly-owned subsidiary of Chevron. In the merger, Unocal stockholders may elect to receive either 1.03 shares of Chevron stock, \$65 in cash or a combination of \$16.25 in cash and 0.7725 of a share of Chevron common stock for each share of Unocal common stock; however, the all-stock and all-cash elections will be subject to proration to preserve the overall mix of 0.7725 of a share of Chevron common stock and \$16.25 in cash for all outstanding shares of Unocal common stock taken together.

Edgar Filing: UNOCAL CORP - Form 11-K

Consummation of the merger is subject to customary conditions, including approvals by Unocal stockholders and certain regulatory agencies, such as the U.S. Federal Trade Commission ("FTC"). The FTC has notified Chevron and Unocal that Chevron's plans to acquire Unocal have been accepted by the FTC for public comment.

On June 22, 2005, Unocal received a proposal from CNOOC Limited, an affiliate of China National Offshore Oil Company, to acquire all outstanding shares of Unocal for \$67 per share in cash. Unocal intends to evaluate the CNOOC proposal in a manner consistent with the Unocal board's fiduciary duties and its obligations under the Chevron agreement. There can be no assurance that the proposal would result in a definitive agreement with CNOOC.

For additional information regarding the pending acquisition, refer to Unocal's current reports on Form 8-K, as amended, filed with the SEC on April 4, April 7, June 9, June 10, June 23 and June 24, 2005, and any subsequent current or periodic reports that may be filed by Unocal with the Securities and Exchange Commission in connection with the pending merger transaction. Please also refer to the Form S-4 registration statement filed by Chevron and the proxy statement that will be filed by Unocal, in each case with the Securities and Exchange Commission in connection with the pending merger transaction.
