Newpark Resources, Inc. (the “Company”) has prepared presentation materials (the “Presentation Materials”) that management intends to use from time to time after June 21, 2017 in presentations about the Company’s operations and performance. The Company may use the Presentation Materials, possibly with modifications, in presentations to current and potential investors, lenders, creditors, insurers, vendors, customers, employees and others with an interest in the Company and its business.

The information contained in the Presentation Materials is summary information that should be considered in the context of the Company’s filings with the Securities and Exchange Commission and other public announcements that the Company may make by press release or otherwise from time to time. The Presentation Materials speak as of the date of this Current Report on Form 8-K. While the Company may elect to update the Presentation Materials in the future or reflect events and circumstances occurring or existing after the date of this Current Report on Form 8-K, the Company specifically disclaims any obligation to do so. The Presentation Materials are furnished as Exhibit 99.1 to this Current Report on Form 8-K and are incorporated herein by reference. Use of Non-GAAP Financial Information

To help understand the Company’s financial performance, the Company has supplemented its financial results that it provides in accordance with generally accepted accounting principles (“GAAP”) with non-GAAP financial measures. Management believes that these non-GAAP financial measures are helpful in understanding the Company’s financial performance. Such non-GAAP financial measures include earnings before interest, taxes, depreciation and amortization (“EBITDA”) and EBITDA Margin which management believes are important supplemental performance measures frequently used by investors, securities analysts and other parties in the evaluation of our performance and/or that of other companies in our industry. In addition, management uses these measures to evaluate operating performance, and the Company’s incentive compensation plan measures performance based on our consolidated EBITDA, along with other factors.

The methods the Company uses to produce these non-GAAP financial measures may differ from methods used by other companies. The foregoing non-GAAP financial measures should be considered in addition to, not as a substitute for, financial measures prepared in accordance with GAAP, as more fully discussed in the Company’s financial statements and filings with the Securities and Exchange Commission. Applicable reconciliations to the nearest GAAP financial measure of each non-GAAP financial measure are included in the presentation materials attached hereto as Exhibit 99.1.
