Dear Shareholder:

At the 2006 Annual Meeting on May 25, 2006, you will vote on two matters very important to the future growth of Southwestern Energy Company Proposal 3 for approval of the reincorporation of Southwestern Energy Company in Delaware and Proposal 4 for an increase in the authorized shares of common stock from 220,000,000 to 540,000,000. These Proposals require approval of more than 50% of the total number of outstanding shares and we need your vote.

The Board of Directors unanimously approved, and strongly recommends that you vote FOR, Proposals 3 and 4 for the following reasons:

.

Improved Corporate Governance Delaware is a leader in adopting, construing and implementing comprehensive and flexible corporate laws, which will be essential for our Company in maintaining appropriate principles of corporate governance to guide our legal and business decisions.

.

Recruitment of Directors and Officers Incorporation in Delaware will improve our ability in the future to recruit new directors and officers;

.

Flexibility for Finance and Capital-Related Matters The increase in the authorized shares of common stock from 220,000,000 to 540,000,000 will provide needed flexibility with respect to finance and capital-related matters such as

stock splits; and

.

Increased Certainty in Executing Our Business Strategy As detailed in the accompanying letter of our General Counsel, Mark K. Boling, due to Arkansas constitutional restrictions on the incurrence of bonded indebtedness, continued incorporation in the State of Arkansas will create unnecessary challenges as we seek to implement our business strategy and create value for our shareholders.

We appreciate your continued confidence and support and we urge you to vote FOR Proposals 3 and 4 as soon as possible if you have not yet voted. If you have already voted against either of those proposals, we ask that you consider the reasons set forth above and in the accompanying letter. If you wish to vote or to change your vote, the fastest way to do so is to use the telephone or internet and instructions are on the proxy card enclosed with this letter.

Thank you for taking the time to vote your shares.

Sincerely,

Harold M. Korell,

Chairman and Chief Executive Officer

Dear Shareholder:

The approval of the reincorporation in Delaware is very important for the future growth of Southwestern Energy Company. As we stated in our proxy statement, we initially considered the possibility of reincorporating in the third quarter of 2005 in connection with an evaluation of alternatives for streamlining our overall corporate structure and businesses arising from the tremendous growth experienced by the Company following the announcement of our emerging Fayetteville Shale Play. As part of this evaluation, management focused on the challenges it expected to face in executing its business strategy and identified continued incorporation in the State of Arkansas as a particular concern due to Article 12, Section 8 of the Arkansas Constitution. Article 12, Section 8 of the Arkansas Constitution provides that the bonded indebtedness of a corporation shall not be increased without the consent of the persons holding the larger amount in value of stock, which consent must be obtained at a meeting where notice of such meeting has been provided not less than 60 days in advance of such meeting.

Aside from the timing issues presented by the consent requirements under this constitutional provision, the term bonded indebtedness is simply not defined in the Arkansas Constitution or in other laws of the State of Arkansas. The Company has relied on reasoned advice from outside counsel with respect to the interpretation of the term in order to manage its corporate finance matters, expending additional efforts and incurring additional costs for what are ordinary course matters in other jurisdictions like Delaware. Our business plans anticipate that we will incur significant amounts of debt in order to continue to fund the capital expenditures that will grow our Company without diluting our existing shareholders. We believe these anticipated expenditures have been factored into the approximately 400% increase in the valuation of our stock since August 2004, when we announced our Fayetteville Shale Play.

In 2005, our capital expenditures exceeded our cash flow by approximately \$160 million and the excess was funded by the proceeds from our equity offering in September 2005. Our planned expenditures in 2006 are expected to exceed our cash flow by approximately \$400 million in 2006 and will require that we incur indebtedness. It is not in the best interests of our shareholders for our directors and officers to continue to be exposed to risks arising from uncertainty of the Arkansas constitutional provisions regarding bonded indebtedness and the economic factors relating to this issue substantially outweigh the negative governance changes Institutional Shareholder Services (ISS) has identified. Therefore, management strongly recommends that you vote FOR Proposal 3 for approval of the reincorporation of Southwestern Energy Company in Delaware and Proposal 4 for an increase in the authorized shares of common stock from 220,000,000 to 540,000,000.

Proposals 3 and 4, to approve the reincorporation of the Company in the State of Delaware and increase the authorized common shares, require approval of more than 50% of the total number of outstanding shares. We urge all shareholders who have not yet done so to vote as soon as possible.
