Pursuant to the terms of the Reorganization Agreement, cash consideration is limited to 50% of the total consideration. The total transaction value is estimated to be \$33.9 million. Consummation of the merger is subject to a number of customary conditions including (i) the approval of the Reorganization Agreement by the shareholders of Community First, and (ii) the receipt of all required regulatory approvals. The merger is expected to be completed in the first quarter of 2006.

The Reorganization Agreement provides that upon termination of the Reorganization Agreement under specified circumstances Community First may be required to pay to the Company a termination fee of \$1,400,000.

The joint news release announcing the transaction is included as Exhibit 99.1 to this Current Report on Form 8-K.

The above description of the Reorganization Agreement is a summary and does not purport to be complete and is qualified in its entirety by reference to the Reorganization Agreement. The Reorganization Agreement has been included to provide information regarding the terms of the Community First acquisition. It is not intended to provide any other factual information about the Company. Such information can be found in the other public filings the Company makes with the Securities and Exchange Commission, which are available without charge at [www.sec.gov](http://www.sec.gov).

The Reorganization Agreement contains representations and warranties the parties made to each other. The assertions embodied in those representations and warranties by Community First are qualified by information in the confidential disclosure schedules attached to the Reorganization Agreement. While the Company does not believe that these schedules contain information securities laws require it to publicly disclose other than information that has already been so disclosed, the disclosure schedules do contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the attached Reorganization Agreement. Accordingly, the representations and warranties should not be relied on as characterizations of the actual state of facts, since they may be modified in important part by the underlying disclosure schedules.
