NOTES TO FINANCIAL STATEMENTS

(Unaudited)

1. ORGANIZATION

American Insured Mortgage Investors - Series 85, L.P. (the "Partnership") was formed under the Uniform Limited Partnership Act of the state of California on June 26, 1984. The Partnership Agreement ("Partnership Agreement") states that the Partnership will terminate on December 31, 2009, unless terminated earlier under the provisions of the Partnership Agreement.

CRIIMI, Inc. (the "General Partner"), a wholly owned subsidiary of CRIIMI MAE Inc. ("CRIIMI MAE"), holds a partnership interest of 3.9%. AIM Acquisition Partners L.P. (the "Advisor") serves as the advisor to the Partnership pursuant to certain advisory agreements (collectively, the "Advisory Agreements") between the Advisor and the Partnership. The general partner of the Advisor is AIM Acquisition Corporation and the limited partners include, but are not limited to, The Goldman Sachs Group, L.P., Sun America Investments, Inc. (successor to Broad, Inc.) and CRI/AIM Investment, L.P., an affiliate of CRIIMI MAE. AIM Acquisition is a Delaware corporation that is primarily owned by Sun America Investments, Inc. and The Goldman Sachs Group, L.P.

Under the Advisory Agreements, the Advisor renders services to the Partnership, including but not limited to, the management and disposition of the Partnership's portfolio of mortgages. Such services are subject to the review and ultimate authority of the General Partner. However, the General Partner is required to receive the consent of the Advisor prior to taking certain significant actions, including but not limited to the disposition of mortgages, any transaction or agreement with the General Partner or its affiliates, or any material change as to policies regarding distributions or reserves of the Partnership. The Advisor is permitted to delegate the performance of services pursuant to a submanagement agreement (the "Sub-Advisory Agreement"). The delegation of such services does not relieve the Advisor of its obligation to perform such services. CRIIMI MAE Services Limited Partnership ("CMSLP"), an affiliate of CRIIMI MAE, manages the Partnership's portfolio pursuant to the Sub-Advisory Agreement. The general partner of CMSLP is CMSLP Management Company, Inc., a wholly owned subsidiary of CRIIMI MAE.

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-Q

The Partnership's investment in mortgages consists of participation certificates evidencing a 100% undivided beneficial interest in government insured multifamily mortgages issued or sold pursuant to Federal Housing Administration ("FHA") programs ("FHA-Insured Certificates"), mortgage-backed securities guaranteed by the Government National Mortgage Association ("GNMA") ("GNMA Mortgage-Backed Securities") and FHA-insured mortgage loans ("FHA-Insured Loans" and together with FHA-Insured Certificates and GNMA Mortgage-Backed Securities referred to herein as "Insured Mortgages"). The mortgages underlying the FHA-Insured Certificates, GNMA Mortgage-Backed Securities and FHA-Insured Loans are non-recourse first liens on multifamily residential developments or retirement homes.

2. BASIS OF PRESENTATION

In the opinion of the General Partner, the accompanying unaudited financial statements contain all adjustments of a normal recurring nature necessary to present fairly the financial position of the Partnership as of September 30, 2002 and December 31, 2001, the results of its operations for the three and nine months ended September 30, 2002 and 2001, and its cash flows for the nine months ended September 30, 2002 and 2001.

8

These unaudited financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles ("GAAP") have been condensed or omitted. While the General Partner believes that the disclosures presented are adequate to make the information not misleading, these financial statements should be read in conjunction with the financial statements and the notes to the financial statements included in the Partnership's Annual Report on Form 10-K for the year ended December 31, 2001.

- (1) In April 2002, the mortgage on Garden Court Apartments was prepaid. The Partnership received net proceeds of approximately \$1.2 million and recognized a gain of approximately \$9,000 for the nine months ended September 30, 2002. A distribution of approximately \$0.09 per Unit related to the prepayment of this mortgage was declared in April and paid to Unitholders in August 2002.
- (2) In January 2002, three mortgages were approved for assignment to HUD under the Section 221 Program, as discussed below.
- (3) In July 2002, one mortgage was approved for assignment to HUD under the Section 221 Program, as discussed below.
- (4) In September 2002, the mortgage on Franklin Plaza was prepaid. The Partnership received net proceeds of approximately \$5.0 million and recognized a loss of approximately \$8,000 for the nine months ended September 30, 2002. A distribution of approximately \$0.40 per Unit related to the prepayment of this mortgage was declared in October 2002 and is expected to be paid to Unitholders in February 2003.
- (5) In October 2002, the mortgage on Rock Glen Apartments was prepaid. The Partnership received net proceeds of approximately \$1.0 million and expects to recognize a gain of approximately \$117,000 during the fourth quarter 2002. The Partnership expects to declare a distribution of approximately \$0.08 per Unit in November 2002.

As of November 1, 2002, all of the fully insured FHA-Insured Certificates and GNMA Mortgage-Backed Securities are current with respect to the payment of principal and interest.

The Section 221 Program

Under the Section 221 program of the National Housing Act of 1937, as amended (the "Section 221 Program"), a mortgagee has the right to assign a mortgage ("put") to the United States Department of Housing and Urban

9

Development ("HUD") at the expiration of 20 years from the date of final endorsement ("Anniversary Date") if the mortgage is not in default at such time. The mortgagee may exercise its option to put the mortgage to HUD one year subsequent to the Anniversary Date. This assignment procedure is applicable to an Insured Mortgage, which had a firm or conditional commitment for HUD insurance benefits on or before November 30, 1983. Any mortgagee electing to assign an Insured Mortgage to HUD receives, in exchange therefor, HUD debentures having a total face value equal to (i) the then outstanding principal balance of the Insured Mortgage (ii) plus accrued interest on the mortgage to the date of assignment ("Debenture Issuance Date"). These HUD debentures generally mature 10 years from the date of assignment and bear interest at a rate announced semi-annually by HUD in the Federal Register ("going Federal rate") at such date. Generally, the Partnership is not the named mortgagee for the FHA-Insured Certificates. In this case, the HUD debentures are generally issued to an unrelated third party that is the named mortgagee. The servicer of the applicable mortgage is responsible for delivering to the Partnership all HUD insurance claim proceeds. The debenture interest is paid to the Partnership in the month it is received by the servicer. The debenture proceeds are paid to the Partnership in the month the debenture is redeemed by HUD or sold by the servicer.

Once the servicer of a mortgage has filed an application for insurance benefits ("HUD put date") under the Section 221 program, the Partnership will no

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-Q

longer receive the monthly principal and interest on the applicable mortgage, instead, HUD will begin receiving the monthly principal and interest. HUD issues debentures at the time the mortgage is assigned (approximately 30 days after the HUD put date); however, the debentures are not transferred to the mortgagee until HUD completes its assignment process of the Insured Mortgage. Based on the General Partner's experience, HUD's assignment process is generally six to eighteen months. After HUD completes its assignment process for the Insured Mortgage, HUD transfers to the mortgagee (i) HUD debentures, as discussed above, (ii) plus cash for accrued interest on the debentures at the going Federal rate from the Debenture Issuance Date to the most current interest payment date. Thereafter, the mortgagee receives interest on the debentures on the semi-annual interest payment dates of January 1 and July 1. The going Federal rate for HUD debentures issued under the Section 221 Program for the period July 1, 2002 through December 31, 2002 is 6.625%. The Partnership will recognize a gain, if any, on these assignments at the time it receives notification that the assignment has been approved. This is generally when HUD transfers the debentures to the mortgagee and/or when the Partnership receives cash for the accrued interest on the debentures. A loss is recognized when it becomes probable that a loss will be incurred. The gain or loss recognized is generally equal to proceeds received, less the amortized cost of the Insured Mortgage.

a. Redemption of HUD Debentures

The following list represents HUD debentures redeemed in July 2002. The aggregate gain of \$497,000 was recognized in the first quarter of 2002, when the Partnership received approximately \$286,000 of accrued interest, in cash, on these HUD debentures. A distribution, related to this accrued debenture interest, of approximately \$0.02 per Unit was declared in March 2002 and paid in May 2002. Net proceeds represent (i) the Partnership's beneficial interest in the face value of the HUD debenture, plus (ii) interest earned on the HUD debenture during the HUD assignment process, less (iii) net mortgage investment income due on the applicable mortgage during the HUD assignment process.

b. Issuance of HUD Debenture

In July 2002, HUD transferred assignment proceeds to an unrelated third party in the form of a 7.5% debenture for the mortgage on Fairlawn II. The debenture pays interest semi-annually on January 1 and July 1 and is callable on or after January 1, 2003. In July 2002, the Partnership received approximately \$100,000 in cash of accrued interest on this HUD debenture. A distribution related to this accrued debenture interest of \$0.01 per Unit was declared in August 2002 and paid in November 2002. The Partnership recognized a gain of

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-Q

approximately \$95,000 for the three and nine months ended September 30, 2002. The original maturity date for this debenture was September 2010, however in September 2002, HUD issued a call notice for all FHA debentures with a coupon rate of 6.25% or above, that are outstanding as of September 30, 2002, for call on January 1, 2003. A distribution is expected to be declared upon receipt of the debenture proceeds. The servicer of this mortgage filed an application for insurance benefits under the Section 221 Program in September 2000. The face value of the Partnership's beneficial interest in this HUD debenture, of approximately \$758,000, is included in receivables and other assets on the Partnership's balance sheet as of September 30, 2002.

c. Mortgages in the HUD assignment process

The mortgage on The Executive House was put to HUD under the Section 221 Program by the servicer in April 2002. The face value of this mortgage was approximately \$805,000 as of the HUD put date. The Partnership no longer receives monthly principal and interest from mortgages that are put to HUD under the Section 221 Program. HUD receives the monthly principal and interest and the Partnership will earn semi-annual interest on debentures issued by HUD, as discussed above. As of November 1, 2002, the Partnership has not received notification that this assignment has been approved by HUD. The fair value of this mortgage is included in Investment in FHA-Insured Certificates and GNMA Mortgage-Backed Securities, acquired insured mortgages in the Partnership's balance sheet as of September 30, 2002.

d. Remaining mortgages eligible for assignment

The Partnership's mortgage portfolio includes six FHA-Insured Certificates issued under the Section 221 Program with an Anniversary Date of April 2002. At this time, the Partnership does not expect these mortgages to be put to HUD since it owns less than 34% of these FHA-Insured Certificates and the other certificate holders have not yet elected to put these mortgages to HUD. The Partnership does not own any other FHA-Insured Certificates or GNMA Mortgage-Backed Securities eligible to be put to HUD.

Please refer to the Partnership's Annual Report on Form 10-K for the year ended December 31, 2001, for more information on the Partnership's FHA-Insured Certificates and GNMA Mortgage-Backed Securities.

- (1) In January 2002, the mortgage on Longleaf Lodge was prepaid. The Partnership received net proceeds of approximately \$3.7 million and recognized a gain of approximately \$672,000 for the nine months ended September 30, 2002. A distribution of approximately \$0.29 per Unit related to the prepayment of this mortgage was declared in January and paid to Unitholders in May 2002.

As of November 1, 2002, all of the Partnership's FHA-Insured Loans were current with respect to the payment of principal and interest, except for the mortgage on Westbrook Apartments, which is delinquent with respect to the September and October 2002 payments of principal and interest. The General Partner has instructed the servicer of this mortgage to file a Notice of Election to Assign if payment is not received by mid November. The face value of this mortgage was approximately \$1.7 million as of the last payment date in August 2002. If assigned, the Partnership expects to receive 99% of this amount plus accrued interest at the debenture interest rate in effect at the time the mortgage was originally insured and/or endorsed by HUD, whichever is higher.

In addition to interest payments from the FHA-Insured Loans, the Partnership is entitled to additional interest on three of the FHA-Insured Loans based on a percentage of the net cash flow from the operation of the underlying property development (referred to as Participations). During the three and nine months ended September 30, 2002, the Partnership received additional interest of \$0 and \$8,396, respectively, from such Participations. During the three and nine months ended September 30, 2001, the Partnership received additional interest of \$0 and \$53,423, respectively, from the Participations. These amounts are included in mortgage investment income on the accompanying Statements of Income and Comprehensive Income.

The Section 221 Program

a. Mortgages in the HUD assignment process

The mortgage on Baypoint Shoreline Apartments was put to HUD under the Section 221 Program by the servicer in June 2002. The face value of this mortgage was approximately \$902,000 as of the HUD put date. The Partnership no longer receives monthly principal and interest from mortgages that are put to HUD under the Section 221 Program. HUD receives the monthly principal and interest and the Partnership will earn semi-annual interest on debentures issued by HUD, as discussed above. As of November 1, 2002, the Partnership has not received notification that this assignment has been approved by HUD. The

12

amortized cost of this mortgage is included in Investment in FHA-Insured Loans, acquired insured mortgages in the Partnership's balance sheet as of September 30, 2002.

b. Remaining mortgages eligible for assignment

The Partnership's mortgage portfolio includes five FHA-Insured Loans issued under the Section 221 Program with Anniversary Dates from March 2002 through December 2002. The Partnership expects these mortgages to be put to HUD, if not otherwise disposed, by the respective servicers.

Please refer to the Partnership's Annual Report on Form 10-K for the year ended December 31, 2001 for more information on the Partnership's FHA-Insured

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-Q

Loans.

5. INVESTMENT IN DEBENTURE AND DUE TO AFFILIATE

In December 2000, HUD issued assignment proceeds in the form of a 7.125% HUD debenture for the mortgage on Fox Run Apartments. The HUD debenture, with a face value of approximately \$2.4 million as of December 31, 2001 was issued to the Partnership, with interest payable semi-annually on January 1 and July 1. The mortgage on Fox Run Apartments was beneficially owned 50% by the Partnership and 50% by an affiliate, American Insured Mortgage Investors ("AIM 84"). In January 2002, net proceeds of approximately \$2.4 million were received upon redemption of this HUD debenture. Since the Partnership was the record owner and AIM 84 was the 50% beneficial owner of the mortgage on Fox Run Apartments, approximately \$1.2 million of the debenture proceeds was paid to AIM 84. A distribution of approximately \$0.09 per Unit related to the redemption of this HUD debenture was declared in January 2002 and paid to Unitholders in May 2002.

13

6. DISTRIBUTIONS TO UNITHOLDERS

The distributions paid or accrued to Unitholders on a per Unit basis for the nine months ended September 30, 2002 and 2001 are as follows:

	2002 -----	2001 -----

The basis for paying distributions to Unitholders is net proceeds from mortgage dispositions, if any, and cash flow from operations, which includes regular interest income and principal from Insured Mortgages. Although the Insured Mortgages pay a fixed monthly mortgage payment, the cash distributions paid to the Unitholders will vary during each quarter due to (1) the fluctuating yields in the short-term money market where the monthly mortgage payment

receipts are temporarily invested prior to the payment of quarterly distributions, (2) the reduction in the asset base and monthly mortgage payments resulting from monthly mortgage payments received or mortgage dispositions, (3) variations in the cash flow attributable to the delinquency or default of Insured Mortgages and professional fees and foreclosure costs incurred in connection with those Insured Mortgages, the timing of receipt of HUD debentures, the interest rate on HUD debentures, debenture redemptions and (4) variations in the Partnership's operating expenses. As the Partnership continues to liquidate its mortgage investments and Unitholders receive distributions of return of capital and taxable gains, Unitholders should expect a reduction in earnings and distributions due to the decreasing mortgage base.

7. TRANSACTIONS WITH RELATED PARTIES

The General Partner and certain affiliated entities have earned or received compensation for services or received distributions from the Partnership during the three and nine months ended September 30, 2002 and 2001 as follows:

General

As of September 30, 2002, the Partnership had invested in 33 Insured Mortgages with an aggregate amortized cost of approximately \$68.8 million, an aggregate face value of approximately \$71.1 million and an aggregate fair value of approximately \$71.8 million.

As of November 1, 2002, all of the fully insured FHA-Insured Certificates, GNMA Mortgage-Backed Securities and FHA-Insured Loans are current with respect to the payment of principal and interest except for the mortgage on Westbrook Apartments, which is delinquent with respect to the September and October 2002

payments of principal and interest. The General Partner has instructed the servicer of this mortgage to file a Notice of Election to Assign if payment is not received by mid November. The face value of this mortgage was approximately \$1.7 million as of the last payment date in August 2002. If assigned, the Partnership expects to receive 99% of this amount plus accrued interest at the debenture interest rate in effect at the time the mortgage was originally insured and/or endorsed by HUD, whichever is higher.

In October 2002, the mortgage on Rock Glen Apartments was prepaid. The Partnership received net proceeds of approximately \$1.0 million and expects to recognize a gain of approximately \$117,000 during the fourth quarter 2002. The Partnership expects to declare a distribution of approximately \$0.08 per Unit in November 2002.

16

The Section 221 Program

Under the Section 221 program of the National Housing Act of 1937, as amended (the "Section 221 Program"), a mortgagee has the right to assign a mortgage ("put") to HUD at the expiration of 20 years from the date of final endorsement ("Anniversary Date") if the mortgage is not in default at such time. The mortgagee may exercise its option to put the mortgage to HUD one year subsequent to the Anniversary Date. This assignment procedure is applicable to an Insured Mortgage, which had a firm or conditional commitment for HUD insurance benefits on or before November 30, 1983. Any mortgagee electing to assign an Insured Mortgage to HUD receives, in exchange therefor, HUD debentures having a total face value equal to (i) the then outstanding principal balance of the Insured Mortgage (ii) plus accrued interest on the mortgage to the date of assignment ("Debenture Issuance Date"). These HUD debentures generally mature 10 years from the date of assignment and bear interest at a rate announced semi-annually by HUD in the Federal Register ("going Federal rate") at such date. Generally, the Partnership is not the named mortgagee for the FHA-Insured Certificates. In this case, the HUD debentures are generally issued to an unrelated third party that is the named mortgagee. The servicer of the applicable mortgage is responsible for delivering to the Partnership all HUD insurance claim proceeds. The debenture interest is paid to the Partnership in the month it is received by the servicer. The debenture proceeds are paid to the Partnership in the month the debenture is redeemed by HUD or sold by the servicer.

Once the servicer of a mortgage has filed an application for insurance benefits ("HUD put date") under the Section 221 program, the Partnership will no longer receive the monthly principal and interest on the applicable mortgage, instead, HUD will begin receiving the monthly principal and interest. HUD issues debentures at the time the mortgage is assigned (approximately 30 days after the HUD put date); however, the debentures are not transferred to the mortgagee until HUD completes its assignment process of the Insured Mortgage. Based on the General Partner's experience, HUD's assignment process is generally six to eighteen months. After HUD completes its assignment process for the Insured Mortgage, HUD transfers to the mortgagee (i) HUD debentures, as discussed above, (ii) plus cash for accrued interest on the debentures at the going Federal rate from the Debenture Issuance Date to the most current interest payment date. Thereafter, the mortgagee receives interest on the debentures on the semi-annual interest payment dates of January 1 and July 1. The going Federal rate for HUD debentures issued under the Section 221 Program for the period July 1, 2002 through December 31, 2002 is 6.625%. The Partnership will recognize a gain, if any, on these assignments at the time it receives notification that the assignment has been approved. This is generally when HUD transfers the debentures to the mortgagee and/or when the Partnership receives cash for the accrued interest on the debentures. A loss is recognized when it becomes probable that a loss will be incurred. The gain or loss recognized is generally

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-Q

equal to proceeds received, less the amortized cost of the Insured Mortgage.

a. Issuance of HUD Debenture

In July 2002, HUD transferred assignment proceeds to an unrelated third party in the form of a 7.5% debenture for the mortgage on Fairlawn II. The debenture pays interest semi-annually on January 1 and July 1 and is callable on or after January 1, 2003. In July 2002, the Partnership received approximately \$100,000 in cash of accrued interest on this HUD debenture. A distribution related to this accrued debenture interest of \$0.01 per Unit was declared in August 2002 and paid in November 2002. The Partnership recognized a gain of approximately \$95,000 for the three and nine months ended September 30, 2002. The original maturity date for this debenture was September 2010, however in September 2002, HUD issued a call notice for all FHA debentures with a coupon rate of 6.25% or above, that are outstanding as of September 30, 2002, for call on January 1, 2003. A distribution is expected to be declared upon receipt of 17

the debenture proceeds. The servicer of this mortgage filed an application for insurance benefits under the Section 221 Program in September 2000. The face value of the Partnership's beneficial interest in this HUD debenture, of approximately \$758,000, is included in receivables and other assets on the Partnership's balance sheet as of September 30, 2002.

b. Mortgages in the HUD assignment process

The mortgages on The Executive House and Baypoint Shoreline Apartments were put to HUD under the Section 221 Program by the respective servicers in April 2002 and June 2002, respectively. The aggregate face value of these mortgages was approximately \$1.7 million as of the HUD put dates. The Partnership no longer receives monthly principal and interest from mortgages that are put to HUD under the Section 221 Program. HUD receives monthly principal and interest and the Partnership will earn semi-annual interest on debentures issued by HUD, as discussed above. As of November 1, 2002, the Partnership has not received notification that these assignments have been approved by HUD.

c. Remaining mortgages eligible for assignment

The Partnership's mortgage portfolio includes six FHA-Insured Certificates issued under the Section 221 Program with an Anniversary Date of April 2002. At this time, the Partnership does not expect these mortgages to be put to HUD since it owns less than 34% of these FHA-Insured Certificates and the other certificate holders have not yet elected to put these mortgages to HUD. The Partnership does not own any other FHA-Insured Certificates or GNMA Mortgage-Backed Securities eligible to be put to HUD. In addition, the Partnership's mortgage portfolio includes five FHA-Insured Loans issued under the Section 221 Program with Anniversary Dates from March 2002 through December 2002. The Partnership expects these mortgages to be put to HUD, if not otherwise disposed, by the respective servicers.

Results of Operations

Net earnings decreased by approximately \$550,000 and \$1.4 million for the three and nine months ended September 30, 2002, respectively, as compared to the corresponding periods in 2001. The decrease for the three month period is primarily due to decreases in mortgage investment income, interest and other income and net gains on mortgage dispositions, as discussed below. The nine month period decrease is primarily due to decreases in mortgage investment

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-Q

income and interest and other income, partially offset by a decrease in asset management fee to related parties, as discussed below.

Mortgage investment income decreased by approximately \$354,000 and \$1.4 million for the three and nine months ended September 30, 2002, respectively, as compared to the corresponding periods in 2001, primarily due to a reduction in the mortgage base. The mortgage base decreased for the three month period as a result of twelve mortgage dispositions with an aggregate principal balance of approximately \$17.4 million, representing an approximate 18% decrease in the aggregate principal balance of the Partnership's total mortgage portfolio since June 2001. The mortgage base decreased for the nine month period as a result of seventeen mortgage dispositions with an aggregate principal balance of approximately \$27.6 million, representing an approximate 26% decrease in the aggregate principal balance of the Partnership's total mortgage portfolio since March 2001.

Interest and other income decreased by approximately \$99,000 and \$172,000 for the three and nine months ended September 30, 2002, respectively, as compared to the corresponding periods in 2001, primarily due to the timing of temporary investment of mortgage disposition proceeds prior to distribution.

18

Asset management fees decreased by approximately \$39,000 and \$164,000 for the three and nine months ended September 30, 2002, respectively, as compared to the corresponding periods in 2001, primarily due to the reduction in the mortgage asset base.

General and administrative expenses increased by approximately \$3,000 and \$31,000 for the three and nine months ended September 30, 2002, respectively, as compared to the corresponding periods in 2001, primarily due to the cost structure of certain expenses.

Net gains on mortgage dispositions decreased by approximately \$133,000 for the three months ended September 30, 2002, and increased by approximately \$60,000 for the nine months ended September 30, 2002, as compared to the corresponding periods in 2001. During the three months ended September 30, 2002, the Partnership recognized a gain of approximately \$95,000 for the assignment of one mortgage, which was partially offset by a loss of approximately \$8,000 recognized on the prepayment of one mortgage. During the first six months of 2002, the Partnership recognized gains of approximately \$681,000 from the prepayment of two mortgages and gains of approximately \$497,000 from the assignment of three mortgages. During the three months ended September 30, 2001 the Partnership recognized gains of approximately \$220,000 from the prepayment of two mortgages. During the first six months of 2001, the Partnership recognized gains of approximately \$655,000 from the prepayment of four mortgages and gains of approximately \$330,000 from the assignment of two mortgages.

Liquidity and Capital Resources

The Partnership's operating cash receipts, derived from payments of principal and interest on Insured Mortgages, plus cash receipts from interest on short-term investments, were sufficient during the nine months ended September 30, 2002 to meet operating requirements. The basis for paying distributions to Unitholders is net proceeds from mortgage dispositions, if any, and cash flow from operations, which includes regular interest income and principal received from Insured Mortgages. Although the Insured Mortgages pay a fixed monthly mortgage payment, the cash distributions paid to the Unitholders will vary during each quarter due to (1) the fluctuating yields in the short-term money market where the monthly mortgage payments received are temporarily invested prior to the payment of quarterly distributions, (2) the reduction in the asset base and monthly mortgage payments due to monthly mortgage payments received or

mortgage dispositions, (3) variations in the cash flow attributable to the delinquency or default of Insured Mortgages and professional fees and foreclosure costs incurred in connection with those Insured Mortgages, the timing of receipt of HUD debentures, the interest rate on HUD debentures, and debenture redemptions, and (4) variations in the Partnership's operating expenses. As the Partnership continues to liquidate its mortgage investments and Unitholders receive distributions of return of capital and taxable gains, Unitholders should expect a reduction in earnings and distributions due to the decreasing mortgage base.

Net cash provided by operating activities decreased by approximately \$158,000 for the nine months ended September 30, 2002, as compared to the corresponding period in 2001, primarily due to lower mortgage investment income resulting from a reduction in the mortgage base, partially offset by a decrease in receivables and other assets. The decrease in receivables and other assets is primarily due to the receipt of principal and interest previously accrued on the mortgages awaiting assignment from HUD under the Section 221 Program during 2002, as previously discussed.

Net cash provided by investing activities increased by approximately \$4.6 million for the nine months ended September 30, 2002, as compared to the corresponding period in 2001. This increase is primarily due to increases in

19

proceeds received from mortgage assignments and the net proceeds from the debenture, as discussed below, partially offset by a decrease in proceeds received from the prepayment of mortgages.

In January 2002, HUD issued assignment proceeds in the form of HUD debentures in exchange for mortgages put to HUD under the Section 221 Program. The debentures were transferred to the mortgagee for each of the mortgages on Country Club Terrace Apartments, Nevada Hills Apartments and Dunhaven Apartments. In July 2002, the Partnership received aggregate net proceeds of approximately \$3.4 million for the redemption of the HUD debentures that were previously issued by HUD. A distribution of approximately \$0.28 per Unit related to the redemption of these debentures was declared in August and paid to Unitholders in November 2002.

During 2001, HUD issued assignment proceeds in the form of HUD debentures in exchange for mortgages put to HUD under the Section 221 Program. The debentures were transferred to the mortgagee for each of the mortgages on Summit Square Manor, Park Place, Park Hill Apartments, Fairfax House and Woodland Villas. In January 2002, the Partnership received aggregate net proceeds of approximately \$6.8 million for the redemption of the HUD debentures that were previously issued by HUD. A distribution of approximately \$0.545 per Unit related to the redemption of these debentures was declared in February and paid to Unitholders in May 2002.

In December 2000, HUD issued assignment proceeds in the form of a 7.125% HUD debenture for the mortgage on Fox Run Apartments. The HUD debenture, with a face value of approximately \$2.4 million as of December 31, 2001 was issued to the Partnership, with interest payable semi-annually on January 1 and July 1. The mortgage on Fox Run Apartments was beneficially owned 50% by the Partnership and 50% by an affiliate, American Insured Mortgage Investors ("AIM 84"). In January 2002, net proceeds of approximately \$2.4 million were received upon redemption of this HUD debenture. Since the Partnership was the record owner and AIM 84 was the 50% beneficial owner of the mortgage on Fox Run Apartments, approximately \$1.2 million of the debenture proceeds was paid to AIM 84. A distribution of approximately \$0.09 per Unit related to the redemption of this HUD debenture was declared in January 2002 and paid to Unitholders in May 2002.

Edgar Filing: AMERICAN INSURED MORTGAGE INVESTORS SERIES 85 L P - Form 10-Q

Net cash used in financing activities increased by approximately \$1.7 million for the nine months ended September 30, 2002, as compared to the corresponding period in 2001, due to an increase in the amount of distributions paid to partners in the first nine months of 2002 compared to the same period in 2001.

20

PART I. FINANCIAL INFORMATION

ITEM 3. QUALITATIVE AND QUANTITATIVE DISCLOSURES ABOUT MARKET RISK

The Partnership's principal market risk is exposure to changes in interest rates in the U.S. Treasury market. The Partnership will experience fluctuations in the market value of its assets related to (i) changes in the interest rates of U.S. Treasury securities, (ii) changes in the spread between the interest rates on U.S. Treasury securities and the interest rates on the Partnership's Insured Mortgages, and (iii) changes in the weighted average life of the Insured Mortgages, determined by reviewing the attributes of the Insured Mortgages in relation to the current market interest rates. The weighted average life of the Insured Mortgages decreased as of September 30, 2002 compared to December 31, 2001, due to the lower market interest rates, which may imply faster prepayment rates, and other attributes of the Partnership's Insured Mortgages.

The General Partner has determined that there has not been a material change as of September 30, 2002, in market risk from December 31, 2001 as reported in the Partnership's Annual Report on Form 10-K as of December 31, 2001.

ITEM 4. CONTROLS AND PROCEDURES

Within 90 days prior to the date of filing this Quarterly Report on form 10-Q, the General Partner carried out an evaluation, under the supervision and with the participation of the General Partner's management, including the General Partner's Chairman of the Board (CEO) and the Chief Financial Officer (CFO), of the effectiveness of the design and operation of its disclosure controls and procedures pursuant to Securities Exchange Act Rule 13a-14 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Based on that evaluation, the General Partner's CEO and CFO concluded that its disclosure controls and procedures are effective and timely in alerting them to material information relating to the Partnership required to be included in the Partnership's periodic SEC filings. There were no significant changes in the General Partner's internal controls or in other factors that could significantly affect these internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

PART II. OTHER INFORMATION

ITEM 5. OTHER INFORMATION

Section 10(A)(i)(2) of the Securities Exchange Act of 1934, as amended, requires issuers to disclose the approval by an audit committee of the issuer of a non-audit service to be performed by the auditor of the issuer. On August 14, 2002, the Audit Committee of the Board of Directors of the General Partner's parent, CRIIMI MAE Inc., subject to any rules that may be adopted by the Public Accounting Oversight Board, approved the engagement of Ernst & Young LLP, the Partnership's auditor, to provide tax services to the Partnership during the fiscal year ending December 31, 2002.
