Edgar Filing: CVD EQUIPMENT CORP - Form 10QSB

from \$399,451 in six months of 2001. Of this \$21,918 decrease, approximately \$80,000 is attributed to commissions, \$30,000 to freight expense, which is offset by an increase of \$36,000 to salaries, \$35,000 to royalties, \$10,000 to travel expense and \$5,000 to advertising.

General and Administrative expenses decreased to \$1,021,262 in six months of 2002 from \$1,113,709 in six months of 2001. Of this \$92,447 decrease, approximately \$42,000 is attributed to legal fees, \$166,000 to bad debt, which is offset by an increase of \$94,000 to salaries, \$13,900 to building rent and \$7,700 to travel expense.

Interest expense increased by \$14,166 from \$33,755 in six months of 2001 to \$47,921 in six months of 2002, because the company's average outstanding debt increased, as a result of the mortgage on the new building purchased on 3/7/02

Gain on sale of fixed asset decreased by \$35,166 in six months of 2002 from six months of 2001, because the company had sold some fixed assets in 2001.

LIQUIDITY AND CAPITAL RESOURCES

By the end of the second quarter of 2002, the Company's cash position decreased to \$100,874 from \$2,361,150 at the beginning of the year. The decrease in cash is largely attributed to the cash layout for the new building, which \$345,000 was for the building acquisition, \$757,000 for the building's renovations, \$856,000 was for the purchase of Conceptronic Inc's assets of their Surface Mount Technology (SMT) business, \$89,138 for the new building's mortgage and \$58,300 for commissions.

However, as part of the building acquisition and the associated mortgage transaction, an escrow account was established. This escrow account was set up to fund the building renovation. This escrow account is not accessible by CVD Equipment Corporation, until the building renovations are complete, the mortgagee inspects the new facility and a new certificate of occupancy is issued. The initial escrow amount was \$1,106,250 on March 7, 2002. Interest on this escrow to the end of the second quarter was \$5,694. Hence, the escrow balance at the end of the second quarter was \$1,111,944.

11

At the end of the second quarter of 2002, the Company's account receivable position increased to \$1,589,158 from \$1,212,237 at the beginning of the year. This increase was attributable to timing of customer payments and billings and a accounts receivable position of \$353,000 as part of the Conceptronic acquisition.

At the close of the second quarter of 2002, the Company's backlog increased to \$1,740,939 from approximately \$1,389,004 at the beginning of the year. This increase is attributed to an increase in order levels.

The Company believes that its cash and cash equivalents, cash flow from operations and available credit facilities will be sufficient to meet its working capital and investment requirements for the next twelve months. However, future growth, including potential acquisitions, may require additional funding, and from time to time the Company may need to raise capital through additional equity or debt financing.
