## Edgar Filing: SJW CORP - Form 8-K

Item 2.02: Results of Operations and Financial Condition.

On July 31, 2013, SJW Corp. (the "Company") announced its financial results for the quarter ended June 30, 2013. A copy of the press release announcing the financial results is attached hereto as Exhibit 99.1 and incorporated into this Form 8-K by reference.

Item 8.01: Other Events.

On July 25, 2013, the California Public Utilities Commission ("CPUC") approved a settlement agreement between San Jose Water Company, the Company's wholly owned subsidiary, and the CPUC's Division of Ratepayer Advocates that will allow San Jose Water Company to initiate capital improvements to its 40-year old Montevina Water Treatment Plant. The approved settlement substantially provides for: (1) the recorded costs of the Montevina upgrade project to be included in rate base through annual advice letters, (2) a total project cost estimate of sixty-two million dollars (\$62,000,000), which is treated as an advice letter cap for ratemaking purposes, and (3) the opportunity for San Jose Water Company to request additional funding in a future general rate case or in a separate application if the cost of construction for the Montevina upgrade project exceeds the advice letter construction cap.
