Item 1. Security and Issuer

This Schedule 13D (the “Statement”) relates to the common stock, par value \$0.001 per share (the “Common Stock”), of Allogene Therapeutics, Inc., a Delaware corporation (the “Issuer”). The Issuer’s principal executive offices are located at 210 East Grand Avenue, South San Francisco, California 94080.

Item 2. Identity and Background

- (a) This Statement is being filed on behalf of Pfizer, a Delaware corporation.
- (b) The principal business address of Pfizer is 235 E. 42nd Street, New York, NY 10017.
- (c) Pfizer is a research-based, global biopharmaceutical company.

Set forth on Schedule I hereto, which is incorporated herein by reference, is the name, position, business address and principal occupation or employment and citizenship of each of Pfizer’s directors and executive officers.

(d) – (e) During the last five years, neither Pfizer nor any person named in Schedule I have been (i) convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors) or (ii) a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

(f) The jurisdiction of organization of Pfizer is set forth in subsection (a) above. The citizenship of each of the individuals referred to in Schedule I is set forth on Schedule I.

Item 3. Source and Amount of Funds or Other Consideration

Pfizer acquired from the Issuer 55,556 shares of Common Stock in the Issuer’s initial public offering (the “IPO”) at the public offering price of \$18.00 per share. The IPO was completed on October 15, 2018. The total consideration paid by Pfizer for these shares was \$1,000,008, and such consideration was obtained from the available cash resources of Pfizer.

Upon the closing of the IPO, Pfizer also acquired 21,976,484 shares of Common Stock that were issued upon conversion of 4,185,997 shares of Series A-1 Convertible Preferred Stock of the Issuer (the “Series A Preferred Stock”) owned by Pfizer. The number of shares of Common Stock issued upon conversion of the Series A Preferred Stock reflected the application of the applicable conversion ratio as set forth in the Issuer’s amended and restated certificate of incorporation in effect immediately prior to the closing of the IPO. The Series A Preferred Stock converted automatically, without payment of consideration, upon closing of the IPO. The consideration for the shares of Series A Preferred Stock owned by Pfizer consisted of certain assets sold to the Issuer pursuant to an Asset Contribution Agreement, dated April 2, 2018, attached hereto as Exhibit 3.

Item 4. Purpose of Transaction

In April 2018, Pfizer entered into an Asset Contribution Agreement with the Issuer, pursuant to which the Issuer acquired certain assets and assumed certain liabilities from Pfizer. As consideration for the purchased assets, the Issuer issued to Pfizer 3,187,772 shares of its Series A-1 Convertible Preferred Stock.

Also in April 2018, the Issuer issued to Pfizer 998,225 shares of its Series A-1 Convertible Preferred Stock at a price per share of \$35.06, for an aggregate purchase price of \$34.9 million. Such shares were issued pursuant to a Series A and A-1 Preferred Stock Purchase Agreement, entered into with various investors including Pfizer.

Board Representation

Mr. John DeYoung, Vice President of Worldwide Business Development for Pfizer's Oncology Business Unit, is a member of the board of directors of the Issuer. Mr. DeYoung may regularly interact with management and the other directors to discuss operational, strategic and other business issues affecting the Issuer.

Lock-Up Agreement

In connection with the IPO, Pfizer entered into a lock-up agreement (the “Lock-Up Agreement”), a form of which is attached hereto as Exhibit 1, with Goldman Sachs & Co. LLC, J.P. Morgan Securities LLC, Cowen and Company, LLC and Jefferies LLC (in their capacity as representatives of the several underwriters for the IPO (the “Representatives”)). Pursuant to the Lock-Up Agreement, Pfizer has agreed that, during the period from the date of the Lock-Up Agreement and continuing to and including the date 180 days following the date of the Final Prospectus, subject to specified exceptions, it will not, without the prior written consent of the Representatives, offer, sell, contract to sell, pledge, grant any option to purchase, make any short sale or otherwise dispose of any shares of Common Stock, or any options or warrants to purchase any shares of Common Stock, or any securities convertible into, exchangeable for or that represent the right to receive shares of Common Stock, whether now owned or hereinafter acquired, owned directly or indirectly by Pfizer (including holding as a custodian) or with respect to which Pfizer has beneficial ownership within the rules and regulations of the SEC.

Registration Rights

In connection with the Issuer’s Series A and A-1 convertible preferred stock financing, the Issuer entered into an Investors’ Rights Agreement with certain of its stockholders including Pfizer (the “Investors’ Rights Agreement”). The Investors’ Rights Agreement provides such stockholders with certain registration rights, and is attached hereto as Exhibit 2.

After the closing of the IPO, certain stockholders, including Pfizer, are entitled to certain rights with respect to registration of the shares of common stock issued upon conversion of the Issuer’s convertible preferred stock and convertible promissory notes under the Securities Act.

The registration of shares of the Issuer’s common stock pursuant to the exercise of the registration rights described below would enable the holders to trade these shares without restriction under the Securities Act when the applicable registration statement is declared effective. The Issuer is required to pay all registration expenses, other than underwriting discounts, selling commissions and stock transfer taxes, (collectively, “Selling Expenses”), of the shares registered pursuant to the demand, piggyback and Form S-3 registrations described below.

Demand Registration Rights

The holders of the registrable securities are entitled to certain demand registration rights. Subject to the terms of the lock-up agreements, at any time beginning on the earlier of April 6, 2021 or 180 days following the closing of the IPO, the holders of at least 51% of the registrable securities then outstanding, may make a written request that the Issuer register all or a portion of their shares, subject to certain specified exceptions. Such request for registration must cover securities the aggregate offering price of which, after payment of Selling Expenses, would exceed \$20,000,000. The Issuer will not be required to effect more than two registrations pursuant to these demand registration rights.

Piggyback Registration Rights

In connection with the IPO, the holders of registrable securities were entitled to, and the necessary percentage of holders waived, their rights to notice of this offering and to include their shares of registrable securities in the IPO. If the Issuer proposes to register for offer and sale any of its securities under the Securities Act in another offering, either for its own account or for the account of other security holders, the holders of registrable securities will be entitled to certain “piggyback” registration rights allowing them to include their shares in such registration, subject to certain marketing and other limitations. As a result, whenever the Issuer proposes to file a registration statement under the Securities Act, including a registration statement on Form S-3, other than with respect to a demand registration or a registration statement on Forms S-4 or S-8, the holders of these shares are entitled to notice of the registration and have the right, subject to limitations that the underwriters may impose on the number of shares included in the registration, to include their shares in the registration.

Form S-3 Registration Rights

The holders of the registrable securities are entitled to certain Form S-3 registration rights. Holders of at least 30% of the registrable securities may request that the Issuer register for offer and sale their shares on Form S-3 if the Issuer is qualified to file a registration statement on Form S-3, subject to certain specified exceptions. Such request for registration on Form S-3 must cover securities the aggregate offering price of which, after payment of Selling Expenses, equals or exceeds \$2,000,000. The Issuer will not be required to effect more than two registrations on Form S-3 within any 12-month period.

Pfizer's Investment in the Issuer

Pfizer intends to continue to review its investment in the Issuer on an ongoing basis and, depending on various factors, including, without limitation, the Issuer's financial position, the price of the Common Stock, conditions in the securities markets and general economic and industry conditions, Pfizer may, in the future, take such actions with respect to their shares of Common Stock as they deem appropriate, including, without limitation: purchasing additional shares of Common Stock; subject to the lock-up restrictions described above, selling shares of Common Stock; taking any action to change the composition of the Issuer's board of directors; taking any other action with respect to the Issuer or any of its securities in any manner permitted by law or changing their intention with respect to any and all matters referred to in paragraphs (a) through (j) below in this Item 4.

Except as otherwise described in this Statement, Pfizer does not currently have any plans or proposals that relate to or would result in:

- (a) the acquisition by any person of additional securities of the Issuer, or the disposition of securities of the Issuer;
- (b) an extraordinary corporate transaction, such as a merger, reorganization or liquidation, involving the Issuer or any of its subsidiaries;
- (c) a sale or transfer of a material amount of assets of the Issuer or any of its subsidiaries;
- (d) any change in the present board of directors or management of the Issuer, including any plans or proposals to change the number or term of directors or to fill any existing vacancies on the board;
- (e) any material change in the present capitalization or dividend policy of the Issuer;
- (f) any other material change in the Issuer's business or corporate structure;
- (g) any changes in the Issuer's charter or bylaws or other actions which may impede the acquisition of control of the Issuer by any person;
- (h) causing a class of securities of the Issuer to be delisted from a national securities exchange or to cease to be authorized to be quoted in an interdealer quotation system of a registered national securities association;
- (i) causing a class of equity securities of the Issuer to become eligible for termination of registration pursuant to Section 12(g)(4) of the Securities Exchange Act of 1934, as amended; or
