There are no arrangements or understandings between Mr. Brown and any other persons pursuant to which Mr. Brown was selected as a director.

Mr. Brown is eligible to receive the following compensation pursuant to the Company's compensation arrangements for non-employee directors:

Annual Cash Retainer Fee	\$30,000
Annual Cash Retainer for Chair of the Board	75,000
Annual Cash Retainer Fee for Audit Committee Chair	15,000
Annual Cash Retainer for Other Committee Chairs	7,500
Board Meeting Fees

Annual Grant of Restricted Stock Units (prorated to reflect partial years of service)	30,000

The annual cash retainers and Board and Committee meeting fees are paid quarterly in arrears.

Each Restricted Stock Unit represents the right to receive one share of the Company's common stock at a future date. Provided that Mr. Brown remains a non-employee member of the Board of Directors, the Restricted Stock Units will vest in equal quarterly installments on the last day of each calendar quarter and will be settled exclusively in shares of the Company's common stock.

Portland General Electric Company 2006 Stock Incentive Plan (Stock Plan)

Purpose

The purpose of the Stock Plan is to provide incentives which will attract, retain and motivate highly competent persons as officers, directors and key employees of the Company and its subsidiaries and affiliates by providing them with appropriate incentives and rewards in the form of rights to earn shares of the common stock of the Company.

Administration of Stock Plan

The Stock Plan will be administered by the Compensation and Human Resources Committee of the Board of Directors or another committee appointed by the Board of Directors from among its members (the Committee). The Committee must be comprised of not less than two (2) directors who are (i) "non-employee directors" within the meaning of Rule 16b-3(b)(3) (or any successor rule) under the Securities Exchange Act of 1934, as amended, and (ii) "outside directors" within the meaning of Treasury Regulation Section 1.162-27(e)(3) under Section 162(m) of the Internal Revenue Code of 1986, as amended (Code). The Committee may delegate to one or more of its members, or to one or more employees or agents, such duties and authorities as it may deem advisable including the authority to make grants as permitted by applicable law, the rules of the Securities and Exchange Commission and any requirements of the New York Stock Exchange.

Eligibility and Participation

Persons eligible to participate in the Stock Plan include (i) directors of the Company who are not employed by the Company or any of its subsidiaries, and (ii) officers and key employees of the Company or any of its subsidiaries and affiliates that the Committee, in its sole discretion, determines to be significantly responsible for the success and future growth and profitability of the Company. The Committee has sole discretion to determine the eligible participants to whom awards will be granted.

Awards may be granted in the form of stock options, including incentive stock options, stock appreciation rights, restricted stock, stock units or any combination thereof. Any awards may, as determined by the Committee in its discretion, be granted in a manner such that the award qualifies for the performance-based compensation exemption of Section 162(m) of the Code. No portion of an award is transferable during the participant's lifetime. The participant may designate one or more beneficiary or beneficiaries to whom an award will be paid in event of the participant's death. In the absence of any such designation, in the event of the participant's death, awards are transferable only by will or the laws of descent and distribution. In the event of a Change in Control (as defined in the Stock Plan) or a fundamental change in the business condition or strategy of the Company, the Committee, in its sole discretion, may (i) provide for the acceleration of any time periods related to awards, (ii) provide for payment of awards in cash or other property, (iii) adjust the terms of awards, (iv) cause awards to be assumed or new rights substituted, or (v) make such other adjustments in awards as the Committee may consider equitable to the participant and in the best interests of the Company. The maximum number of shares of common stock available under the Stock Plan is 4,687,500.

Duration, Amendment and Termination

No award will be granted more than ten (10) years after the effective date of the Stock Plan. The Committee may amend the Stock Plan from time to time or suspend or terminate the Stock Plan at any time, provided that no amendment of the Stock Plan may be made without approval of the shareholders of the Company if such approval is required under applicable laws, regulations or rules, including rules of the New York Stock Exchange.

Indemnification

No member of the Committee and no employee of the Company shall be liable for any act or failure to act under the Stock Plan, or for any act or failure to act under the Stock Plan by any other member or employee or by any agent to whom duties in connection with the administration of the Stock Plan have been delegated, except in circumstances involving his or her bad faith or willful misconduct. The Company will indemnify members of the Committee and any agent of the Committee who is an employee of the Company, a subsidiary or an affiliate against any and all liabilities or expenses to which they may be subjected by reason of any act or failure to act with respect to their duties on behalf of the Stock Plan, except in circumstances involving such person's bad faith or willful misconduct.

(e) Compensatory Arrangements of Certain Officers

2007 Incentive Compensation for Named Executive Officers

Edgar Filing: PORTLAND GENERAL ELECTRIC CO /OR/ - Form 8-K

On February 22, 2007, the Compensation and Human Resources Committee approved the structure of the Annual Incentive Program for the 2007 Award Year (2007 Incentive Program) under the 2006 Annual Cash Incentive Master Plan for the "named executive officers" (as defined in Item 402(a)(3) of Regulation S-K). The 2007 Incentive Program provides for Awards based on attainment of financial, strategic and individual performance goals. Awards are calculated by multiplying base salary actually paid for the year by the product of the target Award opportunity, incentive performance rating percentage, and a percentage based upon net income, as adjusted pursuant to the Plan.

Target Award Opportunity

The Compensation Committee established target Award opportunities for the Named Executive Officers as a percentage of base salary actually paid at 75% for the CEO, 50% for the Chief Financial Officer, and 45% for the other three Named Executive Officers.

Strategic and Individual Performance Goals

Most of the strategic and individual performance goals for the Named Executive Officers fall into the following categories: (i) high customer value (measured by customer satisfaction ranking, customer favorability ranking, customer value ranking, electric service power quality and reliability and energy efficiency achieved), (ii) reliable, reasonably priced supply (measured by power supply reliability, asset utilization, and the rolling three year average change in per unit power costs), (iii) active corporate responsibility (measured by customer and general business trust, employee volunteer hours, safety, sustainability, and compliance and governance), (iv) engaged valued workforce (measured by employee surveys, workforce recruiting, workforce engagement, workforce retention, and workforce total compensation), and (v) strong financial performance (measured by net income, return on equity, and unsecured bond ratings). Numerous initiatives support the five categories.

Incentive Performance Rating Percentage

The level of attainment of the strategic and individual performance goals results in a performance rating from 1 to 5, which is aligned with an incentive performance rating percentage ranging from 0% to 133.33%.

Net Income Goal

The net income goal is based upon available earnings information, normalized for non-recurring extraordinary items as provided in the Plan. Threshold, Target and Maximum net income levels for determining 2007 Awards are as follows:

Net Income Achieved	Funding Level
Below Threshold	0%
Threshold (80% of Target)	50%
Target	100%
Maximum (120% or more of Target)	150%

Percentages are interpolated for actual levels achieved between levels above the Threshold.

2007 Maximum Award Opportunities

The 2007 maximum Award opportunities for the Named Executive Officers, as a percentage of base salary actually paid, are as follows:

Name	Title	Maximum Award
Peggy Y. Fowler	Chief Executive Officer and President	150%
James J. Piro	Executive Vice President, Finance, Chief Financial Officer and Treasurer	100%
Stephen M. Quennoz	Vice President, Nuclear and Power Supply/Generation	90%
