Report of Independent Auditors

Board of Directors
ING 401(k) Plan for ILIAC Agents

We have audited the accompanying statements of net assets available for benefits of the ING 401(k) Plan for ILIAC Agents as of December 31, 2002 and 2001, and

Edgar Filing: ING GROEP NV - Form 11-K

the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as explained in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, investment assets held by Aetna Life Insurance and Annuity Company, the custodian of the Plan, and transactions in those assets were excluded from the scope of our audit of the Plan's 2001 financial statements, except for comparing the information provided by the custodian, which is summarized in Note 4 to the financial statements, with the related information included in the financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the Plan's financial statements as of December 31, 2001. The form and content of the information included in the 2001 financial statements, other than that derived from the information certified by the custodian, have been audited by us and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2002, and changes in its net assets available for benefit for the year then ended in conformity with accounting principles generally accepted in the United States.

Our audit of the Plan's financial statements as of and for the year ended December 31, 2002, was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2002, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the financial statements for the year ended December 31, 2002, and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

ING 401(k) Plan for ILIAC Agents
Notes to Financial Statements

1. Description of Plan

General

The following description of the ING 401(k) Plan for ING Life Insurance and Annuity Company ("ILIAC") Agents (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a voluntary defined contribution plan available to all full-time insurance salesmen who, as defined, have entered into a Career Agent Agreement with ILIAC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

ILIAC is the Plan sponsor and ING US Pension Committee is the plan administrator (the "Plan Administrator"). Effective January 2002, ING National Trust became the trustee of the Plan. The former trustee was Mellon Bank ("Mellon") through January 2002.

Plan Amendment

Effective January 1, 2002, the Plan was amended to change the name of the Plan to ING 401(k) Plan for ILIAC Agents from Agents of Aetna Life Insurance and Annuity Company Incentive Savings Plan.

Investment Options

Effective January 1, 2002, ING National Trust, the trustee of the Plan, holds plan investments. Prior to that date, plan investments were held by Aetna Life Insurance and Annuity Company, the custodian of the Plan. At December 31, 2002, the Plan's assets were comprised of the following investment vehicles: ING Fixed Account, ING GNMA Income Fund, ING Intermediate Bond Fund, Fidelity Puritan Fund, ING Index Plus LargeCap Fund, Merrill Lynch Equity Index Trust, Fidelity Blue Chip Growth Fund, ING Growth Fund, ING LargeCap Growth Fund, ING Value Opportunity Fund, MFS Capital Opportunities Fund, AIM Small Cap Growth Fund (A), ING Index Plus MidCap Fund, ING Small Company Fund, ING SmallCap Opportunities Fund, ING Global Technology Fund, ING International Fund, ING International Value Fund, Janus Worldwide Fund and ING Market Stock Fund.

Eligibility

All employees meeting the age, service and other qualifying requirements, as

Edgar Filing: ING GROEP NV - Form 11-K

defined in the applicable Plan agreement, are immediately eligible to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings and is charged with an administrative fee. All earnings, with respect to participant's accounts, will be allocated to each participant's account as soon as practicable after they accrue or arise in proportion to the account values of the participant's account. Forfeited balances of terminated participants nonvested accounts are used to reduce future Company contributions or pay Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in ILIAC matching contributions over three years of service at the rate of 50% after the first year, 75% after the second year and 100% after the third year. Employees are immediately fully vested when any of the following occur: (1) obtaining age 65 while actively employed, (2) dying while actively employed, (3) obtaining eligibility for benefits under Aetna's managed long term disability plan, or (4) termination or partial termination of the Plan.

Effective January 1, 2002, for those participants that enter into a career agent agreement after January 1, 2002, the Plan was amended to provide for vesting in ILIAC matching contributions ratably over four years of completed service.

The amount of cumulative forfeited nonvested participant accounts as of December 31, 2002 and 2001 is \$25,908 and \$15,910, respectively.

Employee Contributions

Prior to January 1, 2002, participants could contribute up to 10% of pre-tax eligible earnings as defined by ILIAC. Effective January 1, 2002 participants may contribute up to 20% of an active participant's pay. These contributions are considered to be employee contributions in accordance with the Internal Revenue Code ("IRC"). Contributions are subject to certain limitations of the IRC.

Employer Contributions

ILIAC matches participants' deferral contributions at 50% of each participant's contributions up to the first 6% of total eligible earnings. The Internal Revenue Service ("IRS") limits can affect certain highly paid participants' eligibility to receive matching contributions.

Loans

Effective January 1, 2002, subject to the provisions of the Plan, participants may borrow against their account balances provided that the amount requested is at least \$1,000 but not more than the lesser of 50% of the vested balance or \$50,000.

Edgar Filing: ING GROEP NV - Form 11-K

Each loan will bear an interest rate as prescribed by the Plan's applicable provisions, currently prime interest rate plus 1%. Loan repayment periods are for a maximum of five years. Principal and interest are repaid ratably through commission check deductions.

Benefits

Upon termination of service due to death, disability or retirement, a participant or his/her beneficiary may elect to receive either a lump-sum distribution or periodic payments of the vested account balances. The installments shall be provided from a group annuity contract or individual contract purchased by ILIAC. Effective January 1, 2002, a participant may elect to receive his or her benefit in Company (defined as American Depository Shares of ING Groep, N.V., a Netherlands Corporation which is the parent company of the custodian of the plan) stock to the extent his or her account is vested in Company stock.

Administrative Expenses

The Plan sponsor pays expenses in excess of the basic charge, as defined in the Plan document, which are deducted from participant accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at anytime and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan provides for investments in ING American Depository Shares, guaranteed investment contract ("GIC") related investments and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term; such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Mutual funds are stated at fair value, which is the quoted market price. Investments in ING American Depository Shares are based on the quoted market price of the common shares of ING Groep N.V. The group annuity contract (ING Fixed Account) is presented at contract value in accordance with American Institute of Certified Public Accountants (AICPA) Statement of Position ("SOP") 94-4 Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined Contribution Pension Plans, which approximates fair value. The ING Fixed Account guarantees a minimum rate of interest. Once the rate is credited, the interest becomes part of the principal and the investment increases through compound interest.

Loans to participants are valued at their outstanding balances, which

Edgar Filing: ING GROEP NV - Form 11-K

approximate fair value.

Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on the trade date.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Reclassification

Certain 2001 balances have been reclassified to conform to the 2002 presentation.

3. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated June 11, 1996, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of this determination letter, the Plan was amended and a new determination letter was received (see Subsequent Event footnote). Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

The Plan was amended and restated effective January 1, 2002, to incorporate the applicable requirements of the Uruguay Round Agreements Act ("GAAT"), Uniformed Services Employment and Reemployment Rights Act of 1994, Small Business Job Protection Act of 1996, the Taxpayer Relief Act of 1997, the Internal Revenue Service Restructuring and Reform Act of 1998 and the Community Renewal Tax Relief Act of 2000.

4. Investments

The following individual investments represent 5% or more of the Plan's total net assets as of the years ended December 31:

	2002	2001
	-----	-----
ING Small Company Fund-Class I	\$ 2,496,094	\$ 3,569,200
American Century Ultra Fund	N/A	2,542,130
Fidelity Equity Income Fund	N/A	657,552
Fidelity Growth Opportunities Fund	N/A	887,929
Janus Fund	N/A	2,753,026
Templeton Foreign Fund	N/A	1,126,422
ING Fixed Account	1,541,122	N/A
Fidelity Blue Chip Growth Fund	1,987,272	N/A
ING Growth Fund-Class I	1,624,859	N/A
MFS Capital Opportunities Fund	745,732	N/A
ING International Value Fund-Class I	1,171,579	N/A

Edgar Filing: ING GROEP NV - Form 11-K

The net appreciation (depreciation) in fair value of each significant class of investments, which consists of the realized gains of losses and the unrealized appreciation (depreciation) on those investments, is as follows for the years ended December 31:

	2002	2001
	-----	-----
Mutual Funds	\$ (3,423,356)	\$ (1,526,945)
ING Company Shares	(33,880)	-
	-----	-----
Net depreciation in fair value	\$ (3,457,236)	\$ (1,526,945)
	=====	=====

5. Blackout Period

During 2002, as part of the transfer to a new trustee, the Plan Sponsor initiated blackout period restrictions with respect to participant activity. Effective November 30, 2001, former investment allocations were mapped based on a prescribed table into new funds and new options were made available to participants. The following table represents a summary of this fund mapping:

Sector	New Funds	Former Funds
-----	-----	-----
Global/ International	Pilgrim International Value Fund Janus Worldwide Fund Pilgrim International Fund Pilgrim Global Fund Technology Fund	Templeton Foreign Fund New Investment Option
-----	-----	-----
Aggressive Growth	Aetna Small Company Fund Aetna Index Plus MidCap Fund AIM SmallCap Growth Fund Pilgrim SmallCap Opportunities Fund	Aetna Small Company Fund New Investment Option
-----	-----	-----

Income	Pilgrim Intermediate Bond Fund Pilgrim GNMA Income Fund	Janus Flexible Income Fund Aetna Bond Fund New Investment Option
Stability of Principal	Aetna Fixed Account	Aetna Fixed Account Aetna Money Market Fund
Company Stock	ING Market Stock Fund	New Investment Option

In December 2001, all activity was suspended while account records and trust assets were transferred to the new trustee. During January 2002, current year contributions are directed to the new Plan trustee. Effective February 15, 2002, the blackout period ended and full-service activity resumed on all participant accounts.

6. Parties-in-Interest to the Plan

The Plan holds investments in several mutual funds that are managed by the affiliated companies of the Plan Sponsor. These funds are considered parties-in-interest to the Plan. At December 31, 2002 and 2001, funds of \$9,354,919 and \$4,933,567 were held in such investments and are considered parties-in-interest to the Plan.

7. Subsequent Event

The Plan received a determination letter from the Internal Revenue Service dated March 27, 2003, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is not subject to taxation under current law.
