The Board of Directors does not know of any other matter that is expected to be presented for consideration at the annual meeting.

Any shareholder executing a proxy retains the right to revoke it any time prior to exercise at the annual meeting. If not revoked, all shares represented by properly executed proxies will be voted as specified therein.

Voting and quorum requirements at the meeting

Compensation of Directors

All non-officer directors of BOK Financial and BOK receive a single retainer of \$7,500 per year, payable quarterly in arrears in BOK Financial common stock in accordance with the BOKF Directors Stock Compensation Plan, whether serving on one or more of the boards of directors. Director compensation shares are issued to each director on or before the 15th day following the end of each calendar quarter during which such director served as a member of the Board of Directors of BOK Financial or BOK. The BOKF Directors Stock Compensation Plan further provides that the issuance price for the director compensation shares is the average of the mid-points between the highest price and the lowest price at which trades occurred on NASDAQ on the five trading days immediately preceding the end of the calendar quarter. All non-officer directors also are paid \$500 in cash for each board of directors or committee meeting attended (provided only one fee is paid when two or more committees meet contemporaneously) and \$1,000 in cash for each committee meeting chaired. No such fees are paid for meetings not attended. Beginning in 2005, the Chairman of the Risk and Audit Committee shall receive \$250 each quarterly earnings release conference and upon application subject to the discretion of the Committee, \$250 for each additional substantive conference with the Company's independent auditors or management respecting the duties and responsibilities of the Committee.

Controlled Company Exemption

The Board of Directors has determined that BOK Financial is a "controlled company," as defined in Rule 4350(c)(5) of the listing standards of the National Association of Securities Dealers, Inc. ("NASD"), based on Mr. Kaiser's beneficial ownership of approximately 67.2% of the outstanding common stock. Accordingly, BOK Financial is exempt from certain requirements of the NASD listing standards, including the requirement to maintain a majority of independent directors on the Company's Board of Directors and the requirements regarding the determination of compensation of executive officers and the nomination of directors by independent directors. Nevertheless, the Company does maintain a substantial majority of independent directors, determines upper level management compensation through an independent board committee and nominates new board members through board consensus.

Committees of the Board of Directors

The Risk Oversight and Audit Committee, Independent Compensation Committee and Credit Committee are described below.

Risk Oversight and Audit Committee

During 2004, the Board of Directors of BOK Financial Corporation had a standing Risk Oversight and Audit Committee (the "Audit Committee") comprised solely of independent directors. The Board of Directors adopted a revised Audit Committee charter that complies with Rule 4350(d)(1) of the NASD listing

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

standards which is attached hereto as Appendix A. The Audit Committee has the responsibility and authority set forth in Rule 4350(d)(3) of the NASD listing standards under the revised charter. Among other things, the Audit Committee will be responsible for overseeing the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company. The Audit Committee is also directly responsible for the appointment, compensation, retention and oversight of the work of the Company's independent auditors, including the resolution of disagreements between management and the auditors regarding financial reporting. Additionally, the Audit Committee approves all related party transactions that are required to be disclosed pursuant to Item 404 of Regulation S-K.

The current members of the Audit Committee are Messrs. Joullian (Chairman), Cappy, Kyle and Malcolm. The Board of Directors has designated Mr. Joullian as its "audit committee financial expert," as defined in Item 401(h)(2) of Regulation S-K. Mr. Joullian is an "independent director" as defined in Rule 4200(a)(15) of the NASD listing standards. The Audit Committee held five meetings in fiscal 2004 and intends to meet at least five times in fiscal 2005. The Report of the Audit Committee is on page 11 of this proxy statement.

10

Independent Compensation Committee

In December 2002, the Board of Directors established an Independent Compensation Committee, consisting of independent directors, to administer a performance based compensation plan for senior executives in accordance with the provisions of Section 162(m) of the Internal Revenue Code. The Independent Compensation Committee consists of Messrs. Cappy (Chairman), Griffin and Kyle. Compensation of the Chief Executive Officer, the direct reports to the Chief Executive Officer and other officers participating in the Company's incentive plan are reviewed by the Independent Compensation Committee. Compensation for all other officers is, in practice, determined by the Chief Executive Officer and Mr. Kaiser, the Chairman of the Board. The Independent Compensation Committee Report on Executive Compensation may be found on page 21 of this proxy statement.

Credit Committee

The purpose of the Credit Committee is to review and report to the Board of Directors regarding the quality of the Company's credit portfolio and trends affecting the credit portfolio. It also oversees the effectiveness and administration of credit-related policies and reviews the adequacy of the allowance for loan losses. The members of the Credit Committee are Messrs. Rooney (Chairman), Griffin, Hargis, Kaiser, LaFortune, Lybarger and Marshall-Chapman. The Credit Committee met eleven times during fiscal 2004 and plans to meet at least eleven times in fiscal 2005.

Director Nominations

While the Board of Directors does not have a standing nomination committee, director candidates identified by management and members of the Board of Directors are discussed at virtually every Board of Directors meeting. The Board has no written policy on qualifications of directors; however, the understood expectation is that directors will have all of the following characteristics: (i) Impeccable integrity; (ii) Strong sense of professionalism; and, (iii) Capability of serving the interests of stockholders, and several of the following characteristics: (i) Prominence in the community; (ii) Significant relations with one of the Company's subsidiary banks; (iii) Ability to represent the views of under-represented constituencies in the Company's market areas; (iv) Financial analytical skill and expertise; and, (v) Vision for social trends.

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

The Board of Directors will consider director candidates recommended by stockholders if provided with the following: (i) evidence in accordance with Rule 14a-8 of compliance with stockholder eligibility requirements; (ii) the written consent of the candidate(s) for nomination as a director and verification as to the accuracy of the biographical and other information submitted in support of the candidate; (iii) a resume or other written statement of the qualifications of the candidate(s) for nomination as a director; and, (iv) all information regarding the candidate(s) and the submitting stockholder that would be required to be disclosed in a proxy statement filed with the SEC if the candidate(s) were nominated for election to the Board of Directors. Any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by board members, management or other parties are evaluated. The Board of Directors encourages shareholder director candidate recommendations.

Any stockholder that wishes to present a director candidate for consideration should submit the information identified above pursuant to the procedures set forth below under "Communication with the Board of Directors."

Attendance of Meetings

The entire Board of Directors of BOK Financial met five times during 2004. All directors of BOK Financial attended 75% of all meetings of the Board of Directors and committees on which they served, except Mr. Kyle who was unable to attend 75% of the meetings due to business conflicts. Although BOK Financial does not have a policy with respect to attendance by the Directors at the Annual Meeting of Stockholders, Directors are

11

encouraged to attend. Eighteen of the nineteen members of the Board of Directors attended the 2004 Annual Meeting of Stockholders. The Board of Directors intends to meet at least four times in 2005.

Independent Director Meetings

The Board of Directors has adopted a policy of regularly scheduled executive sessions where independent directors will meet separate from management. The independent directors plan to meet in executive session after all regularly scheduled Board of Director meetings. The independent Directors held four executive sessions during 2004. The presiding Director at the executive sessions is Mr. Kaiser. Shareholders of the Company may communicate their concerns to the non-management Directors in accordance with the procedures described below under "Communications with the Board of Directors."

Communication with the Board of Directors

The Board of Directors of BOK Financial believes that it is important for stockholders to have a process to send communications to the Board. Accordingly, stockholders who wish to communicate with the Board of Directors, or a particular Director, may do so by sending a letter to the Investor Relations Manager of BOK Financial at P.O. Box 2300, Tulsa, Oklahoma 74192. The mailing envelope should contain a clear notation indicating that the enclosed letter is a "Stockholder-Board Communication" or "Stockholder-Director Communication." Such letters should identify the author as a stockholder and state whether the intended recipients are all members of the Board of Directors or certain specified individual Directors. The Investor Relations Manager and the General Counsel will independently review the content of the letters. Communications which are constructive suggestions for the conduct of the business or policies of the Company will be promptly delivered to the identified Director or Directors. Communications which are complaints about specific incidents involving banking or brokerage service will be directed to the

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

appropriate business unit for review. Report of the Risk Oversight and Audit Committee

The Risk Oversight and Audit Committee (the Committee) oversees BOK the Company's financial reporting process on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Committee discussed and reviewed the Company's consolidated financial statements included in the Annual Report with management and reviewed internal control over financial reporting with management and the internal auditors. This review included discussions with management regarding the quality, not just the acceptability, of accounting policies. It also included the reasonableness of significant judgments, the clarity of disclosures in the consolidated financial statements and the effectiveness of internal control over financial reporting. Management has the primary responsibility for establishing and maintaining internal control over financial reporting and for assessing the effectiveness of internal control over financial reporting. The Committee reviewed internal audit reports on the effectiveness of management's assessment process, discussed internal control matters with management, and reviewed the Company's compliance with legal and regulatory requirements as necessary.

The Committee discussed and reviewed with Ernst & Young, LLP, the independent registered public accounting firm, their opinion on the conformity of the Company's consolidated financial statements with accounting principles generally accepted in the United States. This discussion included their judgments as to the quality, not just the acceptability, of the Company's accounting policies. This discussion covered the required communications under audit standards established by the Public Company Accounting Oversight Board (United States), including PCAOB Auditing Standard No. 2, An Audit of Internal Control over Financial Reporting and Standard No. 61, Communications with Audit Committees. The Committee has reviewed the auditors' independence and obtained written representation from Ernst & Young, LLP regarding independence matters, in accordance with Independence Standards Board Standard No. 1. In conducting this review, the

12

Committee considered whether any non-audit services were compatible with maintaining the auditor's independence.

The Committee meets at least quarterly with the Company's internal auditors and the independent registered public accounting firm regarding the overall scope and plans for their respective audits. These meetings are conducted with and without management present and the Committee discusses the results of the audits, including the auditor's evaluation of internal control over financial reporting.

Each of the members of the Audit Committee qualifies as an "independent" Director under the current listing standards of the National Association of Securities Dealers (NASD). The Board of Directors has appointed E. Carey Joullian IV as the "audit committee financial expert".

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission.

Such rules require that the Audit Committee pre-approve all audit and non-audit services provided by the Company's independent auditor. The Audit Committee has adopted a formal policy on auditor independence requiring the approval by the Audit Committee of all professional services rendered by BOK Financial's independent auditor prior to the commencement of the specified services. Since these rules became effective, 100% of the services described in "Audit Fees", "Audit-Related Fees", "Tax Fees" and "All Other Fees" were approved by the Audit Committee in accordance with BOK Financial's formal policy on auditor independence and approval of fees.

(1) Options related to compensation for services rendered in 2004 were awarded on four occasions: November 2, 2004 ("Grant #1"); December 2, 2004 ("Grant #2"); December 23, 2004 ("Grant #3"); and, January 7, 2005 ("Grant #4"). Grants 1, 2 and 3 were awarded pursuant to the BOKF 2001 Stock Option Plan; Grant 4 was awarded pursuant to the BOKF 2003 Stock Option Plan.

- (2) o All Grant #1 options vest and become exercisable on November 2, 2006 and expire 45 days after vesting.
- o All Grant #2 options vest and become exercisable on December 2, 2006, and expire 45 days after vesting.
- o All Grant #3 options vest and become exercisable on December 23, 2006, and expire 45 days after vesting.

- o One-seventh of the Grant #4 options vest and become exercisable on January 7 of each year, commencing on January 7, 2006; provided, however, that no options may be exercised until the performance period ends and the Independent Compensation Committee certifies that the pre-established goals were met. Grant #4 vested options expire three years after vesting.
- (3) Present value at date of grant is based on the Black-Scholes Option Pricing Model adopted for use in valuing exercise stock options based on the following assumptions:
- o Grant #1: 17.8 volatility factor, 2.83% risk free rate of return, \$45.43 underlying price, no dividends;
 - o Grant #2: 17.8 volatility factor, 3.06% risk free rate of return, \$49.09 underlying price, no dividends;
 - o Grant #3: 17.8 volatility factor, 3.06% risk free rate of return, \$49.00 underlying price, no dividends;
 - o Grant #4: 16.8 volatility factor, weighted average 3.69% risk free rate of return, \$47.34 underlying price, no dividends.

The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised, so there is no assurance the value realized by the named executive will be at or near the value estimated by the Black-Scholes Model.

- (4) Grant #4 Options may be increased or decreased based upon two performance measures: 1) Company earnings per share measured against peer group earnings per share and 2) business unit actual controllable

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

value added measured against business unit planned controllable value added and attainment of individually established goals; provided, however, that the only performance measure for the Chief Executive Officer is the earnings per share measure. Pre-established performance targets and goals are determined by the Independent Compensation Committee and target achievement measure is based upon a trailing three year average. Grant #4 options may be increased in an amount not to exceed 50% of target long term compensation and decreased in amounts to 0% of target long term compensation based upon a Long Term Incentive matrix established by the Independent Compensation Committee. The determination of whether the number of options will be increased or decreased for any fiscal year will be determined on the second anniversary of the end of the year in respect of which the options were issued.

Defined Benefits Plan

Certain executives of the Company participate in the BOK Financial

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

Pension Plan (the "Pension Plan"). This plan was established in 1987 as a cash balance defined benefit pension plan and has remained substantially unchanged since its inception. Pension Plan benefits are determined based on a hypothetical account balance that accumulates over time. The account balance grows each year based on a 5.25% interest credit on prior balances plus an annual account addition based on the executive's covered pay, age at plan entry and years of service. The percentage of pay that is added to the executive's account each year, in addition to the 5.25% interest credit on the prior balance, is based on the schedule shown below:

Annual Addition Schedule

Entry Age	Years of Service		
	Less than 4	4 but less than 10	10 but less than 15
Under 30	2.5%	3.0%	3.5%
30 to 34	3.0%	3.5%	4.0%
35 to 39	4.0%	4.5%	5.0%
40 to 44	5.5%	6.0%	6.5%
45 to 49	6.5%	7.0%	7.5%
50 to 54	7.5%	8.0%	8.5%
55 to 59	8.0%	8.5%	9.0%
60 and over	8.5%	9.0%	9.5%

Covered pay generally includes base salary, shift differential and commissions, but does not include incentive pay and management bonuses. In addition, covered pay is limited by government regulations to no more than \$205,000. This \$205,000 limit is indexed and will be \$210,000 in 2005. All five named executives had their covered pay restricted by this government limit. There is no supplemental plan to make-up benefits lost due to this government restriction.

The normal retirement age under the plan is age 65. At that time, a participant may receive a lump sum equal to their hypothetical account or an annuity. Various annuity forms are available, but the basic monthly annuity is equal to the hypothetical account divided by 200. This annuity amount increases 5.25% each year and continues for the participant's life. Other actuarially equivalent annuity payment forms are also available.

The table below indicates the estimated annual basic annuity that will be payable to each executive if they retire at age 65. These amounts are the age 65 value and will increase 5.25% per year for as long as the executive remains alive. The estimates assume that government limits and each executive's pay will increase by 3.5% per year until age 65 and that each executive will remain employed by the Company and covered by the plan until their retirement.

Executive	Estimated Annual Basic Benefit at Age 65
Stanley A. Lybarger	\$45,229
Steven G. Bradshaw	43,928
Daniel H. Ellinor	44,975

BOK Thrift Plan

Employee contributions to the BOK Thrift Plan are matched by the Company up to 5% of base compensation, based on years of service. Participants may direct the investments of their accounts to a variety of options, including BOK Financial common stock.

Employment Agreements with the Named Executives

An evergreen employment agreement is in effect between BOK and Mr. Lybarger. Generally, the agreement provides that Mr. Lybarger will continue to be employed in his present position and at his current rate of compensation. BOK may terminate the employment agreement and be liable for termination benefits not to exceed regular compensation and benefit coverage for twelve months (with termination benefits to be reduced by the amount of compensation received by Mr. Lybarger from other sources during the seventh through twelfth months after termination), any unpaid prior year incentive compensation and a pro-rata share of any current year incentive compensation. In the event of a change of control of BOK, as defined in the employment agreement, Mr. Lybarger has the option, for a period of six months after the change of control, to resign and receive the same termination benefits as described in the preceding sentence in the event of termination by BOK. Further, if, at such time as Mr. Lybarger reaches age 57 he has recruited a Chief Operating Officer that is acceptable to the Chairman of the Board and the Board of Directors, and such COO has completed a minimum of three years of employment with the Company, then, subject to certain other requirements and restrictions, all of Mr. Lybarger's stock options shall become fully vested upon termination of his employment. Mr. Lybarger has agreed to not compete with the Company for two years follow termination.

An employment agreement is in effect between BOK Financial and Mr. Bradshaw. The agreement continues until either party terminates the agreement upon ninety days prior written notice and provides for minimum salary and bonus amounts. BOK Financial may terminate the agreement without cause subject to payment of standard severance pay, an amount equal to Mr. Bradshaw's then current annual salary and other prescribed benefits. BOK Financial may terminate Mr. Bradshaw for cause, in which event Mr. Bradshaw receives salary and bonus through the effective date of termination. Mr. Bradshaw agreed not to solicit Company business for two years following termination for cause and for one year following termination for any other reason.

An employment agreement is in effect between BOK Financial and Mr. Ellinor. The agreement continues until either party terminates the agreement upon ninety days prior written notice and provides for minimum salary and bonus amounts. BOK Financial may terminate the agreement without cause subject to payment of standard severance pay, an amount equal to Mr. Ellinor's then current annual salary and other prescribed benefits. BOK Financial may terminate Mr. Ellinor for cause, in which event Mr. Ellinor receives salary and bonus through the effective date of termination. Mr. Ellinor agreed not to solicit Company business for two years following termination for cause and for one year following termination for any other reason.

An employment agreement is in effect between BOK Financial and Mr. Pickryl. The initial term began October 15, 2003 and will end on the third anniversary of the commencement date, subject to one year automatic renewals unless either party provides the other written notice of termination ninety days prior the expiration of the initial term or any renewal term. The agreement provides for minimum salary and bonus amounts. In the event BOK Financial

terminates Mr. Pickryl without cause, BOK Financial will provide Mr. Pickryl standard severance pay plus an amount equal to two times Mr. Pickryl's annual salary if termination occurs during the second year and an amount equal to Mr. Pickryl's annual salary if during the third year and thereafter, that which Mr. Pickryl would otherwise be able to receive under a benefit plan. BOK Financial may terminate Mr. Pickryl for cause, in which event Mr. Pickryl receives salary and bonus through the effective date of termination. Mr. Pickryl agreed not to compete with certain BOKF subsidiaries or to solicit the Company's customers for two years after termination of employment for cause and for one year following termination without cause. Mr. Pickryl's agreement further provides that in the event Mr. Pickryl is terminated without cause between the ages of sixty and sixty-five, the vesting of his options will accelerate.

Report on Executive Compensation

Independent Compensation Committee

In December 2002, the Board of Directors established an Independent Compensation Committee consisting of independent directors, to administer a performance based compensation plan for senior executives in accordance with the provisions of Section 162(m) of the Internal Revenue Code. The current members of the committee are Messrs. Cappy (Chairman), Griffin and Kyle.

The purpose of the Independent Compensation Committee is to establish performance goals at the beginning of each fiscal year and award incentive compensation under the BOK Financial Corporation 2003 Executive Incentive Plan, approved by shareholders at the 2003 Annual Meeting of Shareholders. The goals of the Independent Compensation Committee are to help the Company compete with peer institutions in attracting and retaining highly qualified individuals as executive officers, to pay executive officers based upon their contributions to the Company's performance, and to comply with Section 162(m) of the Internal Revenue Code.

Section 162(m) of the Internal Revenue Code limits deductibility for federal income tax purposes of compensation in excess of \$1,000,000 annually paid to individual executive officers including compensation based on performance goals, unless certain requirements are met. The BOK Financial Corporation 2003 Executive Incentive Plan was established and is maintained to comply with the performance-based exception to limits on deductibility of executive officer compensation. The Chief Executive Officer, executives who report directly to the Chief Executive Officer and other selected officers approved by the Independent Compensation Committee may participate in the Plan.

During 2004, the Independent Compensation Committee engaged an executive compensation consulting firm to review senior executive management compensation as compared to its banking institution data. This report, a comparison of the twenty-six bank peer group, and recommendations from Mr. Lybarger, the Chief Executive Officer, was used by the Independent Compensation Committee to set target compensation, annual performance goals for bonus and long term incentive compensation and manner of payment of long term incentive compensation for each participant on an individual basis. The performance goals for 2004 were based on a combination of (i) Company earnings per share measured against peer group earnings per share and (ii) business unit performance and attainment of individual goals. The Independent Compensation Committee believes that basing executive compensation on earnings per share performance strengthens the alignment of the interests of the executive officers with those of all stockholders, while business unit performance measures promote individual productivity and leadership. The Committee reviewed and approved the calculation of annual and long-term compensation paid pursuant to the 2004 goals.

Edgar Filing: BOK FINANCIAL CORP ET AL - Form DEF 14A

The Independent Compensation Committee noted that the Company performed exceptionally well as it recorded record earnings in 2004. The Committee believes that the compensation paid during 2004 was fair and reasonable and served the long term interests of the Company.
