PROXY STATEMENT

General

This proxy statement and the accompanying 2002 Annual Report to Shareholders, the Notice of Annual Meeting and the proxy card are being furnished to the shareholders of Lithia Motors, Inc., an Oregon corporation, in connection with the solicitation of proxies by our Board of Directors for use at our 2003 Annual Meeting of Shareholders (the Annual Meeting). The Annual Meeting will be held at the Ashland Springs Hotel, 212 E. Main Street, Ashland, Oregon 97520 on Thursday, May 15, 2003, at 4:30 p.m. Pacific Daylight Savings Time and any adjournment thereof. These proxy materials and our 2002 Annual Report to Shareholders are being mailed on or about April 25, 2003 to shareholders of record on March 20, 2003 of our common stock.

Solicitation and Revocation of Proxies

The Board of Directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by us.

The two persons named as proxies on the enclosed proxy card, Sidney B. DeBoer and M. L. Dick Heimann, were designated by the Board of Directors. All properly executed proxies will be voted (except to the extent that authority to vote has been withheld) and where a choice has been specified by the shareholder as provided in the proxy card, it will be voted in accordance with any specification made. Proxies submitted without specification will be voted to elect the nominees for directors proposed by the Board of Directors and for each of the proposals listed on the Notice of Annual Meeting.

A proxy may be revoked by a shareholder prior to its exercise by written notice to the Secretary of Lithia Motors, by submission of another proxy bearing a later date or by voting in person at the Annual Meeting. Such notice or later dated proxy will not affect a vote on any matter taken prior to its receipt by us.

Our principal executive office and mailing address is at 360 E. Jackson Street, Medford, Oregon 97501.

Voting at the Meeting

Our Class A common stock and Class B common stock constitute the only classes of securities entitled to notice of and to vote at the meeting. As of the record date, there were 14,359,448 shares of Class A common stock and 3,762,231 shares of Class B common stock outstanding and entitled to vote. All shares vote together as a single voting group on all matters submitted to a vote of the shareholders at this year's Annual Meeting. Lithia's executive officers and directors hold a total of 2.7% of the Class A common stock and 100% of the Class B common stock.

At the annual meeting, each share of Class A common stock is entitled to one vote per share and each share of Class B common stock outstanding is entitled to ten votes per share. For a quorum to exist, there must be represented at the meeting in person or by proxy shares representing a majority of the votes entitled to vote at the meeting.

Proxies that expressly indicate an abstention as to a particular proposal and broker non-votes will be counted for purposes of determining whether a quorum exists at the Annual Meeting.

Directors are elected by a plurality of the votes cast and only votes cast in favor of a nominee will be counted. Proposals No. 2, No. 3 and No. 4 will be approved if more votes are cast in favor of the proposal than cast against it. Therefore, abstention from voting and nonvoting by brokers will have no effect.

Our bylaws provide for not less than two and not more than seven directors. The Board of Directors has currently established the number of directors at seven. The Board of Directors recommends a vote for each of the nominees named above.

Meetings and Committees of the Board of Directors

The Board of Directors held four regular meetings during the year ended December 31, 2002.

During 2002, the Compensation Committee consisted of Messrs. Becker (Chairman), Taylor and Young, all independent directors. Mr. Romero, also an independent director, was added to the Compensation Committee on March 4, 2003. The Compensation Committee reviews and approves salaries, grants of stock options and other incentive compensation for the executive officers. The Compensation Committee also administers our 2001 Stock Incentive Plan, our 1998 Employee Stock Purchase Plan and our Executive Bonus Plan. The Compensation Committee held five meetings during 2002.

The Audit Committee, consisting of Messrs. Becker (Chairman), Taylor and Young, is responsible for overseeing our accounting functions, our system of internal controls established by management, and the processes to assure compliance with applicable laws, regulations and internal policies. The Audit Committee held eight meetings during 2002.

Each member of the Audit Committee is independent, as independence is defined under Rule 303.01 of the corporate governance standards of the New York Stock Exchange. The Board has adopted an Audit Committee Charter, which provides that our employees are not eligible to serve on the Audit Committee. The charter further provides that at least one member shall have had past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including service as a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. The Board believes that each of the current members of the Audit Committee has employment experience that provides them with appropriate financial sophistication to serve on the Audit Committee.

The Nominating Committee consists of Messrs. DeBoer, Heimann and Young. The Nominating Committee makes recommendations to the Board of Directors of persons to be nominated to serve on the Board. The Committee will also consider recommendations received from shareholders. The Nominating Committee held two meetings during 2002.

Compensation of Directors

Directors who are not employees were paid \$17,250 as an annual retainer in 2002 and received options exercisable for 1,000 shares of our Class A common stock. The options were granted at the fair market value of our common stock on the date of grant and vest six months after the date of grant. In addition, on each June 1st following a year of service, non-employee Directors receive 200 shares of our Class A common stock plus an additional 100 shares for service on one or more committees and 50 shares for each committee chairmanship. Directors who are employees do not receive any additional compensation for serving as a director. All directors are reimbursed for out-of-pocket expenses incurred in connection with attending Board and committee meetings.

Proposal No. 2
Approval of the Lithia Motors, Inc. 2003 Stock Incentive Plan

Our shareholders approved the 2001 Stock Option Plan on May 17, 2001. Upon approval of the 2001 Plan, we stopped granting options under our 1996 Stock Incentive Plan and 1997 Non-Discretionary Stock Option Plan for Non-Employee Directors. At the 2002 annual meeting of shareholders, our shareholders approved an amendment to the 2001 Plan, increasing the number of authorized shares under the 2001 Plan by 600,000 to 1.2 million.

Since the adoption of the 2001 Plan, a number of significant events have occurred. President Bush signed the Sarbanes-Oxley Act of 2002 into law which imposes new limits on certain option exercise practices that were previously routine and provided for in our 2001 Plan. Further, the Financial Accounting Standards Board announced its intention to draft rules that could require us to expense the value of stock option grants. If we voluntarily adopt the fair value reporting requirements of Statement of Financial Accounting Standards (SFAS) No. 123 Accounting for Stock-Based Compensation, or if SFAS No. 123 is mandated as a result of further regulatory action, the high value assigned to stock options may make their further use less attractive and make the use of smaller grants of restricted stock, particularly grants with performance-based vesting, more attractive. The 2001 Plan does not permit the grant of restricted stock. As a result of these developments, the Board of Directors concluded that our current plan should be amended.

We are seeking shareholder approval of an amendment to and restatement of the 2001 Plan in the form of the 2003 Stock Incentive Plan (2003 Plan). A more complete summary of the significant terms of the 2003 Plan is attached as Appendix A to this proxy statement.

Comparison of 2003 Plan and 2001 Plan

The principal differences between the 2003 Plan and the 2001 Plan are provisions allowing for restricted stock grants in addition to awards of stock options. Generally, restricted stock grants are grants of shares to an employee, director or consultant at no, or a nominal cost, with a provision that provides that if the grantee quits or is terminated, the shares are forfeited to or can be repurchased by the company for the nominal price paid. While the grantee holds the shares, they are entitled to receive dividends, if any, and to vote the shares. Either over time (typically five years) or as a result of the company or the grantee achieving certain pre-established goals, the restrictions are removed and the employee would be free to dispose of the shares at market value. Until the restrictions are removed (the shares vest), the employee cannot transfer the shares.

Restricted stock grants provide the following benefits:

Grantees receive a more tangible benefit, which could be more effective as incentive compensation than stock options and result in the grantee having a stake not only if the stock price increases, but also a risk of loss of value, like other shareholders, if the stock price declines;

We could award fewer shares with restricted stock grants than stock options because of the more tangible benefits to grantees, which results in a less dilutive effect of equity based compensation;

In light of anticipated changes to accounting rules governing stock options, stock options may no longer enjoy favorable accounting treatment;

Possible elections by recipients could accelerate tax deductions to us; and

We can require grantees to meet performance based vesting standards to be entitled to receive the value of the restricted share grants.

New Plan Benefits

The following table summarizes stock options granted under the 2001 Plan from January 1, 2003 through April 2, 2003.

Name and Position	Number of Shares (A)
Sidney B. DeBoer, Chairman, Chief Executive Officer and Secretary	
M. L. Dick Heimann, President, Chief Operating Officer and Director

Gerald F. Taylor, Director	
William J. Young, Director	
All Current Executive Officers as a Group (6 people)	
All Non-Executive Officer Directors as a Group (4 people)	1,000
All Non-Executive Officer Employees as a Group (approximately 5,000 people)	2,000

(A) Options covering a total of 3,000 shares of our Class A common stock were granted between January 1, 2003 and April 2, 2003 under the 2001 Plan at an average exercise price of \$11.82 per share. The exercise price is equal to the fair market value of our Class A common stock on the date of grant.

We cannot forecast the extent or nature of awards that will be granted because future grants are entirely at the discretion of the Compensation Committee.

The Board of Directors unanimously recommends that our shareholders vote in favor of the adoption of the amendment to and restatement of the 2001 Stock Option Plan in the form of the 2003 Stock Incentive Plan.

**Proposal No. 3
Approval of an Amendment to the 1998 Employee Stock Purchase Plan to Increase the Number of Shares Issuable Under the Plan**

Our shareholders have previously approved the 1998 Employee Stock Purchase Plan (the ESPP) which permits eligible employees to purchase our Class A common stock via payroll deductions at a price equal to the lower of 85% of the market price of such shares on the first day or the last day of each fiscal quarter.

We recommended the ESPP as a tool to encourage employee ownership of our stock in a belief that such ownership would heighten our employees' commitment and efforts. We believe the ESPP is a success and is achieving its desired results. During 2002, 1,448 employees (approximately 30% of those eligible) participated in the ESPP and purchased a

Edgar Filing: LITHIA MOTORS INC - Form DEF 14A

total of 217,230 shares. Deductions are limited to 10% of a participant's base pay but no more than an amount sufficient to purchase shares having a fair market value of \$25,000 in any plan year.

Currently, the ESPP authorizes the sale of 1.0 million shares. As of April 2, 2003, 736,204 shares have been sold under the ESPP, leaving 263,796 shares available for purchase. Upon recommendation of our Compensation Committee, the Board of Directors approved an amendment to the ESPP to increase the total shares available under the ESPP from 1.0 million to 1,500,000. Assuming our shareholders approve the amendment, we would have 763,796 shares available for future purchases at April 2, 2003.

Because employees who control 5% or more of the total voting power of all classes of our stock are not eligible, Messrs. Sidney DeBoer, Heimann and Gray are not currently eligible to participate in the ESPP. Further, Messrs. Jeffrey DeBoer, Bryan DeBoer and Mark DeBoer are not able to participate because of their family relationship with Sidney DeBoer.

A more complete summary of the ESPP is set forth in, and attached as, Appendix B.

New Plan Benefits

The following table summarizes shares purchased under the ESPP from January 1, 2003 through April 2, 2003.

(A) A total of 184,045 shares of our Class A common stock were purchased between January 1, 2003 and April 2, 2003 under the ESPP. The average purchase price of the shares purchased was \$11.67 per share.

Participation in the ESPP is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases under the ESPP are not determinable. Non-employee directors are not eligible to participate.

The Board of Directors unanimously recommends that the shareholders vote in favor of the amendment to the 1998 Employee Stock Purchase Plan.

Proposal No. 4
Approval of the Lithia Motors, Inc. Executive Bonus Plan

Shareholders are being asked to approve the Lithia Motors, Inc. Executive Bonus Plan (the Bonus Plan). The Board of Directors adopted the Bonus Plan on March 4, 2003, subject to approval of shareholders at the Annual Meeting. The Board is seeking shareholder approval of the Bonus Plan to satisfy the requirements for performance based compensation payments to executive officers to be exempt from the deduction limitation contained in Section 162(m) of the Internal Revenue Code and related regulations.

Summary of the Executive Bonus Plan

Participants. In addition to Sidney B. DeBoer, our Chairman and Chief Executive Officer, the following executive officers are currently eligible to participate in the program for 2003: M. L. Dick Heimann, President and Chief Operating Officer; R. Bradford Gray, Executive Vice President; Bryan B. DeBoer, Senior Vice President, Mergers and Acquisition/Operations; Jeffrey B. DeBoer, Senior Vice President and Chief Financial Officer; and Don Jones, Jr., Senior Vice President, Retail Operations.

Administration. The Compensation Committee will administer the Bonus Plan. The Compensation Committee is comprised solely of outside directors.

Bonuses. The Bonus Plan authorizes the payment of an annual bonus tied to a percentage of the executive's salary based upon the attainment of performance targets related to the corporate objectives established by the Compensation Committee. The targets are related to:

fully diluted earnings per share;

return on average equity;

operating margin;

same store sales and profit growth;

achieving manufacturer minimum sales requirements at or above an average for same store locations; and

achieving manufacturer customer satisfaction and service satisfaction index scores at or above an average for same store locations.

Each bonus award will be paid in cash or, at the option of the Compensation Committee, a combination of cash and stock or stock option awards.

Although the Bonus Plan sets forth the amount of additional compensation the participants are eligible to receive, all payments under the Bonus Plan are discretionary and are only earned if subsequently approved by the Compensation Committee. The maximum payment authorized under the plan is equal to 150% of salary. A participant must be employed at the end of each year to be eligible for any bonus under the Bonus Plan. Under a similar bonus plan in effect during 2002, the maximum amount of bonuses we could have paid was \$3.9 million, of which executive officers earned approximately \$1.6 million.

Federal Tax Consequences. Section 162(m) of the Internal Revenue Code generally prohibits us from deducting for federal income tax purposes employee compensation that would otherwise be deductible to the extent such compensation exceeds \$1.0 million for any covered employees in any fiscal year. Compensation that is performance-based, as defined in Section 162(m), is not subject to the deductibility limitations. The Bonus Plan is intended to address the limitation on deductibility by providing for compensation that qualifies as performance-based compensation.

Compensation paid under the Bonus Plan will not be subject to the deduction limit if:

It is payable on account of the attainment of pre-established, objective performance goals set forth within the Bonus Plan;

The Compensation Committee, which is comprised solely of outside directors, approves the maximum individual awards on or near the beginning of each performance period;

The Bonus Plan, which sets forth the material terms of the compensation and performance goals, is disclosed to and approved by shareholders before payment; and

The Compensation Committee certifies that the performance goals have been satisfied before payment.
The Bonus Plan contains provisions for each of the above requirements.

New Plan Benefits

The following table summarizes compensation that would have been earned pursuant to the proposed Bonus Plan had it been in effect during 2002, given our 2002 results of operations and other 2002 indicators, and based on 2002 salaries.

Name and Position	Dollar Value (A)
Sidney B. DeBoer, Chairman, Chief Executive Officer and Secretary	\$ 86,100

All Current Executive Officers as a Group (6 people)	\$371,363
All Non-Executive Officer Directors as a Group (4 people)	
All Non-Executive Officer Employees as a Group (approximately 5,000 people)	

(A) Amounts are not indicative of amounts to be earned under the Bonus Plan during 2003 since such amounts were based on the application of 2003 performance criteria to 2002 results of operations and other 2002 indicators.

The Board of Directors unanimously recommends that the shareholders vote in favor of the Lithia Motors, Inc. Executive Bonus Plan.

The balance of those awards and all awards to the other Named Executive Officers were non-qualified stock option grants.
- (B) These calculations are based on certain assumed annual rates of appreciation as prescribed by rules adopted by the Securities and Exchange Commission requiring additional disclosure regarding executive compensation. Under these rules, an assumption is made that the shares underlying the stock options shown in this table could appreciate at rates of 5% and 10% per annum on a compounded basis over the term of the stock options. Actual gains, if any, on stock option exercises are dependent on the future performance of our Class A common stock and overall stock market conditions. There can be no assurance that amounts reflected in this table will be achieved, or may not be exceeded.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors consisted of Messrs. Becker (Chairman), Taylor and Young during 2002 and, effective March 4, 2003, Mr. Romero was added to the Compensation Committee. The members are non-employee, independent directors and are responsible for establishing compensation of officers who also serve on the Board of Directors and proposing other compensation and incentive plans for the executive officers including the Named Executive Officers.

Compensation Philosophy and Policies

Our goal is to structure executive officer compensation to attract, motivate and retain senior management by providing an opportunity for competitive compensation based on performance. Executive officer compensation includes competitive base salaries, performance based bonuses and long-term stock-based incentive opportunities in the form of options exercisable to purchase our Class A common stock.

It is the policy of the Compensation Committee to structure, to the extent possible, compensation that meets the performance-based criteria as defined by Section 162(m) of the Internal Revenue Code of 1986, as amended, and therefore is not subject to federal income tax deduction limitations.

Base Salaries

Base salaries for the Named Executive Officers were determined on factors including, but not limited to, the responsibilities assigned to such persons and the salaries for comparable positions within the industry.

Annual Bonuses

For 2002, the Board approved a discretionary bonus plan and at year-end made bonus awards to the Chief Executive Officer and other executive officers. The 2002 discretionary Executive Bonus Program provided for a base salary match of up to 150% for each of the executive officers if Lithia performed at or above specific targets in six areas: achieving manufacturer determined minimum sales levels; customer satisfaction levels; earnings per share; same store sales and profit growth; operating margins and return on average equity. If target levels were not achieved in any of these areas, the amount of the salary match would be reduced or eliminated. Under the 2002 program, executive officers were awarded a bonus equal to 60% of their base salaries.

Stock Option Plan

Lithia's 2001 Stock Option Plan provides for the issuance of incentive and/or nonqualified stock options to officers and other key employees to purchase shares of our Class A common stock. See "Option Grants in Last Fiscal Year" table for a summary of options granted to the Named Executive Officers during 2002.

401(k) Plan

Lithia has a defined contribution 401(k) plan and trust covering substantially all full-time employees. The annual contribution to the plan is at the discretion of the Board of Directors. During 2002, the Chief Executive Officer and each of the other named executive officers received \$2,200 under this plan.

Employee Stock Purchase Plan

Lithia maintains an Employee Stock Purchase Plan, which covers substantially all eligible full-time employees. Messrs. Sidney B. DeBoer, Heimann and Gray are not eligible to participate in the Employee Stock Purchase Plan since employees who control 5% or more of the total voting power of all classes of Lithia's stock are not eligible. Further, Messrs. Jeffrey DeBoer, Bryan DeBoer and Mark DeBoer are not able to participate because of their family relationship with Sidney DeBoer.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2002, we paid Mark DeBoer Construction, Inc. \$4.3 million for constructing or remodeling certain of our stores. These amounts included approximately \$3.7 million for subcontractors and materials, permits, licenses, travel and various miscellaneous fees and approximately \$558,000 for construction management fees to cover the company's operating expenses and compensation of its employees. Mark DeBoer, the President and owner of Mark DeBoer Construction, is the son of Sidney B. DeBoer, our Chairman and Chief Executive Officer. We believe the amount paid is fair in comparison with fees negotiated with independent third parties and all significant transactions are reviewed and approved by our independent audit committee.

In May 1999, we purchased certain dealerships owned by W. Douglas Moreland for a total consideration of approximately \$66.0 million, at which time Mr. Moreland became a member of our Board of Directors. During the normal course of business, these dealerships paid \$1.1 million in 2002 to other companies owned by Mr. Moreland for vehicle purchases, recourse paid to a financial lender and management fees. We also made lease payments of \$2.6 million in 2002 to other companies owned by Mr. Moreland pursuant to the lease agreements entered into at the time of the dealership purchases in 1999. At the time the lease agreements were negotiated, Mr. Moreland was not affiliated with us. As of October 31, 2002, Mr. Moreland is no longer a member of our Board of Directors.

INDEPENDENT AUDITORS

KPMG LLP was our independent auditor for the year ended December 31, 2002. A representative of KPMG LLP is expected to be present at the Annual Meeting. The representative will be given the opportunity to make a statement on behalf of the firm if such representative so desires, and will be available to respond to appropriate shareholder questions.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors reports to the Board and is responsible for overseeing Lithia's accounting functions, its system of internal controls established by management, and the processes to assure compliance with applicable laws, regulations and internal policies. Our activities are governed by a written charter, which was adopted by the Board on February 21, 2000 and re-approved February 9, 2001.

In discharging our responsibilities, we have met with Lithia's management and its independent auditors, KPMG LLP, to review Lithia's accounting functions and the audit process. We discussed and reviewed with the independent auditors all matters that the independent auditors were required to communicate and discuss with the Audit Committee under applicable auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, regarding communications with audit committees. We also discussed and reviewed the results of the independent auditors' examination of Lithia's financial statements, the quality and adequacy of Lithia's internal controls, and issues relating to auditor independence. We also obtained a formal written statement relating to independence consistent with Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee, and discussed with the auditors any relationships that may impact their objectivity and independence.

Based on our review and discussions with Lithia's management and independent auditors, we found nothing that gave us concern and we recommended to the Board that the audited financial statements be included in Lithia's Annual Report on Form 10-K for the fiscal year ended December 31, 2002, for filing with the Securities and Exchange Commission.

We also have met with Lithia's internal audit manager to review the scope of the internal controls, review procedures and the frequency and results of such reviews. We note that a follow-up procedure is in place to monitor any corrective actions that have been recommended.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities Exchange Act of 1934, as amended, (Section 16) requires our executive officers and directors and all persons who beneficially own more than ten percent of our common stock (referred to as ten percent shareholders) to file with the Securities and Exchange Commission and the New York Stock Exchange initial reports of beneficial ownership and all subsequent changes in their ownership of our common stock and other equity securities.

Based solely on the review of copies of the forms provided to us and the representations by the executive officers, directors and ten percent shareholders, we believe, to the best of our knowledge, that all Section 16(a) filing requirements were met for fiscal year ended December 31, 2002, except that the year-end stock option grants for all executive officers and directors were reported late on Form 5; and Sidney B. DeBoer and M.L. Dick Heimann each were late in reporting the exercise of a stock option in 2002.

OTHER BUSINESS AND SHAREHOLDER PROPOSALS

We know of no other business to be conducted at the Annual Meeting. Proposals intended to be presented by any shareholder at next year s Annual Meeting must be received by us at our principal office no later than December 27, 2003 and must satisfy the conditions established by the Securities and Exchange Commission for shareholder proposals to be included in our proxy statement for that meeting.

FORM 10-K

We will provide, without charge, a copy of our Annual Report on Form 10-K as filed with the Securities and Exchange Commission. Written requests should be mailed to the attention of Investor Relations, Lithia Motors, Inc., 360 E. Jackson Street, Medford, Oregon 97501. **Lithia Motors, Inc.
2003 Stock Incentive Plan Summary**

General

The Lithia Motors, Inc. 2001 Stock Option Plan (the 2001 Plan) became effective April 9, 2001 and will terminate 10 years thereafter. Termination will not affect outstanding options at the time of termination. The amendment and restatement of the 2001 Stock Option Plan is in the form of a new plan, the 2003 Stock Incentive Plan (the Plan).

Shares Covered

The Plan provides for the issuance of 1.2 million shares of Lithia Motors, Inc. Class A common stock. The proposed amendment and restatement does not increase the number of shares reserved under the 2001 Plan.

Eligibility

All employees, non-employee directors and consultants are eligible to participate in the Plan. Incentive stock options may be granted only to employees.

Options Outstanding

As of April 2, 2003, options covering 1,455,087 shares of Class A common stock were outstanding under the 2001 Plan and previous stock option plans at a weighted average exercise price of \$14.18 per share. As of March 20, 2003, 569,000 remained available for future grant under the 2001 Plan.

In the event any option granted under the Plan expires without being exercised, the unexercised shares previously subject to the expired option would again become available for future grants.

Administration

The Plan is administered by the Compensation Committee of the Board of Directors.

Amendment

The Board of Directors may, at any time and from time to time, modify or amend the Plan as it deems advisable except that any amendment increasing the number of shares of common stock reserved under the Plan or expanding the eligible persons under the Plan shall only become effective if and when such amendment is approved by the shareholders.

Grant of Options and Restricted Stock

Options granted under the Plan are designated as either Incentive Stock Options as defined in Section 422 of the Internal Revenue Code, or Non-Qualified Stock Options. Each person receiving an option or a restricted stock award must execute a written agreement setting forth the specific terms of that particular option or restricted stock award. The Compensation Committee has full discretion, subject to the terms and conditions of the Plan, to determine the specific terms of each grant.

The Incentive Stock Options may be granted only to employees and are exercisable at 100% of the fair market value of the shares on the date of grant, unless the person receiving the option grant beneficially owns 10% or more of the outstanding shares, in which case the exercise price must be at least 110% of the fair market value. The term of the options may not exceed 10 years from the date of the grant and may be subject to a vesting schedule as determined by the Compensation Committee; and in the case of a 10% owner, the term may not exceed 5 years. Incentive Stock Options are not transferable, except by will or laws of descent and distribution upon death of the option holder.

The Non-Qualified Stock Options may be granted to employees, directors and other individuals determined by the Compensation Committee to have performed services of importance in the management, operation or development of our business or any of our subsidiaries at any price determined in the sole discretion of the Compensation Committee. The Compensation Committee also has sole discretion in determining the term, not to exceed 10 years, and the vesting schedule. Under certain circumstances, if permitted by the Compensation Committee, Non-Qualified Stock Options may be transferable by gift for the benefit of immediate family in addition to a will or the laws of descent and distribution upon death.

Exercise of Options

Options may be exercised while the recipient is employed or is serving as a director and within three months after termination of service. If termination of service is because of death or disability, the option holder may exercise the options within 12 months of the date of death or disability. If the service is terminated for cause, the Compensation Committee may terminate any unexercised options. In the event of a transaction involving a change of control, such as a merger or acquisition, option holders would be immediately entitled to exercise all of their options, notwithstanding any vesting schedule, unless adequate provisions were made for the continuation of the options.

At the discretion of the Compensation Committee, the Plan permits the option holder to pay the exercise price of any options with cash, Company common stock held by the option holder for at least six months, by delivery of a full recourse promissory note, or by broker-assisted cashless exercises of stock options.

Restricted Stock Grants

Restricted stock grants may be made alone, in addition to, or together with other awards under the Plan. Unless the Compensation Committee determines otherwise, each Restricted Stock Agreement will provide that, upon the recipient's termination of employment for any reason, any non-vested stock is forfeited to or repurchased by the Company for the nominal amount paid by the recipient. The forfeiture or repurchase provisions for the non-vested stock will lapse at a rate or upon the achievement of present goals, as determined by the Compensation Committee. Shares covered by a restricted stock grant may not be transferred by the grantee prior to vesting.

The Compensation Committee will determine whether or not a restricted stock grantee must make a payment to the Company for all or some portion of the fair market value of the shares of common stock covered by the award. The Compensation Committee will also determine whether grants are subject to a performance-based vesting schedule, time-based vesting schedule or combination of both. The terms of vesting are at the discretion of the Compensation Committee.

Certain Tax Consequences

Stock Options

Non-qualified stock options do not result in income to the grantee under federal income tax law currently in effect until the option is exercised. At the time of exercise of a non-qualified stock option, the recipient of the option will realize ordinary income, and the Company will be entitled to a deduction for tax purposes, in the amount by which the market value of the shares issued on exercise of the option exceeds the exercise price.

Incentive stock options have no tax consequences for the option recipient or the Company upon grant or exercise, except for possible application of the alternative minimum tax under certain circumstances to the option recipient. Upon sale of the shares received from the exercise of incentive stock options, any gain realized is treated as capital gain if two years have elapsed from the date of the grant and one year has elapsed from the date of exercise. If these holding periods are not satisfied, the sale is deemed a disqualifying disposition, and that portion of any gain realized, which is represented by the difference between the exercise price and the fair market value of the shares as of the date of exercise of the option, is treated as ordinary income and the Company will be entitled to a corresponding compensation expense deduction for income tax purposes.

Restricted Stock Grants

Generally, the recipient of a restricted stock grant will not recognize income at the time that a restricted stock grant is awarded. Instead, as the shares vest under the terms of the restricted stock agreement (over time or upon the achievement of performance-based vesting criteria) the recipient will recognize ordinary compensation income equal to the excess, if any, of the fair market value of the shares when they vest over any amount paid by the recipient in exchange for the shares. Grantees may make an election under Section 83(b) of the Internal Revenue Code to recognize the compensation income on the shares at the time of the award and at the fair market value of the shares at that time.

The recipient's basis for determination of gain or loss upon the subsequent disposition of shares acquired as restricted stock grants will be the amount paid for such shares plus any ordinary income recognized either when the shares were received or when the shares vested. Upon the disposition of any shares received as restricted stock grants, the difference between the sale price and the recipient's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held from more than one year at the time of their disposition.

In the year that the recipient of a restricted stock grant award recognizes ordinary taxable income in respect of such award, the Company will be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that the recipient is required to recognize, provided that the deduction is not otherwise disallowed under the Code.

1998 Employee Stock Purchase Plan Summary

The Board approved the 1998 Employee Stock Purchase Plan (the ESPP) and, as amended, has reserved a total of 1.0 million shares of Class A common stock for issuance there under, 263,796 of which remain available for future issuance at April 2, 2003. In April 2003, subject to shareholder approval, the Board approved an amendment to the ESPP to increase the total shares issuable there under to 1,500,000. See Proposal No. 3.

Administration

The ESPP is intended to qualify as an Employee Stock Purchase Plan under Section 423 of the Internal Revenue Code of 1986, as amended, and is administered by the Compensation Committee.

Eligibility

Employees of Lithia Motors, Inc. and its subsidiaries are eligible to participate in the ESPP after they have completed at least 90 days of continuous employment and work at least 20 hours per week. Messrs. Sidney DeBoer, Heimann and Gray are not currently eligible to participate in the ESPP since employees who control 5% or more of the total voting power of all classes of our stock are not eligible. Messrs. Jeffrey DeBoer, Bryan DeBoer and Mark DeBoer are not able to participate because of their family relationship with Sidney DeBoer. Employees may end their participation in the ESPP at any time during the calendar quarter and their participation ends automatically on the termination of their employment.

Purchase Price

The ESPP allows eligible employees to purchase shares of the Company's Class A common stock through payroll deductions, which may not exceed 10% of their base pay (but in no event shares with a fair market value of more than \$25,000 annually). The price of shares purchased under the ESPP will be 85% of the lower of the fair market value of the Class A common stock at the beginning or at the end of each calendar quarter.

Amendment of the Purchase Plan

The Board may amend or terminate the ESPP at any time but may not increase the number of shares covered by the ESPP, amend the eligibility requirements or permit members of the Compensation Committee to participate in the ESPP, without subsequent shareholder approval.

Term of ESPP

The ESPP will terminate on December 31, 2007.

Federal Tax Effects

A participant acquiring stock pursuant to a qualified employee stock purchase plan receives favorable tax treatment in that the participant does not recognize any taxable income at the time of the grant of the option to purchase or upon exercise of such option to purchase. The tax treatment of the disposition of the stock depends upon whether the stock is disposed of within the holding period, which is two years from the date of grant. If the participant disposes of the stock after completion of the holding period, the lesser of (a) the sales price less the purchase price, or (b) 15 percent of the market value of the shares on the first day of the offering period, is taxable as ordinary income, and any further profit is taxable as long-term capital gain. Any loss is treated as a capital loss. If the participant disposes of the stock before the holding period expires (disqualifying disposition), the difference between the price paid by the employee and the market value of the shares at the date of purchase is taxable as ordinary income, and the difference between the amount received by the employee on the disposition of the shares and the market value of the shares at the date of purchase is treated as a capital gain or loss. Upon a disqualifying disposition of the stock, Lithia may deduct from taxable income in the year of the disqualifying disposition an amount equal to the difference between the price paid by the employee and the market value of the shares at the date of purchase.
