NOTES TO FINANCIAL STATEMENTS -- (unaudited)

1. Significant Accounting Policies -- The Corporation is registered under the Investment Company Act of 1940, as amended, as a non-diversified, closed-end management investment company. The following is a summary of the significant accounting policies consistently followed by the Corporation in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America.

Security Valuation -- Securities are valued at the last sale price or, if unavailable, at the closing bid price. Class A Common Stock, are valued at estimated fair value by the Board of Directors.

Federal Income Taxes -- It is the Corporation's policy to meet the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute all of its taxable income to its stockholders. Therefore, no Federal income taxes have been accrued.

Use of Estimates -- The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported. Actual results could differ from those estimates.

Other -- Security transactions are accounted for on the date the securities are purchased or sold, and cost of securities sold is determined by specific identification. Dividend income and distributions to stockholders are recorded on the ex-dividend date.

2. Common Stock -- The Corporation repurchased 86,300 shares of its Common Stock in the first six months of 2004 at an average price of \$21.59 per share, representing an average discount from net asset value of 13.59%. It may from

time to time purchase Common Stock in such amounts and at such prices as the Board of Directors may deem advisable in the best interests of the stockholders. Purchases will only be made at less than net asset value per share, thereby increasing the net asset value of shares held by the remaining stockholders. Shares so acquired may be held as treasury stock, used in optional stock distributions, or retired.

3. Investment Transactions -- The aggregate cost of securities purchased and the aggregate proceeds of securities sold during the six months ended June 30, 2004 (excluding short-term investments), were \$35,829,049 and \$63,659,330, respectively.

### REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

TO THE BOARD OF DIRECTORS AND STOCKHOLDERS OF  
CENTRAL SECURITIES CORPORATION

We have reviewed the accompanying statement of assets and liabilities, including the statement of investments, of Central Securities Corporation as of June 30, 2004, and the related statements of operations, changes in net assets and financial highlights for the six-month period ended June 30, 2004. These financial statements are the responsibility of the management of Central Securities Corporation.

We have conducted our review in accordance with standards established by the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the financial statements referred to above for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with standards established by the Public Company Accounting Oversight Board (United States), the statement of changes in net assets for the year ended December 31, 2003, and financial highlights for each of the five years in the period ended December 31, 2003, and in our report dated January 28, 2004 we expressed an unqualified opinion on those financial statements.
