Item 8.01. Other Events.

On April 15, 2016, CTI BioPharma Corp. (the “Company”) approved the following:

A portion of the 2015 bonuses for Company employees who are not executive officers of the Company will be paid in the form of Company common stock awarded under the Company’s 2015 Equity Incentive Plan (the “Plan”). Such stock awards cover, in the aggregate, approximately 1,076,182 shares of the Company’s common stock.

The Company granted restricted stock awards to certain of its employees who are not executive officers of the Company. The restricted stock awards were granted under the Plan and cover, in the aggregate, 1,725,000 shares of the Company’s common stock. The restricted stock awards are scheduled to vest, subject to the award recipient’s continued employment, in four equal semi-annual installments, with an installment scheduled to vest on the dates that are six, twelve, eighteen and twenty-four months following the grant date.

As of January 15, 2016, 6,099,232 shares of Company common stock were available within the share limits of the Plan for new award grants under the Plan. As of April 15, 2016 and before giving effect to the new award grants described above on that date, 6,662,996 shares of Company common stock were available for new award grants under the Plan, with the increase in share availability relative to the shares available for new award grants under the Plan as of January 15, 2016 attributable to the expiration or termination of unexercised stock options and the cancellation of unvested restricted stock awards. After giving effect to the new award grants described above on April 15, 2016, approximately 3,861,814 shares of Company common stock remained available within the share limits of the Plan for new award grants under the Plan as of that date.
