Plan Administrator
Yum! Brands 401(k) Plan:

We have audited the accompanying Statements of Net Assets Available for Benefits of the Yum! Brands 401(k) Plan (the Plan) as of September 30, 2005 and 2004, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about

whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2005, and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended September 30, 2005, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

YUM! BRANDS 401(k) PLAN
Notes to Financial Statements
September 30, 2005 and 2004
(Tabular amounts in thousands)

(1) Summary Plan Description

The following description of the Yum! Brands 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

YUM! Brands, Inc. (the Company) adopted the Plan effective October 7, 1997 as a result of the spin-off of the Company from PepsiCo, Inc. The Plan is a successor of the PepsiCo Long Term Savings Program. Any employee within a group or class so designated by the Company is eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act, as amended (ERISA).

The Plan has appointed State Street Investor Services as the trustee and CitiStreet Institutional and Total Benefits Outsourcing Divisions as the recordkeeper for the Plan. The trustee is responsible for the management and control of the Plan's assets.

On October 1, 2001, the Plan was amended to adopt a safe harbor matching contribution, in accordance with Code section 401(k)(12)(B).

The investments of the Plan are maintained in a trust (the Trust) by State Street Corporation (the Trustee).

(b)

Contributions

Each participant in the Plan may elect to contribute any amount, not to exceed 25% of eligible earnings. The maximum pre-tax contribution allowed for 2005 and 2004 was \$14,000 and \$13,000, respectively.

Additionally, eligible participants receive a matching contribution from the Company that is equal to the sum of: (a) 100% of such salary deferral contribution that does not exceed 3% of the participant's eligible pay for such pay period, and (b) 50% of such salary deferral contribution that exceeds 3% and does not exceed 5% of the participant's eligible pay for such pay period. Effective July 1, 2005, matching contributions are invested based upon the participant's investment election for his or her salary deferral contributions. Prior to July 1, 2005, all matching contributions were directed into the YUM! Stock Fund and participants were restricted from selling those shares within the YUM! Stock Fund that represented matching contributions. Additionally, effective July 1, 2005, participants may sell any shares within the YUM! Stock Fund that represented matching contributions made at any point in time. Since employees are no longer restricted from selling shares held in the YUM! Stock Fund, there are no non-participant directed investments as of September 30, 2005. The Company may also make discretionary contributions to the Plan. No discretionary contributions were made by the Company for the years ended September 30, 2005 and 2004.

Effective January 1, 2004, the Plan allowed eligible participants to make catch-up contributions. Participants eligible to make catch-up contributions must be 50 years or older by the end of the calendar year in which they want to make the catch-up contribution. These contributions are made in the same manner as salary deferral contributions and are deposited in the participant's salary deferral account. Participants elect a whole dollar amount as a percentage of eligible pay

YUM! BRANDS 401(k) PLAN

Notes to Financial Statements

on a per pay period basis. Catch-up contributions are not subject to the 25% of eligible pay limitation. Thus, a participant can contribute more than 25% of pay to the extent needed to make a catch-up contribution. The 2005 ERISA limit on catch-up contributions was \$4,000. Catch-up contributions are not eligible for matching contributions.

(c) Investment Options

YUM! Stock Fund

This fund pools participants' contributions to buy shares of YUM! common stock. The fund also holds short-term investments to provide the fund with liquidity to make distributions. The fund is paid cash dividends, which are used to purchase additional shares of YUM! common stock. Effective July 1, 2005, the plan was amended such that YUM! Stock Fund operates as an employee stock ownership plan for tax purposes. This election had no other impact on the Plan.

Stable Value Fund

The Stable Value Fund invests in a diversified portfolio of stable value contracts issued by insurance companies, banks, and other financial institutions. The Stable Value Fund utilizes high-quality fixed income securities wrapped by an insurance company, bank, or other financial institution.

Large Company Index Fund

The Fund invests in all 500 stocks in the S&P 500 Index in proportion to their weighting in the Index. The Fund may also hold 2-5% of its value in futures contracts (an agreement to buy or sell a specific security by a specific date at an agreed upon price).

Bond Market Index Fund

The Fund invests primarily in government, corporate, mortgage-backed and asset-backed securities. The Fund invests in a well-diversified portfolio that is representative of the broad domestic bond market.

Mid-sized Company Index Fund

The Fund invests in all 400 stocks in the S&P MidCap 400 Index in proportion to their weighting in the Index. The Fund may also hold 2-5% of its value in futures contracts (an agreement to buy or sell a specific security by a specific date at an agreed upon price).

Small Company Index Fund

The Fund attempts to invest in all 2,000 stocks in the Russell 2000 Index in proportion to their weighting in the Index. The Fund may also hold 2-5% of its value in futures contracts (an agreement to buy or sell a specific security by a specific date at an agreed upon price).

International Index Fund

The Fund typically invests in all the stocks in the Morgan Stanley Capital International Europe, Australasia, and Far East Index in proportion to their weighting in the Index.

(d) Participants Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Participant Loans

The Plan has a loan program for participants. The maximum amount a participant may borrow, when aggregated with all other outstanding loans of the participant, is the lesser of: a) 50% of the participant's vested interest under the Plan; b) \$50,000 reduced by the excess of the highest outstanding loan balance during the preceding one-year period ending on the day prior to the date the loan was made, over the outstanding balance of loans on the date the loan was made; c) 100% of the value of the participant's investment in certain funds; or d) the maximum loan amount that can be amortized by the participant's net pay. Loans may be outstanding for up to four years. The interest rate for loans is based on the prime rate as of the last day of the month before the loan request plus 1%. A participant may have up to two loans outstanding from the Plan at any time. A one-time loan origination fee of \$50 per loan is charged to those participants who obtain a loan. Interest on loans is allocated to each of the funds based upon the participant's investment election percentages. For each month or part thereof the loan remains outstanding, the borrowing participant may be assessed a monthly administration fee. Any loans outstanding shall become immediately

due and payable in full if the participant's employment is terminated. Principal and interest is paid ratably through monthly payroll deductions.

As required by Section 526 of the Soldiers' and Sailors' Civil Relief Act of 1940, as amended, no interest rate shall be more than 6 percent for the loan of any participant during the period that the participant is serving in the United States military. This limit includes traditional interest and any other service charge or other fee with respect to the loan.

The loans are secured by the balance in the participant's account and currently outstanding loans bear interest at rates that range from 4.0% to 11.5% as of September 30, 2005.

(f) Vesting

Participants are fully vested in the entire value of their accounts upon contribution, including the Company matching contribution.

(g) Withdrawals

Distributions under the Plan are made upon a participant's death, disability, retirement, hardship or termination of employment. Benefit payments are made in the form of a lump sum cash amount or in kind distribution. As discussed above, the Plan permits withdrawals under a loan program.

(h) Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA and the Internal Revenue Code.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investment Valuation

-- Cash and cash equivalents and participant loans are recorded at cost, which approximates fair value. Investments in common stock, common/commingled trusts and various securities are valued at quoted market prices.

Income Recognition

-- Dividend income is recorded on the ex-dividend date. Income from investments is recorded as earned on an accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses on the sales of securities are reported on the average cost method.

(d) Payment of Benefits

In accordance with guidance issued by the America Institute of Certified Public Accountants, the Plan accounts for participant distributions when paid. For purposes of reporting on Form 5500, "Annual Return/Report of Employee Benefit Plan," distributions are recorded in the period such amounts are authorized to be paid to participants. Such treatment resulted in differences between the Plan's Form 5500 and the accompanying financial statements for the years ended September 30, 2005 and 2004 and are summarized in Note 6.

(e) Administrative Costs

All usual and reasonable expenses of the Plan may be paid in whole or in part by the Company. Any expenses not paid by the Company will be paid by the Trustee out of the Trust. All expenses for the years ended September 30, 2005 and 2004 were borne by the Company, except for monthly investment service fees charged to the funds, loan application fees charged to participants who obtained a loan and transaction fees charged to participants within the Self-directed Brokerage Account.

(f) Reclassifications

Certain items in the Statements of Net Assets Available for Benefits were reclassified in order to be comparable with the current classifications. These reclassifications had no effect on previously reported net assets available for benefits.

requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is operating in accordance with the applicable requirements of the IRC.

(6) Reconciliation of Financial Statements to Form 5500

Notwithstanding the requirements of U.S. generally accepted accounting principles, the U.S. Department of Labor requires that unpaid benefit amounts be reported as a liability of the Plan for purposes of Internal Revenue Service Form 5500 filings. As a result, the following represents a reconciliation between the amounts shown on the accompanying financial statements and the amounts reported in the Plan's Form 5500.

(7) Related Party Transactions

Certain Plan investments are shares of common/commingled trusts managed by the Trustee. Transactions involving these investments qualify as party-in-interest transactions.

(8) Risks and Uncertainties

The Plan provides for investment options in various funds, which invest in equity and debt securities and other investments. Such investments are exposed to risks and uncertainties, such as interest rate risk, credit risk, economic changes, political unrest, regulatory changes and foreign currency risk. The Plan's exposure to a concentration of credit risk is dependent upon funds selected by participants. These risks and uncertainties could impact participants' account balances and the amounts reported in the financial statements.
