If you do attend the meeting, you may either vote by proxy or revoke your proxy and vote in person. You may also revoke your proxy at any time before the vote is taken at the meeting by written revocation, using the telephone voting system or by submitting a later-dated proxy form.

GENERAL INFORMATION

Record Date; Shares Outstanding

As of April 1, 2005, the record date for determining stockholders entitled to notice of and to vote at the meeting, we had 47,030,407 shares of common stock outstanding and eligible to vote. Each share of outstanding common stock is entitled to one vote on each matter to be presented at the meeting. Stockholders do not have cumulative voting rights in the election of directors. Abstentions (including instructions to withhold authority to vote for one or more nominees) and broker non-votes will not have any effect with respect to the election of directors but will be counted as votes against the other proposals.

Proxies and Voting Procedures

Registered stockholders may vote by using a toll-free telephone number, by completing a proxy form and mailing it to the proxy tabulator, or by attending the meeting and voting in person. The telephone voting facilities will open following the mailing of materials on April 13, 2005, and close at 9:00 a.m. Eastern Daylight Savings Time on the meeting date. The telephone voting facilities are open Monday through Friday from 8:00 a.m. until 10:30 p.m. and on Saturdays from 8:00 a.m. until 4:30 p.m. Eastern Daylight Savings Time. The telephone voting procedures are designed to authenticate stockholders by use of a proxy control number and personal identification number ("PIN") to allow stockholders to confirm that their instructions have been properly recorded.

Stockholders whose shares are held in the name of a broker, bank or other nominee should refer to the proxy card or the information forwarded by such broker, bank or other nominee to see what voting options are available.

To vote by telephone, stockholders should call 1-877-298-0570, toll-free, or (513) 579-6707, using any touch-tone telephone and have their proxy form at hand. Stockholders will be asked to enter the proxy control number and PIN, then follow simple recorded instructions. To vote by mail, stockholders should complete and sign the bottom portion of the proxy form and return only that portion to the proxy tabulator.

Solicitation of proxies through the mail, in person and otherwise, is being made by management at the direction of the Board of Directors, without additional compensation. We will pay all costs of soliciting proxies. In addition, we will request brokers and other custodians, nominees and fiduciaries to forward proxy soliciting material to the beneficial owners of shares held of record by such persons, and we will reimburse them for their expenses.

The execution of a proxy or vote by phone does not affect the right to vote in person at the meeting, and a proxy or vote by phone may be revoked by the person giving it prior to the exercise of the powers conferred by it. A stockholder may revoke a prior vote by writing to our Secretary at our principal offices or by properly executing and delivering a proxy bearing a later date (or recording a later telephone vote) or by voting in person at the meeting. In addition, persons attending the meeting in person may withdraw their proxies. Attending the meeting will not serve to vote your proxy unless you vote at the meeting.

If a choice is specified on a properly executed proxy form, the shares will be voted accordingly. If a proxy form is signed without a preference indicated, those shares will be voted "FOR" the election as directors of the eight nominees proposed by the Board of Directors, "FOR" approval of the Great American Financial Resources, Inc. 2004 Stock Option Plan, "FOR" approval of the amendments to the Great American Financial Resources, Inc. 1997 Directors Stock Option Plan and "FOR" the ratification of Ernst & Young LLP as our independent public accountants for 2005. If any other matters properly come before the meeting or any adjournment thereof, each properly executed proxy form will be voted in the discretion of the proxies named therein.

Adjournment and Other Matters

Approval of a motion for adjournment or other matters brought before the meeting requires the affirmative vote of a majority of the shares voting at the meeting. We know of no other matters to be presented at the meeting other than those stated in this document.

PROPOSAL NO. 2-APPROVAL OF THE 2004 STOCK OPTION PLAN

During 2004, the Board of Directors adopted, subject to approval of stockholders at the Annual Meeting, the Great American Financial Resources, Inc. 2004 Stock Option Plan. The Stock Option Plan provides for the issuance of both incentive stock options and non-qualified stock options to certain officers and key management personnel.

The following description is qualified in its entirety by reference to the text of the 2004 Stock Option Plan which is set forth in Annex A to this Proxy Statement.

Prior Grants

Since the adoption of the Stock Option Plan, a total of 957,500 options have been granted, subject to approval by the stockholders of the Stock Option Plan, as follows:

S. Craig Lindner	Chief Executive Officer	0
Charles R. Scheper	Chief Operating Officer	100,000
Mark F. Muething	Executive Vice President, General Counsel & Secretary	40,000
Michael J. Prager	Senior Vice President and Chief Actuary	40,000
Christopher P. Miliano	Executive Vice President, Chief Financial Officer and Treasurer	40,000
All Executive Officers as a Group (8 people)		330,000
All Non-Executive Officers as a Group		627,500

Purpose of the Plan

The purpose of the 2004 Stock Option Plan is to promote our interests and the interests of our stockholders by providing a means for selected key employees of ours and of our subsidiaries to acquire a proprietary interest in our company, thereby strengthening GAFRI's ability to attract capable management personnel and provide an inducement for key employees to remain employed by us or our subsidiaries and to perform at their maximum levels.

Eligibility

Options under the 2004 Stock Option Plan may be granted to our key employees and key employees of our subsidiaries.

Securities to be Utilized

The maximum number of shares of our common stock for which options may be granted under the 2004 Stock Option Plan is 2,000,000 (subject to antidilution provisions). Shares we deliver pursuant to the exercise of options may be authorized but unissued shares of our common stock, previously acquired treasury shares or a combination. Options

which expire or are terminated shall again be available for grant under the Stock Option Plan.

Plan Administration and Termination

The 2004 Stock Option Plan will be administered by the Organization and Policy Committee of our Board of Directors. The Board of Directors will have the ability to amend the Stock Option Plan at any time without further stockholder approval to:

- Change the eligibility provisions;
- Except for anti-dilution adjustments, increase the number of shares which may be subject to options granted under the 2004 Stock Option Plan; or increase the maximum number of shares with respect to which options may be granted to any participant during any fiscal year;
- Cause the Stock Option Plan or any option granted under the Plan to fail to meet the conditions for exclusion of application of the \$1 million deduction limitation imposed by Section 162(m) of the Internal Revenue Code; or
- Cause any option granted as an incentive stock option to fail to qualify as an "incentive stock option" as defined by the Internal Revenue Code of 1986.

Price, Exercise Period and Vesting of Options

The Organization and Policy Committee has the authority to determine the exercise price for options granted under the 2004 Stock Option Plan. The exercise price for a nonqualified stock option may be less than the fair market value per share. The exercise price for an incentive stock option must not be less than the greater of the fair market value on the date of grant or the par value. To date, all options granted have been incentive stock options with exercise prices equal to the fair market value on the date of grant. For purposes of the Plan, the fair market value of a share of common stock is the closing price on the New York Stock Exchange for the most recent day of trading. On April 1, 2005, the closing price of our common stock was \$17.05.

Twenty percent (20%) of the shares underlying an option will become exercisable on the first anniversary of the date of grant, and 20% percent will vest on each anniversary thereafter. Generally, payment for shares purchased upon exercise of an option is to be made in cash. The Organization and Policy Committee, however, may permit payment by:

- delivering previously owned shares having a fair market value equal to the cash option price of the shares as to which the option is being exercised;
- by a combination of cash and delivery of previously owned shares; or
- by any other method or in any other form authorized by the Committee from time to time to the extent permitted by applicable law.

Federal Income Tax Consequences

Incentive Stock Options

. A participant who exercises an incentive stock option will not be taxed at the time he or she exercises his or her option or a portion thereof. Instead, the participant will be taxed at the time he or she sells the shares of common stock purchased pursuant to the incentive stock option. The participant will be taxed on the difference between the price he or she paid for the common stock and the amount for which he or she sells the common stock. If the participant does not sell the shares of common stock prior to two years from the date of grant of the incentive stock option and one year from the date the stock is transferred to him or her, any subsequent gain on sale of the shares will be capital gain, and we will not receive a corresponding deduction. If the participant sells the shares of stock at a gain prior to that time, the difference between the amount the participant paid for the common stock and the lesser of fair market value on the date of exercise or the amount for which the stock is sold will be taxed as ordinary income, and we will receive

a corresponding deduction. If the participant sells the shares of common stock for less than the amount he or she paid for the stock prior to the one- or two-year period indicated, no amount will be taxed as ordinary income and the loss will be taxed as a capital loss. Exercise of an incentive stock option may subject a participant to, or increase a participant's liability for, the alternative minimum tax.

Nonqualified Options

. A participant will not recognize income upon the grant of a nonqualified option or at any time prior to the exercise of the option or a portion thereof. At the time the participant exercises a nonqualified option or portion thereof, he or she will recognize compensation taxable as ordinary income in an amount equal to the excess of the fair market value of the common stock on the date the option is exercised over the price paid for the stock, and we will then be entitled to a corresponding deduction.

Depending upon the time period shares of common stock are held after exercise, the sale or other taxable disposition of shares acquired through the exercise of a nonqualified option generally will result in a short- or long-term capital gain or loss equal to the difference between the amount realized on such disposition and the fair market value of such shares when the nonqualified option was exercised.

Special rules apply to a participant who exercises a nonqualified option by paying the exercise price, in whole or in part, by the transfer of shares of common stock to us.

The Board of Directors recommends that stockholders vote FOR the proposal to approve the 2004 Stock Option Plan. We have been informed that AFG intends to vote its shares FOR approval of the 2004 Stock Option Plan.

PROPOSAL NO. 3-AMENDMENTS TO DIRECTORS STOCK OPTION PLAN

During 2004, the Board of Directors adopted, subject to approval of our stockholders at the Annual Meeting, amendments to the 1997 Directors Stock Option Plan. The Directors Stock Option Plan provides for the issuance of stock options to our non-employee directors.

The amendments to the Directors Stock Option Plan provide that our non-employee directors receive options to purchase 20,000 shares of our common stock upon initial appointment or election to the Board. Before the amendments, non-employee directors received options to purchase 10,000 shares of our common stock upon initial election or appointment to the Board. The amendments also provide for an immediate grant, subject to stockholder approval at our Annual Meeting, of an additional 10,000 shares to our existing non-employee directors.

The following description is qualified in its entirety by reference to the text of the 1997 Directors Stock Option Plan, as amended, which is set forth in Annex B to this Proxy Statement.

Purpose of the Plan

The purpose of the Directors Stock Option Plan is to promote our interests and the interests of our stockholders by providing a means for attracting and retaining directors of outstanding competency, dedication and loyalty.

Shares Available for Grant

The maximum number of shares of our common stock for which options may be granted under the Directors Stock Option Plan is 500,000 (subject to antidilution provisions). Shares we deliver pursuant to the exercise of options may be authorized but unissued shares of our common stock, previously acquired treasury shares or a combination.

Options which expire or are terminated shall again be available for grant under the Directors Stock Option Plan.

Plan Administration and Termination

The Directors Stock Option Plan is administered by the Organization and Policy Committee of our Board of Directors. The Board of Directors has the ability to amend the Directors Stock Option Plan at any time without further stockholder approval unless such amendment would cause the Directors Stock Option Plan to cease to satisfy any applicable conditions of Rule 16b-3 promulgated under the Securities Exchange Act of 1934.

Unless earlier terminated, the Directors Stock Option Plan will continue in effect until February 13, 2007.

Price, Exercise Period and Vesting of Options

Each non-employee director (excluding Mr. Ambrecht) has, subject to stockholder approval of the amendments to the Directors Stock Option Plan, been granted options to purchase 10,000 shares of our common stock at an exercise price per share of \$15.22. Mr. Ambrecht was granted options to purchase 20,000 shares at an exercise price of \$15.40 per share. Both of these exercise prices were the mean between the high and low trading prices for the ten trading days preceding the date of grant.

On each March 1, each non-employee director will receive options to purchase 3,000 shares of our common stock. Each non-employee director elected or appointed after the effective date of the amendments to the Directors Stock Option Plan will receive options to purchase 20,000 shares of our common stock upon election or appointment.

The price of options granted under the Directors Stock Option Plan is the average of the mean between the high and low sales prices for our common stock on the New York Stock Exchange for the ten trading days immediately preceding the date of grant. On April 1, 2005, the closing price of our common stock was \$17.05.

Twenty percent of the shares underlying an option will become exercisable upon the first anniversary of the date of grant, and twenty percent will vest on each anniversary thereafter.

Payment for shares purchased upon exercise of an option may be made in cash, by surrender of other owned shares of our common stock or by a combination of such methods. Payment for shares may also be made by withholding that number of shares having a fair market value of shares acquired pursuant to the exercise. Our Organization and Policy Committee, however, may permit payment by any other method.

Federal Income Tax Consequences

In general, there will be no tax consequences to a non-employee director or to us when the option is granted under the Directors Stock Option Plan. Upon exercise of the option, the non-employee director will be required to report, on his or her federal income tax return for the year in which the exercise occurs, income equal to the difference between the fair market value of the stock at the time of exercise of the option and the exercise price.

The Board of Directors recommends that stockholders vote FOR the proposal to approve the amendments to the 1997 Directors Stock Option Plan. We have been informed that AFG intends to vote its shares FOR approval of the amendments to the 1997 Directors Stock Option Plan.

PROPOSAL NO. 4-RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Ernst & Young LLP, to serve as our independent registered public accounting firm for 2005, and stockholders are asked to ratify that selection at the Annual Meeting. Representatives of Ernst & Young

LLP will be present at the Annual Meeting. Such representatives will have the opportunity to make a statement if they desire to do so, and to respond to appropriate questions.

The Board of Directors recommends that stockholders vote FOR the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for our 2005 fiscal year. We have been informed that AFG intends to vote its shares FOR ratification of the appointment of Ernst & Young LLP.

Organization and Policy Committee Report

The Organization and Policy Committee of the Board of Directors consists of two directors, neither of whom is an employee of Great American Financial Resources or any of its subsidiaries. The Committee's functions include approving recommendations with respect to the compensation of each officer of the company and providing a report to the Board of Directors on those matters. The cash compensation paid to the executive officers for 2004 was comprised principally of annual base salaries and payments under the Corporate Bonus Plan. Stock options are granted to executive officers to provide long-term incentive based compensation. In determining compensation for executive officers, the Committee gives some consideration to the compensation paid to executive officers of companies engaged in similar lines of business.

Annual Base Salaries.

The Committee approves annual base salaries and salary increases for executive officers that are appropriate for their positions and levels of responsibilities. The Committee takes into consideration the Company's long-term performance in establishing annual base salaries for executive officers.

Corporate Bonus Plan.

Each of the named executive officers was eligible to participate in the Corporate Bonus Plan. The Bonus Plan compensates participants based on the Company's financial and operational performance. Under the Bonus Plan, the Organization and Policy Committee approved a target bonus for each participant based on such person's duties and responsibilities and expected contributions during the year. The Committee also reviewed premium, financial and operational goals for the company as well as individual goals for each participant. Based on the specific responsibilities of the participant, the Committee allocated a total of 100% among the premium, financial, operational, and individual goals. Based on the attainment of these goals, participants in the Bonus Plan could earn up to 125% of

the target bonus amounts. The bonuses reported in the Summary Compensation Table for 2004 are amounts paid to participating executive officers in the first quarter of 2005.

Compensation of the Chief Executive Officer.

In evaluating the base salary and bonus for the Chief Executive Officer, the Committee evaluates the duties and responsibilities while giving some consideration to the compensation paid to persons holding similar positions with other companies. Some consideration is also given to the compensation paid to the Company's Chief Operating Officer.

Stock Options

. Stock options represent a performance-based portion of our compensation system. The Committee believes that stockholders' interests are well served by aligning the interests of our executive officers with those of stockholders by the grant of stock options. Incentive stock options are granted with an exercise price equal to the fair market value of our common stock on the date of grant and become exercisable at the rate of 20% per year. The Committee believes that these features provide executive officers with substantial incentives to maximize our long-term success.

Internal Revenue Code Section 162.

Provisions of the Internal Revenue Code provide that compensation in excess of \$1 million per year paid to the Chief Executive Officer as well as other executive officers listed in the compensation table will not be deductible unless the

compensation is "performance based" and the related compensation is approved by stockholders. Because no officer received more than \$1 million in compensation, Section 162 was not considered by the Committee in determining 2004 compensation.

CERTAIN TRANSACTIONS

Great American Financial Resources and AMM, a wholly-owned subsidiary of AFG, are parties to an Investment Services Agreement under which AMM provides investment services to our insurance subsidiaries in accordance with guidelines. We and our subsidiaries pay AMM an annual fee of .05% of total invested assets (as defined), provided that such fee does not exceed the actual cost to AMM of providing such services, and AMM is reimbursed for certain expenses. Investment charges paid by us to AMM were \$3.9 million in 2004.

We, GALIC and certain of our subsidiaries are members of AFG's consolidated tax group. We and GALIC have separate tax allocation agreements with AFG which designate how tax payments are shared by members of the tax group. In general, both companies compute taxes on a separate return basis. GALIC is obligated to make payments to (or receive benefits from) AFG based on taxable income without regard to temporary differences. If GALIC's taxable income (computed on a statutory accounting basis) exceeds a current period net operating loss of ours, the taxes payable or receivable by GALIC associated with the excess are payable to or receivable from AFG. If the AFG tax group utilizes any of our net operating losses or deductions that originated prior to 1993, AFG will pay us an amount equal to the benefit received. During 2004, we and our subsidiaries which are included in the AFG consolidated tax group incurred income tax expense of \$38.6 million.

We paid \$2.3 million to AFG for various information technology services (primarily outsourcing) in 2004. We paid approximately \$240,000 to AFG for services related to purchases from third party vendors. All of these transactions were based on fair market value.

During 2004, we paid the Cincinnati Hotel approximately \$163,000 for lodging and meeting accommodations. The hotel is owned by a subsidiary of AFG.

In July 2000, AFG's principal insurance subsidiary, GAI, entered into a thirty-two year agreement with the Cincinnati Reds, pursuant to which the Reds' home stadium was named "Great American Ball Park." Carl H. Lindner is the Chief Executive Officer of the Reds. In addition, GAI and an entity owned by Carl H. Lindner, Carl H. Lindner III, Keith E. Lindner and S. Craig Lindner, are part owners of the Reds. The Reds were paid an aggregate of \$2,020,000 under the naming rights agreement in 2004. These payments to the Reds will average approximately \$2.3 million annually over the term of the agreement. We participate in the naming rights agreement, and accordingly, paid GAI \$670,000 under the agreement in 2004. Our payments to GAI will average approximately \$720,000 annually over the term of the agreement. In addition to having the "Great American" name associated with the stadium, we also receive approximately \$300,000 annually of premium seating and related sponsorship rights for the naming rights payments.

Directors' Compensation

Our employees do not receive any additional compensation for serving as members of the Board of Directors or any of its committees. Directors who are not employees receive an annual retainer of \$30,000 for Board membership and an additional annual retainer of \$5,000 for serving as Chairman of a Board Committee. Under our Directors' Compensation Plan, non-employee directors will receive at least 50% of their retainers in common stock. In addition, directors who are not employees are paid a fee of \$2,000 for attendance at each Board meeting, and \$1,500 for attendance at each committee meeting. All directors are reimbursed for expenses incurred in attending board and committee meetings.

Under the 1997 Directors Stock Option Plan, each March 1, each non-employee director receives a stock option to purchase 3,000 shares of our common stock, with an exercise price based on the average market price of our common stock for the ten trading days preceding the grant date. Subject to the approval of amendments to the 1997 Directors Stock Option Plan at the Annual Meeting under Proposal No. 3 above, each newly elected or appointed non-employee

director will receive an option to purchase 20,000 shares of our common stock, with an exercise price based on the average market price of our common stock for the ten trading days preceding the date of election as a director.

CORPORATE GOVERNANCE, THE BOARD OF DIRECTORS AND BOARD COMMITTEES

Corporate Governance Matters

. The corporate governance rules of the New York Stock Exchange (the "NYSE") do not require that a majority of the members of our Board of Directors be "independent," as provided under NYSE rules, because we are a "controlled company" in that more than 50% of our voting power is held by AFG. As a result, we do not have a majority of independent directors on our Board.

There are three Committees of the Board of Directors - the Audit Committee, the Executive Committee and the Organization and Policy Committee. As detailed below, the Organization and Policy Committee performs the functions generally delegated to Compensation and Nominating Committees of other Boards of Directors. As a "controlled company" under NYSE rules, we are not required to have solely independent directors on our Audit Committee and our Organization and Policy Committee. However, all members of the Audit Committee and the Organization and Policy Committee do meet the requirements of independent directors under the rules of the NYSE. Each of our Audit Committee and Organization and Policy Committee operates under written charters.

We have adopted a Code of Ethics that applies to all of our directors, officers (including our Chief Executive Officer, Chief Financial Officer, Controller and any person performing similar functions) and employees. We have also adopted Corporate Governance Guidelines.

Stockholders may communicate directly with directors by sending written communication to the attention of the Corporate Secretary at our principal offices. It is our practice not to screen such correspondence before it is forwarded to the director to whom it is addressed or to the Chairman, if addressed to the full Board of Directors.

NYSE rules require non-management directors to meet regularly in executive sessions. William R. Martin was selected to preside over the three meetings of non-management directors held in 2004. Shareholders and other interested parties may communicate with any of the non-management directors, individually or as a group, by sending the written communication to the attention of the Corporate Secretary at our principal offices.

Copies of our Audit Committee Charter, Organization and Policy Committee Charter, Code of Ethics and Corporate Governance Guidelines are available, without charge, by written request to Mark F. Muething; Executive Vice President, General Counsel and Secretary; Great American Financial Resources, Inc.; 250 East Fifth Street; Cincinnati, Ohio 45202 and are also available on our website at <http://www.GAFRI.com>. We will disclose on our website any waivers granted from or amendments to our Code of Ethics within four business days of such waiver or amendment.

Board of Directors

. Our Board of Directors held four meetings and took action in writing five times in 2004. Directors are encouraged to attend the Annual Meeting of Stockholders. At the Annual Meeting of Stockholders held in May 2004, all directors were in attendance.

Audit Committee.

The Audit Committee consists of four members: William R. Martin (Chairman), Kenneth C. Ambrecht, John T. Lawrence III and Ronald G. Joseph, none of whom is an officer or employee of ours or any of our subsidiaries.

Ronald W. Tysoe was a member of the Audit Committee until March 31, 2004, when he resigned as a director in order to accept a position as a director with an unaffiliated company. As provided in its charter, the Audit Committee's functions include: recommending to the Board of Directors the firm to be appointed as independent accountants to audit our consolidated financial statements and to provide other audit-related services and recommending the terms of such firm's engagement; reviewing the scope and results of the audit with the independent accountants; reviewing with management and the independent accountants our interim and year-end operating results; reviewing the adequacy and implementation of our internal accounting and auditing procedures; and reviewing the non-audit services to be performed by the independent accountants and considering the effect of such performance on the accountants' independence. The Audit Committee held seven meetings in 2004.

The Board has determined that William R. Martin, Chairman of the Audit Committee, is an "audit committee financial expert," as that term is defined in the rules of the Securities and Exchange Commission. All members of the Audit Committee are deemed to be independent, as that term is defined in the rules of the New York Stock Exchange.

The Audit Committee has adopted a policy that our independent accountants may not render any services to us outside the scope of the audit engagement letter without pre-approval of the Audit Committee. The Audit Committee has delegated to William R. Martin, Chairman of the Committee, authority to pre-approve audit and non-audit services outside of meetings of the Audit Committee. Management and the independent accountants are required to provide a written request, including a description of the services to be provided and an estimate of the fee to be charged, in connection with any request for pre-approval. The full Audit Committee may also pre-approve such services. In 2004, all services rendered outside the scope of the audit engagement letter were pre-approved without reliance on the *de minimus* safe harbor exception from the pre-approval requirements.

Executive Committee.

The Executive Committee consists of three members: S. Craig Lindner (Chairman), Carl H. Lindner and Charles R. Scheper. The Committee is generally authorized to exercise the powers of the Board of Directors between meetings of the Board of Directors, except that the Committee's authority does not extend to certain fundamental matters, such as: amending our By-laws; filling vacancies on the Board of Directors; declaring a dividend; electing or removing our principal officers; adopting or approving a plan of merger, consolidation or sale of a substantial portion of our assets; our dissolution or reorganization or establishing or designating any class or series of our stock (or fixing or determining the relative rights and preferences thereof). The Executive Committee took action in writing on one occasion in 2004.

Organization and Policy Committee.

The Organization and Policy Committee consists of two members: Ronald G. Joseph and John T. Lawrence III.

As provided in its charter, the Organization and Policy Committee's functions include: reviewing the duties and responsibilities of our principal officers; approving the compensation of our principal officers and providing a report to the Board of Directors on those matters; reviewing our compensation and personnel policies; administering bonus and stock option plans; reviewing and making recommendations to the Board of Directors with respect to employee retirement policies; and supervising, reviewing and reporting to the Board of Directors on the performance of the management committee responsible for the administration and investment management of our pension and savings plans. The Organization and Policy Committee held two meetings and took action in writing on two occasions in 2004.

The responsibilities of the Organization and Policy Committee include reviewing and providing advice with respect to the nomination of candidates for the Board of Directors. Except as provided below, the Board of Directors is responsible for the actual nomination of directors. The Committee does not impose any minimum requirements in considering candidates but rather reviews the overall business, industry and financial experience of candidates. The

Committee has not retained any third party to identify or evaluate nominees. In addition, no person has recommended a candidate to the Committee in the last year. Our Certificate of Incorporation includes procedures whereby any stockholder of record may nominate one or more persons as candidates for the office of director. In order to utilize this procedure, a stockholder is required to give written notice of the intent to nominate a candidate at least five but not more than 30 days prior to the meeting of stockholders at which the election of directors will take place. Such procedures do not require any consideration or review by the Organization and Policy Committee.

Audit Committee Report

As provided in its charter, the Audit Committee is responsible for providing independent oversight of our accounting functions and internal controls.

Management is responsible for our internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Committee's responsibility is to monitor and oversee these processes. Additionally, the Audit Committee engages an accounting firm to be engaged as our independent accountants.

In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees).

The independent accountants also provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants that firm's independence. As part of its discussions, the Committee determined that Ernst & Young LLP was independent of the Company.

Based on the Committee's discussions with management and the independent accountants and the Committee's review of the representation of management and the report of the independent accountants to the Committee, the Committee recommended the Board of Directors include the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2004 filed with the Securities and Exchange Commission.

NOMINATIONS AND STOCKHOLDER PROPOSALS

The Organization and Policy Committee will consider stockholder suggestions for nominees for director. Suggestions for director consideration may be submitted to our Secretary at our principal executive offices. Suggestions received by the Secretary's office by December 31 will be considered by the Committee for nomination at the next Annual Meeting of Stockholders. Stockholders may also make nominations for director by complying with the procedures described above under the caption "COMMITTEES AND MEETINGS OF THE BOARD OF DIRECTORS - Organization and Policy Committee."

Other than the items listed in this Proxy Statement to be submitted to stockholders, management knows of no other matters to be presented at the Annual Meeting upon which a vote may be taken. The Proxy Form used by us for the Annual Meeting typically grants authority to management's proxies to vote in their discretion on any matters that come before the Meeting as to which adequate notice has not been received. In order for a notice to be deemed adequate for next year's Annual Meeting, it must be received by February 27, 2006. In order for a proposal to be considered for inclusion in our proxy statement for that meeting, it must have been received by December 2, 2005.
