IMRGLOBAL AND CGI GROUP REJECT CLASS ACTION AS MERITLESS

MONTREAL AND CLEARWATER, FLORIDA, July 20, 2001 - IMRglobal Corp. (Nasdaq:IMRS) (IMRglobal) and CGI Group Inc. (NYSE:GIB; TSE:GIB.A) (CGI) announced that a lawsuit has been filed against IMRglobal and its directors, alleging breaches of fiduciary duty in connection with IMRglobal's pending merger with CGI.

The suit, which was filed in state court in Florida, is seeking class action status on behalf of all shareholders of IMRglobal. The suit alleges that the terms of the pending merger with CGI will produce an unfairly low price and that certain personal benefits to be received by IMRglobal's directors in connection with the merger caused IMRglobal to approve the merger with CGI. The suit seeks either injunctive or monetary relief.

Satish Sanan, chairman and chief executive officer of IMRglobal, stated: "The claims made in this lawsuit are entirely without merit. The proposed merger with CGI is clearly the best alternative available to IMRglobal and is fair and in the best interests of IMRglobal shareholders. We intend to proceed with the merger with CGI without delay and to vigorously oppose this unfounded legal action."

Under the terms of the merger agreement, announced on February 21, 2001, IMRglobal shareholders will receive 1.5974 Class A Subordinate Shares of CGI for each share of IMRglobal Common Stock.

The transaction will position CGI as the fourth largest independent IT services company in North America, with close to 13,000 employees. CGI will serve more than 3,000 clients in the US, Canada, the United Kingdom, France, India, Japan, and Australia from more than 60 offices in 24 countries. Completion of the transaction requires that a majority of IMRglobal shares outstanding be voted in favor of the transaction at a special meeting of IMRglobal shareholders, which is scheduled for July 27, 2001 in New York City. The transaction is expected to be completed shortly after shareholder approval.
