Report of Independent Registered Public Accounting Firm

Employee Benefit Committee
TierOne Bank Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the TierOne Bank Savings Plan (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the three-year period ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the three-year period ended December 31, 2005 in conformity with U.S. generally accepted accounting principles.

Edgar Filing: TIERONE CORP - Form 11-K

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

TIERONE BANK SAVINGS PLAN

Notes to Financial Statements

December 31, 2005, 2004, and 2003

(1) Description of Plan

The following description of the TierOne Bank (the Bank) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan, established August 1, 1978 and restated as of January 1, 1997, is a defined contribution 401(k) profit sharing plan and is administered by the Employee Benefit Committee. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Bank believes the Plan is in compliance with the requirements of ERISA.

(b) Eligibility

Edgar Filing: TIERONE CORP - Form 11-K

Employees that complete six months of service become eligible for participation in the Plan. The employee must make an election to participate in the Plan and agree to make contributions to the Plan by payroll deductions.

(c) Contributions

Employees can contribute from 1% to 25% of their salary to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. During the first three months of 2003, the Bank contributed 80% of the employee's contribution up to a maximum of 6% of the employee's salary. Beginning April 2003, the Bank decreased its contribution amount to 50% of the employee's contribution up to a maximum of 6% of the employee's salary. The Bank may make additional contributions to the Plan not to exceed the maximum amount deductible from the Bank's income under the Internal Revenue Code. Participants must be employed on December 31 to receive an allocation of the Bank's contribution. Participants direct the investment of their contributions plus the Company's contributions into various investment options offered by the Plan.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Bank's contribution, and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Plan participants become 100% vested in the Bank's matching contributions at three years of service.

(f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a single lump-sum amount equal to the value of the participant's vested interest in the participant's account or as a fixed-period annuity. Participants may also elect to receive a taxable distribution of any part of their contributed vested account balance prior to retirement if plan hardship requirements are met.

TIERONE BANK SAVINGS PLAN

Notes to Financial Statements

December 31, 2005, 2004, and 2003

(g) Forfeitures

For the years ended December 31, 2005, 2004, and 2003, forfeitures in nonvested accounts totaling \$13,171, \$2,372, and \$11,031, respectively, were used to reduce employer contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Each pooled separate account is valued at fair value at the close of each business day. The net investment income (loss) in pooled separate accounts as reflected in the statements of changes in net assets available for benefits consists of realized gains or losses and the unrealized appreciation and depreciation on those investments during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(c) **Payment of Benefits**

Benefits are recorded when paid.

(d) **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(e) **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

(f) **Concentrations of Investments**

Included in the Plan's net assets available for benefits at December 31, 2005 and 2004 are investments in TierOne Corporation common stock amounting to \$10.9 million and \$9.4 million, respectively, whose value could be subject to change based on market conditions.

TIERONE BANK SAVINGS PLAN

Notes to Financial Statements

December 31, 2005, 2004, and 2003

(3) **Investments**

During 2005, 2004, and 2003, net appreciation (depreciation) in fair value of investments was as follows:

	2005	2004	2003
	<u> </u>	<u> </u>	<u> </u>
American Century Income & Growth Account	\$ (76,320)	116,656	106,880

TIERONE BANK SAVINGS PLAN

Notes to Financial Statements

December 31, 2005, 2004, and 2003

The following table presents investments that represent 5% or more of the Plan's net assets:

	<u>2005</u>	<u>2004</u>	<u>2003</u>
Principal Guaranteed Interest Account	\$ 2,330,446	*	2,281,733
Principal Diversified International Account	3,280,119	3,393,882	1,512,240
Principal Money Market Account	*	5,328,517	*
Principal Large Cap Stock Index Account	2,755,494	3,405,911	2,395,837
Principal U.S. Property Account	3,187,887	3,234,589	1,432,811
Principal Bond and Mortgage Account	2,962,668	3,580,316	2,014,884
Principal Partners Large Cap Blend Account	*	2,940,658	*
Principal Partners Large Cap Blend I Account	2,612,877	2,672,885	2,617,111
TierOne Corporation Common Stock	10,924,422	9,427,268	8,943,533

* Did not meet the 5% threshold in the applicable year.

(4) Guaranteed Interest Account with Insurer

The Plan entered into a guaranteed interest account with Principal Life Insurance Company who maintains the contributions in a pooled account. The guaranteed interest account is credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses charged by Principal Life Insurance Company. The guaranteed interest account is included in the financial statements at fair value (which represents contributions made under the contract plus earnings, less withdrawals and expenses) as it is not fully benefit responsive. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates approximated 2.94%, 3.47%, and 4.04% for 2005, 2004, and 2003, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than 0%.

(5) Related Party Transactions

The Plan's investments are shares in pooled funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the administrative services amounted to \$7,059, \$2,935, and \$2,113 for the years ended December 31, 2005, 2004, and 2003, respectively.

(6) Plan Termination

Although it has not expressed any present intention to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7

(Continued)

TIERONE BANK SAVINGS PLAN

Notes to Financial Statements

December 31, 2005, 2004, and 2003

(7) Tax Status

The Internal Revenue Service has determined and informed the Bank by a letter, dated June 19, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(8) Plan Merger

On August 10, 2004, the United Nebraska Financial Co. Salary Reduction Profit Sharing Plan and the United Nebraska Financial Co. Employee Stock Ownership Plan and Trust were merged with the Plan. In connection therewith, \$17,593,580 was transferred to the Plan, which has been reflected as a plan merger in the accompanying statements of changes in net assets available for benefits.
