Under rules of the Securities and Exchange Commission, we are furnishing proxy materials to our shareholders on the Internet, rather than mailing printed copies to our shareholders. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one as instructed in that notice. Instead, the Notice of Internet Availability of Proxy Materials will instruct you as to how you may access and review the proxy materials on the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials.

What is a Proxy?

The Proxy serves as a ballot for elections to our Board, as well as listing information about any other items to be discussed and voted on at the Annual Meeting. It allows an authorized agent to act on your behalf in the event you do not attend the Annual Meeting in person.

Who is entitled to vote?

3. *By Mail*

Mark, sign and date your Proxy Card and return it in the postage-paid envelope that will be provided, or return it to Tennant Company, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717.

4. *In person at the Annual Meeting*

All shareholders may vote in person at the Annual Meeting. Paper ballots will be available for voting at the meeting. Shareholders who hold their shares beneficially in street name, through a broker or bank, may be able to vote by telephone or the Internet as well as by mail. You should follow the instructions received from your broker or bank to vote your shares.

How is my Proxy voted?

Shares represented by Proxy will be voted in the following manner:

As specified by the Proxy, or

Where a Proxy is submitted, but no specification is given, shares will be voted FOR all nominees and proposals in this Proxy Statement.

Why should I vote?

Your vote is important! It ensures that your ownership interests are represented even if you are unable to attend the Annual Meeting in person. A promptly voted Proxy will save us additional solicitation expense.

Can I change my Proxy vote even after it is submitted?

Proxies may be revoked at any time before being voted at the Annual Meeting. The Proxy may be revoked only by use of the following methods:

Sending written notice of revocation to the Company's address listed on page 3 of this Proxy Statement

Revoking in person at the Annual Meeting

Delivering a later dated Proxy to an officer of the Company

Personal attendance and voting in person will not revoke a written Proxy.

How many votes are needed to hold the Annual Meeting?

The meeting can take place when holders of a majority of the outstanding common stock, either in person or by Proxy, are present at the meeting. This is known as a quorum. Abstentions and broker non-votes will be counted as present when determining whether a quorum exists.

How many votes are needed to elect directors?

As established by Minnesota Statute 302A.215, the affirmative vote of a plurality of outstanding shares present and entitled to vote is required to elect each director nominated. The director nominees with the most votes will be elected. If you (or a broker), either in person or by Proxy, withhold or do not give authority to vote for a director, your shares will not be voted in favor of such director nominee.

How many votes are needed to ratify KPMG as the independent registered public accounting firm for our Company?

Edgar Filing: TENNANT CO - Form DEF 14A

The affirmative vote of the holders of a majority of outstanding shares present and entitled to vote is required to ratify the appointment of KPMG as our independent registered accounting firm. For this

purpose, a shareholder voting through a Proxy who abstains with respect to ratification of KPMG is considered to be present and entitled to vote, and is in effect a negative vote; however, broker non-votes will not be counted as votes on this matter and will have no effect.

How many votes are needed to approve our 2010 Stock Incentive Plan?

The affirmative vote of the holders of a majority of the outstanding shares present and entitled to vote is required for approval of the 2010 Stock Incentive Plan. For this purpose, a shareholder voting through a Proxy who abstains with respect to approval of the plan is considered to be present and entitled to vote on the approval of the plan at the Annual Meeting, and is in effect a negative vote. Under New York Stock Exchange rules, the votes cast on this proposal must exceed 50 percent of all shares entitled to vote. Accordingly, a shareholder who does not give authority to a Proxy to vote, including a broker non-vote, on the approval of the plan shall have the effect of a negative vote.

Can my broker vote my shares on behalf without receiving voting instructions from me?

The election of directors and approval of the 2010 Stock Incentive Plan will be considered proposals on which your broker does not have discretionary authority to vote. Thus, if your shares are held in street name and you do not provide instructions as to how your shares are to be voted on these matters, your broker or other nominee will not be able to vote your shares in these matters. Accordingly, we urge you to provide instructions to your broker or nominee so that your votes may be counted on these matters. You should vote your shares by following the instructions provided on the voting instruction card that you receive from your broker.

Who can solicit Proxies?

To assist us in soliciting Proxies for the Annual Meeting, we have retained Morrow & Co., LLC, for a total fee not to exceed \$8,000 plus out-of-pocket expenses. Solicitation will be principally sent by mail. Officers or employees of our Company may also solicit Proxies personally, by telephone, or special letter from some shareholders.

Meeting Attendance

During 2009, our Board met on six occasions. All incumbent directors attended at least 80% of Board and respective Committee meetings on which they serve.

As set forth in our Corporate Governance Principles, all members of our Board are encouraged to attend all annual meetings of shareholders. All of the directors attended the 2009 Annual Meeting of Shareholders, except Mr. Russell, whose term expired at that meeting.

Director Independence

Our Board uses criteria established by the New York Stock Exchange and the Securities and Exchange Commission to determine director independence. The Governance Committee reviews relevant information no less than annually to determine whether the Board members meet the applicable criteria. Our Board has determined that Ms. Eicher and Messrs. Austen, Balagna, Hale, Mathieson, Mulligan, Shank, Sonnenberg and Wichmann are independent based on the standards referred to above.

The only relationships that exist between our directors and our Company or management are ordinary course of business commercial transactions involving the purchase of the Company's products and product maintenance services by companies that employ certain of our directors or our purchase of products and services from companies that employ certain of our directors. These transactions were considered by our Board in determining the independence of our Directors. The Board considered the fact that in 2009, Mr. Balagna was an executive officer of Carlson Marketing Worldwide, Ms. Eicher was an executive officer of Rohm & Haas Company and The Dow Chemical Company, Mr. Mathieson was an executive officer of RSC Holdings, Inc., and Mr. Mulligan was an executive officer of General Mills, Inc., and that their respective companies purchased goods and product maintenance services from us in 2009 in amounts that were less than 2% of our gross revenues (which are greater than \$1 million) for the year. Based on the relevant facts and circumstances, neither Messrs. Balagna, Mathieson, Mulligan, nor Ms. Eicher has a material interest in these transactions. In addition, certain of our other non-management directors are affiliated with entities that have business relationships with us involving the purchase and sale of products and product maintenance services; however, the amounts were less than \$120,000 in

2009. The Board also considered that the Company has purchased vision insurance from a subsidiary of UnitedHealth Group, Mr. Wichmann's employer. Based on the relevant facts and circumstances, Mr. Wichmann does not have a material interest in these transactions. Furthermore, the vision insurance purchased by the Company is a standard insurance product with customary premiums and no advisory services are being provided by UnitedHealth Group. The amounts we paid UnitedHealth Group for these services in 2009 were less than 2% of UnitedHealth Group's gross revenues (which are greater than \$1 million).

The Board was provided with this information and concluded that none of the relationships interfere with the independence of these Directors or present a conflict of interest.

Board Leadership Structure

Our Board has four standing committees: Audit, Compensation, Governance and Executive. Each of the Board committees is comprised solely of independent directors with each committee having its own chair.

Our President and Chief Executive Officer (CEO), Mr. Killingstad, is a member of the Board. However, as was the case with his predecessor, he has not been appointed as Chair. Historically, the CEO has worked closely with the Chair of the Executive Committee to set and approve the agenda of the Board meetings to ensure that there is an appropriate flow of information to the Board and to make sure that management properly and adequately addresses matters of interest to the Board. Mr. Killingstad conducts the actual Board meetings but up until the recent appointment of a Lead Director, the Chair of the Executive Committee conducted the Executive Committee of the Board, which consists of all non-management directors. The positions of the Lead Director and Chair of the Executive Committee are currently combined.

The Board appointed Stephen Shank as Lead Director in August 2009, recognizing that, as Chair of the Executive Committee, he had already essentially been performing this role. The Board's criterion for Lead Director is that he or she must be an independent director appointed by the Board. The role of the Lead Director is to provide independent leadership to the Board, act as a liaison between the non-management directors and the Company and ensure that the Board operates independently of management. The Lead Director is appointed for a one-year term, but the Board retains the right to remove or replace the Lead Director in its discretion. The person serving as Chair of the Executive Committee shall typically also be the Lead Director, unless the Board decides otherwise.

The principal responsibilities assigned to the Lead Director include:

- Chairing the Board in the absence of the CEO;

- Organizing and presiding over all executive sessions of the Board;

- Serving as liaison between the non-management members of the Board and the CEO;

- In concert with the CEO and other directors, setting and approving the agenda for Board meetings, including approval of schedules to assure sufficient time for discussion of all agenda items;

- In concert with the CEO and committee chairs, ensuring the appropriate flow of information to the Board and reviewing the adequacy and timing of documentary materials provided to the Board;

- Communicating to management as appropriate the results of private discussions among independent directors;

- Holding one-on-one discussions with individual directors where requested by the directors or the Board;

- Ensuring his or her availability for consultation and direct communication with major shareholders, if requested by such shareholders; and

- Carrying out other duties as requested by the Board.

The Board has chosen this leadership structure because it believes that it fosters good communication between management and the Board, provides strong independent leadership to oversee

and challenge management and provides the optimal level of Board involvement in strategic decision making and risk oversight.

Board's Role in Risk Oversight

The Board takes an active role in risk oversight of the Company both as a full Board and through its Committees. The agendas for the Board and Committee meetings are specifically designed to include an assessment of opportunities and risks inherent in the Company's operations, strategies and compensation plans. The Board meets in executive session after each regularly scheduled Board meeting to, among other things, assess the quality of the meetings and to collect feedback for the Lead Director to present to the CEO and management. Such feedback includes any requests for specific information to assist the Board in carrying out its duties, including risk oversight. We believe that the process followed by our independent directors and led by our Lead Director provides an appropriate level of Board oversight of risk.

In addition, the Company conducts an annual enterprise-wide risk assessment. A formal report is delivered to the Audit Committee and to the Board each December. Risk assessment updates are provided at each regularly scheduled quarterly Board meeting and more frequently if requested by the Board or recommended by management. The objectives for the risk assessment process include (i) facilitating the New York Stock Exchange governance requirement that the Audit Committee discuss policies around risk assessment and risk management, (ii) developing a defined list of key risks to be shared with the Audit Committee, Board and senior management, (iii) determining whether there are risks that require additional or higher priority mitigation efforts, (iv) facilitating discussion of the risk factors to be included in Item 1A of our Annual Report on Form 10-K, and (v) guiding the development of the next year's audit plans.

In 2009, the risk assessment process was conducted by members of our outsourced internal auditor, along with members of an internal risk committee (Risk Committee) consisting of senior level staff from the legal, finance and risk departments. Members of the Risk Committee and our internal auditor interviewed key department and functional leaders from all sections of the Company to identify and evaluate risks and the steps being taken to mitigate the risks. Any identified risks were prioritized based on the potential exposure to the business, measured as a function of severity of impact and likelihood of occurrence. The process included evaluating management's preparedness to respond to the risk if realized. The risk profiles and current and future mitigating actions were discussed and refined during subsequent discussions with senior management. A summary of the results of the risk assessment process and our risk mitigation activities was presented to the Audit Committee, provided to the full Board, and discussed by the Board in executive session. Management responded to Board requests for further information and additional mitigation plans.

Board Committees

As mentioned above, we have the four standing committees of the Board: Audit, Compensation, Governance and Executive. Membership on these committees is limited to independent directors. The Board has determined that each of our committee members is free of any relationship that would interfere with their exercise of independent judgment, and is an independent director within the meaning of the listing standards of the New York Stock Exchange and applicable Securities and Exchange Commission regulations, and if applicable, certain Internal Revenue Code provisions.

Audit Committee

The Audit Committee is comprised of David Mathieson (Chair), Jeffrey A. Balagna, Carol S. Eicher, Donal L. Mulligan, and David S. Wichmann.

The Board utilizes the listing standards of the New York Stock Exchange to determine whether the Audit Committee members possess the requisite financial literacy to serve on the Committee. The Board has determined that all Audit Committee members are financially literate and independent.

Edgar Filing: TENNANT CO - Form DEF 14A

At least one member of the Audit Committee must have accounting or related financial management expertise as required by New York Stock Exchange rules. The Audit Committee endeavors to have at all times a member who qualifies as an audit committee financial expert as defined by the Securities and Exchange Commission. Our Board has determined that Messrs. Mathieson, Mulligan and Wichmann satisfy the requirements of an audit committee financial expert and that their expertise has been acquired through training and relevant experience.

The Audit Committee operates under a written charter adopted by our Board, which was most recently amended on February 17, 2010. The Audit Committee is required to meet no less than four times throughout the year and in 2009 met on ten occasions.

The primary functions of the Audit Committee are to oversee:

- The integrity of our financial statements,
- Our compliance with legal and regulatory requirements,
- The independent registered public accounting firm's qualifications, independence and performance,
- The performance of our internal audit function,
- Our system of internal controls over financial reporting, and
- Our risk assessment and management policies.

Compensation Committee

The Compensation Committee for 2009 was comprised of Stephen G. Shank (Chair), William F. Austen, James T. Hale and Steven A. Sonnenberg. David S. Wichmann joined the Committee in February of 2010.

The Compensation Committee operates under a written charter adopted by the Board, which was most recently amended on February 17, 2010. The Compensation Committee is required to meet no less than two times throughout the year and in 2009 met on three occasions.

The primary functions of the Compensation Committee are to assist us in maximizing shareholder value by ensuring that executive officers are compensated in accordance with our philosophy, objectives and policies. Specifically, the Compensation Committee has established a total compensation policy that:

- Supports our overall strategy and objectives,
- Attracts and retains key executive officers,
- Links total compensation to financial performance and the attainment of strategic objectives,
- Provides competitive total compensation opportunities at a reasonable cost while enhancing shareholder value creation, and
- Discourages risk-taking behavior that would be likely to have a material adverse effect on our Company.

The Compensation Committee sets the compensation for our key executive officers and evaluates their compensation against performance goals and objectives. The Committee also recommends pay levels for non-management directors including retainers, fees, and benefits for vote by the full Board. Given the inherent conflict of directors setting their own pay levels, these recommendations are reviewed by third parties such as our human resources department and outside consultants.

Use of Outside Compensation Consultants

The Compensation Committee engages outside compensation consultants to assist it in the performance of its duties. In July of 2008, the Compensation Committee retained Hewitt Associates LLP (Hewitt) to provide independent compensation consulting services with respect to 2009 executive compensation, bonus plans and other matters regarding the Company's executive compensation and equity plans as well as to study and make recommendations regarding non-management director compensation. The Committee also specifically requested that Hewitt (i) consider and make recommendations regarding the Company's comparator group based upon size and industry, (ii) propose a simplified market- and performance-based compensation program for 2009, and (iii) propose revised

short-term and long-term incentive plans to better address the Company's strategic priorities. In August of 2009, the Committee retained Hewitt to advise it on 2010 executive and non-management director compensation including (i) making recommendations regarding the form and amounts of executive officer and non-management director compensation, (ii) providing market and performance data as a backdrop to the Committee's decisions regarding executive officer and non-management director compensation, and (iii) advising the Committee as to best practices and recent legal and regulatory considerations regarding executive officer and non-management director compensation.

Hewitt reports directly to the Compensation Committee and works collaboratively, as directed by the Chair of the Committee, with management. Hewitt's primary responsibilities include providing market data and interpretive information on executive compensation best practices and trends and background information for recommendations on compensation packages for the executive officers.

The Compensation Committee annually evaluates Hewitt's ability to provide independent advice and has concluded that Hewitt was independent with regard to the services it provided to the Committee in 2009 because (i) it reported directly to the Committee; (ii) the Committee could solicit advice and consultation without management's direct involvement; and (iii) the majority of the work performed by Hewitt in 2009 was work requested by the Committee. The Committee was aware of occasional work performed for management regarding general human resources projects but believes that such projects are immaterial and did not compromise Hewitt's independence. In 2009, such work on non-executive compensation matters resulted in fees of less than \$120,000.

The Compensation Committee has established a process to limit potential conflicts of interest should management desire to seek advice from the Committee's retained outside compensation consultant for non-executive compensation matters. Specifically, the Committee determined that if management desires to use the consultant to provide any advice on non-executive compensation matters, the consultant shall contact the Chair and inform the Chair of such request for non-executive compensation services. The Committee delegated to the Chair the authority to make a decision as to whether the service is appropriate. The Chair is required to inform the Committee of any such request or approval granted no later than at the next scheduled meeting of the Compensation Committee. The outside consultant, no less than annually, must provide a summary to the Committee describing any non-executive compensation services provided to the Company.

Additional information about the role of the compensation consultant is set forth below under Compensation Discussion and Analysis, Compensation Determination Process.

Governance Committee

The Governance Committee in 2009 was comprised of James T. Hale (Chair), William F. Austen, David Mathieson, Stephen G. Shank and Steven A. Sonnenberg. Carol S. Eicher joined the Committee in February of 2010.

The Governance Committee operates under a written charter adopted by our Board, which was most recently amended on February 18, 2004. The Governance Committee does not have a required number of meetings. In 2009, the Governance Committee met on three occasions.

The primary purpose of the Governance Committee is to:

- Assist the Board in identifying individuals qualified to become Board members,
- Determine the composition of the Board and its Committees,
- Lead the Board in its annual review of the Board's performance, and
- Develop and recommend to the Board our Corporate Governance Principles.

Executive Committee

The Executive Committee is comprised of Stephen G. Shank (Chair), William F. Austen, Jeffrey A. Balagna, Carol S. Eicher, James T. Hale, David Mathieson, Donal L. Mulligan, Steven A. Sonnenberg,

and David S. Wichmann, constituting all of the independent, non-management directors. Mr. Shank, as Chair and Lead Director, presides at the Executive Committee meetings.

The Executive Committee operates under a written charter adopted by the Board which was most recently amended on February 18, 2004. The Executive Committee is to meet no less than four times throughout the year and in 2009 met on four occasions following regularly scheduled Board meetings, which constitute executive sessions.

The primary purpose of the Executive Committee is to review such matters and take such actions as are appropriate to be reviewed or taken by the non-management directors of the Board, including the annual review of the CEO's performance and the review and approval of our management succession plan.

Board and Committee Member Nominations, Appointments and Qualifications

Committee Appointments

Our Board appoints members of its Committees annually upon recommendation of the Governance Committee after taking into account the desires, experiences and expertise of individual directors, the recommendations of the CEO and the benefits of rotating Committee membership.

Director Nomination Process

The Governance Committee of the Board is responsible for recommending nominees for election to the Board. As required by our Corporate Governance Principles, this Committee is responsible for reviewing with our Board, on an annual basis, the requisite skills and characteristics of individual members. The Committee must also balance the composition of the Board as a whole with the needs of our Company. The Governance Committee reviews all director nominees and recommends to the Board those persons whose attributes it believes are most beneficial to our Company.

The Committee's assessment of each director nominee takes into consideration the needs of the Board, the ability to effectively represent the shareholders and stakeholders generally, as well as the following attributes:

Experience	Skills
Diversity	Competence
Integrity	Dedication

The Board does not have a policy with regard to the consideration of diversity in identifying director nominees; however, as indicated above, diversity is one of the factors that the Board takes into consideration when assessing director nominees. In that regard, the Board defines diversity broadly to include race, gender, national origin, functional experience, geographic representation and personal skills and attributes. The Board looks for candidates who have public company experience, have a history of demonstrating strong and ethical leadership, are sufficiently senior and adept at understanding and evaluating strategic and operational risks and have the expertise to create a well-rounded board. During the last five years, the Board has sought to identify, appoint and nominate for shareholder approval candidates with expertise in global expansion, global sales and marketing, mergers and acquisitions, manufacturing and operations, process improvement, financial expertise, and corporate governance.

The Committee also considers our Corporate Governance Principles, which include the following factors when considering director nominees:

The size of the Board	Other board service
Directors with job changes	Retirement
Director terms	Independence matters

Edgar Filing: TENNANT CO - Form DEF 14A

Once a recommendation is made by the Governance Committee, it is reviewed by the full Board. In making its decision to nominate directors, the Board considers all of the above factors.

Director Qualifications

All of our directors meet the expectations described above and in addition, each has a particular area of expertise that is of value to the Company and has led to a well-rounded Board. The following describes the particular experience, qualifications, attributes or skills that led the Board to conclude that each of our directors should serve as a director of the Company.

Mr. Austen brings a broad strategic perspective as one of the top leaders at Bemis Company where he serves as Vice President, Operations. He is a talented leader in global manufacturing and operations with experience in global mergers, acquisitions and business integration. This experience is relevant to our business due to our international operations and growth through acquisitions.

Mr. Balagna has a history of demonstrated leadership in global operations, marketing and technology in his roles at Carlson Marketing Worldwide, Carlson Companies, Medtronic, Inc., and General Electric. His wide-ranging expertise and strong process improvement skills are particularly valuable as we seek to improve our underlying business processes and build a more scalable business model to support global expansion.

Ms. Eicher brings a wealth of global manufacturing, operations and merger and acquisition experience from her senior leadership positions at The Dow Chemical Company, Rohm and Hass Company, Ashland Chemical Company and E.I. DuPont de Nemours and Company, Inc. In addition, she has led expansion efforts in developing countries and can provide insights as to the issues we may face as we expand our presence in Brazil, Russia, India, China, the Middle East and other developing countries.

Mr. Hale, the former General Counsel and Executive Vice President of Target Corporation, has significant experience working with public company corporate governance and he continues to speak nationally on corporate governance. As part of his past legal experience in private practice and in-house at General Mills, Inc., and Target Corporation, he has also acquired significant experience with mergers and acquisitions, an important component of our growth strategy.

Mr. Killingstad, our President and CEO, through his work with General Electric, PepsiCo, Inc. and The Pillsbury Company, as well as with the Company, has led global expansion and turnaround efforts and has developed expertise in the areas of product innovation, brand marketing and building strong leadership teams. He has also developed and grown start-up enterprises within a corporate environment, a skill that he is applying to our chemical-free business expansion.

Mr. Mathieson, a Scottish native, brings global financial expertise from his role of Chief Financial Officer in RSC Holdings, Inc., and several multinational public companies, including Brady Corporation and Honeywell, Inc. In addition he has led global acquisition teams and implemented systematic processes to measure and enhance operational effectiveness, a skill set that has proved invaluable to us as we have cut costs and sought to make our internal operations more scalable.

Mr. Mulligan, the most recent addition to the Board, is the Executive Vice President and Chief Financial Officer for General Mills, Inc. He was selected by the Board not only because of his financial expertise and his various senior financial and operations leadership positions at large multinational public companies, but because of his knowledge in developing, marketing and branding innovative products, which is particularly relevant to our business, which involves the regular introduction of new products to the market.

Mr. Shank has a unique background and skills that qualify him not only to be on the Board, but to serve in the role of Lead Director. He was a corporate lawyer with Dorsey & Whitney, a well-recognized Minneapolis law firm, served as General Counsel and then became the CEO of Tonka

Corporation, and developed and took public one of the first successful accredited online universities, Capella Education Company. He has been CEO and Chair of Capella and recently retired, but will continue to serve on Capella's board. He is able to devote considerable attention to our Company matters and brings a visionary yet disciplined approach to our business.

Mr. Sonnenberg is an expert in global sales, operations and expansion. His leadership roles with Emerson Electric Company and its various divisions have helped him acquire a specific expertise in process improvement, grounded in systems and metrics that are critical to successful, scalable growth and expansion, which applies directly to our recent process improvement and growth initiatives.

Mr. Wichmann, who is new to the Board this year, was selected by the Board for his global financial and operations expertise. In addition to being a seasoned senior executive with the UnitedHealth Group, he has experience across multiple businesses through his early consulting practice with Arthur Anderson and as Chief Executive Officer of a company in the same business segment as our Company.

As noted above, the Governance Committee and the Board appointed two new directors in 2009, Mr. Mulligan and Mr. Wichmann. The Board specifically sought candidates with global and strategic financial expertise who could serve on our Audit Committee and sought individuals with a reputation for effective and ethical leadership, as well as an understanding of strategic risk. Although the Board has previously retained search firms to assist in the identification of candidates, this year it used an internally developed search process led by the Governance Committee to support the Company's commitment to reducing expenses given the state of the economy in 2009. The process included research into chief financial officers and other senior management with financial and leadership expertise at Minnesota public companies, a review of the results, and interviews of potential candidates. Mr. Mulligan and Mr. Wichmann, both of whom were identified by non-management directors, were selected and nominated because they met the above criteria and brought the specific expertise described above.

Shareholder Nominations

The Governance Committee will consider director candidates recommended by shareholders. Shareholder recommendations must be accompanied by a sufficiently detailed description of the candidate's background and qualifications. The Committee will evaluate the candidate using the same aforementioned criteria. To recommend a qualified candidate, shareholders should write to the Chair of the Governance Committee at our principal executive office listed on page 3.

If a shareholder wishes to nominate a director other than a person nominated by the Board of Directors, under our Restated Articles of Incorporation a shareholder of record must submit to our secretary a written request that a person's name be placed in nomination. This request must be received not less than 75 days prior to the date fixed for the meeting, along with the written consent of the proposed nominee to serve as a director.

Communication with the Board of Directors

All interested parties, including shareholders, may communicate with the independent members of the Board by writing to the Lead Director at:

Director Compensation for 2009

Non-management directors are compensated with an annual cash retainer of \$30,000, meeting fees of \$1,000 per meeting, and annual grants of 1,500 shares of restricted stock and 2,000 stock options. Committee chairs receive an additional cash stipend of \$5,000, except for the Audit Committee chair, who receives a \$10,000 stipend. Fees earned may be paid in cash or elected to be deferred under the Tennant Company Executive Non-Qualified Deferred Compensation Plan. For additional information on this plan, see the Non-Qualified Deferred Compensation discussion under Compensation Discussion and Analysis, Compensation Elements, Other Plans, Agreements and Special Payments, Non-Qualified Deferred Compensation.

With the exception of meeting fees, all other compensation paid to our directors who joined the Board between annual shareholder meetings is pro-rated for partial years of Board service. All directors operate under this compensation arrangement. Each Board Year commences on the date of the annual meeting of shareholders in such year.

This non-management director compensation package is reviewed periodically by the Compensation Committee and the Board using external data derived from the outside compensation consultant's review of proxy and survey data from the same sources as used in the executive compensation determination process. See, Compensation Discussion and Analysis, Compensation Determination Process. The Board elected to maintain the above-described compensation package for the Board years commencing with the 2008 and 2009 annual shareholder meetings.

The Board adopted a stock ownership goal for non-management directors of five times their annual cash retainer paid by the Company, to be attained within five years from the date of election to the Board. Progress toward these ownership grants is measured once each year at the time of the February Board meeting. Ownership levels are calculated using the estimated after-tax value of restricted and unrestricted shares and the potential gains from vested and unvested options, as of the close of market on December 31 of the year immediately preceding the year of calculation. Directors who have served on our Board for five years or more have achieved their goals. Newer Board members are on pace for achieving their ownership targets within the five-year period.

ITEM 1 ELECTION OF DIRECTORS

Our Restated Articles of Incorporation state that directors are elected for staggered three-year terms, with approximately one-third of the directors elected each year.

At the Annual Meeting, three directors are to be elected. If elected, each will serve a three-year term to expire at the time of the Annual Meeting in 2013 and, in each case, until their successors are elected and have qualified. Each nominee has expressed his willingness to serve. In the event that any of the nominees is not a candidate at the Annual Meeting, it is the intention of the named Proxies on the enclosed Proxy Card to vote in favor of the remaining named nominees and to vote for a substitute nominee selected by the Governance Committee.

Our Board upon recommendation of the Governance Committee, has designated William F. Austen, James T. Hale and H. Chris Killingstad as nominees for election at the 2010 Annual Meeting to serve a three-year term expiring in 2013.

Our Board of Directors, upon recommendation of the Governance Committee, recommends a vote FOR each of the director nominees.

EXECUTIVE COMPENSATION INFORMATION

Compensation Discussion and Analysis

Overview

The Compensation Committee of our Board (the Committee) administers and makes decisions regarding our executive compensation and benefit programs. The following discussion should be read in conjunction with the Summary Compensation Table and related tables and footnote disclosure setting forth the compensation of our CEO and other executive officers named in the Summary Compensation Table (the Named Executives).

As a result of the economic conditions at the start of 2009, the Committee decided, taking into account the recommendation of management, that in 2009 there would be no increase of the base

salaries for our executive officers, including our Named Executives. Our executive officers received no incentive payments in 2009 from either the 2008 Short-Term Incentive Plan (STIP) or the 2006-2008 Long-Term Incentive Plan (LTIP) because the global economic downturn in 2008 resulted in no year-over-year Economic Profit (EP) improvement. No incentive payments were earned under the 2007-2009 LTIP for the same reason, and we anticipate that the 2008-2010 LTIP will also be negatively impacted by our 2008 performance. For a detailed description of the STIP, LTIP and definition of EP, see the Short-Term Incentive Plans and Long-Term Incentive Plans sections under Compensation Elements.

In early 2009, the Committee approved new performance metrics for the 2009 STIP, reflecting the then current economic conditions and a desire to focus management incentives on improving the Company's operating profit (OP) and operating cash flow (OCF). The design of the 2009 LTIP focused on stock appreciation for the 2009-2011 fiscal years and consisted of a mix of stock options, restricted stock units payable in cash and restricted stock. For more details, see the Short-Term Incentive Plans and Long-Term Incentive Plans sections under Compensation Elements.

For 2009, with respect to the STIP, the Company's OP goal was \$10,900,000 (weighted 70%) and its OCF goal was \$23,100,000 (weighted 30%). Achieving these goals would have entitled the executive officers to earn 75% of their target payout. The Company exceeded these goals resulting in a payout of 135-140% of the Named Executives' target bonus. Additional information on the 2009 STIP payout and calculation is discussed in the 2009 STIP section under Short-Term Incentive Plans.

For 2010, the Committee used the same basic plan design as implemented in 2009 with the following changes. The OCF metric used in the 2009 STIP was replaced by a working capital metric. The 2010-2012 LTIP was revised to replace the time-based Restricted Stock Units (RSUs) with performance-based RSUs that are paid in cash at the end of the three years if the performance target is achieved. The performance target used for the 2010-2012 RSUs is a return on invested capital (ROIC) relative to internal and peer group performance metrics. Additional information on the 2010 STIP design is discussed in the 2010 STIP section under Short-Term Incentive Plans. Additional information on the 2010 LTIP design is discussed in the 2010 LTIP section under Long-Term Incentive Plans.

Compensation Objectives

Our overall objective is to align executive compensation with the short- and long-term goals of our Company and our shareholders. In addition, we seek to offer a program that provides a comprehensive compensation package that is competitive with those of similarly-sized U.S. durable goods manufacturing companies. Our compensation programs take into account that an executive's actual compensation level may be greater or less than average competitive levels based on our annual and long-term financial performance against pre-established goals, the individual's performance against financial goals, and the individual's scope of responsibilities.

Specifically, our compensation programs are designed to:

Create a relationship between pay and performance by providing a strong link between our short- and long-term business goals and executive compensation,

Attract and retain high-caliber key executive officers who can create long-term financial success for our Company and enhance shareholder return,

Motivate executive officers to achieve our goals by placing a significant portion of pay at risk,

Align the interests of executive officers with those of our shareholders by providing a significant portion of compensation in stock-based awards, and

Discourage risk-taking behavior that would be likely to have a material adverse effect on our Company.

Compensation Determination Process

The Committee typically meets two to three times a year to consider various aspects of executive and non-management director compensation. Among other things, it decides how to allocate executive compensation between base salary, short-term and long-term variable pay, and equity awards (together, Total Compensation), and also determines the target level of Total Compensation for each executive. The Committee seeks to set Total Compensation and the allocation between each element so that it is consistent with our compensation objectives.

When setting the executive officers' Total Compensation, the Committee considers both internal and external data. It receives information from our human resources department and the CEO regarding (i) each executive officer's performance, tenure, experience, management capabilities and contributions to our operations, and (ii) the tactical and strategic value to us of specific skill sets of certain key executives. The Compensation Committee and the Executive Committee also obtain detailed information about the performance of the CEO from the human resources and finance departments, the CEO and Hewitt. The Committee receives external reference data, primarily in the form of competitive market data, from its outside compensation consultant. Since 2008, the Committee has used Hewitt to provide such external market information. See discussion regarding Use of Outside Compensation Consultants under the Compensation Committee description. For 2009 and 2010, the Committee reviewed competitive market data drawn from the proxy data of the comparator group identified below, the survey data from the Hewitt Total Compensation Measurement™ database (Survey Data), and Hewitt's analysis of the collected data.

Comparator Group

The comparator group used for benchmarking 2009 Total Compensation for the Named Executives and for our non-management director compensation is comprised of companies that (i) have annual revenues in line with ours, (ii) have a global presence, (iii) are in the same general industry as us, and (iv) are contained in Hewitt's proprietary survey database, thereby giving the Committee access to detailed compensation and plan design information.

The 22 companies that make up our current comparator group are:

Ameron International
Chart Industries, Inc.
Circor International, Inc.
Donaldson Company, Inc.
Esco Technologies, Inc.
Federal Signal Corporation
H.B. Fuller Company
Graco, Inc.
Johnson Outdoors, Inc.
Kaydon Corporation
Milacron, Inc.

Mueller Water Products, Inc.
Nordson Corporation
Omnova Solutions, Inc.
Polaris Industries, Inc.
Robbins & Myers, Inc.
Sauer-Danfoss, Inc.
Thermadyne Holdings Corporation
Treadgear Corporation
Trimas Corporation
Valmont Industries, Inc.
Zep, Inc.

Setting Compensation Levels

For 2009, the Committee used the external reference data described above to benchmark the positions of all of the Named Executives. This reference data is one of the many factors considered by the Committee and provides a contextual backdrop for the Committee's deliberations. Management uses the reference data to provide an estimate of the range of possible Total Compensation for an executive with similar duties at a company similar to us in size, scope and complexity.

As previously described, our compensation programs also take into account that an executive's actual compensation level may be higher or lower than a market-based target for Total Compensation based on our annual and long-term financial performance against pre-established goals, the individual's performance against financial goals, and the individual's scope of responsibilities. Internal data regarding areas of responsibility, strategic contributions and performance are key drivers in setting Total

Compensation for our Named Executives. The Committee compares each Named Executive's experience and responsibilities to determine a relative ranking among the Named Executives, in an effort to create internal pay equity.

For 2009, the Committee established target Total Compensation for the individual Named Executives based on the relevant internal and external data and the above-described factors. The Committee generally placed our Named Executives into four tiers for Total Compensation. The most highly paid Named Executive was our President and Chief Executive Officer, Chris Killingstad, due to his key role in setting the strategic direction of the Company and driving the Company's overall performance. The Committee's intent was that the next most highly paid Named Executive be our Chief Financial Officer, Tom Paulson, due in large part to the fact that Mr. Paulson has a broader role than a typical CFO and in fact performs many of the functions of a typical chief operating officer, including overseeing our information technologies group. The Vice President of International, Karel Huijser, and Vice President of Global Operations, Don Westman, comprised the third tier; and our Vice President of Administration, Thomas Dybsky, was in the fourth tier for Total Compensation. Despite the intended tiering described above, Mr. Huijser's Total Compensation is above that of many of the Named Executives due to the fact that (i) he receives perquisites not paid to other officers because of the different compensation package structures common for a person in his position based in Europe, and (ii) he is paid in Euros and his relative position in terms of U.S. dollars is affected by fluctuations in the value of the Euro.

As part of the process in setting Total Compensation each year, the Committee also determines the relative mix for each Named Executive between fixed compensation and variable compensation, keeping in mind our compensation objectives. The Committee has increased the relative proportion of each executive officer's variable compensation over the past several years in an effort to increase the amount of the executive officer's Total Compensation at risk. This reflects the Committee's belief that as an executive officer's scope and level within the organization increases so does their ability to impact our financial results and increase shareholder value. With this in mind for 2009, Mr. Killingstad's target Total Compensation was allocated approximately 68% to variable compensation and 32% to fixed compensation, and Mr. Paulson's target Total Compensation was allocated 50% to each component. For each of the other Named Executives their Total Compensation was allocated approximately 45% to variable compensation and 55% to fixed compensation.

Role of the Committee and the Executive Officers in the Compensation Process

The Committee ensures that our executive compensation and benefit programs are consistent with our compensation philosophy and other corporate goals and makes decisions regarding our Named Executives' compensation and, subject to final approval from the Executive Committee, our CEO's compensation. It is responsible for approving the Named Executives' Total Compensation and analyzing other benefits and perquisites for executive officers.

The Committee conducts a comprehensive review of Named Executive compensation in February of each year. The Committee deliberates in executive session to determine the level of Total Compensation for the CEO to be recommended to the Board. The Executive Committee of the Board completes an annual performance evaluation on Mr. Killingstad in February of each year and reviews other internal performance evaluations, a competitive market analysis and information provided by Hewitt and by our human resources staff which includes our Vice President, Administration. For the other Named Executives, the Committee takes into consideration the recommendations of the CEO, based on Company and individual performance evaluations, competitive market data and feedback provided by Hewitt and by our Vice President, Administration.

Compensation Elements

We seek to achieve our compensation objectives using the following elements of compensation:

Annual Compensation

Base Salary

On an annual basis, the Committee determines base salaries for executive officers including the Named Executives. We use base salaries to provide competitive compensation to attract and retain talented executive officers. The Committee considers the following factors in setting annual base salaries:

The individual's experience and scope of responsibility,

The individual's level of performance,

Any promotions or increases in responsibility, and

Competitive salaries within the market, drawing on data from our compensation survey analysis and our comparator group.

For 2009, at the request of management and in response to the current global economic downturn, the Committee awarded no increases in annual base salary for the executive officers including the Named Executives. The decision not to increase base salaries was solely based on economic conditions and did not reflect a decision that the executive officers did not merit an increase based on market data or other factors.

For 2010, the Committee approved 3% raises to all the Named Executives, effective April 1, 2010. These raises are subject to being delayed should the Company postpone the reinstitution of merit increases for non-executive employees past April 1, 2010.

Short-Term Incentive Plans

2009 STIP

Bonus awards under the STIP are paid in cash and dependent on achievement of annual performance goals established by the Committee for the Company or the relevant business line. Our 2009 STIP used Operating Profit (OP) (weighted 70%) and Operating Cash Flow (OCF) (weighted 30%) to evaluate the Company's annual financial performance. OP is determined by measuring gross sales minus operating expenses, which includes the cost of sales and selling and administration expenses. OCF is determined by calculating earnings before interest (with depreciation and amortization included) minus taxes. The Committee selected these metrics because they (i) balance growth and continued operational improvement, (ii) directly measure results that would be impacted by strong performance of management, and (iii) are broadly used by other companies, easily understood by investors and reflect compensation-setting best practices. With respect to our STIP, the Committee has authority to interpret the plan and adjust the metrics and take other actions in its sole discretion to assure that the plan operates consistently with the Committee's goals, so long as its actions do not cause awards under the plan to fail to qualify as performance-based compensation.

Target bonus levels under the 2009 STIP were set as a percentage of a Named Executive's base salary. For 2009, the Named Executive's target STIP percentages were increased reflecting the Committee's attempt to bring the Named Executive's Total Compensation closer to the median of the external reference data. The Named Executive's target bonus levels were increased as follows: our CEO's target was increased from 85% to 115% of annual base salary; our Vice President, Chief Financial Officer's target was increased from 50% to 60% of annual base salary; our Vice President, Global Operations and our Vice President, International were increased from 45% to 50% of annual base salary; and our Vice President, Administration was

increased from 40% to 45% of annual base salary. All Named Executives, except the Vice President, International, remained below the median for short-term incentive compensation after this change. The target bonus levels for the Named Executives vary for the reasons discussed in the Setting Compensation Levels section under Compensation Determination Process.

Generally, the STIP target payout for the executive officers is based 100% on the financial performance of the Company as a whole; however, for Mr. Huijser, 70% of his 2009 target bonus was tied to financial results of the Company as a whole and 30% of his 2009 target bonus was tied to the financial results of the international business.

The 2009 STIP provided that bonus payments could exceed the targeted level, but could not exceed a payment of \$2,000,000 per executive officer, the cap provided in our shareholder-approved 2009 short-term incentive plan. Additionally, the 2009 bonus payments to executive officers did not take individual performance goals into account, reflecting the Committee's desire to place more of the executive officers' pay at risk based on Company performance.

The 2009 Company OP goal was \$10,900,000 and the Company OCF goal was \$23,100,000. The performance metrics for the international business generally required a proportionate level of performance by that unit substantially similar to that of the Company as a whole in order to achieve the target payout. The Named Executives would have earned 75% of their target bonus if the Company met these goals.

In 2009, our Company results exceeded our goals, resulting in the Compensation Committee approving a payout of 140% of each Named Executive's target bonus level, except Mr. Huijser, who received a 135% payout against his target bonus level. The 2009 Company OP results were \$18,867,041 and the OCF results were \$75,184,833. The international line of business also exceeded its OP and OCF goals and Mr. Huijser received a payout of 135% of his target bonus. In connection with these awards, the Committee exercised its discretionary authority to (i) cap the portion of the award attributable to OCF to a 200% payout, rather than the actual results of 297%, and (ii) exclude certain tax refunds in the amount of \$9,000,000 from the OCF calculation.

Outlined below is an example of how the STIP payment is calculated using the Committee-approved levels of 2009 Company OP and OCF achieved for an employee whose base salary is \$300,000, target bonus award is 50% of base salary and whose payout is based solely on the performance of the Company:

OP = Base Salary x STIP Incentive Opportunity at Target x OP% Achieved x OP Weighting (as a % of Incentive Opportunity)

OP = \$300,000 x 50% x 114% x 70% = \$119,700

OCF = Base Salary x STIP Incentive Opportunity at Target x OCF% Achieved x OCF Weighting (as a % of Incentive Opportunity).

OCF = \$300,000 x 50% x 200% x 30% = \$90,000

Total STIP Payout = \$119,700 (OP Total) + \$90,000 (OCF Total) = \$209,700

2010 STIP

For 2010, the Committee used the same basic plan design as implemented in 2009 with the following changes. The OCF metric for the 2010 STIP was replaced by a working capital metric which is calculated by taking the 12-month average of: (Accounts Receivable + FIFO Inventory - Accounts Payable)/12 Months of Net Sales. In addition, the total percentage payout under the 2010 STIP is capped at 300%.

Perquisites

In 2009, the Committee decided to provide the Named Executives with a cash payment to cover perquisites. The amount of the cash payment for the Named Executives ranges from \$12,000 to \$25,000. Please see the Summary Compensation Table for specifics. In geographies where prevailing market practices provide, some executive officers may receive use of a Company automobile and other benefits.

In 2009, Mr. Huijser, a citizen of The Netherlands, was the only Named Executive to receive a Company automobile and educational allowance for his children. See the Summary Compensation Table for specifics.

Special One-Time Payments

From time to time, as recommended by the Committee, the Board approves special one-time payments in the form of either hiring bonuses or performance recognition bonuses to reward executive officers for success in achieving special, one-time projects. No discretionary payments were awarded to Named Executives for 2009.

Long-Term Compensation

We believe that enabling our executive officers to develop and maintain a significant long-term ownership in the Company through our stock-based plans aligns the interests of our executive officers with our shareholders' interests by creating a close link between executive pay and shareholder return.

We offer several ways in which executive officers receive and maintain ownership of Company stock. Stock-based awards have typically been made available under our long-term incentive plans and restricted stock programs. The awards made under these plans are settled in shares from our shareholder-approved equity compensation plans.

Long-Term Incentive Plans

Prior to 2009

Prior to 2009, our LTIP was a rolling three-year program designed to provide executive officers with a direct financial incentive that paid 70% in common stock and 30% in cash upon achievement of our three-year EP improvement goals. Target awards and performance goals for each new three-year program were set annually, resulting in three plans running concurrently. EP was defined as our net operating profit after taxes less a charge for net assets, used in the business. The primary factors that affect EP include net sales less cost of sales, research & development expense and selling and administration expense, tax rates, and a capital charge on net assets (including assets and liabilities such as inventories, receivables, property, plant and equipment, accounts payable and accrued expenses.)

EP improvement goals took several factors into account. Among other things, we considered (i) the financial goals of the annual operating and long-range strategic plans, both of which were set by management and reviewed and approved by the Board, (ii) analyst and First Call estimates for our earnings per share growth and comparable estimates for our compensation comparator group, and (iii) the cost of capital to run our Company.

Target award levels were established using competitive data from the Towers Perrin compensation survey analysis (our former compensation consultant) and our comparator group.

Actual award levels were based on performance and ranged from 0 to 200% of the target incentive.

The Committee reserved the right to approve adjustments to our strategic goals for those situations where we made a significant investment in our business that may decrease our short-term

financial performance but was believed would yield significant returns over time. Examples of potential adjustments, which the Committee could make in its discretion, included acquisitions, establishing new manufacturing plants, significant plant rationalizations, material one-time discrete tax adjustments and restructurings. When we make these adjustments, the investment is included in our capital base on a going forward basis and therefore raises our performance requirement in future years.

For the 2007 LTIP awards, performance was based on our EP improvement goals for the fiscal years from 2007 through 2009. A negative EP change over the three-year period of 2007-2009 would yield no payout based on financial performance. The results for this three-year period were a negative EP change of approximately \$25,900,000, resulting in no payout to plan participants.

For the 2008 LTIP awards, performance was based on our EP improvement goals for the fiscal years from 2008 through 2010.

Negative EP change over the three-year period (2008-2010) would yield no payout based on financial performance. A positive EP improvement of \$13.0 million is required for a payout at 100% of target, and a positive EP improvement of \$26.0 million is required for a payout at 200% of target based on financial performance. All other amounts will be interpolated. As a result of the financial results of 2008 and 2009, we anticipate that the EP for this period will be negative and that no payouts will be made under the 2008-2010 LTIP.

The target LTIP awards for our Named Executives are set as a percentage of base salary. The CEO's target was set at 135% of his base salary for each of the 2007 and 2008 LTIP awards. For reasons discussed under the "Setting Compensation Levels" section under "Compensation Determination Process," the target percentages for the Named Executives vary. The target LTIP awards for Messrs. Paulson, Westman and Huijser were set at 60% of base salary in 2007. For 2008 Mr. Paulson's target was increased to 70% of his base salary to reflect increasing responsibilities and to bring his overall compensation closer to median and Messrs. Westman's and Huijser's targets remained unchanged. Mr. Dybsky had a target set at 50% of base salary for each of 2007 and 2008.

The Committee reserves the right to exercise discretion to adjust the amount of, or eliminate, an LTIP award that otherwise would be payable. Such determinations, except in the case of the LTIP award for the CEO, are made after considering the recommendations of the CEO. The Executive Committee makes decisions regarding the CEO. The Committee may also impose additional performance measures or modify performance measures applicable to participants except in the case where the action would result in the loss of an otherwise available exemption under §162(m) of the Internal Revenue Code, if it determines that the performance measures have become unsuitable as a result of certain events.

2009 LTIP

For 2009, taking into account the impact of the 2008-2009 global economic downturn on the Company's share price, the Committee redesigned the LTIP consistent with its desire to align the interests of executive officers with those of our shareholders by providing a significant portion of Total Compensation in equity-based awards. Another consideration in designing the 2009-2011 LTIP in this manner was the perceived inability to forecast a meaningful and appropriate three-year set of performance metrics given the state of the global economy. The 2009 LTIP for executive officers consists of three equity-based components: (i) non-qualified stock options (65%), (ii) restricted stock units (RSUs) (20%), and (iii) restricted shares (15%). Stock options have a ten-year term and vest ratably over three years. The RSUs will be paid out in cash at the end of the three-year plan period. The restricted stock cliff vests after three years.

The target 2009 LTIP awards for our Named Executives continued to be set as a percentage of the Named Executives' base salary and the percentages were increased to reflect that their Total Compensation was below median. Our CEO's target was 385% of annual base salary; our Vice President, Chief Financial Officer's target was 155% of annual base salary; our Vice President,

Global Operations and our Vice President, International were set at 130% of annual base salary; and our Vice President, Administration was 120% of annual base salary.

The number of stock options granted to each Named Executive was calculated as follows: the Named Executives' total target bonus in dollars, multiplied by 65% (the allocation of the 2009 LTIP to options), divided by the Black Scholes valuation, divided by the average price of the Company's stock from October 1, 2009 to January 8, 2010, which was \$22.99. The Company, in consultation with Hewitt, chose to use an average stock price rather than the market price at the time of grant because the Company's stock price was abnormally low due to economic conditions. Using the stock price at the date of grant would have resulted in an excessive number of shares being granted. This calculation resulted in 209,251 non-qualified stock options being granted to the CEO, and an average of 40,745 non-qualified stock options for all other Named Executives.

The number of RSUs and restricted shares granted to each of the Named Executives was calculated by multiplying the Named Executives' total target bonus in dollars by the percentage of the 2009 LTIP award allocated to RSUs or restricted shares (20% and 15%, respectively) and dividing that by \$22.99. RSUs granted under the 2009 LTIP were 19,430 for the CEO, and an average of 3,783 for all other Named Executives. Restricted shares granted were 14,573 for the CEO and an average of 2,838 for all other Named Executives.

For specific grants to the Named Executives, see the Summary Compensation Table and the table relating to Grants of Plan-Based Awards in 2009. For an explanation of why the grant size varied by Named Executive, see above section Setting Compensation Levels.

2010 LTIP

For 2010, the LTIP design will continue to consist of three equity-based components: (i) non-qualified stock options (65%), (ii) new performance-based RSUs (20%), and (iii) restricted shares (15%). The performance-based RSUs are to be paid in cash at the end of the three years if the performance target is achieved. The performance target used for the 2010-2012 RSUs is an ROIC metric relative to internal and peer group performance metrics. The executive officers will be eligible to receive 0-200% of their performance-based RSU target. ROIC is defined as: Operating Profit/ (Total Assets - Cash Short Term Investments) - (Long-Term Liabilities - Debt).

Equity Awards

In conjunction with our annual and long-term compensation programs, as well as in other limited circumstances, we provide restricted stock, stock option awards, deferred stock units, restricted stock units, and performance shares. The purpose of these awards is typically to attract new executive officers, to reward achievement of specific, pre-defined goals, or to align executive officers with shareholders' interest by providing a portion of compensation in equity.

Restricted Stock Awards generally have time-based restrictions, lapsing after one to three years.

Stock Option Awards generally have a 10-year term and a graded three-year vesting schedule. Options granted prior to 2005 had, for certain participants, a one-time reload option upon exercise during the term. This feature, when triggered by an executive officer's exercise of the original grant, results in a new stock option grant with the same terms and conditions of the grant being exercised but with an exercise price tied to the exercise date. We have not granted options with reload features since March 1, 2004, and do not plan to grant options with reload features in the future.

Deferred Stock Units are awarded to participants who elect to defer a portion or all of their STIP or LTIP awards. For participants who elect this option for all or a portion of their 2009 STIP, the deferred portion is converted into deferred stock units having a fair market value as of the date of conversion of 120% of the amount deferred. These stock units are paid 70% in stock and 30% in cash and any accrued dividends are paid in cash, three years following the year in which the award was earned. A participant, who

terminates prior to such date for reasons other than death, disability, or retirement, receives only the base number of units (equal to 100% of the amount deferred on the date of conversion) in stock and cash and any accrued dividends. A participant, who terminates prior to such date for death, disability, or retirement, receives the base number of units and a pro-rata portion of the 20% premium units and any accrued dividends. Participants who elect to defer all or a portion of their LTIP may elect to have their funds converted into deferred stock units having a fair market value as of the date of the conversion. LTIP deferrals do not receive the 20% premium that is awarded with respect to STIP deferrals. Deferrals of the cash portion of an LTIP award will be paid in cash and deferrals of the equity portion of an LTIP award will be paid in stock, but otherwise the deferrals have the same features as described above.

Restricted Stock Units were awarded as part of the 2009 LTIP and will be paid, if earned, in cash at the end of the three-year vesting period. The restricted stock units are valued at the fair market value on the date of the grant and are paid out at the fair market value at the time the units vest. Restricted stock units under the 2010 LTIP are performance based and will be paid in cash at the end of the three year period based on our performance against the return on invested capital metrics relative to internal and peer group performance set by the Committee at the start of the three-year period. There is a 200% cap on a performance-based RSU award payment.

Other Plans, Agreements and Special Payments

Executive officers may also receive payments through various other agreements and plans or in the event of special circumstances. These agreements and plans are typically required in the competitive environment to attract and retain talent.

Retirement Plans

The Named Executives are generally eligible to participate in the pension and welfare benefit programs that we sponsor, including the following qualified retirement plans:

Tennant Company Profit Sharing and Employee Stock Ownership Plan (Profit Sharing Plan). This plan is available to all eligible employees, as defined by the plan, and allows for pre-tax elective deferrals and a Company matching contribution of up to 3% of eligible compensation up to \$245,000. Our matching contributions are made in the form of common stock delivered through our Employee Stock Ownership Plan. In addition, the plan allows profit sharing contributions by us based on our annual Company performance. The Employee Stock Ownership portion of the Profit Sharing Plan expired on December 31, 2009, and is not being renewed.

Tennant Company Pension Plan. This plan is a non-contributory defined benefit retirement plan that covers only those executive officers who were active participants in the Pension Plan on December 31, 2000, and who elected to continue participation under the Pension Plan sponsored by the Company. This plan was frozen and closed to new employees as of December 31, 2000.

Non-Qualified Deferred Compensation

In addition to tax-qualified retirement benefits provided under the plans referenced above, our executive officers are eligible for supplemental non-qualified pension benefits under the Tennant Company Executive Non-Qualified Deferred Compensation Plan. The intention of this portion of the plan is to provide participating individuals with benefits that would otherwise be available to them under our tax-qualified plans but for the application of limitations on benefits to highly-compensated employees imposed by the Internal Revenue Code of 1986. In addition, the Tennant Company Executive Non-Qualified Deferred Compensation Plan allows selected participants to defer the receipt of salary and incentive payments. Finally, in 2004 the plan was amended to give our non-management directors the ability to defer their annual retainers and meeting fees. The plan is unfunded, meaning our obligation to make payments under the plan is unsecured. Specifically, this plan permits the following:

Executive Officer and Non-Management Director Deferred Compensation

Executive officers may elect to defer three elements of their Total Compensation: base salary, STIP payouts, and LTIP payouts. Our Named Executives may elect to defer 0-25% of their base salary, 0-100% of their STIP payout, and 0-100% of their LTIP payout.

Non-management directors may elect to defer all or a portion of their annual retainer and committee meeting fees. They may elect to defer 0%, 50%, or 100% of their annual retainer and 0% or 100% of their meeting fees.

The interest rate earned on deferrals in 2009 was 3.53%.

Defined Contribution Features

Certain management and executive employees may defer income on a pre-tax basis in excess of the deferral amounts allowed under our tax-qualified Profit Sharing Plan.

Participating management and executive employees may receive discretionary Company contributions under this plan in the form of excess profit sharing and matching contributions not available to them under the Profit Sharing Plan.

Defined Benefit Feature

A defined benefit portion of the plan is intended to provide benefits not otherwise available to participants in the frozen tax-qualified Tennant Company Pension Plan.

Participants' accounts are fully vested at all times except that a participant forfeits all Company discretionary matching contributions and profit sharing contributions in the event of termination for cause. Pursuant to this plan, cause means (i) the participant's gross negligence, fraud, disloyalty, dishonesty or willful violation of any law or significant policy, to the extent committed in connection with the position or (ii) the participant's failure to substantially perform (for reasons other than disability) the duties reasonably assigned or appropriate to his or her position. In each case, the participant's behavior must have resulted in a material adverse effect on the Company or an affiliate.

The plan came into existence on January 1, 2003, when the Company merged the Tennant Company Excess Benefit Plan into the Tennant Company Deferred Compensation Plan. The Plan was amended on June 15, 2004, to add the non-management directors' deferral component. By Committee action, the Plan was subsequently amended on December 18, 2006, and again on December 17, 2008, to account for changes to the Internal Revenue Code §409A, which governs non-qualified deferral plans, and to allow deferral of payments upon settlement of DSUs in the form of stock units, and again on January 1, 2009, to comply with final 409A regulations. As a result of these regulatory changes, the Plan accommodates different benefit commencement dates depending on when amounts were deferred or contributed and which account within the Plan was selected by the employee. Benefits attributable to amounts contributed or deferred after January 1, 2003, and allocated to Account A, commence distribution within an administratively feasible time following the participant's termination date, or if necessary to comply with Internal Revenue Code §409A, the payment will be delayed at least six months following termination. Benefits attributable to amounts deferred by a participant after January 1, 2003, and allocated to Account B, commence distribution on the date specified by the participant in the participant's Deferral Election Agreement. Such distribution may not be earlier than two years following the beginning of the plan year in which the deferrals first began, unless the participant terminates, in which case distribution may occur within an administratively practicable period following termination, or if necessary to comply with Internal Revenue Code §409A, the payment will be delayed at least six months following termination.

Benefits attributable to deferrals made after January 1, 2003, Company contributions, and gains and losses credited thereon are payable in either a lump sum or in quarterly installments over a period of up to 10 years. Benefits attributable to deferrals made prior to January 1, 2003, are payable in accordance with the participant's Deferral Election Agreement which was executed prior to January 1, 2003.

Executive Employment Agreements and Management Agreements

The Committee has determined that we should provide certain post-termination benefits to our executive officers to obtain the benefits of their services and attention to our affairs. In exchange for the benefits we provide, our executive officers are required to agree to certain confidentiality, non-competition and cooperation covenants, which our Committee believes are valuable to us when an executive's employment terminates. In addition, the Committee believes that we should provide an inducement for our executive officers to remain in the service of the Company in the event of any proposed or anticipated change in control of the Company in order to facilitate an orderly transition in the event of a change in control of the Company, without placing the executive in a position where he or she is concerned about being terminated without compensation in connection with such a transaction. We also require executive officers to sign a release of their claims against us as a condition to receiving payments from us, and this release and the other covenants are more likely to be enforceable as a result of the benefits we provide to employees under these agreements. For these reasons, we have entered into Executive Employment Agreements and Management Agreements with our executive officers, including the Named Executives, the terms of which are described below under Potential Payments upon Termination or Change in Control.

Generally, the agreements only provide for benefits in the event the executive is terminated without cause; however, certain benefits are also provided if the executive voluntarily terminates his or her employment for good reason. The Committee believes that a termination by an executive for good reason may be conceptually the same as termination by the Company without cause. This is particularly true in the case of a change in control where a potential acquirer would otherwise have an incentive to constructively terminate the executive's employment to avoid paying severance benefits. As a result, the definition of good reason in the context of a termination following a change in control is broader than the definition that applies to a termination prior to a change in control. These good-reason definitions are described below under Potential Payments upon Termination of Change in Control. No payments become due merely upon a change in control, but rather only if the executive officer's employment is terminated without cause or if the executive officer terminates for good reason following the change in control, which is often referred to as a double trigger.

The form and level of benefits provided under these agreements have been approved by the Committee based on historical practices at our Company and general information about the level of benefits provided by other companies with whom we compete for executive talent.

Our equity awards for all employees generally provide for acceleration of vesting, or lapse of restrictions, upon a change in control. The Committee believes that acceleration upon a change in control is appropriate to minimize the risk that executive officers might favor a transaction based on the likely impact on the executive officer's equity awards, to increase the likelihood that the employees will remain with the Company after becoming aware of a pending or threatened change of control, and due to the increased likelihood that employees may be terminated by a successor through no fault of their own.

COMPENSATION POLICIES

Recoupment Policy

In February 2010, the Board added a recoupment policy to our cash incentive plan and our equity award agreements, that provides that in the event the Company is required to materially restate its financial results then the Board, in its discretion, may require certain recipients of such payments to forfeit their equity awards and pay back to the Company the net proceeds from any cash incentive payment and proceeds from the sale of shares received under the equity awards. The amount of the repayment for any cash incentive award is the difference between the amount paid to the employee less the amount that would have been paid based on the restated results. The policy is applicable to all employees designated as access persons under our insider trading policy (persons with access to detailed financial and other insider information, a group that includes all executive officers). The amount of any equity award repayment may include dividends paid on the shares.

Anti-Hedging and Pledge Prohibition

In February 2010, the Board amended our insider trading policy with respect to access persons (persons with certain financial information as defined by the policy) to prohibit speculative trading or hedging of positions in Tennant securities, including writing or trading in options, warrants, or any other derivatives of Tennant securities, or entering into any transactions designed specifically to protect or hedge against a decrease in value of Tennant securities. It also prohibited pledges of any Tennant securities (e.g., pledge to a bank or financial institution as collateral for a loan, or pledge to a broker in connection with a market transaction, such as a margin loan or prepaid forward sale contract).

Granting of Equity Awards

In December 2007, we adopted an equity award approval policy to ensure that all equity awards are approved pursuant to proper authority, following a consistent process, and are reflected in appropriate documentation. Under the policy, equity awards that have an exercise price or number of shares that are based on the fair market value of our stock on the date of grant are only granted at times when trading is permitted under our insider trading policy. This policy ensures that the exercise price or number of shares is determined by reference to a stock price that reflects current information about our Company. The policy includes procedures for granting equity awards to our executive officers and non-management directors, as well as all other employees. Under our plans, the exercise price of stock options is based on the fair market value on the date of grant. Our plans define fair market value as the closing price of our common stock on the preceding trading day.

Executive Officer Stock Ownership Guidelines

To align our executive officers' interests with our shareholders' interests, the Committee expects our executive officers to acquire significant equity ownership. We adopted these guidelines in 1993 and revised them most recently in 2004. The current guidelines require that within five years of service in an executive role, each executive must have achieved an equity ownership level equal to a specified multiple of his or her base salary.

The minimum equity ownership levels are five times annual base salary for our CEO and one times annual base salary for the other Named Executives. Ownership levels are calculated based on the estimated after-tax value of restricted and unrestricted shares, deferred stock units, shares held under our benefit plans and potential gains from vested and unvested options. The calculation uses a stock value as of the close of market on December 31 of the year immediately preceding the year of calculation.

The Compensation Committee is satisfied with the progress made with our executive officers in 2009 toward achievement of these ownership goals. Executive officers who have held executive positions with us for five years or more have achieved their goals. Newer executive officers are on pace for achieving their ownership targets well within the five-year range.

Internal Revenue Code §162(m)

We structure our compensation programs, where possible, to qualify for exemptions from the deduction limitations under the Internal Revenue Code §162(m). Certain of our compensation programs qualify for exemption from the deduction limitations of this section. The Committee retains the authority to authorize the payment of compensation that may not be deductible if it believes such payments would be in the best interests of the Company and our shareholders.

At our 2008 Annual Meeting of Shareholders, we received shareholder approval of the Tennant Company 2009 Short-Term Incentive Plan (the "Approved STIP"), which is a multi-year plan. Section 162(m) of the Internal Revenue Code limits the deductibility of compensation paid to our covered officers to \$1 million per year. This limitation does not apply to performance-based compensation. One of the conditions for qualification as performance-based compensation is that the shareholders must approve the material terms of the performance measures and re-approve those material terms every five years. Amounts paid under the objective performance measures established under the Approved STIP will,

under current tax law, continue to qualify as performance-based compensation. Any award earned under the 2009 STIP to our Named Executives will be made under the Approved STIP. All compensation for 2009 qualified as fully deductible under §162(m).

Compensation Committee Interlocks and Insider Participation

The Committee is comprised entirely of independent, outside directors. No employee of our Company serves on the Committee. The Committee members have no interlocking relationships as defined by the SEC.

Compensation Committee Report

The Committee has discussed and reviewed the Compensation Discussion and Analysis with management. Based upon this review and discussion, the Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Tennant Company Pension Plan

The Tennant Company Pension Plan provides fixed retirement benefits for certain employees of our Company. The Plan is open to employees hired on or before December 31, 2000, who met the Plan's participation requirements on or before that date and who elected to remain in the Plan after December 31, 2000. No employees hired on or after January 1, 2001, are eligible to participate in this plan. The Tennant Netherlands Pension Plan is still open for new enrollment.

Under the Pension Plan, the normal monthly retirement benefit is calculated as the participants' years of credited services up to 30 years, times the difference between (a) 1.4% of the participants' Final Average Monthly Earnings and (b) the lesser of .609% of the participants' Final Average Monthly Earnings, 1/12 of the participants' Final Average Compensation, or 1/12 of Social Security Covered Compensation. Participants may retire with an unreduced benefit at age 65, or, if earlier, when the sum of their age and service is equal to or greater than 85. Optional forms of benefit may be elected that are actuarially equivalent to the normal form of benefit. Currently under ERISA, as amended, the maximum annual amount that can be paid during 2009 to any individual is \$195,000. Amounts in excess of that maximum as well as amounts based on compensation that is excluded from the Plan formula by ERISA or the terms of the Plan are covered under the Tennant Company Excess Benefit Plan.

Tennant Company Excess Benefit Plan

The Tennant Company Excess Benefit Plan is a component of the Tennant Company Executive Deferred Compensation Plan that provides additional retirement benefits for selected highly compensated employees participating in the Tennant Company Pension Plan. Employees participating in the Excess Benefit Plan will receive a retirement benefit equal to the additional benefits which would have been provided under the Pension Plan if (a) the limitations imposed by Sections 401(a)(17) and 415 of the Internal Revenue Code were not applicable, and (b) management bonuses were included in certified earnings, and (c) compensation deferred under the terms of the Executive Deferred Compensation Plan were included in certified earnings for the plan year in which such amounts would have been paid in the absence of the deferral.

- (1) The present value as of December 31, 2009, was calculated by discounting the accrued benefit payable at normal retirement age using a 5.9% discount rate for the Pension Plan benefit, and 5.6% for the Excess Benefit Plan, and the RP-2000 Combined Health Mortality Table for males and females, with generational mortality projected using Scale AA.
- (2) Defined Benefit portion of the Nonqualified Deferred Compensation Plan. These amounts are not included in the Nonqualified Deferred Compensation Table.
- (3) Amount reflects Company contributions to Mr. Huijser's Pension Plan.

Non-Qualified Deferred Compensation for 2009

Three elements of Total Compensation may be deferred: base salary, STIP payouts, and LTIP payouts. Our Named Executives may elect to defer 0-25% of their base salary, 0-100% of their STIP payout, and 0-100% of their LTIP payout. As there were no payouts under the 2008 STIP and 2006-2008 LTIP, which would have normally been paid in 2009, there were no deferrals under those plans.

The interest rate for 2009 Non-Qualified Deferred Compensation was 3.53%. This amount was calculated based on the 10 year bond rating as of December 15, 2008, with one percentage point being added to yield the interest rate of 3.53%.

Potential Payments upon Termination or Change in Control

We are a party to agreements with our executive officers that together establish the terms of the employment relationship between us and the executive, the terms under which that relationship may be ended, and the rights and obligations of the parties after the employment relationship ends. Collectively these agreements are referred to as the Executive Agreements, and consist of an Executive Employment Agreement and a Management Agreement. The Executive Agreements for executive officers paid in the United States were modified in 2008 in response to new interpretations and requirements under Sections 162(m) and 409A of the Internal Revenue Code. Except as noted below, none of the revisions were intended to materially change either the level of benefit collectively provided to each executive or the events triggering payment of the benefits.

The Executive Agreements address various termination of employment scenarios, including an executive's involuntary termination without cause, an executive's voluntary termination for good reason, and an executive's death or disability. No severance payments are made to executive officers who are terminated for cause. An executive agrees under the Executive Agreements not to compete with us during employment or for a period of 12 months after employment ends, not to disclose our confidential information during or after employment for as long as the information retains its confidential nature, and not to solicit our employees or customers for a period of 12 months after employment ends. Severance payments as described below under the Executive Agreements are conditioned on an executive remaining in compliance with these requirements, including an obligation to inform us of any potentially competitive activities during the 12-month post-employment period, and signing a release of claims in favor of the Company. The Executive Agreements also provide that severance payments under those agreements will be reduced by the amount of any other severance compensation an executive is eligible to receive from us under any other agreement or plan of ours providing compensation in the event of involuntary termination.

As described below, our equity-based incentive plans and the award agreements under those plans also call for compensation to be provided under certain circumstances in connection with an executive officer's termination of employment or a change in control of the Company.

Executive Employment Agreement

The Executive Employment Agreement describes the rights and obligations of the Company and the executive in connection with the executive's separation from employment in situations other than following or in connection with a change in control. Under the Executive Employment Agreement:

Upon any termination of employment, an executive will receive any earned but unpaid base salary, vacation pay, and STIP payments for the preceding year.

Upon a termination due to death or disability, an executive (or beneficiary) will also receive base salary through the last day of the calendar month in which the termination occurs.

Upon termination by us without cause or by the executive for good reason, the executive is entitled to receive (i) an amount equal to one year's base salary, (ii) an amount equal to a pro-rata portion of the award that would have been payable to the executive under the STIP for the year of termination had the executive been employed for the full year, based on the actual

performance of objectives, with such amount before proration not to exceed an award based on target performance (except for Mr. Huijser who would receive an award based on target performance and it would not be pro-rated), and (iii) continued Company contributions to medical/dental coverage and group life insurance coverage for up to 12 months.

The timing of the payment of the foregoing amounts is as follows: The executive is paid his or her base salary in accordance with our regular payroll practices for a period of 12 consecutive months following the date of termination. If the payment of base salary exceeds the amount that would cause it to be considered a deferral of compensation under Section 409A of the Internal Revenue Code, the excess will be paid in a lump sum within 2½ months of the termination date. The executive's STIP payment is made at the normal payment date, but in no event later than 2½ months after the end of the STIP plan year. The medical, dental and group life insurance contributions will be paid for a period of up to 12 months after the termination date, unless the executive is no longer eligible for COBRA continuation coverage or fails to timely pay the employee portion of such premiums.

For purposes of the Executive Employment Agreement, **cause** means (i) executive's material breach of the agreement that is not remedied within 30 days after receiving written notice from us, (ii) an executive's dishonest act(s) intended to result in gain or personal enrichment at our expense, (iii) an executive's persistent, willful and deliberate failure to perform his or her duties that constitutes gross neglect and is not remedied within 90 days of receipt of written notice from us, or (iv) an executive's indictment or conviction for a felony if the underlying acts are substantially detrimental to us or our reputation.

For purposes of the Executive Employment Agreement, **good reason** means the occurrence of the following without executive's consent: (i) our material breach of the agreement, or (ii) a material diminution in the executive's authority, duties or responsibilities other than for cause or on account of disability; provided that in either case the executive gives us notice within 90 days of the first occurrence of the condition and we fail to remedy it within 30 days after receipt of written notice.

Management Agreement

Recognizing the need to retain executive officers in our service if there is a possible change in control, and in order to facilitate an orderly transition in the event of an actual change in control, the Management Agreement provides for severance compensation if an executive is terminated under certain circumstances after or in connection with a change in control. Under the Management Agreement:

If within three years of a change in control an executive is involuntarily terminated without cause or terminates his or her employment for good reason, then change in control severance compensation consists of (i) an amount equal to three times the executive's average annual taxable compensation from us during the executive's five taxable years preceding the change in control, minus \$1.00, (ii) a pro-rata payment of the executive's STIP award for the year of termination, assuming all performance targets had been met, and (iii) continued Company contributions to the cost of medical/dental coverage and group life insurance coverage for up to 18 months following the date of termination (pursuant to revisions in 2008, the benefits continuation has been limited to the COBRA continuation period). The cash portion of such payments will be made in a lump sum within 2½ months after the termination date.

If an executive voluntarily terminates employment without good reason during the thirteenth month after a change in control, then change in control severance compensation consists of (i) an amount equal to the executive's average annual taxable compensation from us during the executive's five taxable years preceding the change in control, minus \$1.00, payable in a lump sum within 2½ months after the first day of the thirteenth month after a change in control, and (ii) continued Company contributions to the cost of medical/dental coverage and group life insurance coverage for up to 12 months following the executive's termination date.

If an executive is involuntarily terminated or terminates his or her employment for good reason prior to an event that would otherwise constitute a change in control, such termination is in connection with or in anticipation of a change in control, and a change in control ultimately occurs, then change in control severance compensation will be payable consistent with the first bullet point above, except that the severance pay will be paid within 2½ months after the change in control.

If an executive's employment is terminated due to death or disability and the executive is not otherwise entitled to payments or benefits under either of the first two bullet points above, the executive (or beneficiary) will receive base salary paid through the end of the month in which termination occurs.

For purposes of the Management Agreement, **cause** is defined more narrowly than under the Executive Employment Agreement, and means (i) an executive's persistent, willful and deliberate failure to perform his or her duties that constitutes gross neglect and is not remedied within 90 days of receipt of written notice from us, or (ii) an executive's indictment or conviction for a felony if the underlying acts are substantially detrimental to us or our reputation.

For purposes of the Management Agreement, **good reason** is defined more broadly than under the Executive Employment Agreement, and includes the following in addition to the factors cited in the Executive Employment Agreement: (i) the executive's duties, responsibilities, authority or compensation are materially diminished as compared to his or her duties, responsibilities, authority or compensation before the change in control, for reasons other than cause or disability, (ii) we fail to obtain assumption of the Management Agreement by any successor, (iii) we require the executive to relocate to any place other than a location within 25 miles of the location at which the executive performed duties immediately prior to the change in control, or (iv) we require that the executive travel on Company business to a substantially greater degree than required immediately prior to the change in control.

For purposes of the Management Agreement, **change in control** means (i) a majority of our directors are individuals who were not appointed by our Board to fill vacancies on the Board and were not supported by our Board for election by our shareholders, (ii) 35% or more of our common stock or of the voting power of our securities generally is acquired or beneficially owned by an individual, entity or group (subject to certain exceptions for certain affiliates and employee benefit plans), (iii) we consummate a merger with or into another entity, unless the surviving entity is more than 50% owned by our shareholders prior to the merger in substantially the same proportions, and no individual, entity or group beneficially owns more than 35% of the surviving entity, (iv) we consummate an exchange of our voting securities for cash, securities or other property, unless our shareholders receive in the exchange voting securities of a parent corporation that is more than 50% owned by our shareholders prior to the exchange in substantially the same proportions, (v) we consummate a sale or other disposition of all or substantially all of our assets, (vi) our shareholders approve a definitive plan to liquidate or dissolve the Company, (vii) we enter into an agreement relating to a change in control as described in clauses (i) through (v) above and such change in control ultimately occurs, or (viii) a tender or exchange offer or proxy contest is commenced that ultimately results in a change in control described in clauses (i) or (ii) above.

Change in control severance compensation under the Management Agreement, as well as any other compensation under other plans or agreements that are contingent upon a change in control, may be reduced to the extent necessary to avoid excise taxation to the executive and non-deductibility to the Company under federal income tax laws applicable to parachute payments.

Our equity incentive plans allow for acceleration of stock options upon an executive's death, disability or retirement and upon a change of control of our Company. Upon death or disability, options generally become exercisable in full, and may be exercised at any time, or from time to time, within five years of the executive's date of death or date of termination due to disability. Upon retirement, options generally become exercisable in full and may be exercised within three months of the date of termination due to the executive's retirement, or any such longer period as the Committee administering the plan may permit. For purposes of our equity compensation plans, **retirement** is generally defined as termination on or after age 55, provided that the executive has been employed by us or our affiliates for at least ten years,

Edgar Filing: TENNANT CO - Form DEF 14A

or termination of employment on or after age 62, provided, under certain plans, that the executive has given us at least six months prior written notice of such termination. Upon a change in control, options generally become exercisable in full, subject to our right to cash out the options by paying the spread.

The plans generally allow for a pro-rata portion of any performance shares to be paid out upon an executive's death, disability or retirement. The payment is based on the extent to which achievement of performance targets were satisfied at the end of the performance period and pro-rated for length of employment within the performance period.

A pro-rata share of restricted stock is generally payable upon the executive's death, disability or retirement. The executive, or his or her successor, shall be entitled to the number of shares of restricted stock under outstanding awards, pro-rated for the portion of the term of the awards during which the executive was employed. All restrictions are lifted with respect to such pro-rated shares.

Assuming that a termination event or change in control occurred on December 31, 2009, the total compensation payable to each Named Executive who was employed by us on such date is:

ITEM 3 APPROVAL OF 2010 STOCK INCENTIVE PLAN

INTRODUCTION

Our Board, upon recommendation of the Compensation Committee of the Board, approved the 2010 Stock Incentive Plan (the 2010 Plan) to be effective upon shareholder approval at the Annual Meeting. Upon obtaining shareholder approval of the 2010 Plan, we will cease grants of future awards under any other previously approved Company stock plan, including the 2007 Stock Incentive Plan (the 2007 Plan), except as provided below.

The 2010 Plan is similar to our prior 2007 Plan, although it contains certain new or revised terms, including:

The 2010 Plan retains a fungible share pool design; however, full value awards will be counted as one and fifty-one hundredths shares against the pool, instead of two and two-tenth shares as under the 2007 Plan.

The aggregate number of shares that a participant may receive in any combination of options and stock appreciation rights in any year will be increased from 50,000 under the 2007 Plan to 250,000 in the 2010 Plan.

Adds an exception from the minimum three-year vesting period for awards granted to attract or retain key employees for up to 75,000 shares.

In addition to prohibiting other forms of repricings without shareholder approval, the 2010 Plan also prohibits cash buyouts of options and stock appreciation rights that are not in the money and prohibits a voluntary surrender of options and stock appreciation rights in connection with a subsequent regrant of in the money options or stock appreciation rights without shareholder approval.

The 2010 Plan also prohibits the payment of dividends and dividend equivalents on awards of options and stock appreciation rights, and payout of dividend payments or dividend equivalent payments on unvested awards that are subject to performance-based vesting conditions.

Consistent with our prior equity compensation plans, the 2010 Plan continues to provide the following terms:

All awards must be issued at fair market value; as a result, the 2010 Plan prohibits discounted awards.

Our Compensation Committee, consisting of independent directors, administers the 2010 Plan.

In addition, the 2010 Plan is designed to meet the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), regarding deductibility of executive compensation, and we are seeking approval from shareholders of the performance measures set forth in the 2010 Plan.

Edgar Filing: TENNANT CO - Form DEF 14A

Our Compensation Committee and Board believe that stock-based compensation programs are a key element in achieving our continued financial and operational success. Our compensation programs have been designed to motivate key personnel to produce a superior shareholder return.

HISTORIC RUN RATE INFORMATION

We continue to manage our run rate of awards granted over time to levels we believe are reasonable in light of changes in our business and the number of outstanding shares, while ensuring that our overall executive compensation program is competitive, relevant, and motivational.

The following table sets forth information regarding awards granted and earned and the run rate for each of the last three fiscal years.

As described below, we have not granted options with reload features since 2004 and have no plans to grant options with reload features in the future.
- (3) The 2007 Plan will terminate as to future grants upon shareholder approval of the 2010 Plan; however, any shares that would have returned to the 2007 Plan as a result of an award terminating, expiring, being exchanged, being forfeited or being settled in cash in lieu of shares shall instead become available under the 2010 Plan. The Company will make no additional equity grants out of the 2007 Plan between the record date of March 1, 2010 and the date of the shareholders meeting.

Summary of the 2010 Plan

The 2010 Plan will be effective when approved by our shareholders at the Annual Meeting.

A copy of the 2010 Plan is attached to this Proxy Statement as Appendix A, and this discussion is qualified in its entirety by reference to the full text of the 2010 Plan.

Purpose of the 2010 Plan

The purpose of the 2010 Plan is to promote the interests of our Company and our shareholders by providing key personnel of our Company and our affiliates with an opportunity to acquire a proprietary interest in our Company and reward them for achieving a high level of corporate performance and thereby develop a stronger incentive to put forth maximum effort for the continued success and growth of our Company and our affiliates. In addition, the opportunity to acquire a proprietary interest in our Company will aid in attracting and retaining key personnel of outstanding ability. The 2010 Plan is also intended to provide the non-management directors serving on our Board with an opportunity to acquire a proprietary interest in our Company, to compensate these non-management directors for their contributions to our Company and to aid in attracting and retaining non-management directors.

Administration

The 2010 Plan is administered by our Compensation Committee (the **Committee**). The Committee has the authority to establish, amend and waive rules relating to the 2010 Plan and to determine the timing and identity of participants, the amount of any awards and other terms and conditions of awards. The Committee may delegate its responsibilities under the 2010 Plan to members of our management or to others with respect to the selection and grants of awards to employees who are not deemed to be officers, directors or 10% shareholders of our Company under applicable Federal securities laws.

The regulations under Section 162(m) of the Internal Revenue Code of 1986 (the **Code**) require that the directors who serve as members of the Committee must be **outside directors**. The 2010 Plan provides that directors serving on the Committee may be **outside directors** within the meaning of Section 162(m). This limitation would exclude from the Committee directors who are (i) current employees of our Company or an affiliate, (ii) former employees of our Company or an affiliate receiving compensation for past services, other than benefits under a tax-qualified pension option plan, (iii) current and former officers of our Company or an affiliate, (iv) directors currently receiving direct or indirect remuneration from our Company or an affiliate in any capacity, other than as a director, and (v) any other person who is not otherwise considered an **outside director** for purposes of Section 162(m). The definition of an **outside director** under Section 162(m) is generally narrower than the definition of a **non-employee director** under Rule 16b-3 of the Securities Exchange Act of 1934.

Eligibility

All employees of our Company and our affiliates are eligible to receive awards under the 2010 Plan. As of December 31, 2009, we had approximately 2800 employees. Awards other than incentive stock options (see **Types of Awards** below) also may be awarded by the Committee to individuals who are not employees but who provide services to us or our affiliates in the capacity of a non-management director or an independent contractor.

Number of Shares Available for Issuance under 2010 Plan

The total number of shares of our Common Stock available for distribution under the 2010 Plan is 1,000,000, subject to adjustment for future stock splits, stock dividends and similar changes in our capitalization. We have used a fungible share pool design for the 2010 Plan. As a result, all shares subject to stock options and stock appreciation rights will count as one share against the pool of authorized shares, whereas all other awards, such as restricted stock and performance units, count as one and fifty-one hundredths shares against the pool of authorized shares. Any shares of our Common Stock subject to an award under either the 2010 Plan or the 2007 Plan that expire unexercised, that are forfeited, terminated or canceled, that are settled in cash, for which the terms and conditions of the Award are not met or otherwise do not result in the issuance of shares of Common Stock, may again be used for an award under the 2010 Plan; provided that the gross number of shares with respect to which a stock appreciation right has been exercised may not again be awarded under the plan if such exercise is settled in shares.

No participant may receive (i) any combination of stock options and stock appreciation rights relating to more than 250,000 shares in the aggregate or (ii) performance units relating to more than 100,000, in any year under the 2010 Plan.

The closing sale price of a share of our Common Stock on the New York Stock Exchange on March 1, 2010, was \$24.42 per share.

Types of Awards

The types of awards that may be granted under the 2010 Plan include incentive and non-qualified stock options, stock appreciation rights, restricted stock, performance units, and other stock-based awards. Subject to certain restrictions applicable to incentive stock options, awards will be exercisable by

the recipients at such times as are determined by the Committee, but in no event may the term of an award be longer than ten years after the date of grant.

In addition to the general characteristics of all of the awards described in this proxy statement, the basic characteristics of awards that may be granted under the 2010 Plan are as follows:

Incentive and Non-Qualified Stock Options. Both incentive and non-qualified stock options may be granted to recipients at such exercise prices as the Committee may determine but not less than 100% of their fair market value (as defined in the 2010 Plan) as of the date the option is granted. We determine fair market value of our Common Stock based on the closing price of our stock on the New York Stock Exchange on the day preceding the date of grant; however, if the grant of an option occurs after the close of market, then we use the closing price of our stock on that day. Stock options may be granted and exercised at such times as the Committee may determine, except that, unless applicable federal tax laws are modified, the aggregate fair market value of the shares our Common Stock with respect to which incentive stock options may first become exercisable in any calendar year for any employee may not exceed \$100,000 under the 2010 Plan or any other plan we have in effect. Additional restrictions apply to an incentive stock option granted to an individual who beneficially owns more than 10% of the combined voting power of all classes of our stock.

The purchase price payable upon exercise of options may be paid in cash, or, if the Committee permits, by reducing the number of shares delivered to the participant or by delivering stock already owned by the participant (where the fair market value of the shares withheld or delivered on the date of exercise is equal to the option price of the stock being purchased), or in a combination of cash and such stock, unless otherwise provided in the related agreement. The participants may also simultaneously exercise options and sell the stock purchased upon such exercise pursuant to brokerage or similar relationships and use the sale proceeds to pay the purchase price.

Stock Appreciation Rights. The value of a stock appreciation right granted to a recipient is determined by the appreciation in our Common Stock, subject to any limitations upon the amount or percentage of total appreciation that the Committee may determine at the time the right is granted. The recipient receives all or a portion of the amount by which the fair market value of a specified number of shares, as of the date the stock appreciation right is exercised, exceeds a price specified by the Committee at the time the right is granted. The price specified by the Committee must be at least 100% of the fair market value of the specified number of shares of our Common Stock to which the right relates determined as of the date the stock appreciation right is granted. A stock appreciation right may be granted in connection with a previously or contemporaneously granted option, or independent of any option.

Performance Units. Performance units entitle the recipient to payment in amounts determined by the Committee based upon the achievement of specified performance targets during a specified term. With respect to recipients who are covered employees under Section 162(m) of the Code, such performance targets will consist of one or any combination of two or more of earnings or earnings per share before income tax (profit before taxes), net earnings or net earnings per share (profits after taxes), economic profit, inventory, total or net operating asset turnover, operating income, total shareholder return, return on equity and pre-tax and pre-interest expense return on average invested capital, each of which may be expressed on a current value basis, or a growth rate or relative to a designated peer group or index of comparable companies, and any such targets may relate to one or any combination of two or more of corporate, group, unit, division, affiliate, or individual performance.

Payments with respect to stock appreciation rights and performance units may be paid, as determined by the Committee, in cash, shares of our Common Stock, or a combination of cash and shares, and payments with respect to performance units may also be paid in deferred stock units providing for deferred payments of cash and shares. The Committee may require or permit participants to defer the issuance of shares or the settlement of awards in cash under such rules and procedures as it may establish under the 2010 Plan.

Restricted Stock and Other Stock-Based Awards. Our Common Stock granted to recipients may contain such restrictions as the Committee may determine, including provisions requiring forfeiture and imposing restrictions upon stock transfer. Awards of restricted stock may, in the discretion of the Committee, provide the participant with dividends and voting rights prior to vesting. No award of restricted stock may vest earlier than three years from the date of grant, except where the Committee approves a shorter vesting period in the case of an award to attract a new executive, an issuance of restricted stock in exchange for other compensation or other limited circumstances described in the 2010 Plan. The Committee may also from time to time grant awards of unrestricted stock or other stock-based awards such as awards denominated in stock units, securities convertible into stock, and phantom securities.

No Future Grants of Reload Options. Certain options previously issued under our prior plans provide for the issuance of reload options pursuant to which, subject to the terms and conditions established by the Committee and any applicable requirements of Exchange Act Rule 16b-3 or any other applicable law, the participant will, either automatically or subject to subsequent Committee approval, be granted a new option when the payment of the exercise price of the original option, or the payment of tax withholdings, is made through the delivery to us of shares held by such participant. The reload option will be a fully vested option to purchase the number of shares provided as consideration for the exercise price and in payment of taxes in connection with the exercise of the original option, will have a per share exercise price equal to the fair market value of a share as of the date of exercise of the original option, and will otherwise have terms and conditions as contained in the original option. Reload options do not increase the net equity position of a participant and an option grant may only be reloaded once. We have not granted options with reload features since March 1, 2004, and we do not intend to grant options with reload features in the future. In order to honor our contractual obligation to issue a reload option upon a qualifying exercise of the outstanding options with reload features, the 1999 Plan will remain available for such grants.

Acceleration of Awards, Lapse of Restrictions

The Committee may accelerate vesting requirements, performance periods, and the expiration of the applicable term or restrictions, and adjust performance targets and payments, upon such terms and conditions as are set forth in the participant's agreement, or otherwise in the Committee's discretion, which may include, without limitation, acceleration resulting from a change of control or a fundamental change (as those terms are defined in the 2010 Plan), or the participant's death, disability, or retirement.

Duration, Adjustments, Modifications, Terminations

The 2010 Plan provides that all awards are subject to agreements containing the terms and conditions of the awards. Such agreements will be entered into by the recipients of the awards and the Company on or after the time the awards are granted and are subject to amendment, including unilateral amendment by the Committee, unless such amendments are determined by the Committee to be materially adverse to the participant and are not required as a matter of law. No amendment shall reduce the exercise price of, or reprice, any outstanding award, without shareholder approval. The 2010 Plan prohibits amendments to options or stock appreciation rights that provide for a cash buyout of any such award that is not in the money or that makes any option or stock appreciation right subject to a voluntary surrender and subsequent regrant of an in the money option or stock appreciation right.

The 2010 Plan will remain in effect until the tenth anniversary of its effectiveness, which will occur upon shareholder approval, or such earlier date on which the 2010 Plan is terminated. The 2010 Plan also gives the Board the right to amend, modify, terminate or suspend the Plan, except that amendments to the Plan are subject to shareholder approval if needed to comply with the New York Stock Exchange listing rules.

In the event of a fundamental change, recapitalizations, stock dividends, stock splits, or other relevant changes, the Committee has the discretion to adjust the number and type of shares available for awards or the number and type of shares and amount of cash subject to outstanding awards, the option exercise price of outstanding options, and outstanding awards of performance units and payments with

regard thereto. Adjustments in performance targets and payments on performance units are also permitted upon the occurrence of such events as may be specified in the related agreements, which may include a change of control. Under the 2010 Plan, the Committee may cancel outstanding options and stock appreciation rights generally in exchange for cash payments to the recipients in the event of a fundamental change (defined as certain dissolutions, liquidations, mergers, consolidations, statutory share exchanges, or other similar events involving the Company).

Federal Tax Considerations

The following summary sets forth the tax events generally expected for United States citizens under current United States federal income tax laws in connection with awards under the 2010 Plan.

Incentive Stock Options. A recipient will realize no taxable income, and we will not be entitled to any related deduction, at the time an incentive stock option is granted under the 2010 Plan. If certain statutory employment and holding period conditions are satisfied before the recipient disposes of shares acquired pursuant to the exercise of such an option, then no taxable income will result upon the exercise of such option, and we will not be entitled to any deduction in connection with such exercise. Upon disposition of the shares after expiration of the statutory holding periods, any gain or loss realized by a recipient will be a long-term capital gain or loss. We will not be entitled to a deduction with respect to a disposition of the shares by a recipient after the expiration of the statutory holding periods.

Except in the event of death, if shares acquired by a recipient upon the exercise of an incentive stock option are disposed of by such recipient before the expiration of the statutory holding periods (a disqualifying disposition), such recipient will be considered to have realized as compensation, taxable as ordinary income in the year of disposition, an amount, not exceeding the gain realized on such disposition, equal to the difference between the exercise price and the fair market value of the shares on the date of exercise of the option. We will be entitled to a deduction at the same time and in the same amount as the recipient is deemed to have realized ordinary income. Any gain realized on the disposition in excess of the amount treated as compensation or any loss realized on the disposition will constitute capital gain or loss, respectively. Such capital gain or loss will be long-term or short-term based upon how long the shares were held. If the recipient pays the option price with shares that were originally acquired pursuant to the exercise of an incentive stock option and the statutory holding periods for such shares have not been met, the recipient will be treated as having made a disqualifying disposition of such shares, and the tax consequence of such disqualifying disposition will be as described above.

The foregoing discussion applies only for regular tax purposes. For alternative minimum tax purposes, an incentive stock option will be treated as if it were a non-qualified stock option, the tax consequences of which are discussed below.

Non-Qualified Stock Options. A recipient will realize no taxable income, and we will not be entitled to any related deduction, at the time a non-qualified stock option is granted under the 2010 Plan. At the time of exercise of a non-qualified stock option, the recipient will realize ordinary income, and we will be entitled to a deduction, equal to the excess of the fair market value of the stock on the date of exercise over the option price. Upon disposition of the shares, any additional gain or loss realized by the recipient will be taxed as a capital gain or loss, long-term or short-term, based upon how long the shares are held.

Stock Appreciation Rights and Performance Units. Generally: (a) the recipient will not realize income upon the grant of a stock appreciation right or performance unit award; (b) the recipient will realize ordinary income, and we will be entitled to a corresponding deduction, in the year cash or shares of Common Stock are delivered to the recipient upon exercise of a stock appreciation right or in payment of the performance unit award; and (c) the amount of such ordinary income and deduction will be the amount of cash received plus the fair market value of the shares of Common Stock received on the date of issuance. The federal income tax consequences of a disposition of unrestricted shares received by the recipient upon exercise of a stock appreciation right or in payment of a performance unit award are the same as described below with respect to a disposition of unrestricted shares.

Restricted and Unrestricted Stock. Unless the recipient files an election to be taxed under Section 83(b) of the Code: (a) the recipient will not realize income upon the grant of restricted stock; (b) the recipient will realize ordinary income, and we will be entitled to a corresponding deduction, when the restrictions have been removed or expire; and (c) the amount of such ordinary income and deduction will be the fair market value of the restricted stock on the date the restrictions are removed or expire. If the recipient files an election to be taxed under Section 83(b) of the Code, the tax consequences to the recipient will be determined as of the date of the grant of the restricted stock rather than as of the date of the removal or expiration of the restrictions.

With respect to awards of unrestricted stock: (a) the recipient will realize ordinary income, and we will be entitled to a corresponding deduction upon the grant of the unrestricted stock and (b) the amount of such ordinary income and deduction will be the fair market value of such unrestricted stock on the date of grant.

When the recipient disposes of restricted or unrestricted stock, the difference between the amount received upon such disposition and the fair market value of such shares on the date the recipient realizes ordinary income will be treated as a capital gain or loss, long-term or short-term, based upon how long the shares are held.

Withholding. The 2010 Plan permits us to withhold from awards an amount sufficient to cover any required withholding taxes. In lieu of cash, the Committee may permit a participant to cover withholding obligations through a reduction in the number of shares to be delivered to such participant or by delivery of shares already owned by the participant.

The Board of Directors recommends a vote FOR approval of the 2010 Plan.

Form 4s for Ms. Eicher and Messrs. Austen, Balagna, Hale, Mathieson, Shank and Sonnenberg relating to the non-management director restricted stock and options granted on May 12, 2009, were filed on January 8, 2010.

Related-Person Transaction Approval Policy

In February 2007, our Board adopted a written related-person transaction approval policy, which sets forth our Company's policies and procedures for the review, approval or ratification of certain related-person transactions. Our policy applies to any transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships in which our Company or an executive is a participant and in which a related person has a direct or indirect interest, but exempts the following:

Payment of compensation by our Company to a related person for the related person's service to our Company in the capacity or capacities that give rise to the person's status as a related person (provided such compensation was approved by the Board or a Committee of the Board, if such approval was required);

Transactions available to all employees or all shareholders of our Company on the same terms; and

Transactions which, when aggregated with the amount of all other transactions between the related person and our Company, involve less than \$120,000 in a fiscal year.

Our Board must approve any related person transaction subject to this policy before commencement of the related person transaction or, if the transaction is not identified prior to its commencement, the transaction must be submitted to our Board for ratification. The Board will analyze the following factors, in addition to any other factors the Committee deems appropriate, in determining whether to approve a related person transaction:

Whether the terms are fair to our Company;

Whether the transaction is material to our Company;

The role the related person has played in arranging the related person transaction;

The structure of the related-person transaction; and

The interests of all related persons in the related-person transaction.

The Board may, in its sole discretion, approve or deny any related person transaction. Approval of a related person transaction may be conditioned upon our Company and the related person taking such precautionary actions as the Board deems appropriate.

**Tennant Company
2010 Stock Incentive Plan**

1. Purpose. The purpose of the Tennant Company 2010 Stock Incentive Plan (the **Plan**) is to promote the interests of the Company and its shareholders by providing key personnel of the Company and its Affiliates with an opportunity to acquire a proprietary interest in the Company and reward them for achieving a high level of corporate performance and thereby develop a stronger incentive to put forth maximum effort for the continued success and growth of the Company and its Affiliates. In addition, the opportunity to acquire a proprietary interest in the Company will aid in attracting and retaining key personnel of outstanding ability. The Plan is also intended to provide Non-Employee Directors with an opportunity to acquire a proprietary interest in the Company, to compensate Non-Employee Directors for their contribution to the Company and to aid in attracting and retaining Non-Employee Directors.

2. Definitions.

2.1 The capitalized terms used elsewhere in the Plan have the meanings set forth below.

(b) **Agreement** means a written contract (i) consistent with the terms of the Plan entered into between the Company or an Affiliate and a Participant and (ii) containing the terms and conditions of an Award in such form and not inconsistent with the Plan as the Committee shall approve from time to time, together with all amendments thereto, which amendments may be unilaterally made by the Company (with the approval of the Committee) unless such amendments are deemed by the Committee to be materially adverse to the Participant and not required as a matter of law.

(d) **Board** means the Board of Directors of the Company.

(iii) the Company consummates

(A) a merger of the Company with or into another entity, other than a merger in which

(iv) the shareholders of the Company approve a definitive agreement or plan to liquidate or dissolve the Company.

3. Administration and Indemnification.

3.1 Administration.

(a) The Committee shall administer the Plan. The Committee shall have exclusive power to (i) make Awards, (ii) determine when and to whom Awards will be granted, the form of each Award, the amount of each Award, and any other terms or conditions of each Award consistent with the Plan, and (iii) determine whether, to what extent and under what circumstances, Awards may be settled, paid or exercised in cash, Shares or other Awards, or other property, or canceled, forfeited or suspended. Each Award shall be subject to an Agreement authorized by the Committee. A majority of the members of the Committee shall constitute a quorum for any meeting of the Committee, and acts of a majority of the members present at any meeting at which a quorum is present or the acts unanimously approved in writing by all members of the Committee shall be the acts of the Committee.

(b) Solely for purposes of determining and administering Awards to Participants who are not Insiders, the Committee may delegate all or any portion of its authority under the Plan to one or more persons who are not Non-Employee Directors.

(c) To the extent within its discretion and subject to Sections 15 and 16, the Committee may amend the terms and conditions of any outstanding Award.

(d) It is the intent that the Plan and all Awards granted pursuant to it shall be administered by the Committee so as to permit the Plan and Awards to comply with Exchange Act Rule 16b-3, except in such instances as the Committee, in its discretion, may so provide.

If any provision of the Plan or of any Award would otherwise frustrate or conflict with the intent expressed in this Section 3.1(d), that provision to the extent possible shall be interpreted and deemed amended in the manner determined by the Committee so as to avoid the conflict. To the extent of any remaining irreconcilable conflict with this intent, the provision shall be deemed void as applicable to Insiders to the extent permitted by law and in the manner deemed advisable by the Committee.

(e) The Committee's interpretation of the Plan and of any Award or Agreement made under the Plan and all related decisions or resolutions of the Board or Committee shall be final and binding on all parties with an interest therein. Consistent with its terms, the Committee shall have the power to establish, amend or waive regulations to administer the Plan. In carrying out any of its responsibilities, the Committee shall have discretionary authority to construe the terms of the Plan and any Award or Agreement made under the Plan.

3.2 Indemnification. Each person who is or shall have been a member of the Committee, or of the Board, and any other person to whom the Committee delegates authority under the Plan, shall be indemnified and held harmless by the Company, to the extent permitted by law, against and from any loss, cost, liability or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit or proceeding to which such person may be a party or in which such person may be involved by reason of any action taken or failure to act, made in good faith, under the Plan and against and from any and all amounts paid by such person in settlement thereof, with the Company's approval, or paid by such person in satisfaction of any judgment in any such action, suit or proceeding against such person, provided such person shall give the Company an opportunity, at the Company's expense, to handle and defend the same before such person undertakes to handle and defend it on such person's own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person or persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

4. Shares Available Under the Plan.

(a) The number of Shares available for distribution under the Plan shall not exceed 1,000,000 (subject to adjustment pursuant to Section 4(d) and Section 16). Any Shares made subject to Awards of Options or Stock Appreciation Rights shall be counted against this number as one (1) Share for every one (1) Share granted. Any shares of Common Stock granted as an Award other than Options or Stock Appreciation Rights shall be counted against this number as one and fifty-one hundredths (1.51) Shares for every one (1) Share granted. The Shares issued under the Plan may come from authorized and unissued shares or shares purchased in the open market.

(b) Any Shares subject to the terms and conditions of an Award under the Plan that are not used because the terms and conditions of the Award are not met may again be used for an Award under the Plan; provided however, that the gross number of Shares with respect to which a Stock Appreciation Right has been exercised may not again be awarded under the Plan if such exercise has been settled in Shares.

(c) Any unexercised or undistributed portion of any terminated, expired, exchanged, or forfeited Award, or any Award settled in cash in lieu of Shares shall be available for further Awards.

(d) The provisions of Section 4(b) and 4(c) shall also apply to any awards granted under the Tennant Company 2007 Stock Incentive Plan that are outstanding on the effective date of the Plan.

(e) For the purposes of computing the total number of Shares granted under the Plan, the following rules shall apply to Awards payable in Shares where appropriate:

(i) each Award shall be deemed to be the equivalent of the maximum number of Shares that may be issued upon exercise of the particular Award;

A-7

(ii) an Award payable in some other security shall be deemed to be equal to the number of Shares to which it relates;

(iii) where the number of Shares available under the Award is variable on the date it is granted, the number of Shares shall be deemed to be the maximum number of Shares that could be received under that particular Award until the Award is settled; and

(iv) where two or more types of Awards (all of which are payable in Shares) are granted to a Participant in tandem with each other, such that the exercise of one type of Award with respect to a number of Shares cancels at least an equal number of Shares of the other, each such joint Award shall be deemed to be the equivalent of the maximum number of Shares available under the largest single Award.

(f) Notwithstanding anything to the contrary contained herein, (i) Shares tendered in payment of an Option shall not be added to the total number of Shares available for grant under the Plan, (ii) Shares withheld by the Company to satisfy any tax withholding obligation shall not be added to the total number of Shares available for grant under the Plan, (iii) Shares that are repurchased by the Company with Option proceeds shall not be added to the total number of Shares available for grant under the Plan and (iv) all Shares covered by a Stock Appreciation Right, to the extent that it is exercised and settled in Shares, and whether or not Shares are actually issued to the Participant upon exercise of the Stock Appreciation Right, shall be considered issued under the Plan.

(g) No fractional Shares may be issued under the Plan; however, cash shall be paid in lieu of any fractional Share in settlement of an Award.

(h) The maximum number of Shares that may be issued pursuant to Options intended to be Incentive Stock Options shall be 1,000,000 (subject to adjustment pursuant to Section 16).

5. Eligibility. Participation in the Plan shall be limited to (i) Employees, (ii) individuals who are not Employees but who provide services to the Company or an Affiliate, including services provided in the capacity of a consultant, advisor or director, such as a Non-Employee Director and (iii) any individual the Company desires to induce to become an Employee or Non-Employee Director, provided that any such grant shall be contingent upon such individual becoming an Employee or Non-Employee Director, as the case may be. The granting of Awards is solely at the discretion of the Committee, except that Incentive Stock Options may only be granted to Employees. References herein to employed, employment or similar terms (except Employee) shall include the providing of services in any capacity or as a director. Neither the transfer of employment of a Participant between any of the Company or its Affiliates, nor a leave of absence granted to such Participant and approved by the Committee, nor any change in status from an Employee to a consultant of the Company shall be deemed a termination of employment for purposes of the Plan.

6. General Terms of Awards.

6.1 Amount of Award. Each Award shall be evidenced by a written or electronic Agreement setting forth the terms and conditions that apply to such Award. Each Agreement shall set forth the number of Shares of Restricted Stock, Stock or Performance Units subject to the Agreement, or the number of Shares to which the Option subject to the Agreement applies or with respect to which payment upon the exercise of the Stock Appreciation Right subject to the Agreement is to be determined, as the case may be, together with such other terms and conditions applicable to the Award (and not inconsistent with the Plan) as determined by the Committee acting in its sole discretion, which may include conditions on vesting, exercisability, lapsing of restrictions or payment that are tied to Performance Measures.

6.2 Vesting and Term. Each Agreement, other than those relating solely to Awards of Shares without restrictions, shall set forth the Term of the Award and any applicable Performance Period, but in no event shall the Term of an Award be longer than ten years after the date of grant. The Committee may provide for such vesting conditions as the Committee, in its sole discretion, may determine, provided that (i) no Award of Options or Stock Appreciation Rights may vest in full earlier than three years from the date of grant, (ii) the restrictions or conditions on an Award of Restricted Stock may not lapse in their entirety earlier than three years from the date of grant and

(iii) the Performance Cycle of a Performance Unit or other Award subject to Performance Measures may not be shorter than one year, except, in each of clauses (i) (iii) above, in the case of (a) a shorter vesting period specifically approved by the Committee to attract a key executive to join the Company, (b) a shorter vesting period specifically approved in accordance with the Plan to attract or retain key employees, provided that Awards with respect to no more than 75,000 Shares shall be made in accordance with this clause (b), (c) upon a Change of Control if so provided by the Committee, (d) death, Disability or Retirement as provided in Section 6.4 or as otherwise provided by the Committee, (e) restricted stock issued in exchange for other compensation as approved by the Committee, (f) a substitute Award granted pursuant to Section 19, and (g) Awards issued to Non-Employee Directors. Acceleration of the vesting or exercisability of the Award, upon such terms and conditions as shall be set forth in the Agreement, which may, but need not, include, without limitation, acceleration in the event of the Participant's death, Disability or Retirement or the occurrence of a Change of Control or a Fundamental Change. Acceleration of the Performance Period of Performance Units shall be subject to Section 11.2.

6.3 Transferability. Except as provided in this Section, during the lifetime of a Participant to whom an Award is granted, only that Participant (or that Participant's Successor) may exercise an Option or Stock Appreciation Right, or receive payment with respect to Performance Units or any other Award. No Award may be sold, assigned, transferred, exchanged or otherwise encumbered other than to a Successor in the event of a Participant's death or pursuant to a qualified domestic relations order as defined in the Code or Title 1 of the Employee Retirement Income Security Act of 1974, as amended (ERISA), or the rules thereunder; any attempted transfer in violation of this Section 6.3 shall be of no effect. Notwithstanding the immediately preceding sentence, the Committee, in an Agreement or otherwise at its discretion, may provide that the Award (other than Incentive Stock Options) may be transferable, to the extent permitted by law, to a Transferee if the Participant does not receive any consideration for the transfer. Any Award held by a Transferee shall continue to be subject to the same terms and conditions that were applicable to that Award immediately before the transfer thereof to the Transferee. For purposes of any provision of the Plan relating to notice to a Participant or to acceleration or termination of an Award upon the death, Disability or termination of employment of a Participant the references to Participant shall mean the original grantee of an Award and not any Transferee.

6.4 Termination of Employment. Except as otherwise determined by the Committee or provided by the Committee in an Agreement, in case of a Participant's termination of employment with the Company and all of its Affiliates, the following provisions shall apply:

(a) **Options and Stock Appreciation Rights**

(i) **Death or Disability.** If a Participant who has been granted an Option or Stock Appreciation Rights shall die or if a Participant's employment terminates because of Disability before such Option or Stock Appreciation Rights have expired, the Option or Stock Appreciation Rights shall become exercisable in full, and may be exercised by the Participant's Successor at any time, or from time to time, within one year after the date of the Participant's death or termination or employment due to Disability.

(ii) **Retirement.** If a Participant's employment terminates because of Retirement, the Option or Stock Appreciation Rights shall become exercisable in full, and the Participant may exercise his or her Options or Stock Appreciation Rights at any time, or from time to time, within three months after the date of such termination if such termination results from the Participant's Retirement; provided that if the Participant has provided the Company with six months' prior written notice of the Participant's intention to Retire, and if there are no special payments made by the Company as a retirement incentive or inducement, then the Options or Stock Appreciation Rights may be exercised at any time within five years after the Participant's employment by the Company terminates due to Retirement.

(iii) **Cause.** If a Participant's employment is terminated for Cause, the Award shall terminate immediately upon such termination for Cause.

A-9

(iv) **Reasons other than Death, Disability, Retirement or Cause.** If a Participant's employment terminates for any reason other than death, Disability, Retirement or Cause, the unexercisable portion of any Award held by such Participant shall terminate at the date of termination of employment and any portion of such Award that was exercisable immediately prior to such termination shall remain exercisable for three months after termination of the Participant's employment. If the Participant is a Non-Employee Director, the Option or Stock Appreciation Right shall remain exercisable until the expiration of the Term after such Non-Employee Director ceases to be a director of the Company but, unless otherwise provided in the Agreement, only to the extent that such Option or Stock Appreciation Right was exercisable immediately prior to such Non-Employee Director ceasing to be a director.

(v) Notwithstanding the foregoing Sections 6.4(a)(i), (ii), (iii) and (iv), in no event shall an Option or a Stock Appreciation Right be exercisable after the expiration of the Term of such Award. Any Option or Stock Appreciation Right that is not exercised within the periods set forth in Sections 6.4 (i), (ii), (iii) and (iv), except as otherwise provided by the Committee in the applicable Agreement, shall terminate as of the end of the periods described in such Sections.

(b) **Performance Units.** If a Participant's employment with the Company or any of its Affiliates terminates during a Performance Period because of death, Disability or Retirement, or under other circumstances provided by the Committee in its discretion in the applicable Agreement or otherwise, the Participant shall be entitled to a payment of Performance Units at the end of the Performance Period based upon the extent to which achievement of Performance Measures was satisfied at the end of such period (as determined at the end of the Performance Period) and prorated for the portion of the Performance Period during which the Participant was employed by the Company or any Affiliate. Except as provided in this Section 6.4(b) or in the applicable Agreement, if a Participant's employment terminates with the Company and all of its Affiliates during a Performance Period, then such Participant shall not be entitled to any payment with respect to that Performance Period.

(c) **Restricted Stock Awards.** In case of a Participant's death, Disability or Retirement, the Participant shall be entitled to receive a number of Shares of Restricted Stock under outstanding Awards that has been prorated for the portion of the Term of the Awards during which the Participant was employed by the Company and its Affiliates, and, with respect to such Shares, all restrictions shall lapse. Any Shares of Restricted Stock as to which restrictions do not lapse under the preceding sentence shall terminate at the date of the Participant's termination of employment and such Shares of Restricted Stock shall be forfeited to the Company.

6.5 Rights as Shareholder. Each Agreement shall provide that a Participant shall have no rights as a shareholder with respect to any securities covered by an Award unless and until the date the Participant becomes the holder of record of the Stock, if any, to which the Award relates.

6.6 Performance-Based Awards. Any Award may be granted as a performance-based Award if the Committee establishes one or more Performance Measures upon which vesting, the lapse of restrictions or settlement in cash or Shares is contingent. With respect to any Award intended to qualify as performance-based compensation under Section 162(m) of the Code, the Committee shall establish and administer Performance Measures in the manner described in Section 162(m) of the Code and the then current regulations of the Secretary of the Treasury.

7. Restricted Stock Awards.

(a) An Award of Restricted Stock under the Plan shall consist of Shares subject to restrictions on transfer and conditions of forfeiture, which restrictions and conditions shall be included in the applicable Agreement. The Committee may provide for the lapse or waiver of any such restrictions or conditions based on such factors or criteria as the Committee, in its sole discretion, may determine.

A-10

(b) Except as otherwise provided in the applicable Agreement, the Shares subject to the Award of Restricted Stock shall be issued in the name of the Participant and each Stock certificate issued with respect to an Award of Restricted Stock shall either be deposited with the Company or its designee, together with an assignment separate from the certificate, in blank, signed by the Participant, or the Stock certificate or book-entry shall bear such legends with respect to the restricted nature of the Restricted Stock evidenced thereby as shall be provided for in the applicable Agreement.

(c) Upon the lapse of the restrictions and conditions, unrestricted Shares shall be issued to the Participant or a Successor or Transferee.

(d) A Participant or a Transferee with a Restricted Stock Award shall have all the other rights of a shareholder including, but not limited to, the right to receive dividends and the right to vote the Shares of Restricted Stock.

8. Other Awards. The Committee may from time to time grant Stock and other Awards under the Plan including, without limitation, those Awards pursuant to which Shares are or may in the future be acquired, Awards denominated in Stock units, securities convertible into Stock and phantom securities. The Committee, in its sole discretion, shall determine the terms and conditions of such Awards provided that such Awards shall not be inconsistent with the terms and purposes of the Plan. The Committee may, at its sole discretion, direct the Company to issue Shares subject to restrictive legends and/or stop transfer instructions that are consistent with the terms and conditions of the Award to which the Shares relate.

9. Stock Options.

9.1 Terms of All Options.

(a) An Option shall be granted pursuant to an Agreement as either an Incentive Stock Option or a Non-Statutory Stock Option. The purchase price of each Share subject to an Option shall be determined by the Committee and set forth in the Agreement, but shall not be less than the Fair Market Value of a Share as of the date the Option is granted (except as provided in Section 19).

(b) The purchase price of the Shares with respect to which an Option is exercised shall be payable in full at the time of exercise, provided that to the extent permitted by law, the Agreement may permit a Participant to simultaneously exercise Options and sell the Shares thereby acquired pursuant to a brokerage or similar relationship and use the proceeds from the sale as payment of the purchase price of the Shares. The purchase price may be paid in cash or, if the Committee so permits, through a reduction of the number of Shares delivered to the Participant upon exercise of the Option or delivery or tender to the Company of Shares (by actual delivery or attestation) held by such Participant (in each case, such Shares having a Fair Market Value as of the date the Option is exercised equal to the purchase price of the Shares being purchased pursuant to the Option), or a combination thereof, unless otherwise provided in the Agreement, provided that no fractional Shares will be issued or accepted. A Participant exercising an Option shall not be permitted to pay any portion of the purchase price with Shares if, in the opinion of the Committee, payment in such manner could have adverse financial accounting consequences for the Company.

(c) Each Option shall be exercisable in whole or in part on the terms provided in the Agreement. In no event shall any Option be exercisable at any time after the expiration of its Term. When an Option is no longer exercisable, it shall be deemed to have lapsed or terminated.

(d) No Participant may receive any combination of Options and Stock Appreciation Rights relating to more than 250,000 Shares in the aggregate pursuant to Awards in any year under this Plan.

A-11

9.2 Incentive Stock Options. In addition to the other terms and conditions applicable to all Options:

(a) the aggregate Fair Market Value (determined as of the date the Option is granted) of the Shares with respect to which Incentive Stock Options held by an individual first become exercisable in any calendar year (under the Plan and all other incentive stock option plans of the Company and its Affiliates) shall not exceed \$100,000 (or such other limit as may be required by the Code) if this limitation is necessary to qualify the Option as an Incentive Stock Option, and to the extent an Option or Options granted to a Participant exceed this limit the Option or Options shall be treated as a Non-Statutory Stock Option;

(b) an Incentive Stock Option shall not be exercisable more than ten years after the date of grant (or such other limit as may be required by the Code) if this limitation is necessary to qualify the Option as an Incentive Stock Option;

(c) an Incentive Stock Option shall not be exercisable more than one year after termination of the Participant's employment with the Company and its Affiliates if the Participant's employment with the Company and its Affiliates terminates because of the Participant's death or Disability or more than three months after termination of the Participant's employment if the Participant's employment terminates for any reason other than death or Disability;

(d) the Agreement covering an Incentive Stock Option shall contain such other terms and provisions that the Committee determines necessary to qualify this Option as an Incentive Stock Option; and

(e) notwithstanding any other provision of the Plan to the contrary, no Participant may receive an Incentive Stock Option under the Plan if, at the time the Award is granted, the Participant owns (after application of the rules contained in Code Section 424(d), or its successor provision), Shares possessing more than 10% of the total combined voting power of all classes of stock of the Company or its Subsidiaries, unless (i) the option price for that Incentive Stock Option is at least 110% of the Fair Market Value of the Shares subject to that Incentive Stock Option on the date of grant and (ii) that Option is not exercisable after the date five years from the date that Incentive Stock Option is granted.

10. Stock Appreciation Rights. An Award of a Stock Appreciation Right shall entitle the Participant (or a Successor or Transferee), subject to terms and conditions determined by the Committee, to receive upon exercise of the Stock Appreciation Right all or a portion of the excess of (i) the Fair Market Value of a specified number of Shares as of the date of exercise of the Stock Appreciation Right over (ii) a specified price that shall not be less than 100% of the Fair Market Value of such Shares as of the date of grant of the Stock Appreciation Right. A Stock Appreciation Right may be granted in connection with part or all of, in addition to, or completely independent of an Option or any other Award under the Plan. If issued in connection with a previously or contemporaneously granted Option, the Committee may impose a condition that exercise of a Stock Appreciation Right cancels a pro rata portion of the Option with which it is connected and vice versa. Each Stock Appreciation Right may be exercisable in whole or in part on the terms provided in the Agreement. No Stock Appreciation Right shall be exercisable at any time after the expiration of its Term. When a Stock Appreciation Right is no longer exercisable, it shall be deemed to have lapsed or terminated. Upon exercise of a Stock Appreciation Right, payment to the Participant or a Successor or Transferee shall be made at such time or times as shall be provided in the Agreement in the form of cash, Shares or a combination of cash and Shares as determined by the Committee. The Agreement may provide for a limitation upon the amount or percentage of the total appreciation on which payment (whether in cash and/or Shares) may be made in the event of the exercise of a Stock Appreciation Right. No Participant may receive any combination of Options and Stock Appreciation Rights relating to more than 50,000 Shares in the aggregate pursuant to Awards in any year under this Plan.

11. Performance Units.

11.1 Initial Award.

(a) An Award of Performance Units under the Plan shall entitle the Participant or a Successor or Transferee to future payments of cash, Shares, DSUs or a combination thereof, as determined by the Committee, based upon the achievement of specified levels of one or more Performance Measures. The Agreement may establish that a portion of a Participant's Award will be paid for performance that exceeds the minimum target but falls below the maximum target applicable to the Award. The Agreement shall also provide for the timing of the payment.

(b) Following the conclusion or acceleration of each Performance Period, the Committee shall determine the extent to which (i) Performance Measures have been attained, (ii) any other terms and conditions with respect to an Award relating to the Performance Period have been satisfied and (iii) payment is due with respect to an Award of Performance Units.

(c) No Participant may receive Performance Units (or Shares, cash or DSUs in payment therefor) relating to more than 100,000 Shares pursuant to Awards of Performance Units in any year under this Plan.

11.2 Acceleration and Adjustment. The Agreement may permit an acceleration of the Performance Period and an adjustment of Performance Measures and payments with respect to some or all of the Performance Units awarded to a Participant, upon the occurrence of certain events, which may, but need not include, without limitation, a Change of Control, a Fundamental Change, a recapitalization, a change in the accounting practices of the Company, a change in the Participant's title or employment responsibilities, the Participant's death, Disability or Retirement or, with respect to payments in Shares with respect to Performance Units, a reclassification, stock dividend, stock split or stock combination as provided in Section 16. The Agreement also may provide for a limitation on the value of an Award of Performance Units that a Participant may receive.

12. Effective Date and Duration of the Plan.

12.1 Effective Date. The Plan shall become effective on the date the Plan is approved by the requisite vote of shareholders at the 2010 Annual Meeting of Shareholders or any adjournment thereof.

12.2 Duration of the Plan. The Plan shall remain in effect until all Stock subject to it shall be distributed, all Awards have expired or lapsed, the Plan is terminated pursuant to Section 15, or the tenth anniversary of the date of shareholder approval of the Plan, whichever occurs first (the Termination Date); provided, however, that Awards made before the Termination Date may be exercised, vested or otherwise effectuated beyond the Termination Date unless limited in the Agreement or otherwise. The date and time of approval by the Committee of the granting of an Award shall be considered the date and time at which the Award is made or granted, unless the approval specifies an alternative grant date that is later than the date and time of approval.

12.3 Effect on Prior Plans. No new awards shall be granted to any Employee or Non-Employee Director under any other previously approved Company stock plan after the Plan becomes effective.

13. Plan Does Not Affect Employment Status.

(a) Status as an eligible Employee shall not be construed as a commitment that any Award will be made under the Plan to that eligible Employee or to eligible Employees generally.

(b) Nothing in the Plan or in any Agreement or related documents shall confer upon any Employee or Participant any right to continue in the employment of the Company or any Affiliate or constitute any contract of employment or affect any right that the Company or any Affiliate may have to change such person's compensation, other benefits, job responsibilities, or title, or to terminate the employment of such person with or without cause.

A-13

14. Tax Withholding. The Company shall have the right to withhold from any cash payment under the Plan to a Participant or other person (including a Successor or a Transferee) an amount sufficient to cover any required withholding taxes. The Company shall have the right to require a Participant or other person receiving Shares under the Plan to pay the Company a cash amount sufficient to cover any required withholding taxes before actual receipt of those Shares. In lieu of all or any part of a cash payment from a person receiving Shares under the Plan, the Committee may permit the individual to cover all or any part of the required withholdings through a reduction in the number of Shares delivered or a delivery or tender to the Company of Shares held by the Participant or other person, in each case valued in the same manner as used in computing the withholding taxes under applicable laws.

15. Amendment, Modification and Termination of the Plan and Agreements.

(a) Except as limited in (b) below, (i) the Board may at any time and from time to time terminate, suspend or modify the Plan and (ii) the Committee may at any time alter or amend any or all Agreements under the Plan to the extent permitted by law. Notwithstanding the foregoing, the Company shall submit any amendment of the Plan for shareholder approval if the rules of the New York Stock Exchange or other applicable laws or regulations require shareholder approval of such amendment.

(b) No termination, suspension, or modification of the Plan will materially and adversely affect any right acquired by any Participant or Successor or Transferee under an Award granted before the date of termination, suspension, or modification, unless otherwise agreed to by the Participant in the Agreement or otherwise, or required as a matter of law; but it will be conclusively presumed that any adjustment for changes in capitalization provided for in Sections 11.2 or 16 does not adversely affect these rights. Except as provided in Section 16, in no event may any Option or Stock Appreciation Right granted under the Plan (i) be amended to decrease the exercise price or strike price thereof, as the case may be, (ii) be cancelled in conjunction with the grant of any new Option or Stock Appreciation Right with a lower exercise price or strike price, as the case may be, (iii) be amended to provide for a cash buyout of the Option or Stock Appreciation Right if such Option or Stock Appreciation Right is not in the money, (iv) be subject to a voluntary surrender and subsequent grant of in the money Option or Stock Appreciation Right or (v) otherwise be subject to any action that would be treated, for accounting purposes or under the rules of the New York Stock Exchange, as a repricing of such Option or Stock Appreciation Right, unless such amendment, cancellation or action is approved by the Company's shareholders in accordance with the rules of the New York Stock Exchange.

16. Adjustment for Changes in Capitalization. In the event of any equity restructuring (within the meaning of Statement of Financial Accounting Standards No. 123 (revised 2004), referred to as FAS 123R) that causes the per Share value of Shares to change, such as a stock dividend or stock split, the Committee shall cause there to be made an equitable adjustment to the number and kind of Shares or other securities issued or reserved for issuance pursuant to the Plan and to outstanding Awards (including but not limited to the number and kind of Shares to which such Awards are subject, and the exercise or strike price of such Awards) to the extent such other Awards would not otherwise automatically adjust in the equity restructuring; provided, in each case, that with respect to Incentive Stock Options, no such adjustment shall be authorized to the extent that such adjustment would cause such Incentive Stock Options to violate Section 422(b) of the Code or any successor provision; provided further, that no such adjustment shall be authorized under this Section to the extent that such adjustment would cause an Award to be subject to adverse tax consequences under Section 409A of the Code. In the event of any other change in corporate capitalization, which may include a merger, consolidation, any reorganization (whether or not such reorganization comes within the definition of such term in Section 368 of the Code), or any partial or complete liquidation of the Company to the extent such events do not constitute equity restructurings or business combinations within the meaning of FAS 123R, such equitable adjustments described in the foregoing sentence may be made as determined to be appropriate and equitable by the Committee to prevent dilution or enlargement of rights. In either case, any such adjustment shall be conclusive and binding for all purposes of the Plan. Unless otherwise determined by the Committee, the number of Shares subject to an Award shall

A-14

always be a whole number. In no event shall an outstanding Award be amended for the sole purpose of decreasing the exercise or strike price thereof, except in accordance with Section 15(b) of the Plan.

17. Fundamental Change. In the event of a proposed Fundamental Change, the Committee may, but shall not be obligated to:

(a) if the Fundamental Change is a merger or consolidation or statutory share exchange, make appropriate provision for the protection of the outstanding Options and Stock Appreciation Rights by the substitution of options, stock appreciation rights and appropriate voting common stock of the corporation surviving any merger or consolidation or, if appropriate, the parent corporation of the Company or such surviving corporation; or

(b) at least ten days before the occurrence of the Fundamental Change, declare, and provide written notice to each holder of an Option or Stock Appreciation Right of the declaration, that each outstanding Option and Stock Appreciation Right, whether or not then exercisable, shall be canceled at the time of, or immediately before the occurrence of the Fundamental Change in exchange for payment to each holder of an Option or Stock Appreciation Right, within ten days after the Fundamental Change, of cash equal to (i) for each Share covered by the canceled Option, the amount, if any, by which the Fair Market Value (as defined in this Section) per Share exceeds the exercise price per Share covered by such Option or (ii) for each Stock Appreciation Right, the price determined pursuant to Section 10, except that Fair Market Value of the Shares as of the date of exercise of the Stock Appreciation Right, as used in clause (i) of Section 10, shall be deemed to mean Fair Market Value for each Share with respect to which the Stock Appreciation Right is determined in the manner hereinafter referred to in this Section. At the time of the declaration provided for in the immediately preceding sentence, each Stock Appreciation Right and each Option shall immediately become exercisable in full and each person holding an Option or a Stock Appreciation Right shall have the right, during the period preceding the time of cancellation of the Option or Stock Appreciation Right, to exercise the Option as to all or any part of the Shares covered thereby or the Stock Appreciation Right in whole or in part, as the case may be. In the event of a declaration pursuant to Section 17(b), each outstanding Option and Stock Appreciation Right granted pursuant to the Plan that shall not have been exercised before the Fundamental Change shall be canceled at the time of, or immediately before, the Fundamental Change, as provided in the declaration. Notwithstanding the foregoing, no person holding an Option or a Stock Appreciation Right shall be entitled to the payment provided for in this Section 17(b) if such Option or Stock Appreciation Right shall have terminated, expired or been cancelled. For purposes of this Section only, Fair Market Value per Share means the cash plus the fair market value, as determined in good faith by the Committee, of the non-cash consideration to be received per Share by the shareholders of the Company upon the occurrence of the Fundamental Change.

18. Dividends and Dividend Equivalents. An Award (other than an Option or Stock Appreciation Right) may, if so determined by the Committee, provide the Participant with the right to receive dividend payments or dividend equivalent payments with respect to Shares subject to the Award (both before and after the Shares subject to the Award are earned, vested or acquired), which payments may be either made currently or credited to an account for the Participant, and may be settled in cash or Shares, as determined by the Committee; provided, however, that in no event shall any dividend payments or dividend equivalent payments be paid out with respect to any unvested Awards that are subject to performance-based vesting conditions. Any such settlements, and any such crediting of dividends or dividend equivalents or reinvestment in Shares, may be subject to such conditions, restrictions and contingencies as the Committee shall establish, including the reinvestment of such credited amounts in Share equivalents.

19. Corporate Mergers, Acquisitions, Etc. The Committee may also grant Options, Stock Appreciation Rights, Restricted Stock or other Awards under the Plan in substitution for, or in connection with the assumption of, existing options, stock appreciation rights, restricted stock or other award granted, awarded or issued by another corporation and assumed or otherwise agreed to be provided for by the Company pursuant to or by reason of a transaction involving a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation to which the

A-15

Company or a Subsidiary is a party. The terms and conditions of the substitute Awards may vary from the terms and conditions set forth in the Plan to the extent as the Board at the time of the grant may deem appropriate to conform, in whole or in part, to the provisions of the awards in substitution for which they are granted.

20. Unfunded Plan. The Plan shall be unfunded and the Company shall not be required to segregate any assets that may at any time be represented by Awards under the Plan. Neither the Company, its Affiliates, the Committee, nor the Board of Directors shall be deemed to be a trustee of any amounts to be paid under the Plan nor shall anything contained in the Plan or any action taken pursuant to its provisions create or be construed to create a fiduciary relationship between the Company and/or its Affiliates, and a Participant or Successor or Transferee. To the extent any person acquires a right to receive an Award under the Plan, this right shall be no greater than the right of an unsecured general creditor of the Company.

21. Limits of Liability.

(a) Any liability of the Company to any Participant with respect to an Award shall be based solely upon contractual obligations created by the Plan and the Award Agreement.

(b) Except as may be required by law, neither the Company nor any member of the Board of Directors or of the Committee, nor any other person participating (including participation pursuant to a delegation of authority under Section 3.1(b) of the Plan) in any determination of any question under the Plan, or in the interpretation, administration or application of the Plan, shall have any liability to any party for any action taken, or not taken, in good faith under the Plan.

22. Compliance with Applicable Legal Requirements. No Shares distributable pursuant to the Plan shall be issued and delivered unless the issuance of the Shares complies with all applicable legal requirements including, without limitation, compliance with the provisions of applicable state securities laws, the Securities Act of 1933, as amended and in effect from time to time or any successor statute, the Exchange Act and the requirements of the exchanges on which the Company's Shares may, at the time, be listed.

23. Deferrals and Settlements. The Committee may require or permit Participants to elect to defer the issuance of Shares or the settlement of Awards in cash under such rules and procedures as it may establish under the Plan. It may also provide that deferred settlements include the payment or crediting of interest on the deferral amounts.

24. Other Benefit and Compensation Programs. Payments and other benefits received by a Participant under an Award made pursuant to the Plan shall not be deemed a part of a Participant's regular, recurring compensation for purposes of the termination, indemnity or severance pay laws of any country and shall not be included in, nor have any effect on, the determination of benefits under any other employee benefit plan, contract or similar arrangement provided by the Company or an Affiliate unless expressly so provided by such other plan, contract or arrangement, or unless the Committee expressly determines that an Award or portion of an Award should be included to accurately reflect competitive compensation practices or to recognize that an Award has been made in lieu of a portion of competitive cash compensation.

25. Beneficiary Upon Participant's Death. To the extent that the transfer of a Participant's Award at death is permitted by this Plan or under an Agreement, (i) a Participant's Award shall be transferable to the beneficiary, if any, designated on forms prescribed by and filed with the Committee and (ii) upon the death of the Participant, such beneficiary shall succeed to the rights of the Participant to the extent permitted by law and this Plan. If no such designation of a beneficiary has been made, the Participant's legal representative shall succeed to the Awards, which shall be transferable by will or pursuant to laws of descent and distribution to the extent permitted by this Plan or under an Agreement.

26. Requirements of Law.

(a) To the extent that federal laws do not otherwise control, the Plan and all determinations made and actions taken pursuant to the Plan shall be governed by the laws of the State of Minnesota without regard to its conflicts-of-law principles and shall be construed accordingly.

(b) If any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not effect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.
