Statements made in this release, our website and in our other public filings and releases, which are not historical facts contain "forward-looking" statements (as defined in the Private Securities Litigation Reform Act of 1995) that involve risks and uncertainties and are subject to change at any time. These forward-looking statements may include, but are not limited to, statements containing words such as "anticipate," "believe," "plan," "estimate," "expect," "intend," "may," "target" and similar expressions. Factors that could cause actual results to differ materially include, but are not limited to, the following: costs, changes in the reimbursement rates or methods of payment from Medicare or Medicaid, or the implementation of other measures to reduce reimbursement for our services; changes in pharmacy legislation and payment formulas; the expiration of enactments providing for additional government funding; efforts of third party payors to control costs; the impact of federal and state
