PROXY STATEMENT

This Proxy Statement contains information related to the annual meeting of shareholders of Healthcare Realty Trust Incorporated (the "Company") to be held at 3310 West End Avenue, Suite 700, Nashville, Tennessee, on Tuesday, May 10, 2016, at 10:00 a.m. (local time) for the purposes set forth in the accompanying notice, and at any adjournment thereof (the "Annual Meeting"). This Proxy Statement and the Annual Report to Shareholders for the Year Ended December 31, 2015 (the "Annual Report to Shareholders") are available to you on the Internet or, upon your request, will be delivered to you by mail or email in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting. The Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") is scheduled to be distributed on or about March 28, 2016.

Under rules adopted by the Securities and Exchange Commission (the "SEC"), the Company is now making this Proxy Statement and the Annual Report to Shareholders available on the Internet instead of mailing a printed copy of these materials to each shareholder. Shareholders who receive the Notice of Internet Availability by mail will not receive a printed copy of these materials other than as described below. Instead, the Notice of Internet Availability contains instructions as to how shareholders may access and review the materials on the Internet, including information about how shareholders may submit proxies by telephone or over the Internet.

You can ensure that your shares are voted at the Annual Meeting by submitting your instructions by telephone or Internet, or if you requested a printed copy of the proxy materials, by completing, signing, dating and returning the proxy card accompanying the materials in the envelope provided to you. Submitting your instructions or proxy by any of these methods will not affect your right to attend and vote at the Annual Meeting. We encourage our shareholders to submit proxies in advance of the Annual Meeting. A shareholder who gives a proxy may revoke it at any time before it is exercised by voting in person at the Annual Meeting, by delivering a subsequent proxy or by notifying the inspectors of election in writing of such revocation. If your shares of the Company's common stock are held for you in a brokerage, bank or other institutional account, you must obtain a proxy from that entity and bring it with you to hand in with your ballot in order to be able to vote your shares at the Annual Meeting.

The close of business on March 10, 2016 has been fixed as the record date for the determination of shareholders entitled to vote at the meeting. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the conduct of business at the meeting. The inspectors of election for the Annual Meeting will treat shares represented by proxies that reflect abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Without your instructions, your broker or nominee is permitted to use its own discretion and vote your shares on certain routine matters (such as Proposal 2), but is not permitted to use its discretion and vote your shares on non-routine matters (such as Proposals 1 and 3). We urge you to give voting instructions to your broker or nominee on all proposals. Shares that are not permitted to be voted by your broker or nominee are called "broker non-votes." These so-called "broker non-votes" will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum.

As of the close of business on the record date, the Company had 150,000,000 authorized shares of common stock, \$0.01 par value (the "Common Stock"), of which 103,496,465 shares were outstanding and entitled to vote. The Common Stock is the Company's only outstanding class of voting stock. Each share of Common Stock will have one vote on each matter to be voted upon at the meeting.

PROPOSAL 1 - ELECTION OF DIRECTORS

In 2015, the Board of Directors proposed an amendment to the Company's charter to declassify the board. That proposal was approved by the Company's shareholders at the 2015 Annual Meeting of Shareholders and the Board of Directors was declassified. Accordingly, the shareholders are now allowed to vote on the entire Board of Directors each year.

The Company's charter does not provide for cumulative voting and, accordingly, each shareholder may cast one vote per share of Common Stock for each nominee. According to Maryland law, directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present. An abstention may not be specified with respect to the election of directors. Broker non-votes will have no effect on the outcome of the election. The Company has a director resignation policy that is applicable to any director that does not receive a majority of votes cast "for" his or her election to the board in an uncontested election. This policy is described in greater detail on page 5 of this Proxy Statement.

Unless a proxy specifies otherwise or results in a broker non-vote because of the failure of a shareholder to execute or return the proxy with instructions, the persons named in the proxy will vote the shares covered thereby for the nominees designated by the Board of Directors listed below. Should any nominee become unavailable for election, shares covered by a proxy will be voted for a substitute nominee selected by the Board of Directors upon the recommendation of the Corporate Governance Committee.

CORPORATE GOVERNANCE

Leadership Structure

Since the Company's inception, Mr. Emery has served as the Chairman of the Board of Directors and the Company's Chief Executive Officer. The Board of Directors believes that this structure has been appropriate given Mr. Emery's performance since founding the Company. On February 16, 2016, the Company announced that Todd J. Meredith will become the Company's next Chief Executive Officer effective December 30, 2016. On that date, the Company will separate the Chairman of the Board and Chief Executive Officer roles. Mr. Emery will become Executive Chairman of the Board of Directors. The Board of Directors believes that separation of these roles is appropriate given the continuity provided by Mr. Emery's continued involvement on the Board and Mr. Meredith's long tenure with the

Company.

Lead Independent Director; Non-Management Executive Sessions; Communicating with the Board
Periodically, and no less frequently than quarterly, the independent directors meet in executive session. The non-management directors have appointed Edwin B. Morris III as lead director to preside over the non-management executive sessions. During 2015, the non-management directors held four executive sessions. Any interested party may communicate with the non-management directors as a group by contacting Mr. Morris in writing c/o Healthcare Realty Trust Incorporated, 3310 West End Avenue, Suite 700, Nashville, Tennessee 37203. Any interested party may communicate directly with the full Board of Directors or any individual director by writing to Healthcare Realty Trust Incorporated, 3310 West End Avenue, Suite 700, Nashville, Tennessee 37203, Attention: Secretary. The Secretary of the Company will review all correspondence intended for the entire Board and will forward to the Board copies of all correspondence that, in the opinion of the Secretary, deals with the functions of the Board or committees thereof or that she otherwise determines requires their attention.

The Code of Ethics is posted in the Corporate Governance section of the Company's website, www.healthcarerealty.com, under the "Investor Relations" tab and is available in print free of charge to any shareholder who requests a copy. Interested parties may address a written request for a printed copy of the Code of Ethics to Healthcare Realty Trust Incorporated, 3310 West End Avenue, Suite 700, Nashville, Tennessee 37203, Attention: Investor Relations. Director Resignation Policy

The director resignation policy provides that, in an uncontested election, any director who receives a greater number of withheld votes than votes for election must tender his or her resignation to the Board promptly following certification of the shareholder vote. Upon such resignation, the Corporate Governance Committee will have 45 days following certification of the shareholder vote to consider the resignation and recommend to the Board whether or not to accept such resignation. Following the recommendation of the Corporate Governance Committee, the Board must decide within 90 days following certification of the shareholder vote whether or not to accept the resignation. After making its decision, the Board will promptly disclose the decision in a Form 8-K filed with the SEC. The director resignation policy is included in the Company's Corporate Governance Principles, which are posted in the Corporate Governance section of the Company's website at www.healthcarerealty.com under the "Investor Relations" tab.

Meeting Attendance

The Board of Directors held a total of eight meetings in 2015. Each director attended at least 75% of the meetings of the Board and committees of the Board on which such director served. The Company has not adopted a formal policy

regarding director attendance at annual meetings of shareholders, but encourages each member of the Board of Directors to attend. One member of the Board attended the 2015 Annual Meeting of Shareholders.

Director Education

The Corporate Governance Committee has adopted a set of education guidelines and encourages all directors to pursue ongoing education and development studies on topics that they deem relevant given their individual backgrounds and committee assignments on the Board of Directors. Each director is requested to attend at least one director education program every three years. The Company pays for each director's expenses incurred to attend director education programs.

Risk Oversight

The Board of Directors is responsible for overseeing the Company's overall risk management as part of determining a business strategy designed to provide long-term value to the Company's shareholders. The Board of Directors oversees the Company's exposure to risk through various means, including specific communications with management. Board deliberations involving strategy and operational initiatives are integrated with reviews of risk exposure to the Company. In addition to reviewing significant transactions, such as capital raises or investments, for consistency with the Company's risk profile, the Board annually reviews risks affecting the Company as part of management's review of appropriate risk factor disclosures. The Board regularly communicates with members of the management team, including officers responsible for identifying potential investments and bringing those investments to fruition, either through acquisition or development. The Board also discusses with management on at least a semi-annual basis the Company's internal forecast, including discussions regarding the Company's acquisition and development pipeline. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities by monitoring, reviewing and discussing the Company's financial risk exposures. The Audit Committee considers enterprise level risks and financial risks and discusses with management those risks and the measures taken by the management team to mitigate such risks. The Compensation Committee assesses risks related to the Company's executive compensation programs, as discussed further on page 16 of this Proxy Statement. The Company believes that these interactions between the Board and the management team regarding risk exposures and mitigation strengthen and focus the combined efforts of management and the Board on developing strategies that contain risk and enhance long-term shareholder value.

Independence of Directors

The Board of Directors has adopted a set of Corporate Governance Principles (the "Principles") addressing, among other things, standards for evaluating the independence of the Company's directors. The full text of the Principles can be found in the Corporate Governance section of the Company's website, www.healthcarerealty.com, under the "Investor Relations" tab. A copy may also be obtained upon request from the Company's Secretary.

Pursuant to the Principles, the Board undertook its annual review of director independence under the leadership of the Corporate Governance Committee in February 2016. During this review, the Corporate Governance Committee and the Board considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries, affiliates and equity investors. The Corporate Governance Committee and the Board also examined transactions and relationships between directors or their affiliates and members of senior management or their affiliates. As provided in the Principles, the purpose of this review was to determine whether any such relationship or transaction was inconsistent with a determination that a director is independent.

To aid in making its annual review of director independence, the Board has adopted categorical standards for determining independence consistent with New York Stock Exchange requirements. A director is independent unless:

• The director is or has been an employee of the Company within the past three years or has an immediate family member that is or has been an executive officer of the Company within the past three years;

The director, or his or her immediate family member, has received more than \$120,000 within any of the past three years in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

• (A) The director, or his or her immediate family member, is a current partner of a firm that is the Company's internal or external auditor; (B) the director is a current employee of such firm; (C) the director has an immediate family member who is a current employee of such firm and who participates in the Company's audit, assurance or tax

compliance (but not tax planning) practice; or (D) the director, or his or her immediate family member, was within the last three years (but is no longer) a partner or employee of such firm and personally worked on the Company's audit within that time;

The director, or his or her immediate family member, has been employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee within the past three years;

6

The director is a current employee, or has an immediate family member that is an executive officer of a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or 2% of such company's consolidated gross revenues within the past three years; or

The director has any other material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company.

In addition to the above criteria, with respect to members of the Compensation Committee, the Board considers all factors relevant to determining whether a director has a relationship to the Company that is material to that director's ability to be independent from management in connection with the duties of a Compensation Committee member. Specifically, the Board considers the source of compensation of such director, and whether the director receives compensation from any person or entity that would impair his or her ability to make independent judgments about executive compensation. The Board also considers whether the director is affiliated with the Company, any subsidiary of the Company or any affiliate of a subsidiary of the Company.

As a result of this review, the Board affirmatively determined that, except for Mr. Emery, all of the directors are independent of the Company and its management under the standards adopted pursuant to the Principles.

Director Nominee Evaluation Process

The Corporate Governance Committee is responsible for developing and implementing policies and practices relating to corporate governance. As part of its duties, the Corporate Governance Committee develops and reviews background information on candidates for the Board and makes recommendations to the Board regarding such candidates. The Committee also prepares and supervises the Board's annual review of director independence and the Board's performance self-evaluation. A copy of the Corporate Governance Committee's charter can be found in the Corporate Governance section of the Company's website, www.healthcarerealty.com, under the "Investor Relations" tab. Once the Corporate Governance Committee has identified a prospective nominee, the Corporate Governance Committee reviews the information provided to the Corporate Governance Committee with the recommendation of the prospective candidate, as well as the Corporate Governance Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. The Corporate Governance Committee then evaluates the prospective nominee against the following standards and qualifications:

• The ability of the prospective nominee to represent the interests of the shareholders of the Company;

• The prospective nominee's standards of integrity, commitment and independence of thought and judgment;

• Whether the prospective nominee would meet the Company's criteria for independence in accordance with the Principles and as required by the New York Stock Exchange;

• The prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards, as specifically set out in the Principles; and

• The extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board.

The Corporate Governance Committee also considers other relevant factors as it deems appropriate, including the current composition of the Board, the need for Audit Committee expertise and the evaluations of other prospective nominees. The Corporate Governance Committee has no specific policy regarding director diversity. In connection with this evaluation, the Corporate Governance Committee determines whether to interview the prospective nominee and, if warranted, one or more members of the Corporate Governance Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation, the Corporate Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines whether to nominate such persons after considering the recommendation and report of the

Corporate Governance Committee.

Shareholder Recommendation or Nomination of Director Candidates

The Company has not received any shareholder recommendations of director candidates with regard to the election of directors covered by this Proxy Statement or otherwise. The Corporate Governance Committee has not specifically adopted a policy regarding the consideration of shareholder nominees for directors, but its general policy is to welcome and consider any

7

recommendations for future nominees. The Corporate Governance Committee will consider for nomination as director of the Company any director candidate recommended or nominated by shareholders in accordance with the process outlined below.

Shareholders wishing to recommend candidates for consideration by the Corporate Governance Committee may do so by providing the candidate's name, qualifications and other pertinent information in writing to the Corporate Governance Committee, c/o Secretary, Healthcare Realty Trust Incorporated, 3310 West End Avenue, Suite 700, Nashville, Tennessee 37203.

Such information should include:

• The name and address of the shareholder who intends to make the nomination(s) and of the person or persons to be nominated;

• A representation that the shareholder is a holder of record or a beneficial holder of stock of the Company entitled to vote at the meeting (including the number of shares the shareholder owns and the length of time the shares have been held) and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

• A description of all relationships, arrangements, and understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder;

• Such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC (whether or not such rules are applicable) had each nominee been nominated, or intended to be nominated, by the Board of Directors, including the candidate's name, biographical information, and qualifications; and

• The written consent of each nominee to serve as a director of the Company if so elected, with such written consent attached thereto.

The bylaws of the Company provide that any shareholder who is entitled to vote for the election of directors at a meeting called for such purpose may nominate persons for election to the Board of Directors subject to the following notice requirements. Achievement of Performance Goals in 2015

As noted above, for the year ended December 15, 2015, the Company's TSR was 8.55%, placing it at the 60th percentile among the peer group. For the three-year period ended December 15, 2015, the Company's TSR was 37.0%, placing it at the 55th percentile of the peer group over the three-year period. The Company also attained average trailing twelve month same store revenue growth of 4.1% and average trailing twelve month same store NOI

growth of 6.1%. Based on these results, the Named

13

Executive Officers were eligible for performance-based cash and restricted stock awards under the Company's Executive Incentive Plan (the "Executive Incentive Plan") as discussed on pages 18, 19, and 22 below.

2016 Changes to Executive Incentive Plan

The Company made several modifications to its Executive Incentive Plan on February 16, 2016 to increase the percentage of total compensation that is subject to achievement of performance targets and to make the plan more comparable to the companies in the peer group and other similarly situated companies in the REIT industry. The general structure of the Executive Incentive Plan was preserved, with certain key modifications, including:

- the elimination of the practice of discretionary individual bonus awards to Named Executive Officers;
- the elimination of the restricted stock conversion feature that allowed Named Executive Officers to convert cash awards into restricted stock awards at a multiple of up to three times the cash value;
- an increase in the length of the cliff vesting period for TSR-based restricted stock awards from three years to five years;
- a reduction in the maximum salary deferral available to participants in the Executive Incentive Plan from 50% to 25%;
- an increase in the realizable TSR-based restricted stock awards from a maximum of two times to a maximum of four times base salary; and
- an increase in the realizable Company Performance Awards from a maximum of 0.7 times to a maximum of two times base salary.

Under the Executive Incentive Plan, the Named Executive Officers and certain senior vice presidents may earn incentive awards in the form of cash and restricted stock based on Company performance. Company performance is measured over a four-quarter period against targeted financial and operational metrics set in advance by the Compensation Committee. Restricted stock awards are based on the Company's relative TSR performance over one-year and three-year periods, measured against 20 peer group companies. The one and three-year periods begin and end on December 15 to allow the Compensation Committee sufficient time to review and consider the results before the end of the year. Cash incentive awards are based on the Company's growth in average trailing twelve month same store revenue and NOI each quarter, measured against targets set by the Compensation Committee at the beginning of each year. The 2016 same store revenue and NOI targets are set forth in the table on page 19 below. Restricted stock awards made under the Executive Incentive Plan are granted pursuant to the Company's 2015 Employees Stock Incentive Plan (the "2015 Incentive Plan"). The various awards available under the Executive Incentive Plan are discussed below under the heading "Components of Compensation." Currently, all of the Named Executive Officers are participants in the Executive Incentive Plan.

Say on Pay

The Company received a favorable say-on-pay vote at its 2015 Annual Meeting of Shareholders, with approximately 97.74% of the votes cast supporting the Company's executive compensation. The Compensation Committee believes that the vote reflected a favorable view of the alignment between pay and performance.

2016 Management Changes

On December 30, 2016, Todd J. Meredith will become the Company's Chief Executive Officer and David R. Emery will become the Executive Chairman of the Board of Directors. Mr. Emery is the founder of the Company and has served as its CEO and Chairman of the Board since its inception in 1992. On December 30, 2016, Mr. Meredith will receive a grant of 200,000 shares of restricted stock that will be subject to a 10-year cliff vesting period. Mr. Meredith's base salary and other terms relating to his employment with the Company are set forth on pages 18 and 26 below. On December 30, 2016, Mr. Emery will receive a grant of 150,000 shares of restricted stock that will be subject to a 5-year cliff vesting period. In addition, Mr. Emery will no longer be eligible to receive awards under the Executive Incentive Plan, which was amended and restated on February 16, 2016 or any other incentive compensation plans or programs after 2016, but will be eligible for awards based on the Company's performance in 2016, whether

granted before or after December 30, 2016.

Effective March 1, 2016, J. Christopher Douglas became the Company's Executive Vice President and Chief Financial Officer. On March 1, 2016, Mr. Douglas received a grant of 50,000 shares of restricted stock that is subject to a 10-year cliff vesting period. Mr. Douglas's base salary and other terms relating to his employment with the Company are set forth on pages 18 and 27 below.

Comprehensive Compensation Policy

The Compensation Committee believes that the compensation of the Company's officers, including the Named Executive Officers, should align their interests with those of the shareholders, link executive compensation to the Company's overall performance, provide a competitive level of total compensation necessary to attract and retain talented and experienced officers, and motivate the officers to contribute to the Company's success.

Pay For Performance

The Executive Incentive Plan is designed to directly link compensation to performance. The Company believes that the combination of objective core operating metrics and shareholder return provides the best incentive structure for the growth of long-term shareholder value. Through the Executive Incentive Plan, the Named Executive Officers are rewarded for attaining the Company's objectives of strong, relative TSR performance, sustained growth in revenue and NOI, selective pursuit of acquisition and development opportunities, and effective management of the Company's access to and cost of capital.

Restricted Stock

Since inception, the Company has used restricted stock grants as the primary means of delivering long-term incentive compensation to its officers. These grants of restricted stock have generally been subject to cliff vesting periods ranging from three to eight years. The Compensation Committee believes that restricted stock grants with long vesting periods align the interests of officers and shareholders and provide strong incentives to the officers both to grow the value of the stock and to maintain the dividend payment. The officers personally benefit from these efforts through their restricted stock awards, which receive dividends at the same rate as unrestricted common stock. Prior to vesting, the restricted stock grants are subject to forfeiture in the event that the officer voluntarily leaves employment or is terminated for cause. As such, the Company's officers essentially have to earn this equity compensation twice: the first time through their efforts to meet the initial performance criteria necessary for a grant of restricted stock to be made; and the second time by continued service through the at-risk vesting period. The Company discourages the hedging of Company securities by the Named Executive Officers and directors. None of the Named Executive Officers or directors have entered into any hedging arrangements with respect to Company securities. In addition, restricted shares may not be sold, assigned, pledged or otherwise transferred.

The Compensation Committee believes that restricted stock arrangements foster a focus on long-term performance by the Company's officers. In 2015, 60% of the aggregate total compensation for Named Executive Officers was paid in the form of restricted stock having cliff vesting periods of three, five, or eight years. The Compensation Committee believes that this further demonstrates alignment of the interests of the Named Executive Officers with that of the Company's shareholders.

Compensation Parity

There are no material differences in the compensation policies and decisions relating to the compensation of the different Named Executive Officers.

Stock Ownership Guidelines

The Compensation Committee believes that it is in the best interests of the shareholders to encourage all employees, especially the Named Executive Officers, to increase their equity position in the Company to promote share ownership and further align employee and shareholder interests. In 2011, the Compensation Committee adopted stock ownership guidelines applicable to the Named Executive Officers and directors. Under these guidelines, the Chief Executive Officer should hold Common Stock with a fair market value equal to five times his current base salary, net of elective deferrals, as of April 1 each year. All executive vice presidents should hold Common Stock with a fair market value equal to three times their current base salary, net of elective deferrals, as of April 1 each year. Each non-employee director should hold common stock with a fair market value equal to three times such director's then current annual retainer. The guidelines provide that all owned stock, both restricted and unrestricted, counts towards the ownership

guidelines for officers and directors. Officers and directors who are subject to these guidelines have five years from the date that they first become subject to the guidelines to comply with its terms. As of January 31, 2016, all of the Company's non-employee directors and the Named Executive Officers met the stock ownership guidelines, except for new board members who will have five years to meet the guidelines. As of January 31, 2016, the multiples of stock held to base salary for the Named Executive Officers were as follows:

15

Named Executive Officer	Fair market value of stock holdings as multiple of current base salary, net of elective deferrals
David R. Emery	24.08x
Scott W. Holmes	34.80x
John M. Bryant, Jr.	10.79x
B. Douglas Whitman, II	8.01x
Todd J. Meredith	8.80x

As mentioned above, J. Christopher Douglas was appointed the Company's Executive Vice President and Chief Financial Officer, effective March 1, 2016. As of that date, the fair market value of Mr. Douglas's stock holdings as a multiple of his new base salary was 5.47x.

Compensation "Clawbacks"

If the Company is required to restate its financial statements as a result of misconduct, Section 304 of the Sarbanes-Oxley Act requires the Chief Executive Officer and the Chief Financial Officer to reimburse the Company for: (i) any bonus or other incentive-based or equity-based compensation received during the 12 months following the public issuance of the financial statements; and (ii) any profits realized from the sale of Company securities during those 12 months. Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act directs the SEC to promulgate additional rules requiring companies listed on stock exchanges to adopt policies regarding the recovery of executive compensation from executive officers for accounting restatements resulting from material noncompliance with any financial reporting requirement under the securities laws. On July 1, 2015, the SEC proposed rules under this directive for comment by the public. The Compensation Committee is awaiting the adoption and publication of the final new rules, upon which it plans to adopt policies commensurate with these new rules and appropriate for the Company.

Compensation Methodology

Compensation Committee's Governance

The Compensation Committee approves salaries and makes other compensation decisions for the Named Executive Officers and the Company's directors. The Compensation Committee also approves stock-based compensation awarded under the 2015 Incentive Plan to other officers and employees. Salaries and other compensation decisions for all other officers and employees are made by management within the parameters of the Company's compensation policies and plans.

The Compensation Committee meets at least four times a year in conjunction with the quarterly meetings of the full Board of Directors and more often if necessary. Prior to each regular meeting, members of the Company's management send materials to each of the Compensation Committee members, including minutes of the previous meeting, an agenda and recommendations for the upcoming meeting, and other materials relevant to the agenda items. Officers of the Company attend the Compensation Committee meetings as requested by the committee. These officers provide information and discuss performance measures with the Compensation Committee relating to officer compensation. After every quarterly meeting, the Compensation Committee holds an executive session consisting only of the committee members and also frequently meets with the Chief Executive Officer outside the presence of other officers.

The Compensation Committee reviews and approves, in advance, employment, severance or similar arrangements or payments to be made to any Named Executive Officer. The Compensation Committee annually reviews all of the perquisites paid to the Named Executive Officers, as well as their compliance with the Company's policies regarding perquisites.

Compensation Risk Assessment

The Compensation Committee believes its compensation policies and practices do not promote excessive risk-taking and are not likely to have a material adverse effect on the Company. In particular, the Compensation Committee believes that the following factors mitigate excessive risk-taking by the Named Executive Officers:

The use of restricted stock, with long vesting periods during which the stock cannot be sold, provides an incentive to the Named Executive Officers to make decisions that contribute to long-term growth of the Company, the stability of NOI, and the delivery of dividends to stockholders.

The maximum potential cash and stock incentive payments are capped at levels such that total compensation would remain comparable within the peer group.

The Compensation Committee retains broad discretionary authority to adjust annual awards and payments, which further mitigates risks associated with the Company's compensation plans and policies.

Peer Group

For 2015, the Compensation Committee used the companies listed below as the peer group against which to measure the Company's one-year and three-year TSR. The peer group is selected each year in accordance with the Executive Incentive Plan. The Executive Incentive Plan provides a mechanism for determining the peer group, which the Compensation Committee believes provides for the most closely comparable companies with respect to competition for management talent and appropriate pay levels. The plan provides that all publicly traded equity REITs are sorted by market capitalization, with externally managed REITs and REITs with less than five years of operating history excluded. The 10 companies with market capitalizations immediately larger and the 10 companies immediately smaller than the Company are selected as the peer group. The following companies comprised the peer group for 2015:

Acadia Realty Trust	Equity One, Inc.	Parkway Properties Inc.
Brandywine Realty Trust	First Industrial Realty Trust	Piedmont Office Realty Trust
CBL & Associates Properties	Healthcare Trust of America	Post Properties Inc.

The Compensation Committee will determine the peer group for 2016 at its first regularly scheduled meeting following the end of the first quarter of 2016.

Compensation Consultant

The Compensation Committee retains Ernst & Young LLP ("Ernst & Young") as its independent compensation consultant to advise it regarding market trends and practices in executive compensation and with respect to specific compensation decisions. The Compensation Committee's policy is to meet annually with the compensation consultant to discuss executive compensation trends. The consultant also attends Compensation Committee meetings periodically. Ernst & Young participated by telephone in one of the Compensation Committee's meetings in 2015, during which it provided a review of recent trends and developments in compensation practices within the Company's industry and in general. Ernst & Young also advised the Compensation Committee on the structure of the 2015 Incentive Plan and the modifications to the Executive Incentive Plan in 2015.

Ernst & Young received an aggregate of \$96,249 for its compensation consulting services provided to the Compensation Committee in 2015.

Components of Compensation

Elements of Pay

In 2015, the Company's compensation program for its Named Executive Officers consisted of the following key elements:

- annual base salaries that are paid in cash;
- the potential for individual performance awards that are paid in cash;
- the potential for Company performance awards that are based on defined performance targets set by the Compensation Committee and which were paid in cash, but which, in 2015, could be taken in the form of restricted stock at the election of the officer;
- the potential for TSR awards that are paid in the form of restricted stock and which are based on the Company's TSR performance relative to the peer group; and
- elective salary deferral, allowing Named Executive Officers to increase their holdings of Company stock, aligning interests with shareholders and subjecting the value of elective restricted stock to market risk and risk of forfeiture.

Annual Base Salary

The Compensation Committee monitors the base compensation for comparable executive officers in the peer group as data points, but does not benchmark to a particular percentile. The Compensation Committee believes that the current levels of base salary for the Named Executive Officers are competitive and reasonable compared to the peer group and

will continue to review that periodically. The Compensation Committee expects that any growth in pay for the Named Executive Officers will come in the form of variable, performance-based pay rather than base salary. The base salary of the Company's Named Executive Officers for 2016, before any elective deferral of cash in the form of restricted stock, is as follows:

17

Named Executive Officer	2016 Base Salary
David R. Emery Chairman of the Board and Chief Executive Officer (through December 29, 2016)	\$975,513
David R. Emery Executive Chairman of the Board of Directors (effective December 30, 2016)	\$350,000
Todd J. Meredith Executive Vice President - Investments (through December 29, 2016)	\$440,721
Todd J. Meredith President and Chief Executive Officer (effective December 30, 2016)	\$700,000
Scott W. Holmes Executive Vice President and Chief Financial Officer (through March 31, 2016)	\$469,636
Scott W. Holmes Senior Vice President (effective April 1, 2016)	\$309,480
J. Christopher Douglas Senior Vice President, Acquisitions and Dispositions (through February 29, 2016)	\$309,480
J. Christopher Douglas Executive Vice President and Chief Financial Officer (effective March 1, 2016)	\$440,721
John M. Bryant, Jr. Executive Vice President and General Counsel	\$440,721
B. Douglas Whitman, II Executive Vice President - Corporate Finance	\$440,721

Individual Performance Awards

In 2015, Individual Performance Awards were available to Named Executive Officers in the discretion of the Compensation Committee and are for the purposes of: (i) rewarding an officer's individual efforts in contributing to the success of the Company and the demonstration of competency within his job description and requisite skill sets; and (ii) retaining the officer's employment. Individual Performance Awards were paid in the form of cash. For 2015, the Named Executive Officers received Individual Performance Awards as shown in the Bonus column in the Summary Compensation Table found on page 22 below.

In 2016, the Compensation Committee discontinued the practice of granting Individual Performance Awards to make a greater percentage of compensation subject to performance targets.

Company Performance Awards

Company Performance Awards are based on the achievement of specific Company performance targets and include growth in same store NOI and same store revenue. The specific targets are established by the Compensation Committee and are set forth in the tables below, with potential awards expressed as multiples of base salary. These two potential awards operate independently of one another and are payable in cash. In 2015, for purposes of the Company Performance Award, same store NOI growth is computed by averaging the Company's reported same store NOI growth percentage for each of the four quarters in the year (comparing same store NOI on a trailing twelve months basis each quarter). Similarly, the same store revenue growth is computed by averaging the Company's reported same store revenue growth for each of the four quarters in the year. The potential awards are scaled against performance measures, offering the Named Executive Officers the opportunity to receive amounts equal to, in 2015, a maximum of 35% of their base salaries for growth in same store NOI and 35% of their base salaries for growth in same store revenue. These maximum percentages were each increased to 100% in 2016 in connection with the elimination of the Individual Performance Awards to make a greater percentage of compensation subject to performance targets. In 2015, Named Executive Officers could elect to receive Company Performance Awards in the form of restricted stock in exchange for varying multiples of the award amount at varying vesting periods. This stock conversion feature was eliminated in 2016. The Compensation Committee believes that the potential for Company Performance Awards provides incentives for the Named Executive Officers to efficiently manage operating expenses and to sustain growth in property operating revenues.

2015 Targets:

In 2015, the realizable awards, expressed as multiples of base salary, were as follows:

Company Performance	<2%	>=2%	>=3%	>=4%
Same store NOI	0x	.0875x	.175x	.35x
Same store revenue	0x	.0875x	.175x	.35x

The Company achieved average trailing twelve months growth rates in 2015 of 6.1% in same-store NOI (percentages by quarter, starting with the first quarter of 2015, were: 6.6%, 6.7%, 5.9%, and 5.2%) and 4.1% in same-store revenue (percentages by quarter, starting with the first quarter of 2015, were: 4.6%, 4.1%, 3.7%, and 3.9%). This resulted in cash awards equal to an aggregate of 70% of base salary for the Named Executive Officers. Some of the Named Executive Officers elected to take all or a portion of these cash awards in the form of restricted stock. The cash portions of the Company Performance Awards granted to Named Executive Officers in 2015 are shown in the Non-Equity Incentive Plan Compensation column and the equity portion is shown in the Stock Awards column in the Summary Compensation Table found on page 22 below.

2016 Targets:

For 2016, the Compensation Committee has established the following targets and realizable awards, expressed as multiples of base salary:

Company Performance	Same Store Revenue Growth	Award Multiple	Same Store NOI Growth	Award Multiple
Maximum	4.91%	1.00x	5.45%	1.00x
Target	4.16%	0.80x	4.45%	0.80x
Threshold	2.66%	0.40x	2.45%	0.40x

The Compensation Committee may award grants on a sliding scale between the targets and multiples expressed in the table above.

Total Shareholder Return Awards

TSR Awards are based on the Company's TSR, as measured against the peer group as of December 15. TSR is the sum of the appreciation in the Company's stock price plus the value of reinvested dividends over the relevant measurement period. TSR Awards can be earned each year based on one-year and three-year TSR. The Compensation Committee believes that this encourages the Named Executive Officers to create and sustain long-term shareholder value. In 2015, TSR Awards were paid in the form of restricted stock subject to a three-year cliff vesting period. In 2016 and subsequent years, TSR Awards will be paid in the form of restricted stock subject to a five-year cliff vesting period. The number of shares awarded is based on the closing price of the Company's common stock on the last trading day of the year. The vesting period guards further against short-term management decisions, as the award remains subject to the risk of forfeiture and market risk until the vesting period ends. In the event that an officer voluntarily terminates employment, retires or is terminated for cause from employment with the Company during the vesting period, the TSR Award would be forfeited. TSR Awards for one-year and three-year periods operate independently of one another, such that an officer could earn one or the other, both, or neither TSR Awards. The size of potential TSR Awards are based on multiples of base salary. The Company's TSR on a one-year and three-year basis is measured against the peer group and the Company's performance is viewed based on a percentile rank in each category. The realizable awards for 2015, expressed as multiples of base salary, were as follows:

TSR Measure	<25th Percentile	>=25th Percentile	>=50th Percentile	>=75th Percentile	>100th Percentile
1-Year TSR	—	0.25x	0.50x	0.75x	1.00x
3-Year TSR	—	0.25x	0.50x	0.75x	1.00x

For the one-year period ended December 15, 2015, the Company achieved a TSR of 8.55%, placing it at the 60th percentile among the peer group. For the three-year period ended December 15, 2015, the Company achieved a TSR of 37.02%, placing it at the 55th percentile of the peer group over the three-year period. The TSR Awards granted to Named Executive Officers in 2015 are shown in the Stock Awards column in the Summary Compensation Table found on page 22 below.

For 2016, the one-year and three-year TSR targets and realizable awards, expressed as multiples of base salary, are as follows:

TSR Target Level	TSR Percentile Rank	1-Year TSR	3-Year TSR
Maximum	100	1.50x	2.50x
Target	55	0.83x	1.38x
Threshold	25	0.38x	0.63x

The Compensation Committee may award grants on a sliding scale between the targets and multiples expressed in the table above.

Realizable Pay

The Executive Incentive Plan allows the Named Executive Officers to earn incentive compensation valued at approximately 6.25 times their annual base salaries (comprised of cash equal to 2.0 times and restricted stock equal to 4.25 times), assuming achievement of the maximum TSR and Company Performance Award targets and maximizing the 25% elective salary deferral option. In 2015, the Named Executive Officers earned incentive compensation ranging from 2.13 to 4.53 times base salary.

Elective Deferral Awards

Under the elective salary deferral feature of the 2015 Incentive Plan, Named Executive Officers may elect to defer up to 50% (reduced to 25% starting in 2016) of their base salaries in the form of shares of restricted stock subject to long-term vesting. The number of shares will be increased through a Company match depending on the length of the vesting period selected by the officer. The officer's vesting period choices are: three years for a 30% match; five years for a 50% match; and eight years for a 100% match. This program is designed to encourage share ownership and to provide officers with an incentive to remain with the Company long term. Restricted stock awarded through the salary deferral plan is subject to market risk and risk of forfeiture during the vesting period. In the event that an officer voluntarily terminates employment (including, in some cases, by retirement) or is terminated for cause from employment with the Company during the vesting period, both the shares purchased with deferred amounts and the shares received through the Company match are subject to forfeiture.

Employee Stock Purchase Plan

All employees meeting minimum service requirements, including the Named Executive Officers, are eligible to purchase shares pursuant to the Company's 2000 Employee Stock Purchase Plan (the "Purchase Plan"). As further discussed under the heading "Grants of Plan-Based Awards" in the section entitled "Executive Compensation" beginning on page 22 of this Proxy Statement, each participant is granted an option on January 1 of each year to purchase up to \$25,000 of the Company's Common Stock under the Purchase Plan.

Termination and Change-in-Control Arrangements

Under the terms of the Company's compensation plans and its employment agreements with the Named Executive Officers, the Named Executive Officers are entitled to payments and benefits upon the occurrence of specified events including termination of employment and upon a termination in connection with a change-in-control of the Company. The specific terms of these arrangements are discussed under the heading "Termination and Change in Control Arrangements with Named Executive Officers" under the section entitled "Post-Employment Compensation" in this Proxy Statement beginning on page 25. In the case of the employment agreements, the terms of these arrangements were agreed to after arms-length negotiations with each Named Executive Officer. The Compensation Committee believes that these arrangements are appropriate under the Company's current circumstances.

Perquisites

The Company provides its executive officers with perquisites that it believes are reasonable, competitive and consistent with the Company's overall executive compensation program. The Company believes that such perquisites help the Company to retain its executive personnel and allows them to operate more effectively. These perquisites generally include: supplemental term life insurance, supplemental disability insurance, and limited use of Company aircraft for personal travel. The Compensation Committee believes that allowing the Company's Named Executive Officers to use the Company's aircraft for personal travel provides the officers with significant convenience, safety, and security at a relatively low incremental cost to the Company.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to a corporation's chief executive officer and the three other most highly compensated executive officers (excluding the chief financial officer). Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. Restricted stock issued under the Company's 2007 Employees Stock Incentive Plan (the "2007 Incentive Plan"), and its predecessor plans, and associated dividends do not qualify as performance-based compensation under Section 162(m) and therefore this compensation is subject to the deduction limit. Consequently, compensation expense in the amount of \$2,902,745 in 2015 was not deductible. As a qualifying REIT, the Company does not pay federal income tax; therefore, the unavailability of the Section 162(m) compensation deduction to these amounts did not result in any increase in

the Company's federal income tax obligations. The Company's 2015 Stock Incentive Plan, which was approved by the Company's shareholders in 2015, is expected to be compliant with Section 162(m) and will permit deduction for performance-based compensation awarded under that plan.

Retirement Benefits

Since 1993, the Company has had in place the Executive Retirement Plan in which Mr. Emery and two other employees participated. Effective May 5, 2015, the Company terminated its Executive Retirement Plan. The plan was subject to non-cash valuation fluctuations each year based on changes in mortality assumptions and changing discount rates. Given these fluctuations and the applicability of the plan to only a small number of Company employees, the Company decided to terminate the plan to eliminate a level of volatility and uncertainty to financial results. The Company will settle benefits under the plan by paying the plan participants lump sum amounts. In accordance with Section 409A of the Internal Revenue Code, these amounts will be paid no earlier than twelve and no later than twenty-four months following the termination date. Mr. Emery is the only Named Executive Officer who is a participant under the plan. As a result of the termination, Mr. Emery will receive a lump sum amount equal to his accrued benefit under the plan of approximately \$14.4 million. Mr. Emery and the other participants have the option to take the lump sum payments in the form of Company stock.

All Named Executive Officers are eligible to participate in the Company's 401(k) plan, pursuant to which each participant may contribute up to the annual maximum allowed under IRS regulations (\$18,000 for 2015). All eligible participants over the age of 50 may also contribute an additional \$6,000 per year to the plan. The Company provides a matching contribution for the first three percent of base salary contributed to the plan, up to an annual maximum of \$2,800 per employee.

Grants of Plan-Based Awards

All of the Company's officers, including the Named Executive Officers, are eligible to receive performance-based compensation under the 2015 Incentive Plan, pursuant to which shares of Common Stock may be granted. The two distinct programs applicable to Named Executive Officers under the 2015 Incentive Plan are the elective deferral program and the Executive Incentive Plan, which are discussed on pages 14, 18, and 19 of this Proxy Statement. The following table supplements the Summary Compensation Table by providing more detailed disclosure of equity compensation received by the Named Executive Officers during 2015.

(a) Determined based on the duration of the restricted period selected by the officer and in accordance with the restriction multiples described below.

(b) Based on the closing price per share of the Company's Common Stock on the New York Stock Exchange on December 31, 2015 of \$28.32.

Pursuant to the elective salary deferral plan, Named Executive Officers may elect to defer up to 25% of their base salaries in 2016 in the form of shares of restricted stock. The officer must elect his or her participation level and vesting period for the coming year by December 31 of the current year. The number of restricted shares granted in January of each year is determined based on the average closing market price of the Company's Common Stock on the last ten trading days of the calendar year preceding the year in which the shares are issued. The number of shares granted will be increased by a multiple of the amount of cash deferred depending on the length of the vesting period selected by the officer. Each officer who makes this election will be awarded additional shares at no additional cost to the officer according to the following multiple-based formula:

Duration of Restriction Period	Restriction Multiple
3 years	1.3x
5 years	1.5x
8 years	2.0x

By way of example, if an officer elected to defer salary that was equivalent in value to 1,000 shares of stock and the officer elected an 8-year vesting period, the officer would receive the original 1,000 shares plus an additional 1,000 shares for electing the 8-year vesting period, resulting in a total award of 2,000 shares. This program is designed to provide the Company's officers with an incentive to remain with the Company long-term and to align their interests with that of the shareholders. The vesting period subjects the shares obtained by the cash deferral and the restriction multiple to the risk of forfeiture in the event an officer voluntarily terminates employment or is terminated for cause from employment with the Company. Accordingly, if an officer voluntarily leaves or is terminated for cause, that officer would lose all such shares that had not yet vested.

POST-EMPLOYMENT COMPENSATION
Retirement Plan Potential Annual Payments and Benefits

Between 1993 and 2015, the Company had in place the Executive Retirement Plan in which Mr. Emery was a participant. Effective May 5, 2015, the Company terminated the Executive Retirement Plan. The plan was subject to non-cash valuation fluctuations each year based on changes in mortality assumptions and changing discount rates. Given these fluctuations and the applicability of the plan to only a small number of Company employees, the Company decided to terminate the plan to eliminate a level of volatility and uncertainty to financial results. The Company will settle benefits under the plan by paying the plan participants lump sum amounts. In accordance with Section 409A of the Internal Revenue Code, these amounts will be paid no earlier than twelve and no later than twenty-four months following the termination date. The Company's Chairman and Chief Executive Officer, Mr. David Emery, is the only Named Executive Officer that was a participant under the plan. As a result of the termination, Mr. Emery will receive a lump sum amount equal to his accrued benefit under the plan of approximately \$14.4 million. Mr. Emery and the other plan participants have the option to take the lump sum payments in the form of Company stock.

The following table discloses the material terms and estimated benefits payable to Mr. Emery in 2016 following the termination of the Company's Executive Retirement Plan, which is discussed in more detail in Note 13 to the Consolidated Financial Statements contained in the Company's 2015 Annual Report on Form 10-K:

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
David R. Emery	Executive Retirement Plan	23	\$14,375,215	\$—

401(k) Plan

All eligible employees may participate in the Company's 401(k) plan, pursuant to which each employee may contribute a portion of his or her salary, to an annual maximum allowed under IRS regulations (\$18,000 for 2015). Additionally, participants in the 401(k) plan receive matching contributions from the Company of up to 3% of their salary, to an annual maximum of \$2,800.

Termination and Change in Control Arrangements with Named Executive Officers**Chief Executive Officer**

On July 31, 2012, the Company entered into an amended and restated employment agreement with Mr. Emery, pursuant to which Mr. Emery serves as Chairman of the Board and Chief Executive Officer of the Company. The agreement has a one-year term that is automatically extended on December 31 of each year for an additional year. If Mr. Emery's employment is terminated for any reason other than for cause (including a constructive termination), he is entitled to receive his accrued unpaid salary, earned bonus, full vesting of all restricted stock awards, vested deferred compensation and other benefits accrued through the date of termination. In addition, Mr. Emery will receive as severance compensation an amount equal to three times (3x) his annual base salary plus an amount equal to two times (2x) his average annual cash bonus during the two years immediately preceding his termination.

If a “change-in-control” (as defined in the employment agreement) occurs, and Mr. Emery’s employment is terminated within one year following the change-in-control for any reason other than for cause (or constructive termination), he will receive the payments described above provided that the severance compensation would be (a) three times (3x) his annual base salary plus (b) three times (3x) his average annual bonus during the two years immediately preceding his termination, and paid in the form of a lump sum. For purposes of computing the amount due under the immediately preceding subparagraph (b), the average annual cash bonus earned by Mr. Emery in the two years immediately preceding the date of termination shall not be less than 0.6667 times his annual base salary at the time of termination. If the payments due to the change-in-control result in an excise tax to Mr. Emery, under Section 4999 of the Internal Revenue Code, all change-in-control payments to him may be limited to an amount that is less than 300% of his average annual compensation. This limit would not apply in the event that Mr. Emery’s net after-tax benefits are greater after considering the effect of the excise tax.

The Company may terminate Mr. Emery’s agreement for “cause,” which is defined to include (i) acts of dishonesty on Mr. Emery’s part constituting a felony that has resulted in material injury to the Company and that is intended to result directly or indirectly in substantial gain or personal enrichment to Mr. Emery at the expense of the Company or (ii) Mr. Emery’s material, substantial and willful breach of the employment agreement that has resulted in material injury to the Company. In the event of Mr. Emery’s termination for cause, he shall receive all accrued salary, earned bonus compensation, vested deferred compensation (other than plan benefits which will be payable in accordance with the applicable plan), and other benefits through the date of termination, but shall receive no other severance benefits. Mr. Emery’s agreement may be terminated if Mr. Emery dies or becomes disabled and his disability continues for a period of 12 consecutive months. In the event of termination of the employment agreement because of Mr. Emery’s death or disability, Mr. Emery (or his estate) shall receive his unpaid salary, earned bonus, full vesting of restricted stock awards, vested deferred compensation (other than plan benefits which will be paid in accordance with the applicable plan) and other benefits through the date of termination, but no additional severance except that, if Mr. Emery becomes disabled, the Company will maintain his insurance benefits for the remaining term of his employment agreement.

The Company has agreed to indemnify Mr. Emery for certain liabilities arising from actions taken within the scope of his employment. Mr. Emery’s employment agreement contains restrictive covenants pursuant to which he has agreed not to compete with the Company during the period of employment and any period following termination of his employment during which he is receiving severance payments, except that in the event of a change-in-control of the Company, the restrictive period shall be for one year.

On February 16, 2016, the Company entered into a Third Amended and Restated Employment Agreement with Mr. Emery that will be effective on December 30, 2016, in connection with his transition into the role of Executive Chairman. The term of this agreement ends on December 31, 2021. Mr. Emery’s base salary will be reduced to \$350,000 and his post-employment compensation will change as described herein. In the event of a termination not for cause, Mr. Emery would receive the remaining base salary for the term of his employment agreement and acceleration of vesting of his restricted stock awards. In the event of a termination upon a change in control, Mr. Emery would receive his remaining base salary, but not less than three times his annual base salary, and accelerated vesting of his restricted stock awards.

The Company has entered into a Third Amended and Restated Employment Agreement with Mr. Meredith which provides that he will serve as President and Chief Executive Officer beginning December 30, 2016. The term of Mr. Meredith’s agreement renews automatically for successive one-year terms. Mr. Meredith’s agreement may be terminated for a variety of reasons, including: for cause, voluntarily, death, disability, constructively, or following a change-in-control. In each case, Mr. Meredith would receive all accrued salary, bonus compensation that has been awarded but not yet paid, benefits under plans of the Company, including defined contribution or health and welfare plans, accrued vacation pay and reimbursement of appropriate business expenses.

In the case of termination other than for cause, including constructive termination, Mr. Meredith would also receive full vesting of any restricted stock awards and severance compensation equal to his base salary for a period of 24 months and two times (i) his average annual bonus compensation, if any, that he earned in the two years immediately

preceding the date of termination, or (ii) \$560,000, whichever is greater. He would also be paid a pro-rated portion of the bonus and/or equity compensation that he would have earned for a given period in which the termination occurs. In the event that Mr. Meredith's agreement is terminated in connection with a change-in-control, Mr. Meredith would receive severance compensation equal to: (a) three times his annual base salary, plus (b) the greater of three times: (i) the average annual bonus compensation, if any, that he earned in the two years immediately preceding the date of termination; and (ii) \$1,120,000, plus (c) a pro-rated portion of the bonus and/or equity compensation that he would have earned for a given period in which the termination occurs.

The Company has agreed to indemnify Mr. Meredith for certain liabilities arising from actions taken within the scope of his employment. Mr. Meredith's agreement contains restrictive covenants pursuant to which he has agreed not to compete with the Company during the period of employment and any period following termination of his employment during which he is receiving severance payments, except that in the event of a change-in-control of the Company, the restrictive period shall be for one year.

Chief Financial Officer

The Company has entered into an Amended and Restated Employment Agreement with Mr. Douglas that was effective on March 1, 2016. The initial term of the Employment Agreement ends December 31, 2016 and will automatically renew for successive one-year terms.

The Employment Agreement may be terminated for a variety of reasons, including: for cause, not for cause, voluntarily by Mr. Douglas, death, disability, constructively, or following a change in control. In all cases, Mr. Douglas would receive all accrued salary, bonus compensation that has been awarded but not yet paid, benefits under plans of the Company, including defined contribution or health and welfare plans, accrued vacation pay and reimbursement of appropriate business expenses.

In the case of a termination other than for cause, including a constructive termination, Mr. Douglas would also receive full vesting of any restricted stock awards and severance compensation equal to his base salary for a period of 24 months and two times (i) his average annual bonus compensation, if any, that he earned in the two years immediately preceding the date of termination or (ii) \$352,577, whichever is greater. He would also be paid a pro-rated portion of the bonus and/or equity compensation that he would have earned for a given period in which the termination occurs. In the event that the Employment Agreement is terminated in connection with a "change-in-control", Mr. Douglas would receive severance compensation equal to: (a) three times his annual base salary, plus (b) the greater of two times: (i) the average annual bonus compensation, if any, that he earned in the two years immediately preceding the date of termination; and (ii) \$705,154, plus (c) a pro-rated portion of the bonus and/or equity compensation that he would have earned for a given period in which the termination occurs.

The Company had an employment agreement in place with Mr. Holmes, who was the Company's Chief Financial Officer through February 29, 2016, that was substantially similar to the employment agreements described below under Other Executive Officers. On February 2, 2016, the Company entered into an amended and restated employment agreement with Mr. Holmes in connection with his new role as Senior Vice President that became effective on March 1, 2016. As of March 1, 2016, Mr. Holmes is no longer an executive officer of the Company. His new employment agreement has a fixed term that ends on December 31, 2018.

Other Executive Officers

The Company has entered into employment agreements with John M. Bryant, Jr., Executive Vice President and General Counsel; and B. Douglas Whitman, II, Executive Vice President - Corporate Finance. These agreements each have a one-year term that is automatically extended on January 1 of each year for an additional year. If employment is terminated for any reason other than for cause (or constructive termination), the officer is entitled to receive his unpaid salary, earned bonus, full vesting of his restricted stock awards, vested deferred compensation and other benefits through the date of termination. In addition, the officer will receive as severance compensation one and one-half times his annual base salary following the date of termination plus an amount equal to the greater of: (i) two times his average annual bonus, if any, earned during the two years immediately preceding his termination; and (ii) two times the product of his base salary and 0.43.

If a "change-in-control" (as defined in the employment agreement) occurs and the officer's employment is terminated for any reason other than for cause (or a constructive termination), he will receive the payments described above provided that the severance compensation would be an amount equal to three times the officer's annual base salary, rather than one and one-half times, plus an amount equal to the greater of: (i) two times his average annual bonus, if any, earned during the two years immediately preceding his termination; and (ii) two times the product of his base salary and 0.43. If the payments due to the change-in-control result in an excise tax to the officer, under Section 4999 of the Internal Revenue Code, all change-in-control payments to the officer may be limited to an amount that is less than 300% of his average annual compensation. This limit would not apply in the event the officer's net after-tax benefits are greater after considering the effect of the excise tax.

The Company may terminate the officer's agreement for "cause," which is defined to include (i) material, substantial and willful dishonesty towards, fraud upon, or deliberate injury or attempted injury to, the Company or (ii) the officer's material, substantial and willful breach of the employment agreement that has resulted in material injury to the Company. In the event of the officer's termination for cause, he shall receive all accrued salary, earned bonus compensation, vested deferred

compensation (other than plan benefits which will be payable in accordance with the applicable plan), and other benefits through the date of termination, but shall receive no other severance benefits.

Each agreement may be terminated if the officer dies or becomes disabled and his disability continues for a period of 12 consecutive months. In the event of termination of the employment agreement because of the officer's death or disability, the officer (or his estate) shall receive his unpaid salary, earned bonus, full vesting of restricted stock awards, vested deferred compensation (other than plan benefits which will be paid in accordance with the applicable plan) and other benefits through the date of termination, but no additional severance except that, if the officer becomes disabled, the Company will maintain his insurance benefits for the remaining term of his employment agreement.

The tables below illustrate the compensation that would have been received by each of the Named Executive Officers assuming the officer had been terminated or had been eligible to retire and had elected to retire on December 31, 2015, and that any additional conditions to vesting of restricted stock awards under restricted stock award agreements had been met.

PROPOSAL 3 - NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables the Company's shareholders to vote to approve, on a non-binding advisory basis, the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement in accordance with the SEC's rules.

As discussed in the Compensation Discussion and Analysis section of this Proxy Statement beginning on page 13, the Company's executive compensation policies are designed to align the interests of the Named Executive Officers with the interests of our shareholders, link executive compensation to the Company's overall performance, and attract, retain and motivate our Named Executive Officers. The Board believes that its executive compensation programs have been effective at appropriately aligning pay and Company performance, promoting the achievement of the long-term positive results in its performance criteria, and enabling the Company to attract and retain talented executives within its industry.

The Board is asking shareholders to indicate their support for the Named Executive Officer compensation described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives shareholders the opportunity to express views on the Company's executive compensation for its Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's Named Executive Officers and the policies and procedures described in this Proxy Statement. Accordingly, the Board asks shareholders to vote "FOR" the following resolution:

RESOLVED, that the shareholders of Healthcare Realty Trust Incorporated approve, on a non-binding advisory basis, the compensation of the Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K in the Company's proxy statement for the 2016 Annual Meeting of Shareholders.

Although this is an advisory vote that will not be binding on the Compensation Committee or the Board, the Board will carefully review the results of the vote. The Compensation Committee will also carefully consider shareholders' concerns when designing future executive compensation programs.

The Board of Directors recommends that the shareholders vote FOR the resolution approving the compensation of the Company's Named Executive Officers.

DIRECTOR COMPENSATION

Directors who are employees of the Company receive no additional compensation for their services as directors. Mr. Emery is the only employee director on the Company's Board. For 2016, each non-employee director will receive the following compensation from the Company:

An annual retainer of \$50,000 (the chairpersons of the Audit Committee, the Compensation Committee and the Corporate Governance Committee receive additional annual retainers of \$15,000, \$10,000 and \$9,000, respectively, and the lead independent director receives an additional annual retainer of \$20,000);

A meeting fee of \$1,500 for each Board or committee meeting attended, including any telephonic meeting that lasts more than one hour; and

An annual grant of restricted shares of Common Stock with a market value of \$76,000 on the grant date, which is the date of the annual meeting of shareholders.

In December 2013, the Compensation Committee adopted an amendment to the way director compensation is implemented to allow each non-employee director to elect to take all or a portion of their retainer in the form of restricted stock with a one-year vesting period. For any amount that is taken in the form of restricted stock, a multiple of 1.1x is applied. One director elected to defer his retainer to receive stock in 2015 and the shares that were issued in lieu of the cash retainer had a market value on the date of grant of \$54,758.

Stock Awards

Each non-employee director receives an automatic grant of restricted shares of Common Stock at the conclusion of each annual meeting, which shares are generally restricted for three years from the date of grant. During the restricted period, such shares are subject to forfeiture upon the occurrence of certain events. Restricted shares may not be sold, assigned, pledged or otherwise transferred. Subject to the risk of forfeiture and transfer restrictions, directors have all rights as shareholders with respect to restricted shares, including the right to vote and receive dividends or other distributions on such shares.

Director Compensation Table

The following table sets forth the 2015 compensation for non-employee directors:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors recognizes that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof) and therefore has adopted the following policy in connection with all related party transactions involving the Company.

Under this policy, no transaction between the Company and an officer, director or five percent or greater shareholder (including any immediate family member or controlled entity) shall be allowed unless:

the Corporate Governance Committee has approved the transaction in accordance with the guidelines set forth in the policy and the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party;

the transaction is approved by the disinterested members of the Board of Directors; or

the transaction involves compensation approved by the Compensation Committee.

No such approval is necessary for:

transactions available to all employees generally; or

transactions involving less than \$5,000 when aggregated with all similar transactions.

The Board of Directors has determined that the Corporate Governance Committee is best suited to review and approve related party transactions. Accordingly, management shall report any related party transaction to be entered into by the Company to the Corporate Governance Committee, including the proposed aggregate value of such transactions if applicable. After review, the Corporate Governance Committee shall approve or disapprove such transactions and, at each subsequently scheduled meeting, management shall update the Corporate Governance Committee as to any material change to those proposed transactions or any new transactions.

The Board of Directors recognizes that situations exist where a significant opportunity may be presented to management or a member of the Board of Directors that may equally be available to the Company, either directly or via referral. Before such opportunity may be consummated by a related party, such opportunity shall be presented to the Corporate Governance Committee for consideration.

All related party transactions shall be disclosed to the full Board of Directors. Related party transactions will be disclosed in the Company's public filings in accordance with applicable federal securities law filings. The Company is not aware of any related party transactions that occurred in 2015.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2015, Edwin B. Morris III (chairman), Charles Raymond Fernandez, M.D., and John Knox Singleton served on the Compensation Committee. There are no interlocks among the members of the Compensation Committee.

The Company has elected to provide its Proxy Statement and Annual Report over the Internet through a “notice and access” model. The Notice of Internet Availability provides instructions on how you may access this Proxy Statement and the Annual Report on the Internet at <http://www.viewproxy.com/healthcarerealty/2016> or request a printed copy at no charge. In addition, the Notice of Internet Availability provides instructions on how you may request to receive, at no charge, all future proxy materials in printed form by mail or electronically by email. Shareholder Proposals for 2017 Annual Meeting

Shareholder proposals, including a shareholder's direct nomination of a director, intended to be presented at the 2017 annual meeting of shareholders must comply with the SEC's proxy rules, be stated in writing and be received by the Company at its executive offices at 3310 West End Avenue, Suite 700, Nashville, Tennessee 37203 not earlier than October 29, 2016 nor later than November 28, 2016, and comply with requirements set forth in the Company's bylaws. Counting of Votes

All matters specified in this Proxy Statement will be voted on at the Annual Meeting by written ballot. Inspectors of election will be appointed, among other things, to determine the number of shares of Common Stock outstanding, the shares of Common Stock represented at the Annual Meeting, the existence of a quorum and the authenticity, validity and effect of proxies, to receive votes of ballots, to hear and determine all challenges and questions in any way arising in connection with the right to vote, to count and tabulate all votes and to determine the result.

The inspectors of election will treat shares represented by proxies that reflect abstentions or broker non-votes as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Abstentions and broker non-votes, however, do not constitute a vote “for” or “against” any matter, and thus will be disregarded in the calculation of a plurality or of “votes cast.”

Miscellaneous

The Company will bear the cost of printing, mailing and other expenses in connection with the Annual Meeting, including costs for mailing the Notice of Internet Availability, mailing printed proxy materials upon request, and the solicitation of proxies. The Company has retained Alliance Advisors to aid in the solicitation. Funds from operations (“FFO”) and FFO per share are operating performance measures adopted by the National Association of Real Estate Investment Trusts, Inc. (“NAREIT”). NAREIT defines FFO as the most commonly (1) accepted and reported measure of a REIT’s operating performance equal to “net income (computed in accordance with GAAP), excluding gains (or losses) from sales of property, plus depreciation and amortization (including amortization of leasing commissions), and after adjustments for unconsolidated partnerships and joint ventures.”

(2)

FFO does not represent cash generated from operating activities determined in accordance with accounting principles generally accepted in the United States of America and is not necessarily indicative of cash available to fund cash needs. FFO should not be considered an alternative to net income attributable to common stockholders as an indicator of the Company's operating performance or as an alternative to cash flow as a measure of liquidity.

In the third quarter of 2015, the Company began including an add-back for leasing commission amortization in (3) order to provide a better basis for comparing its results of operations with those of others in the industry, consistent with the NAREIT definition of FFO. All periods presented have been adjusted.
