Solicitation of Proxies

This Proxy Statement is furnished in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of Franklin Financial for use at the Annual Meeting and any adjournments thereof.

The expense of soliciting proxies will be borne by Franklin Financial. In addition to the use of the mails, directors, officers, and employees of Franklin Financial and of any subsidiary may, without additional compensation, solicit proxies personally or by telephone.

Farmers and Merchants Trust Company of Chambersburg (hereinafter, "F&M Trust") is a wholly owned subsidiary of Franklin Financial. This Proxy Statement, while prepared in connection with the Annual Meeting of Shareholders of Franklin Financial, contains certain information relating to F&M Trust which will be identified where appropriate.

Revocability and Voting of Proxies

The execution and return of the enclosed proxy will not affect a shareholder's right to attend the meeting and to vote in person. Any proxy given pursuant to this solicitation may be revoked by delivering written notice of revocation to April E. Rosenbaum, Secretary of Franklin Financial, at any time before the proxy is voted at the meeting. Unless revoked, any proxy given pursuant to this solicitation will be voted at the meeting in accordance with the instructions thereon of the shareholder giving the proxy. In the absence of instructions, all proxies will be voted FOR the election of the three nominees identified in this Proxy Statement. The enclosed proxy confers upon the persons named as proxies therein discretionary authority to vote the shares represented thereby on all matters that may come before the meeting in addition to the scheduled items of business, including unscheduled shareholder proposals and matters incident to the conduct of the meeting. Although the Board of Directors knows of no other business to be presented, in the event that any other matters are brought before the meeting, the shares represented by any proxy given pursuant to this solicitation will be voted in accordance with the recommendations of the management of Franklin Financial.

Voting of Shares and Principal Holders Thereof

As of such date, 163,313 shares of Franklin Financial common stock were held by the Trust Department of F&M Trust as sole fiduciary (representing approximately 5.9% of such shares outstanding) and will be voted FOR the election of the three nominees identified in this Proxy Statement.

A majority of the outstanding common stock present in person or by proxy will constitute a quorum for the conduct of business at the Annual Meeting. Abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Each share is entitled to one vote on all matters submitted to a vote of the shareholders. A majority of the votes which all shareholders present in person or by proxy are entitled to cast at a meeting at which a quorum is present is required to approve any matter submitted to a vote of the shareholders, unless a greater vote is required by law or by the Articles of Incorporation or Bylaws. In the case of the election of directors, the three candidates receiving the highest number of votes shall be elected directors of Franklin Financial; accordingly, in the absence of a contested election, votes withheld from a particular nominee or nominees will not influence the outcome of the election. To the knowledge of Franklin Financial, no person owned of record or beneficially on December 31, 2000 more than five percent (5%) of the outstanding common stock of Franklin Financial, except as set forth in the table which follows.

Recommendation of the Board of Directors

The Board of Directors recommends that the shareholders vote FOR the election of the three nominees identified in this Proxy Statement.

INFORMATION CONCERNING THE ELECTION OF DIRECTORS

General Information

The Bylaws of Franklin Financial provide that the Board of Directors shall consist of not less than five nor more than 25 persons and that the directors shall be classified with respect to the time they shall severally hold office by dividing them into three classes, each consisting as nearly as possible of one-third of the number of the whole Board of Directors. The Bylaws further provide that the directors of each class shall be elected for a term of three years so that the term of office of one class of directors shall expire in each year. Finally, the Bylaws provide that the number of directors in each class of directors shall be determined by the Board of Directors.

A majority of the Board of Directors may increase the number of directors between meetings of shareholders. Any vacancy occurring in the Board of Directors, whether due to an increase in the number of directors, resignation, retirement, death, or any other reason, may be filled by appointment by the remaining directors. Any director who is appointed to fill a vacancy shall hold office until his successor is duly elected by the shareholders at the next Annual Meeting at which directors in his class are elected.

The Board of Directors has determined that the Board shall consist of 11 directors. There are four directors whose terms of office will expire at the 2001 Annual Meeting and eight continuing directors whose terms of office will expire at the 2002 or 2003 Annual Meeting. Omer L. Eshleman, whose term of office expires at this year's Annual Meeting has chosen not to stand for reelection and will retire from the Board at that time. The Board of Directors proposes to nominate the following three persons for election to the Board of Directors for the term specified below:

In the event that any of the foregoing nominees is unable to accept nomination or election, the shares represented by any proxy given pursuant to this solicitation will be voted in favor of such other persons as the management of Franklin Financial may recommend. However, the Board of Directors has no reason to believe that any of its nominees will be unable to accept nomination or to serve as a director if elected.

Section 3.5 of Article III of the Bylaws of Franklin Financial requires, among other things, that a shareholder who wishes to nominate a candidate for election to the Board of Directors must provide advance written notice to Franklin Financial, which notice must contain certain prescribed information and must be delivered to the President of Franklin Financial not less than 90 days prior to the anniversary date of the immediately preceding Annual Meeting. The Chairman of the meeting must determine whether a nomination has been made in accordance with the requirements of the Bylaws and, if he determines that a nomination is defective, such nomination and any votes cast for the nominee shall be disregarded.

The following table shows, for the salary levels and years of service indicated, the annual pension benefit, before a Social Security offset of 0.6 percent (0.6%) of covered compensation for each year of service to a maximum of 35 years (but without reflecting the maximum pension benefit limitations established under Section 415 of the Internal Revenue Code), payable under the Plan commencing at age 65 under the pension benefit formula effective January 1, 1998 (and assuming all years of service are earned after January 1, 1998):

Compensation covered by the Plan is calculated by determining the average of a participant's highest five consecutive years' compensation (generally, salary and bonus as reported in the Summary Compensation Table appearing above) in the ten years preceding normal retirement. A participant's compensation for these purposes is limited by Section 401(a)(7) of the Internal Revenue Code of 1986, as amended (the "Code") for each calendar year. Current compensation covered by the plan for the year ended December 31, 2000 for Messrs. Snell and McDowell was \$160,000 and \$140,840, respectively. As of December 31, 2000, Messrs. Snell and McDowell were credited with 5.67 and 1.33 years of service, respectively, for benefit accrual purposes under the Plan.

The normal retirement benefit under the Plan is a single-life annuity equal to the sum of the following:

- (i) 1.15 percent (1.15%) of the average of the highest five consecutive years' compensation in the 10 years preceding normal retirement, multiplied by a participant's number of years of service from the date of employment to December 31, 1997, plus
- (ii) 0.90 percent (0.90%) of such compensation multiplied by a participant's number of years of service from January 1, 1998, through the date of retirement, plus
- (iii) 0.60 percent (0.60%) of such compensation in excess of Social Security covered compensation (the taxable wage base averaged over the 35-year period ending with the last day of the calendar year in which the participant attains Social Security retirement age), multiplied by a participant's total number of years of service (up to a maximum of 35 years) from the date of employment to the retirement date.

This benefit is limited by the maximum benefit as specified under Section 415 of the Code.

The Plan was amended November 24, 1999, effective January 1, 2000, to give a cost-of-living adjustment to retirees and beneficiaries with a retirement date on or before January 1, 1999. The increase is equal to 1.50% of the retiree's and beneficiary's monthly pension payment for each complete year measured from the later of October 1, 1994 and the retiree's and beneficiary's retirement date to January 1, 2000.

Severance Benefit Agreement

On July 28, 1999, Franklin Financial entered into a Severance Benefit Agreement with Theodore D. McDowell (the "Agreement") in connection with Mr. McDowell's decision to join Franklin Financial as its Executive Vice President. Under the terms of the Agreement, Mr. McDowell is entitled to receive a severance benefit of \$150,000 in the event that, at any time within 18 months following the occurrence of a Change in Control of Franklin Financial, his employment is terminated without cause or in the event that he elects to terminate his employment for good reason. The Agreement will terminate automatically on December 31, 2001 (provided that a change in control of Franklin Financial has not occurred on or before that date), unless one of the following events occurs on or before December 31, 2001, in which case the Agreement will terminate upon the first to occur of the following events: (i) Mr. McDowell is granted a long-term incentive award on such terms as the Board of Directors determines appropriate, or (ii) Mr. McDowell's employment terminates for any reason.

Compensation Committee Report on Executive Compensation

The Personnel Committee of the Board of Directors of Franklin Financial (the "Committee") administers the executive compensation programs of Franklin Financial and its subsidiaries. The Committee consists of five independent directors.

Executive Compensation Policies

Executive compensation at Franklin Financial consists of two components: base salary and incentive programs. The Committee has established an executive compensation policy to assist it in administering these two components of executive compensation.

The Franklin Financial's executive compensation policy is designed to provide its executives with a total compensation package that is fair in light of competitive compensation practices, that attracts and retains qualified executives, that places a portion of total pay at risk (to be earned through the achievement of performance goals), and that helps to align management's interests with those of shareholders. Fair pay is defined as pay levels that are at or approach the median of competitive compensation practices.

Competitive compensation practices are determined from time to time, as follows. The Committee uses data from banking industry compensation surveys to determine median pay practices for similar positions at comparably sized organizations. Compensation disclosures made by a peer group of comparably sized Pennsylvania banks are also used to determine competitive pay practices at the top management level. This group of Pennsylvania banking organizations bears no direct relationship to those companies represented in the Media General Regional Northeast Bank Index appearing in the stock performance graph set forth elsewhere in this Proxy Statement because the companies represented in this Index are too numerous and because some are too small and others too large for appropriate and meaningful compensation comparisons. Additionally, the

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

Committee's analysis of competitive salary increases is used in estimating competitive pay levels.

The Committee uses incentive programs to link total executive compensation to the performance of Franklin Financial. These programs provide executives with an opportunity to earn a combination of cash and stock awards contingent upon the achievement of corporate earnings objectives.

Relationship of Performance to Executive Compensation

The Committee employs a short-term incentive plan to link senior officer compensation to the success in meeting annual goals based upon the net income of the corporation. The 2000 plan included a range of net income targets and within that range of targets, senior officer incentive payouts could range from 1% to 12% of annual salary, with an additional 401(k) Profit Sharing Plan contribution ranging from 1/2% to 2% of salary (up to applicable limitations under the Internal Revenue Code). Messrs. Snell and McDowell each participated in this program. Because Franklin Financial's net income of \$5.007 million in 2000 fell short of the annual goal, no awards were made under the plan in 2000.

The Committee administers a long-term incentive plan for members of senior management, which includes Messrs. Snell and McDowell. Other senior officers also participate in this plan. Under the plan, participants receive awards of restricted stock and cash, which awards are subject to accelerated vesting if Franklin Financial meets or exceeds certain annual and/or cumulative net income performance goals established at the time of grant of the award. To the extent not previously vested, the restricted stock portion of the award will vest in full upon the expiration of 10 years from the date of grant. The cash portion of an award, to the extent not vested after the expiration of five years, is forfeited.

Achievement of an annual or cumulative net income performance goal results in the vesting of a portion of the restricted stock award and a distribution of a portion of the cash award. Failure to meet either goal in a given year results in the permanent forfeiture of that year's portion of the cash award. Furthermore, failure to meet the annual or cumulative net income goals means that no restricted shares vest that year. After the expiration of ten years from the date of the award, however, all unvested shares of restricted stock will vest, provided that the participant remains an employee of Franklin Financial or one of its subsidiaries.

In 2000, Franklin Financial had net income of \$5.007 Million. This resulted in basic earnings per share of \$1.85, return on assets of 1.10%, and return on equity of 12.57%. This level of earnings did not meet the annual or cumulative net income goals for 2000 established under the long-term incentive plan. Accordingly, no cash awards were distributed and no accelerated vesting of restricted shares occurred.

2000 Compensation of the Chief Executive Officer

The Committee at its December 1999 meeting discussed its compensation policy as summarized above and competitive pay

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

practices, balanced with Franklin Financial's strategic initiative to control overhead expenses. After considering several alternatives, the Committee determined that Mr. Snell's base salary would be increased by 3.2% to \$170,000 in 2000.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, brought about a limitation on the deductibility for federal income tax purposes of annual compensation in excess of \$1 million payable to certain senior officers of publicly held companies. Qualifying performance-based compensation is not subject to this limitation if certain conditions are met. The Committee does not foresee current compensation arrangements exceeding this level. Accordingly, the Committee has no plans to modify the compensation policies of Franklin Financial in response to the provisions of Section 162(m) of the Code. The Committee will evaluate this matter on an ongoing basis.

The foregoing report is submitted by Robert G. Zullinger, Chairman of the Personnel Committee, and Messrs. Elliott, Good, Fry and Miller, who served as members of the Personnel Committee during 2000.

Compensation Committee Interlocks and Insider Participation

The members of the Personnel Committee of the Board of Directors during 2000 were those persons who are named in the Compensation Committee Report on Executive Compensation which appears above. No member of the Personnel Committee was an employee of Franklin Financial or F&M Trust at any time during 2000, although Mr. Zullinger served as President and Chief Executive Officer of Franklin Financial and F&M Trust until his retirement in 1996. There were no compensation committee "interlocks" at any time during 2000, which in general terms means that no executive officer or director of Franklin Financial served as a director or member of the compensation committee of another entity, one of whose executive officers served as a director of Franklin Financial.

Performance Graph

The Securities and Exchange Commission requires that a publicly held company include in its proxy statement a stock performance graph comparing its five-year cumulative total return to shareholders with the returns generated by an industry-specific index (or peer group index) and with the return generated by a broad market index.

The following graph compares the cumulative total return to shareholders of Franklin Financial with the NASDAQ - Total U.S. Index (a broad market index prepared by the Center for Research in Security Prices at the University of Chicago Graduate School of Business), with the Media General Regional Northeast Bank Index (an industry-specific index prepared by Media General Financial Services), and with the Northeast Pink Banks Index (an industry-specific index prepared by SNL Securities LC) for the five year period ended December 31, 2000, in each case assuming an initial investment of \$100 on December 31, 1995 and the reinvestment of all dividends. Franklin Financial has elected to replace the Media General Regional Northeast Bank Index with

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

the Northeast Pink Banks Index for the reason that the later index more closely approximates the characteristics of Franklin Financial's common stock in that it consists exclusively of bank stocks which are traded on the over-the-counter bulletin board;

such stocks typically have fewer shares outstanding and a lower average daily trading volume than exchange or NASDAQ traded stocks. The Media General Regional Northeast Banks Index, by contrast, consists of bank stocks, a majority of which are traded on the New York Stock Exchange or on the NASDAQ National Market.

Audit Committee Report

The Audit Committee has reviewed the audited financial statements of Franklin Financial for the year ended December 31, 2000 and has discussed these financial statements with management and with Franklin Financial's independent accountants, Beard Miller Company LLP ("Beard Miller Company"). The Audit Committee also has discussed with Beard Miller Company the matters required to be discussed by Statement of Auditing Standards No. 61.

The Audit Committee has received from Beard Miller Company the written disclosures and letter required by the Independence Standards Board Standard No. 1 and the Audit Committee has discussed with Beard Miller Company their independence from Franklin Financial and from Franklin Financial's management.

Based upon the review and discussions described above, the Audit Committee recommended to the Board of Directors that Franklin Financial's audited financial statements for the year ended December 31, 2000 be included in Franklin Financial's Annual Report on Form 10-K for that year.

In connection with the standards for accountant's independence adopted by the Securities and Exchange Commission, the Audit Committee will undertake to consider in advance of the provision of any non-audit services by Franklin Financial's

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

independent accountants whether the provision of such services is compatible with maintaining the independence of such accountants.

The foregoing report is submitted by Jeryl C. Miller, Chairman of the Audit Committee, Mrs. Walker and Messrs. Eshleman, Good, McCleary, Sioberg and Zullinger, who served as members of the Audit Committee during 2000.

Transactions with Directors and Executive Officers

Some of the directors and executive officers of Franklin Financial and F&M Trust and the companies with which they are associated were customers of and had banking transactions with F&M Trust in the ordinary course of business during 2000. All loans and commitments to loan made to such persons and the companies with which they are associated were made on substantially the same terms, including interest rates, collateral, and repayment terms, as those prevailing at the time for comparable transactions with other persons and did not involve more than a normal risk of collectibility or present other unfavorable features. It is anticipated that F&M Trust will enter into similar transactions in the future.

Martha B. Walker, a member of the Boards of Directors of Franklin Financial and F&M Trust, is a partner in the law firm of Barley, Snyder, Senft & Cohen (hereafter, "BSS&C"). BSS&C has provided legal services to Franklin Financial and F&M Trust for many years and is expected to continue to do so in the future.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Securities Exchange Act of 1934 requires that the directors and certain officers of Franklin Financial file with the Securities and Exchange Commission reports of ownership and changes in ownership with respect to shares of Franklin Financial common stock beneficially owned by them. Based solely upon its review of copies of such reports furnished to it and written representations made by its directors and those officers who are subject to such reporting requirements, Franklin Financial believes that during the calendar year ended December 31, 2000, all filing requirements applicable to its directors and officers were complied with, except that Charles M. Sioberg inadvertently failed to timely file a Form 4 with respect to 609 shares held by a trust with respect to which he serves as a trustee.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

General Information

On July 8, 1999, the Board of Directors of Franklin Financial determined that it would discontinue the engagement of Arthur Andersen LLP ("Arthur Andersen") as independent auditors and approved the engagement of Beard & Company, Inc., Certified Public Accountants, now Beard Miller Company LLP ("Beard Miller Company"), as independent auditors for the fiscal year ending December 31, 1999. The Board's decision was based upon the recommendation of its Audit Committee, which interviewed several

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

independent certified public accounting firms (including Arthur Andersen) prior to making its recommendation. Franklin Financial did not consult with Beard Miller Company on any matter during the two recent fiscal years immediately preceding the fiscal year in which it determined that it would discontinue the engagement of Arthur Andersen.

The reports of Arthur Andersen on the financial statements of Franklin Financial for the years ended December 31, 1997 and 1998 did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles. There were no disagreements between Franklin Financial and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure during the two fiscal years immediately preceding the fiscal year in which it determined that it would discontinue the engagement of Arthur Andersen or during any subsequent interim period, which disagreements, if not resolved to the satisfaction of Arthur Andersen, would have caused Arthur Andersen to make reference to the subject matter of the disagreement in connection with its reports on the financial statements of Franklin Financial for such years.

It is anticipated that Franklin Financial will engage Beard Miller Company as its auditors for the year ending December 31, 2001.

Representatives of Beard Miller Company are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.
