GENERAL INFORMATION

Date, Time, and Place of Meeting

The regular Annual Meeting of the shareholders of Franklin Financial Services Corporation (hereinafter, "Franklin Financial") will be held on Tuesday, April 23, 2002, at 10:30 a.m. at the Lighthouse Restaurant, 4301 Philadelphia Avenue, Chambersburg, Pennsylvania.

Shareholders Entitled to Vote

Shareholders of record at the close of business on March 8, 2002, are entitled to notice of and to vote at the meeting.

Purpose of Meeting

Shareholders will be asked to consider and vote upon the following matters at the Annual Meeting: (1) the election of five directors, (2) a proposal to approve the Incentive Stock Option Plan of 2002, and (3) such other business as may be properly brought before the meeting and any adjournments thereof.

Solicitation of Proxies

This Proxy Statement is furnished in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of Franklin Financial for use at the Annual Meeting and any adjournments thereof.

The expense of soliciting proxies will be borne by Franklin Financial. In addition to the use of the mails, directors, officers, and employees of Franklin Financial and of any subsidiary may, without additional compensation, solicit proxies personally or by telephone.

Farmers and Merchants Trust Company of Chambersburg (hereinafter, "F&M Trust") is a wholly owned subsidiary of Franklin Financial. This Proxy Statement, while prepared in

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

connection with the Annual Meeting of Shareholders of Franklin Financial, contains certain information relating to F&M Trust which will be identified where appropriate.

Revocability and Voting of Proxies

The execution and return of the enclosed proxy will not affect a shareholder's right to attend the meeting and to vote in person. Any proxy given pursuant to this solicitation may be revoked by delivering written notice of revocation to Bonnie J. Clugston, Secretary of Franklin Financial, at any time before the proxy is voted at the meeting. Unless revoked, any proxy given pursuant to this solicitation will be voted at the meeting in accordance with the instructions thereon of the shareholder giving the proxy. In the absence of instructions, all proxies will be voted FOR the election of the five nominees identified in this Proxy Statement and for the proposal to approve the Incentive Stock Option Plan of 2002. The enclosed proxy confers upon the persons named as proxies therein discretionary authority to vote the shares represented thereby on all matters that may come before the meeting in addition to the scheduled items of business, including unscheduled shareholder proposals and matters incident to the conduct of the meeting. Although the Board of Directors knows of no other business to be presented, in the event that any other matters are brought before the meeting, the shares represented by any proxy given pursuant to this solicitation will be voted in accordance with the recommendations of the management of Franklin Financial.

Shares held for the account of shareholders who participate in the Dividend Reinvestment Plan will be voted in accordance with the instructions of each shareholder as set forth in his proxy. If a shareholder who participates in the Dividend Reinvestment Plan does not return a proxy, the shares held for his account under the Dividend Reinvestment Plan will not be voted.

Voting of Shares and Principal Holders Thereof

At the close of business on December 31, 2001, Franklin Financial had issued and outstanding 2,708,160 shares of common stock; there is no other class of stock outstanding. As of such date, 149,961 shares of Franklin Financial common stock were held by the Trust Department of F&M Trust as sole fiduciary (representing approximately 5.5% of such shares outstanding) and will be voted FOR the election of the five nominees identified in this Proxy Statement and for the proposal to approve the Incentive Stock Option Plan of 2002.

A majority of the outstanding common stock present in person or by proxy will constitute a quorum for the conduct of business at the Annual Meeting. Abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Each share is entitled to one vote on all matters submitted to a vote of the shareholders. A majority of the votes which all shareholders present in person or by proxy are entitled to cast at a meeting at which a quorum is present is required to approve any matter submitted to a vote of the shareholders, unless a greater vote is required by law or by the Articles of Incorporation or Bylaws. In the case of the election of directors, the five candidates receiving the highest number of

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

votes shall be elected directors of Franklin Financial; accordingly, in the absence of a contested election, votes withheld from a particular nominee or nominees will not influence the outcome of the election. In the case of the proposal to approve the Incentive Stock Option Plan of 2002, a majority of the votes which all shareholders present in person or by proxy are entitled to cast is required for approval. Accordingly, an abstention will have the same effect as a vote against the proposal. Pennsylvania law on the treatment of broker non-votes in this context is at present unclear; if a broker submits a proxy indicating that it does not have discretionary authority with respect to the proposal to approve the Incentive Stock Option Plan of 2002, Franklin Financial intends to treat the shares represented by such proxy as not being present and entitled to vote for purposes of determining the vote required for approval and, accordingly, any such broker non-vote will have no effect on the outcome of the vote on this proposal.

To the knowledge of Franklin Financial, no person owned of record or beneficially on December 31, 2001 more than five percent (5%) of the outstanding common stock of Franklin Financial, except as set forth in the table which follows.

Title of Class -----	Name and Address of Beneficial Owner -----	Amount and Nature of Beneficial Ownership as of 12/31/01 -----	Percent of Class -----
Common stock, \$1.00 par value per share	Farmers and Merchants Trust Company of Chambersburg Trust Department 20 South Main Street P.O. Box 6010 Chambersburg, PA 17201-6010	149,961 shares(1)	5.5%

Shareholder Proposals

Pursuant to Rule 14a-8 promulgated by the Securities and Exchange Commission (hereafter the "SEC") and Section 2.4 of the Bylaws of Franklin Financial, shareholder proposals intended to be presented at the 2003 Annual Meeting of the shareholders of Franklin Financial must be received at the executive offices of Franklin Financial no later than November 26, 2002, in order to be eligible for inclusion in the proxy statement and proxy form to be prepared by Franklin Financial in connection with the 2003 Annual Meeting. A shareholder proposal which does not satisfy the notice and other requirements of SEC Rule 14a-8 and the Bylaws of Franklin Financial is not required to be included in Franklin Financial's proxy statement and proxy form and may not be presented at the 2003 Annual Meeting. All shareholder proposals should be sent to: Franklin Financial Services Corporation, Attention: President, 20 South Main Street, P.O. Box 6010, Chambersburg, Pennsylvania 17201-6010.

Recommendation of the Board of Directors

The Board of Directors recommends that the shareholders

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

vote FOR the election of the five nominees identified in this Proxy Statement and for the proposal to approve the Incentive Stock Option Plan of 2002.

INFORMATION CONCERNING THE ELECTION OF DIRECTORS

General Information

The Bylaws of Franklin Financial provide that the Board of Directors shall consist of not less than five nor more than 25 persons and that the directors shall be classified with respect to the time they shall severally hold office by dividing them into three classes, each consisting as nearly as possible of one-third of the number of the whole Board of Directors. The Bylaws further provide that the directors of each class shall be elected for a term of three years so that the term of office of one class of directors shall expire in each year. Finally, the Bylaws provide that the number of directors in each class of directors shall be determined by the Board of Directors.

A majority of the Board of Directors may increase the number of directors between meetings of shareholders. Any vacancy occurring in the Board of Directors, whether due to an increase in the number of directors, resignation, retirement, death, or any other reason, may be filled by appointment by the remaining directors. Any director who is appointed to fill a vacancy shall hold office until his successor is duly elected by the shareholders at the next Annual Meeting at which directors in his class are elected.

The Board of Directors has determined that the Board shall consist of 13 directors. There are five directors whose terms of office will expire at the 2002 Annual Meeting and eight continuing directors whose terms of office will expire at the 2003 or 2004 Annual Meeting. The Board of Directors proposes to nominate the following five persons for election to the Board of Directors for the term specified below:

CLASS A
For a Term of
Three Years

G. Warren Elliott	Martha B. Walker
Dennis W. Good, Jr.	Robert G. Zullinger

In the event that any of the foregoing nominees is unable to accept nomination or election, the shares represented by any proxy given pursuant to this solicitation will be voted in favor of such other persons as the management of Franklin Financial may recommend. However, the Board of Directors has no reason to believe that any of its nominees will be unable to accept nomination or to serve as a director if elected.

Section 3.5 of Article III of the Bylaws of Franklin Financial requires, among other things, that a shareholder who wishes to nominate a candidate for election to the Board of Directors must provide advance written notice to Franklin Financial, which notice must contain certain prescribed information and must be delivered to the President of Franklin Financial not less than 90 days prior to the anniversary date of the immediately preceding Annual Meeting. The Chairman of the

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

meeting must determine whether a nomination has been made in accordance with the requirements of the Bylaws and, if he determines that a nomination is defective, such nomination and any votes cast for the nominee shall be disregarded.

Compensation covered by the Plan is calculated by determining the average of a participant's highest five consecutive years' compensation (generally, salary and bonus as reported in the Summary Compensation Table appearing above) in the ten years preceding normal retirement. A participant's compensation for these purposes is limited by Section 401(a)(17) of the Internal Revenue Code of 1986, as amended (the "Code") for each calendar year. Current compensation covered by the plan for the year ended December 31, 2001 for Messrs. Snell and McDowell was \$164,000 and \$134,759, respectively. As of December 31, 2001, Messrs. Snell and McDowell were credited with 6.67 and 2.33 years of service, respectively, for benefit accrual purposes under the Plan.

The normal retirement benefit under the Plan is a single-life annuity equal to the sum of the following:

- (i) 1.15 percent (1.15%) of the average of the highest five consecutive years' compensation in the 10 years preceding normal retirement, multiplied by a participant's number of years of service from the date of employment to December 31, 1997, plus
- (ii) 0.90 percent (0.90%) of such compensation multiplied by a participant's number of years of service from January 1, 1998, through the date of retirement, plus
- (iii) 0.60 percent (0.60%) of such compensation in excess of Social Security covered compensation (the taxable wage base averaged over the 35-year period ending with the last day of the calendar year in which the participant attains Social Security retirement age), multiplied by a participant's total number of years of service (up to a maximum of 35 years) from the date of employment to the retirement date.

This benefit is limited by the maximum benefit as specified under Section 415 of the Code.

The Plan was amended November 24, 1999, effective January 1, 2000, to give a cost-of-living adjustment to retirees and beneficiaries with a retirement date on or before January 1, 1999. The increase is equal to 1.50% of the retiree's and beneficiary's monthly pension payment for each complete year measured from the later of October 1, 1994 and the retiree's and beneficiary's retirement date to January 1, 2000. The Plan was also amended and restated on November 9, 2001 to conform the Plan to reflect changes required by law, up to and including the IRS Restructuring and Reform Act of 1998.

Compensation Committee Report on Executive Compensation

The Personnel Committee of the Board of Directors of Franklin Financial (the "Committee") administers the executive compensation programs of Franklin Financial and its subsidiaries. The Committee consisted of five independent directors in 2001.

Executive Compensation Policies

Executive compensation at Franklin Financial consists of two components: base salary and incentive programs. The Committee has established an executive compensation policy to assist it in administering these two components of executive compensation.

The Franklin Financial's executive compensation policy is designed to provide its executives with a total compensation package that is fair in light of competitive compensation practices, that attracts and retains qualified executives, that places a portion of total pay at risk (to be earned through the achievement of performance goals), and that helps to align management's interests with those of shareholders. Fair pay is defined as pay levels that are at or approach the median of competitive compensation practices.

Competitive compensation practices are determined from time to time, as follows. The Committee uses data from banking industry compensation surveys to determine median pay practices for similar positions at comparably sized organizations. Compensation disclosures made by a peer group of comparably sized Pennsylvania banks are also used to determine competitive pay practices at the top management level. This group of Pennsylvania banking organizations bears no direct relationship to those companies represented in the Media General Regional Northeast Bank Index appearing in the stock performance graph set forth elsewhere in this Proxy Statement because the companies represented in this Index are too numerous and because some are too small and others too large for appropriate and meaningful compensation comparisons. Additionally, the Committee's analysis of competitive salary increases is used in estimating competitive pay levels.

The Committee uses incentive programs to link total executive compensation to the performance of Franklin Financial. These programs provide executives with an opportunity to earn a combination of cash and stock awards contingent upon the achievement of corporate earnings objectives.

Relationship of Performance to Executive Compensation

The Committee employs a short-term incentive plan to link senior officer compensation to the success in meeting annual goals based upon the net income of the corporation. The 2000 plan included a range of net income targets and within that range of targets, senior officer incentive payouts could range from 1% to 15% of annual salary, with an additional 401(k) Profit Sharing Plan discretionary contribution ranging from 1/2% to 2% of salary (up to applicable limitations under the Internal Revenue Code). Messrs. Snell and McDowell each participated in this program. Based upon Franklin Financial's financial performance in 2001, awards will be payable to both

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

Messrs. Snell and McDowell. The exact amount of those awards cannot be determined at this time because certain necessary peer group data is not yet publicly available. The awards paid to Messrs. Snell and McDowell under the short-term incentive plan in 2001, based upon the financial performance of Franklin Financial in 2000, were \$3,400 and \$2,400, respectively, and are reported in the Summary Compensation Table which appears above.

The Committee administers a long-term incentive plan for members of senior management. Under the plan, participants were granted awards of restricted stock and cash in 1996, which awards are subject to accelerated vesting if Franklin Financial meets or exceeds certain annual and/or cumulative net income performance goals established at the time of grant of the awards. To the extent not previously vested, the restricted stock portion of the awards vest in full upon the expiration of 10 years from the date of grant. The cash portion of an award, to the extent not vested after the expiration of five years, is forfeited.

Achievement of an annual or cumulative net income performance goal results in the vesting of a portion of the restricted stock award and a distribution of a portion of the cash award. Failure to meet either goal in a given year results in the permanent forfeiture of that year's portion of the cash award. Furthermore, failure to meet the annual or cumulative net income goals for a given year means that no restricted shares vest that year. After the expiration of ten years from the date of the award, however, all unvested shares of restricted stock vest, provided that the participant remains an employee of Franklin Financial or one of its subsidiaries.

In 2001 Franklin Financial had net income of \$5.594 Million. This resulted in basic earnings per share of \$2.09, return on assets of 1.14%, and return on equity of 12.51%. This level of earnings, when combined with net income for the prior five years (1996-2000), met the cumulative net income goal of \$23.850 Million set under the long-term incentive plan. Accordingly, all restricted stock awards outstanding under this long-term incentive plan vested as of December 31, 2001.

2001 Compensation of the Chief Executive Officer

The Committee at its December 2000 meeting discussed its compensation policy as summarized above, reviewed competitive pay practices, and considered both in light of Franklin Financial's strategic initiative to control overhead expenses. After considering these factors, the Committee determined that Mr. Snell's base salary would be increased to \$173,400 in 2001.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, brought about a limitation on the deductibility for federal income tax purposes of annual compensation in excess of \$1 million payable to certain senior officers of publicly held companies. Qualifying performance-based compensation is not subject to this limitation if certain conditions are met. The Committee does not foresee current compensation arrangements exceeding this level. Accordingly, the Committee has no plans to modify the compensation policies of Franklin Financial in

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

response to the provisions of Section 162(m) of the Code. The Committee will evaluate this matter on an ongoing basis.

The foregoing report is submitted by Robert G. Zullinger, Chairman of the Personnel Committee, and Messrs. Elliott, Good, Fry and Miller, who served as members of the Personnel Committee during 2001.

Compensation Committee Interlocks and Insider Participation

The members of the Personnel Committee of the Board of Directors during 2001 were those persons who are named in the Compensation Committee Report on Executive Compensation which appears above. No member of the Personnel Committee was an employee of Franklin Financial or F&M Trust at any time during 2001, although Mr. Zullinger served as President and Chief Executive Officer of Franklin Financial and F&M Trust until his retirement in 1996. There were no compensation committee "interlocks" at any time during 2001, which in general terms means that no executive officer or director of Franklin Financial served as a director or member of the compensation committee of another entity, one of whose executive officers served as a director of Franklin Financial.

Performance Graph

The Securities and Exchange Commission requires that a publicly held company include in its proxy statement a stock performance graph comparing its five-year cumulative total return to shareholders with the returns generated by an industry-specific index (or peer group index) and with the return generated by a broad market index.

The following graph compares the cumulative total return to shareholders of Franklin Financial with the NASDAQ - Total U.S. Index (a broad market index prepared by the Center for Research in Security Prices at the University of Chicago Graduate School of Business) and with the Northeast Pink Banks Index (an industry-specific index prepared by SNL Securities LC) for the five year period ended December 31, 2001, in each case assuming an initial investment of \$100 on December 31, 1996 and the reinvestment of all dividends.

Audit Committee Report

The Audit Committee has reviewed the audited financial

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

statements of Franklin Financial for the year ended December 31, 2001 and has discussed these financial statements with management and with Franklin Financial's independent accountants, Beard Miller Company LLP ("Beard Miller Company"). The Audit Committee also has discussed with Beard Miller Company the matters required to be discussed by Statement of Auditing Standards No. 61.

The Audit Committee has received from Beard Miller Company the written disclosures and letter required by the Independence Standards Board Standard No. 1 and the Audit Committee has discussed with Beard Miller Company their independence from Franklin Financial and from Franklin Financial's management.

Based upon the review and discussions described above, the Audit Committee recommended to the Board of Directors that Franklin Financial's audited financial statements for the year ended December 31, 2001 be included in Franklin Financial's Annual Report on Form 10-K for that year.

In connection with the standards for accountant's independence adopted by the Securities and Exchange Commission, the Audit Committee will undertake to consider in advance of the provision of any non-audit services by Franklin Financial's independent accountants whether the provision of such services is compatible with maintaining the independence of such accountants.

The foregoing report is submitted by Jeryl C. Miller, Chairman of the Audit Committee, Mrs. Walker and Messrs. Good, McCleary, Sioberg and Zullinger, who served as members of the Audit Committee during 2001.

Transactions with Directors and Executive Officers

Some of the directors and executive officers of Franklin Financial and F&M Trust and the companies with which they are associated were customers of and had banking transactions with F&M Trust in the ordinary course of business during 2001. All loans and commitments to loan made to such persons and the companies with which they are associated were made on substantially the same terms, including interest rates, collateral, and repayment terms, as those prevailing at the time for comparable transactions with other persons and did not involve more than a normal risk of collectibility or present other unfavorable features. It is anticipated that F&M Trust will enter into similar transactions in the future.

Martha B. Walker, a member of the Boards of Directors of Franklin Financial and F&M Trust, is a partner in the law firm of Barley, Snyder, Senft & Cohen (hereafter, "BSS&C"). BSS&C has provided legal services to Franklin Financial and F&M Trust for many years and is expected to continue to do so in the future.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Securities Exchange Act of 1934 requires that the directors and certain officers of Franklin Financial file with the Securities and Exchange Commission reports of ownership and changes in ownership with respect to

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

shares of Franklin Financial common stock beneficially owned by them. Based solely upon its review of copies of such reports furnished to it and written representations made by its directors and those officers who are subject to such reporting requirements, Franklin Financial believes that during the calendar year ended December 31, 2001, all filing requirements applicable to its directors and officers were complied with.

PROPOSAL TO APPROVE THE INCENTIVE STOCK OPTION PLAN OF 2002

Introduction

The following is a description of the Incentive Stock Option Plan of 2002 (the "Plan"), which was adopted by the Board of Directors on March 7, 2002 for purposes of replacing the Long-Term Incentive Plan of 1990, which was approved by the shareholders in 1990. If approved by the shareholders as proposed herein, the Plan will allow the grant of incentive stock options to officers of Franklin Financial and its subsidiaries. An incentive stock option (hereinafter referred to as an "ISO" or as an "Option") is a stock option which is qualified under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan is not subject to the Employee Retirement Income Security Act of 1974 and is not qualified under Section 401(a) of the Code, which relates to the qualification of certain pension, profit-sharing and stock bonus plans.

The purpose of the Plan is to promote the interests of Franklin Financial and its shareholders by strengthening the ability of Franklin Financial to attract, motivate and retain employees and to provide an additional incentive for employees to promote the financial success and growth of Franklin Financial and its subsidiaries. Options are the only form of award authorized under the Plan and have no intrinsic value unless the price of the underlying shares appreciates over time. No gain will accrue to an officer who is awarded an Option, absent appreciation in the price of Franklin Financial common stock, which will benefit all shareholders.

A summary of the material features of the Plan is set forth below, but is qualified in its entirety by reference to the full text of the Plan as set forth in Exhibit A to this Proxy Statement.

Administration

The Plan will be administered by the Personnel Committee or by such other committee consisting of at least two "non-employee directors" (as defined in the Securities Exchange Act of 1934) as the Board of Directors may designate for such purpose (the "Committee"). Subject to the limitations set forth in the Plan, the Committee has the discretionary authority to determine the persons to whom Options will be granted, the time or times at which Options will be granted, the number of shares subject to each Option, the exercise price of an Option, the time or times at which an Option will vest and thereafter become exercisable, and the term of the Option. In addition, the Committee has authority to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan, to determine the terms and provisions (and amendments of the terms and provisions) of the written agreement to be entered into between

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

Franklin Financial and each person to whom an Option is granted (a "Participant") under the Plan (which agreements need not be identical), including such terms and provisions as may be required in the Committee's judgment to conform to any change in any applicable law or regulation, and to make all other determinations the Committee shall deem necessary or advisable for the administration of the Plan.

An Option must be evidenced by a written Agreement. Franklin Financial anticipates that, in the ordinary course, Options will be granted on an annual basis, although nothing in the Plan so requires.

Eligibility

All officers of Franklin Financial and its subsidiaries are eligible to be granted Options under the Plan, as determined from time to time by the Committee in its sole discretion. The Plan defines the term "officer" to mean a common law employee of Franklin Financial or a subsidiary who is designated as such by the Committee in accordance with the personnel policies of Franklin Financial as in effect from time to time. In determining whether to grant an Option, the Committee will consider the nature and extent of the services rendered by the officer involved, the past and potential future contributions of such officer, the financial performance of Franklin Financial and its subsidiaries, and such other factors as the Committee may in its discretion determine to be relevant and appropriate. The Committee is not obligated to grant Options to all officers and may in its discretion grant Options to some officers and not to others.

There are at present approximately 12 persons who may be deemed to be "officers" and, therefore, eligible to receive Options under the Plan. The number of such persons may vary from year to year.

Reservation Of Shares

Franklin Financial has reserved, subject to shareholder approval of the Plan, 200,000 shares of common stock for issuance under the Plan (equal to approximately 7.4% of the presently issued and outstanding shares of common stock). The shares of common stock authorized to be issued under the Plan will be made available from authorized but unissued shares of common stock or from treasury shares. If any shares of common stock that are the subject of an Option are not issued and cease to be issuable by reason of the expiration or termination of the Option or for any other reason, such shares may again be made subject to Options under the Plan. In the event of stock splits, stock dividends and certain corporate reorganizations, recapitalizations, or other specified corporate transactions affecting Franklin Financial or the common stock, proportionate adjustments will be made to the number of shares available for issuance under the Plan. As of February 28, 2002, the closing bid price of Franklin Financial common stock was \$24.75 per share.

Benefits Under the Plan

The benefits or amounts that will be received by or allocated under the Plan to the Chief Executive Officer, the

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

executive officers who are named in the Summary Compensation Table appearing above, all executive officers as a group and all officers who are not executive officers as a group cannot be presently determined.

Description of Options

An Option that the Committee grants to a Participant to purchase shares of common stock must be evidenced by a written Option agreement (an "Option Agreement"). The Committee will determine the exercise price of each Option, which exercise price may not be less than 100% of the fair market value of the common stock on the grant date (110% in the case of certain ten percent or greater shareholders), as determined by the Committee in accordance with rules specified in the Plan. Except as otherwise provided in the Plan, once vested, an Option may be exercised in whole or in part at any time and from time to time during the term of the Option, which term may not extend more than ten years from the date the Option is granted (five years in the case of certain ten percent or greater shareholders). The Committee will impose vesting conditions on the exercisability of the Options. In general, an Option will vest upon the earlier of: (i) continuous employment following the date of grant for the period specified in the Option Agreement (but not less than six months), and (ii) the occurrence of a change in control (as defined in the Plan). An Option may vest in stages over a specified period of time. Unless otherwise provided in an Option Agreement, a change in control will be deemed to have occurred, among other events, upon shareholder approval of an acquisition of Franklin Financial (or of all or substantially all of its assets).

Unless otherwise provided in an Option Agreement, the exercise price per share of an Option must be paid in full in cash upon the exercise of the Option. If the Option Agreement permits, the exercise price may be paid in whole or in part by surrendering certain previously owned shares of Franklin Financial common stock. If shares are used to pay all or part of the exercise price, the cash and any shares surrendered must have a fair market value (determined as of the date of exercise) that is not less than the aggregate exercise price for the number of shares for which the Option is being exercised. Shares surrendered in payment of all or a portion of the exercise price of an Option must have been held for certain minimum periods of time specified in the Plan.

In accordance with certain Code requirements applicable to ISO's, the aggregate fair market value (determined at the time an Option is granted) of the shares of common stock with respect to which Options are exercisable for the first time by an individual during any calendar year may not exceed \$100,000.

A Participant will not have any rights as a shareholder with respect to the shares of common stock subject to an Option until the shares are paid for and issued to the Participant.

An Option granted under the Plan is not assignable or transferable other than by will or the laws of descent and distribution and, during a Participant's lifetime, may be exercised only by the Participant or by his or her duly appointed legal representative.

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

A vested Option may be exercised by a Participant only during its term and only during the term of his employment, except as provided below. In the event of a Participant's termination of employment: (i) by reason of death or disability (as defined in the Plan), a vested Option may be exercised until the earlier of its expiration or the date which is 12 months following termination of employment; (ii) by Franklin Financial for cause (as defined in the Plan), a vested Option will be forfeited on the date of termination of employment; and (iii) for any other reason, a vested Option may be exercised until the earlier of its expiration or the date which is three months following termination of employment.

Certain United States Federal Income Tax Consequences

The following is a brief summary of the principal United States Federal income tax consequences of transactions under the Plan, based upon current law. This summary is not intended to be exhaustive with respect to all potential Federal income tax consequences that may affect a particular person. In addition, this summary does not constitute tax advice and, among other things, does not discuss state, local or foreign income tax consequences or address estate or gift tax consequences relating to the Plan's operation. Participants are urged to consult with their tax advisors with regard to their participation in the Plan.

No taxable income is realized by a Participant upon the grant or exercise of an ISO. If shares of common stock are issued to a Participant pursuant to the exercise of an ISO and if no disqualifying disposition of such shares is made by the Participant within two years after the date of grant or within one year after the receipt of such shares by the Participant, then: (i) upon the sale of such shares, any amount realized in excess of the exercise price will normally be taxed to the Participant as a long-term capital gain, and (ii) no deduction will be allowed to Franklin Financial. Additionally, the excess of the fair market value of the common stock received upon exercise of an ISO over the exercise price therefor will give rise to an item of tax preference in the year of exercise that may result in alternative minimum tax liability for the Participant.

If shares of common stock acquired upon the exercise of an ISO are disposed of prior to the expiration of either holding period described above, such disposition would be a "disqualifying disposition" and generally: (i) the Participant will realize ordinary income in the year of disposition in an amount equal to the excess, if any, of the fair market value of the shares on the date of exercise (or, if less, the amount realized on the disposition of the shares) over the Option exercise price, and (ii) Franklin Financial will be entitled to deduct such amount. Any other gain realized by the Participant on such disposition will be taxed as short-term or long-term capital gain and will not result in any deduction to Franklin Financial.

If a Participant pays the exercise price in full or in part with previously owned shares of common stock, the exchange will not affect the tax treatment of the exercise. Upon such exchange, no gain or loss generally will be recognized upon the delivery of the previously owned shares to Franklin Financial

Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

and the shares issued in replacement of the shares tendered to pay the exercise price will have the same basis and holding period for capital gains tax purposes as the previously owned shares. A Participant, however, would not be able to utilize the holding period for the previously owned shares for purposes of satisfying the ISO statutory holding period requirements. Additional shares of common stock will have a basis of zero and a holding period that commences on the date the common stock is issued to the Participant upon exercise of the ISO.

Based upon recent Internal Revenue Service pronouncements, effective January 1, 2003, payroll taxes may have to be withheld upon the exercise of an ISO, unless such pronouncement is modified or otherwise overruled by legislation.

Termination of Options on Liquidation, Merger or Sale of Assets

All unexercised Options which are then outstanding under the Plan will terminate upon a liquidation or dissolution of Franklin Financial, a merger or consolidation in which Franklin Financial is not the surviving or resulting corporation, or a sale of all or substantially all of the assets of Franklin Financial, except to the extent that another corporation assumes and continues the Options or substitutes its own Options under the terms of the transaction involved.

Amendment, Suspension, or Termination of the Plan; Share and Option Adjustment

The Plan has a term of ten years and will terminate on March 7, 2012, subject to earlier termination or amendment by the Board of Directors. The Board of Directors may terminate, amend, modify or suspend the Plan at any time and from time to time to ensure that Options granted under the Plan conform to any changes in the law or for any other reason the Board determines to be in the best interests of Franklin Financial. Modifications or amendments to the Plan are not required to be approved by the shareholders of Franklin Financial, except to the extent required by certain state or federal law, or by exchange-related rules. No termination, modification or amendment of the Plan, without the consent of the Participant to whom an Option has previously been granted, may adversely affect such Participant's rights under such Option.

In the event of any change in Franklin Financial common stock by reason of any stock dividend, stock split, reverse stock split, recapitalization, combination or exchange of shares, merger, consolidation or similar action, appropriate adjustment will be made to: (i) the number of shares authorized to be issued under the Plan, (ii) the number of shares into which outstanding Options may be converted upon exercise, (iii) the exercise price of outstanding Options, and (iv) such other terms as are appropriate under the circumstances. In addition, the Board of Directors may in its discretion make similar changes to outstanding Options in other circumstances where such changes are deemed to be equitable.

5.2 Certain Option Limitations. Notwithstanding any other provision of the Plan to the contrary, an individual who owns more than ten percent of the total combined voting power of all classes of outstanding stock of the Corporation shall not be eligible for the grant of an Option unless the special requirements set forth in Sections 6.1 and 7.1 are satisfied. For purposes of this section, in determining stock ownership, an individual shall be considered as owning the stock owned, directly or indirectly, by or for his brothers and sisters (whether by the whole or half blood), spouse, ancestors and lineal descendants. Stock owned, directly or indirectly, by or for a corporation, partnership, estate or trust shall be considered as being owned proportionately by or for its shareholders, partners or beneficiaries. Edgar Filing: FRANKLIN FINANCIAL SERVICES CORP /PA/ - Form DEF 14A

Option granted to any individual described in Section 5.2. The exercise price shall be subject to adjustment as provided in Article 9.

The aggregate fair market value (determined as of the date an Option is granted) of the Common Stock with respect to which Options are exercisable for the first time by any individual in any calendar year (under the Plan and all other plans maintained by the Corporation and Subsidiaries) shall not exceed \$100,000.

6.3 Determination of Fair Market Value. For purposes of the Plan, the fair market value of the Common Stock shall be determined as follows:

(a) Exchange Traded. In the event that the Common Stock is listed on an established stock exchange, the fair market value per share shall be the closing sale price of the Common Stock on such exchange on the applicable date or, if no sale of Common Stock occurred on that day, on the next preceding day on which a sale occurred.

(b) NASDAQ Listed. In the event that the Common Stock is not listed on an established stock exchange, but is then quoted on the NASDAQ National Market, the fair market value per share shall be the closing sale price of the Common Stock on the NASDAQ National Market on the applicable date or, if no sale of Common Stock occurred on that day, on the next preceding day on which a sale occurred.

(c) OTC Traded. In the event that the Common Stock is not listed on an established stock exchange and is not quoted on the NASDAQ National Market, the fair market value per share shall be the average of the average of the closing bid and asked quotations of the Common Stock for the five trading days immediately preceding the applicable date as reported by two brokerage firms to be selected by the Committee which are then making a market in the Common Stock, except that if no closing bid or asked quotation is available on one or more of such trading days, fair market value shall be determined by reference to the five trading days immediately preceding the applicable date on which closing bid and asked quotations are available.

(d) Other. In the event that the Common Stock is not listed on an established stock exchange, is not quoted on the NASDAQ National Market and no closing bid and asked quotations are available, or that the fair market value per share cannot otherwise be determined as contemplated above, then fair market value per share shall be determined in good faith by the Committee.

6.4 Transferability of Options. An Option granted hereunder shall not be transferable other than by will or the laws of descent and distribution, and such Option shall be exercisable, during the Optionee's lifetime, only by him or her.

ARTICLE 7. TERM, VESTING AND EXERCISE OF OPTIONS

7.1 Term and Vesting. Each Option granted under the Plan shall terminate on the date determined by the Committee and

specified in the relevant Agreement; provided, however, that (i) each Option (other than an Option described in Clause (ii)) shall terminate not later than ten years after the date of grant, (ii) each Option granted to an individual described in Section 5.2 shall terminate not later than five years after the date of the grant. Each Option granted under the Plan shall be exercisable in whole or in part (i.e., become vested) only after the earlier of the date on which (i) the Optionee has completed such period of continuous employment (not less than six months) with the Corporation or a Subsidiary immediately following the date of the grant of the Option as may be specified in an Agreement, or (ii) unless otherwise provided in an Agreement, a Change in Control occurs.

7.2 Exercise.

(a) Subject to the provisions of Article 8, an Option may be exercised only during the continuance of the Optionee's employment.

(b) A person electing to exercise an Option shall give written notice to the Corporation of such election and of the number of shares he or she has elected to purchase, in such form as the Committee shall have prescribed or approved, and shall at the time of exercise tender the full exercise price of the shares he or she has elected to purchase. The exercise price shall be paid in full, in cash, upon the exercise of the Option; provided, however, that in lieu of cash, if permitted in the relevant Agreement, an Optionee may exercise an Option by tendering to the Corporation shares of Common Stock owned by him or her and having a fair market value equal to the cash exercise price applicable to the Option (with the fair market value of such stock to be determined in the manner provided in Section 6.3) or by delivering such combination of cash and such shares as equals the amount of such exercise price. Notwithstanding the foregoing, Common Stock acquired pursuant to the exercise of an Incentive Stock Option may not be tendered as payment unless the holding period requirements of Code Section 422(a)(1) have been satisfied, and Common Stock not acquired pursuant to the exercise of an Incentive Stock Option may not be tendered as payment unless it has been held, beneficially and of record, for at least six months (or, as may from time to time be determined by the Committee, such longer time as may be required by applicable securities law or accounting principles to avoid adverse consequences to the Corporation or a Participant).

(c) A person holding more than one Option at any relevant time may, in accordance with the provisions of the Plan, elect to exercise such Options in any order.

ARTICLE 8.

EXERCISE OF OPTIONS FOLLOWING TERMINATION OF EMPLOYMENT

8.1 Death or Total and Permanent Disability. In the event of termination of an Optionee's employment due to death or being "disabled" (within the meaning of Code Section 22(e)(3)), his or her Option shall lapse at the earlier of (a) the expiration of the term of the Option, or (b) one year after termination due to such a cause.

8.2 Termination For Cause. In the event of an Optionee's termination of employment "for cause," his or her Option shall lapse on the date of such termination. Termination "for cause" shall mean the Optionee was terminated after:

(a) any government regulatory agency recommends or orders in writing that the Corporation or a Subsidiary terminate the employment of the Optionee or relieve him or her of his or her duties;

(b) the Optionee is convicted of or enters a plea of guilty or nolo contendere to a felony, a crime of falsehood, or a crime involving fraud or moral turpitude, or the actual incarceration of the Optionee for a period of 45 consecutive days;

(c) the Optionee willfully fails to follow the lawful instructions of the Board after receipt of written notice of such instructions, other than a failure resulting from the Optionee's incapacity because of physical or mental illness;

(d) a finding is made by the Board that such termination is otherwise in the best interest of the Corporation.

8.3 Other Termination. In the event of an Optionee's termination of employment for any reason other than described elsewhere in this article, his or her Option shall lapse at the earlier of (i) the expiration of the term of the Option, or (ii) three months after such termination.

ARTICLE 9. ADJUSTMENT PROVISIONS

9.1 Share Adjustments.

(a) In the event that the shares of Common Stock of the Corporation, as presently constituted, shall be changed into or exchanged for a different number or kind of shares of stock or other securities of the Corporation, or if the number of such shares of Common Stock shall be changed through the payment of a stock dividend, stock split or reverse stock split, then (i) the shares of Common Stock authorized hereunder to be made the subject of Options, (ii) the shares of Common Stock then subject to outstanding Options and the exercise price thereof, and (iii) the nature and terms of the shares of stock or securities subject to Options hereunder shall be increased, decreased or otherwise changed to such extent and in such manner as may be necessary or appropriate to reflect any of the foregoing events.

(b) If there shall be any other change in the number or kind of the outstanding shares of the Common Stock of the Corporation, or of any stock or other securities into which such Common Stock shall have been changed, or for which it shall have been exchanged, and if a majority of the members of the Board shall, in its sole discretion, determine that such change equitably requires an adjustment in any Option which was theretofore granted or which may thereafter be granted under the Plan, then such adjustment

shall be made in accordance with such determination.

(c) The grant of an Option pursuant to the Plan shall not affect in any way the right or power of the Corporation to make adjustments, reclassifications, reorganizations or changes of its capital or business structure, to merge, to consolidate, to dissolve, to liquidate or to sell or transfer all or any part of its business or assets.

9.2 Corporate Changes. A liquidation or dissolution of the Corporation, a merger or consolidation in which the Corporation is not the surviving Corporation or a sale of all or substantially all of the Corporation's assets, shall cause each outstanding Option, if not exercised, to terminate, except to the extent that another corporation may and does, in the transaction, assume and continue the Options or substitute its own options.

9.3 Fractional Shares. Fractional shares resulting from any adjustment in Options pursuant to this article shall be rounded down to the nearest number of whole shares.

ARTICLE 10. GENERAL PROVISIONS

10.1 Effective Date. The Plan shall become effective upon its adoption by the Board (March 7, 2002), provided that any grant of an Option is subject to the approval of the Plan by the shareholders of the Corporation within 12 months of adoption by the Board.

10.2 Termination of the Plan. Unless previously terminated by the Board, the Plan shall terminate on, and no Option shall be granted after, the day immediately preceding the tenth anniversary of its adoption by the Board.

10.3 Limitation on Termination, Amendment or Modification.

(a) The Board may at any time terminate, amend, modify or suspend the Plan, provided that, without the approval of the shareholders of the Corporation, no amendment or modification shall be made solely by the Board which:

(i) increases the maximum number of shares of Common Stock as to which Options may be granted under the Plan;

(ii) changes the class of eligible Participants;
or

(iii) otherwise requires the approval of shareholders under applicable state or federal law, or by exchange-related rules.

(b) No amendment, modification, suspension or termination of the Plan shall in any manner affect any Option theretofore granted under the Plan without the consent of the Participant or any person validly claiming under or through the Participant.

10.4 No Right to Grant of Option or Continued Employment. Nothing contained in this Plan or otherwise shall be construed

to (a) require the grant of an Option to an individual who qualifies as an Officer, or (b) confer upon a Participant any right to continue in the employ of the Corporation or any Subsidiary or limit in any respect the right of the Corporation or of any Subsidiary to terminate the Participant's employment at any time and for any reason.

10.5 Withholding Taxes. The Corporation will require, as a condition to the exercise of an Option where sufficient funds are not otherwise available, that a Participant (or other relevant person) pay or reimburse to it any withholding taxes at such time as withholding is required by law.

10.6 Listing and Registration of Shares.

(a) No Option granted pursuant to the Plan shall be exercisable in whole or in part, and no share certificate shall be delivered, if at any relevant time a majority of the Board shall determine in its discretion that the listing, registration or qualification of the shares of Common Stock subject to an Option on any securities exchange or under any applicable law, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, such Option, until such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Board.

(b) If a registration statement under the Securities Act with respect to the shares issuable under the Plan is not in effect at any relevant time, as a condition of the issuance of the shares, a Participant (or any person claiming through a Participant) shall give the Committee a written statement, satisfactory in form and substance to the Committee, that he or she is acquiring the shares for his or her own account for investment and not with a view to their distribution. The Corporation may place upon any stock certificate for shares issued under the Plan such legend as the Committee may prescribe to prevent disposition of the shares in violation of the Securities Act or other applicable law.

10.7 Gender; Number. Words of one gender, wherever used herein, shall be construed to include each other gender, as the context requires. Words used herein in the singular form shall include the plural form, as the context requires, and vice versa.

10.8 Applicable Law. Except to the extent preempted by federal law, this Plan document, and the Agreements issued pursuant hereto, shall be construed, administered and enforced in accordance with the domestic internal law of the Commonwealth of Pennsylvania.

10.9 Headings. The headings of the several articles and sections of this Plan document have been inserted for convenience of reference only and shall not be used in the construction of the same.
