The Reporting Person acquired, on behalf of AJR, Cambrian Fund, the Managed Accounts, the Plan and Mr. Roepers (including immediate family members of Mr. Roepers), and continues to hold, the Shares reported in this Schedule 13D for investment purposes. The Reporting Person intends to evaluate the performance of the Shares as an investment in the ordinary course of business. The Reporting Person pursues an investment objective that seeks capital appreciation. In pursuing this investment objective, the Reporting Person analyzes the operations, capital structure and markets of companies in which the Reporting Person's clients invest, including the Issuer, on a continuous basis through analysis of documentation and discussions with knowledgeable industry and market observers and with representatives of such companies.

The Reporting Person will continuously assess the Issuer's business, financial condition, results of operations and prospects, general economic conditions, the securities markets in general and those for the Shares in particular, other developments and other investment opportunities. Depending on such assessments, the Reporting Person may acquire additional Shares or may determine to sell or otherwise dispose of all or some of the Shares presently held by AJR, Cambrian Fund, the Managed Accounts, the Plan and Mr. Roepers (including immediate family members of Mr. Roepers) in the open market or in private transactions. In addition, the Reporting Person has sole dispositive and voting power over the 4,900 Shares that may be deemed to be beneficially owned by Mr. Roepers. Mr. Mark A. Angelson
Chief Executive Officer
R.R. Donnelley & Sons Company

Dear Mark:

I am writing you to reiterate our December 8, 2005 proposal (see attached letter) to R.R. Donnelley & Sons (RRD) for a \$1 billion share repurchase, with the intent to complete the repurchase promptly through open market and negotiated transactions. For \$1 million to \$3 million of after-tax cash costs, you can add 10% to RRD's earnings per share over and above RRD's currently projected earnings growth (see attachment).

In the response to our proposal, you agreed with our suggestion that management should be seen as proactive in enhancing shareholder value along all possible avenues.

Over the past seven weeks, despite further weakness in RRD shares, there has been no publicly-announced action on this highly compelling and timely proposal. While we share a keen interest in enhancing value for all RRD shareholders, we appear to have a different sense of urgency as it relates to acting on the opportunity created by the combination of RRD's weak share price, low borrowing

cost, generous dividend yield and solid balance sheet.

Your and your team's hard work over the past two years to integrate RRD and Moore Wallace, improve earnings and redirect the business portfolio to higher margin and growth areas is impressive, and we remain highly supportive of these efforts.

Now is the time to leverage the fruits of all this hard and smart labor over 186 million shares outstanding, instead of the current 217 million shares, achieving much enhanced value for all RRD shareholders.

Sincerely,

Alexander J. Roepers
President

Mr. Mark A. Angelson
 Chief Executive Officer
 R.R. Donnelley & Sons Company

Edgar Filing: DONNELLEY R R & SONS CO - Form SC 13D

Dear Mark:

As one of R.R. Donnelley & Sons' (RRD) largest shareholders with almost 10 million shares (representing a 4.6% ownership stake), we share with you and the Board of Directors a keen interest in ensuring that RRD achieves sustainable growth of shareholder value for all RRD shareholders.

Pursuant to my meeting of today with RRD's Chief Financial Officer Glenn Richter as well as our recent conversations, I am writing you to underscore our contention that a unique and opportune time has arrived to consider a large share repurchase. We see the combination of a weak share price, low interest rates, a relatively high dividend yield and an already well-balanced portfolio of businesses (arguably reducing the immediate need for another large acquisition) as contributing to the timeliness of a large share repurchase.

We therefore strongly urge you and the Board of Directors to authorize a \$1 billion share repurchase, with the intent to complete the repurchase promptly through open market and negotiated transactions.

The proposed \$1 billion share repurchase would add more than 9% to RRD's earnings per share growth in the coming year with negligible after-tax cash cost. Please see the attached for details. In addition to increasing earnings per share, this action is likely to result in a higher P/E multiple for RRD shares as management will be seen as more proactive in enhancing shareholder value along all possible avenues. Importantly, RRD would maintain a solid balance sheet with ample flexibility to pursue its capital spending and acquisition plans.

I appreciate your and the Board of Directors' time and attention to this matter.

Sincerely,

Alexander J. Roepers
President
